Council Appoints Committee to Deal With Local Transportation Problem.

PAVING PASSES

Board of Works' Programme Approved Except Specification of Cement.

The paving programme agreed on at the meeting of the Board of Works was passed at last night's meeting of the City Council, but not until determined attempts to remove Rubidge Street, and to add curbing and drains for Weller Street had been made. Motions and amendments were thick when the report of the Board of Works was under consideration, and then all were wiped out for a fresh start on the arrival of Alderman Fife, chairman of the Board, who had been delayed. After the matter had been thoroughly discussed a motion by Aldermen Fife and Ackerman that the report be taken as read except that the specification of cement pavement be removed, was adopted.

Alderman Turner read the report in Alderman Fife's absence, and Aldermen MacDonald and Ackerman moved that it be adopted. Alderman Hancock moved that the clause calling for pavements on Rubidge Street, south of Charlotte, and on Reid Street, north of McDonnel, be struck out. He had no seconder.

Alderman Denne suggested that Rubidge Street be left out and that Weller Street and Homewood Avenue be included, so that curbing and drainage work might be done this year. Alderman Phelan said that these could be added as there would be other steps to take before the Council would be finally committed to the work.

Alderman Ackerman then withdrew from seconding the motion of adoption and Alderman Turner moved another amendment that the words "with cement" be struck from the clause. Alderman Greene questioned the advisability of planning work for future councils, and urged that streets traversed by 'buses should have first consideration.

Pave 'Bus Lines.

Mayor Holloway said that paving should be done in residential districts only on those streets used by the 'buses, and that Rubidge, as a residential street, should not be paved until after Aylmer Street had a permanent surface. He favored the work on Reid Street to the city boundary, as it led to one of the most important roads entering the city. The money that the city as a whole would spend on Rubidge Street could be used for the purchase of a proper mixer so that the city's own men could do the work.

Aldermen Ackerman and MacDonald supported paving for Rubidge Street on the ground that it was the main thoroughfare leading from the south-west portion of the city, and was heavily travelled, while the City Engineer said that work on Aylmer Street could not be done until a new sewer had been laid.

Alderman Hancock said that there had been no petition for any of this work, and that it seemed as if the Aldermen were looking for places to spend money, forgetting the economy planks on which they had been elected. The work, he claimed, was not needed. Alderman Ackerman said that the paving of heavily travelled streets was economy, and Alderman Hancock said that with a gravel foundation such as is found in most of the city there was no need for many pavements.

Alderman Denne spoke of the heavy traffic to Chemong, which passed along Reid Street, while Alderman Greene counselled waiting for the final decision about the 'buses. Alderman Cotton questioned the need of paving on Weller Street once the storm drain reached that far, which is expected to be next year, and the City Engineer said that macadam would be strong enough unless the 'bus kept on running on that street.

Alderman Fife advised making a start with one street anyway, as a beginning on a programme of paving, and the Mayor suggested Reid Street. Alderman Fife suggested leaving out Weller Street, on the ground that if there were too much included, the Council would not pass the by-law. He and Alderman Ackerman moved that the report be adopted, less the words, "with cement," and Aldermen Hancock, Greene, Cotton and the Mayor voted against it, the other six present voting for it.

'Bus Franchises.

The Mayor, with Aldermen Cotton, Phelan, Fife and MacDonald,

MALE VOICE CHOIR TO BE BROADCASTED

At the request of numbers of citizens the officers and members of the Male Voice Choir have finally arranged to broadcast their concert from St. Paul's Church on Wednesday, May 19th. The final local cost has been greatly reduced from the original estimate and is now fixed at $105.00.

Not only will the program be pleasing to listeners-in, and particularly so to former Peterborough citizens but it will be a wonderful advertisement for Peterborough wherever heard.

The Peterborough Male Voice Choir is one of Canada's premier musical organizations. Subscriptions will be received by the Examiner or any member of the organization. Subscriptions already received are as follows. Please telephone your subscription as soon as possible.

VOCALISTS TO ASSIST.

DOROTHY ALLAN PARK IS ARRANGING THE VOCAL PART OF THE PROGRAMME FOR SYMPHONY ORCHESTRA CONCERT IN CONSERVATORY HALL TO-MORROW (WEDNESDAY) EVENING MRS. H. F. DOIG, BERTHA HILL AND DAISY MURRAY ARE THE SOLOISTS. MR. GLIDDON HAS THE ORCHESTRA IN FINISHED CONDITION. HELP CELEBRATE NATIONAL MUSIC WEEK BY CROWDING THE HOUSE. SILVER COLLECTION.

THE WEATHER.

Temperature last night 24 degrees, or eight degrees of frost, and ice so thick it required considerable force to break—and this the fourth day of May! From 81 degrees on Sunday to 24 degrees this morning is a drop of 57 degrees. Nineteen years ago this morning or on the 4th of May, 1907, we had a fall of snow to the depth of between six and seven inches. Sufficient fell to make good sleighing, and the snow plow contractors were out in force. Those older in years will remember that the trees were in leaf, although perhaps not fully, and that the wet clinging snow on the newly leafed trees made a beautiful and very unusual spectacle. Fred Roy had a number of views of scenes in Inverlea Park later in the day. By evening most of the snow had disappeared. There is an old superstition that the water from May snow is a panacea for sore eyes. Much eye water was bottled on that occasion, and I have heard of some who have some still preserved, and it is as clear as crystal yet and has lost none of its efficacy, it is claimed.—W. P.

Millions of Men Cease Work While Crowd Sings "Red Flag" And Saklatvala Is Arrested

Big Ben Booms Fateful Midnight Hour Over Scenes Unparallelled in British History — Government Remains Firm in Face of Challenge — Emergency Measures Taken.

POLICE BREAK UP DEMONSTRATION; TRAFFIC REMAINS TIED UP ALL DAY

Strike Breakers Being Hired By Railways To Maintain Service—Tourists Are Fleeing From England in Hundreds, Reminiscent of War Days of 1914.

LONDON, May 4 (Canadian Press).—Great Britain today felt the grip of Labor's might. At midnight millions of workers under the aegis of the Trades Union Congress quit their labors in the struggle to enforce the coal miners' stand against lower wages and increased hours.

By noon the streets of the capital were a maelstrom of milling pedestrians and crawling motor vehicles with unaffected workers striving to get to their places of business, while in some places radical strike sympathizers sought to turn them back.

The beginning of the strike had a dramatic setting in London.

Large crowds had gathered about Parliament Houses and in Whitehall, where they whiled away their time singing the "Red Flag."

Big Ben boomed out 12.

A man clinging to the railing of the House of Parliament yelled hoarsely "Comrades. The hour has struck."

Then the great mass of people began to swerve and eddy into a procession which started toward the west end.

Near the Treasury, the police seized a red flag and there was a brief unsuccessful struggle to recover it. Then the marchers passed through Trafalgar Square to Regent Street and Picadilly to Hyde Park corner. Finding the great park closed, they continued through quiet back streets.

Suddenly, in Eaton Square, the police escort turned and scattered the marchers. Some of the men fell in their flight others were chased by the bobbies, and then the demonstration broke up.

While the tieup of traffic continued throughout the city and many expressed apprehension as to the outcome of the great struggle, efforts were continuing toward a settlement.

The General Council of the Trades Union Congress met during the morning in Eccleston Square, and left shortly after one o'clock for the House of Commons.

Former Premier Ramsay Macdonald, J. H. Thomas, Secretary of the National Union of Railwaymen; Arthur Henderson, Home Secretary in the Macdonald Labor Government; Herbert Smith, Vice President of the Miners' Federation, and A. J. Cook, his chief, participated in the conference. He declared no statement would be forthcoming before late in the afternoon.

The executive committee of the Miners' Federation was summoned to the House of Commons to participate, it is believed, in a conference with the Trades Union Council.

Hire Strike Breakers.

LONDON, May 4. — (Canadian Press).—Strike breakers are being hired by the Southern and Great Western Railways in order to maintain their service interrupted by the general strike. The Southern Railway, which operates an extensive suburban service, expects to open a half-hour service on some of its lines this evening. Other railways announced that they are making every effort to increase as rapidly as possible their emergency service which is being operated by a few employees who refused to obey the general strike order.

Railways Inactive.

LONDON, May 4. Canadian Press. —Virtually all forms of industry were at a standstill to-day in the first general strike in the history of the British Isles. Millions of workers were facing their first day without wages; just how many it is impossible to estimate at present, for besides the actual strikers called out by the Trades Union Congress at midnight last night thousands of non-strikers have been thrown out of work through inability of their concerns to function.

Health and food services are continuing partly because of provision made by the Trades Union Congress, and partly through the great government organization formed for the transportation of food stuffs and other necessaries of life so that there may be a minimum of suffering.

Apart from emergency trains scarcely a wheel is turning on the great network of railways.

Tramways, buses and other normal forms of transports have ceased operations. Coal, iron and allied industries have closed down. Workers supplying gas and electricity for power purposes are idle and all buildings, other than for hou.. g and hospital work are stopped.

Even newspapers as a whole were silent this morning and the country therefore will be dependent on radio for news.

All roads leading into London were filled with a solid stream of motor cars of every description and of every vintage, including pre-war machines. Thousands of persons pedalled also amid the motor traffic on bicycles, and tandems, charabanks and motor lorries joined the procession and with all came a great army of workers getting to their jobs on "shank's mare."

Old and young, many of them women and girls, trudged toward their offices and shops. Some of the pedestrians had covered many miles.

Reinforced police squads worked as they rarely had worked before to keep traffic untangled and crawling. And a crawl was the best it could do.

The largest government ammunition factory in Great Britain, Woolwich Arsenal, became involved in the strike, when the workers failed to report for duty. Pickets were thrown about the arsenal and as a precautionary government placed troops were inside it.

Just how many workers are affected by the strike has not been definitely ascertained but the estimates run from 2,500,000 upwards to around 4,000,000.

The trades immediately involved by the calling out of men are railwaymen, railway clerks, builders, transport workers, seamen, printers, iron workers and electricians.

Rejoicing in Wales

LONDON, May 4 (Canadian Press)—In Hull, the strike was complete, tying up all trains and docks.

In South Wales, stoppage of work was general, with none of the vital services functioning. News of the general strike was received with enthusiasm in Abertillery, in the heart of the Welsh mining district where hundreds of miners marched through the streets singing the "Reg Flag." In Glasgow and Clydeside workers came out en-masse as soon as the strike was announced. No newspapers are being issued there, but the shipyards are continuing work.

Groups of unemployed gathered throughout central London, calmly watching the traffic congestion and discussing the strike which descended upon the city with such unexpected severity.

Lack of newspapers lent color to all sorts of rumors, but the crowds stood about everywhere, commenting on the situation in typical British manner.

Pubs Are Crowded

Public houses are already so crowded throughout London that there are rumors the government may close them. In many places the bar-maids are unable to serve the majority of their would-be customers who jam the pubs in such numbers that they cannot move about.

In traffic tie-ups all over the city, brewery wagons loaded with beer are seen oftener than any other commercial vehicles.

The River Thames, ordinarily one of the busiest thoroughfares in central London, is deserted. Barges everywhere are lying at anchor, dredges have stopped work, Excursion boats to Hampton Court and other resorts are all tied up at their docks and the only stacks on the river showing smoke are those of the harbor masters' tiny boats which patrol the wharves from London bridge to Westminster bridge.

Labor Satisfied

The British general strike is complete in every respect, it was officially announced at Labor headquarters this evening. Union officials said reports reaching headquarters all surpassed expectations.

Volunteers Help

Volunteers are running a few trains, trams and buses, but beyond these scarcely a wheel is turning throughout the country.

Theatres Closed

Seven large theatres in the west end of London have already closed for the period of the strike.

Saklatvala Bound Over

Shapurji Saklatvala, Communist M.P., arrested on a sedition charge, appeared in Bow Street Court this morning and was remanded after being bound over with sureties to keep the peace.

Leave England

CHERBOURG, France, May 4 (Canadian Press). — One hundred passengers from England disembarked here today.

No Order Paper

LONDON, May 4 (Canadian Press).—For the first time in Parliamentary memory no Order Paper was available for the members when the House of Commons assembled today. The printers had joined other workers in the general strike.

Put Down Sedition

An order in council issued today under the Emergency Powers Act permits the police to enter any premises to search for or seize any documents of seditious nature.

BELFAST, May 4 (Canadian Press)—The Ulster people are returning home in large numbers from England to avoid the strike.

Shipping Hit

LONDON, May 4 (Canadian Press)—Shipping has already been hit by the strike. Channel services are greatly curtailed. A meeting of the Seamen's Union was called for this afternoon to decide whether its men should join the strike.

Seeking Settlement

LONDON, May 4 (Canadian Press)—House of Commons was again considering the strike situation today and the miners' executive and the council of the Trades Union Congress were meeting in an effort to find a basis of settlement.

Tourists Flee

LONDON, May 4 (Canadian Press)—Tourists are fleeing before the general strike as birds before a storm. Aeroplanes to France are loaded and the highways are crowded with loaded charabancs heading for the channel ports.

Call for Strike Breakers

LONDON, May 4 (Canadian Press))—Various London transportation companies have broadcasted a call for volunteers to break the transportation strike.

Lloyd's Busy

LONDON, May 4 (Canadian Press)—Lloyd's was one of the busiest concerns in London today, many companies taking out insurance to protect themselves in the event of damage to their property through rioting.

Continent Restive

PARIS, May 4 (Canadian Press) —The British General Strike has had strong reverberations on the continent where organized labor as a whole has shown indications to support British tsrikers.

Circulate Manifesto

ROTTERDAM, May 4 (Canadian Press) — Transport workers have distributed a manifesto asking dock workers not to load coal for Britain.

Like Early War Days.

LONDON, May 4 (Canadian Press).—Tourists in England fled before the general strike as birds before the storm. Every available aeroplane was filled to-day with passengers for Paris, and charabancs left in flotillas for the Channel ports, carrying tourists who were unable to leave England yesterday because of the inability of the railroads to provide enough trains to carry the rush.

The White Star Line announced to-day that the liner Majestic would sail for New York to-morrow as scheduled. Most of the Majestic's passengers left yesterday for Southampton, and were accommodated over night aboard ship as the hotels were packed. Belated passengers are leaving this afternoon.

United States lines have made special arrangements for passengers from the Leviathan due at Southampton from New York on Thursday. Charabancs have been provided, and these will carry more than 500 passengers to London.

Belated North America tourists are struggling into travel agencies in London and wiring or telephoning frantically from all parts of Scotland and England, trying to make arrangements to get to the Continent.

It suggests somewhat the rush in the early days of the war, but then the crowds were fleeing from France and Germany. Also now Tourists have money and there is not the financial stringency which caused the banks to refuse letters of credit when the war opened.

Some English people have joined the foreigners in applications for transportation to Channel ports and the roads from London to Southampton, Folkstone, and New Haven are lined with packed motor 'buses.

The Last Hours

The last hours before the general strike call went forth were anxious ones. Thousands of citizens assembled in Parliament Square and the adjoining streets, while within the House the Ministers of the Crown and former Ministers representing Labor, battled in support of their respective contentions.

Premier Baldwin scored the Labor leaders on the ground that, in ordering a general strike, they were threatening the basis of orderly government and were nearer to proclaiming a civil war than Great Britain has been for centuries.

Ramsay MacDonald, Labor leader, said the country faced a situation whose end and evolution not even the keenest observer could visualize.

Winston Churchill, Chancellor of the Exchequer, asserted that if this conflict were fought out to its conclusion it could only mean the end of parliamentary government or its decisive victory.

Although the Government has made preparations, backed by thousands upon thousands of volunteers, to continue what are known as the vital services, the distribution of bread and milk for children, and for the continuance, as far as possible, of means of transport, and big places of business and corporations have arranged to provide sleeping and eating quarters for their employees, so that the necessity of returning home by day or night will be obviated, there is certain to be a tremendous tieup in all the big cities and an immediate cessation of many forms of labor dependent upon the greater industries comprised in the Trades Union Congress. Troops have already been sent to various sections where disturbances are most to be feased.

Like July, 1914.

The scenes at Westminster were reminiscent of July, 1914. Downing Street was completely impassable, and the crowds lining both sides of Bridge Street leading to the Houses of Parliament, and Parliament Square itself, were estimated at many thousands, silently but anxiously watching the comings and goings of the members of Parliament and other prominent personages.

A. J. Cook, secretary of the Miners' Federation, on leaving the precincts of the House shortly before midnight, said to the newspapermen: "They have failed; the general strike is on."

Similar scenes were witnessed around the headquarters of the Trades Union Congress in Eccleston Square, which throughout the evening was besieged by volunteers offering their services. Late in the evening from the room where the Council was sitting came the strains of "Glory, Glory, Hallelujah," and the singing continued for several minutes.

Only Terms of Peace.

A. J. Cook, in a statement, said: "The Government right up to the last has taken the side of the owners and has interpretated the Royal Commission's report to mean an immediate reduction of wages for the miners. We have refused to accept and will continue to refuse, by the help of the whole trade movements.

"The only terms of peace that are possible are terms that will ensure the status quo for the miners in the coal fields while reorganization is taking place."

False Hope of Peace.

J. H. Thomas, secretary of the National Union of Railwaymen, last night hoisted what was regarded as a peace signal in the House of Commons at the conclusion of a strong anti-Labor speech by Right Hon. Winston Churchill.

Mr. Thomas asked Premier Baldwin whether Mr. Churchill's speech meant that if the notices of a general strike were withdrawn, the Government would procure withdrawal of the mine owners' lockout notices. He added that he did not expect an immediate answer by the Premier.

His question diverted attention from the debate in the House of Commons and the members trooped into the lobby to discuss whether it opened a new prospect for peace.

After asking this question, Mr. Thomas conferred with Attorney-General Hogg, and later met the miners' executives who were waiting in the House of Commons.

The speech of Chancellor Churchill to which Mr. Thomas had reference, said that in the interests of the whole nation, the Government was bound to face the position unflinchingly and resolutely to the end, and to do its duty, but no door was closed. The Trades Union Congress had only to withdraw the general strike notice and the Government would immediately resume with utmost patience its laborious task of the last few weeks to straighten out the miners' tangle.

Traffic Jammed.

Twelve hours after the great British general strike had gone into effect, traffic in London's streets was in a hopeless jam. The narrow thoroughfares of the capital were incapable of accommodating the unexpectedly heavy motor traffic caused by the cessation of service on tram lines, railways, underground, and regular bus lines, and many streets in the business centre were solidly packed.

Conditions in Piccadilly Circus, Trafalgar Square, Parliament Square and other points where traffic converges became so hopeless that passengers were forced to desert their taxicabs and motor cars and make their way to work on foot.

The general post office and other government services endeavored to move their employees in charabanks, but these were caught in the jams on Victoria Embankment, in Fleet St., the Strand and Regent and Piccadilly streets. Frequently cars were unable to move a mile in an hour.

The government's first news bulletin issued over wireless this morning, was a notification from the railway information bureau that the transport service for the supply of milk, was working according to schedule.

All the long distance milk and fish trains on the northern section of the Northeastern Railway and also the Western Railway, arrived on time.

Fourteen trains have been arranged for in the southern area to-day.

Reports from the provinces were meagre owing to the restricted news services but conditions similar to those in London obtained there.

Edinburgh, with the aid of volunteers maintained a skeleton service of tram cars and buses, and two evening newspapers continued to publish.

There was a remarkable response to the strike call in Manchester. All trains stopped. No trains are running and except for volunteer service the whole transport organization of the city is dead.

The principal Manchester stations were picketed shortly after midnight and no trains left for London.

The Manchester Guardian proposse to give the people the news in a small type-written sheet.

Violence at Docks.

LONDON, May 4 (Canadian Press).—The first approach to violence in the general strike came this morsing at the East and West India cargo docks, which are in the heart of the Communist district of London. Large bodies of men compelled innumerable vehicles to turn back, and some of the lighter vehicles were overturned. The attitude adopted toward those proceeding to work, even women and girls, was far from friendly. All work ceased on the docks.

Saklatvala Arrested.

Shapurji Saklatvala, the only Communist member of Parliament, was arrested to-day on a charge of

(Turn to Page 3, Please)

SHAPURJI SAKLATVALA
Communist M.P., for Battersea (London) who is held for seditious utterances.

British Leaders Express Opinions

SIR ALFRED MOND, M.P.

(Written for the United Press, Copyright, 1926.)

LONDON, May 4 (United Press).—This is no calamity, the British Government will win. You have had strikes in America, and you have always got through them. The general strike means more politically than industrially. The majority of those who support Labor are likely to say to the Labor leaders:

"You rushed us into this by your precipitate declaration of a general strike. We have no business dealing with you." During the entire length of the last hour negotiations, the Laborites were trying to crawl out of a most difficult position. They realized they had made a great mistake. The Government's firm attitude surprised them and they were unprepared for it. When, at the eleventh hour conference, the Government reasserted it could not continue unless the general strike was called off, the Laborites begged the Government to reconsider.

"I consider it of the utmost significance that the unions' finances are depleted at this time, and that they will, therefore, not be able to hold out for long. An early victory for the Government seems assured.

A. J. COOK

(By A. J. Cook, Secretary of the British Miners' Federation, written for the United Press, Copyright, 1926.)

LONDON, May 4 (United Press).—The British Government and the mine owners have united in this country to reduce the miners' wages and to lengthen their hours. Thus they have forced the greatest conflict in British history, for the miners will accept neither.

The consequence of this combination must inevitably be the nationalization of the mines. The organization of the entire Trades Union Congress movement is at key pitch and there is not the slightest possibility of any division in the ranks of British workers.

We are hoping for a short strike and a decisive victory.

RT. HON. GEORGE H. ROBERTS

TORONTO, May 4 (Canadian Press). — "The Government must not yield. If it does the country will be driven to bankruptcy." The Right Hon. Geo. H. Roberts, P.C., food controller of Great Britain during the big transportation strike in 1919, thus expressed his opinion last evening on the general strike that has been called in England.

"What the miners are demanding," he said, "is the right permanently to have wages maintained out of the public exchequer. That means that every section of the working classes is being taxed for the benefit of another section. Follow that up to its logical conclusion and the country will be driven to bankruptcy."

Mr. Roberts was fully alive to the seriousness of the present position, but felt that with the bulk of sane, middle class opinion behind it, the Government would carry the day, and that when the miners' leaders had accomplished the familiar process of "saving their faces," a solution would be put forward and accepted.

TRY A CLASSIFIED ADVERTISEMENT FOR SELLING.

FOR SALE—GAS STOVE, 4 BURNERS, oven, broiler; phone 1381. 3d-p

As a result of this advertisement Provincial Constable N. F. Maker sold his stove at six o'clock last night. Only one insertion used.

BANK LOOTED BY ARMED MEN

Detroit Branch Robbed of $9,000 By Three Bandits. REVOLVERS TAKEN.

DETROIT, May 4. — (Canadian Press).—One of three armed robbers guarded three customers, another herded four employees into the manager's office, and the third scooped up $9,000 at the branch of the People's State Bank late yesterday. The man who seized the money also took all of the revolvers from the tellers' cages.

A large amount of money had been removed from the branch to the main bank shortly before the robbery, and the police guard had just gone off duty.

AUTOS FROM U.S.A.

Big Shipment Reaches Winnipeg Dealers.

WINNIPEG, May 4.—In local railway yards there are one hundred and fifty thousand dollars' worth of Chevrolet cars. They were shipped from Jaynesville, Wis., for the western trade. The customs clearance papers were sent to Oshawa, where these cars have in the past been made for the Canadian trade. This is the first fruit of the recent tariff changes, according to local auto dealers. One local dealer asserted that he was just about ruined as a result of the Budget. Meantime an unusual demand for cars is reported all over the Prairies.

BRINGS OUT BODY.

Alaskan Pioneer Brings Wife's Remains 200 Miles Over Mountains.

NOME, Alaska, May 4.—(Canadian Press).—Duncan L. MacDonald, pioneer Alaskan miner, arrived here on Saturday with the body of his wife, after travelling 200 miles from Candle, Alaska, by dog train in six days over mountain passes and obliterated trails. The body is to be shipped to Hillsdale, Mich., the home of the woman's relatives.

ROBERT SCOTT GOES ON TRIAL

First of the Eight Charges Against Him is One of Robbery.

MURDER FOLLOWS.

CHICAGO, May 4 (Canadian Press).—Robert Scott went on trial for robbery here yesterday. Scott is under indicement for the slaying of Joseph Maurer, a drug clerk. His brother, Russell Scott, formerly a prosperous Canadian business man, was convicted of the murder of Maurer and sentenced to be hanged, but escaped the nooze on a last minute plea of insanity. The robbery charge is the first of eight which will be brought against Robert. After the robbery trials he will be tried for the murder.

DROWNED AT NAPANEE.

William Glenn, Prominent Citizen, Falls Into River.

KINGSTON, May 4 (Canadian Press).—William Glenn, a prominent resident of Napanee, fell into the river there on Saturday and was drowned. He had been in failing health for some time, and it is believed that he sat down by the river to rest and accidentally fell into the water. The body was recovered. The deceased was 55 years of age.

LINDSAY MINISTER HONORED IN DEATH

Rev. W. H. Barraclough, Who Died in Kitchener, Buried Monday.

PARRY SOUND, May 4 (Canadian Press).—A Finlander employed as C.P.R. lineman was instantly killed Monday at Parry Harbor bridge while stringing a new wire. It is supposed he was electrocuted and an inquest will be held on Wednesday. He leaves a wife, who lives in Sudbury.

BRITISH TRADES SUPPORT MINERS

(Contin from page one.)

making seditious speeches in Hyde Park on Sunday. He will be arraigned in Bow Street Police Court.

International Support.

AMSTERDAM, May 4 (Canadian Press).—Moudegeest, secretary of the International Federation of Trade Unions, embracing the unions of twenty-three countries, announces that the Federation will strongly support the British Trades Union Congress. He is of the opinion, however, that the British organization could hold out four or five weeks without Eurpean financial assistance, and he does not believe the strike will last longer than that.

German Miners to Help.

ESSEN, Germany, May 4 (Canadian Press).—The German Miners' Federation, in a manifesto yesterday, declares it will act strictly in accordance with the International Miners' agreement at Brussels, and prevent the transportation of coal from Germany to England during the British coal strike.

The Federation recommends that the miners refuse to work overtime and await further decisions of the Federation.

American Sympathy.

PITTSBURGH, May 4 (Canadian Press).—The Socialist party of America, at its national convention yesterday, adopted a resolution concerning the British strike situation, urging "American workers to render all aid that is possible to ensure the victorious conclusion of the struggle for the miners."

No Coal From France.

PARIS, May 4. — (Canadian Press).—Leaders of French mine workers, railroad men, and dock workers are planning to defeat any attempts which may be made to ship coal to England during the general strike. A joint meeting of the chiefs of the three unions has been called to decide on the measures to be taken.

The first signs of a crisis across the Channel observable in France have been an invasion of travellers, which is comparable to the Easter or Whitsuntide exodus from England.

Aid From Holland.

ROTTERDAM, May 4 (Canadian Press).—The Rotterdam Transport Workers' Federation yesterday distributed a manifesto to the dock workers and exporting men directing them not to assist in loading coal for Great Britain from to-day. They were also directed not to work vessels entering Nieuwaterweg for bunkering which vessels under normal conditions would have bunkered in British ports.

The manifesto urges the men not to enroll in British ships.

Sterling Exchange Down.

NEW YORK, May 4 (United Press).—The British general strike brought a further decline in the pound sterling at the opening of the foreign exchange trading here today. At $4.84 7-8 the pound was off half a point from last night's closing price and 1 1-8 lower than a week ago.

Other exchanges tended toward irregularity. French francs rose $.0000½ to $.0327½, while Belgian francs continued to drop, opening at $.0325½, of $.0003½.

Belgium Seeks Coal.

BRUSSELS, May 4 (United Press) —The Government to-day again authorized the importation of German coal, due to the British coal mine strike.

Financial Houses Open.

LONDON, May 4 (Canadian Press).—The financial sections of London started what business there was to do an hour or so late to-day owing to the congested streets, which delayed the staffs on the way to their offices. Even by noon many banks and insurance houses had only skeleton personnels working.

Prince Returning.

PARIS, May 4. — (Canadian Press).—The Prince of Wales, who has been at Biarritz, recovering from his recent aural operation, arrived in Paris this morning and went to Le Bourget Flying Field, where a special aeroplane was waiting to take him to London.

FOOTWEAR CHANGES.

Snake skin and alligator skin seem to have left the other animals out of the running when it comes to shoe leather. And kid models are more often than not banded with these mottled leathers, to compromise with the mode.

IT PAYS TO ADVERTISE.

AMEND DIVORCE ACT.

Equality of Sexes Before the Law Sought.

OTTAWA, May 4. Canadian Press —In the House of Commons Monday J. W. Ward (Progressive-Dauphin) introdcced a bill to amend the divorce act. Mr. Ward explained that the purpose of the proposed amendments was to establish equality as between man and wife in the matter of domicile with respect to divorce applications. The bill affects Manitoba, Saskatchewan and Alberta only.

ANTICOSTI TIMBER SOLD FOR $6,000,000

Wayagamack Pulp Company Purchase Is Confirmed.

QUEBEC, May 4. Canadian Press. —Confirmation has been obtained from government circles of the sale of the timbered section of the Island of Anticosti in the Gulf of St. Lawrence, by Senator Menier of France to the Wayagamack Pulk Company, of Three Rivers. The deal involves a transaction of $6,000,000. Wayagafack will exploit some three thousand square miles of timber limits and the output will be manufactured at the Three Rivers plant.

Senator Menier retains the rights on the west end of the island, where he has erected a chateau and has a permanent staff of two hundred people. He will also retain the fishing rights on the rivers of the island and has made provision to protect the game.

The Island of Anticosti has belonged to the Menier family since 1895, the present owner inheriting it from his brother, the French "Chocolate King."

The Wayagamack Company also become owners of the steamer Felureua, a new ship due to arrive this week from France to replace the Savoie, which has operated between the island and the mainland for a number of years.

SEARCH IN TORONTO FOR LINDSAY THIEF

Beatty & Stroud's Safe Robbed of $241.

LINDSAY, May 4.— A daring burglary was perpetrated on Saturday night or Sunday morning when the store of Beatty & Stroud was entered and the sum of $241 taken from the safe. The police have given out little information regarding the theft, but it is understood that it was committed by one who was familiar with the combination of the safe. It is further reported that the police have a strong clue, and that the arrest of a suspect is only a matter of hours. It has been learned that a young man, whose parents reside a short distance from here, and who was a former employe of the firm, has left the limits. He hired a local taxi driver to motor him to Toronto on Sunday, paying him handsomely for making the trip. A description of the suspect is in the hands of the Queen City authorities.

OBITUARY.

NORHAM, May 4 — The funeral services of the late James Ames, an aged and respected resident of Brighton township, who passed away on Sunday morning at the home of his son, Walter Ames, of Codrington, were held at his late residence on Tuesday afternoon at 2.00 p.m. and were conducted by his pastor, Rev. J. F. Everson, of Norham.

The late Mr. Ames was in his eighty-fifth year being born at Wapoose Island, Prince Edward county, on April 26, 1862. When eight years of age he moved to Brighton township where he has resided ever since, with the exception of a few months which from time to time he spent with his daughter in Campbellford. Mr. Ames was ailing for some months but was only six days confined to his bed. He leaves to mourn his loss, three sons and one daughter, Mrs. Russel Mellville, Campbellford; Walter, John and William all of Brighton township. The pall bearers were: Ira King, Harper Piester, Robert Carr, David Goodfellow, John Dinner and Hugh Gilbride. Interment took place in Mount Olivet cemetery Orser neighborhood.

JOHN O'LEARY.

— DOURO, May 4. — The funeral of the late John O'Leary, took place on Saturday morning, from his late residence to St. Joseph's church and cemetery. The funeral mass was sung by Rev. P. Butler of Peterboro. Pallbearers were Messrs. William and Daniel O'Leary (cousins), Samuel O'Brien, James Sweeney, Dennis McCarthy, (Peterborough), and J. Minogue (Peterborough).

Among those from a distance who atended the funeral or visited the house of mourning were Mrs. Margaret O'Brien (a daughter of the deceased), and son of Peterborough; Mrs. Timothy Cleary, Mr. and Mrs. Dennis McCarthy and daughter, Stephen O'Connor, all of Peterborough; and Messrs. John O'Connor and sons of Otonabee.

Mr. O'Leary is another of the sturdy splendid pioneers who are passing one by one. His long life of some 81 years was spent on the farm where he was born and where he died, except for a few years spent in the gold fields of California in the late fifties, where he acquired what was then quite an amount of money. a..l by thrift and industry he added to this until he was rated a wealthy man as a farmer.

OMEMEE TANNERY SAVES DAYLIGHT

75 Employees Finish Work at 4.30 P.M. For Summer.

OMEMEE, May 4.— The Omemee tannery opened on Monday morning under the daylight saving regulations, commencing one hour earlier, which is 6.30 o'clock standard time, and the seventy-five employees will be off duty during the summer months at 4.30 by the sun, with Saturday afternoon off also.

Motorists Stalled.

Several motorists had the misfortune to get stalled on the road in front of Mr. George Newman's at the top of Crawford's Hill over the week end, and had to be hauled to higher ground. Mr. Stanely Pogue has the contract for dragging the road west of Omemee to the boundary between Emily and Ops township and commenced work on Monday. Two oil trucks made their way from Lindsay on Monday and experienced no difficulty in the spring holes which caused many delays last week.

Mr. Abe Laidley has purchased the residence on George street north from Mr. Henry Laidley, now occupied by Mr. Fred Johnson, and the four acre field on the opposite corner belonging also to Mr. Henry Laidley, has been purchased by Mr. Harold Laidley, who intends at a future date to erect a residence.

Messrs. Albert Ford, W. Douglas, Harold McConnell, James Bushnell, J. McConnell and J. Shields, have almost completed their purchases for the required number of cattle for their respective danches.

Mr. J. Newman, of Toronto, has leased the livery stable and is dealing in junk of all kinds. Should the business prove successful, Mr. Newman will move his family to Omemee.

WEDDING BELLS.

DARLING—WILSON

YOUNG'S POINT, May 4—St. Arden's Church, Young's Point, was the scene of a very pretty wedding on April 29, when Miss Winnifred Dorothy Wilson, daughter of Mr. and Mrs. Andrew Wilson became the bride of David John Darling, son of Mr. and Mrs. John Darling of Smith Township.

The bride entered the church on the arm of her father. The church was prettily decorated with pink and white carnations on the altar, and potted ferns, The bride was attired in a wedding gown of ivory duchess satin.

The ceremony was conducted by Rev. R. T. E. Dwelly, B.A., recently appointed incumbent of St. Arden's.

Miss Ethel Wilson, sister of the bride, played the wedding music and Miss Gladys Lindo of Toronto sang "Love Sends a Little Gift of Roses," during the signing of the register.

After the ceremony a reception was held at the home of the bride's parents with about thirty of the immediate relatives present.

The happy couple left amid showers of confetti for a short honeymoon in Buffalo and Niagara. The bride travelled in a dress of maize flat creep and a tweed coat with cape effect with hat, shoes and stockings to match. On their return they will reside at 60 Hunter street, Peterboro.

Among the guests were Mr. and Mrs. John Darling, Mrs. Knox, Misses Lulu and Alma Darling, Mr. Percy Darling, Miss Verna Elliott, Mrs. Jackman (grandmother of the bride) of Lakefield, Miss Gladys Lindo of Toronto, Miss Alice Winson of Peterboro, Miss Evelyn Northey of Lakefield. Mr. Percy Stenner of Peterboro, Miss Lorna Aikenhead of Brucefield and others. During the reception a telegram of congratulations was received by the bride and groom from the bride's sister and her husband, Mr. and Mrs. Leon Ellsworth, form Calder, Sask.

The many handsome gifts received by them testified to the esteem in which the young people are held.

UNLOAD GRAIN IN CANADIAN PORTS

Regulation Applies to Winter Grain Cargoes.

WINNIPEG, May 4 (Canadian Press)—United States vessels now in lakehead ports with winter grain cargoes are forbidden to clear these ports unless bound for Eastern Canadian ports for unloading, according to notification received by members of the Winnipek grain trade.

It was pointed out that this was the first time in the history of grain movement, that the Government had enforced ther uling forbidding United States vessels unloading winter-storage cargoes at United States ports.

As the result of an emergency meeting of privats shipping interests and representatives of the Canadian pools, a message was despatched to Ottawa, urging suspension of the order. In the message, it was pointed out that serious reactions would be felt by certain branches of the grain trade, particularly in view of the late opening of navigation.

Considerable grain from the Canadian pools, it is stated, was loaded in United States vessel bottoms at the close of navigation last fall. These shipments were scheduled to move via United States ports to the Atlantic seaboard, ocean space having been already hartered.

Wash rags of paper coated with dried soap are a new invention for the household.

APANESE ATTENDANCE AT HIGH SCHOOLS

(Continued from page one.)

people in Canada to-day "will have passed to the great beyond before the present scheme of the Government can benefit them." He charged the Government with wastefulness in expenditure. The measures of relief from taxation were welcome to the Canadian people who had been waiting for them for four long years.

Mr. Barber dealt at length with the Oriental problem in British Columbia. He said the Japanese would soon outstrip the Chinese in matter of numbers. No accurate check could be kept upon the birthrate in the province because the births were not always recorded. The Japanese high school attendance had increased by 70 per cent. in a year. It was for the Government to deal with the Oriental problem before the country was inundated. Mr. Barber pointed to the tremendous problem now confronting the United States as a result of having admitted a few hundred slaves some generations ago. There could be no objection to the admission of students or business men to Canada, but the gates should be closed to the Oriental worker.

More Japanese Enter.

Canada was much more generous to the Japanese than Japan was to Canadians. The white man had no rights in Japan, and was actually decriminated against, while in Canada Japanese have all the advantages of immigrants.

Four years ago the Government had promised to put regulations into effect which would in practice exclude Japanese. Actually the immigration had increased from 369 in 1923 to 448 in 1924 and 501 in 1925.

Dairymen, small fruit growers, and egg producers should have received some consideration when the budget was being drafted, Mr. Barber said. The only policy which would solve the problems of Canada to-day was the policy advocated by the Conservative party. Mr. Barber concluded his speech just before six o'clock.

Would Cut Debate.

A. A. Heaps (Labor, Winnipeg North) stated that he could not see why the debate on the budget should cover such a long period of time. He wondered who were the unseen hands who determined how long the discussion should continue.

"The tariff plays a very small part in the question of wages," stated Mr. Heaps. Wages usually hovered around a subsistence level. In countries where wages were higher than in others, the credit was due to the organization of workers themselves.

Mr. Heaps gave examples of working conditions in Japan—the most highly protected country in the world. There nearly a million women and children were employed in factories from eleven to thirteen hours every day. Many thousands of women and children worked in the mines.

Workers Unprotected.

Reference was made to the strike of the textile workers in Passaic, N.J. The mills there enjoyed tariff protection, yet they were endeavoring to force down wages. Nearly one million textile workers found themselves sinking lower and lower on the living scale, while the profits to these industries increased. In brief, protection did not mean protection for the workers.

The workers who came to Ottawa a week ago with the delegation which protested against the reduction in the tariff on automobiles, said Mr. Heaps, seemed to have a vague idea that the Government was responsible for the closing of the factory gates on the day after the budget was announced. He had talked with the workers who came here and found that they vaguely blamed the Minister of Finance for the shut-down.

Influenced Employees.

Mr. Heaps believed that an employer who closed his gates against his employee was exceeding his rights. He was exercising a function which was beyond him when he tried in that way to influence his workers to hold certain political opinions. Personally, Mr. Heaps did not believe that the tariff on autos was going to affect the auto industry very much. As an example of how other factors were influencing the cost of a manufactured article, Mr. Heaps quoted a letter from a firm (unnamed) in Winnipeg, complaining that the Consolidated Smelters charged them the Montreal price, plus freight from Montreal to Winnipeg, on lead which came from Trail, B.C.

THIEVES VISITED TORONTO OFFICES

Safe Crackers Called Upon Two Business Offices Early Sunday.

TORONTO, May 4.—(Canadian Press).—Safe-crackers were busy in two business offices on Sunday but failed to secure any money from either place. Vault in office of the Hilton Bread Co. was partly wrecked by a charge of nitro-glycerine but robbers failed to gain entrance. Safe in office of the Toronto Hosiery Co. was attacked by means of tools but without success.

PLAIN BACKGROUNDS.

Plaid chiffon and plaid taffetas are very smart this year, particularly for afternoon frocks. Usually the combination is high color on a dark, conservative ground.

BAND HONORS DEAD OFFICER

Northumberland Regiment Band Starts Concert With Funeral March.

GOOD PROGRAMME

CAMPBELLFORD, May 4—The members of the Northumberland Regiment Band were unable to attend the funeral of the late Major F. A. Webb at Norwood Sunday afternoon owing to the condition of the roads but at their concert in the Regent Theatre in the evening their opening number was a funeral march, closing with "Abide With Me," rendered as a tribute to their dead comrade who was an officer in the Battalion to which the Band belongs.

The popularity of these concerts as well as the fine work of the Band under the leadership of William Pearson, seems to increase and Sunday night the theatre was again filled to capacity. There were a number of new players, young men whom Mr. Pearson has trained and who have now graduated in music. Those who assisted the Band were Mrs. F. De Carroll who sang "Abide With Me," and responded to an encore; Cecil Sarles who rendered two violin solos and the Goddin brothers with their banjo and ukelele orchestra.

The feature number rendered by the Band was "Home Sweet Home, All the World Over," a collection of all the versions of the domestic songs of the leading nations of the world. This included the air of the national song of China which called for a solo on the big drum and this part was cleverely rendered by Charles H. Davison. The remainder of the programme consisted of the usual patriotic and sacred airs with several classical selections.

Mayor Kingston who presided, at the close of the programme, on behalf of the Band thanked the people for their patronage, those who had assisted and Captain Hyland for donating the use of his theatre for the entertainment.

Miss Gertrude Maynard and Miss Cherrie Turner acted as piano accompanists.

MISS THOMAS
Of the Helena Costume Co., London, will display
Exclusive styles in Summer Dresses
at
The Shannon Millinery Parlours
Campbellford, on
Wednesday, May 5th.
Courteous attention given all orders.

KILLED HER TWO GROWN CHILDREN

Then Chicago Woman Turned Gun on Herself.

CHICAGO, May 4— Despondent after a long period of ill health, Mrs. Emily Karlen early Monday shot and killed her two grown children and then committed suicide at their home in a fashionable residential district.

John Karlen, her husband, was in the yard at the time of the shooting.

Karlen, sales manager for a granite company, arose early and was working at the rear of the house.

Mrs. Karlen arose, went to the rear door and spoke to her husband She shut the door and soon Karlen said he heard three shots.

Hurrying to the house he found all doors locked.

After gaining entrance, he found his son, Alfred, 23, in bed dangerously wounded. The young man died within a few minutes.

The daughter, Dorothy, 35, secretary to a pastor, was dead in her bedroom.

Mrs. Karlen's body was crumpled in a clothes closet to which she had apparently dashed after committing the two murders. She had shot herself in the head.

Fiends of the family said the woman had appeared disconsolate for years, following an attack of heart disease.

OPPOSITION OF PRIVATE BUSES

(Continued from page one.)

will form a committee to consider a transportation policy and the relationship between the Hydro 'buses and the independent ones. This was decided, following consideration of a letter from the Hydro asking that steps be taken to stop the present competition with the Hydro lines. City Solicitor Wearing said that the Police Commission had power to revoke the licenses of the other 'bus lines, and that the Council could make a recommendation to the Commission if it desired to take any action.

It was the general opinion of the Aldermen that the opposition of the two lines resulted in good service, but they felt that the Cooney and Jopling 'buses should operate on a schedule like the others. Alderman Turner suggested an allotment of territory, but Mayor Holloway said that the Hydro wanted no opposition whatever, and had threatened to cut off the service.

Aldermen Fife and Phelan moved that no action be taken in the matter, but an amendment, calling for a committee, moved by Aldermen Greene and Denne, was carried.

Grounds For Carnival.

The Maple Leaf Shows asked for part of James Stevenson Park for either the first or the second week of June at a rental and license fee totalling $250, the same as was charged last year. Aldermen Fife and Denne moved, however, that the fee be made $500, Alderman Fife saying that all the shows would do would be to take a lot of money out of the city, and that the higher fee might keep them away. Aldermen Turner, Hancock and Ackerman supported them, while Aldermen Greene, Phelan, MacDonald and Cotton were opposed. The Mayor didn't vote.

To Advertise District.

Ex-Mayor J. J. Turner headed a deputation of four members of the Kiwanis Club, who submitted a proposition to have 20,000 circulars printed for distribution at the Kiwanis International Convention in Montreal next month. The expense of printing these, amounting to $250, would be borne, half by the city and half by the Kiwanis Club, the Chamber of Commerce, the Trent Waterways Association, and the Motor League. Frank G. Stinson explained the material that would be put on the folders, while W. George Henderson recalled the large amounts of money left in the district by American tourists. Later in the meeting the matter was considered, and the sum of $125 granted on motion of Aldermen Turner and Ackerman.

Claude H. Rogers appeared to ask for a hydrant near his house on MacFarlane Street, expressing willingness to pay a portion of the cost. This was referred to the Fire, Water and Light Committee. The same committee will deal with the request of Thomas Hendrie for a light east of the canal bridge on Maria Street, while the Board of Works will consider the complaint of Mrs. Hirst with regard to a cave-in of part of Moir Street.

Eating House Licenses.

All those requested except two were granted by the Council. Henley and Hoin Hum, proprietors of the Louis Cafe, in a long letter recounted their endeavors to build up the business and asked that the Council consider carefully the request for another cafe on Charlotte Street, a few doors from them. They admitted candidly that they were concerned with the success of their own business, but claimed that one good restaurant with a large patronage was better than two not so good. As there was no report from the Sanitary Inspector about the new one, no action was taken.

Curbing on Weller Street was considered on motion of Alderman MacDonald, but it was thought that it might be well to wait until the owners of the property expressed a desire for it. In the meantime, however, a by-law will be prepared to cover the division of costs of any curbing done as a local improvement.

The sidewalk on Homewood Avenue is to be repaired, Alderman MacDonald having drawn attention to its condition. Alderman Fife said that there were other bad places and suggested that the Aldermen should take a tour of the city to look at all these places.

Joseph P. Hobbins was appointed caretaker of the athletic section of James Stevenson Park. He is a returned man with a large family. Requests for the use of the park by the Peterborough Baseball and Athletic Association and the Men's Softball League were received, and referred to the Parks Committee.

The collector will be given the 1926 tax roll as soon as it is ready. There is still $14,090.02 uncollected of last year's taxes. By-laws were passed authorizing the issuing of $8,000 debentures for the Utilities Commission, fixing the license fees for billiard tables, and authorizing an agreement with Philip Card, caretaker of Central and Victoria Parks.

TUESDAY, MAY 4, 1926.

THE ARENA PROPOSITION.

In regard to the artificial ice arena proposition now before the people of Peterboro, it should be remembered that if this city is to remain prominently on the hockey map a larger ice surface and more seating accommodation than at present available are absolutely necessary.

These improved conditions must be provided; otherwise it is unfair to expect the Peterboro hockey team to compete in senior company against clubs which have the advantage of adequate rink accommodation.

The present effort is being made because these facts are realized by a number of local citizens who are exerting every effort to give Peterboro better facilities for hockey.

The issue is in the hands of the people.

The proposition is being placed before them, and in the canvass that has already been conducted it has been shown that in those plants where the drive has been properly organized the results have been most gratifying.

If the citizens believe that better accommodation is required it will be necessary for them to act quickly.

The drive is on and the people of Peterboro must get behind it if they are sincere in desiring to provide their champion hockey team with quarters worthy of them.

SAFETY LAST.

Lies slumbering here one William Lake; he heard the bell, but had no brake.—Detroit News.

At 50 miles drove Allie Pidd; he thought he wouldn't skid, but did.—Rome Times.

At 90 miles drove Eddie Shawn; the motor stopped but Ed kept on.—Little Falls Times.

Here he sleeps one Johnny Fonker, he rounded a turn without a honker.—Scranton Scrantonian.

Down in the creek sleeps Jerry Bass; the bridge was narrow; he tried to pass.—Wilkes-Barre Times-Leader.

Beneath this stone sleeps William Raines; ice on the hill; he had no chains.—Harrisburg Telegraph.

Here lies the body of William Jay, who died maintaining his right-of-way.—Boston Transcript.

And here's what's left of Samuel Small; he paid no attention to "slow" signs a-tall.—Capper's Weekly.

Here lies all that's left of Harry; at the railway crossing he did not tarry.—Railway Life.

John William Jones lies under this thistle; he didn't heed the choo-choo's whistle.—Railroad Data (New York).

This marks the grave of Henry Burn; he forgot to signal, "I'm going to turn."

THE CUSTOMS PROBE.

If the Examiner senses accurately the opinion of the majority of Canadians toward the customs probe the desire of the people of this country is that the situation should be thoroughly cleaned up.

Outside of the violent partisans who put political expediency ahead of every other consideration, there is a general tendency to resent manoeuvring on the part of the politicians in connection with a matter that is of vital importance.

If conditions have not been right in the customs service, the people are most concerned in a remedying of these conditions at once, rather than in any political advantage that may be gained or lost as the case may be by the revelations that are being made.

The Special Committee appointed to inquire into this matter has in its hands the opportunity to do a very signal service for the people of this country.

If the members put politics first and the interests of Canada second, this opportunity will be to a great extent tossed away.

It is to be hoped that this fact will be realized before it is too late, and that the committee will resolve to report impartially and fairly all conditions that it considers should be remedied, regardless of what political reputations may suffer as a result of the committee's findings.

WHAT IS AT STAKE.

The British strike has rapidly passed from the stage of an industrial dispute over the wages of the British coal miners to a situation in which the power of the elected representatives of all the people is challenged by a portion of the people.

The Baldwin Government has made the only answer possible to such a challenge.

The rights of the whole nation cannot be placed second to the rights of any body of workers, no matter how powerful or how well organized they may be.

The general strike is a condition that must be fought and will be fought by the British people as a whole with a full realization that an all-important and vital principle is at stake.

That this fact is well understood is evidenced by the loyal response to the Government's proclamation in regard to organization for the maintenance of supplies which is bringing out thousands of volunteers ready and willing to jump into the breach and keep essential services running.

A period of hardship lies before the people of Great Britain; many of the restrictions of war days will again be in effect; there will be inconvenience, short rations, suffering, and the economic loss occasioned by the tie-up will be a staggering blow to the nation's prosperity, but the majority of the citizens, realizing the real nature of the struggle, will put up the same brave front against these conditions as they did when their liberty was threatened in 1914.

PROTECTING THE ROADS.

The Ontario Government has extended the time for motor trucks to carry half loads until May 15th, and the Deputy Minister of Highways in a press statement declares that the step has been taken in the desire "to protect the millions of dollars invested in highways."

So far as it goes, this change will be of considerable benefit, but many of those most closely connected with road maintenance declare that even with half loads heavy trucks are doing an enormous amount of damage to road surfaces in many parts of the Province.

It may not be possible to lay down a general regulation that will meet the requirements of all sections of Ontario, but the advisability of giving local authorities more power in this respect suggests itself as a way out of the difficulty.

The road superintendents are in a position to know the conditions in their localities much more thoroughly and accurately than anybody else, and they might well be given more authority to deal with this early season traffic, even to the extent of prohibiting traffic altogether where the roads are in such a state as to justify such a drastic order.

As the Deputy Minister points out, Ontario has invested millions of dollars in roads; why then allow these roads to be needlessly destroyed in the early part of the year?

WINSTON IN TURMOIL.

With Lloyd George on the warpath against him, and with bookmakers and the Non-Conformist conscience united as his antagonists, Mr. Winston Churchill must be hugely enjoying himself. For the Churchillian barometer has ever stood at stormy. Son of the great Randolph Churchill who, more than a generation ago, was a salient figure of Conservatism, Winston bolted his caste and party and went over to Asquithian Liberalism, some 20 years ago. He broke with the Unionists over Tariff Reform, and his speeches in the campaign that followed, preserved in book form, are among the most formidable indictments of Protection produced in the English language. Lord Birkenhead, in his brilliant pen portraits, "Men of the Hour," declares that Churchill's defection profoundly changed the course of British political history:

> "In the Parliament of 1906 he would have entered into his Kingdom. His audacity, his parliamentary flair, his amazing industry, would have carried him far beyond any of his rivals, and when the Great War began, he would, in my judgment, unquestionably have been the leader of the Unionist party."

Instead, the young man who had served as a soldier of fortune with the Spanish forces in Cuba; who had taken part, as a reckless subaltern, in the glorious charge of Omdurman; who had effected a wonderful and romantic escape from the jail at Pretoria; who with all of his other brilliant qualities was Randolph Churchill's son, went over to the hosts of Liberalism. There, reckless, audacious, vivid, compelling, he became one of the doughtiest warriors on the Asquithian side. Combative, insolent, contemptuous of foes, it was said of him that his was the only tongue that could make Mr. Balfour quail.

He was happiest when assailing his old friends and caste; he was the most hated Liberal in Parliament; and he was actually assaulted by a burly Tory, Mr. Ronald McNeill. But his courage never failed. When civil war was threatened in Ulster he went over to Belfast to preach Home Rule right in the Ulster hall.

Churchill's war record was a mixture of the brilliant and the tragic. A First Lord of the Admiralty he had the fleet ready to strike on the morning of August 4. His genius invented the tank; he was, next to Lloyd George, the greatest force behind Asquith; he was the author of those fatally brilliant conceptions—Antwerp and the Dardanelles. But disaster dogged his steps. It was said of him that he saw too much and tried to do too much, that no one department, hardly one war, was enough for him in that meteoric moment. As a consequence he fell upon evil tongues and days, and was pursued with a vindictiveness and rancor second only to that which haunted Asquith himself.

He was temporarily eclipsed. But only temporarily. The critics who said that the "unsinkable politician" was sunk at last underestimated his brains and resiliency. Churchill went into retirement to write the classic story of the war. He book, produced three years ago, was not only a great vindication of himself; by common verdict of friend and foe it was a great piece of literature, its prose reminiscent of Dryden and Gibbon; critics saluted its sheer eloquence, its vividness and beauty of style. Churchill had been damned because of Antwerp, for the failure of the Dardanelles, for his ill-starred backing of Kolchak. With overwhelming proofs and data, with irrefutable logic, he turned upon his critics and tore their indictment to pieces. With nothing of braggadocio, with little of malice or recrimination, it was a powerful, convincing apologia.

In 1922 Churchill stood with the Georgian Coalition and went down with its debacle. Dundee, whose men had gone to the war to a man, and one of the wettest cities in the United Kingdom, elected a Pacfist and a Prohibitionist over his head by majorities that ran into thousands. But Churchill was not daunted. He reappeared in 1923 as a supporter of Asquith, went down to defeat, returned to the fray as an Independent, lost out again, and finally re-entered Parliament as a Conservative and sworn foe of Socialism. After 20 years he was back in his spiritual home.

Churchill has been repeatedly acclaimed as one of the greatest orators in England. He is without Asquith's massive march, he has not the Curzon power of ornate rhetoric, and he lacks the Georgian gift of lightning shafts that shear. But there is about his speeches a beauty and a structure and a stateliness that make them classics of their kind. His career, seen in review, reads like a romance. He was a brilliant journalist and is a great author. He has fought for love of adventure and paints for recreation. He was First Lord of the Admiralty in the world's greatest war. He has been a Tory, a Liberal, a Free Trader, a Protectionist, an Independent, then a Tory again. He is a statesman of international stature, a potent orator, and a great Chancellor of the Exchequer. And he is only 54.

Yet other worlds remain to conquer. British Conservatism today is, with the exception of Stanley Baldwin, more barren of leadership than at any time since Salisbury held its sceptre. Stranger things have happened than that the son of Randolph Churchill should within the next 10 years become the leader of Tory Democracy.—Ottawa Journal.

EDITORIAL NOTES AND COMMENT.

Among other things that would help to increase tourist traffic would be an old-fashioned Canadian summer.

Premier Baldwin is being given plenty to put into his pipe and smoke.

A canoeist was seen floating round James Stevenson Park on Sunday. It offers one advantage at least, that an upset there would involve nothing worse than a ducking.

Marconi, declares a British commentator, made the radio possible, and a lot of amateurs are apparently doing their best to make it impossible.

CATTLE, GRAIN AND PRODUCE

Peterboro—Toronto—Montreal
Winnipeg

TORONTO LIVESTOCK.

TORONTO, May 3.—Butchers' cows were active in the early business, and these were holding at the level established last Wednesday. Good cows were $5.50 to $6 a cwt.

One load of feeders not too good and only a little over 800 lbs. each sold well at $6.30 a cwt. Springers and milkers were strong, and in cases up ten a head. Handyweight butchers were selling steady, and the light kind not too good sold at $7 a cwt. Choice handyweight butchers were $7.50 to $7.75 a cwt. Bay beeves were easier if anything, and butchers' bulls sold firm from $5 to $5.75 a cwt. The market was more active following the first hour, and buyers called prices firmer than they were last week.

Calves had a free market at about unchanged quotations. There were very few calves above the good quality, which sold at 12 cents a pound. Medium calves averaged over 9 cents, and common calves were 6 to 8 cents a pound.

Lambs were strong. Two small bunches of yearlings, around 80 lbs. each, sold at 15½ cents a pound. Spring lambs sold at $15 each for good ones, $12 to $13.50 for mediums, and as low as $8 each for thin poor lambs. Sheep were also firm.

Packers are strong on talking lower prices, and say $12.75 a cwt. f.o.b. would certainly be today's markings, and that $12.50 a cwt. will have to be accepted for today's loadings.

Current Quotations

Export steers, choice..	$ 8.00	$ 8.25
Heavy steers, good ..	8.00	7.50

MONTREAL GRAIN AND PRODUCE

MONTREAL, May 3 (Canadian Press). — The foreign demand for grain in the Montreal market today was again of a limited character and in consequence the volume of business was small. Sales of oats were of the odd lot variety and in sympathy with the weaker feeling on the Winnipeg exchange prices here were reduced 2 cents per bushel.

Receipts of butter were 762 packages as compared with 1,067 for the same day last week. A feature of the trade was a reduction of 1 cent per pound in the jobbing prices to 34 cents per pound for finest creamery. There was no improvement in the demand for round lots owing to the ample supplies on hand.

Cheese receipts totalled 495 boxes as against 861 for last Monday. Prices were firmer.

An easier feeling prevailed in the potato market because of the warmer weather, but no change took place in prices. Demand was steady, stocks on track were well cleaned up and trading on the whole was fairly active.

CHICAGO GRAIN

CHICAGO, May 3 (Canadian Press).—Sudden breaks in the price of wheat today followed an official statement referring to the British Labor crisis as nearly an approach to civil war. On some transactions, the drop in values amounted to almost 5 cents a bushel from the day's top level. Closing quotations were 1 3-4 to 3 1-4c net lower, May (new) $1.61 3-8 to $1.61 5-8, and July $1.40 1-4 to $1.40 3-8. Corn finished unchanged to 1-2c down, oats 1-8 to 1-4 to 3-8 to 1-2c off, and provisions varying from 10 cents decline to a rise of 40 cents.

General selling quickly developed in the wheat market here, when news was out that the British Premier, speaking in parliament, had said the Labor leaders were nearer to proclaiming civil war than Great Britain had been for centuries. Before this news became public, the wheat market here was showing a downward trend. A majority of traders here, however, construed the strike as an incentive to sell and with bearish private crop estimates current, a reaction ensued.

WINNIPEG GRAIN

WINNIPEG, May 3 Canadian Press).—Liquidation in the final hour, with the trade insufficient to absorb the offerings, and the possibility of a general strike in Great Britain, with its consequent effect on business, brought about sharp declines in the wheat market here today.

The close was weak, all grain registering declines, with wheat ranging from 2 1-4c to 2 1-2c lower—May $1.53 1-4; July $1.51 1-2, and October $1.35. At the low point of the day, May reacted to $1.52 7-8.

BUFFALO CATTLE

EAST BUFFALO, May 3 (Canadian Press).—Cattle, receipts 2,800; shipping steers, heavy; butchers slow, 25 cents lower; light handy butchers and yearlings, 15 cents to 25 cents lower; cows and bulls active, 25 cents higher; shipping steers, $8.25 to $10; butchers, $6.25 to $9.25.

Calves, 2,800; active, 50c higher; choice, $12.50 to $13; fair to good, $10.50 to $12.

Hogs, 8,800; active, general market steady. Heavy, $12.50 to $13.25; mixed $13.50 to $13.90.

Sheep and lambs, 13,000; active; 25 cents lower; clipped lambs, $9 to $14.50; mixed sheep, $9 to $9.50.

STERLING RATES

MONTREAL, May 3 (Canadian Press). — Sterling exchange rates were quoted here today as follows:

Sterling demand $4.85 3-16.
Sterling cables $4.85 11-16.

WISE AND OTHERWISE

PROVINCIAL ROADS IN BAD CONDITION

Traffic is Closed to Cars on Campbellford-Brighton Highway.

NORHAM, May 4.—The Ladies Aid held its regular monthly meeting at the parsonage on Thursday afternoon. There were twenty-three members and one visitor present. A committee was appointed to purchase a new carpet for the United church which is undergoing renovation. The ceiling has been papered by George Osborne, of Warkwark, while W. E. Spencer, of Warkworth, is busy decorating the walls and later is to grain and varnish the seats and other woodwork.

Rev. J. F. Everson was in Toronto on Monday on business and returned to Port Hope on Tuesday where he attended the April meeting of the Cobourg Presbytery.

William J. Evans, who with Mrs. Evans have spent the winter in Florida sold by auction on Saturday the household effects of his former residence and intends returning to Florida where he will take up permanent residence.

The Campbellford to Brighton highway as well as the road from Warkworth to Bradley's Corners is still in bad condition and few people are travelling with cars. One man remarked that he used to consider a mud hole was no good to anyone but that he and one of his neighbors had made several dollars out of one close to their dwellings. One individual boasts of having made $105.00 in one day drawing cars out of the mud.

Clarence Massey, of Morganston has a flock of 135 white Leghorn hens that are laying from 110 to 117 eggs a day.

Benson Reynolds of Dartford has gone to Toronto where he is taking a course in barbering with the Molar Barber institute

HERE'S STYLE TIP.

LONDON, May 4.—The distinction of having the most curious hat in London has been awarded Miss Frances Knowles-Foster, who wears an Astrakhan hat made for a Swedish army officer.

Over life's hurdles

Here is a food—Bovril—that gives a man physical stamina and the strength and energy for success. The reason is that Bovril is the concentrated power of beef—a scientific combination of the stimulative extractives and the body-building proteins. When you feel that your job requires more physical power—more mental effort—rely on Bovril to furnish it.

STATE OWNERSHIP—A MENACE

To the Editor of The Examiner:

Sir.—With your permission and that of your readers, I will undertake a discussion of the causes of our present discontent. I am not financially interested in waterpowers and am perfectly free to discuss the facts of the case and the plain conclusions to be drawn from those facts. It is a matter of common talk that we are in a very bad way. Can't we find the cause? This city has fallen into a pit. It has come down with a thud from the high pinnacle of prosperity and prospects upon which it once stood. In looking for the cause some have blamed one thing, some another. My opinion is that the taking over of private enterprise into the hands of the Ontario Government and out of the hands of the people is the chief cause of our trouble.

Private enterprise is the very life of a people and now that we are without it, our people stand about in idle groups wondering why private enterprise is also at a standstill. Formerly the duty of a government was merely to book-keep the natural resources of the province and to let them out to those "individuals" who wished to make use of them and incidently give employment. If the people of Peterborough showed capacity and enterprise, we then had every chance to make use of it. We could develop our own power and use it in mills and factories as we saw fit and did. But the scheme changed. Instead of acting simply as recording trustee and book-keep for the people, the government announced the policy of Government or State Ownership and withheld from private enterprise what the latter had so successfuly done before, took away its natural resources which were the original reason for people coming to this locality at all, and gave those resources to others largely with the result that, losing both initiative and opportunity, we have pretty nearly ceased to do business here altogether. We are at the mercy of the Government. The idea which some profess that a tariff or no-tariff will rescue us has been weighed and found wanting. In 1921, Mr. Meighen and his high tariff ministers could not give us employment and were thrown out of office most unceremoniously. Mr. King's low tariff party has narrowly escaped a like fate. Both policies cannot be wrong. Meanwhile Quebec folowing the example of the United States, which tried and rejected State ownership, kept to the old Ontario policy of encouraging "private enterprise" and as a consequence, parties may come and parties may go at Ottawa, but Quebec is prosperous and happy while Ontario has got its first bad headache from its mad plunge into economic dissipation. We are to have an election shortly and it really would be wise to drop Prohibition as a first consideration and to see if we can't get enough to eat. If not, let us go to Quebec. There is plenty of work and capital there. There is no need of going to a foreign country. We are fad crazy here.

J. H. BURNHAM.

A THOUGHT FOR TODAY

EMERSON ON COMMERCE

The right merchant is one who has the just average of faculties we call common sense; a man of strong affinity for facts, who makes up his decision on what he has seen. He is thoroughly persuaded of the truths in the man, or his good or bad fortune; and so, in making money. Men talk as if there were some magic about this, and believe in magic in all parts of life. He knows that all goes on the old road, pound for pound, cent for cent and that good luck is another name for tenacity of purpose.

FABLES IN FACT.

THE MISTER WAS A HOUND FOR PINOCHLE COMMA AND WAS ALWAYS AFTER HIS WIFE TO PLAY A GAME WITH HIM PERIOD ONE NIGHT SHE WAS TOO TIRED COMMA SO THEY TURNED IN PERIOD IMMEDIATELY THE MISTER STARTED TO SNORE COMMA WHICH KEPT THE MRS. AWAKE PERIOD FINALLY SHE DECIDED THAT THE ONLY WAY SHE COULD GET ANY SLEEP WAS TO SIT UP AND PLAY PINOCHLE PERIOD

BALDWIN SEES HIS STRUCTURE OF PEACE COLLAPSE LIKE FLIMSY HOUSE OF CARDS

Had Toiled for Better Under standing Among People — Must Collect Cards a nd Build Again, He Tells Wife.

LONDON, May 4. Canadian Press. — Premier Baldwin's state of mind in the present national emergency was described by his wife at a meeting of the women's section of the London Municipal Society yesterday.

"I think we cannot do better under the shadow of the national calamity," she said, "than to follow the Prime Minister's words: 'Keep steady!'"

"You know he is a man of peace, and night and day he has worked for a peaceful solution. Yesterday I said to him, 'It seems hard that you, who have worked all your life for peace and a better understanding among people, should be faced with this big strike.'

"He looked at me, and said: 'Well, I'm sorry. It's rather like building a house of cards going up story by story, putting a card here and a card there; then something comes to bring the whole thing down in a flop. The only thing is that I must collect the cards—pick them up again, and build again.'

"I thought to myself, with pride, he is a man."

BALCONY RAIL FELL WITH TWO

Men Were Moving Heavy Furniture—Seriously Hurt.

MOTOR ACCIDENTS

BROCKVILLE, May 4.—(Canadian Press.)—Joseph McElroy, aged 22, is in a local hospital with what is feared by the attending physician to be a fractured neck, and Percy Meilleur, a fellow worker, was less seriously injured Monday when the railing upon an upper verandah gave way as they were engaged in moving heavy furniutre and they fell to the sidewalk below. The two men had braced themselves against the railing to hoist furniture when it collapsed. Both were picked up unconscious, Meilleur suffering from bruises and shock, and McElroy in a much more serious condition which has so far prevented X-ray examination.

Three motor accidents in this district were recorded upon the first suitable motoring day of the season. A car driven by W. D. Wright left the provincial highway near Gananoque and ran against a tree in the ditch. All of the four occupants being shaken up and bruised. A truck and a sedan collided in the west end of the town without any person sustaining injury and another car left a town street to pile into a bill board. In all cases the cars received serious damage.

SOIL DRIFTING; DAMAGE SLIGHT

Re-seeding Necessary in Some Places on Prairie Farm Lands.

.SEEDING ADVANCED

WINNIPEG, Man., May 4 (Canadian Press) — Seeding is now in general progress throughout the prairie provinces with some points reporting as high as 90 per cent already completed, according to the third crop report of the Canadian National Railways, issued Monday.

Weather has been ideal for spring work although rain has delayed operations in certain sections. The precipitation, however, proved very beneficial in arresting soil dritfing and improving seed-bed conditions. At the present time, the report states, there is sufficient moisture to allow good germination.

While several districts have an increased acreage in seed it is regarded as too early to definitely determine the extent of acreage under crop as compared with last year.

Farmers in Manitoba are farthest advanced with seeding, the amount actually in the ground varying from 75 to 90 per cent. In Saskatchewan the range is from 10 to 70 per cent, according to districts and Alberta from 10 to 20 per cent.

All the provinces report slight damage as the result of soil drifting, necessitating re-seeding at a number of points. Fall rye generally wintered well.

All This Week

Every purchaser of a 60c box containing 3 large cakes of Peerless Erasmic Soap, will be given FREE, three miniature cakes of the same soap, extra.

PEERLESS ERASMIC The Dainty SOAP

BY APPOINTMENT TO HIS MAJESTY THE KING

The fine even texture of this famous English Toilet Soap—the rich, velvety lather, so cool, yet so gently invigorating to the skin—the delicate fragrance, as of Old English Hedgerow Violets—all combine to make it the favourite of thousands of Canada's most beautiful women.

To try it once is to like it always.

HOLDS DECISION ABOUT BY-LAW

Judge Huycke Hears Appeal of Campbellford Police Chief.

TRANSIENT TRADERS.

CAMPBELLFORD, May 3.—His Honor Judge E. C. S. Huycke, of Peterborough, presided at a session of the Division Court here on Saturday, the only case on the docket being the appeal of Police Chief John Brown, backed up by the Town Council, against the decision of Police Magistrate G. A. Payne, in a case recently tried here and involving the validity of the transient traders' by-law. After hearing the evidence and the arguments of counsel, Judge Huycke took the matter under advisement.

The Original Case.

The defendant in this case was the Robinson Company, proprietors of a departmental store in Napanee. This company sent to a Campbellford dealer a consignment of dress goods to be sold on a commission of 10 per cent., all goods not approved or disposed of by the dealer to be returned. A representative of the company came here to demonstrate the goods at the two days' special sale which was held.

Alleging that the Napanee firm was really the owner of the goods and that R. C. Root, the firm's representative, was doing business here in contravention of the transient traders' by-law which requires a license fee of $250 from all those who engage in business in Campbellford while their names are not on the voters' list or who are not assessed for income or on business. Chief Brown issued a summons for Root, who was given a hearing in the police court. Magistrate Payne dismissed the case, holding that there had been no violation of the by-law. The Town Council decided, in the interests of the local merchants, to appeal to the County Judge and the hearing on Saturday was the result.

The evidence taken at the police court hearing was read and other witnesses were sworn, including John W. Robinson, president of the Napanee firm. Mr. Robinson said that his firm carries on the same line of business as that complained of here, in other towns, and that the only reason Mr. Root was sent here was to demonstrate goods with which the local dealer was not familiar.

The Arguments.

Town Solicitor D. J. Lynch, who appeared for the appellants, and W. S. Herrington, K.C., of Napanee, counsel for the defence, argued the case at length. Mr. Lynch said the town was not looking for a maximum fine, but that the only object was to determine whether the municipality had the right to pass such a by-law, one that was founded on the Provincial statutes. The judgment appealed against seemed to be based on the contention that it necessary for the plaintiffs to prove an actual sale but this contention is not in accordance with either the statute or the by-law. All that is required is proof that goods were offered for sale.

Mr. Lynch argued that the two days' sale held here was actually a sale by the Robinson company. The company got 90 per cent. of the proceeds, the dealer the balance for the use of her store and her name.

The town does not have to prove an actual sale. The goods were on exhibition in the store here, and were the goods of the company that offered them for sale. Only about one-quarter of the consignment was sold, the balance being returned to the company with the exception of two garments that were left on approval.

The by-law says that no dealer who is not a taxpayer or whose name is not on the voters' list can offer goods for sale in Campbellford without first taking out a license. The transient trader cannot offer goods for sale by himself or through another, or in any other manner. It made no difference in whose name the Robinson company offered these goods for sale. What they cannot do themselves they cannot do by others. The local dealer was really the agent of the company, and under the terms of the by-law that company was required to take out a license before offering goods for sale, even if they did not sell a dollar's worth. The defendants paid nothing and they broke the by-law the very minute they offered the goods for sale.

"The Town Council," concluded Mr. Lynch, "appealed this case because it considers that it owes some protection to the merchants of Campbellford who pay taxes, from the incursions of outside dealers who contribute nothing to the upkeep of the municipality but who come here and conduct a two days' high pressure sale in the name of a local dealer."

The Defendants' Case.

Speaking for the defence, Mr. Herrington said that Magistrate Payne, in his decision, had stated that there was no evidence to show that the Robinson company had offered goods for sale. If the local dealer had ordered goods on approval and had done her best to sell them without any help from a demonstrator, would the Robinson company have been liable even if the goods not disposed of had been returned to them?

The nature of these particular goods required the services of an expert to demonstrate them. The company was not willing to entrust the handling of them to some person not familiar with them.

Mr. Herrington contended that there was no evidence to show that the local dealer was the agent of the company. The firm had no control over her, and she could sell to whom she pleased and on what terms she liked.

Judge Huycke: "Is it usual to have a traveller demonstrate goods that are sold to retailers by the big firms in Montreal or Toronto?"

Mr. Herrington replied that the local dealer had assured him that there was nothing unusual in this case. In order to constitute a sale or an offering for sale there must be vendor and a seller or a prospective a vendor and a seller or a prospective none of these in this case. If the goods sold by the local dealer were not satisfactory the customer would look to her and not to the Robinson company for damages. The demonstrator was sent for no other purpose than to see that the goods were carefully handled. The Robinson company did not have on their books the name of a single person to whom the local dealer sold these goods and was not interested in the terms of sale.

Mr. Herrington concluded his argument by asking that the appeal be dismissed with costs.

Mr. Lynch Replies.

In reply to the argument of Mr. Herrington, Mr. Lynch said that the goods in question had been taken out of the store in Napanee, a high pressure sale was organized and advertised, and in this sale the local dealer and the company were both interested. The former, in allowing these goods to be sold in her store and under her name, was really the agent of the Napanee firm up to the time a sale was made. Up to the time the goods were returned they were the property of the company. The local dealer was offering them for sale on her own and on the company's behalf. There was a joint offering for sale even if no goods had been sold, and the by-law had been violated.

Two Little Girls Drowned Crossing Creek Near Home

KIMBERLEY, B.C., May 4—(Canadian Press) — Believed to have tried to cross Mark Creek, near their home, on a log, Jean, 4, and Louise, 6, children of Mr. and Mrs. E. Couter, of Blarchmont Park, were drowned Sunday.

Following an all-night search under direction of the Provincial Police, a log jam on the creek, near the Coulter home, was blasted in order to lower the water and the bodies were found.

SAIL FROM LAKE HEAD.

JAPANESE ATTENDANCE AT HIGH SCHOOLS INCREASES 70 PER CENT. IN ONE YEAR IN BRITISH COLUMBIA

Fraser Valley Conservative Says Immigration of Japanese is Higher Each Year.

ORIENTAL PROBLEM

Government Has Not Fulfilled Promise of Exclusion of Japanese.

OTTAWA, May 4 (Canadian Press).—The budget debate was resumed in the House of Commons Monday by G. W. McPhee (Liberal, Yorkton). In opening, he replied to statements made in the debate last week by Hon. J. W. Edwards (Conservative, Frontenac - Addington), who had referred to the lack of "mental fertility" in the "gentlemen of the kindergarten school" in speaking of the Liberal members from Saskatchewan.

Replying, Mr. McPhee quoted the reply of William Pitt to Walpole regarding the "crime of being a young man." Dr. Edwards had asked the Speaker to protect him from the interruptions of the Saskatchewan members. "He asked the Speaker's protection so he could fling across the floor of the House at us the putrid wrath of his distorted imagination."

"Having got that off your chest . . ." called out J. W. Chaplin (Conservative, Lincoln).

Mr. McPhee spoke of the "enormous toll paid by the people of Canada to some of the protected automobile industries while these same industries had paid enormous dividends to their shareholders."

Sees More Purchases.

He did not believe the reduction in auto duties would put any firms out of business. It was a proven principle, said Mr. McPhee, that the cheaper an article was the more it was purchased.

Dealing with the Opposition proposal for increased duties on farm products from the United States, Mr. McPhee failed to see how a duty on potatoes, wheat, butter, cheese, eggs, etc., all of which Canada exported in large quantities, would help to increase the price obtainable in the world market.

Mr. McPhee reviewed the legislation introduced by the Government thus far. He approved of the old-age pensions bill, of the revaluation of soldier settlers lands and the provisions for settling Crown lands. In this latter effort the Government was following the example of the C.P.R. which spent a considerable amount of money in improving its land for settlement. He referred to the criticism of the Hudson Bay Railway voiced by Conservative speakers during the recent by-election in West Middlesex.

Construction of the Hudson Bay Railway was necessary. Time would demonstrate, said Mr. McPhee, that this railway for the benefit of the people of Canada "as a whole."

Tax on Magazines.

Why had the Conservative member for Toronto West Centre (Mr. Hocken) advocated the placing of a tax on American magazines? questioned Mr. McPhee. He thought that if Mr. Hocken, and other members supporting this duty, would spend more time in obtaining good material for Canadian magazines, instead of spreading throughout the country reckless Tory propaganda, that is so obnoxious to many readers, there would be no necessity for them to ask that a tariff be placed against the importation of American publications.

Answering a statement that no one would invest in Canada, under the present Government, made by G. B. Nicholson (Conservative, East Algoma), Mr. McPhee quoted several press reports of new enterprises starting up in Canada and expansion of several industries. The beacon lights of prosperity were burning from coast to coast, he said.

Doubeful of Prosperity.

N. J. Barber (Conservative, Fraser Valley) expressed doubt in regard to the prosperity which the Government appeared to find throughout the Dominion. The farmers in Canada were not prosperous, and many laborers were leaving the country. While favoring the adoption of a system of old age pensions, he said that a lot of old

SPEECH IN HYDE PARK SEDITIOUS

Warrant Issued for Arrest of Saklatvala, British Communist.

COMMONS MEMBER

LONDON, May 4.—(Canadian Press).—A warrant has been issued for the arrest of Shapurji Saklatvala, Communist member of the House of Commons, on a charge of making a seditious speech in Hyde Park Sunday, the Westminister Gazette says:

The action against Saklatvala, it is said, was taken at the direction of the government, but the execution of the warrant was purposely delayed so that the Communist member could attend Monday's session of the House of Commons without interference.

While Premier Baldwin pictured the calamity which would overtake the nation if a general strike was not averted, Saklatvala listened intently and smiled occasionally.

"I can understand the member for Battersea (Saklatvala) smiling, because that it what he has dreamed of for years," said the Prime Minister quietly.

The Prime Minister's remark was answered by Laborite cries—"He had nothing whatever to do with the present situation."

COURT ALLOWS SAPIRO APPEAL

Re-trial of Libel Suit For $100,000 Against Western Papers.

JUDGES UNANIMOUS.

REGINA, Sask., May 4 (Canadian Press)—Re-trial of the $100,000 libel action bought by Aaron Sapiro, United States lawyer, against the Leader Publishing Company of Regina, and the Star Publishing Company of Saskatoon was ordered by the court of appeal Monday in a judgment written by Mr. Justice Lamont and made unanimous by the concurrence of Chief Justice Haultain and Justices Martin, McKay and Turgeon.

Their Lordships' judgment is a reversal of the decision of Mr. Justice MacDonald that the plaintiff in the course of his action had failed to show that the articles published in the Leader, in Regina, and the Star, in Saskatoon, referring to the plaintiffs' conduct in connection with the formation of co-operative marketing associations in the United States were not published on a privileged occasion. By this finding, Mr. Justice MacDonald brought the libel action to an end with dramatic suddenness at the conclusion of the case for the plaintiff.

He found that in their articles giving details of Sapiro's alleged methods in organizing pools the defendant newspapers were fulfilling their proper functions in publishing all available information on a subject that was o vital interest to everyone of their readers. With this opinion the court of appeal differs and allows the appeal of Sapiro with costs. The costs of the original action are to depend upon the result of the new trial.

GRAIN FLEET MOVES.

Nine Vessels Put Out From Fort William.

FORT WILLIAM, Ont., May 4.—(Canadian Press.)— Last night nine of the fleet which was wintered here with grain aboard cleared for the east, and the Mars, which came in at 8.30 Monday morning, also took on a cargo of wheat and cleared for Buffalo. Sixteen of the fleet still remain here and will clear later. The weather is fine to-day and there is nothing now to hinder free navigation at the head of the lakes.

PETERBORO LAKES STILL ICE BOUND

Snow Deep in Woods, Apsley Reports.

APSLEY, May 4.—May Day, and six degrees of frost, snow knee deep in the woods, the lakes still ice blocked and the men crossing them on foot, and the day after the thermometer registering 80 deg. in the shade, with thunder storms in the air—and that is Apsley—can you beat it?

Eels Creek has opened up, and the spring drives of logs have commenced, two gangs of river drivers being employed near the High Falls in dumping logs which are destined for the saw mills in Peterborough.

The roads are beginning to dry up and George Stephens has begun his daily auto truck service to Peterborough. Duncan Brown has also put his truck into commission for the mail service, while other car owners are getting ready for summer traffic.

Miss Howlett presided at the organ at the evening service of St. George's church on Sunday in the absence of Mrs. Downing, who was visiting friends in Peterborough.

Mrs. Dean is spending a few weeks in Toronto after staying for the winter with Mr. and Mrs. C. Tanner at Chandos.

The Rev. Canon Hartley returned to Toronto Thursday after conducting an eight day mission at St. George's church.

Born—To Mr. and Mrs. Lloyd Young, May 1st, a son.

CONFESSES MURDERS

EDMONTON, May 4 (Canadian Press).—Confessing to the brutal murder of two trappers, Holtmeyer and Christiansen, west of Hudson's Hope, B.C., six years ago, Will m Innes, 56-year-old trapper shot and killed himself in his lonely cabin a few days ago, according to word received here Monday. Robbery was the motive for murder, Innes told a friend just before he slew himself.

MOTHER'S DAY IN NORHAM CIRCUIT

May Flowers and Plants Beautified Churches.

NORHAM, May 4. — Mother's Day was observed on the Norham circuit last Sunday. The churches were all prettily decorated with May flowers and house plants. The services were all well attended. Mother's choirs rendered special music at all the appointments. At Meyersburg the choir sang "My Mother's Boy" and "Oh Mother When I Think of Thee." Mrs. John Jones sang, "Remember Child Your Mother's Prayer."

At Norham a choir of seventeen mothers sang, "Mother's Prayers Are Answered," the duet being taken by Mrs. James Arkles and Mrs. J. F. Everson, and "Remember Your Mother's Prayer." Mrs. Marcius Massey, the oldest member of the congregation, sang "My Mother's Bible." Mrs. William Evans sang "My Mother's Prayer." Red and white flowers for the service were supplied by Mrs. Charles Pierson and Mrs. Samuel Platt. Mrs. Lorne Evans and Mrs. Marshall Wilson were ushers.

In connection with the service next Sunday evening a number of the Young Women from the Sunday school are to present the pageant, entitled, "The Mothers of the Bible."

Mrs. George Evans, Mrs. Lewis Denike and Mrs. Phillip Brenton have been appointed a committee to receive suggestions and choose a name for the Norham United church, having two weeks to report to the Church Board for confirmation, the name to be announced at the re-opening which is likely to take place on the first Sunday in June.

QUASHED O.T.A. FINE

Brockville Judge Reverses Magistrate's Penalty.

BROCKVILLE, May 4 (Canadian Press).—In County Court Monday Judge Dowsley quashed the conviction registered by Magistrate E. E. Adams, of Prescott, against Howard Quartus of that place, for breach of the O.T.A. Quartus was convicted on April 13th upon the evidence of three "spotters" of having sold a bottle of whiskey, and sentenced to one month in jail with a further fine of $200.

EASY DIVORCE IS OFFERED UNDER A NEW MEXICAN LAW

Divorces on short notice are the latest attraction for Winter tourists in Mexico. Under recent legislation passed by the State of Sonora it is possible to obtain a decree by mutual consent, usually in four to six weeks.

Under the Federal statutes of Mexico a foreigner enjoys all the rights of a citizen in respect to actions at law, including suits for divorce. Sonora has gone still further, authorizing suits against non-resident defendents by means of personal service "or such other means or mode of service as may be authorized by the laws of the State or place where the defendant resides or may be found." As many States in the American Union provide for service by publication, it becomes possible to publish the notice of a divorce action and then prosecute the action in Sonora.

When service has been made upon the defendant by any of the means that are legal in his place of residence, the Mexican court grants sufficient time for him to answer to the complaint. Ordinarily this delay does not involve more than thirty days. Corroboration of charges may be established "by witnesses in open court, by depositions or sworn statement taken without the country by order of the court . . . or by other documentary evidence of such facts."

The Sonora statutes provide for two classes of divorce. The first, relating to a decree by mutual consent, sets forth that the petition must be "signed by both parties alleging incompatibility and a desire by both parties to end the marriage relation." Under the second clause a divorce may be had upon grounds set forth in the civil code and without agreement. These grounds include adultery, abandonment of the conjugal home by either party for six months and extreme cruelty. The second marriage of a divorced person is prohibited for 300 days of separation from the first husband and wife, either before or after divorce.

Thus Sonora has extended to citizens and aliens the broadest divorce privileges on the continent, with the possible exception of Yucatan, another Mexican State. Although the Yucatan decrees have been set aside in several instances by American courts, it is believed that the Sonora decrees will have higher standing when brought to issue. Treaties between Mexico and the United States provide for mutual recognition of court judgments. If these treaties be maintained to the letter, there apparently is no reason why a Mexican decree should not have all the force of one obtained at home. But it also is true that American courts are jealous of their jurisdiction over American citizens and many times have emphasized that they will permit no other judicial bodies to rule upon the status of such citizens. That attitude is particularly evident in New York.

Uncertain Status.

By reason of these contradictions the whole question of divorce obtained in foreign countries is involved in great uncertainty. But the worst penalty to be exacted of a person divorced where service is made by publication and the defendant does not appear in person or by attorney would be a second suit for divorce by the defendant in the first action. A wife declared free in Sonora, where there had been no such appearance, might be sued at home by her husband and divorced, although she had obtained a decree in the Mexican State. But any criminal implications for bigamy, in the event of a second marriage, would be removed in practice, because courts generally recognize that a decree of divorce relieves the divorced person of guilty intent. Where all parties appear in the litigation, the courts usually hold them to the letter of the decree, because, so to speak, they have had their day in court.

The principles of law and all of the uncertainties surrounding Mexican divorce actions apply with equal force to decrees from French courts. Many well-known persons have obtained decrees in France that may not be honored by their courts at home, especially the courts of New York. Property values amounting to many millions are likely to be brought in question because of these divorces and the remarriages that have followed.

The French laws governing divorce and the procedure followed are a subject of wide interest just now. David May, New York lawyer and recognized authority upon divorce laws, discussed this matter in the light of recent developments.

"France does not require any fixed term of residence to begin a divorce action," he said, "and the plaintiff may file notice of suit almost upon arrival. Usually several months elapse. It is then within the province of the Court to decide whether such plaintiff has established a residence in France. Assuming that the Court is satisfied upon this point, it next becomes necessary to effect service upon the defendant. When such defendant is absent from France, perhaps living in New York, the Court will issue a summons through the French Consul in this city or in another manner. After service of that summons the defendant can commit his rights to a French attorney and be represented abroad without stirring from home. Where both parties are agreeable to the divorce, the service and delegation of rights are rapidly accomplished, and it may be believed that this mutual consent exists in almost every American divorce action that comes before a French tribunal.

Procedure in France.

After these preliminary steps the French court calls for a hearing to effect reconciliation if possible. Since this is usually out of the question, the suit then moves on to a regular hearing and, upon evidence deemed sufficient by the Court, a divorce can be granted. This process of law is common to all of the Latin countries and has a strong relation to that in Sonora, patterned upon the older models of Europe."

But the American divorced in France faces many problems. Only one French divorce has been tested in New York courts, and because of the unusual circumstances surrounding that action it is not regarded as a fair precedent. After Frank Jay Gould had divorced Edith Kelly Gould in France she endeavored to reopen the action in New York, contending that the French courts have no jurisdiction because Mr. Gould's legal residence was Tarrytown, N.Y. But the Appellate Division of the Supreme Court set aside her contention on the ground that both parties had lived more than six years in France and there was no evidence to show they had gone abroad to obtain a divorce. It also was ruled that she had recognized French jurisdiction by beginning a divorce action before that of her husband. Treaties with France, as with Mexico, provide for mutual recognition of legal decisions.

"Let us suppose that an American husband, freed by the French courts, should marry a second wife in New York and die soon afterward, leaving children by the first wife," said Mr. May. "It would become possible for them to assert that the second wife never was a legal wife and could not inherit the husband's property when he left no will, because the first wife had not been legally divorced. This issue is yet to be decided, but will come up before long, as many of the persons divorced abroad have large property interests and families by their first marriages. No one can predict what the courts will hold, but we must remember that the New York judiciary looks with cautious eyes upon all divorce actions brought outside the State by its citizens. Our courts have held that in cases where the principals in a divorce action leave the State for the purpose of evading its laws such divorces will be nullified.

Suits That May Follow.

"Not only is it possible for the children of a first wife to pursue an action at law along the lines indicated, where there has been no service by publication and no appearance by the defendant, but the wife herself could bring suit for property or divorce in New York, charging that her husband was illegally living with another woman. The puzzling ramifications of this international question extend into far fields. The Gould case, failing to supply a satisfactory precedent, it is impossible to predict what stand the New York courts will take upon French divorces. Even though the spirit of treaties be recognized and the figures of French courts fully granted, the rights of children to property yet remain to be determined, laying aside all considerations affecting the two parties principally concerned."

In a less degree the problems surrounding French and Mexican divorces also apply to the decrees of other States when brought to question in New York. Mr. May pointed out some of the typical difficulties that arise daily in actions of this kind.

"If a New York couple took the marriage vows in New Jersey and returned to this State without establishing a marital residence, a New Jersey divorce afterward granted to either party where there was no personal service in New Jersey or appearance interposed must be questioned in New York," he said. "When a resident of New York removes to New Jersey and lives there the required period of two years to begin a divorce action, it by no means follows that a decree then obtained will be upheld in New York. If the defendant can be induced to enter New Jersey and accept legal service, perhaps to appear in the action, the New York courts will recognize the decree. But in cases where the defendant has been notified by publication only, and perhaps had no opportunity to contest the action, New York courts have consistently ruled against such divorces."

Interstate Difficulties.

What has been said about the possibilities of a second action in New York by the first defendant, disputing the rights of a French court to rule upon his or her married status, also applied to a New Jersey action of the kind pointed out by Mr. May. To express the matter another way, the man against whom a decree was granted in New Jersey might in turn bring suit under the New York law and obtain a decree against his wife. In order to comprehend the importance of this distinction it must be borne in mind that the person against whom a divorce is issued in New York cannot remarry in New York State, according to its laws. But the plaintiff in the action receives that privilege. Assuming that the woman cited in this hypothetical case should remarry or already had married again in New York, she would be subject only to contempt of court, and her marriage is legal in New York, although contracted in violation of the decree.

It is an impressive fact to the lay man that the person divorced in one State and married in another under doubtful circumstances is open to no ordinary forms of prosecution. The worst penalty that threatens him or her is a second suit for divorce and the notoriety attending such action. Where either party has children the possibilities become more complex. But the only real threat of a demand for redress by law arises under the New York statutes prohibiting the remarriage of defendants in a divorce action.

Mr. May drew attention to the relations of State courts under the Federal Constitution, which lays down the principle that the tribunals of all States are to give faith and credit to the decisions of other States. That same spirit enters into international treaties, so that the theoretical aspect of divorces obtained in other States or foreign countries is perhaps identical. But in application every court almost becomes a law unto itself, as the United States Supreme Court said, and the citizen of any State divorced in another State must always live in some doubt about his standing. Only in cases where all the requirements of a home State have been observed by a citizen of that State can a divorce be accounted fully legal and binding.

These conclusions mean that many thousands of persons in New York and the country at large bear divorces which are likely to be held worthless upon challenge. But relatively few of these doubtful divorces ever lead to secondary actions or any other process of law. The practical effect is to create a state of uncertainty affecting the whole fabric of law between the States

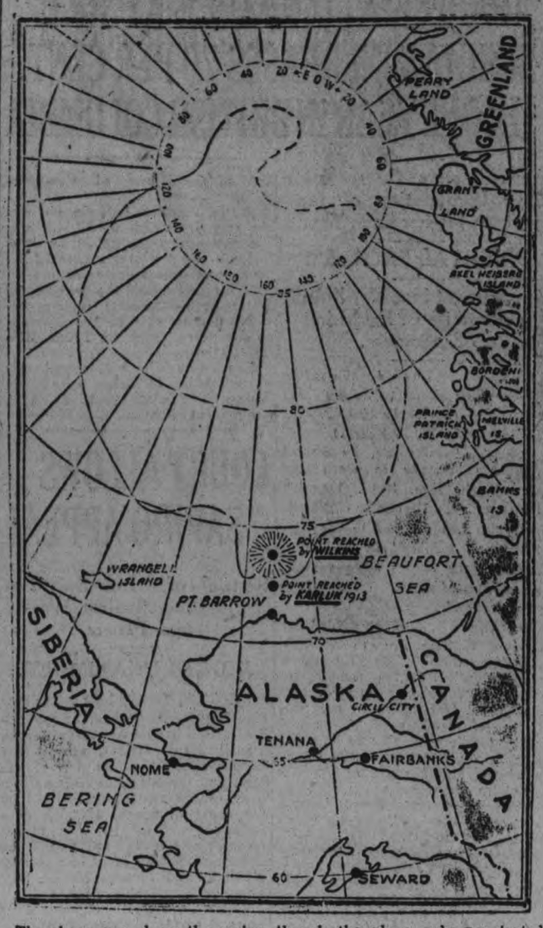
Nevada still leads all other States in the liberality of its divorce laws. A residence of six months only is required, but the plaintiff must reside in a fixed place for that length of time. Formerly it was possible to break a journey westward by a stop in Reno, file an action there and continue the trip to San Francisco. At the end of six months a plaintiff could return and carry on the action.

In New Jersey the causes include extreme cruelty to either party, but the law provides that an action based on acts committed in another State shall have standing only in cases where such acts constitute grounds for divorce in the State concerned. In Pennsylvania the term of residence is only one year. Pennsylvania laws recognize desertion for two years and personal abuse as grounds for action. The Connecticut statutes prescribe three years' residence. The causes include wilful desertion for three years and intolerable cruelty.

The State a Party.

"The wide demand for more liberal divorce laws fails to take into consideration an all-important factor," said Mr. May. "In every marriage there is a third, silent and invisible partner, the State. Courts everywhere consider the interest of the State as well as the interest of the individual. Marriage is not merely a contract between two parties, as all other contracts are construed, but an institution, as the Court of Appeals has said, and a binding tie in which the State has a direct interest. Therefore courts of all States reluctantly undertake to sever the marriage ties."

WHERE WILKINS WENT



The above map shows the region penetrated by Capt. Wilkins in his recent flight north of Point Barrow. In addition to being the longest non-stop Arctic flight ever made, Capt. Wilkins reached a point never before seen by the human eye. Although the plane only penetrated the unknown area seventy miles, Wilkins and his pilot were able to see fully thirty miles on either side, so that they actually explored to a depth of one hundred miles without seeing new land.

FOUR DROWNED IN RIVER SQUALL

Fishing Boat Upset in Richelieu River By Sudden Blow.

LIKE TORNADO.

MONTREAL, May 4—(Canadian Press)—Four persons, Max Eptsein, 25, Mitchell Astroff, 25, an unindentified woman, and a child also unknown, were drowned in the Richelieu River on Sunday evening when their boat was overturned in a squall near old Fort Chambly. The paty was on a fishing trip when the tragedy occurred. Striking with nearly the velocity ofa tornado, the wind swept down on the Fort and caught seven rowboats which were on the river in this vicinity at the time in a wild squall. The occupants of six of the boats withstood the tempest by anchoring and then lying flat in the bottoms of their crafts but the unfortunate party after dropping anchor attempted to make shore. One report was that the unfortunate woman was Margaret Smith, a waitress in a Montreal restaurant, but this could not be confirmed.

REPEAT PERFORMANCE.

Old-Time Concert Repeated at St. Alphonsus Lyceum.

A capacity audience greeted the second appearance of an old time concert, "Their Golden Wedding," at St. Alphonsus' Lyceum on Friday last. Mr. A. Everett and Mrs. J. Dwyer taking the part of the old couple remarkably well.

The performance opened with "Cousin Jedediah," sung by the whole company, followed by an address to the old couple, read by Miss Lillian Simmons.

Vocal duet, "Do'st Thou Love Me, Sister Ruth," with encore "Reuben and Rachel," sung by Stella Brady and Edmund Leonard.

Solo and chorus, "When You and I were Young, Maggie," sung by Dr. Jethro Graham, and an encore to which he graciously responded by rendering "The Song That Reached My Heart."

The Male quartette, composed of Messrs. Niven, Everett, Fitzpatrick and Leonard, sang "Old Southern Airs," with an encore "Darling Nellie Gray."

Mrs. Dwyer sang remarkably well "Carry Me Back to Old Virginia," ably assisted by the chorus.

"Come Where the Lillies Bloom," was sung by the chorus, with a duet by Mrs. Perrin and Dr. Graham.

Miss Lillian Simmons gave two very amusing recitations, "When Mother Is at the Club," and "Wee Hughie."

Miss Geraldine Collins and Mr. Hugh Niven delighted the audience with a vocal duet, "Rays of Heaven," and were encored.

Mr. Fitzpatrick sang "The Mocking Bird," with a bird whistle accompaniment by Mr. Frank Clark, followed by an encore "Thru' the Eye."

Vocal solo, "I Cannot Sing the Old Songs," by Mrs. A. A. Perrin.

Miss Grace White did remarkably well in a skirt dance with piano accompaniment by Miss McCabe.

The male quartette sang "Skipped Their Wives," with an encore, "Simple Simon."

Mr. Everett sang "Silver Threads Among the Gold," accompanied by the chorus. The toast to the aged couple by Miss Lillian Simmons, accompanied by the song, "Drink to Me Only With Thine Eyes."

As a closing feature of the programme an Old Fashioned Dance with music was given by Mr. Frank Clark and Mr. Paul Loescher, followed by "Put On Your Old Gray Bonnet," sung by the whole chorus.

Among those who took part in the chorus were Misses Francis and Florence Murray, Leona Hummell, Alma Fontaine, and Minnie Allin.

HUNTING COAT SHROUD.

VIENNA, Austria, May 4.—Count Josef Glzycki, who was divorced by the former Eleanor Patterson of Chicago several years ago died recently, a virtual recluse. At all times an enhtusiastic horseman, he ordered that he be buried in a red hunting coat.

Relation of the Liver and Kidneys

Such that each suffers when other deranged—Both regulated by Dr. Chase's Kidney-Liver Pills.

When the liver becomes sluggish or torpid in action, the kidneys have to help out with the work of filtration. When the liver fails the kidneys have all the work to do.

Hence the beginning of trouble is usually biliousness, indigestion and constipation and after a time the kidneys begin to be affected and there comes backache, urinary derangements and kidney disease.

The remarkable success of Dr. Chase's Kidney-Liver Pills is due to their unique combined action on the liver, kidneys and bowels. They get at the cause of trouble and remove it no matter how complicated it may be. Promptly and thoroughly they cleanse the bowels or intestines, arouse the liver action and thereby relieve the overworked kidneys.

Patterns of Progress

An American home—its bathtub, breakfast foods, furnace—set down in the heart of Europe would be unmistakably an American home. An American man—the cut of his coat, the tie of his tie, the comb of his hair—walking the streets of Europe is in all his obvious tastes an American.

Advertisements stamp American homes and owners of homes with a kind of national pattern. They create desire for the same kind of things; make particular people know and want the most advanced of things. Homes—what to put in homes. People—how to dress, nourish, entertain the people. Offices—how to equip and operate offices. They set America right about radios and talcums—tell businessmen, housewives, government officials how to brush their teeth!

We cut the pattern of our personal lives and surroundings from advertisements. We keep modern only with their intimate help. We go forward with them, as we would stand still without them. We form our tastes and discriminate values by using their truths. Advertisements offer us patterns of progress that mean quick steps to the fore.

Keep pace with progress by reading the advertisements every day

CANADIAN MERCHANT MARINE REDUCED DEFICIT LAST YEAR

Betterment of $492,826 or 34.2 Per Cent. Over 1924.

1925 STATEMENT.

OTTAWA, May 4 (Canadian Press).—A considerable improvement in the operating position of the Canadian Government Merchant Marine, Limited, is shown by the annual report of the company for 1925, tabled in the House of Commons Monday, by Hon. Charles A. Dunning, Minister of Railways and Canals.

This improvement which reduces the operating loss by $492,826 or 34.20 per cent as compared with 1924, has been accomplished, the report says, "Despite serious depression in the shipping business during 1925." As compared with 1923 the betterment of the operating result is even more pronounced, the improvement in 1925 being $916,239, or 49.15 per cent.

Contributions to this result have been, according to the report, "The careful watching of expenditures afloat and ashore, and the effecting of economies wherever possible." The report continues, "The ships have been maintained in the best state of efficiency and repair, in order to maintain the highest classification for the vessels."

The operating summary is:

	1925	1924
Gross Revenues	$9,874,702.06	$8,811,038.35
Operating Expenses	10,822,755.40	10,251,918.56
Deficit	948,053.34	1,440,880.21

A study of the summary shows that while the gross earnings increased by 12.07 per cent, this larger sum was earned with an increase of only 5.57 per cent in the operating expenses.

Total deficit for 1925, after all charges, including depreciation and interest, was $7,667,512, an improvement over 1924 of $1,169,096. The balance of interest due the Dominion Government on December 31, 1925, was $17,600,882. The report refers to the statement of interest due the government as being "necessarily a book-keeping entry only, as it is impossible under present conditions to pay interest on the war time cost of the fleet."

In addition to the decrease in the operating deficit a substantial decrease was also accomplished in the actual book deficit, as compared with 1924. This decrease amounts to $1,160,096.43 or 13.23 per cent.

This showing, the report states, "Is due to the decrease in the operating deficit and partly to a decrease in the amounts payable the government which latter amounts were reduced by reason of the sales made during the year of eight vessels and a loss of one, namely, the "Canadian Navigator."

The report calls attention to the fact that the book deficit of the company, amounting to $7,667,512.94, "Includes over $3,600,000. Interest charged against the company by the Dominion Government, also over $2,600,000 set up for depreciation both items being calculated on the original cost of the vessels of the fleet. It also includes approximately $500,000 for interest on advances from the Government, largely on operating account since the inception of the company."

Concerning the interest charged against the company on the war time cost of the fleet, the directors again point out that it is impossible to pay this interest on this rating under present condition and, as in previous reports, recommend that a substantial amount of such cost should be written off.

The report states that the fleet consists of 49 vessels with a deadweight tonnage of 324,986 tons and they completed 235 voyages during the year. It lists as an indication of the value of the fleet to Canadian exporters and importers the following figures showing tonnages handled during 1925, including freight in transit on December 31st.

	Tons.	Value.
Export traffic	820,437	$113,250,847.95
Import traffic	319,137	49,057,293.91
Intercostal traffic	113,982	8,609,971.56
Total	1,253,556	$170,918,113.42

The report observes that the company continues to work in close co-operation with the Canadian National Railways and "Business is being increasingly developed to the mutual advantage of both companies."

COSTLY PICTURES.

PARIS, May 1.—Three pictures by Renoir, shown at a recent exhibition of 19th century works here, are valued at 33,600 pounds. Recently a Renoir flower picture sold in London for 3600 pounds.

HOW HE FOUND WHERE TO BUY

"By the way, how did you find out that we handled these goods?" a reporter overheard a prominent merchant say to a new customer yesterday. "You don't usually deal here, do you?"

"No," replied the satisfied customer, "but I saw you advertisement in the telephone book. I've been looking for this material for some time, and now that I know where I can get it conveniently, I intend to use a lot of it."

In conversation with the merchant after the customer's departure, it was learned that this firm made a practice of checking up their advertising by inquiring of new customers how they came to visit the store.

"We were surprised to learn," he said, "that a big percentage of first orders are prompted by our telephone directory advertising — it seems to reach just the people we want to attract to the store."

OLD COIN UNEARTHED.

This coin of date of 1790, bearing the head of King George III., was recently unearthed eight feet underground, near Midland, Ont. There is much speculation as to how it, along with several others, came to be in the spot where they were found.

NEGLECT IS DANGEROUS.

Indigestion, constipation, biliousness, distress after eating, dizzy spells, headaches, pains in the back, etc., are all nature's warnings of some unnatural condition. Such warnings are not to be neglected as the time will come when nature will refuse to be imposed upon any longer and serious consequences are the invariable result. The longer the neglect the more difficult to restore the system to a normal condition. Regardless of the length of time neglected, Miller's HERB JUICE the new herbal remedy is the most reliable agent for correcting all such troubles. It effects prompt relief and permanent results. Thousands of individuals young and old who have secured quick and lasting benefit from HERB JUICE have submitted voluntary statements of appreciation and gratitude.

"Why don't you try HERB JUICE?" That's what a friend of mine said to me after I told her I had been a constant sufferer from stomach trouble, kidney disorders, dizziness, loss of sleep and poor appetite. Today I only wish she had given me that advice sooner as your HERB JUICE has made me feel and look like a different person. All of my troubles have disappeared and I give HERB JUICE the credit," said Mrs. H. Quance, a prominent society leader residing at 365 Shaw St., Toronto. Ask your druggist about HERB JUICE.

For sale by McDermid & Jury and leading druggists everywhere. Price $1.00.

FORD ONE OF GREATEST.

LONDON, April 30.—King George, the Prince of Wales and Henry Ford are the greatest men in the world, according to a majority of New Zealand school boys sounded by the Y.M.C.A., as a part of its world inquiry into what its youth is thinking about. The name of President Coolidge also was mentioned.

PLAY PRESENTED

Young People Put on a Very Successful Comedy.

BAILIEBORO, May 4. — The comedy, "A Poor Married Man," which was put on in the United Church here on Wednesday evening under the auspices of the Young People's League, was a real success in every way. The hall was packed to capacity with an audience which was thoroughly appreciative, and the solos, instrumentals and violin duets rendered between the acts of the play all won hearty rounds of applause.

The entertainment commenced at 8.30 with an instrumental played by Mrs. Frank Dawson, followed by a violin duet by Jim Wood and Clifford Emberson. Miss May Wood acted as accompanist for the violinists, and during the evening the boys played several numbers, all of which received hearty applause. Eldridge White also added to the programme between the acts by ably rendering several solos. Owing to the condition of the roads, Ernie Wells of Port Hope, who was engaged to fill in between the acts, was unable to be present. Miss Jean Dawson presided at the piano for the music needed in the play.

The play was put on in three acts, and the time taken to give the play was two hours.

Professor Wise, on a visit to Niagara Falls, falls in love and is married to a charming young lady, whose mother insists on accompanying the pair to their new home, much to the disgust of the groom. His friends mistake the mother for the bride, and relate to the Professor sundry escapades of the mother's husbands. Professor Wise naturally thinks they are referring to his wife instead of her mother. A dashing college boy, and a pretty reporter, add to the Professor's growing suspicion. Finally he becomes convinced that his wife means to poison him. The bride, who has married the Professor at her mother's instigation, learns that she really loves Billy, and when the mother learns that Billy is wealthy and that he is really in love with her daughter, she determines to divorce the Professor. She is successful in this, and in the first instance marriage is proved to be a failure.

The Professor marries again after a year, and he selects a girl who will not encumber him with a mother-in-law, but to his horror her innocent old father is trapped into a marriage with the woman who caused all his former trouble.

The cast of characters were:

Professor John B. Wise, aged 27, a poor married man—Fred. Barnard.

Dr. Mathew Graham, aged 54, a country physician—Will Lang.

Billy Blake, aged 20, a popular college boy—Geddas Harper.

Jupiter Jackson, aged 23, a black trump—Rolland Johnston.

Mrs. Iona Ford, aged 48, some mother-in-law—Miss May Earle.

Zoie, aged 20, her charming daughter—Miss Dorothy Falls.

June Graham, aged 18, a little freshman—Miss Lottie Earle.

Rosaland Wilson, aged 19, a college reporter—Miss Irene Dawson.

The success of the play was chiefly credited to the able instructor found in W. B. McLean, who saved no time or trouble to put the play over a success.

The amount taken in at the door amounted to about seventy dollars.

The ice on Rice Lake began to move down the Lake on Wednesday morning, and with the assistance of the strong north-westerly wind it had completely disappeared by Thursday morning, when the residents residing within sight of the Lake had the satisfaction of seeing the Lake once again sparkling in the morning sunshine, and the trappers' canoes peacefully making their way over the smooth surface.

IN MEMORY OF ZEEBRUGGE

Fitting ceremony marked the raising of the white ensign of the Royal Navy at the cenotaph in front of the Toronto City Hall on the Toronto City Hall on the anniversary of the naval battle of Zeebrugge and St. George's Day. Wreaths were placed about the foot of the monument by the Royal Canadian Volunteer Reserve, the R.N.V.R. Officers' Association, British Empire Service League and the president, ex-officers and members of the Navy League of Canada, and by Mrs. Deterling, the only woman navy veteran in Canada.

BOYS AND GIRLS ARE TRAINED IN FIRST AID

Junior First Aid Legion Is Doing Remarkable Work.

Beginning on May 1st, which has been designated as National Child Health Day, by Secretary Hoover, thousands of young knights and ladies in the United States will answer —the roll call of the Junior First Aid Legion.

The Junior First Aid Legion, born just a year ago, and dedicated to the service of caring for their comrades in distress, has grown into a mighty Knight Errantry for boys and girls, with a chapter in every community.

Four hundred thousand boys and girls answered to the Junior First Aid Legion roll call last year, and were pledged and trained and equipped to help themselves and others when accident comes and adult help is not available. Whether it has been a minor cut or scratch, which when neglected often proves fatal, or a severed artery due to some carelessly thrown broken glass in a swimming place, or an averted drowning, the Junior First Aid Legioner has proven his metal, by his cool-headed, intelligent first aid performance.

Every year throughout the country twenty thousand children between the ages of ten and fourteen, meet death through accident, and over three hundred thousand are injured. With the advent of this organization of boys and girls who understand the rudiments of first aid, there has been a marked lessening of fatalities. The Legion records hundreds of accidents where prompt and intelligent first aid averted permanent injury and loss of life.

The age limit is from six to 16 or thereabouts, although at different controlling stations the fathers of the young Legioners are being constantly turned down. Exceptions however have been made.

Mothers of the country knowing that they will have much less to worry about this coming summer, with its vacation activities and pastimes which bring frequent accidents, if Willie of six and Johnnie of 16, are members of the Junior First Aid Legion, are encouraging their children to join this organization.

Mr. A. Bauer, who has sponsored this movement, states: "Last year Bauer and Black offered an award of $3000 for equitable division among five hundred boys and girls who rendered best first aid service for the year 1925. So successful was this award plan in promoting first aid work and education among the young people, that this year Bauer and Black are increasing the award to $10,000 in cash

CITY BASEBALL LEAGUE MEETS

Medals To Be Presented and Officers Elected on Thursday.

BIG TURNOUT ASKED.

The initial meeting of the Peterborough City Baseball League will be held on Thursday evening, May 6th, at 8 o'clock sharp, in the Holy Name Rooms, on Simcoe street.

The Spalding Medals for the last year's winners in the various series, have been received and will be presented to the players. In the Junior Series the Lakeviews triumphed over the C. G. E., while in the Juvenile the Knights of Columbus came out on top. The Royals were winners of the Midget Series and the Rotarians captured the Bantam championship. All the players of the above winning teams are requested to be on hand.

The officers of the League will be elected for the year, so that no time will be lost in getting the League under way. Teams wishing to enter the League this year should be represented at this meeting

FRENCH PRETENDER DIED IN BRUSSELS

Descendant of Former French Emperor, Napoleon, Dies Sunday.

BRUSSELS, May 4.—(Canadian Press).—Prince Victor Napoleon, bonapartist pretender to the throne of France, died here yesterday. He was stricken at his home in Brussels last week. Prince was 64 years of age.

FIVE ARE HURT IN MOTOR CRASH

Two Ladies Taken To Hospitals—Others Badly Cut.

CAR HIT POLE.

CAYUGA, Ont., May 4 (Canadian Press).—A motor party of five in a sedan travelling from Tilsonburg to St. Catharines, struck a telephone pole at the Michigan Central crossing, four miles east of Cayuga yesterday afternoon. All were injured. Mrs. Porteus, of Martindale Road, St. Catharines, had her face badly cut, and was taken to Dunnville Hospital; Mrs. Albert Swinn of Tilsonburg, had her arm broken and was taken to Hamilton. Albert Swinn, Mrs. George Starr, and William Robertson of St Catharines, also sustained bad cuts.

NEW PROPRIETORS FOR RENDEZVOUS

Messrs. Kimmel and Forler Will Operate Popular Recreation Resort.

Messrs. Art Kimmell and Harry Forler, well-known proprietors of the Water Str t Bowling Alleys, have purchased the Rendezvous Pavilion at Chemong Park and will operate the popular resort this summer, opening on May 24th. Messrs. Kimmel and Forler have made many friends by the manner in which they have conducted the bowling alleys, and the same methods applied to the Rendezvous enterprise will undoubtedly largely increase the patronage there. Improvements are being planned by the new proprietors and the people of Peterboro can be assured of a clean and orderly recreation centre to which they can bring their guests with confidence.

Dancing, of course, will be a big feature, with Ken Blood and his music as an attraction of merit. Messrs. Kimmel and Forler will operate the boat livery and bathing house in addition to the Pavilion, and Service will be the watchword in these departments as well, while picnic parties will be made welcome at all times in Rendezvous Grove.

Careless Shampooing Spoils the Hair

PATSY RUTH MILLER
Charming Screen Star
Notice her beautiful hair

If you want to keep your hair looking its best, be careful what you wash it with. Do not use prepared shampoos or anything else that contains too much free alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is Mulsified Cocoanut oil shampoo, which is pure and greaseless, and is better than anything else you can use.

Two or three teaspoonfuls of Mulsified is sufficient to cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy, wavy, and easy to manage.

You can get Mulsified cocoanut oil shampoo at any drug store. It is inexpensive, and a few ounces will supply every member of the family for months. Be sure your druggist gives you Mulsified. Beware of imitations. Look for the name Watkins on the package.

WINS APPEAL

Early Closing Bylaw Does Not Force Merchant to Close.

STIRLING, May 4.—The case of Stirling vs. Thos Cranston re the early closing by-law, under which Mr. Cranston was called upon to pay a fine by Magistrate Bird, and then appealed the case to the County Judge, was settled this week by Judge Deroche quashing the judgment of Mr. Bird and declaring in favor of Cranston and against the prosecutor.

The Stirling Creamery is installing a larger boiler in order to have sufficient steam for the increased business being done.

At a meeting held in Belleville Y.M.C.A. last Saturday of representatives of the lady teachers of the Stirling, Tweed, Madoc and Belleville High Schools, a baseball league was formed. Miss Douglas and Miss Findlay of the Stirling High School staff are two of the officers.

At a largely attended meeting of St. Andrew's Presbyterian Church Guild held last Monday evening, Arthur Duncan presented the topic, "The Will of God in the Cross of Christ," in a very able manner. Miss Winnie Ward had charge of the social period, which proved a very interesting time. A collection of old portraits were pinned up against the walls, and kept the crowd guessing for some time as to who was who.

"The Colonel's Maid," a four-act comedy put on by members of Carmel United Church, was one of the best amateur comedies ever presented in Stirling. It was unfortunate that the attendance was not as great as the play merited.

Ferns and shrubs were distributed by the Horticultural Society last week.

The Women's Institute presented a baseball outfit for the use of the boys of the Public School, and have ordered two croquet sets which will be given for the use of the girl pupils of the same school.

The large house known as the Craige House, in the east end, lately owned and occupied by Thos. Cook, has been purchased by Wilson Harlow, and will be converted into three dwellings.

The death occurred in Madoc on Monday of Mr. Alexander McDonald, a former resident of this vicinity. The funeral was held here, the service being conducted in St. John's Anglican Church by the rector, Rev. B. F. Byers, on Thursday Cemetery.

Mrs. Albert Hammond has been in Campbellford for the past ten days for medical treatment of her throat, and is doing nicely.

Elmer Sandercock, grocer, is in Belleville General Hospital, having undergone an operation for appendicitis on Thursday, and is progressing favorably.

Mrs. George Bailey has been in Brockville this week attending the annual meeting of the W. A., being the delegate from St. John's Anglican Church here.

Don. Bird of Picton is visiting his father, Morden Bird. Don. is suffering from a fractured arm.

Mrs. Harry Roberts and baby of Detroit are visitors at her parents, Mr. and Mrs. J. W. Sarles.

Mrs. Henry McCutcheon left on Saturday to spend the summer with her son in Detroit.

Mrs. Samuel Belshaw suffered a stroke and is seriously ill.

PROSPECTS POOR FOR CITY LEAGUE

Softball is Gaining Great Foothold—Schools Take It Up.

E.P.B.L. TO OPERATE.

This week will see some real progress made in local baseball camps. The City Baseball League is preparing for a meeting at which the medals won by the junior, juvenile, midget and bantam winners last season will be presented, and plans made for the summer. Prospects are none too bright, due largely to the disinclination of baseball leaders to spend time and money in a work that gains very little appreciation from the public. Another situation which is bound to sap interest in baseball is the onward march of softball, which is less expensive and to the minds of many enthusiasts provides all the essentials for outdoor recreation.

The principals of the city schools who in past years tutored many youthful baseball players and provided material for the City League, will confine their work to softball, and there will be very little, if any, baseball at the schools this season.

The East Peterboro League, which added a local series last season, will operate again and the re-organization meeting will likely be held at the week-end.

LINDSAY MINISTER LAID AT REST

LINDSAY, May 4 — Citizens of all classes united Monday in paying the last tribute of respect to the late Rev. W. H. Barraclough, of Kitchener, and a former pastor of the First United Church, Lindsay.

The remains of the deceased arrived from Kitchener on the C.P.R. train at noon and were on view in the First United Church until one o'clock. Hundreds availed themselves of the opportunity of gazing for the last time on the face of one who was a powerful factor in the religious life of the community during his pastorate here.

The funeral services at the church were of a most impressive character. The edifice was filled to overflowing. Rev. T. E. Holling, pastor of the church, had charge of the services, while the funeral sermon was delivered by Rev. F. H. McIntosh, associate pastor. The speaker paid a tribute to the life record of the deceased as a pulpiteer, missionary in the Yukon and Klondyke, in the field of letters, etc. He also referred to his record in the work of church union locally.

Rev. G. B. McLennan who was associated with the late Rev. Mr. Barraclough in the joint pastorate of Trinity Church, Kitchener, also addressed the gathering and expressed the sorrow that filled the hearts of the people of Kitchener in the loss of one who was beloved and respected by all classes.

Interment took place in Riverside cemetery. It had been the wish of the deceased that when God had called him he would be laid to rest at Lindsay. The pall bearers were: Messrs. Wm. Flavelle, James Boxall, W. J. Waite, J. R. McNeillie, W. J. Carlisle.

Mr. J. E. Adams, represented Trinity Church, Peterboro, at the obsequies and among the clergymen present was Rev. Mr. Stillman, of Norwood.

ELECTION PROTEST

MONTREAL, Que., May 3. Canadian Press. — Electoral irregularities are charged against Ald. Joseph M. Riel of St. Eusebe Ward, in contestation proceedings filed on Saturday in the Superior court by Alfred Mathieu, who was defeated in the recent civic election.

Mathieu alleges in his petition that Ald. Riel did not obtain a majority of the legal votes on polling day, because either personally or through his agents he was guilty of fraudulent practices. The petition, which covers three pages, closely type written, recounts in detail many alleged instances of electoral corruption. Charges of impersonation at the polls are made, in addition to others of an equally serious nature.

SEEK FOR AVIATORS.

Two Spanish Fliers Believed Lost in South China Sea.

MACAO, May 4. — (Canadian Press).—The Portuguese gunboat Macao left yesterday to search for Captain Loriga Taboada and his mechanic, Pedro Mariane Calton, Spanish aviators, who have been missing since they left Hanoi, French Indo-China, on Saturday for Macao. It is feared that their plane was forced down in the South China Sea. The gunboat Patria will assist in the search if the fliers are not located soon.

WORDS FAIL TO EXPRESS HOW THEY HELPED ME

Says Nova Scotia Woman About Dodd's Kidney Pills.

Miss E. Marsters' Whole System Was Run Down.

SUMMERVILLE, N.S., May 3.—(Special).—"I want to write and tell you how I appreciate Dodd's Kidney Pills," say Miss E. Marsters, a resident of this place. "Two years ago I had typhoid fever which left my kidneys very weak and my whole system was run down. I was advised to take Dodd's Kidney Pills, which I did and words fail to express how they helped me. I would not be without them a day. I recommend your Dodd's Kidney Pills any time."

Dodd's Kidney Pills are purely and simply a kidney remedy. They strengthen the kidneys and enable them to do their full work of straining the impurities out of the blood. Healthy kidneys make a healthy body.

There is no reason why anyone should continue to suffer when Dodd's Kidney Pills can be obtained from druggists everywhere, or The Dodds Medicine Co., Ltd., Toronto 2.

IN POLICE COURT

A farmer appeared in court this morning and pleaded guilty to a charge of being intoxicated in a public place. On being examined as to where he obtained his liquor he stated that he got it in a hotel yard from a man who looked like a farmer and admitted drinking it there. He was then arraigned on the second charge of having liquor in an unlawful place and pleaded guilty to the second charge also. He was fined $10 and costs on the first charge and $50 and costs on the second, paying in all $67.50 for his afternoon in the city.

A local man pleaded guilty to a cargo of attempting to commit an indecent act on a Canadian National Railway train running between Hastings and Peterborough. He was sentenced to three months' imprisonment.

TOUCH OF ELEGANCE.

Transparent capes and coats, with the most fascinating sleeves are shown as a part of the new evening outfit.

Remove Corns this easy way

Remove Corns This Easy Way.... You know the pain of an old corn. It aches, and you cut it, and for a few days there is relief. Then the pain comes shooting back again. Cutting and plasters don't get rid of corns. But a Radox bath so softens the corns that they may be lifted out by the root with the fingers. When you dip your foot into a Radox foot bath, the dead skin (of the corn) combines with the Radox Bath Salts to form a protein salt of the actual corn itself. This dissolves in the water, and so loosens the corn, that it may be lifted out bodily. Radox does not affect the living skin—it is only the dead skin —the corn — which it dissolves. Your druggist stocks Radox Bath Salts. Half pound pink package 60 cents.

Radox Bath Salts

Sole Importers: Gyde & Son, Montreal

TOUGH BABY

THE HALL STORE

Suede Gloves in the swagger cuff style, with novelty cuff embroidered in harmonizing tints. Sizes 6¼ to 7. Colours are sand and natural. Price, per pair..... **$2.75**

MILLBROOK CHURCH BUSINESS MEETING

United Congregation Has Had Very Successful Year.

MILLBROOK, May 4.—The annual congregational meeting in connection with the United church, the second to be held since Union was consummated, took place in the Sunday School room on Thursday evening, the pastor, Rev. F. H. Howard, being in the chair.

The attendance was encouraging considering the very unfavorable state of roads and weather, and showed an active interest, on the part of officials and members, in the affairs of the church.

Rev. Joseph Wilks led in the opening prayer, and Mr. Howard took up the Sunday school lesson, leaving many helpful and practical points with the teachers as suggestions for the following Sunday's teaching period.

The report for the Sunday school was presented by the superintendent Mr. W. Fred Fallis and showed 230 names on the roll, with 26 teachers and officers; average attendance during the year 38; verses recited (average) 82; total collections, $246.41; average $4.59. The first quarters of 1926 has unusually high figures, the average attendance being 166, as compared with 138 for the corresponding quarter last year; average collection this quarter (January to March) $6.78; verses recited 231.

Nine scholars were present every Sunday last year, and received special awards, while 7 awards for learning verses were given out. Twenty-two scholars united with the church during the year. A certain number of verses must be perfectly learned before any recognition is given—the likelihood is that a larger number of scholars will earn this award this year.

Supplies for the current year are now ordered at a total expense of $254.22; the present indebtness for these is about $40.00. The school is using helps and papers this year which are all published in Canada with the exception of the graded lessons for the primary department.

One teacher, Mrs. Hugh Kennedy, was lost through death, and the resignation of the associate superintendent, Mr. P. Stinson, was regretfully accepted, circumstances making it impossible, for some months at least, for Mr. Stinson to attend the school sessions; Mr. Jas. Might has been appointed in his place. A donation of 50 helpful books from Rev. Jos. Wilks, to compose a teachers' reference library, was referred to with gratitude by Mr. Fallis.

Mrs. I. L. Byam gave the report of the Boneka Bible class of which she is president. The class name is an Indian one meaning "Love and Forgive," and the motto is, "Help Whoever, Whenever, and Wherever You Can", the latter being repeated when a new member is received, the president pinning on a class pin. There are 66 now on the roll, 18 new members being received during the year. Four supply teachers are in Boneka class—and seven of the teachers on the present staff of the school came from this organized class: Mrs. N. Dowell, Mrs. J. McKnight, Mrs. T. R. Aiken, Mrs. I. M. Nattrass, Mrs. P. Stinson, Mrs. C. W. Richards, Mrs. Williamson.

Five committees are actively functioning—membership, missionary, devotional, visiting, and social Several sewing meetings had been held during the year, and clothing sent to needy families, the class assisting with the bales sent to Rev. G. S. Gervan, at Chalk River, in response to his appeal.

Miss Mary Widids donated $5 to the class funds in memory of her mother; $10 was donated to the Sunday school fund, and $5 to missions; an electric heater was purchased for the pastor's vestry. The birthday box nets a goodly sum—this is a recent innovation for an adult class, and a real help financially; the class has a fair balance on hand, and all obligations met.

The report of the Tuxis Square gave evidence that the boys are willing to serve as required, 12 to 15 being present each Sunday, the great lack being competent leadership that the week day programme might be successfully carried out. The pastor asked the workers to make this a matter of prayer that the proper person to take the part of leader might be found without any avoidable delay.

Rev. Jos. Wilks, superintendent of the Home Department, reported 44 names on the roll, good quarterly offerings, and lessons well studied, the new lesson help finding much favo.

Miss Stella Hetherington, president of the Young Peoples' Society, stated that last year the average attendance was only 13 out of forty members, but the new group plan has an average attendance for the one month it has been in operation of 40; $65 was raised for missions, and the young people always furnish the plants for the front of the church each summer.

The reports from the Woman's Missionary Auxiliary, the Mission Circle, and the Sunshine Mission Band, were given by the respective leaders, Mrs. (Rev.) Howard, Mrs. J. McKnight, and Mrs. O. Williamson, the total amounts raised being $253.00, $80.99 and $106.00—a small decrease on the part of the Auxiliary, but an increase with the other two, particularly the mission band.

Mrs. A. J. Brown, vice-president of the Ladies' Aid Society, reported a total of nearly $980.00 raised last year. The expense of lowering the choir loft and gallery in the church totalled $1,319.17—a balance is still due on this account but the Aid will meet this indebtedness by various undertakings during the summer and fall months. The membership is now 73.

The Primary Department of the school has 48 names on the roll, and 28 babies on the Cradle Roll. Mrs. G. E. Burnham is superintendent of the latter, Mrs. H. W. Johnston oganist in the primary room, and Miss Florence Fallis the beginners' teacher. Miss B. P. Burnham is superintendent, and also teaches the primary pupils

The Wide Awakes group of Canaian Girls in Training reported a good year's work, with an increasing interest, attendance, and membership. Two of the girls will be sent to the annual C.G.I.T. training camp at Lake Couchiching in July, the expense totalling about $40.

The church treasurer, Mr. G. E. Burnham, gave total amount raised on the circuit as $3,645.04—$1,405.50 was collected for the Maintenance an Extension fund; 25 per cent of the amount given through the envelopes each Sunday now goes to the connectional funds of the church; approximately $150 each month is required to meet current expenses. Mr. Burnham reported a small balance on hand, and stated that in the 12 years he has been treasurer he had never before been able to report other than a deficit when the year closed.

There are 190 families on the circuit, Mr. Howard said, and during the year there had been 15 baptisms, 17 burials, 25 members had been retired from the roll owing to deaths or removals; 47 had been received by certificate, and 27 on profession of faith—a net increase of 50. The pastor remarked, with deep gratitude, the spirit of service which desires to bring others to the Saviour which prevails among the leaders of groups, teachers of classes, etc. and this without any special services of an evangelistic character. Personal inquiry regarding the way of salvation from among his people had cheered the pastor's heart during recent months—the result of prayer and the evidence of careful work under the Holy Spirit's guidance.

Messrs. Fallis and Brown reported for the cemetery board showing that the perpetuity plan is gaining in favor, and $1,000 was invested in a village of Millbrook debenture, about two years ago, the interest at 5 1-2 per cent per annum being used for the upkeep of the plots. Letters have been received literally from coast to coast from people who have friends buried here and wish the graves properly care for. A vault is now under consideration at the next necessity.

On motion of Messrs. Fallis and Stinson the stewards were re-elected for a second term, as until the General Council meets on June 10 the constitutional ruling on such matters will not be definitely decided. The stewards are: Messrs. L. W. Smith, J. Might, J. L. Byam, M. McDowell, W. H. Coombe, W. G. Hetherington, and L. Larmer.

In closing the meeting the pastor expressed pleasure in noting that every report showed progress and an active interest, the result of inspiration under God's leadership, and a cause for deep gratitude as the work of the new year is entered upon.

A request from the Tuxis Boys for a tennis court for the season led Councillor P. Stinson to offer the use of his ground, provided the boys would agree to keep the grass cut, and the court in good condition.

The meeting was closed with prayer by the pastor.

It was noted that including the $130 raised by the group coming into the Auxiliary from the former Presbyterian church a total of nearly $570 was raised for missions outside the amount remitted to the general missionary fund of the church—the largest amount contributed in any previous year of the local church's history.

WOMAN SENTENCED.

Posed as Representative of Hon. W. F. Nickle.

HAWKESBURY, Ont., May 4.—(Canadian Press.)—Two years in Mercer reformatory was the sentence imposed Monday on Mrs. E. Pulliott, of no stated address, on being found guilty of a charge of falsely representing herself a special emissary of Provincial Attorney General, Hon. W. F. Nickle.

According to the police, the woman had gained access to a number of prisoners, held under the O.T.A. and promised to gain the prisoner's liberty for certain small sums.

PICKEREL SEASON OPENING IS POOR

High Water at Lock Brought Little Luck To Anglers.

Getaway day for the pickerel fishing was not the success anticipated by fishermen. While Saturday's weather showed much improvement, high water at the Peterborough Lock—the favorite haunt of hundreds of local anglers—brought poor results. So high is the water that the lower pier is completely submerged and the lower roadway resembles a wading pool. Falling darkness brought no better luck—not even with suckers.

But to many fishermen the situation is not without the proverbial silver lining. It may be that pickerel will find their way into Little Lake, where last season very few fish were caught.

THROUGH FUNNEL.

LONDON, May 4.—A machine which pours ultra-violet light through a funnel down the throat of a patient has attracted considerable interest at a nursing exhibition here.

The woman was arrested in Ottawa at the request of the provincial police.

Wednesday, the First Bargain Annex Selling Event of May Progressive Month

JUST-ARRIVED SHIPMENT—FIFTY-FOUR DOZEN (OVER 600 GARMENTS)

"Harvey-Knit" Undervests

"PROGRESSIVE SELLING PRICE"

39c Each, 3 for $1.10

"THESE WOMEN"

By MALCOLM DUART

COPYRIGHT 1926

The Characters and Situations in this Story are entirely fictional.

BEGIN HERE TODAY

At the opening of the story today, AUDREY MORTON has just seen her guardian, HARRY MORTON, with whom she is in love, enter the Bon cabaret at midnight with a gay party of women. She has asked JOHN PARRISH, Morton's secretary, to take her there, having overheard Morton make an appointment for the place.

Morton has tried to interest her in Parrish. He also has tried to disgust her with him by a violent flirtation with NONA, a Toronto stage girl, who is in love with him.

Morton has been a mystery to the gossips of Peterborough for 15 years, since he first went there with Audrey, then a little child. Rich, handsome, unmarried, he maintains a home in Peterborough and a costly apartment in Toronto, dividing his time between them. His business and his past are unknown to his friends and neighbors.

Audrey offers Parrish the money for their meal.

NOW GO ON WITH THE STORY

CHAPTER XVII.

Audrey lifted the little silk and velvet bag that she had brought on her arm, drew from it a fifty dollar bill, and passed it to her escort. She did this without once taking her eyes from Morton, on the other side of the room.

Parrish caught the direction of her glance, and with a quick look, settled back in his seat.

"Hadn't we better go?" he asked, leaning over toward her.

She made a negative motion of her head. "I want to stay," she told him.

The manager of the restaurant himself was escorting Morton and his party to a table, that stood directly alongside the dance floor. Removing the sign "RESERVED" from a bouquet of flowers that stood in the middle of the cloth, the manager pulled out Morton's chair for him. Morton waited until the girls in his party were seated, and then gave a rapid order to the restaurant man.

Audrey, watching, saw one of the liquor agents in the corner of the room disappear, and promptly return with a small package. In a few moments a waiter brought to Morton's table a tray of after-dinner coffee cups. Morton, bowing to his party, lifted his own cup, as if pledging his companions.

"I bet they're drinking whisky," surmised Parrish.

"Cocktails," said Audrey, briefly.

Parrish looked at her with interest. "How can you tell?"

"Daddy has never taken me to any of these places, but he has told me about them," she said. "They always serve cocktails in those little coffee cups. That's so nobody can see what's in them."

The girls who were with Morton were strangers to Audrey, but the other male member of the party was the man who had spoken to Morton in front of the art store, the day before.

Paying almost no heed to Parrish, she continued to watch Morton's table. The waiter brought her dish after dish, each of which she pushed away. Parrish was making a good meal out of the small portions that were set before him.

"Don't you want to eat anything?" he asked her.

"I think not," she said. "I may take some coffee."

In Morton's group the conversation was becoming lively. Two more trays, with the little cups, had been brought. One girl, who was sitting at Morton's right, was laughing almost continuously.

The girl was ruddy—whether artificially or naturally, Audrey could not tell at that distance. Her hair was a rich dark red, and her cheeks were blooming. She had the round face of a child and a child's round, inquiring eyes. Her arms and shoulders were bare, and on her left wrist was a long platinium chain, wound around and around to serve as a bracelet.

As Audrey watched, the girl upset a tall glass that the waiter placed before her. She giggled hysterically, and drew back, as the waiter sopped up the liquid with napkins snatched from an adjoining table. When she pulled her chair close again, she turned to Morton as if apologizing. Leaning nearer and nearer to him, her arm stole over the back of his chair, and finally over his shoulder.

He merely looked amused.

"Let's go," again proposed Parrish, who had not lost any of the details of this scene.

Audrey apparently did not hear him. Her eyes were fixed on the man and girl across the room. Her jaw was set a little forward, as if she were filled with some deep resolution.

Morton turned his head and whispered in the girl's ear. She laughed delightedly, and turning to her companions, apparently repeated what Morton had said. They all roared. The strange man reached across the head of one of the girls, and patted Morton on the back.

The girl who was sitting at Morton's left had been watching him, almost as intently as Audrey. Now she leaned toward him, took the other girl's hand, removed it from his shoulder, and placed her own arm around his neck. The auburn-haired girl moved in quick protest. She clasped both her arms around him. There was a quick struggle, which Morton ended by rising to his feet, and backing away in mock dismay.

Audrey could see him turning to one of the girls, and then to the other, as if entreating them to behave. When he resumed his seat, each of the girls tucked an arm through one of his, and the noisy conversation went on as they dipped gingerly into the plates of soup that now were before them.

Once Morton's glance crossed the room, and rested for a moment apparently on Audrey. However, his face was unconcerned, and Audrey decided that he had not seen her.

"I think we can go now," she said to Parrish.

Rising, he helped her to don her fur coat, and motioned to the waiter to come. He stood patiently until the man returned with his change. Laying a half-dollar beside his plate, he was starting out, but Audrey stopped him.

"I thing he expects more than that," she suggested.

He looked at the half-dollar, and then at the waiter, who had not touched the money.

"How much should I give him?" he asked the girl.

"About two dollars, I think," she said.

Reluctantly, he took back the coin, and laid two dollars in bills on the table. The waiter, without a change of countenance, nodded, and thanked him.

Together they wound their way through the tables, and to the door. Audrey watched Morton as she passed through the room, but he was talking intently to the ruddy girl, and did not life his eyes.

* * *

Morton was stabbing at a grapefruit, at breakfast next morning, when the butler brought in a telegram.

Morton glanced over it.

"When my office opens, please call up Parrish there, and tell him to wire my office in Peterborough that I won't be back for about a week," he directed. "Tell them to take care of any business matters that come up as they see fit. They know what to do."

The butler bowed. Morton finished his grapefruit, and turned to the large platter of bacon and fried eggs that was set before him.

"Has Miss Morton been downstairs this morning?" he asked.

"No sir," the butler said. "Shall I inquire, sir?"

"No—never mind," said Morton. "I think she retired rather late last night."

His breakfast finished, he picked up one of the papers that lay beside his plate, and glanced over the headlines. Then he turned to the market reports, and ran his eye down the columns of fine print. Evidently finding nothing to interest him, he rang for the butler.

"Never mind that message to my office," he said. "Telephone Parrish to come over here, right away."

He sauntered into the drawing room, and stood looking out the window, at the busy street below. It was turning spring, and the garments of the girl office workers, hurrying lest they be late, were brighter in color than for some months past. Morton watched the morning procession for a while, and then turned to the pipe-organ, back in the dark alcove. Switching on the electric lamp, he detached the self-player mechanism, and began fingering the keys softly.

He was still playing when Parrish was announced, an hour later.

Parrish's manner was stiff, as he entered the room. He did not give his hat into the outstretched hand of the butler, but remained standing at attention. There was much disfavor in his eye as he looked at his employer.

"Give him your hat and coat," Morton told him, still moving his hands over the keys.

Reluctantly Parrish obeyed, and obeyed Morton's motion toward a chair.

Morton repeated the message for his Peterborough office that he had given to the butler earlier, and Parrish made note of it.

"Is that all, sir?" he asked.

Morton thoughtfully strolled across the room, and seated himself on the edge of the table, beside which Parrish sat.

"I'm going to be engaged this afternoon and this evening," Morton said. "Will it be too much trouble for you to take Miss Morton out any place that she desires to go."

"No sir," Parrish said, sitting erect and rigid, with his eyes averted from Morton.

"In that case," said his employer, "I suggest you call her on the telephone about noon, and ask her if she would not like to go for a ride in the country. She has not yet risen this morning."

He looked at Parrish, waiting, but the young man said nothing.

"You may open an office account for yourself," Morton went on, "for purposes of entertainment. I'm afraid that taking Miss Morton around may prove too costly for you, otherwise."

Parrish flushed.

"Miss Morton usually has plenty of money with her," her guardian proceeded, "but it is embarrassing for a young man to borrow from a lady."

Parrish started, and darted a quick look at his employer. Morton's face was impassive. Parrish sighed, as if in relief.

"I am quite sure you will not take her to any place she ought not to go," the cool, even voice went on. "At least, unless she asks you to take her there herself."

Parrish shifted uneasily, and again there was a question in his eyes as he looked at Morton. There was no visible answer in the older man's face. He only continued his instructions. "If you take her to restaurants, take her to those where the food is good. You have not been around the world much—I believe I am right in saying that. Always be certain to fee the waiters liberally."

Parrish hastily arose to his feet. "You saw me—you saw us!" he exclaimed.

Morton's eyebrows raised in apparent surprise. "I am afraid you are talking in riddles. That's a bad habit. You evidently have something on your mind that I don't want to inquire into. If you want to dance, Miss Morton can show you about as well as any teacher. I guess that's all."

Parrish regarded him doubtfully, and seemed about to ask again if Morton had seen him the night before. The other man waved him away.

"If you have a guilty conscience about anything, I don't want to know it," Morton said. "I don't inquire into other people's consciences."

"But I'm not guilty of anything," Parrish protested.

"You act as if you were," Morton said, taking the other by the arm. "But I suppose it's merely my imagination. Now you go ahead to the office, and make sure to ring Miss Morton about noon. I'm afraid she will be lonesome."

There was amusement in his eyes as he watched the young man depart, and he shook his head slightly, as he pushed a button beneath the edge of the table.

"Ask Miss Morton's maid if she has arisen yet," he told the butler.

A minute later that household official came running down the stairs, his face agitated.

"Miss Morton's maid says that she isn't there—she wasn't here last night—her bed isn't disturbed!"

(To be continued.)

GREAT REJOICING BY RHEUMATIC CRIPPLES

If So Crippled You Can't Use Arms or Legs, Rheuma Will Help You or Nothing to Pay

Get a bottle of Rheuma today and wear a satisfied smile on your face tomorrow.

It's a remedy that is astonishing the whole country, and it's just as good for gout, sciatica and lumbago as for rheumatism.

It drives the poisonous waste from the joints and muscles—that's the secret of Rheuma's success.

But we don't ask you to take our word for it; go to McDermid & Jury or any druggist and get a bottle of Rheuma today; if it doesn't do as we promise get your money back. It will be there waiting for you.

Advt.

WARSAW NEWS

WARSAW, May 4.—The Warsaw Young People gave their entertainment on Wednesday evening in the Third Line school, for the benefit of the Zion Willing Workers. There was a good attendance. After the entertainment those who took part were invited to Mr. and Mrs. Garfield Crowe's house for lunch.

The regular meeting of the Warsaw Ladies' Aid was largely attended on Thursday afternoon. Arrangements were made for the Aid Social to be held on May twentieth, to which all Aid members with their husbands or brothers are invited; those who won in the recent contest, headed by Mrs. Digweed, are to be entertained by the losers, headed by Mrs. Selkirk.

Those who provide lunch at the different Aid meetings, are to be chosen in their order in the secretary's book.

Voting for the new officers took place, Rev. H. B. Herrington took the chair during the voting. Mrs. Herrington was re-elected President, Mrs. David Taylor is new vice-president, Mrs. Arthur Edwards is new secretary; Mrs. Digweed is re-elected treasurer, and Mrs. Roland Payne is organist.

The bills for plastering, painting, and re-papering the parsonage kitchen, amounting to $15,87 were presented, and it was decided that Warsaw Aid pay Warsaw's share of the expense.

The church and parsonage fences are in bad need of repair and Mr. Alex. Watts has offered to donate new fence posts. The estimated cost of the whole is about $25. It was decided, as the general circuit parsonage funds were rather low, and as the church was wholly Warsaw's charge, that the Warsaw Aid put up the whole fence.

The executive of the Women's Institute met to make a few plans for their parcel post sale, which is to be held on June third.

The annual meeting of the Women's Institute will be held on Thursday afternoon, May thirteenth, in the Institute rooms.

The summer series lecture will be given by Mrs. Towriss of Athens, Ontario, on June fifteenth.

Bush owners are taking in their sap pails. On the whole, the run has not been very satisfactory. Some have had their pails out over a month.

Many farmers are changing their plans for seeding, as it will be some time yet before much can be done on the land. Fall wheat on low, or undrained land, is being drowned out. All looked well when the snow went off, and that on high land does yet. Meadows appear in good condition.

The Dummer Road is beyond description. The stage manages to get through, but the time of its arrival is not to be counted upon. The majority going to Peterborough go the back way to Lakefield, and then to Peterborough and have done so all week.

NEWS FROM CAVAN.

CAVAN, May 4.—Mr. and Mrs. Harold Bigelow and daughter, Elcanor, have returned to their home in Grass Hill after a visit with Mrs. Bigelow's parents, Mr. and Mrs. J. C. Swain.

Mrs. Jas. Douglas visited her sister, Mrs. Robert Hooton, of Fairmount for a few days this week. Mrs. Hooten is recovering from a recent accident.

Miss Mabel Eggleson, of Ida, was the guest of her friend, Miss Helen Howden on Thursday and attended the dance in Cavan.

Mrs. Albert Elliott and Mrs. Milton Carr have been the guests of Mrs. Elliott's daughter, Mrs. Sydney Hutchinson in Norwood for a few days.

Mrs. Skuce returned from Peterborough on Thursday.

There are a number of cases of flu in these parts; Mrs. M. Hutchinson, who was so ill last week is recovering.

Mr. and Mrs. William Gray and Mr. and Mrs. T. Bradley, Millbrook; were guests of Mr. and Mrs. Jas. Paul on Sunday.

The May meeting of the Cavan Ladies' Aid will be held at Mrs. Creighton Carr's home on Thursday afternoon, May 6th.

May is almost here and as yet no work has been done on the land in this vicinity.

Messrs. H. Lang, F. McMahon, and C. Carr were among those who attended L. Gray's sale at Carmel on Tuesday.

J. Newton, intends to go on Monday to Massey to work in James' Veneering mill.

A. Kennedy is in Nichols Hospital, Peterborough.

Miss Mildred Byers has returned from a visit in Detroit. Returning, she visited friends in Toronto.

Cavan Women's Institute will meet at the home of Mrs. F. M. Staples, Eight Line, on Tuesday afternoon, May 4th.

Miss Muriel Newton, returned to her position with the T. Eaton Co., Toronto, on Tuesday afternoon. She had been home for a couple of weeks.

School was closed in S. S. No. 7, on Tuesday and Wednesday on account of the illness of the teacher, Miss Preston.

Jas. Paul attended the funeral of the late William Crow, 12th Line, Cavan on Tuesday.

Exhibition Boosters!

The following is today's list of persons joining Peterborough Industrial Exhibition for 1926.

S. D. Hall, 25 Dennistoun Ave.
B. Arnott, Crawford's Grove.
John Waldie, 136 Perry Street.
—. Wilson, 249 Stewart Street.
R. H. Hunter, George Street.
J. P. Flood, Ennismore.
R. Harstone, 565 Water Street.
Edwin Fife, No. 1 Keene, Ont.
H. Darling, No. 2 Peterboro.
James Chambers, 270 Reid St.
William Lamb, 174 London St.
H. B. Keslick, 598 Downie St.
Dr. E. Wood, Stewart Street.
Mrs. Ford Strickland, 455 Gilmour.
O. A. DeGraw, 360 Simcoe Street.

Jack Eastwood, Buckhorn.
J. Wolstenholm.
J. H. Lewis.
J. R. Mann.

BEAR LOADS UP.

GREAT FALLS, Mont., May 4.—A 300-pound bear, emerging from his long winter sleep near here, broke his fast by eating three sticks of dynamite. A road gang watched him at his feast. There was no shooting at bears all week.

WORLD RECORD SCORED.

VICTORIA, B. C., May 4.—Due to care and safety devices, a world's safety record was scored by the coal mines of British Columbia in 1925 on the matter of fatalities in this industry. The death rate per 1,000,000 tons of coal mined, was 2.4 men.

MANY FISHERMEN ARE STILL MISSING

Only 99 Saved From Japanese Steamer Which Was Wrecked.

TOKIO, May 4. — (Canadian Press).—Navy despatch from a destroyer near the Kuriles Islands, the northeast archipelago of Japan, received yesterday, declared that 150 fishermen and members of the crew of the Chichibu Maru, a small crab fishing steamer which was wrecked on the rocks off Paramushiro early last week, still were missing. Ninety-one of those aboard the vessel had been picked up by rescuing steamers. The fate of the missing is uncertain but it is feared all have been drowned.

W.M.S. HELD MEETING

Missionary Work Explained to the Members on Friday Afternoon.

LAKEFIELD, May 4.—The Woman's Missionary Society of the Continuing Presbyterian church held an excellent thank-offering meeting in the Baptist church on Friday afternoon. The vice-president of the Society, Mrs. J. W. Ridpath presided and conducted the opening exercises. Miss Galvin sang "Abide With Me," very sweetly, after which Mrs. Ridpath extended a hearty welcome to all the visitors present; there are a number of woman's missionary societies working in different fields with one common aim, "the world for Christ." The speaker of the afternoon, Mrs. (Rev.) William Allen of St. Paul's Peterborough had done missionary society's work in other countries and was a welcome visitor to the village. Mrs. Allen said it was a real pleasure to be present, she has been eight months in Canada and has been asked to speak at eight thanksgiving meetings, which leads her to the belief that the Continuing Presbyterians are a very thankful lot of people.

In spite of deep waters and many trials and tribulations, don't forget that Christ has His grip on you. It is easy for us to lose hold but His hold of us is what counts. The ladies of St. Paul's W.M.S. are one with the Lakefield branch in all their trials and discouragements and remember them always in their prayers.

It is often hard to get women interested in missions although one feels the cause should appeal to every Christian woman, but so many oppose the idea of sending missionaries to other lands, urging great need at home but if one is cured of a dread disease and you see others dying of the same disease, it is natural that we would want to share the cure with those who need it. These women who oppose foreign missions haven't caught the vision; it's not for us to question whether our field of labor shall be at home or in foreign lands for our captain gives the order, "Go ye into all the world and preach the Gospel to every creature and lo, I am with you alway, even unto the end of the world." That doesn't mean to stay at home.

Queen Victoria was once asked how long it would take to get a message to every man, woman and child in London and she said it would take about eighteen months. We have been 1900 years trying to get the Gospel message to all the world and there are still millions who have never heard it.

When we are inclined to be discouraged let us remember that we are part of a mighty organization, all working with the same object. Then we have many new calls on the Continuing Presbyterians this last year for workers and for consecration of the people and for prayers.

The 8th verse of the 3rd chapter of the Book of Revelations has a message for us—"Behold I have set before thee an open door and no man can shut it."

Think of all the things you have feared during the past year and doesn't it send you home with renewed courage when we put God and His open door between us and our discouragements. It lightens our troubles and gives us new faith to go on.

What is the use of the open door if it is not used and we should step through to the work that lies on the other side.

It is the open door of service and we all see some vision not all the same, but we must think of what it will mean if we are ready to step through to greater service. Think of the disclosure of the open door; Moses looked through the open door to the burning bush and caught the vision of leadership to lead his people into the promised land. Esther, the beautiful young queen in a strange land caught the vision for what she could do for her people and she braved the king and saved her people.

Daniel's vision led him into the den of lions, who were powerless against him.

What will it mean to us, it may mean facing the lions, but we know that God has opened the door and will shut the lion's mouths.

St. Paul's vision led him to scourgings, trials, ship wrecks, persecution and imprisonment and, finally, to the martyr's death and the martyr's crown, and the words of commendation of his Master—"Well done, thou good and faithful servant, enter thou into the joy of thy Lord."

When we think of these who have caught the vision of service, won't it help us to resolve that whatever lies on the other side of the door we will do it. To most of us the path lies in the daily round and common tasks, but not common any longer as nothing that God touches is common. Some say they cannot speak or take part in meetings, but that is the least of service; it is those who live the life of service and pray who are needed and the speaking and taking part in meetings will follow.

God says no man can shut the door but ourselves, and can we thus reject our responsibilities. If we fail Him some day we must give an account of it.

General Booth wanted to send a message of hope and cheer to all his workers all over the world and the expense of cabling is so heavy that he felt he must be content with one word and the word he chose was "Others," and it had a wonderful effect on many who were inclined to be discouraged and it cheered and helped every one of the members of the Salvation Army.

The speaker closed with an earnest plea to the women to heed the call to service for church work begins and ends with the women; don't let us fail Him.

At the close of the meeting the ladies served afternoon tea to their visitors, and a social hour was spent.

SAFE CRACKERS ROB MEAT STORE

Take $2,500, Saturday's Receipts, From London Butcher Shop.

SMASH SAFE.

LONDON, Ont., May 4.—(Canadian Press).—Safe crackers using sledge and tools, but no explosives smashed open the safe at Cliff Robinson's meat store on Dundas street in the downtown business district late on Saturday and robbed the place of about $2,500 in cash from Saturday's receipts. P. C. Miles found everything in order on one of his late trips and an hour later P. C. Howey found the rear door forced and the safe looted.

IT'S IN THE AIR CLEAN-UP WEEK

Necessity of Announcing One is Being Urged.

IS IMPORTANT.

As the winter season is closing and we are entering the spring, we look forward with expectancy and in anticipation of clear spring air and sunshine. Springtime is the most glorious season of the year. For its fullest enjoyment it brings certain responsibilities, too. It is the growing season and to assure well being in the fullest sense we must be assured of a condition of healthful cleanliness.

So important is this that every community can well afford to consider seriously the adpotion of a clean-up week. Now is the time to clean up thoroughly and make the corners and the hard-to-get-at places spic and span. Clean up the house and the yard, and the alley as well. When you "chase dirt" completely away you are assured of better health.

Nothing more symbolizes the spirit of healthful cleanliness than the little Old Dutch lady chasing dirt and would be a worthy ensign for this clean-up campaign. The reward of a successful "clean-up week" is the pride of a spic and span community, a spic and span home, and the added enjoyment and comfort which healthful cleanliness brings.

CHILD INJURED BY SLING SHOT STONE

Skull Fractured By Father's Demonstration.

LINDSAY, May 4.— A serious accident occurred at Cambray Station on Sunday, when the eight year old son of Mr. and Mrs. Herman Owen sustained a fractured skull. Mr. Owen's children were playing with a sling shot in the yard, and they prevailed upon their father to use the weapon. While in the act of swinging the sling in front of the group, the stone shot out, striking the boy on the head. He was picked up in an unconscious condition, and after receiving medical attention, was rushed to the Ross Hospital in Lindsay. Hopes are held out for his recovery, although he is in a critical condition.

PRESENTATION MADE

Young Lady Given Ivory Mirror on Eve of Departure.

HAVELOCK, May 4.—On Thursday evening the members of Knox church choir gathered at the home of Miss Mary Cuthbertson to bid her farewell before she leaves to train in hospital in Detroit, Mich. The following address was read and an ivory mirror was presented as a small token of appreciation for the interest she has always taken in every department of the young people's work of the church:

To Miss Mary Cutherhertson:

Dear Mary,—It is with feelings of regret that we learn that you are about to leave Havelock. You have been a member of Knox Presbyterian choir for a number of years and you have always taken an interest in everything connected with the church.

We cannot allow you to leave our midst without expressing to you if only in a small way the great esteem in which you are held by all the members of the choir and ask you to accept this ivory mirror as a slight token of our good will and our good wishes for your success in the profession that you are about to enter.

We hope that you may often be reminded of the pleasant times you spent in Havelock and the friends who will always be pleased to hear of your success and future welfare and happiness.

Signed on behalf of the choir—
Mrs. H. F. McNichol.

FLAPPERS LIKE THEM.

The watch fob of black silk with rhinestone buckle is very smart peering from the white vest that is the proper accompaniment to the tailored suit.

IT'S EFFECTIVE.

The embroidery of this season has much color but small, conservative designs. Beading follows the same theory of composition.

BETHANY LADIES AID WILL SERVE LUNCH

At Field Day on May 24—Young People End Sessions.

BETHANY, May 4.—The regular monthly meeting of the Ladies' Aid of the United Church was held on Wednesday afternoon in the Sunday School room. The attendance was unusually small. Mrs. W. L. Rowan, second vice president, took charge of the meeting, owing to the illness of the president, Mrs. William Lee. After singing a hymn, a passage of Scripture was read, followed by prayer.

It was decided after discussion that the Aid serve lunch in the church basement on May 24th, instead of on the grounds as in former years.

It was also decided that all those who have quilt blocks would bring them to the next meeting and arrange when the quilt would be put together.

The closing night of the Young People's League of the United Church was a great success as far as attendance was concerned, upwards of a hundred being present.

The programme, which was unusually interesting, was in charge of the Misses Jackson.

The opening devotional period was conducted by the president, Bert Monk. Then Miss Violet Jackson took the chair. Mr. W. A. Brown who was in charge of the topic, gave an interesting talk on Sociability. Mr. Poulter gave a reading entitled "The Hidden Treasurer." An interseting feature of the programme was a musical sketch entitled "Life," by seven young people, in three acts, based on old time songs.

Act I.—A camp fire scene around which were seated five soldiers, singing songs of other happier days.

Act II.—"Back from the War." The soldiers were again seen at home with their friends.

Act III.—"Later Days," was divided into five scenes, each one giving a glimpse of the home life of one of the soldiers.

The characters were as follow: Pat, an Irishman, Ormand Wright. Scotty John Anderson, from Scotland, Theodore Davis. Ned, a Negro and doing his bit, Keith Thorndyke. Canada, just what his name implied, Leslie Challice. Tommy, a typical Englishman, George Smith. Canada's Wife and Annie Laurie, Hazel Jackson. Kitty Kelly, Mary Fallis.

The different acts were composed of songs, such as "Annie Laurie," "Silver Threads Among the Gold," "Tipperary," "Way Down on the Swanee River," etc. Other songs were sung by George Smith, Violet Jackson, and Theodore Davis singly and as duets. Miss Violet Jackson was the very efficient pianist for the evening.

Lunch was served consisting of sandwiches, coffee, cake and ice cream. A silver collection was taken. After singing a hymn, and prayer by Mr. A. Monk, the League was dismissed for the next five months, when it will again be opened for the winter.

STORAGE ORDER FOR EXPLOSIVES

Quebec Issues New Safety Ordinance.

QUEBEC, May 4 (Canadian Press)—Owing to the rapid development in the Quebec mining districts and the consequent increase in the use of explosives the Government has found it necessary to issue a special order in council dealing with the handling and storage of all kinds of blasting material.

The principal clauses and regulations are the following: No permanent magazine for explosives, that is, a magazine which is intended to contain 150 or more pounds of explosive, shall be established or erected less than 400 feet from any buildings railway, highway, or working place, unless it is surrounded by an embankment of stoneless earth of sufficient thickness and exceeding by at least three feet the coping of the magazine.

The use of frozen explosives will be prohibited. Only competent people will be allowed to handle explosives.

The most intriguing French slippers have jeweled straps and insteps and heels incrusted with jewels.

VETERAN TO RETIRE.

SUPERIOR, Wis., May 4—Thirty-seven years spent teaching youngsters their "Rs" will have their reward for John S. Roesseler, 66, teacher here, who will retire on a pension at the end of this semester.

CIVIL WAR MOTHER IS 100.

TERRE HAUTE, Ind., May 4 — Mrs. Sallie Asbury, according to G. A. R. records, the only living mother of a Civil War veteran, celebrated her 100th birthday recently at her home near here. Her son, Eldredge Asbury, 82, was present.

STONE CUTTERS STRIKE

WINNIPEG, May 4 (Canadian Press).—Seeking an increase in pay from $1.12 1-2 per hour to $1.25 per hour, Winnipeg carvers, stone-cutters and journeymen went on strike Monday. Only about 40 men are affected, though stone work on many buildings under construction will be held up.

MARITIME RIGHTS COMMISSION

Above are the members of the royal commission on maritime rights appointed by the federal government. At the left is Prof. Cyrus Macmillan, professor of English and literature at McGill University, a native of Prince Edward Island. In the centre is Sir Andrew Rae Duncan, chairman, a former British fuel controller, who was chairman of the commission which investigated the Nova Scotia mining industry recently. At the right is Judge W. B. Wallace, of Halifax, a former member of the Nova Scotia legislature.

ST. ANDREW'S CHOIR CONCERT.

(By Jeanette.)

Canada's National Music Week had a splendid opening event in this city last evening in the annual choir concert presented at St. Andrew's United Church, which was filled almost to capacity for the occasion.

The choir of St. Andrew's Church has made a reputation for itself in the past as being one of the finest in the city, but last night it surpassed any former records in the outstanding quality of the programme presented and the manner in which the choir demonstrated its ability. The quality of the selections was of a very superior type, with a wide range that included choral compositions by famous old-time composers and some of the best of the work of the moderns. Varied and interesting from start to finish, the intent appreciation of an audience that accorded enthusiastic applause to every number was sufficient guarantee of the excellence of the entertainment provided.

Choral music, sung "a capella," in the unaccompanied fashion, is the severest test of any choir's ability and the majority of directors are satisfied with one or two selections of this type on any programme. Last night, the director chose to demonstrate the quality of his singers to the utmost by giving them seven unaccompanied numbers to sing, the majority of the choral renditions being given in this way. This method displayed, as in no other possible way, just the degree of training that Mr. John Crane, the organist and director, gives to his singers, and the manner in which they respond to his expert tuition. There were no awkward intervals in the choral numbers of an ambitious programme. The choir's precision in attack and release, their command of a full, rounded tonal volume, and, in particular, their outstanding excellence in the expressive shading of soft, minor-toned music, was notable last night. A slight predominance of tone in the soprano section was the only element to which a critic could take exception. In quality and volume, in phrasing the tempo, in technical finish and compact, rounded tone, the choir of St. Andrew's Church gave a wonderful demonstration last night of its ability and the musical pre-eminence of its conductor.

"The Heavens are Telling," a selection from Haydn's "Creation," was the first choral number, with solo parts taken by Mrs. H. Doig, Mr. E. Humpage and Mr. R. A. Brown. This was followed later by unaccompanied numbers, in "Bless the Lord, O My Soul" (from the Church Russian), "The Trees and the Master," by Protheroe, and Noble's "Fierce Was the Wild Billow," with an outstanding number in Gounod's "O Day of Penitence," a sublime tone picture portaying the trial and crucifixion of Christ, admirably interpreted by the singers, in the smoothly-flowing volume and true tone of the different sections.

Other unaccompanied numbers were the brief, dainty bit by Tschaikowsky, "A Legend (Christ, When a Child)"; Grieg's "Ave Maris Stella," sung in English; and Tschaikowsky's "Cherubim Song" (from the Russian Liturgy), done in fine, effective fashion.

The choir also sang one of their impressive, lofty compositions of Mendelssohn, "I Waited for the Lord" (From the Hymn of Praise), with solos by Mrs. Park and Mrs. Doig, and closed a programme whose effectiveness was enhanced by the choice and placing of the selections with Gounod's "Benedictus," from St. Cecelia's Mass. The opening phrase in this, "Blessed be the Lord God of Israel, now and evermore. Hosanna in the Highest," was sung by Mrs. Park in pianissimo tones, the rendition progressing to an outburst of full, majestic tone by the combined ensemble.

The assisting artists of the evening were Miss Florence Richardson of Toronto, violiniste, and Mrs. Dorothy Allan Park, soprano. Miss Richardson proved herself to be a musician of charm and finish. Her violin numbers were beautifully played, with an easy, effortless execution, and a firm, smooth sweet tone, mild and soft in timbre, that made her numbers exceptionally pleasing.

Miss Richardson played in an opening duo, Sarasate's "Priere et Berceuse," and a Granados-Kreisler arrangement of a "Spanish Dance." Possibly her finest number was the reverie, "Vieuxtemps," with its legato passages and easy rendition of double-stopping intervals. Handel's "Larghetto" and "Allegro" were final numbers which brought much applause.

Mrs. Park, whose singing is always marked by artistic finish and ease, appeared to be at her best last night. It would be difficult to mark the outstanding number in her programme of songs, all of which were notably good, but "The Page's Song" from Meyerbeer's "Les Hugenots" and the "Ave Maria" of Schubert, while absolutely opposite in theme and treatment, were both wonderfully effective. This artist's manner of presenting music of different type in a way that creates an atmosphere corresponding to the theme of the song makes her renditions most ettractive.

Mrs. Park's opening number was a composition of Debussy, sung in English, the "Aria de Lia" from "L'Enfant Prodigue." The dramatic quality of her soprano tones was admirably demonstrated in the delineation of the vociferous grief of Lia over her dead child. Contrasting strongly with this was the brilliance of the "Page's Song" which followed, a selection with a good deal of coloratura-like passages in its rendition, and the rapid, staccato repetitions of the bright stanzas.

By request, Mrs. Park sang Rachmaninoff's "O Thou Billowy Harvest Field," with dramatic expression to Count Tolstoi's analogy between the tempest-tossed field of grain and his own unhappy Russian country. Following this was a beautiful rendition, in reverent fashion, of Schubert's immortal prayer, the "Ave Maria," sung in Latin, with a notable background in accompaniment by organ, piano and violin.

An interesting portion of the programme was the unusual but very pleasing combination of piano and organ music in the duett played by Mr. Crane and Miss Agnes Logan, who gave a demonstration of the charm of the two instruments in a lovely rendition of Widor's "Serenade," played with a reedy stop on the organ that gave the effect of a 'cello. The enthusiastic applause which followed this selection brought the single encore allowed on the programme, a duo arrangement on the two instruments of the favorite, "In a Monastery Garden."

To Miss Agnes Logan, who played piano accompaniments for the soloists and for the choir's accompanied numbers, is due much of the excellence of the work of the musicians, her sympathetic playing providing its usual fine background for the choral and solo renditions.

The choir had a pretty setting last evening in the flowers which adorned the choir loft which was arranged with Easter lilies, ferns and hydrangeas. At the door, small Allison and Annie Gordon made attentive little programme vendors.

At the conclusion of the programme, the Ladies' Aid Society of the church served refreshments to the choir and assisting artists.

TOWNSHIP TAXES NEARLY ALL PAID

Collector Reports Only $693.32 Still Outstanding From 1925.

IN NORTH MONAGHAN.

The North Monaghan Council held a special meeting at the court-house on Saturday. All the members were present with the exception of Mr. Byers. John Whitfield, tax-collector, was present and made his final returns to the council, for the tax roll for the year 1925.

A motion was passed that the tax collector's statement, showing $693.32 owing be returned to the County of Peterborough for collection.

The following figures show the statement of the tax roll for 1925, and all returns connected therewith.

Total of tax roll for 1925	$33,427.67
Additions to tax roll	183.96
Interest collected at 5%	98.71
	$33,710.34
Tax collected and paid to the treasurer	$32,794.86
Returned against land	693.33
Property not assessed and not paid	34.78
Deductions from pay roll	76.03
Uncollected dog tax	14.00
Taxes on occupied property outstanding	97.34
	$33,710.34

A resolution was passed that the tax collector be paid $210, the balance of his salary, amounting to $25 to be paid on the return to the treasurer of the 1926 poll tax.

F. T. Webster, O.L.S., presented a plan of a resurvey of plan 42, where a number of mistakes were made, both as regards the original survey of plan 42, and also the wrong location of lots by property owners. This plan was accepted by the council for registration.

A resolution was passed calling the attention of all dog owners in the township to the fact that there is a by-law prohibiting dogs running at large in the township and warning all dog owners to keep their dogs on their own premises or under their control. The same resolution calls the attention of all persons riding bicycles on the sidewalks in the township to the fact that they are violating the by-law prohibiting the practice, and that Frank Pratt, county constable, has been instructed to take immediate proceedings against all offenders.

Tenders were opened for the office of Township Road Superintendent, and the following gentlemen tendered for the same:—George Patton, Archie Patterson, William Lunn, George Cookman, James Miller, Daniel Hennessy, John Creighton.

A resolution was passed that Archie Patterson be appointed township Road superintendent for the year 1926.

A Resolution was passed that F. T. Webster, O.L.S. be appointed township engineer.

The meeting was then adjourned, the council to meet Monday evening, May 3.

Monday Evening, May 3.

The adjourned meeting of the township council was resumed on Monday evening with the same members being present. Mr. Patterson, newly appointed township Road Superintendent, was present and a general discussion took place regarding the road dragging and temporary repairs to the roads of the township.

The electric light question came up for discussion. A communication was read from the Hydro-Electric Power Commission of Ontario, outlining the schedule of rates under the rural area proposition, discussed with the council at a previous meeting by a representative of the commission from Toronto.

A by-law and an agreement to be entered into by the Township Council and the Hydro-Electric Power Commission of Ontario, also were presented, to be passed by the council.

A resolution was passed—That the clerk notify the Hydro-Electric Power Commission of Ontario that the council does not fee linclined to sign the agreement as submitted by the H.E.P.C without knowing something about the contract which it is entering, and requesting the H. E. P. C. to send a representative to Peterborough prepared to give an estimate of the valuation of the existing light and power lines in the township now owned by the City of Peterborough.

Mr. Leach, New Romaine street, wrote the council requesting that the Peterborough Utilities Commission be asked to remove a guy wire now obstructing his entrance. This was passed on to the Peterborough Utilities Commission, requesting attention.

The following bills were passed for payment—W. J. Byers, $25.83; Peterborough Fuel and Transfer, $3.75.

LEAGUE MEETING.

Catholic Ladies Arrange To Hold Tea—President Resigns.

The regular meeting of the Catholic Women's League was held last evening in the assembly hall of St. Alphonsus' Lyceum. Routine business was discussed and arrangements made for the holding of a tea in the near future and for the next meeting, when a paper on "Pioneers of Catholicity" will be given. During the evening, a pretty vocal solo, "The Rose and the Nightingale" was rendered by Miss Gladys Costello with accompaniment by Miss M. Grisdale.

On account of the resignation of the president, Mrs. C. J. Snider, who occupied the chair last evening, the presidency for the remainder of the year was accepted by Mrs. Nagle Phelan.

JAIL DELIVERY IS FRUSTRATED

Guard Discovers Large Hole in Wall of Toronto Jail.

NEARLY THROUGH.

TORONTO, May 4 (Canadian Press).—A hole two feet square hacked into the outer wall of a second floor corridor in the northwest wing of the Toronto municipal jail on the Don River was discovered today by a guard of the institution. The hole was within one foot of penetrating the wall. In the corridor where the hole was made several long term prisoners were lodged awaiting transfer to Porstmouth Penitentiary. The Governor, Major G. H. Basher, today stated that the guard's discovery has frustrated what would probably have been the largest jail delivery in the history of the institution.

WOMAN TAKES CARBOLIC ACID

Emetic and Stomach Pump Frustrate Attempt of Mrs. Clark.

OUT OF WORK.

Receiving a call yesterday afternoon that a woman was very ill at 303 Louis street Sergeant John Deannard rushed to the scene immediately. When he got there he found a woman lying on the bed with a bottle containing some carbolic acid beside her. He gave her an emetic and called the clinic for a doctor. Dr. Malcolm McCulloch answered the call and got to work with a stomach pump. She was removed to the hospital in the ambulance.

The woman came to the house on Friday last and gave her name as Mrs. Thoma Clark. She said that her husband was living at a different address in the city. On Sunday night the boarding house keeper said that Mrs. Clark asked her for some writing paper and ink, saying she wanted to write a letter. Mrs. Clark she said, went out yesterday morning to look for work and returned about 1.30 p.m., and went up to her room, where she was found about 3.30 p.m.

The hospital authorities reported this morning that the woman was progressing favorably, and it is thought she will get better.

SPLENDID SERMONS FOR ANNIVERSARY

Rev. Dr. Wilson Special Speaker at St. Andrew's Church.

Sunday was a splendid day at St. Andrew's church. It was the celebration of the 93rd anniversary of the founding of the congregation and a very large congregation filled the church morning and evening. The preacher for the day was Rev. R. J. Wilson, D.D., of Toronto, who inspired his audiences with two masterly sermons which for clearness of thought and splendid simplicity of utterance would be hard to equal. Dr. Wilson is a distinguished servant of the church and has had a wide and varied experience and this gives weight and emphasis to all he says. A certain intensity goes with his every word and a wide and kindly charity runs through his words.

In the morning his subject was "The Inescapable God." God never quits. He seeks men always, everywhere, until he finds them. No man can get away from God. Upon this subject from many angles and with apt and telling illustration he spoke with occasional flash of humor and always deep spiritual appeal. A glowing kindly face added much to the charm of his presence.

In the evening his subject was 'Winning Your Soul." The point was mainly that God expects a man to play his own part in working out his own salvation. It was a truly great and noble sermon intensely interesting and stimulating.

The choir of St. Andrew's provided very fine and appropriate music under the leadership of Mr. John Crane with Mrs. Dorothy Allan Park doing the solo work. All in all it was a real anniversary Sunday. Dr. Wilson will be heard again in Peterborough in the near future.

CLERGY MEETING.

Conference of Archdeaconry of Peterborough Commences To-day.

The conference of the clergy of the Archdeaconry of Peterborough commenced this afternoon in St. John's Church. The opening devotions were conducted by Dr. Rigby, and then an address on "Modernism or Fundamentalism" was given by Dr. Boyle of Cobourg, and the discussion which followed was led by Rev. R. J. Shires and Dr. Rigby.

These meetings will continue this evening and all day to-morrow. Tonight at 8 o'clock the Rev. W. M. Loucks, M.A., of Toronto, will preach.

OUTDOOR 'BUSINESS' CALLS RINGSTERS

STOBIE, FORLONG CO. SAY

According to the new Income Tax Act, all industrial dividends are taxable in full, instead of being exempt from the surtax as in previous years.

This will make the purchase of shares in proven mines more attractive than industrial holdings as dividends in mining company's are 50 p.c. tax exempt on account of depletion of assets; it is fair to presume that Hollinger, McIntyre, Premier and other high-class issues will benefit in a most substantial way.

Furthermore, some of the non-dividend payers should prove even more interesting. Take, for instance, Noranda. This company cannot possibly be producing before two years. By this time, we believe the shares will be selling very much above to-day's figures which should more than make up for any loss of dividend. It is estimated that above the 300 foot level on the Horne property alone Noranda have over $35,000,000 in ore reserves. Diamond drills prove that the formation is identical at the 738 foot level which should, at least, double their present ore reserves.

During the past year, Ontario gold mines paid in dividends and bonuses $8,233,468, of which one-half or over $4,100,000 would be exempt from taxation. Silver mines paid out $1,868,506 of which $934,000 would be exempt. Taking in the gold and silver mines of Canada and Consolidated Mining and Smelting Co. and also Asbestos Corporation of Canada which, like Smelters, has its dividends exempt to the extent of 25 p.c., there would be a total of around $16,000,000 of dividends of which, approximately, $7,000,000 would represent the amount exempt from income tax, so far as the individual shareholders are concerned.

(Special over Stobie & Forlong's private wire.)

London Stock Exchange opened lower, but markets were nominal as there was no selling pressure. It is unlikely that the Stock Exchange will close, but decision will be left to the Governors. Bankers believe that Sterling dollar exchange is likely to keep above the Gold point despite the strike. It is understood the Bank of England if necessary will use its dollar credits to support exchange. Discounts were firm but business is limited to transactions with regular customers markets. Borrowing at the Bank of England yesterday was of a precautionary nature and not due to a real shortage of credit. Prime Minister Baldwin was closeted with King George at palace in a lengthy conference this morning.

Striking railway workers closed and locked the gates of St. Pancras Station, one of London's great terminals and affixed posters outside reading 'Standing all as one.'

Mining Stock Move Down On Standard Mine Market

TORONTO, May 4 (Canadian Press) — In the heaviest turnover for a long period, gold stocks were sold down throughout the list on the Standard Mining Exchange this morning. Silvers also tended downward though the feature was the advance of two and a half points in Beaver at 74 1-2. McIntyre Mines lost 30 cents at 24.55, Teck Hughes four at 321, Dome ten at 12.80 and Hollinger ten at 18.00. Mining Corporation slumped 12 at 328 and Canadian Lorrain 4 1-2 at 75.

Downward Move Continues Other Issues Turn Weak

TORONTO, May 4.— (Canadian Press.)—The general downturn continued unchecked on the Toronto Stock Exchange this morning, Winnipeg and City Dairy joining the weak leaders. Brazilian, again dominating the stocks of the session, closed the morning 3-4 lower at 86 3-4, after touching 86 1-4. Smelters further lost two and a half points at 185. City Dairy was sold down a point and a half at 65 1-2 and Winnipeg two and a quarter points at 45 3-4. Other stocks, though weak, lost only fractionally, C.P.R. easing 3-4 at 154 1-2 and Brompton a half at 30. McIntyre Mines slumped 60 cents at 24.40 and Dome was 25 cents easier at 12.75.

Stock Prices Rally Short Strike Expected

NEW YORK, May 4 (Canadian Press). — Stock prices developed strong resistance today to the selling pressure inspired by the general strike in Great Britain. Prices quickly sold down 1 to 3 points at the opening with much of the selling representing hasty liquidation of stocks bought yesterday afternoon, when it appeared that negotiations for the settlement might be resumed and the strike averted. The calmness with which the London market received the news and the rather widespread opinion in the financial district that the strike would be of short duration, coupled with favorable domestic business news and earnings statements, helped to restore confidence. By early afternoon a good sized rally was under way.

Wheat Prices Decline Due To British Troubles

CHICAGO, May 4 (Canadian Press).—New set-backs in the value of wheat took place early to-day on account of selling due to the British labor troubles. On declines there was fairly active buying on the part of yesterday's sellers. The opening 1-8c to 5-8c lower, was followed by a slight rally and then by an irregular decline that carried May down to 1.58 and July to 1.38¼. Corn and oats gave way with wheat. After opening 1-8c to 3-8c off, July 76 to 76 1-8, the corn market underwent a material further sag. Oats started unchanged to ¼c lower, July 41 3-4. Later all months showed a loss. Provisions were weak.

The first printing press in America was established in Mexico, about 1549.

TORONTO BRIDAL GROUP

The above photograph of the bridal group was taken following the marriage at Cannes France, of Miss Frances Mulock, granddaughter of Sir William Mulock, chief justice of Ontario, to Bertram K. Johnston, of Toronto. In the photograph, from left to right, are: Capt. Sir George Duckworth-King, the best man; Bertram K. Johnston and his bride; Miss Violet Mulock, the bride's sister and bridesmaid; Mrs. Moss, and Mr. J. Taylor the British consul, who performed the civil ceremony.

BOWING TO BAAL SAYS MEMBER

C. H. Cahan Criticizes the Budget—Lack of Confidence.

MEIGHEN QUESTIONS.

OTTAWA, May 4 (Canadian Press).—"Bowing the knee to Baal ——" The phrase marked the criticism of the Budget by C. H. Cahan, Conservative of St. Lawrence-St. George, last night. Mr. Cahan's speech came in the evening after a further day of debate. He described the new method of taxing income from dividends paid by Canadian corporations as meaning duplication, triplication and in many cases quadruplication.

Speaking of the income tax change Mr. Cahan said it placed an additional burden upon that very large group who were between small incomes and very large. It worked against those who drew a moderate income from Canadian investments.

The tariff cut had admittedly been attributable to public sentiment, said Mr. Cahan. Sentiment was another word for prejudice. It was for the administration to discover some means of eliminating profiteering in industry without destroying towns and villages. Mr. Cahan did not believe that more than ten per cent of Canadian industries were guilty of profiteering. He predicted that within a year American factories would be selling automobiles in Canada at prices higher than they were at present. The Budget had created "A lack of confidence in this country and such a lack of faith in the word of the Government that if there was an election tomorrow, they could not return two-thirds of the members they now have."

"Has the Government in mind, or will it have, to present to the House any changes in the present Budget?" asked Right Hon. Arthur Meighen, Conservative leader, as the House was about to adjourn shortly before midnight.

"My honorable friend is asking his question at a very late hour," replied Hon. J. A. Robb, Minister of Finance.

"Just as soon as this interesting debate is concluded and we have a vote on the Budget, I shall be able to give him a reply."

"I think I see signs of a change at last," commented Mr. Meighen.

"Proper Food and Exercise," by ARTHUR A. McGOVERN Former physical director, Cornell Medical College

A better breakfast aids your health

ONE of the first danger signals that something is wrong inside of us is when we begin to lose our appetite for breakfast. The first meal of the day should be our best meal. From the last meal to the first meal we generally rest our stomachs from 12 to 14 hours. In other words, if we have our dinner at six p. m. and breakfast the following morning at 8 a. m. we have not partaken of food in fourteen hours. Therefore, the stomach and intestinal tract should be entirely empty and regained their tone and all ready for a substantial meal.

There are several reasons why breakfast should be the best meal of the day. For the great majority it is a "home meal" and to many it is the only meal they have at home.

Breakfast was a substantial meal in the days of our forefathers. I can remember, and I am sure many of my readers can also, when breakfast was a regular course repast, starting with fruit, after which cereal was served, then meat such as fish, chops, broiled chicken and even stews, followed by coffee, toast and sweet rolls.

I am not advocating this idea, but I do say that we should have a better and more substantial breakfast than the average person now takes, which is generally fruit, toast and coffee.

People suffering from intestinal disorders very rarely have trouble in the forenoon. They are distressed more often after lunch or dinner.

The average person has breakfast at eight, lunch at twelve, and dinner at six. In other words we have three meals in ten hours. It hardly seems fair to our digestive tract to crowd so much work upon it in so few hours, considering that our two heavy meals, lunch and dinner, come so close together.

If we will change our order, taking a good substantial breakfast and light lunch, I am sure we will find that we will feel much better during the day. This is especially true for mental workers. Most people who follow sedentary occupations find they generally become sluggish after lunch.

I know a great many people who have been benefitted by having their dinner at breakfast and breakfast at dinner. Try this change and see if it does not insure a better night's sleep.

I have just compiled a chart of twelve exercises which are too lengthy to be put in a short article. But I will be glad to send a chart free to any of my readers who will send me a self-addressed stamped envelope.

Diet for the Sedentary Worker

BREAKFAST: Some stewed fruit such as prunes, apricots, figs, apples. Bran flakes or cereal meal. Chocolate, cocoa or coffee substitute. Toast made from dark bread only. At least two glasses of water should be taken between breakfast and luncheon.

LUNCHEON: A vegetable luncheon consisting of any of the following: Spinach, stringbeans, carrots, peas, cauliflower, onions, Brussel sprouts, lima beans, cabbage. Take any two or three of the above vegetables with some dark bread toasted, cocoa, chocolate or coffee substitute.

DINNER: Clear soup and any of the following meats: Chicken, broiled lamb chop or any broiled fish. At least two vegetables as mentioned above, chocolate, cocoa or weak tea. Between luncheon and dinner and dinner and bedtime, at least two glasses of water should be taken.

HEDDA HOYT TALKS ABOUT THE THINGS THAT INTEREST THE BUSY WOMAN OF 1926.

FASHION NOTES.

(Written for the United Press by Hedda Hoyt.)

NEW YORK, May 4 (United Press).—A synopsis of what fashionable women are wearing may be gleaned at the country clubs and resorts about New York. Here, one sees the well-dressed woman arrayed in clothes which depict her personality rather than those which custom demands she wear upon the streets.

Frocks are not always unusual in their lines or colorings since any style and all colors are seen upon the streets and in popular restaurants these days. Jewelry and hair style, however, are often most unusual. For instance, anklets are very much in evidence both in Atlantic City and in Westchester resorts. Some are wearing them under the stockings and others wera them on top of the stocking. They are worn by girls and middle-aged women alike and are seen in daytime as well as at evening. The most familiar anklet is the tiny gold chain which is worn under the stocking. Flexible bands of diamonds are chosen by many for evening wear and one even sees two or three slave chain anklets worn on one leg. Jade dangles on silver chains are worn by several girls on the Atlantic City board walk.

Hair-does are too numerous to enumerate. With taffeta frocks of quaint type one occasionally sees the semi-boyish bob curled upwards all over the head forming tiny ringlets with a bang effect falling over the forehead. This is particularly attractive on the girl with cameo features. Some of the young women who still have long hair comb the hair toward one side of the head and fashion a bun over one ear. Boyish girls with severe haircuts often wear round disks of pearls over the ears at evening time when they do not wish to show their ears.

As to frocks, young Misses of the Fashionable World either wear fluffy ruffled tulles or chiffons with slender bodices or taffetas with uneven hems. Matrons vary from sheath-like beaded frocks minus backs to figure fitting bodices of Princess type. Very few older women wear decided flaring hems either for day or evening wear.

Matrons turn again towards long pendant type carrings for evenings Huge tri-colored pendants of diamondt or cut-steel are among the newes shapes. Brilliant shawls and shoes of matching shades are decidedly popular in clubs and restaurants where dancing is in progress. One invariably wears a shawl after dancing before venturing before open windows or on verandahs. Bracelets have never been so prevalent, as many as eight being worn by one popular matron.

One thing is noticeable at well dressed gatherings and that is the absence of rouge. Very little rouge is being worn by the women who knew the art of make-up. The cheeks are either pale ivory or light pink and the lips may be as red as one wishes to wear them. Fluffy hair-does are entirely taboo with the Smart Set, a marcel being their only concession towards curliness.

"WHITE WAY" BRIGHTEST.

NEW YORK, May 1.—Flashing 25,000,000 candlepower of light against the sky each night, New York's "Great White Way" is literally "the brightest spot on earth" it was revealed in the report of an electric sign survey here recently.

HER OWN WAY
by A GIRL of TODAY

MISS CLEAVER'S SAD EYES.

Mamie said she could get away, or at least she said she would get away, and I started out to hunt another job, first putting two hundred and twenty-five dollars in the bank. I was not going to take any chances in the future.

I made up my mind I would write Mamie a check for twenty-five dollars for rent when I arrived back at the house.

When I first went in Morton's department store I was a little bit flurried. The young women clerks looked so well dressed and fashionable that I was sure my own plain little frock stood out like a sore thumb.

A good looking man of about 45 walked past me, turned quickly and came back with a smile.

"What is it you wanted? Can I do anything "o you?"

Someway I could see that he didn't think me a back number and I told him I wanted a job.

For a moment he seemed a bit surprised and then he asked again:

"In what department are you going to make your application?"

"In any department where there's a vacancy," was my reply.

"Have you had any experience?"

"None. But I am sure I can sell dry goods. I like things to wear and I think as a rule people like me."

"I'm sure they do," he said.

He looked at me a moment as though making a sudden resolution.

"I believe you could sell goods Have you any recommendations?"

"Yes. Gerald Hathaway, Senior, will vouch for me if you will call him up." It seemed to me when I mentioned Mr. Hathaway's name a speculative look came into the man's eyes.

"Come with me," he said. He hadn't even asked my name.

As we started toward the elevator a very stunning looking woman came forward and asked:

"Is there anything I can do for you, Mr. Robinson?"

"Nothing, Miss Cleaver, thank you." It seemed to me that Mr. Robinson's tone carried quite a little annoyance.

The woman frowned and I saw she was much older than I thought when she was smiling. She had the saddest eyes I have ever seen.

(Copyright, 1926, NEA Service, Inc.)

TOMORROW: In Luck—Perhaps.

Many London hostesses have recently adopted the custom of handing name badges to guests. These are pinned on their frocks. It has been found that this saves introductions, and makes for friendliness at social functions.

Today's Fashion
By Vera Winston

This Chic Navy Crepe Street Frock Affects the Bolero Jacket.

The bolero jacket has put in a strong bid for popularity this season, and its undeniable youthfulness makes it a great favorite.

Navy blue crepe is the material chosen for the frock above. The skirt fastens with snaps to a lovely blouse of cream crepe, finely pleated all over. A wide black suede belt hides the snap fastenings.

The bolero jacket is worn over this, and the neck is finished with a soft artist's bow of black satin. The covered buttons down the front of the skirt are a smart feature.

ECLIPSE FASHIONS
Exclusive Patterns by Hazel Rayne

A Softly-Flaring Yet Slender Silhouette

The styling of printed silk on tailored lines is a venture in its expression, that is meeting with the approval of the modish woman. Cut with front fastening from neck to hem in an unbroken line, this clever frock presents a slenderizing silhouette altogether flattering to the woman of larger proportions. The upper part of the frock molds the figure to the hip-line, where it springs into a graceful flare at the sides and back, the front being perfectly flat. A long tie collar of contrasting color material is wrapped about the throat, but the collar is adjustable and may be worn open with the ties hanging in front. The long set-in sleeves are trimmed with tailored cuffs matching the material of the pointed patch pocket and tie collar. No. 1333 is in sizes 38, 40, 42, 44, 46 and 48 inches bust. Size 40 bust requires 4 yards 39-inch figured, and ½ yard plain material. Price 20 cents.

Our Fashion Book, illustrating the newest and most practical styles, will be of interest to every home dressmaker. Price of the book 10 cents the copy.

HOME-MAKING HELPS

CARE OF TABLE LINEN.

Table linens represent a considerable outlay of money and should be taken great care of to preserve their beauty and usefulness. This means not only in the laundering but also in the storing away. People in the suburbs and country have places to bleach their linens, hanging them in sun and air and even bleaching them on the grass. In the city it is a more difficult task and many of us have to resort to a laundry, or trust our possessions to the mercy of a pulley line.

The linens should always be washed alone. First every piece should be carefully looked over for spots, and the exact treatment given for the spots discovered given before the piece is put into the water. Then if the things are soaked in cold water for awhile the dirt is loosed so that when the hot water is added and the liquid soap the loosened dirt will wash out quite readily.

The soap is prepared by first shaving good white soap, then covering it with cold water and bringing to boiling point. As soon as it is melted, it should boil gently a few minutes and then be allowed to cook. Particular people wash the linens through two sudsy waters to free it from all dirt and then rinse it through three rinse waters. In the last one a little blueing is mixed. Put linens through a broad wringer, not screwed down too tightly, shake it out well and hang on the line. Some women like to iron their table linens damp, which is a longer process but one that will give a smoothness and higher polish than when done in the other way.

In hanging a tablecloth on the line, it is wise to fold it and hang it by two corners. Then, when it is ready to iron, if two people gather the ends in their hands and gently stretch the cloth at the sides, not hard enough to break the threads, it will lay smoother on the table. For the best results, be sure the ironing board or table is well felted and covered smoothly, the irons moderately hot and the work done with long even strokes.

The Woman's Day
Written by a Woman for Women.

Touching brightly on woman's every major interest in life from books and babies to politics and psycho analysis.

(By Allene Sumner)

Berlin policeman arrests girl with boyish bob, insisting that she is thief in woman's disguise. Berlin policewoman frees arrestee after one look at her girlish calves, giving her confrere a withering look of disgust.

GIRLS MUST BE GIRLS!

Women who have ruled kingdoms have always been clingy, feminine creatures, according to Marcelle Tinayre who, as author of a life of Madame de Pompadour, knows whereof she speaks. "Never a more completely feminine woman in the world than this belle marquise who was born by the name of Poisson, or plain Fish." My comment would be one of wonder whether the reward given these peerless feminine creatures was worth the candle—whether the gains of women who can stand on their own feet are not infinitely more worth while than even the kingdoms bestowed by decadent monarchs!

BLONDES PREFER "SAFIRES"

Just as everyone else in the world recovers from hysteria induced by reading "Gentlemen Prefer Blondes," I stumble on this illuminating diary of the winning blonde who opines that "a kiss on the wrist makes you feel good, but a diamond bracelet with safires lasts forever."

BLONDES AND BOOKS

The blonde possibly does not share the same passion for "safires" with books, for she writes—"And so when my maid brought it to me, I said, 'well, Lulu, here is another book and we have not read half the ones we have got yet'."

KEEPING 'EM BLONDE.

Speaking of blondes, they say that a spoonful of soda in the shampoo rinse water keeps the hair golden. A blonde and egg shampoo comes to no good end unless the blonde uses but the white of the egg and not the yolk.

I say I hope ma chile'll
Never love a man.
Cause love can hurt you
Mo'n anything else can."
—Langston Hughes.

WHAT SAM ATE

Samuel Pepys of diary fame thought so much of his menus that he wrote in his diary the sum total of all his meals. He seemed much pleased over a dinner he gave at which he served: "fricasse of rabbits, and chickens; a leg of mutton boiled; three carps in a dish; a great dish of a side of lamb; a dish of roasted pigeons; a dish of four lobsters; three tarts; a lamprey pie, a dish of anchovies, and good wines of several sorts."

SAVE YOUR TEETH

Prepared by the Oral Hygiene Committee of Canada, with which the Peterborough Dental Society is Collaborating.

TOOTH STRUCTURE.

You examine the highly polished clean tooth surface and you conclude, and rightly so, that the enamel does not persist all the way through.

As the bark is to the tree, so the enamel is to the tooth, its protective covering, but serving as well, the purpose of ornamentation of the tooth body.

In the tooth, this body which constitutes the main bulk of the tooth, is known as the dentine.

Then is this all? No, for as in the tree we have a pith or core, so in the tooth we find a central chamber known in the crown of the tooth, as the pulp chamber and in the root, as the root canal.

But you have observed, too, that the enamel covers only the exposed portion of the tooth, or crown. The root, then, is protected by a covering known as cementum, which attached the myriads of fibres or 'threads,' that hold the tooth firmly in place in its socket.

Nature, ever wise, has constituted the enamel the hardest substance in the human body, to better withstand the stress to which it is subjected. Also, enamel does not undergo the physiologic changes of dissolution and repair to the extent of any other body tissues, hence the need of hardness as an effective barrier to injury and disease.

In the dentine are minute tubules, or canals, containing soft tissue filaments through which communication is established from the outside of the tooth to the nerve tissue of the pulp; and because of this honeycombed structure and, too, owing to dentine being softer than enamel, it is less resistant to disease than is the latter.

So you can see how important it is to keep intact the enamel which constitutes the outer defences of the tooth, since disease processes, once penetrating the enamel barrier, can quickly gain access to the more vital tissues within and there proceed apace to work disaster.

The Home Kitchen
By Jeannette Norton

THE EMERGENCY DESSERT.

In emergencies when unexpected guests arrive, or on cook's day out, ice cream may be fixed in many attractive ways for dessert. Let the cook learn to make a few good sauces, have plain or sponge cake on hand, a few home-browned almonds, and fresh nuts in the house, as well as some fresh fruit, as first aids to the ice cream dessert.

Ice Cream in Fruit Shells.

Cut large oranges in halves, remove the pulp, notch the edges and put the shells in ice water, until ready to use them. Or cut two quarters from an orange, leaving a narrow strip between, cutting to an even half of the fruit, and when the pulp is removed, you will have a basket with a handle. The same may be done with a grapefruit. Cut a strip lengthwise from the skin of a banana, remove the pulp, then let stand in ice water until needed. Wipe the skins dry and arrange on plates, then when the cream comes, fill the skins, garnish with Maraschino cherries, red or green, with nut candied fruits cut prettily, angelica, chopped fruits, macaroons, a small meringue, chopped gelatine jellies (white or colored), or candied flowers.

Sandwiches de Luxe.

Cut fresh sponge cake the same as for regular sandwiches. Have ready a butterscotch, or fudge, or caramel custard, or fruit sauce. When the cream comes, slice it and lay up the sandwiches, pour over the sauce and garnish the top with toasted almonds.

Tutti Frutti Brick.

Cut a well-frozen brick of ice cream in half length ways. Have all ready a cupful of chopped fresh fruit, chopped nuts, chopped fresh macaroons sprinkled with sugar and use enough whipped cream to bind the mixture. Spread quickly, lay the half brick on top and it is ready to serve. Remember, always have cold plates ready for this service and work promptly.

FORMER MAYOR DEAD

H. W. Newman of Kingston in Public Life.

KINGSTON, May 4 (Canadian Press).—H. W. Newman, ex-Mayor of Kingston, passed away Monday after several weeks' illness. He was mayor in 1919, the year the Prince visited Kingston. Previous to this he was an alderman for five years and afterwards a member of the Utilities Commission. Mr. Newman was a prominent lawn bowler and curler and won many trophies by his prowess. He was one of the fathers of daylight saving in Canada.

For Liver Disorders

Biliousness. Dizziness. Sick Headache, etc., take

PARKE'S
Liver Tone

A vegetable preparation which benefits ailments arising from a disordered liver; also acts as a stomach tonic.

Georgette Gradaates at the Head of the Class in Chic

Life's brightest moment is when, with geography behind and geometry ahead, one graduates toward college. A frock with an adorable body and a straight, frilled skirt will make a charming little dancing-frock after graduation. It can be made of Georgette, silk voile or crepe de Chine, and if your school insists on all white for commencements you can add slippers and shoulder bows of silver, seagreen or cherry-pink satin when you use it for dancing. Taffeta is new and smart and organdy is lovely, especially if you are permitted to use delectable pastel or flower colors.

The Examiner does not sell these patterns.

ADVICE TO GIRLS
By Annie Laurie

DEAR ANNIE LAURIE:

We are two young girls and have come to you for advice about a very serious question. We have been going with two nice young guys who are very popular. A short time ago we were standing on the street and these two guys came along with two other girls.

A few nights later we met these boys as we were going to the show. They apologized for being with these girls, but some how or other we were sore at them and we decided that we wouldn't go with them, but lately we have got to love them as we did before and would like to gain their friendship again, and would like your opinion on whether or not to try and win them back again. We are two wondering girls.

BOOTS AND BUDDY.

BOOTS AND BUDDY: As you are not engaged to these young men it is rather strange for you to want to take up all their time, don't you think so? As they are young, like yourselves, they may wish to go around with other girls once in a while. When they apologized, you should forget about the occurrence and be friends with them again, the next time you meet, which will probably be soon. Of course, "what is sauce for the goose is also sauce for the gander," you must remember. If these young men wish to be free to do as they wish, which is quite proper, they will probably allow you the same freedom if you wish to have other men friends beside them.

Instead of tapping out pages of letters with not even a sentence to relieve the monotony, girls at a certain college in London learn typewriting to the accompaniment of fox-trots and stirring military marches. If a girl has a good sense of rhythm, this system is said to hasten the early stages of training in a remarkable way.

The two things hardest for some girls to keep are secrets and their own opinions.

BRITISH WOMEN UNDER 21 STILL WITHOUT VOTES

Five Million Under 30 Are Campaigning For Franchise.

OTHER LIMITATIONS.

Many Working Women Are Denied Vote—Claim Injustice.

LONDON, May 4.—Nine million British women have the ballot, but there are still five million women in England more than 21 years old who cannot vote.

They do not like it and are on the war path, under the leadership of Miss Eleanor Rathbone, President of the National Union of Societies for Equal Citizenship.

The Suffrage Act, passed in 1918, enfranchised all married and single women more than 30 years who complied with certain residential qualifications. This gave the ballot to 9,000,000 women, but there are 5,000,000 left out in the cold comprising all women less than 30 years of age and all professional and business women who have neither business nor unfurnished rooms.

Consequently, all shop assistants who "live in," that is those who live on the business premises of their employers, all women domestic workers who "live in" and all daughters living at home, are denied the ballot.

Special Injustice.

The National Union of Societies for Equal Citizenship declares that special injustice is done under this act to working women—the women most in need of the protection of the vote—as only one in 15 of the women in industry is enfranchised.

Women were granted the franchise as a reward for their magnificent war service, with the support of all parties. Since the original act was passed, several attempts have been made to pass a bill that would enfranchise all women more than 21 on the same terms with men. But the frequent changes in Government and the economic dislocation tave rendered the attempts for equal suffrage unsuccessful.

However, much progressive legislation has been enacted in the seven years women have been voting, such as the act enabling women to be elected to Parliament, removing sex disqualification for admission to the legal profession, and permitting women to act as jurors and magistrates. More than 1,000 women have already been appointed magistrates.

Women's votes also have helped carry through many bills dealing with moral and social questions. The National Union of Societies for Equal Citizenship has branches all over the British Isles, which have been roused by vigorous action.

Aided by Leaders.

The Women's Freedom League, with which the honored name of Mrs. Despard, sister of the late Sir John French, is associated, also is in action.

Dame Millicent Fawcett, the veteran leader of the Constitutional Suffrage Party, who has battled for 60 years for women's rights, Lady Nancy Astor, the first woman elected to Parliament in England, Miss Maud Royden, the Anna Howard Shaw of the British Suffrage Movement, Miss Ellen Wilkinson, Mrs. Emmaline Pankhurst, who has just returned from a world tour, and scores of other fearless leaders are engaged in the campaign throughout Great Britain.

Premier Baldwin has pledged Government support to the proposed act designed to give women absolutely the same political rights at 8 o'clock.

Since the 1924 general conference of the Methodist Episcopal Church which authorized the ordination of women, more than 60 women have taken their grst ordination and are now licensed to preach.

Why Suffer With Itching Rashes

When a warm bath with Cuticura Soap and application of Cuticura Ointment will afford immediate relief and point to permanent skin health in most cases when all else fails.

Sample Each Free by Mail. Address "Canadian Depot: "Cuticura Lab., Montreal." Price, Soap 25c. Ointment 25 and 50c. Talcum 25c.

Cuticura Shaving Stick 25c.

B SHARP CLUB

Members Entertained by Mrs. Hall and Mrs. Marsh—Programme Given.

On Friday evening, April 30, the "B" Sharp Club was very kindly entertained by Mrs. Marsh and Miss Hall at their home, Homewood Avenue.

The study period was devoted to the talk on the life of George Frederic Handel, given by Miss Adams. After which the following musical programme was given:

The Meadow Lark, Wiliams, Whipple Kelly. On the Lake, Hopkirk, Isabel Cragg. Lullaby, Williams, Margaret Preston. Recitation, 'Sticky Fingers," Betty Lytle. (o) Sans Souci, Lichner, (b) Hungarian Dance, Engelmann, Harry Marsh. Italian Song, Tschaikowski, Marguerite Kidd. (o) Little Hunters, Kullak, (b) Twilight, Sartorio, Allison Gordon. Minuet, J. S. Bach, Harry Marsh. Duet, Festival March, Low, Margaret Preston and Miss Adams.

Alan Park, a guest of the hostesses, favored the members with a very pleasing violin solo, accompanied by Mrs. Allan.

Miss Adams also played "The Harmonious Blacksmith," by Handel.

After the programme, dainty refreshments were partaken of.

An old superstition of obscure origin is responsible for imposing a severe handicap on Japanese girls who are twenty years old this year. It is said that they must all be so bad-tempered as to be unsuitable for wives. This unlucky time occurs every sixty-one years, and although the superstition is waning there are still large numbers of parents who will not allow their sons to marry girls under this cloud. A number of this year's unlucky girls have taken up professional work in the belief that they are doomed to remain single.

QUAINT FAN

This quaint fan, made entirely of flowers with a few silver leaves in the center, is a charming accessory for the debutante.

HEED CONSTIPATION'S WARNING

Kellogg's ALL-BRAN brings sure relief because it is 100% bran

Even before constipation wrecks the health—it lines the face with wrinkles, spots the skin, hollows the cheeks. Unpleasant breath and headaches are merely outward signs of the inward havoc this dire disease promotes.

Rid yourself forever of constipation. Stop it before too late! Kellogg's ALL-BRAN has brought relief to thousands where all else has failed. Doctors recommend it. They know ALL-BRAN brings results. It is not an uncertain part-bran product.

Eat two tablespoonfuls daily—with every meal, in chronic cases. Your grocer will refund the money if it fails.

Kellogg's ALL-BRAN is made in London, Canada. Ready to eat with milk or fruit. Cooking too. Delicious recipes on the package. Sold by all grocers. Served at hotels and restaurants.

Kellogg's ALL-BRAN

Get back that lost weight!

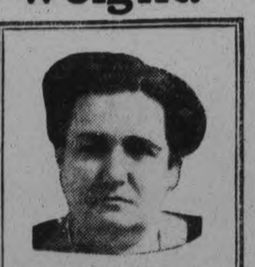
When you start to waste away to a shadow, when the color leaves your cheeks and your poor, tired legs will hardly hold up your weakened body it's high time you started taking a fine tonic and builder like Tanlac.

Tanlac will build you up and make you feel that's life's worth living. Made from roots, herbs and bark gathered from the four corners of the earth and compounded under the exclusive Tanlac formula, Tanlac is just what the poor, starved body needs.

First of all it cleanses the blood stream and puts the digestive organs in order. You find, after a few days' treatment, that you want to eat. Pretty soon the welcome color steals back into your cheeks and the scales tell you that you're gaining weight. From then on it's only a short time until you're feeling fit as a fiddle.

Millions of men and women have taken Tanlac with great benefit. More than one hundred thousand people have written us glowing tributes to this wonderful tonic.

When you know it has worked wonders for so many folks it's folly not to take advantage of Tanlac's help yourself. Don't put it off another day. Get a bottle at your druggist's now and start the good work right away. Take Tanlac Vegetable Pills for constipation.



Gained Health, Strength, Vigor, Weight

"Chronic indigestion made life unbearable for two years. I lost weight and strength and could do no housework. Tanlac put me on my feet. Gained 20 lbs. and now enjoy vigorous health again."

Mrs. Louis Calouette
516 Marie Anne St.
Montreal

YOUR HEALTH

By ROYAL S. COPELAND, M.D.,
Former Commissioner of Health, New York City.

I read about a resolution presented at a school board meeting, providing for a semi-annual survey of every school by the Fire Department and the Health Department.

That is a fine idea. It was a smart man who thought of it when no fires or serious illness had recently cursed the community. Most fire and health surveys follow immediately after some dreadful disaster.

The way to avoid fires and the way to prevent disease is to remove the hazards most of which are fully understood. I remember correctly, my old friend, Chief Kenlon, of the New York Fire Department, told me that the vast majority of fires are due to rubbish in the basement.

Most families never destroy anything. They store things away in the attic and basement. The rats thrive here and prepare the way for the fire a careless cast thrown match or defective furnace may start.

A fire in a school house is a terrible thing. A community can never forgive itself for fatalities of this origin.

The ventilation, lighting and toilet facilities in most schoolhouses are vile. May I make clear just what I said: Most schoolhouses are unsanitary and hazardous to health.

I want every citizen to realize this fact. Then an aroused public conscience will see to it that the children of the nation are protected in their surroundings as they should be.

We are fortunate in the many noble qualities of the teachers of America. They are looking after the education, of course, but more than this, they are guarding the morals, promoting the patriotism and watching the health of our children. We owe a debt of gratitude to the teaching profession, a debt we can never pay.

The least the public can do is to see to it that the schoolhouse is ventilated, lighted, heated and rendered sanitary, according to the well recognized rules of sanitary science. The health authorities can render no more important public service than to make the semi-annual survey suggested by the school director I mentioned.

Childhood is the basement and foundation of life. It must be watched, kept in repair and everywhere strengthened, otherwise the superstructure—the adult life—will topple over and end in disaster.

Let the child be directed during the growing and developing years and all will be well when middle-age is reached. Proper food and proper habits mean good teeth, strong bones and vigorous organs. If during their tender years we must guard the children. They are influenced greatly by their surroundings, and every schoolhouse and schoolroom must be sanitary if good health is to abound.

Answers to Health Queries.

M. B. Q.—What causes headaches?

A.—Eye-strain, infected teeth, tonsils and sinuses, constipation, indigestion, auto-intoxication, high blood pressure, kidney conditions and catarrh. A thorough examination and a complete eye-test will usually locate the source of the trouble.

* * *

M. M. R. Q.—How much should a girl twenty-three years of age, 5 feet 4 inches tall, weigh?

A.—She should weigh about 127 pounds.

* * *

L. K. Q.—What causes dark spots to appear on arms and legs, gradually disappear, and leave them slightly sore?

2.—What causes brown patches on arms and hands?

A.—This is probably due to a bruise.

2.—This condition may be due to liver spots. Send self-addressed, stamped envelope for full particulars and repeat your question.

* * *

G. Q. F. Q.—Is hay fever contagious?

2.—Is there any cure for it?

A.—No, it is not contagious.

2.—Hay fever is due to pollen from grasses or flowers. You doctor can have you tested to find out which one affected you, and you can then be immunized against it. Make sure there is no nasal obstruction, which might cause the trouble.

GOOD NIGHT STORIES

By Blanche Silver

DOTTY CHATS WITH AN INTERESTING FLOWER.

Well, you cute little blossoms!" Dotty exclaimed as she stooped over the queer little flowers nodding in the sunlight. What in the world are you, anyway?"

"What are you talking about?" queried a tiny voice, and out of the very heart of the plant rose a dear little Flower Fairy. "These are Dutchman's Breeches, if you please."

"Of all things," laughed Dotty. "They sure do look like Dutchman's breeches, all right. Just like the pictures I've seen of little Holland boys. They all wear great big baggy pants like your blossoms."

"No fair making fun of my best friends," buzzed a merry voice, and a great big Bumblebee lighted on one of the little white breeches. "I never fail to get a sip of honey from these honey wells."

"That's because you have just the right kind of a long slender tongue that fits into my honey well," laughed the Wee Flower Fairy.

"I don't see even at that how you get the honey out of those white containers," laughed Dotty.

"Easy enough," buzzed Mrs. Bumblebee. "First of all, as you see, I have two ways of getting down to the honey well. Guess I can show you better than I can explain it," and with a merry buzz Mrs. Bumblebee lighted on the very centre of the white breeches, the part that formed a pretty heart, where the two petals came together. With a happy little buzz she clung to one petal with her front legs and poked her long slender tongue down into the deep honey well. When she had drained all she wanted from there she ran her tongue down into the other side.

"That's the way," laughed Wee Flower Fairy. Mrs. Bumblebee had

"What in the World Are You?"

all the honey she could hold, so she filled her pockets full of lovely pollen and, thanking Wee Flower Fairy, sailed away to deliver the pollen to Dutchman's Breeches' near relatives.

"You see, the female Bumblebees are better suited for getting our honey from the Dutchman's Breeches wells," said Wee Flower Fairy. "The wells are shaped in such a queer way. When Mrs. Bumblebee was sipping honey I was dusting the under side of her suit with pollen. Now when she stops at my cousin's near the brook she'll dust that pollen off on them."

"Don't you have trouble from the other insects that haven't tongues long enough to reach the honey wells?" asked Dotty.

"Sure enough," replied Wee Flower Fairy. "Sometimes Mr. Bumblebee rips a hole in the outside of the blossom right down near the honey well. That way he can drain the honey and won't need to pay for it by carrying pollen. My, I've had several winged people treat me that way. Now when I find a hole with jagged edges I know some bad bumblebee made it. Sometimes the hole is clean cut and just as round as can be; that, I know, is made by a wasp. Mr. Carpenter Bee cuts a slit for his honey. Why don't you take a spray of blossoms to school with you and tell your friends about the Dutchman's Breeches?"

The idea pleased Dotty, so she picked a spray of the pretty white blossoms, and thanking Wee Flower Fairy, hurried off to school just as the bell rang.

(Copyright, 1926.)

SNOW STORM RAGES IN NORTH ONTARIO

Ground Blanketed and Roads Drifted—Thunderstorm First.

COBALT, May 4 (Canadian Press).—A snowstorm of heavy proportions has been raging over the entire northern district and the ground is blanketed in white to the depth of several inches. Deep drifts have formed on many of the roads, owing to the high wind which has prevailed throughout the day and traffic is being hampered to a considerable extent. The snow was preceded by a thunder storm, in the course of which lightning struck an office in the T. & N. O. yards at Englehart, used by car men, and completely destroyed it. A heavy rain fell for a time, but with the wind switching back to the north the temperature dropped and snow came.

HIKING

A bit of real hiking is much to my liking. It does one a whole lot of good. Right out in the air, where the spirit is rare. If you haven't tried it, you should.

Just put on old clothes. Go where each hiker goes and drink in of Nature's rare scene. Get mud on your shoes, 'cause there's nothing to lose. It's fun—if you know what I mean.

Go plodding along on the lilt of a song and imagine you're feeling just great. Of course, if you're aching, while lengthy walks taking, just call it the working of fate.

Such a stroll, after all, if you answer the call, is whatever good fun you can make it. But, if offered a lift in a car, as a gift, just use your good judgment—and take it.

BOOTLEG CREAM FROM CANADA TO NEW YORK CITY

Disclosure of Supplies From Sources Evading City's Inspection.

GRAFT CONSPIRACY.

Revocation of Licenses Threatened In Effort To Maintain Sanitary Code.

NEW YORK, May 4.—(By Canadian Press).—"Bootleg" milk and cream are being shipped into New York City through "approved" sources, according to evidence developed Saturday by Dr. Louis I. Harris, Health Commissioner, and Ferdinand Fecora, assistant District Attorney, who continued their investigation into the milk situation in Manhattan. So greatly has its scope broadened in the last few days that it now appears likely, it was said, that one of the three May Grand Juries empaneled yesterday, will be forced to devote its entire time to the alleged milk graft conspiracy.

"We have learned," Dr. Harris said, "that a great deal of milk from Canadian sources that are uninspected has found its way into New York City, as well as into cities up-state and in Massachusetts. The evidence seems to indicate that the shipments from approved sources in New York State have been very much increased by additions surreptitiously made from sources that are of the kind we have termed bootleg."

Mysterious Sources.

Dr. Harris said that evidence had been obtained that at certain railroad stations milk from "Canadian and western sources," had been added to the local milk shipments. He said that one dairy was sending in three times as much milk as its herd of cows could possibly produce.

"Apparently," Dr. Harris said, "this practice of shipping with approved milk other milk which is uninspected has been conducted on a wider scale than we have suspected. How much milk that is frankly of the bootleg variety arrives here without any attempt being made to mingle it with milk that has been inspected I do not know. There was never so much virtue in the milk trade as there is now. How long this virtue will continue I am unprepared to say."

Dr. Harris announced that an investigation was being made of all dealers and that those who were found to have been persistently guilty of "sinister" violations of the sanitary code would have their licenses revoked and be driven out of business.

Tomorrow's HOROSCOPE

By Genevieve Kemble

WEDNESDAY, MAY 5.

A fairly active day is predicted from the dominant lunar operations, which favor the financial prospects and encourage the promotion and development of matters already firmly established, but clothe with a certain degree of hazard new undertakings. Large corporations, secret orders and matters of diplomacy or intrigue are not under a satisfactory planetary sway. All affairs partaking of subtlety should be postponed until more propitious ruling. Employment is also under doubtful directions. Affairs of the heart or social affiliations may assume a spectacular or irregular aspect.

Those whose birthday it is may look for a propitious year in the old established lines, but are cautioned in the launching of new ventures or in deals with corporations, trusts or secret societies. Employment should be safeguarded and social and romantic activities should be preserved from the unconventional or sensational. A child born on this day may be clever, ambitious and should rise to a good position in life, probably figuring in the public eye.

OFFICERS ELECTED.

All Saints' A.Y.P.A. Chooses Officers For Season of 1926-1927.

On Monday evening a good attendance of members of the Anglican Young People's Association of All Saints' Church met in the Guild Room for the election of officers. The officers for the year 1926-1927 are:

Hon. President—Rev. J. D. Paterson.
President—Mr. J. Price.
Vice-President—Mr. Ted Rye.
Secretary—Miss Leah Dunford.
Treasurer—Mr. Spencer Hope.
Executive Committee — Mr. A. Hope, Mrs. Curtis, Miss L. Rootes, Miss D. Worboy.
Visiting Committee—Miss Rootes (convenor), Mrs. J. Price, Miss Viva Wyatt, Miss Timm, Mrs. LeBarr.
Social Committee—Misses Marion Timm and G. Renouf, Messrs. S. Hope, C. Thomas, J. Morley.
Programme Committee — Miss Stout, Mr. A. Hope and the Executive.

COLORED BAGS.

Colored luggage is sponsored by the mode and we find dressing cases, bags and hat boxes in bright colored leathers as well as tan or black, and in black bound with colors.

Read the classified ads on Page 2 each day.

ADVENTURES of the TWINS

by OLIVE ROBERTS BARTON

NUMBER SIX—THE RAIN BARREL FAIRIES

The Twins and the Whiffet trudged along and along and along, and pretty soon they came to the watering-trough under which the toad lived.

There she sat under a toadstool umbrella, to keep the drops off that splashed over.

"Did you see a little lost shadow around any place?" asked Nancy. "This poor little Whiffet lost his shadow when he was crossing the stile."

"No," said the toad. "That's a silly thing to do. But since it's done, there is only one thing left. That is for him to keep out of the sun for the rest of his days. Then he won't miss it."

"Well, I didn't come for advice," said the Whiffet. "I came for my shadow, thank you. I for one don't care to sit under a watering trough and do nothing but get fat. Good-bye."

"Good-bye!" said the toad. "The life suits me. You might ask the rain-barrel fairies."

The rain-barrel fairies were floating around on the top of the rainbarrel in little leaf boats. They had nets and were fishing for skippers.

The Twins and the Whiffet climbed up on the edge and watched them.

"Did you see a stray shadow around anywhere?" asked the Whiffet.

"My goodness!" cried one of the rain-barrel fairies. Your suit's all shrunken up. Did you fall in?"

"Did."
"You."
"Fall."
"In?" sang out the other tiny creatures.

"I asked you a civil question and I expect a civil answer, not a question like a step-ladder," said the Whiffet. "Yes, I fell into the drain and my suit all shrank up. But that makes no difference. I would know my shadow anywhere even if I am different."

"Oh look!" cried Nancy as a shadow fell over the rain-barrel and passed on swiftly. "Maybe that's your shadow Whiffet?"

But when the Whiffet turned to look, he lost his balance and fell splash! down, down and down, right to the bottom of the barrel where he settled and lay still.

The rain-barrel was deep, and fishing a Whiffet out of the bottom of it was no easy task.

But Nick had a happy thought. "We'll pull out the bung and the water will run out," he said. "Hurry, Nancy, help me pull."

"How about us?" shrieked the first rain-barrel fairy.

"How"
"About"
"Us?" shrieked all of them.

"Yes, and how about us?" called out all the skippers. "We can't swim without water."

"You'll all have to hunt another rain-barrel," said Nancy. And out came the bung. And out rushed the water.

The Whiffet was saved, but his purple bombazine suit was shrunken more than ever.

"Your shadow will never know you now," said Nick. "You look more than ever like a fat little sausage. I think you'll have to get a new shadow."

"I can't," wailed the little fellow. "Don't you remember! The fairyman said that no person in the world could have two shadows."

"That's so," said Nick. "Let's follow the shadow that passed over the rain-barrel just now. It went that way over the top of the hill."

(To be continued.)

The ORACLE

This day we fashion Destiny, our web of Fate we spin —Whittier.

Fixed fate, free will, foreknowledge absolute. —Milton.

Off.—You like the fun and good times of life, perhaps a little too much. You are inclined to live in the enjoyment of the senses, and like parties and showy people. You are quite young, and can arrange your destiny to suit yourself. I am going to tell you quite plainly that you are capable of great things, if you do not allow the material, sensuous side of your nature to run wild and cover up the goodness. Try to develop the spiritual side of your nature more, even though at present this may not appeal to you as a desirable or sensible procedure. You would make a fine leader, and have much ability, both of head and hands. A capricious element in your disposition will do much to keep you from happiness, particularly in married life. Never touch strong drink. Marry a girl born in September, October or January. May and July are your lucky months, Friday your good day. Service to others should be your motto in life. You would make a good physician. Your colors are black, yellow, brown and red.

A. C.—You are of the type that is said to have a double nature and must always watch carefully that the higher and better nature is in power, in order to reach your highest success. You are inclined always to be nervous and dissatisfied, always wishing that you were doing something else or away in some other place. Try to conquer this feeling and remember that even if you were in other places, you would still carry that nervous nature with you. In it lies the source of much of your worry. You are very kind to persons in trouble or illness, but have at times the bad habit of finding fault and nagging and scolding, this being very true when you are sick yourself. Do not judge others by outward appearance. You will suffer often from neglect and indifference, because you have chosen friends who are not faithful and true. You are inclined to be reserved and retired in your ways, and should try to mix more with other people, while still holding yourself away from all but the best of your companions. Do not try at any time to stand alone. Associate yourself with others in any endeavor. Learn silence and patience and keep your hands and feet still. You were born on Friday. Your colors are steel and purple. April and August are your lucky months, Friday your lucky day.

E. A. L.—Again comes this natural inclination toward change and uncertainty in the makeup. So many people seem to suffer from indecision of character and tendency toward change and fickle behavior and undecided mental habits. However, aside from this, you have a fine type of nature, blessed with unusual understanding and sympathy for others, and, although not necessarily one to achieve much in a material way, still a type of whom others instinctively demand much. The conflicting elements of your innate character and of the manifest destiny mapped out for you in life chime in well with the type of personality which is declared to be at once the strongest and the weakest in the world. You are of the sort endowed with great possibilities, but not always carrying them out. To be successful, you must learn first of all to concentrate, to be self-reliant, to know opportunity and to improve upon it. You should select a path along the line of your particular talents, then never swerve from it. Marriage is mapped out very plainly for you, but you would make an excellent nurse. You must fight laziness and indifference and strive for perfect independence of all outside influences. April and August are your lucky months, Saturday your good day. Yes, you were born on Wednesday. Your color is pink. The day you ask about, a Thursday, is one for quiet meditation and self-communion. Let things take their course on this day, and, above all, don't worry.

I. M. M.—You have a peace-loving, mild type of nature, with much repose and comfort in your makeup. You have a great deal of understanding and sympathy with others in trouble and form a refuge for many people who are seeking comfort and help. In this way, you may be able to do much good as you go through life, for you seem to have the power of making those around you happy. You have a degree of sensitiveness in your character that sometimes causes you much unnecessary worry. You make a true and honorable friend, but an almost unforgivable enemy. You are a natural home builder and are very sincere. You should always study the right of others to see things from their own point of view, and strive for perfect independence of all outside influences. April and August are your good months, and Saturday your lucky day. You should make a point of doing a certain amount of good reading every day, and—never make an engagement that you do not intend to keep. You were born on Wednesday. Your colors are orange and grey.

F. M. Mc.—You have an even-tempered, kind nature, receptive and affectionate, but without much initiative or efficiency. And there are elements in your nature also that do not make for much strength of character. You are inclined to be changeable and uncertain in your ways, although you have a good deal of both mental and physical force. You have very strong likes and dislikes, and thrive only when surrounded by those you like. You fear instinctively poverty, burglars and robbery, and are always uneasy if left along at night. You must always guard against jealousy of friends and companions. You are very sensitive to slights, and should always seek pleasant people and things, striving to realize that this world is just what you make it. You are fond of money and may develop a miserly tendency as you grow older. Guard your throat, lungs and kidneys. You have strong healing powers within yourself. You are sometimes cruel and vindictive, and are quick to resent a personal criticism, even when it is for your own good. Always seek good cheer and sunshine, which your nature demands. Learn to respect the opinions of others and govern your tendency toward jealousy. Marry a man born in November, March or January. You were born on Tuesday. Your colors are gold and white.

G. A. N.—You are generous and ambitious and quite talented. You are usually full of hope and enthusiasm, and defeat does not easily discourage you. You are quite careless about money matters, and indifferent about paying your bills. You have a natural aptitude for any pursuit connected with business or science, but you have an element of change and uncertainty in your makeup that will not make for happiness, unless you try to control it at all times. You are easily confused, dislike crowds and are nearly always frightened when crossing a busy street. You are careless of your belongings, drop and lose things often, and are apt to borrow books and other articles, being very impatient of criticism when you do not return them promptly. You are fond of praise and easily wounded by trifles. Worry, anger and impatience, unless curbed, will bring on nervous prostration and stomach trouble in later life. Always follow your own intuitions and you will not be deceived. Strive for habits of order, even in small things. Marry a man born in February, May, August or March. You were born on Wednesday. Your colors are tans and buffs.

Blue Eyes: You are a natural leader in any enterprise you undertake in life, but, while leading, you should always associate yourself with others in any matter, however small. And never attempt to control the affairs of others. You will always fail if you do so. You are independent, executive and aspiring, with great ideals. You are apt to undertake more than you can successfully carry out, paying little attention to necessary details. You would much rather be at the head of affairs than do things for yourself, but, when necessary, you readily put your shoulder to the wheel in carrying out your personal plans. You put all dependence upon your mental powers. You have an ease and freedom of manner that makes friends for you quite readily. You should do well in any commercial position, or as a teacher. Try to control your temper at all times, and strive for self-poise. Be careful of falls and accidents to the legs, hips and feet, also be careful of stomach troubles. Study the art of personal attractiveness and pay more attention to the arrangement of your hair, which you sometimes neglect. Marry a man born in May, July, February or November. March and November are your good months, Tuesdays and Saturdays your lucky days. You were born on Thursday. Your colors are red and brown. The day you ask about, a Thursday, is one for collecting information, a very good day on which to acquire knowledge.

Paoli: Although you have a gentle, amiable nature, you have the bad habit of whining and scolding and fault-finding, at times making yourself very disagreeable in this way. You are the sort that is said to have a double nature, being very kind and sympathetic toward people in sickness or in trouble, and yet often making yourself somewhat of a nuisance by a habit of discontent and nervous dissatisfaction, inclining toward longings for something else and wishing to be doing something that you are not engaged in. You should never strive to stand alone in any enterprise, but always associate yourself with others, and do not attempt at any time to control the affairs of those about you. You will fail in such efforts. You are suspicious and easily offended and should cultivate confidence in your associates. You can be a tremendous power for good, once you set out to control the faults alluded to above, especially the scolding and nagging propensity. You will sometimes suffer from neglect and indifference, because you have not been wise in the choice of friends. April and August are your good months, Friday your lucky day. You were born on Thursday. Your colors are grey and heliotrope.

Janita: You were born with a strong type of disposition, well equipped to face the circumstances of daily life, but circumstances and environment tend to make you introspective and somewhat morbid at times. You are often shy and this causes you some trouble. You are of the type that is said to have a double nature. You are constantly nervous and dissatisfied, wishing that you could be doing something else or be somewhere else, you are not quite sure what or where. You have always an instinctive dread that evil will result from negligence on your part, and are thus driven on to continued and restless action of mind and body. You have a disagreeable trait also of whining, nagging and scolding particularly when you are feeling ill, and should always take great care of your health, particularly of your intestines. You are affectionate, unselfish and self-sacrificing, with a great deal of family pride. You would make a good nurse or would excel in any scientific pursuit. You should also be able to make clothes very well and easily, having good executive ability with your hands. You are fond of color and flowers, and everything beautiful in nature and in art. If you marry young and try to conquer the scolding habit, you will be ideally happy. Marry a man born in February or November. Your good months are April and August, your good day Friday, the day on which you were born. Your colors are red and brown.

Flame: There is one thing about your reading that is quite remarkable. That is the unanimity of influences that point to a fickle nature. But as there are always contrary forces at work, so with you. You will doubtless have some difficulty in life striving to reconcile the conflicting forces in your own nature, but I strongly advise you to incline as much as possible to scholarly pursuits and to develop your mind so that you will not be irked by vacillating influences from within. You were born with a tendency toward changefulness, with a certain amount of charm but no great depth, and circumstances of your life, as long, anyway, as you remain unmarried, will combine to increase this changeful tendency. However, you have also a superior type of bearing that is not easily overawed by others, and a discriminating and analytical mind that will probably gain the ascendancy as you grow older. You would make a good teacher, in school or of music. You have a fine memory and keen eyesight. You are somewhat inclined to selfishness, but make a very devoted friend. Cultivate your mentality and strive for harmonious and comfortable conditions in your daily living. Marry a man born in March, May or August. February and November are your good months, Wednesday your lucky day. You were born on Wednesday. Your color is pink.

Anne: Although you were born with a natural inclination toward domestic life, still you have quite an aptitude for business, also, and are independent, executive and aspiring. You like to be constantly busy at something, and can more successfully manage than carry out plans. You often overlook details, which are so necessary, and are liable to undertake more than you can successfully accomplish. Your way of success in life lies through the gate of hard work, through keeping constantly at your job, whatever that job may be. You should always retain your own individuality and try to become a specialist along the lines of your predominating talents. In this way you will achieve more than in trying to do a little of everything. Your natural sphere is in the business world. You have an ease and freedom of manner that makes friends for you quite readily.

March and November are your good months, Tuesdays and Saturdays your good days. You were born on Monday. Your colors are gold, voilet and white. The day you ask about a Wednesday, is one for co-operating with your business associates in any endeavor.

And.—As I am not a fortune-teller, I cannot read the future for you, but merely point out what paths are best to follow. At your age, you have probably found this out for yourself long ago. You were born with a good deal of creative power and tenacity, and, even in your present unhealthy condition, you have the tenacious power to carry on. This is well. Do not allow physical handicaps to discourage you. The measure of a man, they say, is his power to endure. For you, success lies in the use of diplomacy and tact, not in the use of force to gain your ends. Even if you had been a very strong man, physically, this would still have been so. You are of the type that is always busy, and you dislike awaiting results. Cultivate patience, my friend. Nervous trouble will haunt you, unless you strive for calmness and repose. You will always be more successful in following out your own inspirations than in listening to the advice of others. Try not to worry, above all things, and do not harbor envy, hate or jealousy. These things will affect your destiny more than you realize. Remember that it is the specialist who knows who is bound to succeed. February and June are your good months, Thursday your good day. You were born on Sunday. Your colors are blue and cream. You ask about a date many years past. That was a day for allowing nothing to force your hand.

DRUGGIST CLUBBED.

By Man Who Asked For Chocolates—No Money Taken.

OTTAWA, May 4.—(Canadian Press). — Raphael McKindsey, a druggist, was blackjacked in the A. F. Astley Drug store here on Saturday by a holdup man. Another customer coming in caused the man to beat a hasty retreat without securing any of the day's takings. The man asked for box of chocolates and when the druggist was leaning over the counter, struck him with a weapon. No arrest has been made.

THREE TORONTO PITCHERS ARE SLUGGED BY THE NEWARK BEARS

Two Runs in Tenth Inning Decided Only Game in Circuit.

WINTRY WEATHER

TORONTO, May 3 (Canadian Press). — Three Toronto twirlers failed to hold the slugging Bears, who opened a four game series here by winning today's contest, 10 to 8, in ten innings. Newark led 7 to 1 going into the Leaf's half of the 4th inning, but a rally gave the home team five runs, and they tied up the count in the fifth, and took the lead in the sixth, only to have the Bears even matters up in the eighth and win out in the tenth. Burns playing the centre field position for Newark, played a large part in his team's victory by securing three hits and crossing the plate five times. The weather was bitterly cold. Score:

Newark .. ..1042000102—10 12 2
Toronto .. ..1005110000— 8 14 2

Smallwood, Chesterfield and Schute; Stewart, Maley, Hubbell and O'Neill.

BROOKLYN HOLD FIRST POSITION

Fournier Hit Fifth Homer—Giants Slugged the Phillies.

CINCINNATI WIN

BROOKLYN, May 3 (Canadian Press).—The Robins took the second straight game from the Braves today by a score of 4 to 1. Bob McGraw held the Hub team to five hits and won his third straight victory of the year.

Jack Fournier clouted his fifth home run of the season over the right field fence in the second inning. Score:

Boston.. .. ..000000010— 1 5 3
Brooklyn .. ..01001200x— 4 8 1

Genewich, Wertz, and J. Taylor; McGraw and O'Neil.

Giants 11, Phils 2.

NEW YORK, May 3 (Canadian Press).—Jack Wisner turned in another performance today and the Giants slaughtered the Phillies, 11 to 2. Score:

Philadelphia .. ..000000020— 2 6 3
New York .. .. ..30005111x—11 12 1

Dean, Pierce and Henline, Jonnard; Wisner and Snyder.

Reds 9, Cards 6

ST. LOUIS, May 3 (Canadian Press).—The Cincinnati Red Sox lunched hits today and defeated the St. Louis Cardinals, 9 to 6, in the first game in a long stand at home for Hornsby's men. Score:

Cincinnati .. .. ..003004200— 9 9 2
St. Louis .. .. ..104001000— 6 7 1

Rixey, Mays and Picinich; Keen, Haines, Callahan and O'Farrell.

Soccer a World Sport

Sparrow Robertson, who is sporting editor of the Paris Herald, is in New York on a holiday, and about the first thing he said in the sporting line was that soccer was going to be the big international game in the very near future. John McGraw tried to make baseball popular in Europe, but failed, so Robertson advises the New York sport magnates to get ready for professional soccer on a large scale, for he claims it is bound to come, and the time is not far distant when a real world's series in soccer will be played, the so-called world's series in baseball being confined to the United States.

"I want to tell you gentlemen," he said, "that one of these days the world's series of soccer will attract just as much attention in the United States as the world's series does these days. It is the one game where anybody can see and understand everything that happens on the field. All Europe is playing it now, and when it gets the right start in the United States it wil be the big game of the world.

And Bill McGeehan, sporting editor of the New York Herald-Tribune, agrees with him. He feels that the visit of the Hakoah team from Vienna will help stimulate interest in the game, and advises the men behind professional football in the States to get behind professional soccer and have a sure winner.

Anything in the way of a healthy clout can be looked for when the evergreen Tyrus Cobb goes to bat, and he lived up to his reputation in the first game in which he has played this year when in the battle against the White Sox the other day he got a triple, a double and a single, drove in four runs and scored one himself. But it was in the field that the veteran pulled the great play of yesterday, his catch of Harris' fly being credited as the greatest he ever made. Here is how the Detroit Free Press describes his work

"It would have been a crime to let Cobb's hitting and his great catch off Harris in the fifth, when Holloway was pitching, go unrewarded. If the operation the Georgian submitted to last spring accounts for the way he swung that bat of his on Tuesday, some of the other Tigers ought to have their eyes peeled.

"With the luck that frequently thrusts Cobb into spots where he can be of use, he staggered into his first chance in the third inning, when the bases were packed and two had subsided. Like a shot, a single flew off his bat to center field and two runs scored. In the sixth, the Peach started off with the double and scored in the next. He hit two runners across the plate with a triple, and scored later on Heilmann's sacrifice fly to Mostil.

"Cobb's catch of Harris' drive out near the bleachers was perhaps as good as any he made in his whole 21 years [illegible] soaring leather, that would have bumped against the bleachers if unobstructed, Cobb leaped up and sidewise in time to haul the ball out of the dripping atmosphere with his gloved hand."

SOCCER NOTES.

Saturday's game is a league fixture between the Quaker Oats and the Masseys at the Oval. Kick off at 3.30 o'clock. Referee, W. Rickard.

League Standing

	P.	W.	L.	D.	Pts.
Quakers	1	1	0	0	2
Omemee	1	0	0	1	1
Thistle	1	0	0	1	1
DeLaval	1	0	1	0	0
Masseys	0	0	0	0	0

Two points for a win and one for a draw.

J. Rae of the Thistle made his reappearance in the Jags uniform at Omemee.

The newcomer in J. S. Reynolds of the Quaker Oats, formerly of Bowmanville, made a favourable impression in his debut in the local league.

Phelan Cup Draw

Draw for the Phelan Cup resulted as follows:

1st round—Thistle versus Masseys and Campbellford versus DeLaval.

Quakers and Omemee a bye.

This game has been scheduled to take place on May 22nd on the ground of the first named club.

It is surprising to witness the number of soccer players in the city when a ball is thrown down at half time in any local match. When such players are requested to "sign" they never give any definite answer but would sign for the "best team."

All Massey players are requested to attend the practice games on Tuesday and Thursday evenings at 6.15 prompt.

A final settlement was made in regard to the team that would go to Omemee on May 24th and it was definitely decided that the Quaker Oats would send their full league eleven.

Any player who wishes to get into the game will get a hearty welcome from George Lowe who is endeavouring to carry DeLaval in the local league. Give this executive a chance so as to carry on.

The legitimate number of players a team can sign is limited to sixteen players. If any player leaves the city the team manager should notify the Association secretary.

The local secretary was instructed to write club secretaries "that any player who indulges in rough play and misconduct will be severely dealt with in future games."

Alex Anderson, of the Thistle, is the only full back who holds the record as a defense player to score a goal in the league.

Yes, Alex. Burgess score a goal from a corner kick last Saturday.

Goal Scorers

Mitchell, Quakers	3
Richmond, Thistle	2
R. Black, Omemee	1
Reynolds, Quakers	1
J. Lunn, Omemee	1
C. Hutton, Thistle	1
John Black, Omemee	1
Wilson, Quakers	1
Burgess, Quakers	1

Two new directors were elected to the executive last evening when a ballot had to decide the members to be chosen. The ballot resulted in T. Stuart and R. Gilmour gaining the votes.

The longest walk ever performed in a single day of twenty-four hours is 127 miles 1,210 yards. The feat was accomplished a good many years ago by an English walker named Howes.

BOWLING

LADIES' MERCANTILE LEAGUE, Y. M. C. A.

In the second series of the Ladies' Mercantile League at the Y.M.C.A., there was a prolonged struggle between two teams in the league for the leadership of the series. The series finished on Friday with the Ontarios leading the Eries by four games, this giving the Ontarios the second series and a place in the finals against the Hurons, who were the winners of the first section of the league. The finals between these two teams, the Hurons, led by Miss T. Pearson and the Ontarios, led by Miss B. Adams for the championship of the league will take place next Monday and Wednesday evenings with total pinneage to count in both series.

The Hurons did not strive hard in the second series, while the race was certainly between the Ontarios and the Eries, led by Miss G. Gollop. The Superiors, with an entirely new team in the second series of the league and led by Miss M. Morrison, certainly made a good show in the series for a team composed of ladies most of whom were bowling for the first year.

The final standing of the league was as follows:—

	Won	Lost
Ontarios	33	12
Eries	29	16
Hurons	18	27
Superiors	10	35

The Hurons, handicapped by a dummy managed to take two games from the Ontarios in the Ladies' Mercantile League. All games were close, however, and the Ontarios were up a few pins in total pinneage.

Ontarios—				
Miss Adams	112	123	110	345
Hill	118	113	113	344
Williamson	104	133	111	348
Edwards	98	.....	.....	98
Sloan, E	147	138	.....	285
	432	516	472	1420
Hurons—				
Miss Pearson	164	128	171	463
Hanna	110	159	142	411
Carson	108	92	89	289
Dummy	80	80	80	240
	462	459	483	1403

Y. M. C. A. LEAGUE, Post Season Series.

George St. took the odd game of three close games from the De Lavals in the Post Season series of the Y.M.C.A. League. Wasson had a good total for the night of 625, having two nice singles of 250 and 210. Other high singles were: Graham's 264, Ashmore 221, 212 and 180; Pratt 228 and 215, Norm Routley 228, Touchburn 208, McGee 193 and 184, and Nels Routley 199 and 180.

George St.—				
Routley, Nels	129	199	180	508
Pratt	114	215	228	557
Robertson	168	178	154	500
Wasson	250	210	165	625
Routley, Norm	179	148	228	555
	840	950	955	2745
De Lavals—				
Ashmore	180	212	221	613
Johnson	156	162	.....	318
Smith	174	.....	.....	174
McGee, E	193	149	184	526
Graham	264	159	129	552
Touchburn	208	165	373	
Dummy	.....	120	120	
	967	890	819	2676

* In a postponed game of the Ladies' Mercantile League at the Y.M.C.A., the Ontarios took two games from the Hurons who were handicapped with a dummy in all three games.

Hurons—				
Miss Carson	114	98	122	334
Hanna	155	135	157	447
Forester	119	97	81	297
Dummy	80	80	80	240
	468	410	440	1318
Ontarios—				
Miss Adams, B	129	117	130	376
Hill	118	125	117	360
Williamson	93	102	103	298
Sloan, E	98	149	105	352
	438	493	455	1386

Diamond Disputes Decided
BILLY EVANS

Is it necessary that a base-runner to be retired be touched with the naked ball by the ..elder making the play?

* * *

This query is put to me scores of times each season. The rather definite wording of the rule is responsible for the many disputes arising. It says: The baserunner is out if at any time while the ball is in play he be touched by the ball in the hands of the fielder, unless some part of his person be touching the base to which he is entitled.

The phrase, "touched by the ball," is a technicality used to argue that the runner actually be touched with the ball.

It is often difficult enough to determine if a player has been touched with the hand holding the ball and next to impossible to always know whether or not the ball actually came into contact with the player.

Umpires therefore give the fielder the benefit of the doubt and rule the runner out if the hand holding the ball touches the runner.

Perhaps 50 per cent of the time the naked ball doesn't touch the baserunner.

Does the calling of a balk on the pitcher ever affect the status of the batsman?

* * *

The calling of a balk has no bearing whatever on the status of the batsman.

The erroneous impression exists that if with three balls and two strikes on the batsman, and the umpire for some reason calls a balk, it entitles the batsman to take his base.

Such an opinion is all the stronger if the pitcher, after the umpire has called balk, insists on delivering the ball to the batsman, it being wide of the plate.

It never makes any difference what the pitcher does with the ball after the umpire has ruled a balk. Such a decision suspends play and nothing that happens afterwards is legal.

The balk simply entitles all runners to advance one base but in no way affects the status of the batsman.

In the situation cited he simply remains at bat and the count continues three balls and two strikes.

For women and girls lacrosse is declared to be an admirable sport, and many girls' schools have adopted the game.

ATHLETICS CUT YANKEE STRING

Lefty Grove Stops New York at Eight Straight Wins.

WHITE SOX BEATEN

PHILADELPHIA, May 3 (Canadian Press).—The Yankees eight-game winning streak came to an abrupt end today when the Athletics took the series opener, 8 to 3, coming from the rear to knock Bob Shawkey from the mound in the sixth with a four-run barrage. Score:

New York .. .. ..000210000— 3 8 2
Philadelphia .. ..00010403x— 8 10 1

Shawkey, Shocker and Collins; Grove and Cochrane.

Cleveland 3, St. Louis 1

CLEVELAND, May 3 (Canadian Press).—Cleveland broke its losing streak by beating St. Louis, 3 to 1, in a pitchers' battle between Levsen and Zachary today. Score:

St. Louis.. .. .. ..100000000— 1 6 2
Cleveland .. .. ..01110000x— 3 7 1

Zachary and Schang; Levsen and G. Sewell.

Detroit 3, Chicago 1

CHICAGO, May 3 (Canadian Press).—Detroit bunched hits in the first and second innings today and broke Chicago's winning streak of five in a row, 3 to 1. Manush's circuit drive, Cobb's single and Hallmann's triple put the Tigers in the lead, and they were never headed. Score:

Detroit .. ..21000000— 3 15 0
Chicago.. .. .. ..10000000— 1 8 0

Whitehill and Bassler; Thurston and Schalk.

Senators 6, Boston 2

BOSTON, May 3 (Canadian Press).—Steady twirling by Ogden coupled with ineffective pitching by Ruffing in the early innings, was responsible for the Senators' 6 to 2 victory over the Red Sox today. Goslin hit a homer. Score:

Washington.. .. ..13110000— 6 11 2
Boston .. ..10010000— 2 8 0

Ogden and Ruel; Ruffing, Kiefer, Wiltse and Gaston.

BY JOE WILIAMS

ST. PETERSBURG, Fla., May 4.—As a group proposition the team of amateurs picked to defend the Walker cup against the British golfers across the world's most renowned water hazard in the spring is not half bad.

No team that embraces such gifted wielders of the mashie as Bobby Jones, George Von Elm, Francis Ouimet, Jess Sweetser, Jesse Guilford, Roland MacKenzie, Watts Gunn and Bob Gardner can be dismessed with a contemptuous gesture.

And yet there is another American amateur who ought to be on the team and who isn't. His name is Freddie Lamprecht of Tulane University and he holds, among other titles, the national intercollegiate.

English Pro Praises Lamprecht.

My authority for insisting Lamprecht is deserving of a position among the invaders comes from an Englishman, an Englishman who knows both sides of his golfing question, too.

Archie Compston, the professional, now touring America with Massy, veteran Frenchman, will now address you on the subject:

"I consider young Lamprecht one of your best golfers. I consider him better than Watts Gunn, the Atlanta boy. Besides having all the necessary shots, Lamprecht has a fine fighting temperament and is astonishingly steady. I cant' understand why he isn't on your Walker cup team."

Mr. Compston, you will note, is a gent who speaks his mind without reservations. We recall both he and Massy earlier in the year had many nice things to say about Watts Gunn, who gained fame by going to the finals in the national amateur on the occasion of his first appearance in the event last summer.

Compston explains he still considers Gunn a formidable golfer but in his opinion Lamprecht (whom he has only recently played) is a better one.

"The day Massy and I played Gunn he was hitting his irons like a master. The day we played Lamprecht he was hitting everything like a master. That was the difference between them."

Whether Lamprecht is a better golfer than Gunn is not particularly important, except for conversational purposes. We do think, however, he ought to be on the Walker cup team if for no other reason than that he is national intercollegiate champion.

He Whipped Strong Field.

It seems to us such a distinction ought to automatically make the holder eligible. In most cases the college champion is a real golfer who has won from a real field.

A big percentage of the star amateurs either are or have been college golfers. At Brookline several years ago four of the last eight survivors were active college men, Jones, Sweetser, Knepper and Godcheaux.

Last year at Oakmount the medalist, MacKenzie, was a freshman, and Gunn, the finalist with Jones, was a sophomore.

DODGERS AND CUBS SURPRISING FANS

Not Looked Upon as Contenders This Season.

NEW YORK, May 4.—Although the presence of the New York Yankees atop the American League may continue to surprise ball enthusiasts, the measure of astonishment at this phenomenon does not compare with that afforded in the National League situation.

The teams now riding "one-two" in the senior circuit are the once despised Brooklyn Robins and Chicago Cubs.

The Brooklyn team is the same aggregation which during the training season lost so many games to the Yanks that strong men paled and turned their faces away from the carnage. The Cubs are, in general, the same outfit which secured a comfortable berth in the cellar of the League and wallowed therein last September.

The early season success of the Robins is due in large part to the super-excellence of the pitching performances turned in by several members of the Robinson troupe. Jess Petty, who has won four games and allowed two earned runs in 28 innings, is the leading pitcher in any league. Jess Barnes, Douglas McWeeny and Burleigh Grimes also have contributed well-pitched games, even though the great Dazzy Vance has as yet to break into the winning column.

If Dazzy regains his form and the other mound experts on the Robins' staff continue to function, Brooklyn may be in there fighting for a first division spot throughout the season.

The April success of the Cubs is the more remarkable because in the western half of the circuit they were supposed to face consistently tough opposition. The Pirates, Cardinals and Reds thus far have provided all the opposition the Cubs have waded through, and there are normally a lot of teams easier to beat.

But the Chicagoans don't seem to realize that they are supposed to be a "green" team, which must be beaten as a matter of course. For four days now they have come from behind to win over St. Louis.

The Cubs are packing a vicious punch these days and hitting when hits are useful. Rival managers are beginning to consider them seriously.

BILLY EVANS Says

New Standards.

Despite the fact that the major league season hasn't as yet really gotten well under way, managers and players are of the opinion that some new standards of baseball will be popular this year.

Better pitching, lower score games, placing more importance on the value of one run and a return to old-time strategy, now almost obsolete, are some of the thoughts.

The opinion is general that the ball is not nearly so lively. If so, it will, of course, make for more pitcher's battles.

In the middle of last season the ball was slowed down a bit through a change in making of the ball as relating to the cork and rubber center.

The pitching was much improved the last two months of the 1925 campaign.

On the whole, excellent pitching has featured the early games of the 1926 race, despite very bad weather.

The batters explain this by insisting that the new balls of 1926 vintage are even slower than those used during the closing months of last season.

* * *

Concrete Examples.

A few illustrations that could be offered to substantiate the belief that the ball has been further "toned" down:

The one-hit shutout scored by Southpaw Jess Petty of Brooklyn over the hard-hitting New York Giants on opening day.

Walter Johnson's 13-inning 1-0 shutout of the Philadelphia Athletics, Mack's hard-hitting club getting only six safe drives.

The veteran Stanley Coveleskie followed the performance of Johnson on opening day by beating the Athletics, 3-1, on six hits.

Thus, in the first two games of the season the Athletics, strong pennant contender, made only one run in 24 innings and garnered but an even dozen hits.

During the first week's play a half dozen other striking instances of the domination of the pitcher made themselves evident.

If the ball has been "toned" down as much as the players seem to think, the home-run stuff is due to fall off considerably.

* * *

Inside Baseball.

Instead of playing for runs in clusters, as has been the custom for five or six years, there is going to be more of the get-one-run strategy.

If this proves to be the case, more baserunning should feature the 1926 season; the bunt is due for a strong revival and the sacrifice will vie with the hit-and-run as a popular play.

I am inclined to think that with the home run not quite so sommon, the fans will get a greater thrill out of a circuit drive. A crushing offensive in any sport will always retain its popularity.

However, I am of the opinion that the public will welcome back some of the lost features of the game—the steal, the bunt, the squeeze, as well as other tricks of inside baseball.

There is nothing like variety.

* * *

Pitchers Speak.

The major league pitchers have a rather unusual way of expressing their approval of the 1926 ball.

"It has a different feel," is the way several star pitchers have explained it to me. Asked for a further explanation they replied:

"The ball seems better balanced; the weight more evenly distributed because of the latest change in the cork and rubber centre.

"There seemed to be a dead weight to the lively ball while the new one feels as light as a feather. It responds to a curve much better.

"Incidentally, you have more confidence in yourself because you know it's going to take a pretty good hitter to drive the ball out of the park."

COUGARS FOR DETROIT.

Lester Patrick's Team Is Sold Outright.

DETROIT, Mich., May 4. — Purchase for one hundred thousand dollars of the Victoria, B. C. Cougars, the season's champions of Western Hockey League, was announced on Monday by Morris Caplan and Morris Friedberg of Detroit.

The sale price includes services as coach of Lester Patrick, who with his brother, Frank, owned Cougars.

Friedberg declared he has assurance that his team would be granted franchise in National Hockey League when officials resume meeting Montreal in two weeks.

HELPFUL HINTS GOLFING STARS

BY SPECIAL ARRANGEMENT WITH GOLFERS MAGAZINE, CHICAGO

WALTER HAGEN—GREATEST GOLF WEAKNESS

Recently I was asked what was the greatest weakness of the average tournament golfer. It did not take long to make my answer. Sparing the shot has ruined more supposedly good golfers than any other thing that I can recall.

Sparing the drive the brassie or the iron is fatal in nine out of 10 cases.

There is an old adage in golf to the effect, "Always use the club for its proper distance." There is a lot good sense in this. If one is in the habit of gaining from 200 to 220 yards with a driver, it is ridiculous to take out wood for a shot of 180, unless, of course, it is against the wind.

Often when the driver is wanted on the nestee for a drive that calls for a little extra, it will not work. Here are golers that can never hit a tee shot properly less they put all they have into it. Once they ease up, the rhythm is ruined.

If a player knows that the distance he must travel is easily gained with a metal club this is the weapon he should use every time without fail.

NO LEAGUE MEETING

Bad Roads Force Postponement—Hastings Wishes to Enter.

CAMPBELLFORD, May 4—The meeting called for Saturday night to organize a baseball league composed of teams from the township was postponed for a week owing to the condition of the roads. As there is to be no Northumberland League this year, Hastings which won the championship in 1925, will have no chance to defend the cup in the regular way. W. Wellman, the Hastings manager, has announced that he will attend the meeting here next Saturday night with a view to placing his team in the township league. With surrounding towns out of the hard ball game this year Hastings, with the players already on its roster, should have no difficulty in forming a team that could be depended upon to keep the championship trophy at home for another year.

PORTUGAL ELIMINATED.

South Africa Wins First Round Davis Cup Match.

LONDON, May 4.—(Canadian Press). —South Africa yesterday eliminated Portugal in the first round of Davis Cup play in the European zone and will meet Austria in the second round.

ARCTIC RECEIVED RADIO MESSAGES

Winter Broadcasting Successful Bishop Reports.

MONTREAL, Que., May 4.—(Canadian Press.)— For several months people in various parts of the Dominion have been wondering whether the messages which they and the Dominion government sent to their relatives and friends within the Arctic circle through the medium of radio stations KDKA, WBZ, KYW and KFKX during the past winter were picked up.

It was not anticipated that any word would be received from the members of the Royal Canadian Mounted Police, the traders of the Hudson Bay Company, or the missionaries until the relief ships went north this summer and brought back their reports in September next.

But the anxiety of those particularly interested was relieved in an unexpected manner. Word has come out from within two degrees of the Arctic Circle, that radio reception has been exceptionally good and that all the messages broadcast were heard "loud and plain," particularly on the last day of the old year. This only confirms the inference previously drawn from reports received from many parts of the British North-American continent and also from South Africa, where the messages had been similarly picked up.

The news from the Arctic came by day team from Bishop Arsene Turquetil, who is in charge of the Roman Catholic Mission at Chesterfield inlet, which is in the district of Keewatin in the extreme northern portion of Hudson Bay.

Yale University has comprehensive plans for a yearly carnival of winter sports in which all the students are to participate.

CALVES KILLED WITH HAMMER

Orland Man Sustains Loss While Absent—Sudden Death.

ORLAND NEWS

ORLAND, May 4.—While in Toronto undergoing a critical operation William Carr employed a neighbor to do his chores during his absence. When the neighbor went on Saturday morning last to Mr. Carr's stables he was astonished to find several valuable veal calves lying dead, some party or parties having knocked them in the head with a hammer which was found lying at hand. The police are investigating the matter.

Norval Kenny and family have moved into J. W. Tapp's house at the corner of Elm and Main streets.

Ernest Hillier is moving to the farm which William Goodfellow purchased from the widow of the late William Wilson.

James Wright and wife of Rochester are visiting friends and relatives in this locality.

William T. Phillips who spent a few days under the parental roof has returned to his home in Rochester, N.Y.

Robert Tripp of Bloomfield came up to Wooler to visit his daughter, and a few hours after his arrival dropped dead. Mr. Tripp seemed to be in his usual good health and had not complained of feeling ill. He leaves a widow and two step-children.

The County road on both sides of the village of Codrington have been in a desperate condition for a week and have been impassable for motors and it is difficult for horses to get through. Previous to the breakup this road had been in excellent condition all the spring.

Born—To Mr. and Mrs. Bert Town, a baby girl.

Ezra McNally has a hen that lays an egg 6 by 7-8 inches, uniform in shape and with smooth, strong shell.

Charles Rawson, a pioneer of this township, passed away at his late home on Wednesday.

CLEMENCEAU'S SON WILL BE DEPORTED

Will Be Sent To Shanhai By U. S. Department.

SEATTLE, Washington May 4. — (Canadian Press). —Georges Frederick Gatineau, grandson of former Premier Clemenceau of France, returned on Saturday to the United States immigration station here where he will be held until the sailing of the steamer resident Jackson on May 19 for Shanghai, China. He was deported from here Wednesday, the government putting him on a train for New York City, but friends bought him a ticket to Shanghai and the Government took him off the train at Spokane. He had objected to being sent to France.

Gatineau entered the country without a passport two years ago from Mexico. In Seattle was arrested for driving an automobile while intoxicated and was accused of improperly issuing cities.

He said his trouble happened because he went over to Vancouver, B.C., to get a drink.

LADYBOWLERS DISCUSS PLANS

Decide To Hold Ladies' Tournament During Coming Summer.

NEW MEMBERS.

A very enthusiastic business meeting of the Ladies' Lawn Bowling Club was held recently at the home of Mrs. C. Perry, 190 Brock street, for the purpose of discussing plans and making arrangements for the coming season. The chair was taken by the president, Mrs. J. W. Bacon.

The secretary, Mrs. F. Miller, reported a number of very enjoyable social evenings held at the homes of different members and a very successful bridge and euchre party held in the Curling Club Rooms. The treasurer's report, given by Mrs. A. V. Clisdale, showed a substantial balance on hand.

The constitution of the Men's Lawn Bowling Club was read and adopted, with a few exceptions, the fee for the coming season to be $5.

A discussion took place regarding improvements to the green and it was decided to make some provision for a ladies' rest room, if possible. It was also decided to hold a Ladies' Tournament here during the summer, the date to be announced later.

The members are looking forward to a very enjoyable season. The two new greens that the ladies undertook to put in shape last year should be in admirable condition this season, thus enabling the ladies to bowl in the evening. Several new members have been enrolled, but there are still vacanies for others. Applications may be made to the secretary, Mrs. F. Miller, at 2090M.

At the conclusion of the business session, dainty refreshments were served by the ladies of the executive and a hearty vote of thanks accorded to Mrs. C. Perry.

SOCCER NOTES.

A special practice has been called at King Edward Park to-morrow night of the Quaker Oats players. This is essential in view of Saturday's important match.

Moviegraphs

BY JACK JUNGMEYER
NEA Service Writer.

HOLLYWOOD, May 4.—Purchasing for early production Anita Loos' popular novelette, Paramount has accepted the dictum that "Gentlemen Prefer Blondes." But where to find the blondes?

It seems there's a shortage of these delectable creatures in movie circles at the moment. So much so that Jessie Lasky, according to his publicity department, "is combing the entire field of feminine stars" for the two necessary principals.

Thus far the combing has been vain. Overtures were even made to borrow from Universal the fair Laura La Plante, than whom there is no blonder. But the Laemmle organization also seems to prefer 'em—in its own yard.

Does any good Samaritan want to loan Paramount a gentleman's choice? (This writer wishes to be placed on record as preferring redheads, even at the risk of being accounted no gent!)

* * *

Movies lure the rich as well as the poor, who hope to become rich through this Aladdin's lamp. Senor Jamie Martinez Del Rio, husband of Dolores Del Rio, and one of Mexico's wealthiest men, is working for Director Edwin Carewe as script clerk at a salary of $40 per week. This will just about keep Millionaire Del Rio in perfectos, but he's learning the film business from this modest vantage point.

* * *

Many movie directors have decreased income tax returns this year by having cannily appeared at least once during 1925 in the role of actor. Wardrobe depreciation is a legitimate deduction for the director who also rates himself an actor.

In most cases the acting was confined to insignificant and decidedly temporary parts. An exception to this practice is King Baggott, now directing for Metro-Goldwyn-Mayer, who declares he wears out more clothes as a director than he ever did as actor.

* * *

It may comfort anxious souls who are awaiting Universal's screening of "Uncle Tom's Cabin" to be informed that "Eliza" in the person of Margarita Fisher, has again successfully negotiated the perilous ice (on the Saranac river in New York) despite the best efforts of some $60,000 worth of imported bloodhounds to overtake her.

* * *

Construction of a school house large enough to accommodate 70 pupils on the new Paramount studio lot would seem to indicate that domestic life and pursuit of a career in pictures are not so incompatible as has sometimes been broadcast. Many of the youngsters to be here enrolled are children of prominent film folk—children already beginning their own careers before the camera. Hence the necessity of a school only a step from the studio stage.

* * *

One of the most interesting spectacles seen in Hollywood for some time was the burning at the Lasky ranch of a church, while 500 men and women attempted to quell the blaze.

The scene was staged at night, and forms a part of the story of "The Rainmaker." It represented a New Year's Eve celebration in a wild oil town on the border.

More than 500 people, including workers, dance-hall girls, and hangers-on were at the height of the merriment when the town's lone church was discovered in flames.

Ernest Torrence, playing the role of the bartender, "Mike," Georgia Hale playing the role of a dance-hall girl, and William Collier, jr., as a broken-down jockey, "Robbie the Rainmaker," led the rush of merrymakers away from the bars and dance-halls to help put out the fire in the "padre's" church.

(By NEA Service.)

HOLLYWOOD, May 4.— Estelle Taylor's startling performance with John Barrymore in "Don Juan," remarked by all who have previewed the picture, registers for her one of those true turning points in screen careers.

The role of "Lucrezia Borgia," whose lethal seductions and abominable exploits she has shadowed forth impressively and with fine discernment, places her leagues beyond any previous effort. It spans the difference between competence and distinction. In it she has set an entirely new pace for herself as the actress.

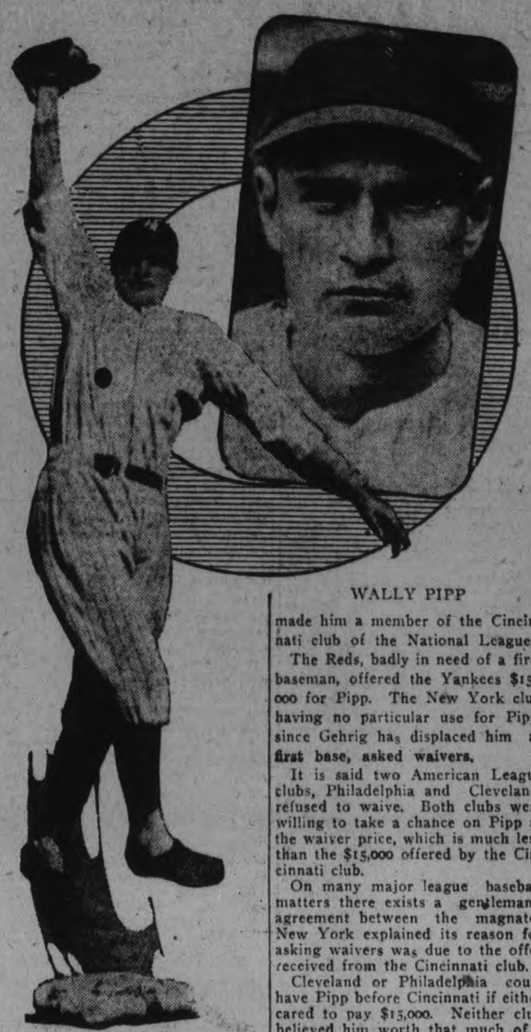
"Don Juan" affords, for Miss Taylor's case, a fine example of that curious reaction between players and the pictures in which they play by which personality is refurbished and a career receives new impetus—the thing which brings the oft misapplied "psychological moment."

The dark and beguiling Estelle had previously suffered that common, if paradoxical, Hollywood affliction, a repressed ego. This suppression may come from many curbs and disillusionments which a motion picture player must override on the way to important success. "Don Juan," with its challenging role and its distinguished associates, John Barrymore, Warner Oland, Montague Love, Willard Louis, applied the spur for renewed self-expression of latent talent.

Director Alan Crosland, noting that her imagination had been fired, wisely allowed her full rein. And Estelle, taking the bit in her teeth, has emerged, in her "Borgia," as an individual of striking power and promise after a long period of type performances. Barrymore speaks of her as a great catress, and Hollywood is paying marked devotions.

ROSS HAMILTON, in "3 Bags Full," with the "Dumbells," at the Grand, Friday and Saturday.

MYSTERY OF PIPP CASE IS FINALLY EXPLAINED



WALLY PIPP

NEW YORK, May 4. —The mystery surrounding the passing of Wally Pipp from the American League has finally been explained. It is all a matter of finance.

No club in the American League valued Pipp to the extent of $15,000, and thereby hangs the tale that made him a member of the Cincinnati club of the National League.

The Reds, badly in need of a first baseman, offered the Yankees $15,000 for Pipp. The New York club having no particular use for Pipp, since Gehrig has displaced him at first base, asked waivers.

It is said two American League clubs, Philadelphia and Cleveland, refused to waive. Both clubs were willing to take a chance on Pipp at the waiver price, which is much less than the $15,000 offered by the Cincinnati club.

On many major league baseball matters there exists a gentleman's agreement between the magnates New York explained its reason for asking waivers was due to the offer received from the Cincinnati club.

Cleveland or Philadelphia could have Pipp before Cincinnati if either cared to pay $15,000. Neither club believed him worth that much of a gamble, in addition to the big salary he would demand.

Both clubs withdrew their admitted desire of taking Pipp and permitted him to go to Cincinnati. He is certain to add much strength to that club and is worth twice the price paid for him.

The NUT Cracker

By JOE WILLIAMS

Out in Iowa a two-legged hog is creating a lot of curiosity. . . . But we've seen plenty of two-legged hogs driving on the State highways.

Harry Greb and Tiger Flowers have been matched for a return bout. . . . The purpose of any return match is to see how many customers will return to see it.

Mr. O'Goofty's kid brother has taken up prize fighting and he calls him Young Shoes because he always takes a lacing.

Miss Peggy Joyce seems to be slipping. It took her three whole days to get a $19,000 necklace from her latest rookie.

While it may be true they have taken the hop out of the baseball, the experts who said the Athletics and the Pirates would run away with the races seem to have an abundance of it.

If Carlaris' sore heel keeps him out of the derby it will produce a lot of sore heads who bet on him in the winter books.

The most popular request number some orchestras can play for us is zero, meaning nothing.

The press agent for Bud Taylor, the fighter, has discreetly deleted the phrase, "murderous puncher" from the battler's literature.

Don't laugh so uproariously when you read Mayor Dever plans to clean up Chicago. . . . Remember you never thought Dempsey would fight again either.

In the old days when they sold big schooners of suds under the grandstand a tight ball game had a somewhat different meaning.

No one ever suspected Charlie Hoff was a great fictionist until the amateur authorities began studying his expense account.

* * *

To be a leader in any line you must have a remarkable imagination, especially in compiling an attractive expense account.

* * *

Turn about is fair larceny in anybody's league. Mussolini shoots off his mouth one day and a peasant shoots off his beezer the next.

Paddock tied the world record for the 100-yard dasth again last week. This almost amounts to running a good thing in the ground.

Diamond Disputes Decided

By BILLY EVANS

How many hits can be made in one inning without any runs being scored?

* * *

Six are the greatest number of hits that can be made in one inning without the scoring of any runs.

The first batter triples but is thrown out at the plate trying to stretch the drive into a home run. One out, no runs.

The second batter also crashes a three bagger but is out at the plate trying for a home run. Two out, no runs.

The next three batters single, filling the bases.

The sixth batter to face the pitcher hits a ground ball between short and third. The runner going over from second to third is accidentally hit by the batted ball.

When the base-runner is hit by a batted ball on which no play has been made, the runner is out and the batsman is credited with a base hit. This retires the side. No runs can score on such a play. Three out, no runs.

Thus six hits, two triples and four singles, are possible in an inning without any runs being scored.

This Is MUSIC WEEK at Heintzman Hall

BILLY EVANS Says

SPORT COMPETITION

What is the toughest form of sport competition?

Which sport taxes the nerve control most? Which calls for the greatest physical strain?

It is pretty generally agreed that golf and billiards offer the greatest mental hazards. I would rate golf as the more annoying of the two.

Sports that call for physical contact like boxing, wrestling, football and basketball, place the greatest physical strain on the athlete.

Personally I have fussed around with all of them and I carry more football scars than from any of the others. On the gridiron the odds are always strongly against the ball toter.

Basketball, until the officials began blowing the whistle for fouls at the slightest provocation, demanded most highly developed condition.

Of the sports that call for direct contact between two individuals, I believe boxing is the toughest. Aside from the severe physical strain entailed, there is a mental battle going on from the tap of the gong to the finish.

Sports like golf and billiards are tougher on the nerves, because the action isn't continuous and the player has plenty of time to fret over his mistakes.

* *

PITCHING STYLES

It is a rather surprising fact but the two major leagues lean to different styles of pitching.

The National League is strong for the surve ball. While that style delivery gets a good play in the American, fast-ball pitching is perhaps more employed. Speed is the exception in the National.

The National League is a curve-ball league largely because of the influence and attitude of Manager McGraw of the Giants. He is a strong supporter of the curve ball. His pitchers work it overtime.

The methods of McGraw are simply reflected in the other managers.

No one has helped more to bring about a revival of curve-ball pitching than McGraw. He is to be complimented for that.

The use of resin makes for a firmer grip on the ball. A curve ball depends largely on the grip secured by the pitcher.

Perhaps that is one reason the National League is so strong for resin.

* * *

RESIN TANGLES

Unquestionably the resin situation is going to create some unpleasant situations before the season is over.

While no word has gone out as yet, American League umpires will no doubt be notified that the use of resin is banned.

It is possible some American League pitcher may have the nerve to ask for the resin bag. Not getting it, since there won't bt any in the American League, he might take his case higher up.

Then there is the world series angle. In reality the resin bag seems like a small matter, yet it may stir up a lot of trouble before the season is over.

* * *

DEARTH OF CATCHERS

The catching end of baseball is most important. For several years there has been a dearth of young catchers.

Most of the backstopping in the majors this summer will be done by veteran receivers.

The American League was particularly fortunate last year in digging up two great young catchers in Mickey Cochrane and Leo Dixon.

It is years since a sensational a youngster as Cochrane has broken into the majors. It was his hitting alone that made him stand out over Dixon.

Dixon is a master workman back of the plate. If he were a better hitter, Dixon would be as much talked about as Cochrane.

RUSSELL ELECTROCUTED.

Star Rugby Player of M.A.A.A. Dies at His Work.

MONTREAL, May 4.—(Canadian Press.) — Jeff Russell, star quarter back and flying wing of the Montreal Interprovincial Rugby Club, picked for years on all star Canadian teams, met a tragic death when he was electrocuted while at work on the main power lines of the Montreal Light and Power Company in Montreal north on Sunday night.

TWO MEN DROWN.

Fort Frances Men Lose Lives in Rainy Lake on Sunday.

INTERNATIONAL FALLS, Minn., May 4.—(Canadian Press).—Dr. J. Bell, a dentist, and Cecil Holland, a jeweler, of Fort Frances, Ont., lost their lives by drowning in Rainy Lake on Sunday night. Their bodies have not been recovered. The third member of the party Lawrence Herbert, a youthful hockey player, was rescued and revived with a pulmotor after two hours in the icy water.

TURKEY BONE DRY

New Edict of Angora Government Expected to Cause This.

CONSTANTINOPLE, May 4.—(Canadian Press)—A bone dry Turkey in a few weeks is predicted following the most recent Government order issued on Sunday in Angora. Champagne whiskey an imported wines must cease to be included in the diets of the people of Angora, according to this edict. Restaurant and cafe owners have been warned against violation of the new rule.

THEATRE

AT THE GRAND
"THREE BAGS FULL"

The Dumbells will offer their very latest and smartest revue, "Three Bags Fulls", at the Grand on Friday and Saturday next.

A pre-glimpse into each of the three bags, as each act is called, discloses some wonderful entertainment. For instance, the first bag contains such bright bits as "Jock" Holland's ditty of gay Paree, "I Got Ze Eye"; "Red" Newman's "Bit Of A Devil' (in coster characterization); Al. Plunkett's newest conception, "Huckleberry Blues"; Ross Hamilton and the boys in "Romany Rose," with its picturesque gypsy setting; Stan Bennett's "Life on the Rolling Sea"; a new and novel sketch entitled "Wow, Wow Wow"; and a Grand Opera finale, with "Red" as the conductor.

That's a goodly bag full.

Bag number two discloses Captain Plunkett and His Orchestra in their latest and at their best.

To many, this will be the greatest treat of all.

Bag number three is opened up by Ben Allen, and Ben always has good openers. A Russian quartette, with the same boys that made "Us Girls Must Have Our Fun," such a riot in "Lucky 7", follows on. Then there is Al. Plunkett's song "Italy Is The Place For Love"; a Tango Dance by Glen Allan and Ernie Watson; Pat Rafferty's greatest comedy song, "Me, Me, Me"; "Red" Newman's "Garbage Man"; Stan. Benentt's French Soldier song; and a highly amusing sketch called "Herlock Sholmes", with "Red" as the great "defective". Bag number three is finally shaken out for a finale of ten minutes of old-time minstrelsy, with "Tambos", "Bones", "Interlocutor", "Jazz Band", 'nevery-thing.

"Three Bags Full" will provide a particularly suitable vehicle for the talents and versatility of The Dumbells from March to June' hence the subtitle "A Springtime Revue."

AT THE CAPITOL

THE PRINCE OF WALES' TOUR

Combined with the almost personal acquaintance with the Prince of Wales who will probably be the next King of England in due time which the feature picture now being presented at the Capitol Theatre under the auspices of the Otonabee Chapter, I.O.D.E., affords the many millions of people who will see it during its run is a glimpse of far-away lands and places which do not come within the scope of the ordinary traveller nor even of the ordinary movie-goer.

Those who have imagined that the charm of H.R.H. the Prince of Wales, had been over-rated, have an opportunity to observe it now at first hand. Here is the young man, who is, by reason of birth, the most notable youth probably in the world, and he appears to be a very democratic young man indeed. The gorgeous equerry who attends him occupies a more prominent place in many of the pictures than the Heir to the British Throne, and at all times he is absolutely free from ostentation and a desire to be in the limelight. A small, slight figure, whose nose is far from being patrician, and whose seat on a horse in one picture is most uneasy, still he holds the charm that is attributed everywhere to him, in his unpretentious, rather nervous young ways and his unassuming demeanor. Appearing to be most at home when smoking a cigarette amongst the men of his ship, or posing with them for a photograph on the homeward journey he never seems to be affected by "upstage" or insincere. And there is a great deal of the boyishness which is one of his attractions in his very manifest delight in returning home to England.

Just a little bit bored appeared Albert Edward during military manoeuvres when he was compelled to wear a massive busby on his head, and do a good deal of the hand-shaking, which must give him a tired wrist many a time; but he took plenty of interest in the car testing demonstrations at Pretoria, in the South American rodeo planned for his benefit, and in the costumes of the Zulu chieftains whose profound salaams and prostrations before him seemed to make him uneasy, and whose hands he clasped in unaffected friendship. A few steps by H. R. H. in imitation of one of the Zulu war dances made a comical interlude in one of the scenes.

Many wonderful places of the world open up before the eye in this picture. South Africa, with glimpses of the Gold Coast and the far-famed diamond mines of Kimberley, Ashanti and Zululand, with shining oily warriors doing their weird dances before the Prince; Impis or regiments in fearfully contrived costumes, with dignified warrior chieftains in Scotch regalia and bare toes sticking through old shoes; native beauties with wonderful headdresses, carrying pots of beer on their kinky black heads; Bechuanaland with its devil doctors, the lonely grave of Cecil Rhodes amidst frowning hills; the great Zambesi Falls, thousands of school children in parades, all these were features of the South African trip.

Then came the visit to St. Helena, the rocky, mournful Island, where the great Invader was imprisoned, with the house where Napoleon lived out his last momests on earth, and the ascent to the frowning hill above.

In South America came the differing atmosphere, and these pictures give a wonderful idea of the temper of the people of this continent. In Buenos Aires, riots of enthusing crowds massed about the Prince and his entourage, and there was a constant movement in the itinerary planned for his visit, with marchpasts of the famous Uruguyan regiments, goose-stepping in perfect time and rhythm, visits to the freezing works at Zurate and the famous Oxo plant, and gauchos breaking horses in an old-time round-up.

Then the return home to the shores of England, the bequeathing to the English Channel of the ice-bound floral wreath sent by the women of the Argentine, and a welcoming crowd under the traditional English umbrella and traditional English rain. Through it all the prominent figure of the young Prince, nervous and alert, ready to take part in a horse race or a frolic on board ship, and apparently most contented when flipping the pages of a magazine on board ship, clad in an abbreviated costume manifestly donned with an eye to the greatest measure of coolness on a warm day.

—Jeanette.

AT THE REGENT

HUMOR AND MYSTERY.

The ingredients that go into the making of a good mystery story must contain all the elements of true life. Of course, certain liberties can be taken to enhance the story, but the fundamentals must ring sound, and that is just the thing that makes "The Man Upstairs," Monte Blue's latest starring vehicle for Warner Bros., the real thriller that it is.

In the first place it was written by a man who knows just what creates mystery. His story, "Seven Keys to Baldpate" is still regarded as one of the premiers of mystery, and "The Man Upstairs" is another like it.

Earl Derr Biggers is an old time newspaper man who knows how to weave a truly dramatic story. He has the sense of proportion of knowing just how long to hold the suspense and when to inject new angles to carry out his ideas.

The plot of "The Man Upstairs" was taken from "personals" that appear daily in the metropolitan newspapers. It is a mystery yarn in which murders, police and innocent victims are involved and yet all with a touch of humor.

This is Monte Blue's fourth starring vehicle for Warner's this year, the other three being "The Limited Mail," "Red Hot Tires" and Hogan's Alley." Dorothy Devore is delightful in the feminine lead, and Heinie Conklin and John Roche give excellent performances. Roy Del Ruth directed "The man Upstairs' which opened yesterday at the Regent Theatre, and which is one of the best comedy dramas of the screen season.

AROUND THE CITY.

The fire department was called out to a chimney fire at 51 River Road this morning.

The employment bureau reports for the week ending May 1, 29 placements, 34 new applicants, and 115 on the list. The bureau still has plenty of positions for men who want to go on a farm this summer.

Attending the meeting in Lindsay to-day of the Presbytery of the United Church are the several United Church ministers of the city: Rev. J. W. Gordon, of St. Andrew's, Rev. M. C. Mackinnon, of Knox Church, Rev. J. E. Todd, of George street Church, Rev. A. J. Langford, of Trinity, Rev. J. D. Richardson, of St. James, and Rev. R. T. Richards, of Mark street church.

The fire department was called to a chimney fire at 460 Sherbrooke street at 4.21 p.m. yesterday. It was also called to a chimney fire at 218 Perry street early this morning.

Driving south on Water street yesterday afternoon a truck commenced to pass another truck, and had just pulled up alongside it when the driver of the second truck turned east on Water street to go down a lane between Simcoe and Charlotte. In the resulting crash one of the trucks had its right front fender and headlight damaged.

Forty-five years' practical experience. Umbrellas repaired and re-covered; Saws filed and set; Cutlery grinding. Wm. Taylor, the Sheffield Cutler, 219 Hunter Street West. tts

MAKE SURE YOU GET THE RIGHT MEDICINE
People who are suffering from constipation, biliousness or sick headache are sometimes at a loss to know what remedy to take to correct these ailments.
Mr. Arthur Couzens of Smith Township, Ont., said that he tried various remedies but got no relief until he was advised by a friend to take Dr. Norvall's Stomach and Tonic Tablets. When he had finished one bottle he felt like a different person and takes pleasure in recommending Dr. Norvall's Stomach and Tonic Tablets to anyone sufering from constipation or biliousness.
Mr. H. V. Mercer, Druggist, of Lindsay, Ont., recommends Dr. Norvall's Stomach and Tonic Tablets because he considers he owes it to the public to recommend what will give the best results.
If you have any doubt of the merit of Dr. Norvall's Stomach and Tonic Tablets ask your local druggist ask your neighbor, try them yourself, and then you will be convinced that as a tonic and laxative Norvall's Stomach and Tonic Tablets have no equal.

SACRED CONCERT SUNDAY EVENING

Will Be Given by the Female Voice Choir at Capitol Theatre.

The Female Voice Choir will give a Sacred Concert in the Capitol Theatre on Sunday night. This Choir is one of the finest musical organizations of the city, and the members are very generous with their talents. The proceeds will be divided between the Children's Aid Society and the St. Vincent's Orphange.
There should be a large attendance.

CEILING FALLS.

Score of People Hurt, Five Badly, in Wilkes-Barre Theatre.

WILKESBARRE, Pa., May 4 (Canadian Press).—When a section of the ceiling fell at the Savoy Theatre yesterday afternoon a score of persons were injured, five seriously, either by falling debris or in the mad rush for safety. Thirteen others were treated at the hospitals for minor injuries and burns and later sent to their homes. The accident occurred at a time when the theatre was only partly filled.

SUGAR STOLEN.

More Arrests in Country North of Lindsay.

LINDSAY, May 4 — Provincial Officer Storey still continues his clean-up of burglary suspects in the north country. On Saturday he visited Coboconk where he arrested a young man charged with burglarizing Bryant's store and carrying off several bags of sugar. He was brought before Police Magistrate Bradford Monday and remanded for a week. It is understood other arrests will follow in a few days.

AL. MAMAUX HURT.

Newark Pitcher Hit on Head By Foul Tip During Game.

BUFFALO, May 4 (Canadian Press).—Al Mamaux, Newark International League pitcher, is suffering from concussion of the brain and a possible fracture of the skull. He received the injury in Saturday's game with the Bisons when a seemingly harmless foul tip hit him on the head. His condition is not considered critical.

CONVENTION CALLED.

Ontario Liberals Start Campaign in East Kent, as Was Predicted.

TORONTO, May 4 (Canadian Press).—The Ontario Liberal party, as predicted of it, has selected East Kent as the riding in which to launch its pre-election campaign. A convention has been called for the town of Thamesville on May 12.

NOTED SPEAKER COMING.

Prof. G. Machen, of Princeton. To Speak at St. Paul's Church.

Next Sunday and the following Sunday, special anniversary services will be held at St. Paul's. The services on May 16 will be conducted by Prof G. Machem, of Princeton Theological Seminary, Princeton, N.J. Prof. Machem is a man of international reputation who has become widely known during recent years through several noteworthy books he has written dealing with the controversy now raging between fundamentalists and modernists. On Monday evening, May 17 he is to address a special meeting at which he will outline the existing situation in connection with this controversy.

WEDDING BELLS

JACOBS—McCUE
A pretty wedding took place in St. Paul's Manse this morning, when two members of the Curve Lake Indian Reserve were joined in the holy bonds of matrimony by the Rev. William Allan. The bride was Edna Isabel McCue, daughter of Mr. and Mrs. James McCue, and the groom was Strafford Jacobs, son of Mr. and Mrs. Jack Jacobs. The witnesses were Bert McCue of Curve Lake and Ethel Jacobs of Burleigh Falls.

OBITUARY.

THOMAS BARRETTE.
The death occurred at St. Joseph's Hospital this morning of Thomas Barrette, a well known man among the lawn bowlers. Mr. Barrette was born in this city 42 years ago, and has lived here ever since, residing lately at the corner of Park street and Edison avenue. He leaves to mourn his loss a sorrowing mother, two sisters, and one brother, Mrs. A. Bisson, and Mrs. G. Philips of this city, and Fred in California.
The funeral will take place at the Sacred Heart church on Thursday, at 9.00 o'clock. Interment in St. Peter's cemetery.

CHARLES BRANDON.
The funeral of the late Charles Brandon took place this afternoon from D. Belleghem and Son's undertaking parlors to the Little Lake cemetery. Rev. Norman R. McLeod officiated.

BIRTH.
CLAIRMONT.— On Monday, May 3rd, at Gravenhurst, to Mr. and Mrs. Walter Clairmont (nee Mary Lonergan, of Peterborough), a son.

The Government Will Never Yield : Baldwin

Rioting In Parts Of United Kingdom Marks Second Day Of General Strike With Both Sides Refusing Surrender

Tramway Inspector in Glasgow Beaten and Taken To Hospital— Vehicles Overturned and Windows Smashed By Fusillades of Stones—Mob Robs Passing Coal Wagon of Contents For Missiles—Women Join Free For All Fight at Shepherd's Bush.

POLICE AT STOKE-ON-TRENT USE CLUBS IN BATTLE WITH SEVEN HUNDRED ROWDIES WHO ATTACK BUSSES

Home Secretary Issues Call For All Londoners To Enlist as Special Constables—11,000 Specials Now on Duty Ordered To Halt Procession Planned By Communists—Baldwin Declares Government Will Never Yield to General Strike.

LONDON, May 5 (Canadian Press).—Premier Baldwin told the House of Commons today that the Government under no circumstances would ever yield to the general strike. The moment the strike was called off unconditionally, the Government was prepared to resume negotiations.

LONDON, May 5 (Canadian Press).—Disorders in the form of sporadic rioting in many places throughout the United Kingdom marked the second day of the great British general strike. At mid-day transportation was easier, especially in London, but apart from this there was little change in the tie-up. There was some mob fighting, apparently not carried on by the strikers, in the rougher sections of London. Jitney drivers were attacked by rowdies in Newcastle, Liverpool, Dundee, Nottingham, Glasgow, Leeds and Stoke-on-Trent, and in some of these places gangs clashed with the police.

Crowds in some sections of London were beginning to show a menacing attitude, especially toward the police this afternoon. In the Limehouse district, which is one of the roughest districts in the city, taxi-cabs were driven off and other demonstrations were held. At King's Cross, unfriendly crowds were so large that many of the big shops closed. A crowd at Southwalk chased three mounted policemen who were forced to flee. Sir William Joynson-Hicks, Home Secretary, indicated in the House of Commons that the Government was prepared to use troops if necessary to maintain vital services.

Lord Birkenhead announced in the House of Lords that the Government would not negotiate as long as the general strike continued.

Warships in the Clyde

LONDON, May 5 (Canadian Press).—Both sides held firm today and the contending forces and the general public as well, settled down for what it seemed might be a long, hard war. Gang attacks on trams and buses run by volunteer workers in Glasgow Leeds and other provincial centres were the only sensational developments of the day up to mid-afternoon.

That the Government was prepared for any emergency along the Clydeside was indicated by the news that three large warships were in the river. The giant battle cruiser Hood joined the warships and the cruiser Comus moved up the river to Glasgow.

In the main, the country was quiet and the situation little changed except for increased transportation facilities afforded by the activities of volunteer workers.

Business Stagnant

Business was more stagnant, however, many employers informing their employes that they need not report for work, as little business could be done under present conditions.

Both Government and Labor officials continued to work intensively on their respective problems, but hopes that they might resume negotiations did not materialize. Both sides issued statements claiming to hold the advantage.

One Hospital Case

GLASGOW, Scotland, May 5 (Canadian Press). — Disorders in connection with the general strike were resumed in Glasgow today. There were numerous attacks on buses. In the centre of the city, a tramway inspector was hauled off the car and so rougly handled that he was taken to the hospital.

In the town of Parkhead the outlook was so alarming that mounted police were called out. Gangs of youths smashed the windows of one tram car, but the passengers escaped. So great was the hostility toward the omnibus service that hundreds of cars were withdrawn.

One bus in the Renfrewshire district was overturned and smashed. Two other big vehicles were badly damaged and in many other cases the buses were forced to shut down operations.

Policemen Injured

LIVERPOOL, May 5 (Canadian Press).—Hooligans attacked buses manned by volunteers in Wallasey, a Liverpool suburb, this afternoon. Two policemen were injured and the drivers and conductors roughly handled.

Five Arrested in Fight.

STOKE-ON-TRENT, Eng., May 5. Canadian Press. — Five persons were arrested and several injured in a fight between the police and 700 rowdies here growing out of an attempt to run motor buses to-day. The bus windows were smashed and the police were forced to use their clubs vigorously to break up the mob.

Strikers Stop Service.

NOTTINGHAM, Eng., May 5.—Canadian Press. — The local bus company's attempt to supply emergency service with volunteer workers failed. Crowds of strike sympathizers removed the carbureters from the buses.

Thousands Attack Cars.

LEEDS, May 5. Canadian Press.—Several thousand strikers attacked the emergency tram cars with lumps of coal taken from a passing lory. The windows of several cars were smashed, also the windows of nearby houses. Several passengers received cuts about the face. The police used club to scatter the strikers.

Women Join Fighters.

LONDON, May 5 (Canadian Press).—Fighting occurred in the Shepherd's Bush district of London this afternoon. When a tram car running under police protection broke down a crowd gathered and began throwing missiles through the windows. A motor 'bus was also stoned and finally overturned. Then a free fight broke out, in which women participated. Many were injured by broken glass. The police used their clubs freely.

No Negotiations.

LONDON, May 5 (Canadian Press). — The British Government will not negotiate for settlement of the coal miners' dispute as long as the general strike continues, Lord Birkenhead declared in the House of Lords to-day.

Government May Use Troops.

LONDON, May 5 (Canadian Press).—Sir William Joynson Hicks, Home Secretary, made a statement in the House this afternoon which his hearers interpreted as meaning that the Government was prepared to use troops to maintain services of vital importance, such as railways.

If necessary, Sir William said, the Government was empowered to call on Crown forces to assist in maintaining any services that the Government deemed vital. He designated such services as electricity, maintenance of electrical and mechanical plant and machinery of the port of London, transport of motor fuel and the continuance of railway services. His pronouncement was greeted with loud cheers from the Conservative majority.

More Special Constables.

Sir William said he proposed tonight to ask the community as a whole to enroll as special constables in much larger numbers.

The 8,500 original specials were already on duty and 3,025 more had been sworn in during the last two days. In view of the danger that would arise, he instructed the police not to allow a projected mass procession to-night into the heart of London under the auspices of the Depford branch of the Communist party and the National Unemployed Workers' Committee.

Ask German Support.

BERLIN, May 5 (Canadian Press).—A. J. Cook, secretary of the British Miners' Federation, broadcasted an appeal to German workers for support of the British strike.

Strike in Paris.

PARIS, May 5 (Canadian Press).—Two thousand workers in an automobile factory at Saint Ouen, a suburb of Paris, have struck in sympathy with their British comrades. This is the only tangible support the British strike movement has received here up to the present time.

Frank Hodges, secretary of the Miners' International Federation, has telegraphed from London to the secretaries of affiliated federations, asking them to hold themselves in readiness for any eventuality. An international strike is regarded in labor circles here as unlikely.

Greeks in Sympathy.

ATHENS, Greece, May 5 (Canadian Press).—A meeting of Greek workers to-day voted sympathy with the British strikers.

German Support Given.

BERLIN, May 5 (Canadian Press).—The General Federation of Trade Unions at an executive meeting to-day with the executives of miners, transportation workers, and railwaymen, voted to support the British strikers in every possible way.

Reports Vague.

LONDON, May 5 (United Press).—So great is the difficulty of procuring accurate reports of the strike situation that at the request of Ambassador Houghton, American representative at the Court of St. James, the London Bureau of the United Press Association is supplying the Embassy with copies of all strike news cabled to United Press headquarters in New York.

The request was made in view of the dearth of information from other sources, even at the Embassy.

Some Regular Service.

LONDON, May 5 (Canadian Press).—A regular train service is being maintained in many Provincial centres and between London and York.

Underground Resumes.

The Central London Underground Railway Service resumed to-day with increased fares.

Employees Return.

PORTSMOUTH, May 5 (Canadian Press).—Fifty per cent. of tramway employees who were on strike yesterday returned to work this morning.

Printers Return.

RUGBY, May 5 (Canadian Press). — Newspaper compositors here returned to work to-day, declaring their strike unconstitutional.

Roughs Grow Violent

Serious clashes took place last night between police and hoodlums in the Poplar district and several of the participants were removed to hospitals. This district is in East London dockland and the mob is notoriously tough. Gangs of roughs held up motor cars and lorries taking workers to their homes. They compelled the passengers to alight and then wrecked the machinery of the cars, set fire to one and by blocking the street prevented firemen from quenching the flames. A taxicab was thrown over a bridge into the river but the driver escaped. Many of the passengers were girls who were terrified by the violence of the mob and several fainted. If the cars contained no passengers they were allowed to pass, but all passengers of whatever age were either sent back or forced to walk.

Not Trade Unionists

The police immediately started to cope with the trouble but the roughs, working in gangs, spread through the various streets and not until reinforcements on foot and mounted arrived was the outbreak checked. The police showed no gentleness and clubbed the rioters severely. Finally the streets were cleared but the police remained there throughout the night. The rioters were not trade unionists nor acting under union orders.

Prince at Home

The Prince of Wales, after a flying trip from Lebourget, France, to Croydon, England, which occupied two hours and a half, came to London by motor, arriving at his home in St. James' Palace at nine o'clock last night. He was cheery and alert and looked very fit.

Sympathy from Moscow

MOSCOW, May 5 (Canadian Press)—The Red labor international has issued a proclamation signed by General Secretary Losovsky and reading in part as follows:

"The struggle has begun. Millions of the English proletariat have risen as one man against exploiters.

"Facing the development of this gigantic struggle, when for the first time in British history, class rises against class, all differences among workers mutt be sunk. All workers regardless of factions, must stand with our struggling brothers and give them full and unqualified aid.

"Not one ton of coal for England. All countries, boycott British coal orders and refuse to deliver any foreign merchandise to England. Wage a merciless fight against strike-breakers."

Lithographed Newspapers

LONDON, May 5—Although The Times, like other newspapers, was unable to come out in its usual form, it issued a single sheet this morning. This was about 12 by 8 inches in size, lithographed on both sides. It contained a condensed summary of the strike situation, news of parliament, stock market reports and sporting items.

Principle Right

BERLIN, May 5 (Canadian Press).—German Labor, while unable to pass judgment on the tactics employed by British workers, feels that the British miners are right in insisting in principle that the coal industry must be reformed by abolishing small unprofitable pits.

Travelling Easier

The second day of the strike saw a remarkable falling off in the crowds bound for London from all parts of the suburban area. Progress on the main roads to the city was easier than yesterday and there were fewer traffic jams at vital spots. The reason for this was that thousands of people were informed by their employers yesterday that they need not report for duty, as little business can be proceeded with at present.

The volunteer services appeared to be working quite well and the Metropolitan Railway Company announced a twenty minute train service between certain busy centres. The Western Railway line announced an hourly service in and out of London touching at most of the big towns en route to Plymouth and other provincial centres. The Central London Tube was able to keep a steady half hour service going and to move those services maintained by voluntary labor. Old fashioned horse buses are appearing again in the London streets for the first time in a generation.

The Dover cross-Channel steamer service is functioning, with one steamer each way between Dover and Calais and Ostend.

Financial London continues at work despite the strike and those employes of the banks not sleeping in the premises are being conveyed to and from their homes in Charabancs. The stock exchange is continuing with regular settlement but new business is meagre. The Financial papers which usually contain columns of ticker quotations and reports of all markets appeared today as four-page typewritten sheets.

Trouble in Newcastle

NEWCASTLE, England, May 5 (Canadian Press).—Extra police, including a large number of volunteers, patrolled the streets of this mining centre today to protect jitney drivers, some of whom were attacked by gangs. A number of non-union motor drivers were attacked last evening by rowdies and badly beaten. A mild form of rioting resulted but the police soon quelled the disturbance.

The Newcastle Journal published this morning by means of photo-engraved plates. During the night a destroyer and submarine arrived in the Tyne River. Four aeroplanes are using the town moor as an aerodrome and are being utilized for carrying mails.

Strike Leaders Amazed

LONDON, May 5 (Canadian Press).—Telegrams received at the headquarters of the Trades Union Congress in the course of Tuesday from a score of provincial centres were unanimous in reporting that the shutdown of industry was the most complete in British history. Labor leaders professed amazement at the solidarity shown by the trades unionists in the strike, which they consider a sympathetic one for the welfare of the miners.

Reports at Labor headquarters state that remarkable quiet prevails everywhere, even Glasgow, which is militantly Communistic, being reported quiet, but solidly behind the strike.

An Orderly Strike

Thus far the strike has been orderly and well conducted. A government spokesman in a radio statement yesterday admitted that the officials of the Trades Union Congress who had undertaken to assist in the voluntary work of maintaining the food and other supplies for the populace had been as good as their word, while all records received testify to the strikers proving obedient to their leaders.

This record according to the same spokesman, however, had one notable exception, namely, that about 10,000 men engaged in the chemical trade in Cheshire, who had been called out by their union, reported for work as usual Tuesday.

The deputy chief civil commissioner in an announcement last night paid tribute to the behaviour of the people throughout the country. The miners' leaders in Northumberland, he added, had guaranteed the delivery of foodstuffs in that area, and there had been no disorders of any kind.

As far as power station were concerned, the situation was good. There was one isolated exception—in Stepney, London, where the municipal station, with Socialist management, had restricted the supply, to the detriment of the London hospitals' X-ray and other work. A word of remonstrance speedily righted the power supply.

Buses Operating

The same spokesman asserted that the bus services were in operation in different parts of London, that the drivers of heavy vehicles were plentiful, and that there was no need to call out troops to aid the civil powers.

There has been no approach to any renewal of the negotiations. The Government appears to be leaving the whole question to initiative from the other side.

Lorries Held Up

The general good humor of the crowds many of whom seemed to appreciate the novelty of the situation caused by the general strike, was only disturbed yesterday by a few minor incidents, such as when the pickets at the London docks held up lorries and in some cases disabled the ignition gear. A rare news vendor appeared in Shaftesbury Avenue burdened with penny newspapers, for which he charged threepence. An objector seized the bundle of papers and scattered them and while the news-thirsty crowd chased the flying sheets, the newsman and the objector fought out the issue on the pavement.

The underground railways have initiated a scheme of intensive training of volunteers who will be accommodated in the stations to which 10,000 beds have been distributed. It is hoped to run a 25 per cent service on some lines today.

Railway Clerks at Work

Hundreds of railway clerks resumed their ordinary duties at Hull after telegraphing their union executive disapproving of the strike action.

News from the provinces shows that the strike is being observed in the industries embraced by the Trades Union Congress order, but work is proceeding in others, including the Clyde and Sunderland shipyards, the Northampton boot factories, and the Leicester hosiery factories.

In Portsmouth the tram drivers left the trams in the streets while they attended a meeting. The mayor arrived during the proceedings and produced a list of volunteers, saying that the trams would be run normally whether the regular employes struck or not. The drivers later returned to work.

Docks Deserted

Business is at a standstill at the commercial docks in Grimsby, but some fish was cleared from the docks by lorries. In Bradford the tramway traffic is suspended, but otherwise there is little dislocation of services. The docks in Bristol are deserted except for volunteers who are unloading fruit and other perishables.

The day passed quietly in South Wales. The police in all parts spoke highly of the splendid behaviour of the populace. In Cardiff both evening papers published as usual.

No trains moved out of Carlisle Tuesday. Passengers who arrived from the south were stranded as far as trains were concerned and had to finish their journeys to Edinburgh or Glasgow in charabancs. In addition to the stoppage of traffic, work ceased in the railway shops in Manchester district, including those at Newton Heath and Dukinfield. The tramway stoppage at Manchester was complete.

Most of the iron works in Bedfordshire and Buckinghamshire remained open yesterday and agricultural work continues uninterruptedly. The Sheffield Daily Telegraph, one of the most important provincial papers, will appear today, produced by the regular staff.

(Turn to Page 3, Please)

THINK IT OVER.

The Dominion Deputy Minister of Agriculture says: "Of all the great agricultural countries in the world, Canada easily stands first today in ratio of production increase. In the same period horses have increased from 1,577,500 to over three and one-half millions, and cattle from over three million to five and one-half million."

Causes of Britain's Strike

What, then, are the causes of this epoch-making strike in Britain? asks a U .S. financial expert.

First, coal is the foundation of British industry and shipping. It is the motive power for industries by which the British people live. It is the stuff that loads British ships going abroad to bring back raw materials for industry. Without coal cargoes for foreign lands, countless British ships must lose their outbound cargoes, lose the profits of their voyages and lose also the chief support of Britain's great money-earning fleet at sea.

Second, for many reasons Great Britain for years has been unable to mine this coal cheaply, has been unable to compete with other coal mining countries. Therefore, the sales and cargoes of coal have fallen off, commerce abroad and industry at home have languished and unemployment has become a national disease.

Third, the coal industry itself has fallen into chaos. The mines have been overloaded with miners. It now requires 1,100,000 British miners to produce about the same amount of coal that 850,000 produced twenty years ago. It now requires 1,100,000 British miners to produce half the amount of coal that 600,000 American miners produce.

Fourth, consequently the coal industry in Great Britain has become largely insolvent. Last year its total loss was $45,000,000. According to the latest reports, it has been losing from twenty cents to sixty cents and more a ton in the last nine months. A Government subsidy of $100,000,000 has been needed to keep it going. In the last ten years the coal industry has had $300,000,000 of British Government money.

Fifth, plainly the coal business can not go on under such conditions. A remedy must be found. The employers have said that either the miners must produce more coal or get less money for what they now produce—must work eight hours a day instead of seven as at present or must accept lower wages. The miners have replied that they would revolt against lower wages or longer hours. Their remedy has been nationalization of the mines—the transfer of the losses from the mine operators to the Government Treasury and thence to the taxpayers.

Sixth, the British Government has refused to spend $1,750,000,000 to purchase the mines and the mine operators have declared themselves unable to go on losing money at the present scale of wages and working hours. Therefore, the deadlock and the proclamation of industrial war on Saturday.

Such is the great industrial emergency that the British Government is now called upon to meet, with police and army and navy and with a nation-wide civilian organization for the maintenance of supplies wherever a general strike may threaten to kill employment and starve the population.

This, then, is no ordinary strike or lockout. It is the test of a great business democracy, of a great democratic government. In the results of this test the whole business world is likely to find lessons which it will do well to study, ponder and take to heart if it would avert similar tests and their attendant calamities.

Don'ts for Londoners

LONDON, May 5.—(United Press.)— Special dont's for Londoner's during the period of the national emergency as issued by the Government's Emergency Publicity Department, are as follows:

"Don't profiteer.

"Don't hoard food or coal.

"Don't waste anything.

"Don't gossip — The best citizen is the one who stays on the job and tells no fancy tales.

"If you hear of trouble don't say any more about it than you know has been verified.

CONSERVATIVES PRESS PETITION THAT ELECTION OF PEACE RIVER PROGRESSIVE BE DECLARED VOID

Hon. R. B. Bennett Contends That Conservative Candidate Received Majority of Votes — Question Before the Courts, Says Premier—Divide on Party Lines.

GOVERNMENT NEEDS PROGRESSIVE.

Controverted Elections Act Was Designed To Avoid Such "Party Warfare," Hon. G. H. Boivin Replies To Opposition.

OTTAWA, Ont., May 5 (Canadian Press)—Shortly after the opening of the House Tuesday, Premier W. L. Mackenzie King raised a point of order as to whether the petition of J. A. Collins (Conservative), questioning the right of D. M. Kennedy, Progressive, to retain his seat as member for Peace River, Alberta, was properly before the members of the House of Commons. This petition was presented several days ago by Hon. R. B. Bennett (Conservative-Calgary West) on behalf of Mr. Collins, who was Conservative candidate in the Peace River riding at the recent general election.

In raising the point of order, Premier King stated that he had no desire to express an opinion on the merits of the case one way or the other. The petition, however, was presented under Contraverted Elections Act. He pointed out that this matter was already before the courts. The purpose of this particular Act, under which the petition was filed, said the Prime Minister, "was to remove from the jurisdiction of Parliament to the courts matters relating to the election of members."

Quotes Precedents

The Act had been passed in 1873. In 1874 a case had come before the House of Commons when a petition had been presented for the defeated candidate in Gaspe. Speaker Anglin at that time was of the opinion that it was an election petition and ought not to be received by the House.

In 1881 Sir Wilfrid Laurier had moved a petition in the House for the defeated candidate in Richelieu. The speaker at that time in ruling on the petition declared that the House had divested itself of the right to deal with such matters by the passing of the Contraverted Elections Act. The courts alone could adjudicate in such matters and the petition could therefore not be received.

Premier King gave a further instance in 1887 when a petition was presented in behalf of a candidate in Queens, New Brunsiwck. Sir John Thompson, minister of Justice, again pointed out that all matters of this kind had been relegated to the judiciary.

Charges made in 1913, said Mr. King, against Secretary of State Corderre were referred to the committee on elections but they involved other questions than the conduct of the election and were not really a parallel to the petition under discussion.

Not Parallel Case

Rt. Hon. Arthur Meighen said "a most serious step is to be taken if this petition is not to be received."

The precedents quoted by the Prime Minister, said the leader of the Opposition, did not preclude the acceptance of Mr. Bennet's motion. The real point at issue was whether or not the House had the right to examine the conduct of the Deputy Returning Officer, who was a servant of Parliament. The house was not being asked to determine whether the votes cast in Peace River last October were honest votes or not, nor was the conduct of either Mr. Kennedy or his agent under examination. The House was really concerned with the question of who was elected in Peace River as a result of the votes that were cast, honestly or otherwise. The Prime Minister was asking the speaker to say that the very first step in such a matter should not be taken by the House of Commons; that the House should not even have an opportunity of referring to the committee on elections such a petition as that now under discussion.

Bennett Reviews Petition

Hon. R. B. Bennett (Conservative Calgary West) stated that the question raised was whether a "free citizen has the right to petition parliament or not." It had been argued, he stated, that a "free citizen" could not petition parliament because there was already before the courts another suit under the contraverted elections act.

A.Y.P.A. MEETING.

District Council To Meet Tomorrow Night at St. Luke's.

The District Council of the A.Y.P.A. will hold its regular meeting on Thursday evening at 8 o'clock, in St. Luke's Parish Hall.

The Rev. Mr. Crissall of Perrytown will give an illustrated lantern lecture on his work in the north.

RIVERSIDE ARENA.

While no great noise is being made about the campaign for the new Riverside Arena, the matter of securing subscriptions is going along quite satisfactorily to those interested.

A great deal of preliminary and permanent work has been done and the returns are most satisfactory where special attention has been given. The citizens are asked to consider the needs of the Hockey Team to provide a larger playing surface, better accommodation, and artificial ice.

GUARANTEE LIST MALE VOICE CHOIR

A great deal of interest is being manifested in the broadcasting of the Male Voice Choir Concert from St. Paul's Church on Wednesday, May 19th, for which arrangements have been definitely made. The local cost of $105.00, which is paid to the Bell Telephone Company for making connections and cost of lease of wire to Toronto is all the cost involved locally, as The Toronto Star, which will broadcast the concert, together with the Hambourg String Quartette have assumed an additional cost of about $100.00. Friends of the Choir and citizens will, no doubt, see that all the local cost is taken care of.

Telephone The Examiner or any member of the Choir, so that the matter may be closed early.

The following subscriptions have already been received.

Mr. Goulet	$2.00
A Friend	1.00
A. J. Reynolds	2.00
F. Patterson	2.00
Hon. G. N. Gordon	10.00
R. S. Hall	1.00
J. Dutton	5.00
The Examiner	5.00
A Friend	10.00

THE WEATHER.

Lowest temperature last night 25 degrees, or 7 degrees of frost. Highest yesterday 48 degrees.—W.P.

BODY OF HUNTER FOUND IN WATER

Remains of George Winslow, Drowned Last Fall, Taken From Lake.

COMPANION MISSING.

The body of George Winslow, who was drowned along with his companion, George Rogers, in Koshabagamog lake on November 16 last, was found yesterday by a searching party. Koshabagamog lake is situated 5 miles north-east of Stoney lake.

Mr. Winslow, who was a resident of Ashtabula, Ohio, was one of a hunting party of four men who went in there last fall to hunt. On the morning of the 16th, the four moved their camp across the lake. Mr. Winslow, accompanied by Mr. Rogers, started out across the lake in a canoe with two hounds. Thomas and David Drain, the other two members of the party came after them some time later and found the canoe bottom up and no sign of the two men. A reward was offered to those who could find Mr. Winslow's body and search started when the ice began to go out this spring. The remains will be shipped to Ohio.

The organization is non-political and non-party.

PLAY PRESENTED AT KNOX CHURCH

Young Country Schoolma'am Is An Amusing Comedy.

Last night the teachers of Knox Sunday school put on the play, "The Young Country School-ma'am in the Sunday school hall. The play was exceedingly well presented by those taking part, the fun and laughter caused by Pa Speckleby in the person of Howard Hall being one of the very bright and interesting features of the play. He was continually getting into trouble and doing the very opposite things to what his wife told him to do. Everyone took his or her part well and in so doing put a vim into it which is too often left out in amateur plays. The play ended up with three fine choruses led by Victor White which made a very appropriate ending.

Between the four acts, vocal solos were rendered by Miss Elma Coon and Mrs. Ross Williamson, also piano solos by Victor White and violin solos by A. Robertson. A five piece orchestra directed by Miss K. Buchanan rendered several selections.

The play was the story of a young girl who goes to a little red, country school as her first school to teach. She finds herself boarding at a place where the best of table manners have not been practised but, before she comes her good boarding-house mistress issues orders to her husband, how he should behave at the table. Her boarding house mistress has one son, who takes all their money to go to university and as a result of this their only daughter, who has been going out with a young gentleman, stops seeing him as she thinks her clothes are not good enough. The school teacher helps her to make some dresses. The young minister falls in love with the teacher but he has a job getting away from one of his flock who is determined to marry him. This woman at the end goes out in a rage, but soon comes back with a young naval officer, who sings several choruses.

The play was directed by Miss Annie Crocker and those taking part were Misses Annie Crocker, Vera Foster, Cora Clark, B. Whitfield, Bernice Hall and Vera Cowan; Mesdames M. Williamson and Ed. Huffman and Messrs. Howard Hall, Stan Hunter, George Wallace, Orville Martin, Victor White and Earl Huffman. This play will be put on in the same place tonight.

Boots and Her Buddies

BELGIAN OFFICIAL IS ASKING FOR INFORMATION CONCERNING TRAGIC DEATH OF MRS. WEST

Official Document Received By Reeve McCubbin, Mayor of Warkworth.

SECOND REQUEST.

Woman's Father Had Written For News—Body Not Yet Buried.

CAMPBELLFORD, May 5. — The Belgian Government has commenced an enquiry into the West tragedy at Warkworth, when the wife and child of Dr. Stewart West of that village, on the morning of March 9th last, perished in a fire which destroyed their home. The mystery that has surrounded the affair from the beginning and which the most expert detective talent in Ontario has so far been unable to clear up, interests private citizens, Government officials and relatives in Belgium, the native land of the unfortunate woman who, after a brief residence in Canada, met so tragic an end and the affair that proved the sensation of the day for so long is yet likely to become a matter of international investigation.

Reeve John McCubbin of Percy Township, who is also Warden of the United Counties of Northumberland and Durham, has just received an official looking communication from Brussels, the Belgian capital; this communication bearing the autograph of F. Langlois, who describes himself as the Agent General for the Province of Quebec.

The letter is type-written on official paper, at the top of the sheet being printed the words, "Commissariat General, Du Gouverement de Quebec. The location is given as Ada Telger, Stadacom Bruxelle, and the phone number is 23,407. The letter itself is written in English and the typing and wording are of the most approved official style. The writer states that on March 9th last (the date of the Warkworth tragedy), a Mr. Stevens of Antwerp received a cablegram from Stewart West, a veterinary surgeon of Warkworth, stating that early in the morning of that day, the doctor's wife and child had been burned to death.

The letter goes on to state that Mrs. West was a native of Belgium and that she had a large number of friends and relatives in that country who were interested in her fate, official information concerning which was desired not only with reference to the details of the tragedy itself but with regard of any subsequent investigation that may have been made into the circumstances.

How Letter Was Addressed

This letter, dated April 14, was addressed to "The Mayor of Warkworth," an as Reeve McCubbin answered that descrition more nearly than any other public official, it was dilivered to and opened by him. He has not yet sent an enswer, but proposes to do so within a few days. It is clearly understood by the general ublic that Reeve McCubbin has been drawn into this affair solely because of his public position. As an official he has been appealed to for information concerning a case that has aroused the interest of two nations and in that capacity he deemed it his duty to comply with the request. He acts without prejudice and has no opinion to express in the matter. The receipt of this official communication from Brussels has invested the tragedy with an importance greater than ever and the general belief is that new and startling developments will follow.

Letter from Mrs. West's Father.

Some time ago it was related in The Examiner that Reeve McCubbin had received a letter from Charles Godbold of Bruxelles, Belgium, asking for official information concerning the tragedy and as to what had been done by the authorities here to clear up the mystery. That letter, too, was addressed to "The Mayor of Warkworth," and was delivered to Mr. McCubbin. It was dated March 12th, a few days after the fatal fire, and stated that he had learned of the death of his daughter and grandson through a cablegram received from his sister, Mrs. William Ingleby, of Freeman, Ontario, who it will be remembered, gave evidence at the inquest. Mr. Godbold exressed surprise that his son-in-law had not cabled him.

Mr. Godbold's letter made it clear that some person or other had kept him posted with regard to the domestic life of his daughter and her husband. He was, it seems, in regular communication with the former during her lifetime from the time she left Belgium to come to Canada and was constantly sending her articles from her former home to add to her comfort.

Sends the Examiner.

Reeve McCubbin at once mailed to Mr. Godbold a copy of The Examiner, as the most reliable and fairest information available. He followed this up with a letter explaining how he came to open the foreign letter. Warkworth was too small a municipality to have a mayor, but a reeve was next in rank.

The Godbold letter was written on March 12th and Reeve McCubbin received it on the 26th of that month. He sent The Examiner at once, and his letter on or about April 1st. The Reeve thinks that possibly the paper was lost in transit, and that the father impatient at the apparent ignoring of his request for information, appealed to the Government officials to take the matter up. The letter from the Agent General was written and posted on April 14th, the very day the Reeve's communication to Mr. Godbold was due to arrive at its destination. If it transpires that a report of he inquest never reached Mr. Godbold another paper will be sent him.

From the correspondence referred to above, it seems that on the very day of the fire, ill as he was, Dr. West cabled to a friend in Belgium news of the death of his wife and son, but did not send any word to the father.

Situation in Warkworth.

Although nothing has been done in this matter by the Provincial police since the inquest, so far as the public is aware, over in Warkworth the investigation is not regarded as finished by any means. If the scissors that played so mysterious a role at the inquest have proved any thing in the nature of a clue, the officials are still guarding their secret.

Remains Still in Vault.

Of one thing the people of Warkworth are certain—the charred remains of the unfortunate woman are still kept in the vault in the cemetery. All the other bodies kept there during the winter were removed on Wednesday and buried, but the Crown authorities issued orders that the ghastly skeleton of the late Mrs. West were not to be disturbed for the present.

Dr. West has apparently recovered his normal health, and has resumed the practice of his professoin. He is still living at the home of his brother Charles, a few miles from Warkworth, and on Monday had a telephone installed in his residence.

TOMATOES OFTEN IN BALANCED DIET

Has Unique Health Values and is Favorite Fruit.

Even before its unique health values were realized, the tomato was the universal favorite among vegetables and fruits. Its attractive color and appetizing flavor have appealed to people in all countries and in all ages. It has now been established by scientific research that tomatoes are richest of all vegetables in vitamines and, therefore, the most nourishing of foods.

Since a properly balanced diet requires all three essential vitamines and tomatoes contain all of these, it is a healthful custom to eat tomatoes every day of the year. That is the advice given by dieticians and doctors in growing numbers, while in hospitals for children tomato juice is frequently prescribed for undernourished patients.

In the second edition of Dr. Alan Brown's book, "The Normal Child," this eminent medical authority writes: "Orange or tomato juice, strained, contains the elements that protect the baby against scurvy. All bottle-fed infants should receive at least three teaspoonfuls of either one or the other each 24 hours, in order to protect them against this disease."

The appetite-stimulating vitamine is particularly active in canned tomatoes, because the full flavor of perfectly matured tomatoes is preserved by canning. This accounts for the assurance given by food experts that canned tomatoes are actually fresher than those picked before maturity for market sale days afterwards.

In prescribing weight-reducing diets, doctors almost invariably include tomatoes. And modern canning has made "fresh" tomatoes a year-round staple of very moderate price.

OBITUARY.

M. J. PATERSON

MILLBROOK, May 5—On Saturday, May 1, 1926, Margaret Jane Paterson, died in her 76th year. The funeral took place from the family residence, Lot 13, Concession 4, Cavan, on Tuesday, May 4, at 2.30 p.m., interment being made in St. Paul's cemetery.

MRS. BENJAMIN REDDEN.

CAMPBELLFORD, May 5.—Elizabeth Jane Rowe, relict of the late Benjamin Redden, died at her home near Stanwood on Sunday after a brief illness. The deceased was born in Seymour 62 years ago and had always lived in her native township, of late years making her home with her brother, Harold Rowe of the twelfth concession.

The late Mrs. Redden is survived by two daughters and three sons. The eldest daughter, Ethel, is married and resides in the West but was with her mother when the latter passed away. The younger daughter, Grace, lives at home. The sons are Daniel, a merchant at Stanwood, Carmen, a farmer in Seymour and Howard in the West. The father died about nine years ago.

The funeral was held on Tuesday from the late residence of the deceased to the Stanwood church and cemetery.

FOR AFTERNOON USE.

A handbag, composed entirely of pearls or rhinestones deftly strung together on gold cords is one of the little accessories of this season the carrying out the royal commis- that runs into real money.

SOLIDARITY OF

(Continued from page one.)

LONDON, May 6.— (Canadian Press.)—The sitting of Commons yesterday had no reference to the strike except that Premier Baldwin announced that to-day would be devoted to consideration of the Emergency Powers Act. The Premier explained that no regulations whatever could be imposed under that Act without the previous consent of Parliament. Philip Snowden, in behalf of the Labor party, announced that he would allow the present stage of the budget resolutions to be taken without strenuous opposition because the Laborites recognized it was due to the Government under the present exceptional circumstances to have the whole time of Parliament at its disposad. Lloyd George made a similar concession in behalf of the Liberals. The Earl of Oxford and Asquith admitted that he did not see how it was possible for any Government to fail to meet the challenge of the general strike. He added that the Government ought to have the fullest support in asserting the paramount interests of the nation.

Situation At Noon.

At mid-day transportation was considerably easier throughout the country, owing to the activities of volunteer workers, but apart from this there was little change in the general strike position. Restircted railway, tram and bus services were running in most parts of the country and officials predicted fuller service shortly. Business as a whole was more stagnant than yesterday, many firms practically closing down. Food supplies were good. There were several reports of minor disorders aimed at volunteer services, but nodbody was reported hurt.

GASOLINE WASTED.

LONDON, May. 5. United Press.—Thousands of gallons of gasoline have been run into the guters as a result of the strike and the resultant disorders in London's dockland.

Hundreds of strikers on Tuesday, refused to permit gasoline to leave the docks. An oil company manager told the United Press that the strikers had opened taps permitting the gasoline to gush into the sewers. Extra police have been summoned to the Silvertown district, where further disorder threatens.

ANOTHER CONFERENCE.

LONDON, May 5. (United Press.)—J. H. Thomas and Premier Baldwin were to confer to-day, according to a rumor in Labor circles. Thomas, representing Labor and Baldwin met a few hours before the general strike became effective Tuesday night in an effort to avert it.

JABOT TRIMMING.

Many of the silk frocks designed for afternoon have large, soft reveres in front that give a jabot effect.

Girls! Good Health Adds To Your Personality— Makes You Attractive To Men

Bright eyes; a clear complexion; rosy cheeks; animation; make for beauty every time. A well woman is always beautiful.

Dr. Pierce's Golden Medical Discovery.

Thousands in every Province have testified that instead of being pale, weak and tired this Discovery gave them renewed vitality.

All Druggists In either fluid or tablet form.

CONSERVATIVES PRESS PETITION

(Continued from page one.)

Mr. Bennett then proceeded to read the petition presented by him on behalf of J. A. Collins. The petition, among other allegations, stated that at the recount Mr. Kennedy had been elected with a majority of seventeen, but at Brule Mines, poll No. 4, although the vote had been shown as twelve for Kennedy, one hundred and twenty-seven for Ray (Liberal candidate) and twenty-one for Collins, that at least one hundred and eleven electors at Brule Mine, Poll No. 4 had voted for Collins, the petition further declared that the deputy returning officer at Brule Mines, Poll No. 4, P. A. Robb, had been charged before the supreme court of Alberta with "fraudulently destroying" a number of ballot papers at that poll, "fraudulently putting" into the ballot boxes papers other than those authorized by law and "wrongfully putting his initials on certain papers. Robb, the petition declared, had been found guilty of these charges and sentenced to five years in penitentiary. The petition further declared that Mr. Collins had received the majority of ballots cast at the election in Peace River.

Crux of Appeal

The petition had been presented to the House and reported back to the House by the clerk. The Prime Minister had said that the House should not receive the petition, but the Prime Minister's precedents were merely the opinions of former speakers of the House.

It was regrettable that a matter of this kind should become the subject of acrimonious discussion. Parliament was being asked to inquire into only one thing, "Were more votes cast for Collins than Kennedy?"

Mr. Bennett contended that the House still had the authority to determine whether or not an officer of the House—returning officer or deputy returning officer—discharged his duty or whether he opened the ballot box and marked the ballots to deprive a man of his seat in the house. Mr. Bennett quoted the opinion of the late Chief Justice, Sir Louis Davies, that the House of Commons still retained jurisdiction over its own officers. Sir Wilfred Laurier had expressed the same opinion in 1912.

The petition was before the House to be sent to the committee on privileges and elections. There was no charge against Mr. Kennedy, said Mr. Bennett. He had had nothing to do with it. "I am amazed that there should be objections to this man (Collins) bringing his case to the proper tribunal," he added.

Collins Should Have Seat

The case now pending in the courts against Mr. Kennedy did not name Mr. Collins as plaintiff. Therefore, Mr. Collins would have little opportunity for presenting his case.

That action could not be proceeded with while the House was in session and only before the committee on elections could Collins have an opportunity for presenting his case.

That action could not be proceeded with while the House was in session and only before the committee on elections could Collins have an opportunity of presenting his claims and Kennedy an opportunity of presenting his side of the case. The committee should decide where the jurisdiction of parliament ends in this matter and the jurisdiction of the courts begins. If this were not permitted "we are doing violence to every notion we have of justice, to every principle of fair play and every precedent which has come down to us through the centuries," said Mr. Bennett. "Collins should have the seat now occupied by Mr. Kennedy."

Kennedy Can't Resign

Hon. G. H. Boivin, Minister of Customs and Excise, declared that under section 8 of the House of Commons Act, Mr. Kennedy could not resign even if he desired to do so.

"While he could not resign, it is equally clear that he should participate," interjected Mr. Bennett.

Continuing, Mr. Boivin said that Mr. Cahan had advanced the argument that the House of Commons could not decide upon this matter until the petition had been read. This point had been easily remedied, however, by the reading of the petition by Mr. Bennett in the course of his argument.

What would become of the authority of our courts if parliament proceeded to act on the petition? questioned Mr. Boivin. What would become of the contraverted elections act? This act, he stated, had been passed for the purpose of removing just such questions as covered by the Collins petition from "party warfare."

The petition before parliament was not a request to review the conduct of any of its officers, but a request for Mr. Kennedy to vacate his seat and give it to Mr. Collins.

"Because of the conduct of an officer of this house," interrupted Mr. Meighen.

Subject for Courts

Mr. Boivin retorted that the question of the conduct of any officer could come up at the hearing of the case in the court. In the concluding clause of the petition stated Mr. Boivin, Mr. Kennedy was asked to vacate in favor of Mr. Collins owing to the fact that in one opliing subdivision, there had been wrong-doing. There were, however, other polling sub-divisions in the riding which had not been opened, said Mr. Boivin. Would it be fair to ask the present member to vacate his seat on the point as to what happened in one polling subdivision only. If this petition were referred to the committee on privileges and elections, it would likely be "dragged out" for political reasons.

Mr. Boivin was confident that the Speaker would not rule on the point of order contrary to decisions of his predecessors in dealing with similar matters.

The fatal mistake would be to ever take out of the hands of the judge and throw into the arena of party politics the question of election of members to the house.

Matter of Honor

Hon. R. J. Manion (Conservative, Fort William) declared that "this is entirely a matter of honor and fair dealing with the people of the country with regard to the composition of this house." In 1784 he pointed out the followers of Pitt the younger had voted against their leader in the British parliament on a question as to whether Charles James Fox had the right to sit for one of the Middlesex seats. He hoped that the matter of the present petition would be decided on an equally high plane.

A. W. Neill (Independent, Comox-Alberni) said the Contraverted Elections Act had been framed to deal with such cases as the one in question. The act, the declared had been enacted for the purpose of getting away from "the obvious temptation to political partisanship."

Sir Henry Drayton (Conservative, York West) said that the protest lodged before the courts in Alberta had been made on behalf of the Liberal candidate. He proposed to refer to the "importance to the Liberal party," of Mr. Kennedy.

J. S. Woodsworth (Labor, Winnipeg North Centre) took objection to the references to Mr. Kennedy, whom he said was not in a position to defend himself.

Useful to Government

Sir Henry Drayton said that the Prime Minister's point of order merely challenged the right of the House of Commons to review the action of its officers. The House also had the right to remedy a wrong done by one of its officers.

Sir Henry referred to Mr. Kennedy as the "beneficiary of this man's crimes," and added, "We have come to point where a political opponent has become useful to the government. He is supporting the Government in every single vote, and he has been appointed to the committee on Customs and Excise on which this Government's future depends, while on paper supporters of the government are attacking that seat so that the hands of this House may be stayed."

The court action pending on behalf of the Liberal candidate of Peace River was intended, said Sir Henry, to give force to the government's claim that, while the Conservative candidate had the right to challenge Mr. Kennedy's presence in the House, he could not exercise that right while a petition was before the courts.

Bourassa's Opinion

Henri Bourassa (Independent, Labelle) said that as a Canadian citizen and British subject he would hesitate very much before denying to any citizen of this country the right to petition parliament in respect to any grievances he might have. He did not think that parliament had the "moral right" to refuse any petition coming from a Canadian citizen.

"It seems to me that the simplest manner in which this whole question should have been taken up would have been to receive the petition" said Mr. Bourassa. Parliament should then refer the petition to the committee on privileges and elections who could decide whether its object was one which should be dealt with. He wished to point out that until parliament reecived and accepted the petition it could not decide wether the object of the petition was one "which should be passed upon by this House or not." At the same time he thought that the committee should bear in mind that parliament had passed legislation in the form of the Contraverted Elections Act referring the question of the election of members to the courts rather than for decision by members of the House.

ICEBERG SIGHTED.

Reported Off Coast of Newfoundland.

HALIFAX, N.S., May 5.—(Canadian Press.)—One large iceberg off the coast of Newfoundland was reported by the French line steamer Rousillon, which arrived here on Tuesday from Bordeaux via Vigo. The French steamer made a pleasant crossing until reaching the coast of Nova Scotia, when a dense fog was encountered.

Eleven cabin and 192 third-class passengers were landed here from the Rousillon, the latter number including a party of 66 immigrants

The Real Cause Of Constipation Is A Bad Liver

Mrs. Jean Bocheir, Nelson, B.C., writes:—"For many years I have been troubled with my liver, and suffered terribly with constipation.

I HEARD ABOUT

Milburn's

LAXA-LIVER PILLS

and have been greatly improved since I started to take them.

I cannot recommend them too highly to any one who is troubled with their liver."

Milburn's Laxa-Liver Pills are not a new and untried remedy. They have been on the market for the past 52 years; put up only by The T. Milburn Co., Limited, Toronto, Ont.

WELCOME relief comes in the magic bottle! The frequent use of this soothing, pain-stopping antiseptic liniment takes away that dull, distressing ache and pain—reduces the swelling—and gradually restores skin to former smoothness.

At the corner druggist's, $1.25 a bottle.

RESUMES SEARCH FOR DROWNED MEN

Mrs. Winslow of Cleveland Takes Up Task Dropped Last Fall.

NORWOOD, May 5.—Mrs. Winslow arrived in the village on Saturday from Cleveland, Ohio. On Sunday she went to her cottage at Stoney Lake where search parties are again at work trying to find the bodies of her husband and a boy named Rogers who were supposed to have been drowned last fall during the hunting season.

The flags in front of the town hall and armouries have been at half-mast in honor of the late Major F. A. Webb.

"Mother's Day"will be observed in the United church on Sunday morning next. At the evening service there will be a young people's rally, when they will have charge of the service.

The W.M.S. of the United church will hold its May meeting on Wednesday afternoon in the Sunday school room.

The Y.W.A. of the United church will hold its regular monthly meeting in the Sunday school room on Thursday evening at 8 o'clock. Mrs. (Rev.) M. C. Mackinnon of Peterboro will address the meeting.

Mrs. Thos. Foley returned home to Rochester, N.Y., on Saturday.

Mrs. E. Mogenhan (nee Josephine McNichol) of Rochester, N.Y., is the guest of her parents, Mr. and Mrs. Jas. McNichol.

Mr. G. Bennette, pastor of the Presbyterian church was in Millbrook attending the induction of Rev. Mr. Ridell into that charge.

Mrs. N. F. Sutton and Miss Barbara Foote were in Peterboro on Saturday.

Mrs. D. N. King and Mr. Nelson King of Peterboro spent Sunday in the village.

Mr. Harlie Ennis of Toronto was in the village on Sunday attending the funeral of his brother-in-law, the late Major F. A. Webb.

Mrs. Alice Mullin, Miss Marge Mullin, Mrs. J. Rathwell and Miss Lottie Rogers were in Peterboro on Sunday.

Mr. and Mrs. Herb Squire and daughters, Vera and Mary of Peterboro, spent the week end with the former's brother, Mr. Henry Squire who celebrated his 70th birthday.

RIVER VERY HIGH

Dam at Muskrat Farm Breaks and Floods Low Lands.

NORWOOD, May 5.—The dam at Gerald Andrew's muskrat farm gave way recently and flooded all the low lands in that vicinity. The water in the Ouse river consequently was a great deal higher than it has been for years, reaching nearly to the floor of the Alma street bridge.

The Knox Minstrels of Knox church, Peterboro, will put on an entertainment in the Town Hall, Norwood, on Friday evening, May 14, under the auspices of the Wildman's Sunday school class.

Mrs. Matthew Nicol who has spent the winter months with her daughter, Mrs. Charlie Miller of Spragg, Ontario, arrived home on Friday. She was accompanied by her daughters, Mrs. W. Curtis of Timmins and Mrs. Robert Dobberman of Toronto.

Mrs. Gerald Andrews was operated on the first of the week in Nicholls hospital, Peterboro, for appendicitis.

Mrs. R. Fennell and Stanley Fennell were in Campbellford on Friday.

Harold Rutherford of Bonar Law was in the village on Friday on business.

Mr. and Mrs. William Cuthbertson were recent guests of their daughter, Mrs. John Brooks, of South Dummer.

Miss McColl of Coe Hill is a guest at the home of Mr. and Mrs. J. Rusaw.

Mr. and Mrs. Roy Killingbeck of Dartford were recent guests of friends in the village.

Wooler Personals

WOOLER, May 5—L. H. Rowan, manager of the Egg Circle, shipped 2,000 dozens eggs this week. A large increase over the corresponding week of last year.

Mrs. W. A. Smith spent a few days at Smithfield with Mrs. Effie Herrington.

The farmers are busy on the farms sowing grain and grass seed. Many have their early potatoes planted. A large number of men are using their horses to pull motors out of the mud as the roads were never in such a terrible condition.

OMEMEE CHURCH ANNUAL MEETING

Congregation of United Church Has Made Great Progress.

OMEMEE, May 5.—On Wednesday evening a congregational meeting was held in the Sunday School room of Trinity United Church. Owing to the condition of the roads many members of the congregation were unable to be present to hear the splendid reports of the eleven months' work given by a representative of every organization of the church.

Rev. E. W. Rowland acted as chairman. The meeting opened with singing, followed by prayer by Messrs. H. Lamb and T. C. Ivory, and reports were then received in the following order:

The Board of Stewards, by Mr. Percy Race, whose report showed the total monies received for stipend, envelopes, etc., was $1,404.23, and after paying the pastor's salary to date and other minor expenses, a balance of $153.41 remains in the treasury. Mr. Race requested that the envelope system for weekly contribution be adopted by more members, as it is much easier for the Treasurer to keep the books. He also explained the missionary envelopes which are contained in each package of envelopes and are a new idea to former Methodists. These envelopes are asked for quarterly for missions in place of the former way of collecting money for this cause.

A glowing report of the work done by the Ladies' Aid Society was then given by Mrs. C. L. Morcombe, in which everything was itemized. The total receipts were $736.12, with expenditures totalling $589.07, leaving a balance on hand of $147.05.

The Women's Missionary report was given by Mrs. J. Bushnell in the absence of the Treasurer, Mrs. T. C. Ivory. The total amount of money sent to the Branch Treasurer was $368.76, which was an increase over last year of $113.56. A bale valued at $91.00 was sent to the Oshawa mission; also three crates of fruit were donated to the Fred Victor Mission and Deaconess Home, Toronto.

Miss Mary Weir reported the financial part of the Mission Band work, which showed that $78.00 has been sent to the Branch Treasurer by the "Wide Awake" group. This report was supplemented by the President of the Band, Mrs. Rowland, who told of the work and aims of the Band, and who with her assistants, Mrs. Morcombe and Mrs. R. H. Williamson, expects to do still greater things this year.

The Sunday School work was reported by Mrs. E. Bradburn, and showed the average attendance was 75 for this period. There are nine classes, four of which are organized. The total funds received was $172.50. A balance of $4.12 is yet in the treasury.

The Young People's Union was well reported by Miss Lillian Race, who spoke of the special meetings held by the society during the year just closed, and referred briefly to the programme mapped out for the first three months of this year, which already has created greater interest and is drawing in larger gatherings to the week-night service. The league donates $100 each year towards the support of Rev. Howard Veals of Omemee, who is a missionary in China, and after paying all expenses has a balance on hand of $64.80.

All were delighted to hear the report of the Trustee Board by Mr. T. C. Ivory, who has been Treasurer of this department for the past 35 years. The amount of money received for the running expenses of the church totalled $745.00, and after meeting all expenditures, a balance of $64.46 remains in the treasury. During the year the shed, which cost $2,054.61, was cleared of all debt with the assistance of the Ladies' Aid, which was extended the thanks of the board by Mr. Ivory.

Mr. David Weir, the teacher of the Adult Bible Class of the Sunday School, told of the work of the class. There are 24 members on the roll. The collections amounted to $29.32, with $7.77 for missions. Social, devotional and lookout committees have been appointed in this connection.

The pastor gave a report of the maintenance and extension fund, which showed that the $1,000 allotted to the Omemee congregation had been received and forwarded to headquarters at Toronto. He also spoke of the year's work. There are 225 families in connection with the Omemee charge, composed of Bethel and Omemee, with a membership of over 440. Since the 10th of June when Union was consummated he had made 432 calls, had 8 baptisms, 1 wedding and 13 funerals.

As this year marks the 50th anniversary of the church a jubilee celebration was proposed and the matter was referred to a committee, composed of Rev. E. W. Rowland and Messrs. H. Lamb, P. Race, F. G. Sandy and R. Poast, to decide the nature of same, the date, etc.

The chairman then called on Mr. H. Lamb, who rose to the occasion and moved a hearty vote of thanks to the choir for their faithfulness and services during the year. This motion was seconded by Mr. T. C. Ivory and endorsed by a hearty clap of the hands from the entire gathering. Mr. Lamb referred briefly to the splendid reports and congratulated each department on the splendid success which had attended the work during the year.

Misses Eva and Lillian Race contributed a piano duet during the programme, which was well received.

Following the lengthy list of reports refreshments were served by the ladies of the congregation, and

Wondered Why Breath Was So Bad

Brooklyn Miss Rose Dittman writes:—"Even though I brushed my teeth and used a mouth wash, my friends turned away when I talked and I wondered why my breath was so offensive, while people less careful were not troubled. After taking Carter's Little Liver Pills for a while the trouble started to disappear. I also noticed my face had better color and was clearer, my eyes brighter, my appetite more hearty and I had no constipation." Bad breath must be reached at the source of the trouble. MADOC INSTITUTE HEARS OF PROGRESS

District Organizer Tells of Work Done by Various Branches.

MADOC, May 5.—The April meeting of the Women's Institute was held on Friday afternoon at the home of the President, Mrs. T. Tumelty. Mrs. Caskey, Vice-President, presided over the meeting and welcomed the speaker of the afternoon, Mrs. Brown, the District Organizer of the Women's Institute. Mrs. Brown reported the progress of the different institutes she had visited and gave many helpful ideas. The Madoc institute is one of the most flourishing organizations in the district, and Mrs. Brown congratulated the members on the good work they have accomplished.

Mrs. Charles Whytock moved a vote of thanks to Mrs. Brown for her very able and interesting address.

The roll call was answered by brief discussions on current events.

The institute decided to bring a motion picture to the Empire Theatre some time in June. The annual election of officers will be held at the next meeting, which will take place at the home of Mrs. Walter Whytock.

Following the programme the usual social hour was spent, the hostesses for the afternoon being Mrs. T. Tumelty, Mrs. Nugent, Mrs. A. H. Foster, Mrs. Kilpatrick, Mrs Schofield and Mrs. Harris.

News Briefs.

The work of excavating for the new Standard Church to be built on St. Lawrence street east has begun and is progressing very favorably.

Mr. J. Robinson of St. Lawrence street east and Mr. G. Sills of Elgin street exchanged residences last week.

Eric Cross, who has been at home from Osgoode Hall for the past two weeks, is still very ill.

Quite a number of cases of measles are reported among the school children.

Col. R. Rierdon, who underwent an operation in Ottawa a few weeks ago, has returned to his duties. His many friends are pleased to see him back and in better health.

Miss Edith Harris spent the week-end in Toronto.

Among the students who have returned to their homes here are: Miss Eleanor Cochrane of Queen's, Robert Burnside of Toronto University and Will Jenkins of Queen's.

A PADRE PASSES.

VANCOUVER, B.C., May 5.—(Canadian Press.) — Rev. Father Robert, O.F.M., died here Monday after an illness of three weeks. During the war Father Robert served two years overseas, going from Montreal. Two years ago he came here and became chaplain for the Catholic Women's League. The body will be sent to Edmonton for burial.

Dizzy Spells
Come from Constipation

Your doctor will tell you that nine times out of ten dizziness and headaches mean that your body is being poisoned by constipation. Nujol prevents them by removing the cause.

Constipation is dangerous for anybody. Nujol is safe for everybody. It does not affect the stomach, and is not absorbed by the body. Medical authorities approve Nujol because it is so safe, so gentle and so natural in its action.

Nujol makes up for a deficiency of natural lubricant in the intestines. It softens the waste matter and thus permits thorough and regular bowel movements without griping.

Nujol can be taken for any length of time without ill effects. Unlike laxatives, it does not form a habit, and can be discontinued at any time.

Ask your druggist for Nujol.

THE TRANSPORTATION PROBLEM.

The City Council in appointing a committee to consider a transportation policy and the relationship between the Hydro bus system and independent bus lines, has taken the first steps in dealing with a problem that may become serious.

It may be argued that the law of supply and demand will take care of the situation.

In spite of that fact that is a possibility that unless some definite policy is adopted there may be such a multiplication of service here that will prove disastrous to all concerned, including the public.

Such a condition was threatened along the Kingston road, where new bus lines were springing up, that the Provincial Government, in the interests of the people, had to step in and regulate the service, refusing to allow the competition that was being developed.

Under present conditions were another bus line to desire to operate in Peterboro tomorrow there is no policy to prevent it launching out—in fact, the situation is at present practically uncontrolled.

The committee appointed to deal with the question has a very live problem to consider, and the members should not be too hasty in arriving at a decision.

Their findings may have far-reaching results in connection with transportation facilities in Peterboro.

DOUBLE-BARRELLED PUNISHMENT.

One of the features that tend to bring the Ontario Temperance Act into disfavour is the double-barrelled nature of the penalties that may be enacted for infractions of the measure.

There have been several illustrations of this aspect of O. T. A. administration in Peterboro recently.

A man is charged with being drunk and pleads guilty or is convicted.

He is fined on that count, and then under that wonderful section of the Act that compels a man to tell the source of his liquor supply he is put on oath and questioned on that point.

If his story shows that he consumed the liquor in an illegal place, thus being forced to convict himself, he is immediately faced with a second charge, more serious this time so far as penalties are concerned, of "having" in an illegal place, and is the victim of a second fine, a much heavier one.

Usually a man convicted of two offences, even of a serious nature, gets the benefit of concurrent sentences, but the unlucky individual in this Province who does something that in most other parts of the world is not considered an offence at all finds himself punished on two counts, and worse than that, the law gives him the choice of only two alternatives, committing perjury or convicting himself.

ADVERTISING THE KAWARTHAS.

At the luncheon of the Peterboro Rotary Club this week Mr. Fred. Le Roy protested against advertising this particular district as a fishermen's paradise.

It is a matter to which the Examiner has more than once referred, and we are heartily in accord with Mr. Roy that it is a mistake to bring tourists to the Kawarthas merely to fish.

There is a type of American angler who wants to be able to go out almost any time and bag his legal catch of game fish.

There are places in Ontario where he can do so; but the local chain of lakes is not one of these places, and it is a mistake to advertise it as such, for every disappointed old hard-shelled angler who goes away from here disillusioned as to the fishing possibilities of this district converts himself into an enemy whose complaints keep many others away.

We have here one of the finest family resorts on the Continent, beautiful scenery, healthful air, long stretches of island-studded lakes, facilities for camping, swimming, sailing and cruising, and enough fishing to supply a thrill for the average visitor.

Why then go after the 33rd degree fisherman when we know perfectly well that the conditions he wants are not here?

Kawartha Lakes advertising should seek out the thousands who want just such advantages as we have in abundance.

Let the hard-bitten angler go to those parts of Ontario where he can find what he is looking for.

CHILD VICTIMS.

The tragedy near Winchester where three small children, left playing alone in their home, were fire victims is only one out of a long series of such tragic accidents in various parts of Canada in the last few weeks.

In this particular case the youngsters were in charge of the father of two of the victims, who had gone to the barn a short distance away, and the outbreak of the fire was not noticed until the flames had made considerable headway.

It was not an instance of callous neglect on the part of anybody.

Many of the cases reported recently, however, have been in that category.

In more than one case small children have been left alone for hours while their parents amused themselves elsewhere, and when a fire broke out the little victims were trapped with no chance to escape.

Under circumstances like these parents who are guilty of such criminal carelessness should be forced to face a court of justice.

If there is statute by which they may be punished the authorities should see to it that the law is called upon to act.

Tragedies of this nature have become alarmingly common in this country, and in most cases a love for pleasure on the part of parents stronger than the instinctive desire to protect their young has been responsible.

"Play ball" or "cricket" is as good advice for the O. B. A. A. executive as for the players.—Guelph Mercury.

BRITISH JUSTICE.

A high tribute to England's administration of justice was recently paid by Lawrence Veiller, Chairman of the Criminal Courts Committee of the New York Charity Society, says the Ottawa Journal. Stating, that in England compared with the United States, there is little crime and very little of a serious nature he reaches the conclusion that the reason for this is that punishment for crime in the Motherland follows swiftly and surely and is thus made an effective deterrent.

Less than 70 years ago England was one of the worst crime-ridden countries in the civilized world and in this respect was in as bad if not a worse condition than the United States is today. How has the change come about? Not only Mr. Veiller but all students of the subject know that it was not by any remarkable improvement in the character of the people but by common sense changes in the nature of criminal laws and their drastic enforcement.

In Britain 70 years ago no less than 164 offences were punishable by death. Lawyers of the period used all sorts of technicalities to save their clients convicted of offences which according to modern interpretation were undeserving of capital punishment. Judges and juries too devised every possible means to avoid inflicting the death penalty and by their pardonable humanity created a lax and disastrous administration of the statutes. By reducing capital punishment to a few major crimes and removing all technicalities in the way of prompt and deserved punishment there was soon born that system which has made England's enforcement of criminal law the model for all civilized nations.

It is a striking fact that in every country where the punishment for homicide is less severe than it is in England and where uncalled for delays are permitted the number of capital crimes is much greater. This all goes to show that until that fortunate day when man's nature is definitely changed for the better the death penalty following prompt and just trial is society's only adequate safeguard against the increase of murder.

HOME OWNERSHIP AND HOME RENTING.

Nearly every man is faced with the question, Will I own or rent a home? The growth of second and third mortgage financing has made it possible for any one with small means to buy his home on a small initial payment; the balance, the real estate man says, is just "like rent."

Savings institutions are urging people to own their own homes. Anything which stimulates savings is to their advantage, though it is hard to see how they can benefit so long as the buyer's surplus income is absorbed by instalment payments. "What good is your bundle of rent receipts at the end of twenty years," is a clinching argument. On the other side a writer counters with the query, "How much is one ahead after twenty years accumulation of tax bills, interest and water receipts and items incidental to ownership?"

Leaving aside sentimental considerations, it is obvious that home ownership may or may not be economically profitable according as a real estate investment does or does not show an adequate return at current rental values. If rents are low in proportion to market values you lose by occupying a house just as well as if you rented it to some one else. If rents are high you are ahead either way. Rents and market values are not always in accord, for it takes time for new homes to be built to meet a shortage, while overbuilding can be overtaken only by a growth in population or through the gradual decay and destruction of property.

In many cities of Canada there has of late been an easing of rentals with only a small decline in values. This makes the return on real estate investments less attractive. But in defense of home ownership an officer of the Cleveland Trust Company says:

"Is the home owner today paying a price based upon peak building costs and which must drop ere long and leave him with a 'war time' investment to hold at a loss or sacrifice by sale? No one can deny the great increase in building cost over pre-war prices. Today, a more convenient house with additional refinements is built and I submit that a decided fall from this peak, if we call it such, will be brought about by the rising buying power of the dollar and not by a sudden willingness of labor to work, let us say, for a wage of seven dollars a day when now it is paid fourteen. As long as the building of houses proceeds in its present orderly way it is not probable that such a surplus of houses will inundate the market and throw such vast numbers of men out of work and quantities of materials upon the market, that the cost of building will be reduced to a large extent. The rise in the dollar alone, in the writer's opinion, can bring about a severe readjustment of values and that, if and when it comes, is not apt to be abrupt. Further, granting this to come to pass and one obliged to sell his $10,000.00 home for $7,000.00, would not the $7,000.00 received from the sale have the same actual purchasing power as the $10,000.00 originally invested? Is this not sound economics?"—Monetary Times.

EDITORIAL NOTES AND COMMENT.

The British strike is no longer a struggle over the wages of the coal miners. It can be described truthfully in but one phrase, "Class warfare."

If the trouble in Britain is of long duration Canadians will find themselves affected in many ways. The consequences of the bitter struggle will be felt, indeed, the world over.

Mr. Ferguson refuses to commit himself as to a general election, but it is noticeable that riding organizations are beginning to gird themselves for the fray.

The Communists in Canada are voicing support for the British strikers. The only thing, remarks the Globe, the Communists in Canada or elsewhere support is trouble.

A Viennese artist has discovered that American movie actresses are beautiful but dumb, something that has been dimly suspected long before the arrival of said artist.

Luther Burbank is dead, and the hopes of those who have been awaiting his development of a square pea that would not roll off the knife blade are blasted forever.

It's tough trying to plant Dutch setts with a pair of wool mittens on.—Stratford Beacon-Herald.

It's a poor kind of rooster that doesn't want to crow about something some time.—Manitoba Free Press.

These are the days every question mark on a boy's lesson looks like a fish hook to him.—Tom Sims.

CATTLE, GRAIN AND PRODUCE

Peterboro—Toronto—Montreal
Winnipeg

TORONTO LIVESTOCK.

TORONTO, May 4.—Up to the present, the strike in Britain has not affected cattle business here. Exporters are shipping out about 1,100 cattle this week from Montreal and St. John, taking about 900 cattle off this market in yesterday's and today's buying. Heavy export steers are easier, going off about 25c in yesterday's late transactions. While no countermanding orders have yet been received, excepting as regards store cattle, shippers are advised to be watchful of press news from Britain, and to be careful as regards shipping their cattle, in case of hold up orders being received.

Butcher cattle trade continues active, and yesterday's heavy run, with another fair run for today, is being satisfactorily cleaned up at good steady prices.

Hogs steady at $12.75 f.o.b.

CHICAGO GRAIN.

CHICAGO, May 4 (Canadian Press).—Wheat suffered severe new slashes in price to-day, owing to widespread trade disturbance due to the British general strike. Closing quotations in the wheat market here were unsettled, 1 5-8c to 3 3-8c net lower, May (new) $1.58¼ to $1.58 5-8, and July $1.36 3-8 to $1.38½, with corn ¾c to 7-8c down; oats 1-8c to ¼c off, and provisions varying from 17c decline to a rise of 5c.

WINNIPEG GRAIN.

WINNIPEG, Man., May 4 (Canadian Press). — Influenced by the check in export trade, caused by the British general strike, wheat prices suffered a drastic break here to-day, and at the low point for the day recorded losses ranging from 4 1-8c to 4 5-8c. The market reacted, however, near the close, but final figures were 3-4c to 2 3-4c lower with May at $1.50½, July at $1.49 and October at $1.33 3-8. At the low point the May future touched $1.48 5-8.

EGG PRICES.

OTTAWA, May 4 (Canadian Press).—Sales of Western eggs have been made in Toronto at extras 29½, firsts 27½, seconds 24½ f.o.b. Edmonton, freight costing 4½. Reports from Montreal state that the trade there is generally pleased with the quality of Western cars.

Toronto dealers paying country shippers, extras 31, firsts 29, seconds 26, delivered cases returned. Prices to retailers, extras 34 to 35, firsts 33, seconds 29. Retail, extras 38, firsts 35 to 36, seconds 32.

Montreal receipts are heavier but the market continues very firm. Dealers paying country shippers, delivered extras 31, firsts 28 to 29, seconds 24 to 25. Prices to retailers extras 36, firsts 33 to 34, seconds 31 to 32. Retail, extras 42 to 45, firsts 38 to 40, seconds 35.

Winnipeg receipts show an increase over last week. Dealers quoting country shippers, extras 27 to 28, firsts 25 to 26, seconds 21 to 22. Prices to retailers, extras 33, firsts 30, seconds 26. Retail, extras 37, firsts 33, seconds 28. Local shipments are changing hands for storage extras 31, firsts 29.

BUFFALO CATTLE.

EAST BUFFALO, May 4.—Cattle receipts, 300; slow and steady.

Calves, receipts 500; active and steady.

Hogs, receipts, 1,600; slow; generally steady; some spots, 10c higher; heavy, $12.50 to $13.25; mixed, $13.75 to $14; yorkers, $14 to $14.25; light yorkers, $14.25 to $14.50; pigs, $14.50; roughs, $11; stags, $7 to $9.

Sheep and lambs, light; steady to strong; prices unchanged.

STERLING RATES.

MONTREAL, May 4 (Canadian Press). — Sterling exchange rates were quoted here to-day as follows:

Sterling demand, $4.84¼.

Sterling cables, $4.85.

MONTREAL GRAIN AND PRODUCE.

MONTREAL, May 4 (Canadian Press).—Trading in cash grain continued slow on the Montreal market to-day, with demand being solely for odd cars of oats for immediate delivery. The weak tone brought prices down another cent per bushel.

With packers throughout the Dominion demanding supplies for storage purposes, a firm feeling continued for eggs. Saskatchewan prices were ¼c higher per dozen.

Receipts of butter were 1,546 packages as against 588 for the same day last week. Prices scored an advance of ¼ cent to 1 cent per pound with the stronger tone of the market. Jobbing prices held unchanged. Cheese receipts were 2,446 boxes, compared with 1,408 last Tuesday. Market conditions were unchanged.

The potato trade was featured by a weaker feeling and prices dropped 25 cents to 40 cents per bag. Warm weather prospects caused re-sellers to liquidate their holdings.

A weaker feeling for beans caused prices to drop 15 cents to 20 cents per bushel. Choice white handpicked beans in car lots were quoted at $2.25 per bushel and broken lots around $2.50.

AUSTRALIAN DISPUTE.

Nearly 40,000 Engineering Workers Idle.

SYDNEY, N.S.W., May 5—Between 30,000 and 40,000 employees of 500 engineering workshops are idle in New South Wales in a dispute concerning working hours.

The employers carried out their threat Monday to dismiss all men absenting themselves Saturday in furtherance of their refusal to work more than forty-four hours a week, despite a federal award fixing the working week at 48 hours.

FABLES IN FACT.

WISE AND OTHERWISE

Who remembers away back yonder when Babe Ruth was a baseball player and Jack Dempsey a pugilist?

A drink was once considered good for a cold. Now a cold is considered good for a drink.

A new broom sweeps clean unless a new bride uses all the straws seeing if her cake is done.

One thing about short skirts is you might as well take a girl out riding as in swimming.

What's worse than getting arrested for speeding when you are trying to get to church on time?

Spring brings the urge to hit the open road—which you usually find closed for repairs.

Take care of your teeth. Brush them daily and never call a man who can whip you a liar.

A good dance orchestra costs almost as much for the evening as the rouge, listerine and liniment.

Even the very simple spring hats bring top prices.

The first thing to do after buying a used car is to equip yourself with a good durable set of spurs.

Maybe if there were about ten days in a week we could rest up between Sundays.

Spring is when the closed car owner quits bragging and the open car owner starts bragging.

One great evil of the radio is that burglars can't start to work before two or three o'clock in the morning.

Save your money so when you are old you can be sorry you did instead of wishing you had.

The last thing to turn green in the spring is an amateur's garden.

The difference between good luck and bad luck is usually the frame of mind you happen to be in.

What could be better than being better?

VICTIM IDENTIFIED

MONTREAL, Que., May 5 (Canadian Press)—A man who had his life crushed out here Monday when he ran from in front of a moving tram car into the path of an automobile, was today identified as Isidore Laverdiere, 65-year-old laborer. A coroner's jury returned an accidental death verdict.

Why not insert a small want ad and rent that house or empty room.

Canadian Pacific

to ALASKA

By the tranquil Inner Passage ... 1000 miles of restful, carefree voyaging ... past thousands of wooded islands ... through narrow vividly colored gorges ... miles of luxuriant wilderness with a glimpse now and then of untamed wild game. Then the totem poles of the Pacific Coast Indians.

A Never Forgotten Vacation

See Indians ... traders and trappers ... fur stores ... gold mines ... vari-colored glaciers and spring flowers. WEDNESDAY, MAY 19, 1926.

THE TRANSPORTATION PROBLEM.

The City Council in appointing a committee to consider a transportation policy and the relationship between the Hydro bus system and independent bus lines, has taken the first steps in dealing with a problem that may become serious.

It may be argued that the law of supply and demand will take care of the situation.

In spite of that fact that is a possibility that unless some definite policy is adopted there may be such a multiplication of service here that will prove disastrous to all concerned, including the public.

Such a condition was threatened along the Kingston road, where new bus lines were springing up, that the Provincial Government, in the interests of the people, had to step in and regulate the service, refusing to allow the competition that was being developed.

Under present conditions were another bus line to desire to operate in Peterboro tomorrow there is no policy to prevent it launching out—in fact, the situation is at present practically uncontrolled.

The committee appointed to deal with the question has a very live problem to consider, and the members should not be too hasty in arriving at a decision.

Their findings may have far-reaching results in connection with transportation facilities in Peterboro.

DOUBLE-BARRELLED PUNISHMENT.

One of the features that tend to bring the Ontario Temperance Act into disfavour is the double-barrelled nature of the penalties that may be enacted for infractions of the measure.

There have been several illustrations of this aspect of O. T. A. administration in Peterboro recently.

A man is charged with being drunk and pleads guilty or is convicted.

He is fined on that count, and then under that wonderful section of the Act that compels a man to tell the source of his liquor supply he is put on oath and questioned on that point.

If his story shows that he consumed the liquor in an illegal place, thus being forced to convict himself, he is immediately faced with a second charge, more serious this time so far as penalties are concerned, of "having" in an illegal place, and is the victim of a second fine, a much heavier one.

Usually a man convicted of two offences, even of a serious nature, gets the benefit of concurrent sentences, but the unlucky individual in this Province who does something that in most other parts of the world is not considered an offence at all finds himself punished on two counts, and worse than that, the law gives him the choice of only two alternatives, committing perjury or convicting himself.

ADVERTISING THE KAWARTHAS.

At the luncheon of the Peterboro Rotary Club this week Mr. Fred. L. Roy protested against advertising this particular district as a fishermen's paradise.

It is a matter to which the Examiner has more than once referred, and we are heartily in accord with Mr. Roy that it is a mistake to bring tourists to the Kawarthas merely to fish.

There is a type of American angler who wants to be able to go out almost any time and bag his legal catch of game fish.

There are places in Ontario where he can do so; but the local chain of lakes is not one of these places, and it is a mistake to advertise it as such, for every disappointed old hard-shelled angler who goes away from here disillusioned as to the fishing possibilities of this district converts himself into an enemy whose complaints keep many others away.

We have here one of the finest family resorts on the Continent, beautiful scenery, healthful air, long stretches of island-studded lakes, facilities for camping, swimming, sailing and cruising, and enough fishing to supply a thrill for the average visitor.

Why then go after the 33rd degree fisherman when we know perfectly well that the conditions he wants are not here?

Kawartha Lakes advertising should seek out the thousands who want just such advantages as we have in abundance.

Let the hard-bitten angler go to those parts of Ontario where he can find what he is looking for.

CHILD VICTIMS.

The tragedy near Winchester where three small children, left playing alone in their home, were fire victims is only one out of a long series of such tragic accidents in various parts of Canada in the last few weeks.

In this particular case the youngsters were in charge of the father of two of the victims, who had gone to the barn a short distance away, and the outbreak of the fire was not noticed until the flames had made considerable headway.

It was not an instance of callous neglect on the part of anybody.

Many of the cases reported recently, however, have been in that category.

In more than one case small children have been left alone for hours while their parents amused themselves elsewhere, and when a fire broke out the little victims were trapped with no chance to escape.

Under circumstances like these parents who are guilty of such criminal carelessness should be forced to face a court of justice.

If there is statute by which they may be punished the authorities should see to it that the law is called upon to act.

Tragedies of this nature have become alarmingly common in this country, and in most cases a love for pleasure on the part of parents stronger than the instinctive desire to protect their young has been responsible.

"Play ball" or "cricket" is as good advice for the O. B. A. executive as for the players.—Guelph Mercury.

BRITISH JUSTICE.

A high tribute to England's administration of justice was recently paid by Lawrence Veiller, Chairman of the Criminal Courts Committee of the New York Charity Society, says the Ottawa Journal. Stating, that in England compared with the United States, there is little crime and very little of a serious nature he reaches the conclusion that the reason for this is that punishment for crime in the Motherland follows swiftly and surely and is thus made an effective deterrent.

Less than 70 years ago England was one of the worst crime-ridden countries in the civilized world and in this respect was in as bad if not a worse condition than the United States is today. How has the change come about? Not only Mr. Veiller but all students of the subject know that it was not by any remarkable improvement in the character of the people but by common sense changes in the nature of criminal laws and their drastic enforcement.

In Britain 70 years ago no less than 164 offences were punishable by death. Lawyers of the period used all sorts of technicalities to save their clients convicted of offences which according to modern interpretation were undeserving of capital punishment. Judges and juries too devised every possible means to avoid inflicting the death penalty and by their pardonable humanity created a lax and disastrous administration of the statutes. By reducing capital punishment to a few major crimes and removing all technicalities in the way of prompt and deserved punishment there was soon born that system which has made England's enforcement of criminal law the model for all civilized nations.

It is a striking fact that in every country where the punishment for homicide is less severe than it is in England and where uncalled for delays are permitted the number of capital crimes is much greater. This all goes to show that until that fortunate day when man's nature is definitely changed for the better the death penalty following prompt and just trial is society's only adequate safeguard against the increase of murder.

HOME OWNERSHIP AND HOME RENTING.

Nearly every man is faced with the question, Will I own or rent a home? The growth of second and third mortgage financing has made it possible for any one with small means to buy his home on a small initial payment; the balance the real estate man says, is just "like rent."

Savings institutions are urging people to own their own homes. Anything which stimulates savings is to their advantage, though it is hard to see how they can benefit so long as the buyer's surplus income is absorbed by instalment payments. "What good is your bundle of rent receipts at the end of twenty years," is a clinching argument. On the other side a writer counters with the query, "How much is one ahead after twenty years accumulation of tax bills, interest and water receipts and items incidental to ownership?"

Leaving aside sentimental considerations, it is obvious that home ownership may or may not be economically profitable according as a real estate investment does or does not show an adequate return at current rental values. If rents are low in proportion to market values you lose by occupying a house just as well as if you rented it to some one else. If rents are high you are ahead either way. Rents and market values are not always in accord, for it takes time for new homes to be built to meet a shortage, while overbuilding can be overtaken only by a growth in population or through the gradual decay and destruction of property.

In many cities of Canada there has of late been an easing of rentals with only a small decline in values. This makes the return on real estate investments less attractive. But in defense of home ownership an officer of the Cleveland Trust Company says:

"Is the home owner today paying a price based upon peak building costs and which must drop ere long and leave him with a 'war time' investment to hold at a loss or sacrifice by sale? No one can deny the great increase in building cost over pre-war prices. Today, a more convenient house with additional refinements is built and I submit that a decided fall from this peak, if we call it such, will be brought about by the rising buying power of the dollar and not by a sudden willingness of labor to work, let us say, for a wage of seven dollars a day when now it is paid fourteen. As long as the building of houses proceeds in its present orderly way it is not probable that such a surplus of houses will inundate the market and throw such vast numbers of men out of work and quantities of materials upon the market, that the cost of building will be reduced to a large extent. The rise in the dollar alone, in the writer's opinion, can bring about a severe readjustment of values and that, if and when it comes, is not apt to be abrupt. Further, granting this to come to pass and one obliged to sell his $10,000.00 home for $7,000.00, would not the $7,000.00 received from the sale have the same actual purchasing power as the $10,000.00 originally invested? Is this not sound economics?"—Monetary Times.

EDITORIAL NOTES AND COMMENT.

The British strike is no longer a struggle over the wages of the coal miners. It can be described truthfully in but one phrase, "Class warfare."

If the trouble in Britain is of long duration Canadians will find themselves affected in many ways. The consequences of the bitter struggle will be felt, indeed, the world over.

Mr. Ferguson refuses to commit himself as to a general election, but it is noticeable that riding organizations are beginning to gird themselves for the fray.

The Communists in Canada are voicing support for the British strikers. The only thing, remarks the Globe, the Communists in Canada or elsewhere support is trouble.

A Viennese artist has discovered that American movie actresses are beautiful but dumb, something that has been dimly suspected long before the arrival of said artist.

Luther Burbank is dead, and the hopes of those who have been awaiting his development of a square pea that would not roll off the knife blade are blasted forever.

It's tough trying to plant Dutch setts with a pair of wool mittens on.—Stratford Beacon-Herald.

It's a poor kind of rooster that doesn't want to crow about something some time.—Manitoba Free Press.

These are the days every question mark on a boy's lesson looks like a fish hook to him.—Tom Sims.

CATTLE, GRAIN AND PRODUCE

Peterboro—Toronto—Montreal Winnipeg

TORONTO LIVESTOCK.

TORONTO, May 4.—Up to the present, the strike in Britain has not affected cattle business here. Exporters are shipping out about 1,100 cattle this week from Montreal and St. John, taking about 900 cattle off this market in yesterday's and today's buying. Heavy export steers are easier, going off about 25c in yesterday's late transactions. While no countermanding orders have yet been received, excepting as regards store cattle, shippers are advised to be watchful of press news from Britain, and to be careful as regards shipping their cattle, in case of hold up orders being received.

Butcher cattle trade continues active, and yesterday's heavy run, with another fair run for today, is being satisfactorily cleaned up at good steady prices.

Hogs steady at $12.75 f.o.b.

CHICAGO GRAIN.

CHICAGO, May 4 (Canadian Press).—Wheat suffered severe new slashes in price to-day, owing to widespread trade disturbance due to the British general strike. Closing quotations in the wheat market here were unsettled, 1 5-8c to 3 3-8c net lower, May (new) $1.58¼ to $1.58 5-8, and July $1.36 3-8 to $1.38½, with corn ¾c to 7-8c down; oats 1-8c to ¼c off, and provisions varying from 17c decline to a rise of 5c.

WINNIPEG GRAIN.

WINNIPEG, Man., May 4 (Canadian Press). — Influenced by the check in export trade, caused by the British general strike, wheat prices suffered a drastic break here to-day, and at the low point for the day recorded losses ranging from 4 1-8c to 4 5-8c. The market reacted, however, near the close, but final figures were 3-4c to 2 3-4c lower with May at $1.50½, July at $1.49 and October at $1.33 3-8. At the low point the May future touched $1.48 5-8.

EGG PRICES.

OTTAWA, May 4 (Canadian Press).—Sales of Western eggs have been made in Toronto at extras 29½, firsts 27½, seconds 24½ f.o.b. Edmonton, freight costing 4½. Reports from Montreal state that the trade there is generally pleased with the quality of Western cars.

Toronto dealers paying country shippers, extras 31, firsts 29, seconds 26, delivered cases returned. Prices to retailers, extras 34 to 35, firsts 33, seconds 29. Retail, extras 38, firsts 35 to 36, seconds 32.

Montreal receipts are heavier but the market continues very firm. Dealers paying country shippers, delivered extras 31, firsts 28 to 29, seconds 24 to 25. Prices to retailers extras 36, firsts 33 to 34, seconds 31 to 32. Retail, extras 42 to 45, firsts 38 to 40, seconds 35.

Winnipeg receipts show an increase over last week. Dealers quoting country shippers, extras 27 to 28, firsts 25 to 26, seconds 21 to 22. Prices to retailers, extras 33, firsts 30, seconds 26. Retail, extras 37, firsts 33, seconds 28. Local shipments are changing hands for storage extras 31, firsts 29.

BUFFALO CATTLE.

EAST BUFFALO, May 4.—Cattle receipts, 300; slow and steady.

Calves, receipts 500; active and steady.

Hogs, receipts, 1,600; slow; generally steady; some spots, 10c higher; heavy, $12.50 to $13.25; mixed, $13.75 to $14; yorkers, $14 to $14.25; light yorkers, $14.25 to $14.50; pigs, $14.50; roughs, $11; stags, $7 to $9.

Sheep and lambs, light; steady to strong; prices unchanged.

STERLING RATES.

MONTREAL, May 4 (Canadian Press). — Sterling exchange rates were quoted here to-day as follows:

Sterling demand, $4.84½.

Sterling cables, $4.85.

MONTREAL GRAIN AND PRODUCE.

MONTREAL, May 4 (Canadian Press).—Trading in cash grain continued slow on the Montreal market to-day, with demand being solely for odd cars of oats for immediate delivery. The weak tone brought prices down another cent per bushel.

With packers throughout the Dom inion demanding supplies for storage purposes, a firm feeling continued for eggs. Saskatchewan prices were ¼c higher per dozen.

Receipts of butter were 1,546 packages as against 588 for the same day last week. Prices scored an advance of ¼ cent to 1 cent per pound with the stronger tone of the market. Jobbing prices held unchanged. Cheese receipts were 2,446 boxes, compared with 1,408 last Tuesday. Market conditions were unchanged.

The potato trade was featured by a weaker feeling and prices dropped 25 cents to 40 cents per bag. Warm weather prospects caused re-sellers to liquidate their holdings.

A weaker feeling for beans caused prices to drop 15 cents to 20 cents per bushel. Choice white handpicked beans in car lots were quoted at $2.25 per bushel and broken lots around $2.50.

AUSTRALIAN DISPUTE.

Nearly 40,000 Engineering Workers Idle.

SYDNEY, N.S.W., May 5—Between 30,000 and 40,000 employees of 500 engineering workshops are idle in New South Wales in a dispute concerning working hours.

The employers carried out their threat Monday to dismiss all men absenting themselves Saturday in furtherance of their refusal to work more than forty-four hours a week, despite a federal award fixing the working week at 48 hours.

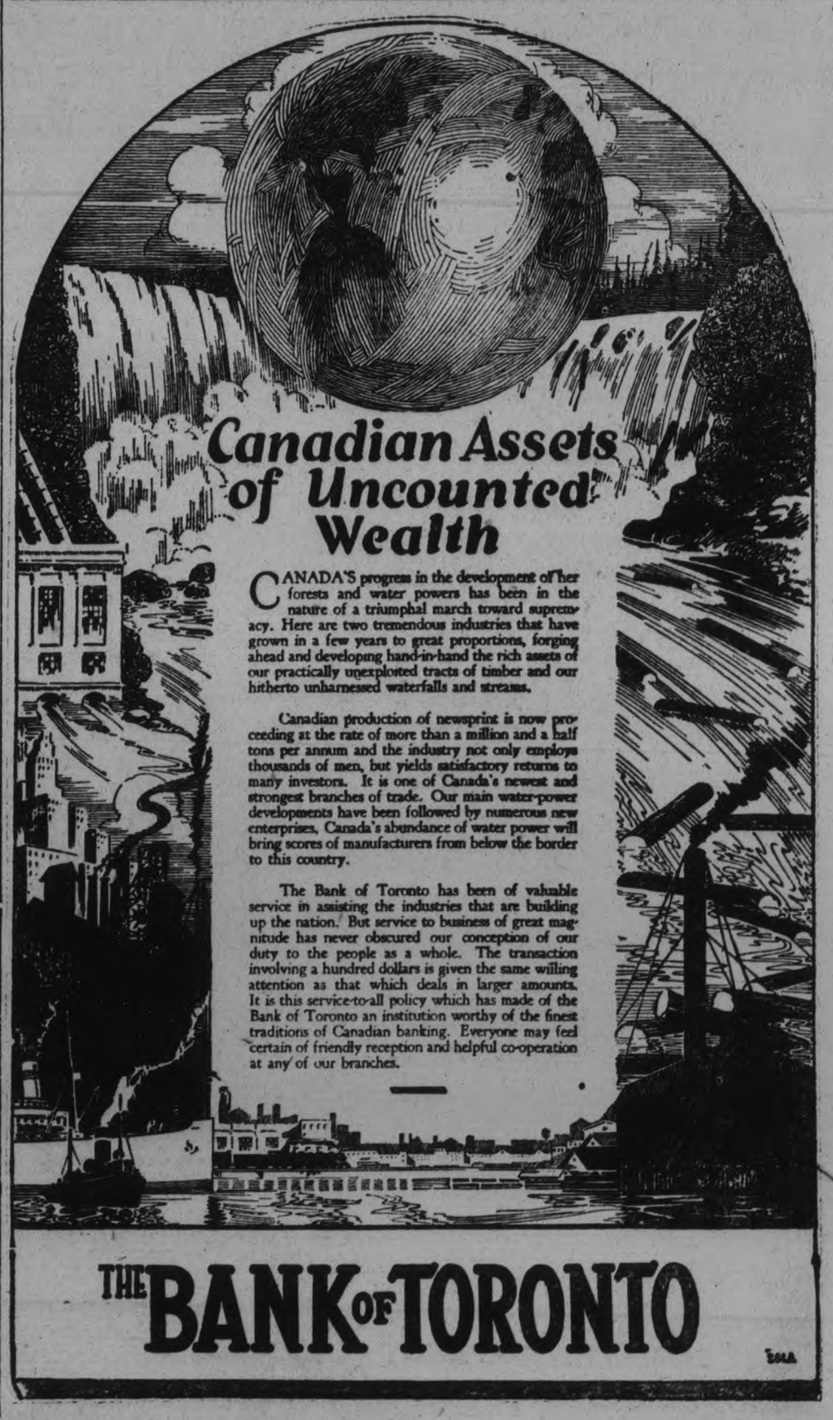
A THOUGHT FOR TODAY

AN ESSENTIAL

It is not enough to say that while there is life there is hope. There is need to believe that the evidence of new life in tree and shrub and flower is a promise of something beyond one short, and perhaps troubled, existence.

Faith is a form of happiness that we cannot afford to be without.

This day is your day; what are you doing to make it a good day?



Canadian Assets of Uncounted Wealth

CANADA'S progress in the development of her forests and water powers has been in the nature of a triumphal march toward supremacy. Here are two tremendous industries that have grown in a few years to great proportions, forging ahead and developing hand-in-hand the rich assets of our practically unexploited tracts of timber and our hitherto unharnessed waterfalls and streams.

Canadian production of newsprint is now proceeding at the rate of more than a million and a half tons per annum and the industry not only employs thousands of men, but yields satisfactory returns to many investors. It is one of Canada's newest and strongest branches of trade. Our main water-power developments have been followed by numerous new enterprises. Canada's abundance of water power will bring scores of manufacturers from below the border to this country.

The Bank of Toronto has been of valuable service in assisting the industries that are building up the nation. But service to business of great magnitude has never obscured our conception of our duty to the people as a whole. The transaction involving a hundred dollars is given the same willing attention as that which deals in larger amounts. It is this service-to-all policy which has made of the Bank of Toronto an institution worthy of the finest traditions of Canadian banking. Everyone may feel certain of friendly reception and helpful co-operation at any of our branches.

THE BANK OF TORONTO

Are you nervous? tired? run down?

VIROL corrects disorders of the nervous and digestive systems because it is a scientific preparation of beef marrow, eggs, salts of lime and iron, malt extract and fresh lemons that builds, strengthens and repairs. When you are "below the mark", when you are nervous or can't sleep—VIROL is what you need.

VIROL

SINCLAIR LEWIS AWARDED PRIZE

"Arrowsmith" Wins Pulitzer $1,000—Star Reporter in Business.

SELLING ICE CREAM.

NEW YORK, May 5.—William Burke Miller, whose reporting of the Floyd Collins case in The Louisville Courier-Journal won him the 1925 Pulitzer award of $1,000 for the year's best example of reporting, just announced, has forsaken journalism for the ice cream business, it was learned yesterday.

Other 1925 Pulitzer awards announced include $1,000 for the American novel, which was awarded to Sinclair Lewis' Arrowsmith.

The award for an original American play went to George Kelly for his drama, Craig's Wife.

The sixth volume of The History of the United States, by Edward Channing, won the $2,000 award for the best book of the year on American history. Harvey Cushing's The Life of Sir William Osler, won $1,000 in the biography section. The late Amy Lowell's What's O'Clock, received a similar prize as the best volume of verse by an American author.

The Enquirer-Sun, of Columbus, Ga., won the $500 gold medal for the most disinterested and meritorious public service by a newspaper, for its fight against the Ku Klux Klan.

SEEDING AT BURNBRAE.

Only High Land is Yet in Condition To Be Worked.

BURNBRAE, May 5.—The first seeding in this district was done on Saturday, May 1, but only some of the very high land is in condition for working. The plough still turned up frost in some places on May 3, so that low lands will not drain off for some time. The warm winds over the week-end dried the fall-ploughed fields on top so that the cultivators will be busy this week. If the weather stays fair a good deal of seeding will be done by the 8th.

Mr. Robert C. Coleugh is busy these days ploughing and scraping for the foundation of his new barn, which will replace the one destroyed by fire a year ago.

A "WET" CANDIDATE.

Frank Wilson, of Windsor, in the Field.

WINDSOR, Ont., May 5 (Canadian Press) — Frank W. Wilson, member in the legislature for the Windsor electoral district which has been divided into two ridings by the redistribution bill, announced Tuesday that he will be a candidate in East Windsor, which is made up of Walkerville, and the two East side Windsor wards. Mr. Wilson, who reside in West Windsor, also stated he intends adhering to his anti-O.T.A. policy, on which he was elected three years ago, when he deefated Major J. C. Tolmie, Liberal.

LONGEVITY MARKS MONTREAL FAMILY

Third Generation Since 1761 To Celebrate Golden Wedding.

MONTREAL, Que., May 5 (Canadian Press)—The descendants of a family noted for its longevity in marriage as well as in life, Wilfrid Auclair, former Mayor of the municipality of St. Vincent De Paul, and his wife, yesterday celebrated the fiftieth anniversary of their wedlock. Dating back to the year 1761, three generations of the Auclair family have lived to celebrate their golden wedding jubilees.

A public banquet tendered at the St. Vincent de Paul College in celebration of Tuesay's event, was attended by prominent people from Montreal and many other Eastern cities, together with practically every resident of the municipality.

Hen Tries For Record Lays Many Odd Eggs

KINGSTON, May 5.—A barred rock hen, owned by Mr. Thomas Butterrell, of Coke, made a desperate effort to hang up a record for the month of April. She laid 28 eggs and 8 of these were double-yoked and one was of a freak shape.

GERMAN TOYS SHIPPED TO CANADA FROM HOLLAND TO EVADE DUTY ON PAR VALUE OF THE GERMAN MARK

John W. Gaunt Company, of Montreal Customs Committee at Ottawa.

BLANK INVOICES.

Sight Entries Made By Company After Goods Received.

OTTAWA, May 5 (Canadian Press).—The Customs Inquiry Committee devoted all Tuesday to the examination of one witness, John W. Gaunt, head of the John W. Gaunt Company, Montreal, was in the witness chair throughout the morning and afternoon.

The John W. Gaunt Company is an importer of German dolls and other toys which were obtained through the activities of an agent called Robert Schneider of Cobourg, Germany. Mr. Gaunt admitted, on the stand, that he had arranged to have these goods shipped through Holland. By so doing the Customs regulation requiring that the valuation of goods shipped from Germany for Customs purposes must be not less than 50 per cent. of the par value of the mark, was evaded. This regulation, the witness explained, applied only to direct shipments from Germany.

The question of whether or not the drug department of the Customs dealt with Mr. Gaunt's imports arose when Mr. Calder asked the witness if there was one man who used to examine all the goods which he imported.

"Do you know a man named John Redmond?" asked counsel.

"Yes," was the reply. The witness said that Redmond was employed in the drug department of the Customs at Montreal.

"Do dolls come under the classification of drugs?" asked Mr. Calder.

The witness replied, amid some laughter, that he thought so.

Mr. Calder commented that the witness showed "abysmal ignorance" of Customs matters.

Blank Invoices.

Mr. Gaunt informed the committee that he thought a number of Customs examiners had handled his goods. He had never entered into any arrangement with Redmond to examine his imports exclusively.

The greater part of the afternoon was devoted to a series of questions in regard to invoices used by the Gaunt Company in connection with their imports. It developed that Schneider, the German agent of the firm, had sent a number of certified blank invoices to Montreal for use by the company. Mr. Gaunt claimed that these invoices were used because the originals sent with the goods were refused by the Customs. It became necessary to obtain duplicates in order to obtain rebates from the Department.

Made Sight Entries.

Mr. Stevens asked how many times Mr. Gaunt had been allowed to pass goods on sight entries. The witness thought there might have been a number of cases in 1922 and again in 1923.

Mr. Stevens: "Were you allowed to make sight entries whenever you had no invoices?"

Mr. Gaunt: "That is the practice."

Mr. Stevens: "Hardly. You are allowed to make sight entry when invoices are lost. The fact is you passed goods in this way, then took one of these blank invoices, certified by Schneider, filled that out and passed it off on the Customs?"

Mr. Gaunt said this had happened once. Mr. Stevens said that he seemed to have used up a lot of blank invoices.

STATE OF WAR.

Nicaraguan Congress Takes Steps Against Revolutionists.

MANAGUA, Nicaragua, May 4 (Canadian Press)—The Nicaraguan Congress today declared the country in a state of war. The president was authorized to levy assessments against the citizens for $500,000 to cover war expense. The action of congress was taken to quell an uprising of Liberal revolutionists.

Put Tongs In Mouth Girl Is Badly Burned

PORT COLBORNE, Ont., May 5.—(Canadian Press).—Thoughtlessly placing the tongs of a hair curling iron in her mouth to see if the iron was hot, Miss Stella Rigby of Toronto, who is visiting relatives here was painfully burned yesterday. The iron adhered to her tongue and upper gum and the doctor had to cut away part of her tongue to release the iron.

ASTOR COLT WINS.

Chester Vase Easily Taken By Swift and Sure By Three Lengths.

CHESTER, Eng., May 4 (Canadian Press). — Lord Astor's three-year-old colt, Swift and Sure, this afternoon won the Chester vase by three lengths from Lord Howard Dewalden's Bicarbonate. The Duke of Portland's Lancaster was third by four lengths.

TO BE COMMISSIONER.

E. R. E. Crevrier, former Liberal M.P. for Ottawa, who is mentioned as a possible appointee to one of the two vacancies in the civil service commission caused by the resignation of Clarence Jameson and M. G. Larochelle.

Newspaper Issued To-day By British Government

LONDON, May 5. — Because of the non-appearance of London newspapers affected by the strike, the government has announced it will issue a newspaper called the "British Gazette," beginning to-day. The paper will be a news sheet primarily and will contain authoritative news, says the announcement. The paper will be distributed through out the whole of the London area at a price of one penny.

It is understood that Winston Churchill has paid a personal visit to the plant where the newspaper will be turned out in order to complete all necessary arrangements. The government has appealed for printers and workers of every class to get out the paper, promises being made that they will be protected at work and that they will not suffer in the future for volunteering.

NO REFLECTION OF STRIKE IN COMMONS

Customs Duty on Wrapping Paper Adopted.

LONDON, May 5. — (Canadian Press Cable.)— The clause in the budget providing for a duty of 16 2-3 per cent. on imported packing and wrapping paper was carried in the house of commons Tuesday. The resolution in favor of the proposed impost was passed by a vote of 319 to 130.

A resolution proposing the transfer of £7,000,000 from the road fund to the exchequer was carried by 320 to 134.

Other budget resolutions were carried without a division.

Later the chancellor of the exchequer, Winston Churchill, introduced the finance bill, which was read a first time.

The afternoon sitting was adjourned without any reference to the strike having been made from the floor of the house.

Women's Health

Is protected and charm assured this NEW way of solving their oldest hygienic problem; true protection; discards like tissue

SCORES of women's disorders are largely traced today to old-time "sanitary pads," insecure and unsanitary.

Eight in 10 better-class women today employ "KOTEX."

Wear lightest gowns and frocks without a second thought, any day, anywhere.

NO LAUNDRY

✓ Discards as easily as a piece of tissue. No laundry.

Five times as absorbent as ordinary cotton pads!

Deodorizes. Ends ALL fear of offending.

You get it at any drug or department store simply by saying "KOTEX." No embarrassment.

In fairness to yourself, try this new way. Costs only a few cents. Twelve in a package.

KOTEX

No laundry—discard like tissue

Kotex Regular 75c; Kotex Super $1.20

MORAL SUPPORT FROM CANADIAN TRADES UNIONS

Sympathy of Labor Congress Cabled To British Strikers By Tom Moore.

FINANCIAL HELP.

OTTAWA, May 5 (Canadian Press).—Acting in co-operation with the International Federation of Trade Unions, plans are being made that should the British strike last for such a period as to necessitate an appeal by the British trade unions for financial assistance, such an appeal can be immediately brought to the attention of the members of the Trades and Labor Congress of Canada.

This was announced in a statement by the head office of the Congress here Tuesday afternoon. "The close ties," the statement said, "which bind so many members of the Canadian trades union movement and the British workers is an assurance that such an appeal, if found necessary, would be met in a generous spirit."

The statement sets forth that a cable signed by Tom Moore as president, and P. M. Draper, as secretary of the Canadian Trades and Labor Congress, has been sent to the British Congress, extending the full moral support of the Canadian workers to those of Great Britain, "in your present struggle to maintain the already meagre standards of living of British workers."

"It is fully realized that the measure taken by the British trade unionists is a serious and a drastic one. On the other hand, the standards of living of the British workers were already so low that there was no alternative but to put forth every possible effort to resist any further wage reductions. The struggle of the British workers is a defensive one, and those in a position to know them have full confidence that the present steps would not have been taken had there been any other method open of reaching an honorable settlement of the dispute and at the same time of protecting their living standards from further depression."

OPPOSITION TO TRAFFIC BY-LAW

Lindsay's "Stop Street" Regulation Stirs Up Much Disapproval.

COUNCIL DEBATE.

LINDSAY, May 5 (Canadian Press).—Lindsay's new traffic by-law, designating Kent Street a "through" thoroughfare and all the side streets feeding into it "stop" streets, came into effect this week. This bylaw has been a live issue for the past month and has aroused considerable feeling, especially among the drivers of cars, drays and other vehicles. An element of the farming community is also opposed to the measure. This opposition is due, in a large measure, to ignorance of the bylaw, and the members of the council feel that all opposition will disappear when it has been in operation for a short time.

At Tuesday's session of the council there was quite a wordy battle over the bylaw. Only three members voiced their opposition, but they did so in a most emphatic manner. Deputy-Reeve Richman, who has been prominent in his opposition was charged by Mayor Wilkinson, who is the father of the bylaw, with ignoring regulations at crossings. This brought an emphatic denial from the Deputy-Reeve. Things became heated for a time, but the councillors finally got down to earth. Fifteen letters from Ontario centres where similar legislation had been adopted were read at the meeting. The bylaw was generaly observed in these centres, was working satisfactorily, and had reduced the number of accidents.

IS YOUR CHILD THIN AND WEAK?

Cod Liver Extract In Sugar Coated Tablets Puts On Flesh and Builds Them Up.

In just a few days—quicker than you ever dreamed of—these wonderful health building, flesh creating tablets called McCoy's Cod Liver Extract Tablets will start to help any thin, underweight little one.

After sickness and where rickets are suspected they are especially valuable.

Most people know that from the livers of the lowly codfish vitamines of the first class are extracted—the kind that help all feeble underweight men, women and children.

Try these wonderful tablets for 30 days and if your frail, puny child don't greatly benefit—get your money back.

A very sickly child, age 9, gained 12 pounds in 7 months.

Ask McDermid Drug Co., McDermid and Jury, Bond's Drug Store, or any druggist, for McCoy's Cod Liver Extract Tablets—as easy to take as candy, and 60 tablets, 60 cents.

Witness Sleeps. Passes Stop. Millbrook Hearing Postponed

(By A Staff Reporter)

MILLBROOK, May 5.—Dr. O. C. Weale of Toronto, chief witness for the Humane Society in the case against H. R. Spratt and F. Grant, fell asleep on the train from Toronto and passed by Port Hope, where he should have changed, going through to Belleville. As a result the case had to be adjourned until Friday afternoon. The charge is one of neglecting to feed cattle, and the Magistrate, Col. W. H. Floyd of Cobourg, the defendant's counsel, A. W. Burk of Toronto, J. R. Corkery of Peterborough, representing complainants, Provincial Constable N. F. Maker of Peterboro, and Inspector R. C. Smith of the Peterborough branch of the Humane Society, were all present for the hearing, and will be obliged to return on Friday.

FATHER AND SIX KIDDIES BURNED

John Haas, 45, and Children, Lose Lives in Home.

EARLY TO-DAY.

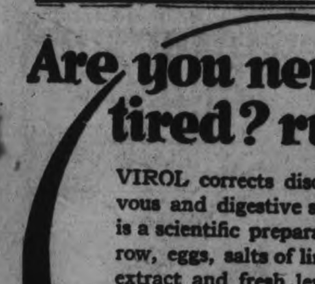
BELLEVILLE, Ills., May 5. — (Canadian Press).—John Haas, 45 and six of his children, were burned to death in a fire which destroyed their home here yesterday.

GIRLS PULL RIKISHAS.

PEKING, May 5. — So heavily have continued civil wars and political upheavals pressed upon the poor of Peking that a few girls have started pulling rikishas for hire. Children of eight or ten drawing rikishas are a frequent sight in Peking streets, despite police prohibition.

MUST PAY ALIMONY.

MILL GROVE, Ind., May 30. — Robert Blair, 82, has been ordered to pay his wife, Julia Blair, 74, an allowance of $25 a month. Blair is a Civil War veteran and is said to be the oldest man ever before the Criminal Court on a charge of wife desertion.



He Doesn't want to hurt you

THE PEOPLE who are afraid of the dentist are the people who do not consult him until they have toothache. Your dentist is more interested in protecting your teeth than he is in repairing them. Go to him regularly for examination and you will escape a lot of pain and trouble.

4 out of 5

is grim pyorrhea's count

DENTAL STATISTICS tell this grim story: four people out of every five are destined, through neglect, to contract pyorrhea after they pass the age of forty. Thousands younger also suffer.

Pyorrhea is the dread disease of the gums which is responsible often for loss of teeth, rheumatism, neuritis and other dangerous disorders.

It starts with tender bleeding gums. Pockets form below the teeth and poisons spread relentlessly through the body. If you have pyorrhea or any of its symptoms see your dentist at once and start brushing your teeth with Forhan's for the Gums.

To safeguard yourself against pyorrhea make Forhan's your regular dentifrice. It is the formula of R. J. Forhan, D. D. S., and contains his pyorrhea liquid which has been used by dentists the last 15 years in the treatment of pyorrhea. If used regularly and used in time it will prevent pyorrhea or check its course. Don't give this insidious disease a chance to start. Start using Forhan's this very day. All druggists, 35c and 60c in tubes.

Formula of R. J. Forhan, D. D. S.

More than a tooth paste—it checks Pyorrhea

QUEENIE SMITH'S *Famous Dancing Feet*

FAMOUS FEET

..how they're kept free from corns..

"I never have had a corn nor an accident. But if ever either comes—I want *protection*. That's why I always carry Blue-jay and an accident policy."

So writes winsome Queenie Smith, the star of the musical comedy, "Tip-Toes."

Good old Blue-jay! For 26 years it has been vanquishing corns . . . The count of conquered toe-calluses runs into the hundreds of millions.

A cool and velvety cushion fits over the corn and ends the pain at once. Usually one plaster routs the corn. But even an "old offender" will seldom require more than a second Blue-jay plaster . . . At all drug stores.

300 CARPENTERS OUT.

Vancouver Men Want Five-Day Week.

VANCOUVER, B.C., May 5.—(Canadian Press).—Striking carpenters, demanding a five-day week and employing contractors, who are strongly opposing such a move, were still deadlocked yesterday, both sides remaining firm in their determination to fight the matter to a finish. About 300 men are affected at Vancouver and New Westminister.

A number of larger contractors decided Tuesday to recruit workers from all available sources and, if necessary to bring men in from other cities in an endeavor to carry on.

FOUR MURDER TRIALS.

On Montreal Court's Spring Docket.

MONTREAL, May 5 — Four murder trials will mark the spring term of the Court of King's Bench scheduled to open here on May 10.

The much-heard-of case against Alexander Kahamo charged with murdering an aged man in the woods near Shawbridge, six years ago, is among those to come up.

The other "death" cases to be heard are: Armand Poitras, charged with killing his wife; Arthur Ferland, alleged to have fatally shot his brother-in-law, and Alberta Morin, who is said to have caused a death through an illegal operation. Miss Morin also faces a count of abortion.

BONAR LAW NEWS.

BONAR LAW, May 5.—The friends of Miss Daisy McInroy will be glad to learn that she is recovering from her recent operation and expects to be able to return home shortly.

A few from this district attended the pie social at Petherick's Corners on Friday night and report a good time.

"THESE WOMEN"

By MALCOLM DUART

COPYRIGHT 1926

The Characters and Situations in this Story are entirely fictional.

BEGIN HERE TODAY

In yesterday's chapter, AUDREY MORTON has seen her guardian, HARRY MORTON, with whom she is deeply in love, in a cabaret with a wild party. Overhearing him make an appointment for the place, she had asked JOHN PARRISH, Morton's secretary, to take her there.

Word comes at the end of yesterday's installment that Audrey has not slept in her room after the visit to the cabaret.

Morton himself, wealthy, attractive to women, unmarried, has been a mystery to the gossips of Peterborough for the 15 years he has lived there with his adopted daughter. Maintaining an expensive home in Peterborough, he also maintains an apartment in Toronto, dividing his time between them.

In an effort to divert Audrey's love from himself, he has been seen much in the company of NONA, a Toronto stage girl, who also loves him, and has urged the company of young Parrish upon his ward.

NOW GO ON WITH THE STORY

CHAPTER XVIII.

A hurried inspection of Audrey's rooms showed that she was gone—that she had been gone since the night before.

Her dainty ribboned nightgown still lay upon the bed, where her maid had left it in the evening. The bed was unrumpled. The satin mules stood neatly side by side, at the foot of the bed, undisturbed.

Morton ran into the little study which lay behind the bedroom. It was the apartment in which Audrey wrote her letters. He glanced hastily over the bed. There was no note for him.

The doors of the closets in her dressing-room all were ajar. Hurriedly he ran his hand over the ranks of dresses, which hung neatly on their hangers from brass rods. He saw that her fur coat was there, but that a gray traveling coat had been removed. A sober little frock which she wore around the house also was missing, and so was the dress in which she had come from Peterborough two days before.

"She took only what she could carry in her hand bag," Morton said, to the butler, who stood helplessly behind him.

Morton's face was pale, but his movements were quick and certain.

"You know that infernal young ass that just went out of here?" he snapped. "Get him on the telephone at the office, and tell him to come back here right away. As soon as you have done that, get my office in Peterborough on the phone."

As the butler hurried down stairs, Morton closed and locked each of the three rooms that comprised Audrey's suite.

"Nobody is to go in there until Miss Morton comes back," he told the trembling maid who was standing in the hall.

Quickly he ran to the lower floor, and, jerking open his desk, wrote two telegrams. One was to the detective in Peterborough, whom he had called "George." The other was to his bank in Peterborough.

"Call for a telegraph messenger to come," he ordered the distracted butler, who was struggling with the telephone.

"Shall I call up the police?" asked the servant.

"No. Don't want this in the papers." Morton's tone was final, and the butler returned to his argument with the long distance operator.

When Parrish came in, Morton was giving instructions to his office in Peterborough in short, snapping sentences. When he was finished, he turned.

"Do you know anything about Miss Morton's whereabouts?". he demanded.

"Me?" Parrish's tone was one of astonishment.

"Yes, you! But I suppose you don't. Anyhow, I want you to get to work. Miss Morton did not go to bed last night. She is not in the house. She has not been in the house since her return here about one o'clock this morning. No—." Morton stopped a sentence that Parrish was beginning—"I know where she was last night. I know all about that. What I want is to find out where she is now.

"Find the men who were on gate duty at each of the railway stations last night between midnight and morning. Don't come back here until you find them. Do you remember the dress Miss Morton wore when we came here from Peterborough, the day before yesterday?"

Parrish remembered.

"Describe her to each of those gatemen. Ask if they saw a girl of that description leaving on one of the night trains. Find out, if possible, if they remember where she went. And for God's sake, man, get a move on!"

Parrish ran out the door, and Morton, struggling into his overcoat, followed him a minute later.

At his office, Morton called his senior employes into a brief conference. Each of them, started, left the building in varying directions, four minutes later.

They had scarcely gone, when a telegram from Morton's bank in Peterborough reached him.

"If Miss Morton comes in we shall telegraph you at once at your Toronto apartment," the message said.

Another telegram, half an hour later, was laconic.

"Okay," was all it said. The signature was "George."

He remained at his desk all day and late that night. Telephone messages came at frequent intervals. Now and then a telegram arrived. All were unsatisfactory.

Morton's face was set and his lips were drawn in the lines of stubbornly endured pain, but his voice was firm as he gave directions, and asked sharp questions of those who telephoned, or came to see him.

It was nearly midnight before Parrish called. Parrish's voice was tired, but there was a note of triumph in it.

"She has gone to Montreal," he told Morton. "One of the fellows at the station remembered her—described her to me after I told him what kind of clothes she wore."

Morton did not pause for any words of thanks. "What time does the next train leave for Montreal? I'll hold the phone."

In a few minutes Parrish's voice was on the wire again. "We can take the same train she took—which leaves in an hour and a half."

"Get two tickets and a drawing-room," ordered Morton. "If you can't get a drawing-room, get two lowers or two uppers. If you can't get any sleeping accommodation, get the tickets anyway."

He hung up and called to the clerks who were waiting in the next room that they could go home.

He had time to go to his apartment and secure a hand bag and suitcase, with a change of clothes and linen.

"I brought you some pajamas, and handkerchiefs, and hosiery," he told Parrish, as they met at the railway station. "Thought you might want them."

Parrish thanked him, and they sat together silently, until the gates were opened for them to board the train.

By good fortune, Parrish had been able to secure a drawing-room, and the two immediately went to bed. Morton lay silent, but Parrish, in the upper berth, tossed restlessly until almost daylight.

The two men were standing on the car's platform, waiting when the porter lifted the trap in the floor, and rubbed down the handles of the steps with a cloth.

"The same taxi men probably meet this train every morning," Morton told Parrish. "You inquire of as many of them as you can, and I'll do the same."

Leaving his two bags with a porter, Morton hurried out to the taxi stand, Parrish following him. For ten minutes they asked anxious questions of the drivers who lolled in the seats of the waiting machines.

There was no result. None had seen Audrey.

"Her experience is limited," Morton told Parrish, as they gave up the search at the station. "The chances are she would go directly to the largest hotel."

They climbed into a taxi, and sat, gloomy and silent, until they reached the hotel the driver had recommended.

Inquiry at the desk showed she had not registered.

Morton engaged rooms for himself and Parrish, and directed the latter to telegraph to his Toronto office and apartment, and to his office in Peterborough, his bank, and to the detective, telling his whereabouts.

Then they started to canvass the other hotels in Montreal.

Audrey had not appeared in any of the regular hotels. Parrish bethought him that the girl might have sought a boarding house.

"It would be one that was recommended to her at the railway station," said Morton. "You go back there and find out where they send unescorted girls."

Parrish was starting away, when Morton called him back.

"Get a time table of that railroad, while you are there, and the other railroads coming in here, and see what connections she could make for some other train—say a train leaving within an hour or so after her arrival."

Without particular hope, but to satisfy himself, Morton continued his search around the city, going into some of the shabby places where the only signs of a hotel were the words "ROOMS TO LET" above a door way. He met with no success, and returned to the hotel where he had registered.

Parrish was waiting.

"A woman at the station there looks after girls who have no escort," he said. "She told me where she sends them, and I have been to all three places, and Miss Morton hasn't been seen. Here are the time tables."

Together they pored over the train schedules, and marked two trains that Audrey might have taken. Both of them were locals, stopping at innumerable way-stations en route.

"We'll go back and inquire of the fellows at the railroad station," said Morton. "Maybe we will locate her that way."

They agreed to meet an hour later at their hotel, while Parrish returned to the station, through which they had first entered Montreal, while Morton drove to make inquiry at the other depots.

When they met an hour later, Parrish announced that he had been successful. "She got on a local train, going back the way she came in," he said. "The ticket seller doesn't remember to what town she was going—over one hundred people got on the train that morning, going to all these little jerkwater places."

Morton considered, his lips compressed, and his jaw drawn into a thoughtful frown.

"It would take us two weeks to canvass all those villages," he said at length. "We need help, and need it badly. You know that detective of mine in Peterborough?"

Parrish said he did.

"He has connections in a lot of these towns," Morton continued. "Get him on the telephone, and tell him to have a man search for Miss Morton at every one of these places, no matter how small. Tell him to get as many men on it as he can. I want a full report within twenty-four hours."

Parrish put in the long distance call, and while they waited for an answer, he wrote at Morton's dictation a sheaf of telegrams, giving further instructions to the offices in Peterborough and Toronto, and to the members of Morton's households.

"We can get a train back to Toronto in about an hour," Parrish said, after he had finished his telephone conversation with the detective.

Morton was paying their bill at the desk, when a message arrived for him.

Tearing it open, he read:

"Female claims her name is NONA telephoned that she has important news for you. She says she cannot give this news to anybody but you. She says it is about Miss Morton. Will you send instructions, please. Respectfully."

It was signed by Morton's Toronto butler.

"Telegraph him that we are coming home," Morton told Parrish.

It was long after midnight when the train, a slow accommodation, finally pulled into Toronto.

Morton's car was awaiting him—Parrish had thoughtfully seen to that—and they drove at once to Nona's apartment.

She was up, and awaiting them.

"I was pretty sure you'd be here before morning, sometime," she said. She looked at Parrish, who had stayed close at Morton's side.

"Is it all right to talk before him?" she asked.

"He'll do, I guess," Morton said. "What's this news about Audrey?"

Nona drew from the bosom of her dress a letter. It was addressed to her.

Morton took it, and recognized Audrey's handwriting on the envelope.

IT PAYS TO ADVERTISE.

POLICEMEN KILLED BANDITS CAPTURED

Six of Gang Caught After Battle With Officers.

PHILADELPHIA, May 5.—(Canadian Press).—Harry Cooper, a policeman, was killed and Joseph Kaelin, another policeman, was fatally injured in a pistol fight yesterday with seven bandits who tried to hold up a bank runner. Six of the bandits were captured, one wounded in the leg. Two of them are alleged to be wanted for murder. They failed to obtain any money.

Made in Canada

Do you know that Bon Ami comes in two forms—*Cake* and *Powder*? Both are made from the same ingredients—both have the same wonderful gift of cleaning and polishing without scratching—both blot up the grime without hard rubbing or scouring.

For some purposes you'll want Bon Ami *Powder* in its convenient sifter-top can—it's so easy to shake out on a damp cloth. For other uses you'll prefer the handy Bon Ami *Cake*.

Most housewives keep both the *Cake* and *Powder* always on hand. These two "partners in cleanliness" are unequalled for cleaning and polishing all the things listed at the right.

WOMEN'S PAGE

The Jabot Collar Gives a New Flutter to the Spring Frock

SPRING brings with it a lighter touch at the throat. White, flesh, parchment and rubber pink in jabots and collars, in gilets and vestees, break the tradition of the untrimmed body that obtained for so long a period. There is a shade of yellowish beige that is particularly chic on a black frock when the same shade is used for the hat and hand-bag, or for furs and shoes. The frock illustrated is of meadow-green crêpe de Chine printed in cream color with the collar and sleeves of cream-colored Georgette. The skirt is straight so that it can be made of bordered silks or cottons.

The Examiner does not sell these patterns.

On her marriage every Druse bride presents her husband with a dagger as a symbol of the death-penalty she will pay if she is unfaithful.

SOLUTION OF YESTERDAY'S CROSSWORD PUZZLE

HER OWN WAY

by WAY

A GIRL of TODAY

IN LUCK—PERHAPS.

Without paying any attention whatever to Miss Cleaver's frown, we went past to the elevator and up to the business office. The man she had called Mr. Robinson was still piloting.

He went into one of the offices without being announced, and I followed.

"Where is Mr. Armstrong?" he asked.

"Right here, Mr. Robinson," said a voice behind us. "I saw you from the general offices and hurried over."

"Armstrong, this is a young lady I want put at the lace counter down stairs. Keep a careful eye on her sales and the moment she knows a little more salesmanship, I want her promoted—if she deserves it." This seemed an afterthought. "She comes highly recommended."

Mr. Robinson left abruptly without noticing me further.

"What do you know about selling goods, Miss —, Miss —"

"My name is Dean, Mr. Armstrong, and I don't know a blooming thing about selling goods."

"You are honest, at any rate. Where did you meet Mr. Robinson?"

"I met him downstairs as I came through the store."

The man gave a low whistle.

"Yes, that is when I met him. Who is he anyway?"

"Good gracious! Is it possible that you do not know that was the store manager?"

"No, I never saw him before until this morning."

"Well, that is queer. Mr. Robinson was never known to take any personal trouble with any employe, male or female before.

"You are in luck—perhaps."

I really wondered what he meant by the keen look he gave me before he added that word, perhaps, after a slight hesitation to his exclamation of surprise at my good luck.

He shook hands very cordially with me as I left, telling me that Miss Cleaver would probably initiate me into my duties the following morning.

I was so excited that I had gotten to the street before I noticed that I had left my wonderful new bag behind me. When I reached the employment office again, I found Miss Cleaver there. She had the bag in her hand and was examining closely and rather scornfully its beautiful fittings. I thought this very strange, as Mr. Armstrong must have known that the bag belonged to me.

"Pardon me, madam, but that is my bag."

ECLIPSE FASHIONS

Exclusive Patterns by Hazel Bayne

New Jumper Sports Frock Striped in The Patou Way

This is the type of sports frock every one is wearing abroad, subtle in its simplicity, and utilizing stripes both vertically and horizontally to achieve effectiveness. The blouse opens at the neck, revealing a little tab collar that can be smartly fastened about the throat. Gathers over the bust lend easy fulness, and two plain trimming-bands run upward from the lower edge, and are the starting point for the narrow belt which ties in loops at the center back. Fulness in skirts is a necessity these days, and here we see it expressed by inverted plaits in the front. The skirt is joined to a camisole top. No. 1243 is for misses and small women, and is in sizes 16, 18 and 20 years (or 34, 36 and 38 inches bust only). Size 18 years (36 bust) requires 4 yards 36-inch striped, and ⅝ yard plain material; camisole top requires 1¼ yards 36-inch lining. Price 20 cents.

Our Fashion Book, illustrating the newest and most practical styles, will be of interest to every home dressmaker. Price of the book 10 cents the copy.

NOTIFIED OF DUTY.

Butter Importers Ordered To Pay Dumping Duty.

VANCOUVER, B. C., May 5. — (Canadian Press.) — Butter importers have just been notified by the Customs department that they must pay six cents a pound dumping duty on all butter they have imported to Canada from Australia since Jan. 1, of this year.

CONVOKES COUNCIL.

PARIS, May 5, Canadian Press.—Premier Briand has convoked an extraordinary Cabinet council to-morrow to discuss measures to combat the fall of the franc, which has reached 21.78 to the dollar this afternoon. Finance Minister Peret is returning to the capital.

FOUR CIRCUITS ARE REDUCED TO THREE IN PETERBORO DISTRICT BY UNITED CHURCH AT LINDSAY

Presbytery Sessions on Tuesday Were Well Attended —Much Business.

PASTORAL CHANGES.

Loan of $1,500 To Haliburton Church Confirmed— Strong Financial Statement.

LINDSAY, May 5. — Lindsay Presbytery of the First United Church met in the Queen street church here Tuesday with morning and afternoon sessions. The attendance of members, both lay and clergy, was most encouraging. Some seventeen items were on the agenda for consideration and it proved a busy day for the Presbytery.

The chairman of the Presbytery, Rev. F. H. McIntosh, of Lindsay, presided. A business committee, comprising Rev. W. R. Archer, Fenelon Falls, Harston, Woodville, and J. W. Gordon, M.A., B.D., Peterboro, was appointed to deal with the agenda and make any changes necessary.

In connection with changes in boundaries as well as personnel of the Presbytery, Rama has been attached to Simcoe Presbytery of Toronto Conference and Scugog to the Cobourg Presbytery of Bay of Quinte Conference.

Rev. Mr. Davidson, the new minister of Seagrave, was introduced by Rev. Mr. Dyer. He was a former pastor at Lumsden, Sask.

The obituaries of Mrr. Crookshanks, Peterboro, by Rev. Mr. Todd and of Mr. Rorke, Peterboro, by Rev. Mr. Richards, were recorded in the minutes, and will be sent to Conference, which will be asked to hold a memorial service. Rev. Mr. Archer will prepare an obituary of the late Rev. John Bedford, formerly of Fenelon Falls.

Reports of the officers of the Presbytery and conferring interim actions were next considered. The chairman asked that his action in loaning $1,500 to the Lochlin (Haliburton) church be confirmed. The Presbytery confirmed action.

The reports of secretary and treasurer were adopted. The report of the latter was of a most encouraging nature, the finances of the Presbytery being in a very satisfactory condition.

Among the communications demanding early attention was one from the Conference treasurer relative to Conference expenses, administrative, travelling, etc. This was referred to the Committee on Finance.

Mr. MacKinnon's Report.

A communication from Rev. M. C. MacKinnon, of Knox church, Peterboro, secretary of the Bay of Quinte Conference executive was read and referred to the Maintenance and Extension committee.

Rev. Mr. MacKinnon also submitted a concise report of the minutes of the executive which met at Belleville. It included a copy of the programme for the next meeting of the Bay of Quinte Conference to be held in Kingston on May 26.

The introduction of Rev. G. A. Williams, of Formosa, and formerly a pastor at Kinmount, was made by Rev. Mr. Robb, of Beaverton. Rev. Mr. Williams, who is home on furlough, addressed the Presbytery on the work in Formosa.

A letter was read from Rev. P. H. Neville, formerly of Peterboro, but now in Saskatchewan. He was given one year of superannuation, has suffered from ill health and asks for a further year of superannuation. This request was recommended to the Conference.

The report of the committee on the delimitation of pastoral charges was submitted. Relative to the Keene area several proposals have been made. The committee recommended that Cottesloe be added to the Warsaw charge and several other pastorates were united. In all three circuits were made out of four. Dummer township was included in the area.

The congregation of Springville, it was reported, had voted for Union. Rev. A. H. Maconachie was asked to take up the work in Springville for six months. Then Fairmount and Springville was made into one charge. After Mr. Maconachie had been in charge for some time, meetings were held and a call was issued to that gentleman. The call was passed on with the approval of the Presbytery. Rev. J. W. Gordon, Peterboro, was then given power to arrange an induction service.

Peterboro Changes.

The call of Rev. D. Wren, of Midland, Ont., to Trinity church, Peterboro, and Rev. A. J. Langford, of Trinity church, Peterboro, to St. Claire avenue church, Toronto, were discussed by the Presbytery. It was decided that the Presbytery agree to the transfer of Rev. Mr. Langford and a note of appreciation of his work will be added.

The Presbytery was to concur in a call from Fenelon Falls to Rev. Mr. Seymour, of Havelock and to Rev. Archer, of Fenelon Falls, to Havelock.

The Presbytery decided to hold a night session.

The Roll Call.

The following ministers and laymen from Peterboro county were in attendance: Apsley, Rev. W. Ogen; Bridgenorth, Rev. V. G. McNeely, W. J. Telford; Cordova Mines, Prob. C. H. Ferguson, H. Hoard; Hall's Bridge, Prob. Ralph Spencer; Havelock, Rev. Seymour, A. Denike; Keene. Rev. A. McLauchlin, A. Rennie; Keene and Westwood, Rev. J. Archibald, J. Armstrong; Lakefield, Rev. Kemp Jull, R. H. Little, A. J. Young; Norwood, Rev. Stillman, J. G. Keefer; Peterboro, George St., Rev. J. E. Todd, H. C. Stabler, A. Stewart; Knox church, Rev. M. C. MacKinnon, E. C. Benson; Mark St., Rev. T. Richards, J. Spier, W. Dawson; St. Andrew's, Rev. J. W. Gordon, Geo. Evans; St. James, Rev. Richardson, J. Fife, C. Kitney; Trinity, Rev. Langford, Inspector Downey(R. J. Kidd, J. E. Adams, A. Brown; South Dummer, Wm. Forsythe; Springville, Rev. Maconnachie A. E. Sanderson; Warsaw, Rev. Herrington, S. Payne.

Recovery of $15,000,000 in treasure lost when the Spanish galleon Florencia was sunk in Tobermory Bay in 1588, is the object of an enterprise now engaging the attention of Miss Margaret Naylor, the only woman in the world who has become a deep-sea diver.

The Woman's Day

Written by a Woman for Women.

Touching brightly on woman's every major interest in life from books and babies to politics and psycho analysis.

(By Allene Sumner)

TIDBITS.

Time was when our story tellers, singers and poets sang of this thing love that "to the woman all of life is, to the man but passing incident." Now comes Judge Walter S. Gates, declaring that men take the marriage vow seriously, women but lightly. "Girls marry for an adventure, for meal tickets. Men marry for home and take obligations to home seriously." I don't believe one word of it. It's six of one, half dozen t'other.

Being on the subject of love and matrimony, Elizabeth Barrett Browning, wife of the poet Robert Browning, and one of the world's few women who possessed both the joy of self-expression through her work and a marvelously happy married life, wrote "A Woman's Question:"

"You require a cook for your mutton and beef;
I require a far better thing;
A seamstress you're wanting for stockings and shirts—
I look for a man and a king.

If you cannot do this, a laundress and cook
You hire with little pay;
But a woman's heart and a woman's life
Are not to be won that way."

Pauline Says

Did you e'er hear tell of "A Rest Day for Faces?" Neither did I, albeit [illegible] about fish week, hash week, prune day, rutabaga week, and tutti-frutti Sundays. Pauline Starke says—"One day a week the face should be free, unhampered by any make-up. I set aside one day a week in which to rest the face. Arising, I wash my face in warm water and a pure soap. I rinse the soap with warm water and apply cold water. No rouge, no lipstick, no powder, no cream, all day long."

WEAR ON "FACE REST DAY."

Most maids and matrons must wear special toggery on "Face Rest Day," or the populace will be unable to stand the shock of the assault to their aesthetic senses. If she would look extra smart she might wear an ensemble costume of short skirt and three-quarter coat of different but harmonizing colors and material. Thus, black crepe skirt and beige kasha coat or beige skirt and navy coat.

HOMELY WIVES.

Men married to homely women are much happier than men married to beautiful girls, thinks a movie actor who might get unduly puffed up if I mentioned him by name. He explains—"a beautiful woman thinks she can rest upon her laurels, but a homely one must be cheerful and have a ready wit to get by at all. The beautiful woman thinks that she does not need to learn to cook and sew and run a house."

SAVE YOUR TEETH

Prepared by the Oral Hygiene Committee of Canada, with which the Peterborough Dental Society is Collaborating.

THE TOOTH 'NERVE'

You know, of course, that a tooth is not solid right through, but is hollowed out in the centre to form a chamber; and because of sad experience perhaps in a dental chair, you have been made aware that a tooth does possess a 'nerve'.

But you gave no thought possibly as to whether this chamber contained other forms of tissue or not.

Now, as a matter of fact, it does; and the so-called 'nerve' is known as the pulp, which tissue is a mass of almost gelatinous character containing minute blood vessels, and nerve filaments.

So it is not just a glistening string like piece of nerve tissue as you may have supposed.

When the tooth erupts, the pulp chamber is proportionately large, but with the tooth practically fully formed, the need for tissue forming elements is largely past. So the blood supply is cut off more and more with a progressive narrowing of the pulp chamber, until in advanced life, it is sometimes altogether obliterated.

This accounts for the fact that tooth decay can more quickly do great havoc in the child's tooth than in the adult's.

You dread the dental engine, and at the first touch of the 'drill' to the tooth, you are sure the dentist has struck the nerve because of the pain produced.

However, this sensation is being carried merely by minute fibrils that lie in the dentinal structure, while the pulp containing the nerve proper has gone undamaged.

Remember this: that the power of healing in the pulp is very low and once infected, the chances of its recovery to health are extremely slight.

For which reason you should be on your guard to head off tooth disease in its earlier stages.

ADVENTURES of the TWINS

by OLIVE ROBERTS BARTON

THE OLD MAN OF THE HILL

The Twins and the Whiffet followed the shadow they had seen flitting across the rain-barrel.

"It went that way," said Nick. "Up under the hill! It may have been your shadow, little Whiffet, looking for you."

"Oh, I hope so," said the little Whiffet. "Let's hurry. Maybe we'll catch up."

So, puffing and running they reached the hill, and up they climbed.

At the top it was very windy, and the white clouds flew by like gusts of smoke from big bon fires.

Right on the tippy topmost stood a house. And on the gate it said, "OLD MAN OF THE HILL. LIFT UP THE LATCH AND WALK IN. STRANGERS WELCOME IF THEY ARE GOOD-NATURED!"

In marched the three of them and lifted the knocker on the door.

"Bang!" it fell against the door with a crash.

Instantly the door opened and there stood the Old Man of the Hill. "That didn't sound good-natured," he said. "Are you sure you have good dispositions and know all the don'ts and do's of good behavior?"

"Quite sure," said Nancy, dropping a curtsy. "And we beg your pardon for making such a noise. But really we didn't make it. It was the knocker. It doesn't know the don'ts and do's of good behavior, I'm sure."

The Old Man of the Hill laughed heartily. "That's right," he declared. "Quite right. I suppose the people in the valleys think it's thunder and rush out to take their washings off the line every time I have company. I'll attend to it at once. Now, my friends, what may I do for you?"

Nancy and Nick and their odd little friend all started at the same time to tell their story.

"So you lost your shadow coming over the stile," said the Old Man when they had finished. "Is that it?"

"Yes, sir!" said the Whiffet. "And we saw one just a few minutes ago crossing the yard by the rain-barrel. It came right up the hill here to your house. It may have been my shadow looking for me. Did you see it?"

"I've been eating my lunch and I did not see it," said the Old Man of the Hill. "I've been having a cold snack of pussywillow salad and preserved rain-drops. But come out to my shadow-patch and we'll see."

They followed the Old Man to a nice green grassy place all fenced in on four sides.

And there racing over the ground were shadows of every kind and description. Bird shadows, fairy shadows bear shadows, ship shadows, house shadows—people, trees, jumping-jacks, dogs, waves, kites, almost everything that has a name.

"Are these all lost shadows?" asked Nick. "Did they come here to stay?"

"No," said the Old Man of the Hill. "Just to visit. Look up and you'll see where they come from."

"It's the clouds!" cried Nancy. "These are all cloud shadows, aren't they, Mister Old Man of the Hill?"

"Yes," said the Old Man. "And they are all the companions I have. They are quiet and kind and never quarrel. It must have been a cloud shadow you saw, that was coming to make me a call."

(To be continued.)

Tomorrow's HOROSCOPE

By Genevieve Kemble

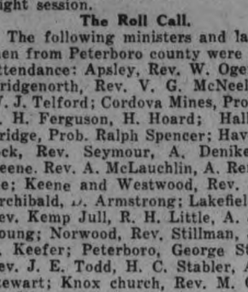
THURSDAY, MAY 6.

A lively day but not an entirely auspicious one for achievement is the forecast based upon the movements of important planets, which bear a conflicting influence. The Martian figure may stimulate to rash and precipate action but the strong place of Saturn, Parallel Sol, should exercise some degree of steadying force. With stability all may be turned to good account, and the Uranian figure may supply new opportunities or favor an unexpected change of benefit. There may be removal or travel.

Those whose birthday it is may encounter an interesting year in which conflicting circumstances may call for well-directed endeavor to keep from the shoals. Shun hasty and impulsive moves, but take advantage of new opportunities properly considered. Unexpected change or journeys are forecast. A child born on this day may be energetic, hasty and tumultous, but may also develop much stability and perseverance late in life. It may have an adventurous career, and be popular and sociable.

A welfare worker said recently that the introduction of shingling had practically eliminated many distressing accidents once common in factories, due to women workers hair becoming entangled in machinery.

Do Your Children Belong to the Lifebuoy Brigade?



Mother is the Best Doctor

The dirt and grime, the possible infection that is a part of the daily playtime—these have no terrors for the millions of kiddies whose mothers have learned to know and prize Lifebuoy Soap.

There is no substitute for Lifebuoy, the ultra-refined soap with antiseptic qualities that purify and protect tender skins.

The cleanly health odour quickly vanishes—the protection remains.

SINGERS HOLD ANNUAL MEETING

Sixth Year of Male Voice Choir Has Been Most Successful.

CHEQUE PRESENTED.

The sixth annual meeting of the Peterborough Male Voice Choir, which was held in the Paragon Tea Rooms last night, proved to be one of the most successful meetings ever held by that organization. From beginning to end the whole proceedings were tempered with a spirit of optimism that bespoke of a confidence in the future welfare of the organization which has meant much to the musical life of the city since its inception.

The feature of the evening was the presentation of a cheque to M. B. Chenhall, the popular director of the choir. Past President, C. B. Adair, in presenting the cheque, on behalf of the Choir, commended Mr. Chenhall for the splendid work he had accomplished and said that the cheque showed in a very small way indeed the esteem in which Mr. Chenhall was held by the various members.

F. J. Gandy, President of the Choir, was unanimously re-elected President for the season 1926-27, as also was the ever-popular Paul Manning, who was re-elected to the Chairmanship of the Social Committee, the last nomination bringing forth a torrent of cheers and song from the large crowd present.

Mr. Gandy, President of the Choir, thanked each and all for their co-operation during the season. He stated that he had been connected with many organizations but in all his experience he had never met with the same spirit that prevailed in the Peterborough Male Voice Choir. The success of any organization, he said, was due to the individual member and in his opinion it was the spirit of the members that had made the Choir the premier musical organization in Peterborough. Mr. Gandy also paid tribute to the members of the Executive whom, he said, had accomplished much by their unselfish labors on the Choir's behalf. The organization had become a permanent part in the life of Peterborough and would win its way into the hearts and lives of the citizens as time went on.

The various officers connected with the different committees presented reports of their activities during the year and in every case they denoted progress and advancement.

Votes of thanks were moved to the Press for the consideration shown to the Choir, and to the Y.M.C.A., and the Board of Managers of St. Paul's Church, for the use of their buildings for practice purposes.

C. S. Thompson, a past president of the choir, presented prizes to the following members for selling the greatest number of tickets for the recent concert—T. Pitchford, W. F. Skitch A. Pitchford, G. S. Parlour and E. H. Moore.

Final arrangements were completed for the programme to be broadcast by the members of the Choir from St. Paul's Church on May 19.

Past President C. B. Adair, in a neat speech complimented Mr. Chenhall for the work that he had accomplished since he had become Director. He commended him for his wonderful spirit of optimism, which he said seemed to prevail under all conditions and on behalf of the Choir asked him to accept a cheque as a tangible token of the esteem in which he was held by the members generally.

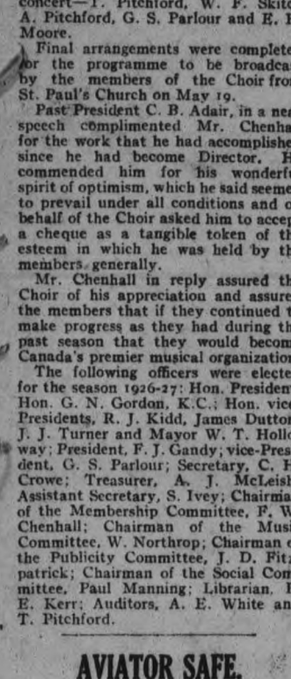
Mr. Chenhall in reply assured the Choir of his appreciation and assured the members that if they continued to make progress as they had during the past season that they would become Canada's premier musical organization.

The following officers were elected for the season 1926-27: Hon. President, Hon. G. N. Gordon, K.C.; Hon. vice-Presidents, R. J. Kidd, James Dutton, J. J. Turner and Mayor W. T. Holloway; President, F. J. Gandy; vice-President, G. S. Parlour; Secretary, C. H. Crowe; Treasurer, A. J. McLeish; Assistant Secretary, S. Ivey; Chairman of the Membership Committee, F. W. Chenhall; Chairman of the Music Committee, W. Northrop; Chairman of the Publicity Committee, J. D. Fitzpatrick; Chairman of the Social Committee, Paul Manning; Librarian, F. E. Kerr; Auditors, A. E. White and T. Pitchford.

AVIATOR SAFE.

Captain Loriga Taboda Delayed By Engine Trouble Near Macao.

HONG KONG, May 5.— (Canadian Press.)—Captain Joaquin Loriga Taboda, flying from Madrid to Manilla arrived in Macao a Portuguese dependency this afternoon and received an enthusiastic reception. Loriga explained that after leaving Hanoi, French Indo China, last Saturday morning, he was forced to land in a deep bay in China Sea, south of Macao early on Sunday morning.



Presented Memorandum.

W. C. Coulter, vice-president of the Booth-Coulter Copper and Brass Co., Limited, Toronto, who presented the main memorandum of the automobile parts, materials and supplies makers to Hon. J. A. Robb, Minister of Finance, in Ottawa. The deputation urged cancellation of the tariff cuts on motor cars and criticized the drawback as ineffective and unworkable in many cases. Mr. Robb's reply was, in effect, a rejection of their request.

Strike Bulletin

Docks are Idle.

MANCHESTER, Eng., May 5.—Canadian Press. — Work was at a standstill on the docks and the ship canal to-day. Tramway employees are solid for a continuance of the strike. The Manchester Guardian was published in Mimeographed form.

Majestic Sailed.

SOUTHAMPTON, May 5. Canadian Press. — The Steamer Majestic sailed at daybreak for New York. The passengers, mail and baggage were brought from London in motor cars.

Volunteers Unload Fish.

FLEETWOOD, Eng., May 5. — Canadian Press. — The fishing fleet here is being unloaded by volunteer labor and hundreds of tons of fish despatched by motor van to all parts of the country.

Volunteer Printers

LEEDS, May 5 (Canadian Press) —With the aid of a volunteer staff The Yorkshire Evening News is publishing all editions.

Labor Newspaper

LONDON, May 5 (Canadian Press).—The Trades Union Congress is publishing a newspaper to set forth the Labor side of the strike in answer to The British Gazette, issued by the Government.

Government Works for Labor

LONDON, May 5 (Canadian Press). — When officials of the Trades Union Congress arrived at their offices this morning they found parcels of telegrams received during the night over Government wires and delivered by Government employees.

DIRIGIBLE LEAVES ON POLAR FLIGHT

Engines Were Overhauled at Trotsk For For Polar Flight.

LENINGRAD, Russia, May 5. — Canadian Press. — The Amundsen-Ellsworth North Pole dirigible Norge left Trotsk this morning on another stage of its voyage to Spitsbergen.

The Norge arrived at the aerodrome at Trotsk, a suburb of Leningrad, on April 15, from Oslo, Norway. Since then her engines have been overhauled for the flight to King's Bay, Spitzbergen, where a monstar hangar is in readiness to receive her. It is from King's Bay that the Amundsen-Ellsworth expedition will set out during the summer in an attempt to fly across the North Pole.

OFFICERS ELECTED

G. W. V. A. Hold Annual Meeting and Appoint New Officers.

MARMORA, May 5.—The adjourned meeting of the Marmora and Deloro Branch of the G.W.V.A., was held in the club rooms on Thursday evening. Comrade Warren Hickey occupied the chair prior to the arrival of the President, Comrade H. R. Pearce. Matters affecting the welfare of the branch having been disposed of, Comrade C. A. Bleecker presented the Auditor's Report which was passed by the members present. Comrade H. R. Pearce took the chair for the election of officers which resulted as follows:

President—P. Gray.

1st vice-President—H. Nayler.

2nd vice-President—J. Laird.

Executive—L. Rundle, F. Wells and C. A. Bleecker.

Trustees—H. R. Pearce and C. Jones.

The Executive Committee will appoint the Secretary-Treasurer for the ensuing year. Comrade H. R. Pearce, who has faithfully discharged the duties of President since the formation of the Branch in February, 1919, becomes it's first Honorary President. Throughout May, the Branch will run two picture shows each week at the Town Hall, Wednesday and Saturday evenings being chosen.

Born, in Marmora, on April 28th, to Mr. and Mrs. Bruce Robson, a son.

John Gray is on the sick list.

Alex Moon has purchased a new car.

J. P. Marvin is visiting in Toronto.

STOBIE, FORLONG CO. SAY

(Mining news supplied by Stobie Forlong and Company)

We have received the following from the North:

KIRKLAND LAKE DISTRICT: TECK HUGHES—Production for April will be somewhat higher than for March. For the next few months the monthly production will range between $135,000 and $160,000 with the mill treating from 230 to 240 tons per day. Results from deep level diamond drilling, well under way as reported before, will determine the size and character of new mill which is to be erected. It is more than likely that sufficient data will be available from deep level drilling to enable Teck Hughes to have foundations laid and construction of new mill well under way by late summer.

Costs at Teck Hughes are being materially reduced to such an extent that considerable more profit per ton is available. This reduction of costs is taking place despite the extensive development and exploration campaign being carried on, all of which is charged directly to operation.

Drifting to the east on the 11th, 12th and 13th levels, on the south vein, is progressing favorably and excellent results being obtained, the ore running well over $20 per ton across good widths. A diabase dyke which shows on surface to be some sixty feet in width, lying within Lake Shore Mines' westerly boundary,will likely cut off this ore to the west. As this dyke is within the Lake Shore east boundary, it will not affect the easterly extension of Teck Hughes' south orebodies, and leaves them a probable length of over 900 ft. from the west, which is limited by the westerly diabase dyke; to the eastern boundary of their property.

LAKE SHORE—As per our previous reports, mill tonnage at Lake Shore has now been raised to 500 tons every 24 hours. It is stated that in one day recently the mill treated well over 600 tons. With the grade remaining the same, around $15 per ton, recovery per day will approximate $7,500 or $225,000 per month for a total of $2,700,000 last year. These figures are given to show where Lake Shore is heading.

Arrangements as to increased compressor capacity are steadily proceeding to such an extent that we look for still further rapid increase in tonnage milled. The additional compressor capacity taking care of the necessary increased mining.

Lake Shore is undoubtedly in splendid position to show a very greatly increased return on its issued capital stock and still build up a large surplus. With years of operation ahead it appears to offer an excellent chance for investment at present prices.

NEW YORK SUMMARY

London market is steady but dealers widen quotations to discourage trading. Arbitrage business with Paris and Amsterdam practically nil. Exchange has no intention of closing. General Pete. Corporation declared dividends of 75 cents. Com. Railway Steel Springs extends time for deposit of stock to be exchanged for American Pete. Institute shares until May 12. Demand Sterling 484 7-8, francs 315 1-2, lire 401 1-4. American Pete. Institute estimates domestic crude oil production, week ending May 1, at 1,990,100, daily, an increase of 34,150 daily over the preceding week. Calif. Pete. Corporation declared regular quarterly dividend 50 cents common. Shell Union, 1925 earned $1.93 share, special reserve of $2,800,000 against $1.74 common 1924 after special reserve of $6,000,000 for contingencies. With the general strike but 36 hours old, J. H. Thomas, Labor leader, will confer with Premier Baldwin in effect British strike. Vacuum Oil declares extra dividend of 50 cents in addition to the regular quarterly of 50 cents, same as in previous quarter. Railroad Labor Board grants engineers, firemen, hostlers and helpers on Toledo, Peoria and Western Railway the same increase in wages as granted same class of workmen on the New York Central.

Operators Are Active Despite Labor Troubles

NEW YORK, May 5 Canadian Press).—Displaying a marked indifference to unsettling labor and financial troubles abroad, the stock market operators today resumed constructive activity on a basis of a more favorable domestic trade outlook. Trading, however, turned extremely dull, reflecting a waiting attitude until the effects of the British strike disturbances have been more clearly revealed. Steady absorption of railroad shares which carried several standard issues to 1 to 3 points indicated a partial return of investment confidence.

Trading Remains Light Weak Spots On Standard

TORONTO, May 5 (Canadian Press).—Recovery evidenced on the Standard Mining Exchange this morning was not unmixed with relapses and reactional issues were scattered through the moderately advancing list. One of these weak spots was Keora which lost 1 1-4 at 6 1-2 in heavy trading. Everett lost 1 1-4 to 6 1-2. Among firmer issues Mining Corporation closed this morning 7 higher at 3.35 and Noranda up 10 at 15.75, while Vipond strengthened Canadian Lorrain 2 at 78 1-2, and Castle Trethewey 2 at 141.

Prices Start Higher But Soon Turn Easier

CHICAGO, May 5. Canadian Press —Although wheat prices started higher to-day, the market soon turned easy. Initial gains were ascribed to an upturn in Liverpool quotations, but increased selling here chiefly on part of the houses with southwest connections, led to a reaction. Opening figured ¼ to 1 1-4c higher; May 1.59 1-4 and 1.59 1-2, and July 1.39 and 1.39 1-2 were followed by an irregular decline to well below yesterday's finish. Corn and oats traders took irregular cue from action of wheat. After opening unchanged to ½c off July 75 1-2 and 75 5-8c corn market underwent material sag all around. Oats started at 1-8 to 1-4c advance, July 41 3-4. Later slight losses were shown.

LINE THAT PLEASES.

The new raised-in-front effect is very smart in evening attire, and transparent hems are gaining in favor.

UNITED STATES' WHEAT VESSELS MUST PAY DUTY

If Canadian Winter Storage Cargoes Are Unloaded at U. S. Ports.

A CUSTOMS RULE.

Co-operative Wheat Producers Send Complaint to Robert Forke.

WINNIPEG, May 5 (Canadian Press). — The Federal Government will stand pat on its order-in-council that United States vessels laden with winter stored grain cargoes in Canadian lakehead ports, must unload these cargoes at Canadian ports, according to a wire received Tuesday from Ottawa by D. L. Smith, sales manager of the Canadian Co-operative Wheat Producers, Limited. By the order United States boats delivering Canadian winter storage cargoes at United States ports will be liable to a customs duty levy.

On receipt of the Government's stand, Mr. Smith wired Robert Forke, leader of the Progressive Party, urging him to bring the matter before parliament. In the wire Mr. Smith pointed out that the Government should consider the matter from a national point of view. He declared that the benefit the country might gain through insistence on Canadian grain going through Canadian ports would be more than offset by the loss to the western provinces through the inability of the Canadian pool and various private shippers to fill contracts already made.

The late opening of navigation and the general strike in Great Britain, Mr. Smith asserted, has seriously tied up the movement of Canadian grain.

OTTAWA, May 5 (Canadian Press).—There is apparently some misapprehension, it was stated here last night, as to the position of United States vessels delivering Canadian winter storage cargoes at United States ports. These vessels are liable to a 25 per cent customs duty not by virtue of an order in council, but under the customs tariff which can only be amended by an act of parliament. Under a provision of the Canada Shipping Act, however, the Government may by order in council permit foreign vessels loaded with winter storage grain to discharge at a Canadian port in the spring. Such an order has been passed for several years.

It is unofficially suggested that American vessels loaded with winter cargoes and wishing to discharge at a United State port might meet the situation by paying the customs duty. They could then apply for remission. Whether the application would be granted or not would be a matter of Government policy.

15 Vessels Waiting

FORT WILLIAM, May 5 (Canadian Press).—Fifteen United States vessels out of the winter fleet are still in port at Fort William and Port Arthur, awaiting word from Ottawa as to whether they will be permitted to clear for United States ports. Last year the order in council, permitting United States vessels to take on winter storage here, specified that they would have to clear for Canadian ports, whereas last year they cleared for either ports at will. An effort is being made to allow these United States vessels to clear for United States ports, if preferred, as was done in previous years.

NO DISPOSITION OF GARBAGE MADE YET

Smith Council Has Not Procured Dump Ground—Roads Considered.

The members of Smith council met in the county council chamber, Peterboro', on Saturday, May 1, at one o'clock.

Reeve Middleton occupied the chair, all the other members being present.

The clerk reported that according to the "Field Notes of Roads" for the township of Smith the centre of the Buckhorn road in the fourteenth concession follows the boundary line between lots twenty-six and twenty-seven for the distance of thirty-eight chains north from the fourteenth concession line and then veers north twenty degrees east for fifty chains, thus avoiding and not running to Little Mud Lake.

The committee on garbage disposal reported that it was not yet successful in securing a dumping ground.

The president of the Chemong Park Association was asked to meet the members of council in its present session to discuss the matter further, but he was unable to attend. A motion was passed that the clerk notify the president of the Chemong Park Association that the council is of the opinion that the passing of the garbage by-law should be postponed until a petition signed by fifty per cent or more of the land owners in the areas specified in the collection system be presented to council or until the Provincial Board of Health asks for its passing.

By-law No. 834, to provide for road expenditure in Smith township for 1926, was given its several readings and passed.

On motion of Reeve Middleton and Councillor Coons the clerk was instructed to send a copy of the estimates for road expenditure for 1926 and two copies of By-law No. 834 covering the same to the Department of Highways of Ontario.

Councillor Coons and Deputy-reeve Simpson presented a motion appointing Fred T. Webster, O. L. S., of Peterboro', as township engineer, which was passed

The by-law from the Canada Cement Company of Lakefield was returned for further changes.

It was moved by Deputy-reeve Simpson and seconded by Councillor Fitzgerald and passed that the following accounts be paid: George J. Brumwell, $13; Peterboro' Examiner, $10.50.

Council adjourned to meet on May 29 at the hour of 10 a.m. and at 2 p.m. of same date as a court of revision.

BELMONT COUNCIL MET ON SATURDAY

Fred Thompson Appointed Township's Road Foreman for 1926.

HAVELOCK, May 5.—The regular meeting of Belmont and Methuen Council was held on Saturday, April 24th, with all members present.

On motion, By-law 669 was given its several readings, passed, signed and sealed. A By-law to borrow certain sums of money to meet current expenses.

On motion by Sanders and Vansickle, Fred E. Toms was appointed Township Road Foreman for the season 1926 at the rate of $3.00 per day.

Moved by Whitney and Vansickle that the following account be passed and order drawn on the Treasurer for same:—

Cecil McMillan, sheep killed by dogs, $15.00; Previously voted, $1208.20; Total $1223.20.

Council adjourned to meet May 29th, 1926 or at call of the Reeve.

VOICE OF THE PEOPLE.

LETTERS TO BE PUBLISHED UNDER THIS HEAD MUST BE RECEIVED AT THE EXAMINER OFFICE ON THE DAY BEFORE THEY ARE DESIRED PUBLISHED.

COMET BUSES RUN ON SCHEDULE.

Editor of Examiner:

Dear Sir: We were pleased to see by your report of the City Council meeting, held Monday evening, May 3rd, that it was the general opinion of the aldermen that the opposition of the two bus lines resulted in good service. But the report implied that the council were unaware that we are running on a schedule, and that we have been operating a two bus 15-minute service since Saturday, April 17th, over the following route, as advertised in The Examiner:

EAST CITY.

Leave Charlotte and George, up George to Hunter, east on Hunter to Burnham street, East City, south on Burnham to Sophia, east to Mark and north to Hunter, east to Rogers, north to Douro, east to Armour Road, north to Dufferin, west to Roger, Roger to Douro, west to Mark, south to Mark to Hunter West to George, south to Charlotte; where it takes up the south route as follows:

SOUTH RUN.

Starting at George and Charlotte, west to Park, south to Albert, west to Lafayette, south to Chamberlain, west to Byersville, south on Monaghan Road to Romaine, east to Park, south to Princess, east to George, north on George to Hunter, continuing on the East City route out outlined above. Yours truly,

COONEY AND JOPLING.

TRY MAGNESIA FOR STOMACH TROUBLE

To Neutralize Acidity and Fermentation. Prevents Indigestion, Sour Gassy Stomach

People who suffer from indigestion usually have tried pepsin, charcoal, drugs and various digestive aids and know these things will not cure their trouble—in some cases do not even give relief.

But before giving up to chronic dyspepsia, just try the effect of a little Bisurated Magnesia — not the ordinary commercial carbonate, citrate of milk, but pure Bisurated Magnesia which you can obtain from practically any druggist in either powder or tablet form.

Take a teaspoonful of the powder or four compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat. You can enjoy your meals without a fear of indigestion.

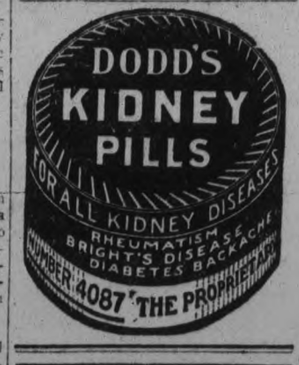
Bowling

K. of C. Alleys

Ladies' teams bowling in the Matinee League schedule at the Knight of Columbus Alleys yesterday afternoon were Mrs. J. Crowley's team, who won three games from Mrs. M. Sharpe's team. On Mrs. Crowley's team: Mrs. A. Wolff 165, Mrs. Meagher 151, Miss M. Beausoliel 157 and 166. On Mrs. Sharpe's team: Miss Grace Sharpe, 178.

Evening games were played by the Marigolds (Miss Norah Shevlin, captain) who won three games from the Orioles (Miss Alma Fontaine, captain). On the Marigolds' team: Miss Norah Shevlin 174, Miss Kathleen Garden 168, Miss Jeanne Girard 191, 168 and 151. Orioles: Miss Alma Fontaine 180.

Seven million women in England have had their hair "shingled" in the last two years. This represents about half the entire feminine population over sixteen years of age.



WINS CHESTER CUP.

Hiddennis Comes First in Chester Cup Stakes.

CHESTER, Eng., May 5 (Canadian Press)—Mrs. C. H. Huntley Walker's Hiddennis today won the Chester Cup Stakes. Aga Khan's Vermillion Pencil was second and William Singer's Ixia was third.

BASEBALL GOSSIP

The "Colts" City Bantam Team, in the southwest end of the city want a few boys under 15 years of age to play ball this summer. Anyone interested is to report to Earl Waterman, manager, or "Waddie" Waterman, coach, on Thursday at 6 p.m., in the field behind the DeLaval.

The Raybestos baseball team will practice this evening at the exhibition grounds at 6.00 o'clock. All players wishing to try out for a place on the team are requested to be there sharp on time.

TORONTO WINS.

Toronto won the first game today:

	R.	E.
Toronto	3	7
Newark	1	6

Batteries, Decatur and Schulte; Faulkner and O'Neil.

WAISTLINES RISING.

The waistline is coming up, there is no doubt about it, and the molded blouse and full skirt for evening is one of the agents that is raising it.

FOR THE TAILLEUR.

Some of the smartest new tailored blouses have pleated bosoms and tiny bow ties of black ribbon, such as a man wears with his dinner coat.

TORONTO WIN PITCHERS' DUEL FROM NEWARK IN TEN INNINGS

Smart Fielding Helped Leafs —Baltimore Take Another From Syracuse.

ROCHESTER LOSE.

TORONTO, May 4 (Canadian Press).—Toronto turned the tables on Newark today and won the second game of the series 2 to 1 in ten innings. It was a brilliant pitching duel between Joe Maley for the Leafs and Hankins of the Bears.

After retiring the Leafs in order from the third to the tenth inning, only eighteen batters facing him during the six innings, Hankins was the victim of an unlucky break in the deciding round. Maley on the other hand was aided by the sparkling fielding of his team mates who executed four double plays to halt the Newark rallies. The Leafs were somewhat handicapped by the absence of their regular outfield through injuries. The score:

Newark .. ..0100000000— 1 9 2
Toronto .. ..0010000001— 2 6 1

Hankins and Schute; Maley and O'Neill.

Buffalo 3, Reading 2

BUFFALO, May 4 (Canadian Press).—Buffalo was put to best efforts today to beat the tail end Reading club, 3 to 2. Pond and Kelly whacked the ball over the left field fence for homers. Score:

Buffalo .. ..000101001— 3 12 1
Reading.. .. ..010001000— 2 10 1

Proffitt and Pond; Marquis and Lynn.

Jersey City 13, Rochester 6

ROCHESTER, May 4 (Canadian Press).—Jersey City defeated Rochester in the final game of the series today by 13 to 6. The tribe used eighteen players, six of whom were pitchers. Score:

Jersey City 03114004013 15 1
Rochester.. .. .. ..030010200— 6 11 7

Spaulding, Sloane and Freitag; Laly; Fort, Reese, Prudhomme, Smith, Thormahlen, Roberts and Devine.

Baltimore 13, Syracuse 7

SYRACUSE, N.Y., May 4 (Canadian Press). — Baltimore batted heavily today and played perfectly in the field to take another game from the Stars. The score was 13 to 7. Score:

Baltimore .. ..031310041—13 19 0
Syracuse .. ..000004030— 7 9 4

Jackson, Parnham and McKee; Dickerman, Miller, Lancie, Myers and Morrow.

IGNORE SUZANNE.

U. S. Association Takes No Action on Trip.

NEW YORK, May 5 (Canadian Press).—The United States Lawn Tennis Association yesterday declined either to take official cognizance at present of the expected visit of Suzanne Lenglen to this country to fulfill a motion picture contract or to act on a request to sanction her participation in exhibition matches here.

The Association's attitude was made known after a meeting of its advisory committee, which had received a request from C. C. Pyle, Chicago, promoter and manager of Red Grange, to grant official sanction for Mlle. Lenglen to engage in exhibitions in connection with her movie engagement.

To witness a recent Cup tie match one English football enthusiast walked from Liverpool to London —206 miles—in eleven days.

PETTY EXTENDS HIS VICTORIES

Robins Squeeze Close Game From Braves—Cards Beat Reds.

ONLY TWO GAMES.

BROOKLYN, May 4 (Canadian Press).—The Robins won a hard fought game from the Braves today by 3 to 2, a single by Mickey O'Neil in the ninth with two out, and the bases filled, scoring Herman with the deciding tally. Score:

Boston .. ..100000100— 2 7 2
Brooklyn.. .. .. ..000000021— 3 9 3

Cooney, Benton and Gibson; Petty and O'Neil.

St. Louis 3, Cincinnati 2

ST. LOUIS, May 4 (Canadian Press)—The Bells won today's game for the St. Louis Cardinals over the Cincinnati Reds, 3 to 2. Herman Bell, who relieved Huntzinger on the mound in the third inning and allowed only four safeties the remainder of the game, brought in the locals' first run in the fifth when his single scored O'Farrell. Lester Bell's single in the eighth, following Hafey's double, scored Bottomley and Hafey. Score:

Cincinnati .. .. ..011000000— 2 9 1
St. Louis.. .. .. ..00001002x— 3 8 1

Luque and Picinich; Huntzinger, H. Bell and O'Farrell.

BUCK DEER ON RAMPAGE.

LONDONDERRY, N. H., May 5.—A big buck deer nearly wrecked the interior of the home of Jerry Parmenter here. Awakened by a crash of glass Parmenter rushed from his bedroom and encountered the deer halfway up the front stairs. The animal smashed through the balustrade, fell to the hall floor and was injured. Parmenter killed it with an ax.

HAMILTON COLLEGIATE'S TRACK TEAM

The fact that runners were not lined up properly on the turns for the takeoffs induced officials at the Pennsylvania relay carnival to order the re-running of the intercollegiate quarter-mile relay at the Penn. relay carnival at Philadelphia and resulted in the loss of the race to Hamilton, Ont., Collegiate Institute, whose team had won the first running. Hamilton's team won the first race in 44 2-5 seconds. In the second running they were able to do no better than a tie for fourth place. The top photo from left to right shows: Parish, Warren, Williams, Langs and King. The figures below is that of Captain Johnny Fitzpatrick of the team, who made a wonderful effort in the race.

YANKS' ERRORS AID ATHLETICS

Two Straight From Leaders —White Sox and Cleveland Win.

KAMM INJURED.

PHILADELPHIA, May 4 (Canadian Press).—The Athletics made it two straight over the Yankees by taking today's game, 10 to 5, Huggins' team played ragged ball, making four errors, and Sam Jones was knocked out in the second inning after staking the locals to a five run lead. Score:

New York .. .. ..030010001— 5 13 4
Philadelphia .. ..23030002x—10 11 2

Jones, Thomas, Braxton, McQuaid and Collins; Quinn and Cochrane.

Chicago 4, Detroit 2

CHICAGO, May 4 (Canadian Press).—Chicago bunched hits off Wells in the first and third innings today to win from Detroit, 4 to 2.

Kamm, White Sox third baseman, injured his knee sliding to second in the first inning and was forced to retire. Score:

Detroit.. .. ..000200000— 2 8 0
Chicago .. ..30100000x— 4 11 1

Wells, Barfoot and Bassler; Lyons and Schalk.

Senators 8, Boston 7

BOSTON, May 4 (Canadian Press).—Washington defeated the Red Sox, 8 to 7, today, errors and timely hitting accounting for the victory. Score:

Washington .. ..102001031— 8 14 0
Boston .. ..100300003— 7,13 4

Bush, Ferguson, Marberry and Ruel; Ehmke and Bischoff.

Cleveland 11, St. Louis 5

CLEVELAND, May 4 (Canadian Press).— Driving Van Gilder from the box in the fifth and taking advantage of St. Louis' errors and Schang's poor throwing to the bases, Cleveland made it two straight from the Browns today, winning 11 to 5. Score:

St. Louis .. .. ..200110001— 5 13 3
Cleveland .. .. ..22004030x—11 16 4

Van Gilder, Wingard and Schang; Uhle and L. Sewell.

KINGSTON TEAM HOLDS WORKOUT

Several New Players Turn Out for First Practice.

WORKING DAILY

KINGSTON, May 5.—The Kingston team in the Central Ontario League held its first workout at the Cricket Field on Saturday afternoon, and from now on the team will get down to work every night, providing the Weather Man is on his good behaviour. A good deal of time has been lost already, and as there are just three weeks until the opening of the season, Manager "Joe" Daley wants to keep the players on their toes. Several of last year's team were out to practice, including Jimmy Arneil, Tommy Halbert, Teddy Gallagher, Del Cherry, Scott, Young Cairns, Sommerville, also some new material including Brock Hudgins, of Picton and Napanee, who were given a trial. Hudgins is a good fielder and strong at the bat. "Red" Batstone was not present as he was spending the week-end in Toronto, but he will be out this week.

NAUEN, May 5. — Former Home Minister Dr. Jarres has been re-elected chief mayor of Duisburg

CAMPBELLFORD COUNCIL UNABLE TO REACH DECISION ABOUT SAFE ALTHOUGH SITTI NG TILL MIDNIGHT

Rival Salesmen Become Almost Personal in Their Arguments.

NEW GASOLINE PUMP

Suggestion to Forbid Erection is Opposed — Fence Viewers to be Appointed.

CAMPBELLFORD, May 5.—The Town Council sat until near midnight on Monday night, the session being drawn out by a discussion of the question of buying a safe in which to keep the valuable papers of the municipality. Three propositions were before the councillors and the votes taken on a number of motions and amendments resulted in ties that were broken by Mayor Kingston. When the question of buying a safe was first raised on the suggestion of the town auditors, Councillors Wiggins and Town Clerk McGregor went to Peterboro to inspect a safe offered for sale by the Office Speciality company and on their return recommended its purchase for $525. No action was taken on this report until last night and even then no decision was reached.

A representative of the Safe Cabinet company of Canada and an agent of the Taylor Safe company addressed the Council last night in the interests of their various wares and at times the arguments that arose between the two verged on the personal.

When Deputy-reeve Palliser moved, seconded by Councillor Stone, that the report of the committee that visited Peterboro be adopted Councillor Cole and Reeve Davidson offered an amendment that a Taylor safe be purchased at a cost of $460 with 10 per cent off for cash, the argument in favor of this safe being that it was the only one made in Canada. Both amendment and motion were lost, the councillors dividing evenly on both questions and Mayor Kingston giving the casting vote. Finally after a number of other motions had been disposed of without result, it was decided on motion of Councillor Stone and Deputy-reeve Palliser, that the Mayor and Clerk be authorized to go to Toronto to investigate the Taylor cabinet and any others of similar make, and that they report at the next meeting of the Council.

New Plan of Town.

A Toronto surveyor wrote offering to prepare a new plan of the town and the Mayor and Councillor Stone were appointed a committee to look into this matter and report at the next meeting of the Council.

Another Gasoline Pump.

There are at present 22 gasoline pumps in commission in Campbellford and D. W. Douglas was given permission last night to install another. Reeve Davidson said it would be good policy to follow the example of the Peterboro Council and after this forbid the placing of any more pumps on the streets. He had no objection, however, to additional pumps provided that they were on the private property of the owners.

Mayor Kingston and Councillor Stone contended that if such a rule were put in force all dealers should be treated alike and every pump in town should be moved off the streets.

Campbellford Will Co-operate.

J. O. Herity, manager of the Belleville Board of Trade, sent in a communication asking if Campbellford was willing to join in a convention which it is proposed to hold to further the interests of Eastern Ontario. The idea is to have in such a convention representatives from all parts of this portion of the Province from York County to the Ottawa River, the aim being to secure the further development of this section industrially, electrically and otherwise. Another object of such a gathering is to organize a Board of Trade for the Eastern section similar to the one that has been formed in the Western part of the Province.

On motion of Councillor Stone and Deputy-reeve Palliser, Clerk McGregor was instructed to write Mr. Herity informing him that if such a convention is called Campbellford will be represented.

To Appoint Fence Viewers.

That ancient and honorable institution, the office of fence viewer, is to be installed in Campbellford for the first time in the memory of any member of the Council. A request for the appointment of such officials came from Mrs. Elizabeth Bartley who wants to have a fence of the legal status erected between her property and the residence of ex-Reeve A. H. McKeel. Town Solicitor Lynch was instructed to prepare the necessary by-law.

No Insurance Policy.

At the April meeting the Council made an agreement with the representative of an insurance company that offered to relieve the town from all responsibility for damages for accidents on the streets, a reservation in this agreement being that when the policy, which was to cost $210 a year, was received the Council had the right to accept or reject it. The policy came to hand last night and, without reading it the Council decided to send it back. Councillor Wiggins who had not been at the April session, said that in his opinion the taking out of such insurance was an unnecessary expense. The town has expended $25,000 on sidewalks and upwards of $10,000 for modern road machinery to put the streets in good condition and so had reduced the danger of accidents to a minimum. A motion to return the policy was made by Reeve Davidson and Councillor Wiggins and carried.

To Oil the Streets.

Last year no oil was put on the streets but the use of the watering cart did not prove satisfactory. On motion of Deputy-reeve Palliser and Councillor Wiggins it was decided that all the streets in the business section and all other streets included in the by-law be oiled this year provided the residents of any street do no join in a petition against the use of oil before May 15. On motion of Councillor Abernethy and Reeve Davidson the purchase of 16,000 gallons of oil at 14½ cents a gallon was ordered.

Other Business Disposed Of.

Neil Morrison and Joshua Harnden appeared before the Council to ask that the tile drain be continued from in front of their premises at the corner of Bridge and Rear streets to connect with the drain which begins at the shop of Councillor McDonald. On motion of Councillors O'Sullivan and McDonald it was decided to have this work done sometime during the summer.

A new by-law was passed providing that owners of dogs pay their tax to the Chief of Police instead of direct to Treasurer Wood and the Chief is to see that all canines wear tags, these to be taken out each year by May 15.

New uniforms were ordered for the two policemen, those which they are now wearing having been used for over a year.

The night policeman will not be required to punch a clock with the key at each of the four fire alarm boxes as ordered at the April meeting. The change was made because it was repreesnted that if the officer made thees rounds regularly it would be an easy matter for any person intent on committing a crime to tell where the night watchman was at any particular hour.

The Salvation Army officers were given permission to hold a tag day on May 24th.

The Council will make a tour of the town on Thursday morning to ascertain that work is required on the streets.

Councillors Abernethy and Stone were appointed a committee to have signs painted to show visiting autoists the location of the camp which will be maintained for their accomodation this summer at the fair grounds.

PLAN OF VILLAGE WILL NOT BE MADE

Too Late to Get Work Done Before Cottagers Arrive.

CAMPBELLFORD, May 5.—The members of the Seymour Council have for some time been discussing the necessity of making a plan of the village of Trent River, the well known summer resort, as in its present unorganized state it is impossible to keep a proper record on the assessment roll or to collect the yearly taxes. At the May meeting held Monday, C. F. Aylesworth, a surveyor from Madoc, appeared before the Council and offered to do the work for $15 a day and expenses, agreeing to furnish a plot showing the owner and the number of every lot. As it would be impossible to do this before July when the resorters will take possession of their summer cottage, no action was taken on Mr. Aylesworth's offer.

Asks For Transfer.

James Hoey, who has two children attending the English Line school although he resides in the adjoining section, asked that he be allowed to pay his school tax to the former school instead of to Section No. 5 in which he lives. The school which his children are now attending is easier to reach than the one for the upkeep of which he is taxed but the English Line trustees have informally notified him that he will be required to pay a tuition fee for his children unless he becomes a taxpayer in that section.

The Councillors informed Mr. Hoey that they had no power to grant his request. In order to make such a change it would be necessary to obtain the consent of both sections interested and the sanction of the Minister of Education. The only case in which a township council can transfer a taxpayer from one section to another is when the school for which he is taxed is more than three and a half miles from his home while there is another nearer.

Objects to Assessment.

Sherwood Scea, who resides near Havelock, close to the Belmont boundary, wrote to complain that the assessor has assessed himself and his wife for a farm in that vicinity that now belongs to their daughter, Mrs. Annie Althouse. Mr. Scea also said that the road to his premises is almost impassable and that the rural mail carrier has refused to travel over it until it is put in repair. He added that since the statute labor system has been abolished little or no work has been done on his road. He asked for a small grant to put the highway in repair as Belmont Township has agreed to spend a like amount as this road forms part of the boundary between the two townships.

Mr. Scea's complaint with regard to his assessment will be considered when the Council meets as a Court of Revision at 10 o'clock on the morning of June 7th.

The report of George Anderson, truant officer, was received and filed and the usual budget of accounts was passed.

Those in attendance, every member, were: Reeve Grills, Deputy-Reeve Peake, councillors Allan, Innis and Linn.

DRAWING MILK.

Douro Cheese Factories Are Taking Milk From Patrons.

DOURO, May 5.—Mr. John L. O'Brien started Monday to haul milk to the Maple Leaf factory taking some milk from the fourth and fifth lines and through the village and thence to the factory. James O'Brien and Thomas Forsythe are both drawing routes to Indian River factory.

Mr. Alice Fitzgerald was a patient in St. Joseph's Hospital, Peterboro, for a few days last week, having a broken bone of her shoulder set. Mrs. Fitzgerald was thrown from a cutter some time ago and injured her shoulder in the fall and has suffered quite severely.

Mrs. Frances Leahy (West) was unforunate enough to break her wrist last week. In doing some house cleaning she stepped from a table to a chair which overturned, throwing her violently to the floor.

Mr. Patrick Farley has been quite ill.

Mr. and Mrs. John Coughlin left last week for Detroit where they will reside in future.

SOFTBALL LEAGUE HAS BEEN FORMED

High School Girls Held Meeting in Y.W.C.A.—Officers Elected.

TWEED, May 4.— At a meeting of the Girls' Athletic Association, representatives from the Tweed, Madoc, Stirling and Belleville High Schools, which was held in the Y.M.C.A. recently, a girls' softball league was formed. A schedule was arranged by which each team would play six games and rulings would be according to the Ontario Softball Association. Helen Ryan and Ruth Cotton were delegates representing the local High School. The Tweed organization has proved a very effective one, having only two defeats against it in several years.

The following officers were elected: President, Miss Merry, Belleville 1st vice president, Miss Harris, Tweed; 2nd vice president, Miss Douglas, Stirling; 3rd vice president, Miss Watson, Madoc; secretary, Miss Ridly; committee, Mr. T. E. Moffat, Evelyn Cooke, Miss Finley.

Mr. Felix King of Freeport, N.Y., is spending a few days with his brother, Napoleon King.

Mrs. W. Tindall and Murray are visiting with her parents, Mr. and Mrs. George Lafountain.

Mrs. Simon Goulah and babe of Detroit are visiting with her mother, Mrs. Merow.

Mrs. F. M. Cobb, Toronto, is visiting with Miss Jennie Wright.

Miss M. Luffman, Belleville, spent over Sunday with Mr. and Mrs. Jerry Luffman.

Mrs. C. W. Huyck, Toronto, was in town last week and disposed of her property on Colborne Street to Mr. James Elliott.

Mr. W. D. Gardhouse, Owen Sound, is now in charge of the Tweed Hardware, tinsmithing department.

The funeral of the late Mrs. William White was held on Friday afternoon from Frost's Undertaking Parlors. Mrs. White died in Toronto at the age of 94. She was a former resident of Tweed.

The big Tax Free offer justified our confidence in your judgment. They ARE real good smokes.

ALLAN CUP TEAM BREAKING APART

Rumors of Star Players Moving Away.

In spite of the efforts of the Port Arthur management to keep the Allan cup holders together for another season, it now appears certain that the team will be wrecked. Capt. Bill Brydge was in Toronto Monday and stated that he would not return to his old team. Chapman and Cox are said to be ready to move to Western Ontario in time to qualify, and Goaler Chabot and Alex Gray, star center of the team, are members of the New York Rangers, according to a reliable authority. Whyte, of Fort William seniors, is alleged to have signed with the Rangers, but will refuse to report.

The New York team has signed Johnson of the Minneapolis team of the Central league, but the player does not want to report now.

While western players are being signed, the agreement as to territorial rights is still in force, and it is likely that some understanding will be arrived at soon to allow player deals going through legitimately.

SOFTBALL PRACTICE.

Fontaine's Team Will Work Out To-night at Central Park.

There will be a practice tonight at 6 o'clock in Central Park of Fontaine's Softball Club and the following players are asked to attend: H. Halliday, E. Legon, A. Halliday, J. Baird, A. Baird, H. Dormer, K. Baker, D. Grant, W. Mahood, W. Oxley, J. Fontaine, H. Bradshaw, K. Purdy, C. Holland.

Any player wanting to try out with this team will be welcomed.

Racing Abandoned During Strike and Sports Held Up

LONDON, May 5. — Canadian Press. — Sport of all kinds has been hard hit in Great Britain by the general strike, because of interference with transportation.

The stewards of the Jockey Club and the National Hunt Committee have decided to abandon horse racing for the present. Their decision applies to all meets excepting that at Chester where the cup race will be run to-day as scheduled. Chester is the oldest race course in the country, being the same ground on which the Romans once held their foot races.

The international soccer games among teams from England, Belgium and France, scheduled for May 8 and 13, have been abandoned, as well as all cricket and tennis meets.

The golfers, however, were still carrying on to a certain extent.

SCHOOL BOARD HOLDS MEETING

Will Discuss Opening of School With Parks Committee of Council.

SAFETY LECTURES.

The question of opening the lavatories of the King Edward school as a convenience for those using the athletic field at King Edward park was thoroughly debated by the Board of Education at the regular May meeting last night and finally referred to the Property committee of the board for discussion with the Park committee of the council. The use of the facilities of the school was requested by the Parks committee in a letter to the board. It was the general opinion of the members of the board that there should be a caretaker on hand all the time. The fact that the only entrance was through the main halls of the school was also mentioned, as was the possibility of damage being done to the fixtures.

The matter of permitting the Safety League to give a lecture in each school on traffic dangers was left to Mr. Mowat, who will also obtain book covers from a firm which wishes to distribute ten thousand free. These contain the name of a bank.

Use of the King Edward school grounds after six o'clock on two nights a week was granted the men's softball league.

Leave of absence to attend a dental convention was granted Dr. J. Green, the school dentist. Dr. H. V. Sinclair, inspector of auxiliary classes, reported commending the work of Miss McConnachie with the local classes.

E. B. Fowler reported for the delegation that visited several combined collegiate and vocational schools in Western Ontario. He told of the reception the members had been given in Sarnia, Stratford and Kitchener, and promised a detailed report on the schools at those places for the next meeting.

Mr. Dolson, assistant revisor of the Toronto Board of Education, addressed the board on his work, which consists of checking up the assessment rolls to see that the board gets all the taxes to which it is legally entitled.

Following is the attendance report for April:

	On Roll	Average	P.C.
P. C. I.	576	537	93
Prince of Wales	623	575	92
King Edward	487	453	93
Central	484	452	93
Queen Mary	483	452	93
Queen Alexandra	395	363	92
King George	361	332	90
South Central	49	46	93

Moviegraphs

By JACK JUNGMEYER
NEA Service Writer.

HOLLYWOOD, May 5.— "Sweet Daddies," a Mike Levee production directed by Al Santel, gives fresh impetus to the current vogue of the Irish-Jewish comedy family relationship in the entertainment world.

An excellent cast, headed by Charlie Murray, George Sydney and Vera Gordon: directorial finesse: smart titles and melodramatic diversions with bootleggers and hijackers as relief for the romantic episodes between Jobyna Ralston and Jack Mulhall give quality to a story pattern which has now definitely become agreeable hokum on the screen.

"Sweet Daddies" varies the formula by conspiracy of the fathers against the Jewish mother in breaking down her racial opposition to marriage of the youngsters. This affords hilarious opportunity for the rare comic gifts of Murray and Sydney, the same pair who were ludicrous opponents in "The Cohens and the Kellys."

Jobyna Ralston, Harold Lloyd's leading lady for several years, is interesting and charming in her first venture off the Lloyd lot as a romantic lead. Mulhall is the ardent Irish lover. And Vera Gordon turns copious tears of exasperation to farcical account.

The novelty opening, and the conclusion which evades the usual "clinch" by intruding a Florida real estate excitement at the wedding altar, are commended as fillips to jaded movie palates.

THEATRE

AT THE CAPITOL

"THE EVERLASTING WHISPER" LATEST TOM MIX PICTURE

Screen Version of Jackson Gregory's Book is Said to Be One of Star's Best

LAID IN NORTHWEST

Alice Calhoun Plays Feminine Lead —Robert Cain, Well-Known Heavy in Cast

"The Everlasting Whisper" starring Tom Mix, which opens a three day engagement at the Capitol theatre tomorrow, is, beyond question, one of the finest Mix pictures that have ever reached the screen.

First of all, "The Everlasting Whisper" has a story that is unusual, written by Jackson Gregory, who is conceded to be one of America's foremost writers of western fiction. It is a tale of the rugged Northwest, where the everlasting whisper of the breeze through tall, stately pines draws strong men into the hills and enchants them. In this setting there is enacted a thrilling tale of a battle for fortune and a girl—a girl who has to be tamed like a tigress.

Then there's the cast. Alice Calhoun, known as the orchid of the screen, plays the feminine lead opposite Mix. As the city-bred society girl, suddenly thrown into the rigors of the wilderness, she is in beautiful contrast to her rugged surroundings. Her dramatic performance leaves nothing to be desired. Robert Cain is the villain—and a thoroughly hatable one. Others in the cast are George Berrell, Noble Johnson, Virginia Madison and Karl Dane.

AT THE GRAND

"Three Bags Full," the newest Dumbells' revue, will be the attraction at the Grand next Friday and Saturday.

Many of those who saw this company in "Lucky 7" earlier in the season were of the opinion that Captain Plunkett had "struck twelve" and could not dig up the material for another revue of such complete entertainment, but from all reports he was just "practicing" the first half of the season and "Three Bags Full" is the show of shows. Bigger, better, brighter, don't half tell it.

The new revue is divided into three parts, each one a complete unit itself. The first "bag" bursts in a blaze of glory. The second "bag" is a budget of melody, with Captain Plunkett's Orchestra in the foreground. The third and final "bag" is fairly brimming over with comedy and laughter.

There is not a "repeater" in the entire programme. Every song, sketch and bit of dialogue is entirely new.

The personnel of the company and orchestra remain exactly the same as on the occasion of their last appearance here.

AT THE REGENT

RIOTOUS FARCE STARTED AS NOVEL

"Seven Days" By Mary Roberts Rinehart Not Written For Screen.

It is often stated that stories are now written, not for the novel-reading market, but with the sole design of selling them to motion picture producers. This may be the case, but the fact remains that the books which have been the most successful for the screen were not designed to fit its so-called requirements. Mary Roberts Rinehart's tale, "When a Man Marries," was written solely as a fiction; a humorous idea developed into a novel. The idea never entered her calculations that the tale had in it a highly successful farce, yclept "Seven Days"; the book of a prosperous musical comedy entitled "Tumble Inn"; and finally a screen comedy, returning to the stage title, "Seven Days," made the Christies and presently to be seen in these parts. Had Mrs. Rinehart attempted in the first place to construct out of her idea a book that would make a best-seller as a fiction, a highly prosperous farce, the book of a popular musical comedy, and finally a rollicking photoplay, she would, not unlikely, have made a mess of the business.

Don't let indigestion after meals, biliousness, heartburn, or dyspepsia take the pep out of you. Take Safe-tol Syrup. Any drug store.

FIRE MARSHAL HEARS APPEAL

Against Chief Gimblett's Order for Destruction of Damaged Building.

NO DECISION

The appeal of Fred Atter of 426 Water street against the order of Assistant Fire Marshal Chief Gimblett to pull down and remove the debris of his building on Water street, was heard before Fire Marshal E. P. Heaton in the police court yesterday afternoon. The judgment was reserved but little hope was held out to Mr. Atter that the order of Chief Gimblett would be rescinded.

This building was formerly occupied by John Bickersteth and last February fire broke out in the building, which pretty badly gutted it.

Fred Atter then bought the building as he feared he would not have a place to carry on his business. Mr. Bickersteth had applied for a building permit but had been refused one; this was unknown to Mr. Atter when he bought the building. A few weeks ago Chief Gimblett issued an order that the building should be pulled down, and this order was appealed.

Mr. Atter.

In his evidence Mr. Atter stated that he did not wish to vacate the building on account of the time of year and the business he was doing at the present time. He stated that he intended to fix the building up and make it a revenue producing affair as well as a place of business. He had consulted Thomas DeForge, a building contractor as to repairing the building, and he would like to put it in a safe condition, according to the bylaw of the city.

Mr. DeForge, the contractor, said that he was up to see the building, and that he could put the building in fit shape to occupy for $500. He would straighten the south wall, fix the foundation, put a fire proof roof on it, and fix the floor . . before the fire.

He stated that he had not considered whether he could get a permit or not, but on being questioned by the fire marshall if these improvements would put the building in a safe condition, he said he thought they would.

Chief Gimblett.

The Chief on being called and asked why he issued the order to remove the building, stated that the building was in bad shape, the walls were bulging out and the plaster was off the walls inside, exposing the lath and making it a regular fire trap. He said he had issued a former order that the building be removed but at that time the owner was in jail, and the order would have put extreme hardship on the man, wife and nine small children. He had been afraid of the building for some time and it was only the quick response of the firemen in February that had prevented a bad fire which would have menaced the centre of the city.

The Chief, asked, if from his experience as a fire fighter, he would consider this building safe in being allowed to stand, stated that it should be pulled down. He also showed that the contractor had said that $500 would put the building in as good shape as before, while the assurance company had paid $975 for the damage caused. On being asked, as fire chief of this city, and responsible for life and property was it his judgment that the building was a fire menace to the city, he said he considers that it is.

R. H. Parsons.

Mr. Parsons on being called, was asked about the city by-law and how this building answers the requirements of this bylaw, stated that all buildings in that section of the city must be built of brick enclosed walls, covered with fire resisting shingles or roofing. Mr. Parsons stated that the building had a veneered front, which was in bad condition, the ends were built of old fashioned stucco, which to-day would not be allowed, the floors were rotted away, there was no cellar and everything around the building was in a bad state of decay. The building has decreased 50 or 60 per cent. from its original value, and when it was at its best it would not comply with the city by-law, so he thought the cheapest way would be to pull it down and re-build. He said it was only the heavy timbers that the building was constructed of, that were holding it together Mr. Parsons is not permitted to issue a permit for temporary repairs, and he said he thinks the building is a fire trap, and ought to be removed.

Mr. Heaton in closing the case stated that he would give the matter his fullest consideration, looking into the loss it would sustain the present owner, but he said his present view was to uphold the order of Chief Gimblett, and if Mr. Atter did not wish to abide by his ruling he could apepal to the County Judge.

BOWLING

LADIES' LEAGUE PLAY OFFS, Y. M. C. A.

The three games between the series runners of the Ladies' League of the Y.M.C.A., brought out some good bowling and the scores improved each night. As total pinneage for the games were to count, the Bluejays fared out on top, just ninety-two pins ahead of the Robins, while the Canaries were a good third.

This gives the Bluejays, captained by Miss M. Ross first place in the league, the Robins, captained by Mrs. A. W. Clysdale, second place and the Canaries, captained by Miss E. Rae third place.

Miss Curtis' good single of 273 was the high single of the play-offs, and she also took the high three of play-offs with 560. Miss A. Johnson's good single of 227 was the second high single of the play offs and Miss W. Coon was second high for three with 507.

The final standing of the play offs were as follows:

	Pinneage 1st night	2nd night	Total
Bluejays	2087	2106	4193
Robins	1960	2141	4101
Canaries	1761	2092	3853

First Night.

Ability to stand the strain of the play off better than their opponents gave the Robins a lead of about two hundred pins over the Canaries for their next games. Both teams showed the effects as the scores show, because these scores are away below average for these teams. The next games will probably bring the Canaries back to their normal stride.

Robins—				
Miss Distin	154	164	130	448
Mrs. Clysdale	122	190	133	445
Miss Curtis	130	103	160	393
Squire	105	....	145	250
Smith, B.	134	95	....	229
Lancaster	....	73	122	195
	645	625	690	1960

Canaries—				
Miss Collins	135	91	115	341
Hall	102	98	141	341
Doughty	99	....	169	268
Pammett	112	112	....	224
Rae	141	134	138	413
Johnston, L.	....	86	....	86
Nelson	....	....	88	88
	589	521	651	1761

Second Night.

The Canaries and Bluejays bowled better games on the second night of the Ladies' League play offs, and the Canaries came out five pins ahead on the play. Miss Coon was high for the night with 507, having three nice singles of 171, 170 and 166. Other good singles were Miss Collins' 199 and 175; Miss Rae's 193; Miss Hall's 179; Miss Elliott's 176.

Bluejays—				
Miss Milburn	87	84	169	340
Elliott, L.	176	127	140	443
Coon, W.	170	171	166	507
Johnson, A.	161	147	140	448
Ross	98	99	152	349
	692	628	767	2087

Canaries—				
Miss Doughty	160	126	122	408
Hall	129	152	179	460
Collins	194	116	175	485
Johnston, L.	99	95	109	303
Rae	78	193	165	436
	660	682	750	2092

Third Night.

The Robins made a gallant effort to capture the Ladies' League play offs and fell short only by a few pins. Miss Curtis rolled a great single of 273 in the last game and gave her team a lead of over a hundred in the last game. She was also high with 560. Miss Johnson had a great single of 227 and other good singles were Miss Ross 175 and 173. Miss Distin 176 and 175, and Mrs. Clysdale, 177.

Robins—				
Miss Distin, E.	95	173	176	446
Mrs. Clysdale	132	177	120	429
Miss Curtis	155	132	273	560
Squire	79	....	....	79
Lancaster	140	110	131	381
Smith, B.	125	121	246	
	601	719	821	2141

Bluejays—				
Miss Elliott, L.	161	119	93	373
Milburn	99	168	109	376
Coon, W.	119	127	156	402
Johnson, A.	132	115	227	474
Ross	173	175	133	481
	684	704	718	2106

INCREASES ARE SHOWN.

TOKIO, May 5. — Japanese mines in 1925, according to the Department of Commerce, produced 277,500 ounces of gold, 4,124,375 ounces of silver and 69,524 tons of copper. These are all increases over the 1924 production.

$510 in prize money for users of PROTECTO

~the superior preservative Paint for Shingles, Mineralized Composition Roofings and all rough wooden surfaces

The latest triumph in paint manufacturing

Everybody who has used PROTECTO is very enthusiastic about it. Here is a preservative paint for those rough surfaces where formerly Shingle Stain was the one and only choice available. True, PROTECTO should *not* be used for finished surfaces, such as the interior and exterior of your home, because there are other Canada Paint Products better suited for such purposes. But for shingles and all rough wooden surfaces PROTECTO will give you brighter and more permanent beauty, longer life, greater covering capacity and greater protection against wear and weather, than the old style shingle stains formerly used for such work.

PROTECTO users can now turn their enthusiasm to good account.

For the best descriptive letter about the use of PROTECTO, telling how and where it has been used and the results secured from it, we will give a first prize of $100.00 and 54 other cash prizes as follows — $75.00 for the second best letter; $50.00 for the third best; $25.00 for the next in merit; one prize of $10.00 and 50 prizes of $5.00.

If you have used this new beautifier and protector we want to hear from you. You have a story to tell us and we want you to tell it in your own words and in your own way. Confine yourself to one hundred words or less and mail your letter with the coupon shown below, filled in as indicated.

Of course to write a prize winning letter about PROTECTO you should have a PROTECTO job to write about. So if you have not yet used this remarkable product get a can from your Hardware dealer today. Then start in and transform the appearance of that shingled or composition roof, that garden fence, that old weather beaten siding, that barn or garage. No matter how dingy they may be, PROTECTO will give them new beauty and new value and furnish you at the same time with the material for a letter that may well win you $100.00 or one of the other attractive money prizes.

Just a word of Caution!

While PROTECTO is without equal as a preserver and beautifier in its own particular field there are certain uses to which it must *not* be put. But for every such purpose there is a specific Canada Paint Product that will give lasting satisfaction in appearance and wear. To mention a few:

CANADA PAINT, for interior and exterior finished surfaces.
SUN VARNISH, for lasting beauty and protection on Hardwood Floors.
SUN VARNISH STAIN, for refinishing Furniture and Woodwork.
SANITONE, the washable flat oil paint for walls and ceilings.

And many others, for PROTECTO is only one of a complete line of Canada Paint Products for beautifying and protecting every surface everywhere.

Regulations Governing the PROTECTO Contest:

1. Competition open to every resident of Canada and Newfoundland, except employees of the Canada Paint Company.
2. The executives of the Canada Paint Company will be the judges and their decision must be accepted as final.
3. Competition closes June 30th. All entry letters must be post-marked that date or earlier.
4. Every entry letter will be acknowledged as soon as received and every contestant will be notified as to result of the competition.
5. All letters to be addressed — Contest Department, Canada Paint Company, Limited, Montreal, Quebec.

INSANE MAN HOLDS WOODS

Officers Arrest Him After a Firece Struggle.

INJURES POLICE.

SAULT STE MARIE, Ont., May 5 (Canadian Press).—Barricaded in a bush shack near Thielman's Camp at Goulais Bay, armed with an axe and Lee-Enfield rifle, and threatening to kill anybody who came in sight, Alex. Lambert, 55 years old, a powerful man weighing 200 pounds, and violently insane at times, was brought to submission by Provincial Constable Roy Clarke and License Inspector David Silvester Monday night, following a desperate 20-minute rough and tumble struggle which wrecked the contents of the structure. He was lodged in the district jail. Clarke has a badly mangled hand, his injuries being caused by Lambert's teeth during the fight. Lambert's right ear was all but torn off as the result of a terrific blow from Clarke, which knocked Lambert out. Officers went to the district in answer to a 'phone call from Goulais Bay.

LUMBER COMPANY ACQUIRES RIGHTS

3,000 Square Miles of Timber Limits Sold By Quebec.

MONTREAL, May 5 (Canadian Press)—The Gazette this morning carries the following news item from Quebec.

"Through the acquiring of the rights of some 3,000 square miles of timber limits on the island of Anticosti, the Wayagamack Paper Co. becomes one of the important owners of the forestry resources in the Province of Quebec. According to the information on hand the Wayagamack has paid an average of $2,000 per square mile and about $200,000 for the S. S. Fleurus."

NEW SUPPLY BILL.

Second Interim Bill Covering Expenditure For May Passed By House.

OTTAWA, May 5 (Canadian Press).—The second interim supply bill for 15,934,291.06, representing one-twelfth of the main estimates, was put through all stages and received the third reading in the House of Commons late last night. This sum covers the public expenditures for the month of May.

BOY DROWNED.

Lockmaster's Six Year Old Son Falls Into the Canal.

OTTAWA, May 5 (Canadian Press).—Robert Moses, six-year-old son of the lock master at Hartwells Locks on the Rideau Canal near here, was drowned yesterday afternoon when he fell into the canal opposite his home. The father recovered the body.

Senate Urges Preparation To Celebrate Anniversary

OTTAWA, May 5 (Canadian Press).—The Senate, which reassembled yesterday, adopted a resolution that "It is expedient that preparations be made for the celebration of the sixtieth anniversary of the Confederation of the Provinces of Canada."

BIG CONGREGATION ATTENDED SERVICE

Rev. W. M. Loucks Preached a Very Impressive Sermon.

There was a good congregation last night at St. John's Church for the Archidiaconal service. The choir was followed by the robed clergy to the main entrance and entered the church singing the processional hymn No. 482. Evensong was sung by Rev. Geo. Bousfield, the lessons being read by Rev. Dr. T. S. Boyle of Cobourg and Rev. J. H. Kidd of Cannington. The Rev. E. R. James of Newcastle read the state prayers and the closing prayers and benediction was taken by Venerable Archdeacon Davidson. Rev. W. M. Loucks, who was curate at St. John's and had charge of the then All Saints' Mission some 35 years ago, now rector of Holy Trinity Church, Toronto, preached the sermon. In opening his sermon Mr. Loucks referred to the three happy years he spent in Peterborough and to the fact that in 1883 he had been ordained to the priesthood in St. John's church. His sermon was addressed first to the clergy, who were to discharge their offices as rectors, pastors and curates, and then to the laity, who being also the church with the bishops and clergy, are to exercise loyalty to the church and to inform themselves as to the Bible, the teaching of the church and the value of personal witness in their daily life. Rev. Dr. Blagrave, the vicar, had charge of the service. The choir rendered "Evening and Morning" during the offertory and at the closing of the service sang F. S. Mann's Sevenfold Amen.

The following is a list of the clergy in attendance at the meeting of the Archdeaconry of Peterborough and their hosts. Others beside did not remain overnight.

Rev. Thos. McKim, at Mrs. S. Bridge, 505 Weller St.; Rev. G. E. Fierheller, Mr. A. W. Turner, 572 Weller St.; Rev. E. O. Galligher, Mrs. S. Bridge, 565 Weller St.; Rev. T. R. Houghton, S. T. Medd, 452 Charlotte St.; Rev. R. J. Sheres, Dr. G. S. Cameron, 318 Stewart St.; Rev. G. Clarke, Dr. T. W. H. Young, 305 Stewart St.; Rev. I. H. Stringer, Miss Bell, 451 Water St.; J. B. Bonahan, Mrs. W. Dolby, 184 Stewart St.; Rev. T. H. Stanley, Mr. H. Rush, 182 MacDonnel St.; Rev. J. M. Ensall, Mrs. Alex. Gibson, 583 George St; Rev. J. H. Kidd, Mr. S. T. Medd, 452 Charlotte St.; Rev. Dr. O. Rigby, Mr. F. J. A. Morris, 613 Aylmer St.; Rev. C. E. Eakins, Miss M. English, 544 Charlotte St.; Rev. Dr. T. S. Boyle, Dr. Holloway, 187 London St.; Rev. E. R. James, Mr. W. Dolby, 184 Stewart St.; Rev. W. M. Loucks, F. M. Delafosse, 457 Water St.; Ven. Archdeacon Davidson, Mrs. W. E. Conway, 396 Downie St.; Rev. T. J. O'Connor-Fenton, Mrs. F. D. Kerr, 586 Rubidge St.; Rev. Canon Marsh, Mrs. J. A. Aylmer, 518 Weller St.; Rev. E. R. Adye, Rev. J. D. Paterson, All Saints' Rectory; Capt. Casey, Rev. J. L. Hughes, St. George's Rectory.

BODY CAN DRAW HEAT FROM SUN

As Substitute For Heat Developed By Its Own Tissue.

PROOF PRESENTED.

ATLANTIC CITY, N. J., May 5. — Physiological proof that the human body, like a plant, can obtain energy direct from the ultra violet rays of the sun and so conserve itself, has been furnished by a series of interesting new experiments, reported for the first time here yesterday by Drs. Edward H. Mason and Howard H. Mason of Montreal, speaking before the Association of American physicians.

In their experiments they exposed ten persons to ultra violet light and eight reacted by a marked lowering in heat production of the body, reported Dr. Edward Mason.

This indicated substitution of heat obtained from light for heat made by the body in burning up the food stored in its cells.

The theory was advanced that the pigment developed in the skin exposed to ultra-violet rays, "tan," caused by the sun, has the power of changing the wave length of light into the wave length of heat, which may be utilized by the body instead of its own burnt up tissue.

QUIETLY ARRANGE FOR AN ELECTION

Says Report From Provincial Buildings—No Announcement Yet.

TORONTO, May 5 (Canadian Press)—Although Premier Ferguson has not given notice of the dissolution of the present Ontario Legislature nor has he admitted any foundation for rumors of a provincial election within a short time it is stated unofficially at the Provincial buildings this afternoon that government officials having charge of the election arrangements are quietly making provision of necessary supplies for an appeal to the electorate. It is understood that these preparations are so far advanced that all necessary election supplies can be made available at very short notice.

FISHERMAN DROWNED.

First Drowning at Galt For Several Years—Man Was Visitor.

GALT, Ont., May 5 (Canadian Press)—The first drowning accident here in a couple of years occurred late yesterday afternoon when W. J. Henderson, 55, of Windsor formerly of Galt, who has been visiting in Preston, lost his life in the Grand River while fishing.

JOYNT RETIRES.

Member For North Huron Announces His Retirement From Politics.

TORONTO, May 5. Canadian Press. — John Joynt, Conservative member for North Huron, who was a visitor to the Parliament buildings yesterday, announced that he would not again stand for his constituency in the event of an election. He was, he said, retiring from political life.

EARNINGS INCREASE.

C. N. R. Shows Increase of $327,134 Over Last Year.

MONTREAL, May 5. Canadian Press. — The gross earnings of the Canadian National Railways for the period ended April 30, were $6,080,540, as compared with $5,753,506 for the corresponding period last year.

FIVE MEN DEAD.

Suffer Alcoholic Poisoning After Drinking Poisonous Liquor.

QUEBEC, May 5. Canadian Press. — Five men residing in Levis are dead as a result of alcoholic poisoning. The men are said to have imbibed poisonous liquor early last evening.

WEDDING BELLS.

SHAW—VEALS.

CAVAN, May 5.—A pretty wedding took place at the rectory in Millbrook on Wednesday, April 28, 1926, Canon W. C. Allin officiating, when Miss Ethel Veals became the bride of Mr. Wesley Shaw of Fairmount. The bride looked charming in her wedding gown of blue silk crepe de chine, trimmed with silver leaves, with shoes and stockings to match. The bridal couple were supported by Mrs. W. C. Allin and Mr. Harry McArthur of Fairmount. The happy couple left for western points on the 12:30 train, C. N. R. The bride wore a navy blue coat, trimmed with gray fur, and hat to match. On their return they will reside on the groom's farm at Fairmount.

The hospital auhtorities reported this morning that Mrs. Thomas Clark, the woman who took the carbolic acid on Monday afternoon, was "doing as well as could be expected."

MEIGHEN ASKS ABOUT CHANGES

Declares That There Are Going To Be Budget Changes.

OTTAWA, May 5 (Canadian Press).—"I wonder if the Minister of Finance is any nearer to an open confession tonight than he was last night on the proposed changes in the Budget," remarked Right Hon. Arthur Meighen, Conservative leader, shortly before adjournment of the House about midnight.

Hon. J. A. Robb, Minister of Finance, replied, that if the Conservative leader "Is trying to find out whether or not I am going to accept his amendment, I can assure him at once that I am not prepared to accept it." Mr. Meighen declared he wented to give the members, "warning that changes are coming all right. I can see them in the answers the Minister of Finance gives," he added.

APPEAL MADE BY SISTERHOOD

Family In Great Need of Supplies as Childern Are Sick.

MOTHER IN BED.

The Big Sisterhood is making an appeal for supplies and clothing for a family that is at present in very deplorable circumstances. One of the pictures of "life's other side" opens up to view in a few bald facts that portray the condition of people who are really trying hard to live as they should, but on whom adverse circumstances have forced very hard conditions. Here it is:

A man who tries to get work, and is able only to procure a day's labour here and there. His wife, is the mother of five children, and a new-born baby. The five children are sick with chickenpox and the home is without adequate bedding for the woman or clothes for the children. A part-time nurse is struggling to make the mother and baby more comfortable in the quarantined house and to clean things up generally with very little soap to do it with. In the pantry the main stock of catables is potatoes.

Almost any supplies would be welcomed in this house. Food and clothing for the children, ranging in years from seven down, quilts and sheets and pillow covers to replace the rags on the beds, soap for the house-cleaning. Or work for the man.

Anyone willing to lend a hand in this case is asked to send supplies to the Police Station, or to telephone either 2452W or 788W.

C.P.R. DIRECTORS ARE RE-ELECTED

Beatty Says Present Method of Equalizing Freight Rates is Unsound.

MONTREAL, May 5 (Canadian Press)—At today's annual meeting of the Canadian Pacific Railway the retiring directors, Ross H. McMaster, J. K. L. Ross and Sir Thomas Skinner, Bart., were re-elected for a period of four years.

"I am satisfied that the method of equalizing freight rates by government subsidy and heavier taxation is unsound, both from the standpoint of the country itself and of interests of the transportation companies," announced E. W. Beatty, K.C., in the course of his annual presidential address to the shareholders.

GASOLINE UP.

Price Advances One Cent a Gallon in City To-day.

The price of gasolene was advanced one cent a gallon in the city today the different dealers reported. When asked the reason the reply was simply "orders from head office." This means that Peterborough motorists will now pay 34 cents a gallon every time they get the car filled.

POOR BOXES RIFLED.

St. Peter's Cathedral and Sacred Heart Church Prey To Thieves.

Two thefts of the meanest kind occurred in the city some time durig Moday night, when St. Peter's Cathedral and the Sacred Heart Church were entered and the poor boxes in each church ransacked and the contents removed. It is said that no other damage was done, which would seem to signify that the work was that of a gang of boys rather than that of a grown up person.

BOY SCOUT NEWS.

ST. ANDREW'S TROOP.

There will be a meeting of all boys interested in joining a Scout Troop in St. Andrew's Church Hall on Friday night at 7.30. The aims of the Scout movement will be explained, and forms distributed for application for membership.

The head of the Peterborough Boy Scout Association, District Commissioner John J. Turner, will be present to address the boys.

Scout games will be played.

IN MEMORIAM

GUERIN.—In Loving Memory of Mr. Frank Guerin, who died May 5, 1924.
Memory's hand is reaching back two years ago today,
When one we loved so dearly so gently passed away.
It was hard to part, but it was God's will
To vacate the chair that we can never fill.
—Inserted by his wife and family.

IN MEMORIAM.

In loving memory of our dear wifewife and mother, Sarah Murphy, who passed away May 5, 1922:
Remembrance is a golden chain,
Death tries to break but all in vain,
To have, to love, and then to part,
Is the greatest sorrow of one's heart.
The years may wipe out many things,
But this they'll wipe out never—
The memory of those happy days,
When we were all together.
—Sorrowing Husband and Family.

IN MEMORIAM

BEARNE — In loving memory of our dear mother who fell asleep May 5, 1922.
O how oft she comes before us
Her dear face so sweet and true;
Resting now in peace with Jesus,
Loving hearts still long for you.
—Sadly missed by her sons,
Lewis and Leonard.

IN MEMORIAM

BEARNE — In loving memory of my dear wife (Trix) and our beloved mother who passed away May 5, 1922.
'Tis the thought of sweet remembrance,
Just the memory, fond and true,
Just a token of affection
And a heartache just for you.
—Ever remembered by her
Husband and daughters.
Winnipeg, Man.

IN MEMORIAM:

BEARNE.—In ever loving memory of our beloved sister and aunt, Beatrice Alice Bearne, who fell asleep May the 5th, 1922:
What would we give her hand to clasp,
Her patient face to see,
To hear her voice, to see her smile
As in the days that used to be.
But some sweet day we'll meet again
Beyond the toil and strife,
And clasp each other's hand once more
In Heaven, that happy life.
—Sister and Brother, Mrs. and Mr. T. R. Cooper, niece and nephew, Joe and Doris Cooper.

IN POLICE COURT

William Muskrat, an Indian from Rice Lake appeared before Magistrate O. A. Langley this morning on a charge of catching masinonge out of season. The accused pleaded guilty and stated that he understood that an Indian could catch fish at any time so long as they were for his own use. Magistrate Langley in fining the accused $10 and costs, told him that the law must be obeyed and that any future offences of this nature would be more severely dealt with.

OBITUARY.

LEWIS WILSON.

There passed away this morning in this city, Lewis Wilson. The funeral will take place to-morrow at 11 o'clock from Comstock's undertaking parlors. Rev. A. J. Langford officiating.

Labor M.P. Tells Commons He'd Like Republic

Opposing Forces Entrenching For Long Struggle and Troops Move Quietly Here And There

No Sign of Break Anywhere in Attitude of Government or Strikers—Rioting Continues in Many Districts and Police Charge Crowds With Batons.

CONTINENTAL COUNTRIES PROMISE FINANCIAL ASSISTANCE TO STRIKERS

Russia Has Given $1,500,000 and Promises Further $1,800,000—Saklatvala Chooses To Go To Jail For Two Months—Writer Says Moscow Behind Strike.

LONDON, May 6 (Canadian Press)—The evening of the third day of the great general strike finds the British Government and the Trades Union Congress steadily entrenching and fortifying their positions without an indication of a break anywhere. The British Worker, the strikers' organ, in a bulletin, declared the situation was unchanged, the workers holding on quietly but tenaciously. The Government is slowly increasing its volunteer transportation services, but the economic life of the country remains paralyzed. The Home Office announces that there has been no serious disorders in London for the last 24 hours, although a few outbreaks of window smashing and larceny have occurred in the east end.

Soviet Behind State

DETROIT, Mich. (United Press) Charging that Moscow and the Soviet Government is back of the most serious Labor trouble in England's history, Gilbert Frankau, novelist and political correspondent of The London Morning Post, declared Wednesday that the British strike would end "within ten days, without bloodshed."

Frankau, who is visiting here, said "The back bone of the nation are the so-called 'white collar workers,' and they will not be led into indiscretion by Socialistic Radicals."

"Back of Premier Baldwin stand millions of voters, who also are in sympathy with the miners or with those allied with them," he continued. The attitude of the government in refusing to be frightened by a handful of passionate followers of Lenine is the only one compatable with the dignity and strength of the nation.

Need Efficiency

"The permanent solution of our labor trouble will come with the absolute divorcement of politics and industry. The two will not mix.

"And one of the great lessons of this strike and of its adjustment will be that British industry will have to come to the United States and take lessons in equipment and management.

"Here efficiency is found in its highest type."

Baton Charge on Mob.

GLASGOW, Scotland, May 6. — A tense situation prevailed during the night in the northern district of Glasgow, where mobs interfered with the omnibus traffic, manned by volunteers.. One vehicle was overturned, the passengers just managing to scramble clear in time. The police dispersed a gang in a baton charge. Determined attacks were made on buses in other localities and the police were severely handled until reinforcements arrived and restored order. Five rioters were arrested.

Attacked in Johnston.

PAISLEY, Scotland, May 6. — Buses passing through the town of Johnston to-day were attacked by gangs, and many machines had the windows smashed.

A Battalion Leaves.

RYDE, Isle of Wight, May 6. — Canadian Press. — The Battalion of Argyle and Sutherland Highlanders, left Parkhurst Barracks to-day for special duty. Its destination was not given.

Passengers Injured.

EDINBURGH, May 6 (Canadian Press).—Many passengers were injured when a crowd attacked a train at Musselburgh, near here, to-day. Showers of stones were thrown, shattering the windows.

Police Attacked—Shops Looted.

The first serious disorder here in connection with the strike occurred late last night, when a crowd of several thousand clashed with the police. Five policemen and a number of civilians were taken to hospitals. The mob threw stones and bottles. Shop windows were smashed and two shops were looted. A police sergeant was slashed on the back with a razor. Five of the rioters were arrested. The train service from Edinburgh was extended to-day and satisfactory tram and 'bus service was maintained in the city.

Troops Make Ready.

LONDON, May 6 (Canadian Press). — The movement of troops and warships to vantage points for emergency service is going on steadily but so quietly that it is scarcely noticed. While there is no disposition on the part of the authorities to flaunt the Crown forces in the faces of the strikers, all vital points are solidly protected.

Transport Better.

Betterment in transport conditions enabled thousands of the city's workers to reach their places of business with greater comfort. A huge number of private motor cars were still functioning but traffic jams in the streets were not so heavy as during the last two days. Steps to assure sufficient food supplies in the event the crisis continues for months are rapidly developing, it was announced in Governmental circles.

Mrs. Baldwin Works.

Mrs. Stanley Baldwin, wife of the British Prime Minister, is organizing a fleet of motor cars to bring business women from their homes to their offices. Several hundred motor cars have been put into service.

LONDON, May 6 (Canadian Press).—Twenty-five provincial and four London newspapers have announced that they will immediately print their ordinary number of emergency editions. In some cases it is believed police protection will be necessary to insure the safety of their staffs.

The British Gazette printed conspicuously today a notice to the printing trade saying that when the strike is over the Government will take effective measures to prevent victimization by trade unions of any men who remain at work and that no settlement will be agreed to that does not provide against reprisals. The newspaper also gives prominence to a statement reiterating the Government's refusal to be intimidated by the strikers, saying in part:

"As far as the general strike is concerned, there can be no compromise of any kind, either the country will break the general strike or the general strike will break the country."

Newspapers Continue

LONDON, May 6 (Canadian Press).—The Court Circular, which daily publishes the movements of Their Majesties the King and Queen is being issued from Buckingham Palace as usual.

The Sheffield Telegraph accomplished a great achievement in producing a four page paper, printed in ordinary type and of normal size and actually having it on sale at their Fleet Street office here this morning. A queue of several hundred people anxious to buy copies lined up outside the office. The London Daily Telegraph is publishing a miniature sehet and both the Financial Times and The Financial News are being issued.

United Press Plans

London, May 6 (United Press). Twenty-five United Press employees in the London bureau assisted by additional temporary workers and special correspondents in the principal cities of England, Scotland and Wales are reporting the developments of the British general strike for the more than one thousand newspapers in the United States and Canada, and for other newspapers in thirty-seven foreign countries.

Preparations for handling what has turned out to be the biggest news story since the war began, when a government subsidy was granted in August to prevent a strike.

Ed. L. Keen, vice president and European general manager of the United Press is directing the strike reporting.

May Close Pubs.

LONDON, May 6. — (Canadian Press.) — Licensed victuallers of London are considering the advisability of closing their public houses in order to reduce drinking during the strike trouble.

REVIEW SITUATION.

LONDON, May 6.— (Canadian Press.)— The strike situation was reviewed at a meeting of the Parliamentary Labor Party this afternoon under the chairmanship of former Premier Ramsay MacDonald.

BLOCKADE ON CONTINENT.

PARIS, May 6. —(Canadian Press.) —A coal blockade on England is threatened by the coal miners and Longshoremen in all continental ports. The French Confederation of Labor has voted solidarity with the British strikers and the Communist branch has issued orders already for the Longshoremen not to load or unload British ships and to cease work where ever an effort is made to load coal.

HELP FROM JAPAN.

TOKIO, May 6. — (Canadian Press.)— The Japan Federation of Labor to-day cabled assurance of its moral and financial support to British strikers.

NORWEGIAN GOVERNMENT ACTS.

PARIS, May 6.— (Canadian Press.)— The Norwegian government has banned exportation of coal and coke.

Russian Sympathy—$3,000,000.

MOSCOW, May 6 (United Press) —The Russian Trade Union Council has appealed to all trade unionists to contribute a quarter of a day's pay to the support of the British strikers.

This sum is estimated as $1,300,000, and one hundred and thirty thousand dollars has already been telegraphed to the British Trade Union Council.

Sums already collected in Russia for the benefit of the strikers apart from the proposed trade unionist contributions are estimated at $1,500,000.

Many newspapers have opened subscrintion funds.

The Russian Dock and Transport Unions have refused to handle goods destined for England during the strike. Meetings of sympathy for the strikers are reported from Leningrad, Kharkov, Ekaterinoslav and other centres.

Austria to Help.

VIENNA, May 6 (Canadian Press).—A local press report says the executive of the Austrian Metal Workers' Association has decided to send financial assistance to British strikers.

Government is Upheld.

LONDON, May 6. Canadian Press. —The government won a victory in the House of Commons to-day on its proposed measures to control the strike situation. The Labor amendment to the bill relating to protection of property, was defeated 317 to 95.

Saklatvala in Jail.

LONDON, May 6. — Canadian Press. — Shapurji Saklatvala, the lone Communist Member of Parliament, was sentenced to two months imprisonment to-day for making a seditious speech.

He was given the alternative of providing sureties to keep the peace, but chose prison sentence.

THE WEATHER.

A little higher temperature now prevails, with good prospects for a further improvement. Lowest last night 42; highest yesterday 55 deg. —W. P.

Princes Listen While M.P. Advocates Republic

LONDON, May 6 (Canadian Press) — Prince of Wales and his brother, the Duke of York today were present in the House of Commons when George Buchanan, a Laborite member, declared that he was a republican and would like to see the British throne abolished.' Buchanan was participating in the debate and his remarks were made good naturedly, causing no flurry.

Robbers' Loot Found Under Sidewalk At Fort William

FORT WILLIAM, Ont., May 6.—(Canadian Press)—Buried treasure brought reward and prominence to Harvey Shable, an 11-year old Fort William boy Wednesday.

Starting a treasure hunt near his home, Harvey unearthed jewelry valued at $1,000 and immediately turned it over to the police. He found it under a sidewalk near his home.

The treasure was identified as part of loot taken in a $3,000 robbery here on March 5. The robbers were never apprehended.

Beginning Of Decline Of British Empire Is Seen By Fascist Newspaper In Present General Strike

ROME, May 6 (Canadian Press).—The beginning of the decline of the British Empire is seen in the present situation by L'Impero, Fascist newspaper.

"The grandiose phenomenon before our eyes in England is a terrible revelatory symptom of the process of decomposition going on slowly but with fatally algebraic law," it says.

"Rome took four centuries to fall, and she was Rome, but finally she succumbed. The British Empire resisted sturdily the first barbaric assault of the German race. But Pretorians are undermining the Empire, so that it's difficult to resist.

"We are watching with emotion and with profound interest this tragedy of history which across the distance of a millenium repeats its inexorable cycle, opening tenebrous abysses for declining powers and sunny vistas for dawning ones."

Spirit Of British People Will Crush Strike Says Selfridge, Owner Of Large Store In London

(By H. Gordon Selfridge, written for United Press; Copyright 1926 by United Press)

LONDON, May 6—The spirit of the English people will crush the strike before the situation becomes critical. I will be surprised if it outlasts the present week.

The strike was fostered by a few leaders who were attempting to further their own interests. It came before they expected it and they were utterly unprepared for its consequences.

The minor disturbances which have resulted are like those of hoodlums at a circus parade. They will have no effect. The retail trade is suffering acutely, but this is a mere detail when considered with the possible country-wide damage. Labor is casting an ironical shadow over this week's campaign to sell British goods. Retail reports indicate sales have been decreased by one third since the beginning of the strike.

A revolution is impossible because of anti-strike convictions of the people who realize that their rights are infringed as a result of the controversy between the miners and operators.

British opinion will break the strike.

The mechanical staff which left my store wished to continue work. The workers declared the spirit was not in the strike.

LIBERAL BUDGETS CONTRIBUTED MOST TO REDUCTION OF CANADA'S NATIONAL DEBTS, WESTERNER SAYS

Surplus of $33,000,000 and Debt Slash of $22,000,000 Are Features.

BRIEF SESSION

Division on Budget May Be Called Next Tuesday.

OTTAWA, May 6. Canadian Press —The debate on the budget again drifted through another sitting yesterday with prospects of a division on Tuesday next. C. R. McIntosh (Liberal of North Battleford) stressed the point that since confederation only 11 budgets had shown a decrease in Canada's debt and seven of the budgets had been Liberal budgets.

J. L. Stansell (Conservative of Norfolk-Elgin) said the budget would not benefit the poor man — Would it not have been better he asked, to retain the 3-cent postage, and use the surplus for extension of rural mail delivery?

Wilfrid Girouard (Liberal of Drummond-Arthabasca) and A. D. Chaplin, (Conservative of Kent) were subsequent speakers.

Mr. McIntosh thought that the opposition had tried to give to providence the entire credit for the agricultural prosperity of Canada in the last few years. That was a new way of looking at it. Providence helps those who help themselves and the better way of puting it would be to say that Providence has co-operated with the farmers of Canada and made their efforts fruitful.

Mr. McIntosh believed that Providence also was co-operating with the House of Comomns and would help the members to "get through a legislative crop." Providence was co-operating also with the government, he thought. Poof of that lay in the fact that the government had not been destroyed or annihilated in the shifting of public events.

Miss Agnes MacPhail: "Might it not be that Providence is merciful?"

Accessions to Liberals.

Mr. McIntosh said that Providence was not only merciful but was showing its mercy by "helping us to keep together." The Liberal party in the House had not only held together but had new accessions of strength to its ranks since the House opened..

An outstanding feature of the budget said Mr. McIntosh, was that it showed a surplus of $33,000,00 and a reduction in the tional debt of $22,000,000. Since Confederation only 11 budgets brought down ad shown a decrease in Canada's debt. Seven

THINK IT OVER.

The Bankers' Trust Company of New York says that Canada is the only country where the income per capita is now greater than before the war, having risen from $250 to $261, while those in Great Britain and the United States have fallen.

BATTALION CLUB SOCIAL MEETING

Ex-Members of 21st Gather at Armouries—Recall Anniversary.

That the spirit of comradeship that was so evident during the war days among the men of the different units still exists in no uncertain manner was fuly demonstrated at the social meeting of the 21st Battalion club which was held in the Armories last night. Over sixty members of the club were present togehter with the guests of the evening, the officers and men of the local Machine Gun Company. The acme of good feeling seemed to prevail throughout the whole proceedings and made the event one of the most successful in the history of the club.

Songs, reminiscent of the days when those present were united in the cause of freedom, were the feature of the gathering and the singing of them brought memories, happy and otherwise, to the crowd.

Comrade Lyburn made mention that the meeting had been accidentally held on the eleventh anniversary of the 21st battalion's departure from Kingston, which took place on May 5, 1915.

BROADCASTING THE MALE VOICE CHOIR CONCERT

Arrangements Have Been Completed—Cost To Be Covered By Subscription.

The public is again reminded of the fact that the Male Voice Choir Concert will be broadcast from St. Paul's church on Wednesday evening, May 19th. A local cost for installing machines and use of wire to Toronto has to be met, and subscriptions of $1.00 up are asked for this purpose. Telephone the Examiner or any member of the choir.

THE OWNER GOT HIS.

On Saturday last a gentleman found the purse advertised below in Saturday's Examiner, and on Monday morning the owner called and got it.

FOUND — ON LAKE ST., PURSE containing small sum of money; apply 184 Lock. 2d-105-2179

Quick returns and low cost. Classified advertising pays. Telephone 1600 and we will get your copy.

SPECIAL WOOD VALUES. OUR SAWMILL STARTS NEXT WEEK AND WE MUST MOVE LAST YEAR'S WOOD TO MAKE PILING SPACE. WE OFFER LARGE TEAM BOX LOADS OF 12 INCH HEMLOCK SLABS, AT $7.00; 12 INCH PINE SLABS AT $5.50; 12 INCH MIXED SLABS AT $5.00; ALSO BUTTINGS AT $4.50 PER LOAD. EXCELLENT VALUES. 1d107-1411

ST. PAUL'S CHOIR CONCERT ON MONDAY EVENING NEXT
Assisted by Vera McLean, Austin S. Douglas, the Hambourg Studio String Quartette and Agnes Logan.
A splendid array of talent. Procure your tickets at the stores of Messrs. E. F. Mason, F. C. Webber, R. H. Hunter or members of the Choir.

RIVERSIDE RINK.

The necessity of increased rink accommodation both as to ice surface and seating capacity is acknowledged by every one in the city. Artificial ice will give the team an opportunity for getting into condition in time to compete with other teams using artificial ice and place them on the same footing.

The citizens of Peterborough appreciate all the handicaps the hockey team is under and they have an opportunity now of eliminating them by subscribing to the proposition for the new Riverside Arena, which is now before them.

Several factories have already gone over their objective and when the list comes before you remember your subscription is necessary to meet the objective that has been mapped out.

DAILY MAIL PRINTERS' WALKOUT WAS THE SPARK THAT SUDDENLY BLEW UP FINAL STRIKE PARLEYS

Was Interpreted by British Government as First Evidence of Real Threat of General Strike, Premier Baldwin Discloses.

PEACE FORMULA WAS ACCEPTED

Publisher's Dignity Offended—Negotiations Can Be Reopened, Premier States, as Soon as Strike Orders Are Withdrawn.

LONDON, May 6 (Canadian Press)—The second day of Great Britain's vast industrial upheaval found the country on the whole following out Premier Baldwin's advice—"keep steady." London endured a drizzling rain, and a midday fog, which overhung the city, turned day into night and the holiday spirit of Tuesday into phlegmatic sullenness on the part of many workless.

But late in the afternoon the skies brightened, and evening added just a faint ray of hope that today may bring developments for renewed negotiations between the government and the trade unions.

Instances of isolated rioting and disturbances were features of the sparse news bulletins and handbill newspapers, but these incidents seem almost negligible when the vital issues and potential forces involved in the greatest industrial struggle of modern times are considered.

Few Buses Wrecked

From widely separated points in the metropolis and the provinces come reports of a few auto buses wrecked and improvised tram services attacked by strikers, but many of such acts are attributed by the police themselves to "hooliganism."

News from the coal mining areas is particularly scarce, but such as has been received indicates unusual, and perhaps unexpected, calmness.

The official position of the strike, reached a point last night where both sides were standing off, demanding that the other must make the first move to reopen the negotiations, which came to an end dramatically Sunday night and stalled the economic life of the country.

In the meantime both government and strikers are consolidating their positions like great opposing armies. The government is bending every effort to re-establish railway, interurban and municipal transport in order to maintain essential services of supply, while the Trades Union Congress is devoting its energies to maintaining solidarity in organized labor ranks.

Food Supply for Weeks

In setting forth the situation to the press, the government's spokesman at the admiralty declared that the nation was meeting the crisis quietly and calmly, with food and fuel supplies guaranteed for many weeks; an official of the Trades Union Congress at Eccleston Square, Labor headquarters, announced that the railway tieup was the most complete in the history of Great Britain and that the striking men and their womenfolk were standing solidly together for the cause of labor.

Based on various conferences held last evening, one of which was believed to be between Ramsay MacDonald, A. J. Cook and Herbert Smith, labor leaders, there were predictions in some quarters of possible important developments. One was that the general strike would be ended by Monday.

Nevertheless, there is no precise information on the subject, although it is known that such men as Ramsay MacDonald are striving with might and main to bring about a settlement, the former labor premier even imploring the House of Commons, prior to its adjournment, to "do something toward a settlement."

Raid On Labor Paper

A sensational incident of the day was a raid by Scotland Yard on the office of the Daily Herald, the Labor organ, which had undertaken the printing of The British Worker, a paper issued by the Trades Union Congress to offset the British Gazette, published by the government.

The raid caused considerable excitement, but the authorities withdrew the embargo after a sample copy of The British Worker had been examined.

Throughout the afternoon the opposing councils of war faced each other across the narrow floor of the House of Commons. With characteristic firmness and quietness Premier Baldwin met all approaches from the labor benches for reopening of the parleys regarding the coal miners' dispute, with the announcement that no government in any circumstance could ever yield to a general strike. The minute it was officially withdrawn unconditionally, the government was prepared to resume negotiations.

Former Premier Lloyd George joined the labor laborites in deploring the precipitancy shown in breaking off the negotiations, which he characterized as a grave error. Ramsay MacDonald begged the cabinet not to remain adamant, but to make some concessions in order to get the government and the trades union congress around the conference table.

For the first time the debate brought out how slight a touch was needed to sever the thread of negotiations and send the sword of a general strike crashing on the heads of the British people. It was the "overt act" of a few printers in the Daily Mail plant who, acting without authority of the union's representatives, disagreed with an editorial and stopped the machinery of the paper, preventing its publication.

Reasons for Breakdown

The debate tended to center more and more on the precise reasons of the breakdown of the negotiations Sunday night, and after a strong appeal by Lord Hugh Cecil for dispassionate consideration of all the circumstances, J. H. Thomas rose and said that on Sunday night the negotiating committee of the Trades Union Congress had accepted a formula drawn by the prime minister's own hand and had left to discuss it with miners in an adjoining room when they received the government's decision to terminate the parleys.

Premier Baldwin intervened to explain that all the time he had entertained doubts about the wisdom of continuing negotiations under the threat of a general strike, and that when the news was received that the first steps toward this end had been taken, namely, interference with the expression of opinion in the press, the government decided that the conference could not continue.

Found Door Locked

Ramsay MacDonald in a further plea for bringing the government and the Trades Union committee together again said that after receiving the government's final communication Sunday night the Trades Union Congress and miners sent a committee from their room to the prime minister's room to discuss the situation. When the committee arrived, Mr. MacDonald declared dramatically, they found the door looked and the room in darknees.

In consequence of this disclosure, members of the House of Commons repeatedly demanded to know the terms of the formula mentioned, and whether the miners had accepted it since the breakdown, but information on this point was not forthcoming.

Dignity Injured

The Laborite, James Maxton, Glasgow, asserted that the strike had been precipitated because the dignity of a great newspaper proprietor had been injured. It was disgraceful that the whole nation's services should be stopped and that millions should suffer because of this.

Confidence that it will win the great conflict now testing the nation was the keynote of the government's communique to the press communique stated that distribution of food and fuel was being carried on methodically and that rail transport was recovering gradually

Miners Poorly Paid

That the coal miners are among the lowest paid industrial workers in Great Britain is apparent from statistics published by the Trades Union Congress.

These cover half of the year 1925, and the official publication states that they apply only to certain grades and do not cover entire industries.

According to these figures the maximum possible weekly earnings of the miners for the period given totalled 54 shillings ,approximately $13), but the actual earnings were about 50 shillings ($12). This was the average for the whole of Great Britain, but there was a considerable divergence in rates in different areas. Railway men varied from 102 shillings ($24.48) for drivers to 52 shillings for laborers. Tramwaymen averaged 59 shillings for drivers and 54 for conductors, but the highest paid drivers received 73 shillings.

Message From Premier

The British Gazette contains the folowing message from the Prime

MATINEE DOG SHOW.

Will Be Held In Market Building in Conjunction With Exhibition Board.

A Matinee All-Breed Dog Show will be held in the Market Building, Thursday evening, May 13th, commencing at 7 o'clock, and will continue until all the dogs have been judged. It is being held under the auspices of the Kennel Association, and in conjunction with the Industrial Exhibition Board for the express purpose of creating and fostering a keener interest among our local fanciers and breeders.

Special prizes will be offered for the best breed in each class.

The Committee in charge earnestly solicit the co-operation of the citizens to help to make the show the success that it should be.

Every arrangement has been made for the accommodation of the public and the admission fee charged will be just large enough to defray the expenses.

The judge for the show will be Norman K. Swire of Toronto.

FINE SUITS AND OVERCOATS

MOUNT PLEASANT

MOUNT PLEASANT, May 6.—Miss Bertha Lowes of Myrtle spent the weekend visiting with her friend, Miss Lottie Ball at Scotts Corners.

Rev. J. O. Totten of Cavanville made several calls in the village on Saturday.

Mr. Albert Guest spent a couple of days last week in Lindsay at the home of his parents.

Mrs. Thomas Graham made a call in the village on Saturday evening.

There was a good attendance at the basket social and dance given at Ida on Friday night. It was pronounced a success. There was a short programme which every one enjoyed and aterwards they danced. There were about thirty baskets, the price ranging rom $1.25 to $2.75. Extra supper was sold for 15 cents. The proceeds of the evening were about $55.00.

Messrs. Eric McLean and Hubert Lowes attended Masonic Lodge in Omemee on Thursday evening.

Mr. and Mrs. Herb Parker and daughter, Helen, spent Sunday evening with friends in the village.

Messrs. Hubert Gardiner and Albert Guest started digging a cellar for a new residence on King street, Omemee, on Saturday. Mr. T. E. Morden, has the contract.

The funeral took place on Tuesday from his late residence, Cavan, of William Crowe, and was largely attended. The burial services at the house and grave were conducted by Rev. Mr. Gordon of Peterboro. Bro. W. G. Waterman, W.M., L.O.L. 46 and Bro. Jas. Roddy, County Master, conducted the Orange ritual.

The Orange brethren attended in a body. The bearers were: Bros. Albert and Fred Johnston, George and William Hootan. William E. Crookshanks and J. H. Paul.

The floral tributes were many and beautiful among them being a wreath from Lodge 46 of which he was a beloved member.

Miss Betty Balfour, who has been voted Britain's most popular film acrtess, began her stage career when only ten years of age.

HASTINGS NEWS

HASTINGS, May 6.—The roads locally are reported to be gradually improving during the last three or four days. The frost remained in the ground a much longer time seemingly this spring than previously and several dangerous spots are in the roads.

Motoring for business trucks and pleasure cars is becoming more popular. Large tonnage trucks have made the way from Peterboro and other smaller ones have made shorter distances.

Miss Eva Barry and Miss Hattie Smith were visitors in Campbellford on Friday.

Mr. James Stevenson, Sr., is visiting his daughter, Mrs. Harold Beavis of Norwood.

Mr. and Mrs. W. R. Learmouth have returned home after a tour of the Western cities.

Miss Georgina Beavis spent the week end with her mother in Norwood.

A large number from Hastings attended the funeral of Major Webb in Norwood on Sunday afternoon. A company of Hastings soldiers were in the ranks following the corpse, and Sergeant Cyril Blackborne sounded "The Last Post" at the grave.

Mrs. McCann is reported seriously ill.

Mrs. Skinner and Miss McNeil have returned home after spending the winter in Toronto.

Miss Pearl McCann was home for a few days on account of the serious illness of her mother.

Mr. Percy Skinner of Toronto spent a few days last week with Keene friends.

Mrs. Barnes and son, Owen, have returned home to Millbrook after visiting Mrs. McCann.

The play entitled "Can't Afford It" to be given in the Town Hall, Keene on Friday, May 7th by the Dramatic Club of Mark Street United Church, Peterboro, promises to draw a capacity crowd. It has been given three times in Peterboro to large audiences.

The Sunday school of the former Methodist church are putting on a tableau and pageant entitled "The Spirit of Motherhood" next Sunday morning and evening in connection with "Mother's Day" and "Go to Sunday School Sunday."

Miss Jean Eggleton was the guest of Miss Nellie Hunter over the week end.

Mrs. Johnston returned home last week after spending a few days with Peterboro friends.

Mrs. LeGraw of Stirling was in Keene for a few days last week.

INDIAN RIVER NEWS

INDIAN RIVER, May 6—The roads continue in bad condition.

Mr. Richard Lees, Public school inspector, visited school No. 1, Douro, and No. 2, Otonabee recently.

Mr. James Dewart, Peterboro, spent a few days with his brother, William.

Messrs. Dinsdale and Kemp are trapping at old Indian River.

Mr. Frank Skelcher is preparing for a busy summer at the butcher business.

Mr. Joseph Devlin attended the Otonabee Municipal Phone meeting on Wednesday last.

Mr. William R. Cavanagh shipped eight hogs through the U.F.O. shipper to the C. P. Co. and received seven selects, on April 27.

Mr. Cavanagh purchased his dam at Mr. White's sale. Mr. White was instrumental in getting such a good bacon type in the locality.

Mr. Alphonse Condon shipped nine hogs with the club and received a check for two hundred and fifty dollars but was only favored by one select.

Mr. Dan Kennedy, Detroit, is spending a few days with Mr. R. Condon.

Mr. and Mrs. Dennis McCarthy attended the funeral of the late J. D. O'Leary.

Mr. John Menogue, Peterboro, attended the funeral of the late J. D. O'Leary.

NEWS TRENT RIVER.

TRENT RIVER, May 6.—Quarterly services were observed at the United church on Sunday with the pastor, Rev. E. O. Seymour, in charge.

The officers and teachers of the Sunday school are asked to attend the annual business meeting and election of officers at the church on Thursday night.

Mr. John Boyd goes to Toronto this week to meet his son, Dr. Robert N. Boyd of Fort William, who is attending the medical convention in Toronto.

The trapping season over, there has been a heavy sale of rats in this vicinity, several hundred being offered for sale. Mr. Oliver Garneau had the largest sale number, upwards of 240.

Mrs. W. C. Inkster has been confined to bed by illness but is making a good recovery.

Miss Mabelle Inkster of Campbellford High School was home for over Sunday.

The water continues to rise daily, the streams from the back channel are running over the road leading to the Campbellford Cottagers' Island.

THURSDAY, MAY 6, 1926.

PREMIER BALDWIN'S FIRMNESS.

Premier Baldwin has refused to temporize.

In the face of the greatest industrial tie-up Great Britain has ever known, the British Premier remains firm in his stand that the Government will not resume negotiations until the general strike is unconditionally called off.

No other answer could be given.

The power of the Government has been challenged: constitutional government indeed is under attack, and until that aspect of the crisis has been cleared up the original industrial dispute involving the wages of the coal miners cannot be considered.

The trades unionists have chosen to draw the sword, and until they chose to sheath it again, by the sword will the issue have to be decided.

There can be no parleying while one section of the British population tries to make the rest of the people suffer enough to force the Government to yield.

Premier Baldwin has made that point clear, and the strike settles down to an endurance test in which both strikers and the balance of the British population will be most severely tried.

STRAIGHTENING OUT THE KINKS.

The effort that is to be made through a conference of Provincial Finance Ministers to secure a more uniform income tax collection and to prevent overlapping in this regard will be hailed by the long-suffering public with much satisfaction.

The Canadian people feel that they not only pay too much in taxes, but that they pay too many taxes.

In some Provinces three income taxes are levied; in Ontario some people have to pay both Dominion and municipal tax, and the double levy causes a good deal of dissatisfaction.

The reduction in the Dominion tax has already brought about a demand that municipalities should afford a similar measure of relief, and there is, of course, a strong current of public opinion in favour of the abolition of the municipal income tax because of the difficulty that exists of collecting it equitably.

All these viewpoints and other suggestions along the same line should give the Provincial representatives something to think about when they get their heads together round the conference table.

BROADCASTING THE CHOIR.

The Peterboro Male Voice Choir is to be congratulated upon its enterprise in arranging to have one of its choicest programmes broadcasted through the medium of station C.F.C.A.

Peterboro people have had numerous reasons in the past to thank the Male Voice Choir for delightful entertainment; now the organization is giving cause to thank it for a feature that will provide this city with a considerable amount of publicity.

As the hockey team advertised Peterboro as a sporting centre, the splendid singing of the Male Voice Choir will tell listeners-in far and near that Peterboro is also a musical centre of parts.

The choir is in excellent form and will be able to provide a programme that this city will be glad to send out to the large but invisible audience that will tune in C.F.C.A. on May 19th.

Peterboro is proud of this unique musical organization and happy to have this opportunity of letting the outside world know how good it is.

The broadcasting by remote control of the Male Voice Choir's numbers is the first time a Peterboro organization has been on the air, and the event is a noteworthy one in more ways than one.

BRITISH COMMON SENSE.

Although there was rioting in a number of British centres yesterday, caused not by striking trades unionists, it is said, but by the roughs who regard such an event as made especially for their use, the general orderliness throughout the country furnishes a striking commentary upon the good sense of the British people generally.

It is almost impossible to think of any other country in the world where such a terrible class conflict could be carried on for two days without loss of life.

When it is realized that in the Republic to the south an election day riot usually results in a series of funerals, the excellent morale of the people of the Old Land in the face of this extraordinary situation can be fully appreciated.

It is to be sincerely hoped that these conditions will be continued, but should the tie-up last for any length of time, it is difficult to see how more serious clashes are to be avoided.

There is an element that would welcome civil warfare, and with tempers frayed by a continuance of the present situation, an ugly turn to the crisis is a probability that cannot be disregarded.

The calmness of the people so far, however, is a most encouraging sign, and no doubt has prompted the statement from the New York Herald-Tribune that "British temperament should be kept in mind whenever any one attempts to forecast the result of an apparently critical situation in which the British people are involved."

"SHADES" AND SCIENCE.

Members of the Royal Society are displeased with Sir Oliver Lodge. They are dubious about his reported conversations with the dead and his belief in spiritualism.

A brilliant mathematician, Sir Oliver has contributed much to the solution of the question, "What are we?" He has diagnosed matter and told what it is not. He has expanded theories regarding the mysterious ether that fills all space. He has clarified the relationship between atoms and universes. He has reduced to figures the theoretical energy of so-called empty space and has worked exhaustively on the unsatisfactory points in the Einstein theory of relativity. He has helped to glorify the science of mathematics, opening doors to those who would base their philosophy on it. Through it all he has insisted on faith in a Divine Being, the source of all things.

Now Sir Oliver stans aside from his definite course, he shelves his exact science long enough to enter the nebulous realms of spiritualism which, in the present understanding of it at least, is regarded as superstition. From an excellent scientist, the British savants fear he will develop into an indifferent spiritualist. They probably think of Sir Arthur Conan Doyle, splendid writer who gave up his art for ectoplasmic theorizing. They also may have in mind Mr. H. G. Wells, Mr. Lloyd George, Sir Philip Gibbs and some others who occasionally would rather be third-rate prophets than first-raters in their own vocations. One pictures the eminent sages shaking their heads at Sir Oliver and saying, "another good man gone wrong."

Perhaps time will prove them ultra-cautious in their policy. But it has not done so yet.—Border Cities Star.

AFTER THE "ASHES."

The demonstrative welcome extended to the Australian cricketers on their arrival in England to engage in a series of club and test matches that will add a new chapter to the glorious history of a great game is not only a tribute to the prowess of the visitors, whose supremacy is challenged, but evidence of the sporting spirit of a people for whom cricket has a significance not shared by any other pastime.

Apart from the enthusiasm it inspires among its devotees, from the schoolboys who pitch their wickets on the village green, the established nursery of the game, to the vast crowds that attend the county matches, its appeal is that of a national institution with centuries of history and a wealth of tradition behind it, while to many, who never handled a bat or fielded a ball, it stands as a symbol of national character that in the realm of sport has no parallel among the nations of the world.

As Sir James Barrie, himself a keen follower of the game and a player of parts, has with characteristic whimsicality expressed it: "It has been said of the great armies of the dead, marching always on their eternal journey, that when they came to a country cricket field, the Englishmen amongst them stepped out of the ranks for a moment to lean over the gates and smile." And, certainly, the Elysian fields would hold no attraction for the average Englishman that failed to provide a cricket pitch.

Not less remarkable than the potency of the cricket spell in England is the ascendancy of the game in Australia. With its relatively puny population, the Commonwealth has, during the past half century, shown an astonishing facility for developing cricketing talent of the highest order to the point, not only of snatching the laurels from the mother country, but of retaining them in spite of repeated attempts on the part of representative English elevens to retrieve them.

The history of sport contains no more inspiring record than that of the series of contests between England and Australia for the custody of what is popularly known as the "ashes." The name of the prize, which carries with it the world's championship, originated in a peculiar way. Forty-four years ago an Australian team defeated for the first time a representative English eleven at the Oval in London by seven runs. It was a blow to England's cricketing pride that created a profound impression. In one of London's leading sporting papers there appeared in the form of an obituary notice the following:—"Died at the Oval on August 29, 1882, English cricket. The body will be cremated, and the ashes taken to Australia." The squib "caught on," and from that day the test matches between the two countries came to be regarded as a struggle for possession of the "ashes," with Australia successfully defying England's attempts to more than temporarily recover them.

Interest in the coming contest has reached an unprecedented height in the mother country. For weeks the newspapers have been filled with discussions of the prospects, eminent cricketers, past and present, contributing to the flood of comment and criticism intended to be helpful to the Selectors in their difficult task of choosing an eleven capable of beating the "Cornstalks." The Australians have been proclaimed by their own publicity agents, among whom are such popular heroes of the game "down under" as Clem Hill and Noble, as a team of invincibles and by the home experts as foemen worthy of England's best. They have been welcomed and feted as no other visiting combination of players ever was before. Crowds surround the hotel, in which they have taken up their quarters, and follow them in the streets. They have been toasted by the Prime Minister, extolled by Cabinet Ministers, and greeted with enthusiasm by people in every walk of life.

These are indications of an intensity of interest which will increase as the date of the first test match approaches. England rejoices in the birth of a princess, speculates ardently over the possibilities of Churchill's Budget, and views with alarm the prospect of renewed industrial strife; but the evidences are that what counts for most in her national life at the present juncture is the relative qualities of a Hobbs and a Macartney, the selection of a representative eleven to meet the Australians, and their chances of recovering the coveted "ashes." Such is cricket in the land that cherishes it as something more than a game.—Ottawa Journal.

EDITORIAL NOTES AND COMMENT.

In the midst of the greatest domestic turmoil in centuries in Britain the British Parliament will put through its Budget promptly as usual, while the Canadian House continues to talk on week after week.

The Progressive member for Peace River evidently believes that "possession is," etc.

The New York World says: "The British are a people with a signal capacity for emerging safely from even the most forbidding difficulties," which is a good thing for us all to remember just now.

The attitude of the Russian Reds toward the British strike leave no doubt as to the fact that Communists regard the strike as a revolution.

One of the first essentials in a campaign for tourists for this district is to get the ice out of the Kawartha Lakes.

The murder of the official prosecutor in Chicago is a challenge from the gunmen which even Chicago cannot afford to ignore.—Hamilton Herald.

Some woman's page editors are discussing how little a woman can dress on. How little she can dress in has long since been solved.—Brantford Expositor.

A Windsor minister says O. T. A. offenders should be put to work in the public parks. But it might overcrowd the parks.—St. Catharines Standard.

It does not appear that anybody in connection with the Dominion Customs Department was in favor of prohibition.—Toronto Telegram.

CHICAGO GRAIN.

CHICAGO, May 5. — Attention of wheat traders shifted largely today to the precarious outlook for the spring crop. Word of large export business in Canadian wheat and flour tended also to lift wheat values. The closing quotations on wheat were unsettled but 3-4 to 1¼c net higher, May new 159 3-8 to 159½ and July 139½ to 139 5-8, with corn unchanged to 3-8 off. Oats 3-8 to ½c and 5-8 up, and provisions at 7 to 15c advance.

Predictions of serious crop damage in the spring wheat belt unless rain came soon were given wide notice, especially as late reports from the northwest indicated but slight hope that an early forecast of possible showers would be fulfilled.

MINNEAPOLIS GRAIN.

MINNEAPOLIS, Minn., May 5.—Canadian Press. — Flour 20 to 25c lower at $8.80 to $9 a barrel. Shipments 38,116 barrels.

Wheat, No. 1 Northern, $1.58 to $1.59; May $1.55; July $1.49; Sept., $1.38½.

Oats, No. 3 white 38 3-8 to 38 5-8c.

WINNIPEG GRAIN.

WINNIPEG, Man., May 5. Canadian Press. — The wheat market displayed a firmer tone to-day and after a little dip during the first hour prices were above the previous close. Reports from London that the strikers had agreed to the discharge of foodstuffs from ships, including grains, was an important factor in the advance to higher levels.

The close was strong, ranging from 5-8c to 1 5-8c up, with May at $1.51½, July 1.50 5-8 and October at $1.34. At one time during the session prices were 2c to 2 1-2c above yesterday's close.

MONTREAL GRAIN AND PRODUCE.

MONTREAL, Que., May 6.—(Canadian Press).—An extremely poor foreign demand in the Montreal Grain Exchange today resulted in only a small volume of business being done. A few loads moved at steady rates on demand for ocean going room to continental ports from here. The domestic market for cash grain showed further weakness on the quiet business and prices for car lots of western oats were reduced 1 cent to 2 cents per bushel.

Receipts of butter were 165 packages, against 416 for the same day last week. The small offering sent prices up 1-2 cent to 1 cent per pound.

Cheese receipted totalled 1,465 boxes as compared with 906 last Wednesday. Trading was quiet and unchanged prices.

The market undertone for potatoes continue easy with prices holding unchanged.

OTTAWA, May 5. — Canadian Press. — There is no price change on the Canadian egg markets today. A car of seconds was sold in Toronto at 25 1-2 f.o.b. Regina, freight costing 3 3-4c.

Toronto dealers paying country shippers extras 31, firsts 29, seconds 26, delivered, cases returned. Prices to retailers, extras 34 to 35; firsts 33, seconds 29, retail extras 38; firsts 35 to 36, seconds 32.

Montreal receipts are heavier but the market continues very firm, dealers paying country shippers delivered extras 31, firsts 28 to 29, seconds 24 to 25. Prices to retailers, extras 36, firsts 33 to 34c; seconds 31 to 32. Eggs are selling in a jobbing way at extras 33, firsts 31, seconds 29; retail extras 42 to 45; firsts 38 to 40, seconds 35.

Winnipeg receipts show an increase over last week, dealers quoting country shippers extras 27 to 28; first 25 to 26c; seconds 21 to 22. Prices to retailers extras 33, firsts, 30c, seconds 26; retail extras 37c, firsts 33, seconds 28. Local shipments are changing hands for storage, extras 31, firsts 29.

WISE AND OTHERWISE

People who long for the olden days forget they used to put people in jail for owing money.

* * *

Just wishing things would change is about like striking a match to the thermometer to make the room warmer.

* * *

To keep from being annoyed by gray hair consider it dignified.

* * *

Here's April and we haven't started our Christmas shopping. We'll never finish in time.

* * *

Now is the time to start talking about how poor you are. The family may want a new car this spring.

A THOUGHT FOR TODAY

ALL THREE—PLUS.

Politeness is the atmosphere we pump into the auto tire. Its intrinsic value is small, very small, but its commercial value lies in the fact that it makes the tire wear longer and loans much comfort to the patron of the car.

Courtesy is the courage to be decent at all times. It is the commonsense recognition of the rights and privileges of others. It is wholesome good will and cheerful good manners.

Consideration is a much larger word, but less used. Consideration is the thought of the end of a thing rather than just the beginning. Consideration is seeing confidence through to the finish.

Service means more than all these. Service is the Golden Rule put into practice.

Politeness eases the patron; courtesy is a common practice; consideration is loyalty to confidence; service is all three—Plus.

Wellesley-Baden Highway, Waterloo County, Ont.

Concrete Roads are Economy Roads

Two men are primarily interested in permanent roads — the taxpayer who pays for them and the motorist who uses them. Often, the two are the same person who therefore doubly benefits. Concrete roads are permanent. They will not roll or rut. Heat does not affect them; oil drippings cannot harm them. The heaviest traffic cannot wear them out. With them, upkeep costs are practically nil. They save the taxpayer's money.

Concrete roads are safe and afford an ideal driving surface. They materially reduce gasoline, tire and repair bills — to the decided advantage of the motorist.

Concrete roads reduce haulage costs and attract tourists and industries — benefits that the whole community shares in.

Therefore, let us have more permanent, money-saving concrete roads.

"It's the little they cost to maintain that makes Concrete Highways economical."

EMPLOYEE DISMISSED BY GAUNT COMPANY INFORMED THE CUSTOMS DEPARTMENT OF BLANK INVOICES

Never a True Entry Made By Company of Its Imported Goods.

MADE SETTLEMENT

Witness Took Blank Invoices From Office of Gaunt Company.

OTTAWA, May 6 (Canadian Press).—Investigation of the John W. Gaunt Company before the customs inquiry committee took a new turn Wednesday afternoon, when Mr. Gaunt was replaced on the stand by M. J. Mann, a former bookkeeper of the company. It was through information given by Mr. Mann that the customs department first became aware that the Gaunt Company had in its possession blank certified invoices. Mr. Mann told the committee that he went to the customs department, taking with him copies of some of these invoices because he had become nervous about a $5,000 loan which he had obtained for John W. Gaunt. He was not satisfied that these invoices were being properly used.

There were some sharp exchanges between this witness and O. S. Tyndale, counsel for Mr. Gaunt, when the latter was trying to find out where Mr. Mann obtained the invoice copies which he showed to the customs. Mr. Tyndale asked where the invoices were obtained and pressed his question repeatedly.

"Were they not taken from the offices of the Gount Company?" he asked the witness. "Where did you get the invoices?"

"That's none of your business," Mr. Mann finally replied.

"Don't answer that way," intervened Chairman Paul Mercier decisively.

The witness finally admitted that the copies might have been obtained from the office, but said that such copies were frequently thrown into the waste baskets.

On Orders From Gaunt

Mr. Mann, at the outset of his evidence, stated that he had been employed as accountant by the John W. Gaunt Company from October, 1921 to the spring of 1923. He was asked why he had entered in his first balance sheet an item of $23,000 for "merchandise on hand and in transit September 1st." He replied that Mr. Gaunt told him to do so. He could not remember that there was any merchandise on hand or in transit at the time.

Customs Officer Hurson, of Montreal, another former bookkeeper of the John W. Gaunt Company, told the committee that the value entered by the company for clearance of goods through customs was invariably less than the price actually paid the manufacturer.

"There never was a true entry made," he said, in answer to a question by Hon. H. H. Stevens, in regard to the customs entries of the Gaunt Company. Manufacturers' invoices were not presented to the customs but invoices signed by Schneider, Gaunt's agent in Germany.

In earlier evidence, Mr. Gaunt denied that he had ever under-valued his goods for customs purposes.

Done by Employees

C. W. Bell, a member of the committee, examined John W. Gaunt in regard to one of his statements that he had left his business in the hands of his employees, and he added, "That is why I am here today." Mr. Bell asked him why he had made that statement.

Mr. Gaunt replied that his assistants had taken charge of checking invoices, etc., and that he had never done this work. He denied that there had been any under-valuation by him of goods imported.

Mr. Calder pressed the witness to find if he had made a settlement with the customs department in regard to the charge that he had used blank invoices to defraud the customs. Mr. Gaunt said that after he had pleaded guilty to the charge of having blank invoices, the customs had required him to make a deposit of $3,200. He did not remember telling Officer Knox that this deposit would be returned to him on production of certain affidavits, which he would procure in Germany.

Mr. Gaunt's counsel, O. S. Tyndale, complained at one point that he was working in the dark because committee counsel, R. L. Calder, had not brought on his witnesses for the prosecution first and given a chance for reply.

Mr. Calder said this was an inquiry, not a presecution.

Three Years For Posing As Son Of Quebec's Premier

MONTREAL, Que., May 6.—Charlemagne St. Amour was unfortunate in his choice of an adopted father. Last week he was arrested while posing as the son of Premier Taschereau, of the Province of Quebec, and obtaining money ostensibly for the purpose of sending a blind Montreal musician to Europe to complete his education.

Yesterday he was sentenced to three years in the penitentiary by Judge Perreault.

"The information that I have received about you is to the effect that you are a rogue of the worst type," declared the Judge in sentencing the accused.

SENATE CURIOUS ABOUT DETAILS OF HUDSON LINE

More Information Asked For When Supply Bill Is Discussed.

A $3,000,000 ITEM.

Construction of Railway Under Supervision of C.N.R.

OTTAWA, Ont., May 6.—(Canadian Press.)— When the interim supply bill of one twelfth was presented in the Senate yesterday by Hon. Raoul Dandurand, Senator W. B. Ross, Opposition leader, drew attention to the item of $3,000,000 for the Hudson Bay Railway in the estimates. He said the Senate had not been informed of what use was to be made of this money. Whether the Hudson Bay railway was to be part of the Canadian National Railway or an indepndent system operated by the Government. He would also like to know where this $3,000,000 was to be expended and how.

Senator Dandurand said there were ninety miles of road to be completed. The Hudson Bay Railway was not, at present, a part of the Canadian National system, but was administered and controlled by the Railways Department. The Minister of Railways had asked the Canadian National system to supervise the completion of the work.

The interim supply voted would be used for maintenance and repairs on that portion of the road on which rails had been laid. In voting money for the Hudson Bay Railway the Government was carrying out the policy of all governments of recent years. He expected the work would be proceeded with diligently until completed.

Senator Tanner said he understood certain funds had been earmarked for Hudson Bay Railway construction.

$26,000,000 Spent.

Senator Dandurand said that certain lands had been set aside for this purpose of which $15,000,000 had been sold and $12,000,000 had been collected. To date the expenditure had been $20,000,000 on the railway and $6,000,000 on the terminals and it was hoped this vote of $3,000,000 would complete the road.

Senator Daniel asked if they were to consider this transportation system for colonization or export purposes. The answer to this question would decide the votes of a number of Senators. He also asked if large sums were to be expended in Hudson Bay to make this an export route.

Senator Dandurand said that after the expenditures in Saint John and Halifax harbors careful consideration would be given to any expenditures on terminals on Hudson Bay. Senator Dandurand promised further information when the bill came up for its second reading to-day.

Painting Removed.

Senator Tanner drew attention to the removal of the historic painting of Queen Victoria from the possession of the Senate to that of the House of Commons. This painting had been saved from the fire in Parliament Buildings, Montreal, and also the fire in the buildings at Ottawa.

Senator McLennan asked why the portraits of King George III and Queen Caroline which formerly hung in the rotunda of the Senate had been removed.

He was informed by the speaker that these pictures were being repaired previous to being replaced. A number of Senators discussed the present Senate chamber and made unfavorable comparisons of the present one with that in the old building.

QUEEN'S UNIVERSITY CONFERRED DEGREE ON HON. R. B. BENNETT, M.P.

85th Convocation at Kingston—196 Degrees Awarded to Graduates.

GRAD OF 1851 THERE

KINGSTON, May 6.—(Canadian Press.)—The eighty-fifth session of Queen's University terminated Wednesday afternoon with convocation at which 196 degrees were awarded to arts, science and commerce students, besides several awards in scholarships, medals and prizes. Grant Hall was filled with students and their friends. Among those present was the oldest living graduate, Prof. G. D. Ferguson, of Kingston, who took his B.A. degree in 1851. The chair was occupied by Sir Robert Borden, Chancellor of Queen's.

The Honorary degree of Doctor of Divinity was conferred upon Rev. J. R. Watts, of Ottawa and the honorary degree of Doctor of Laws upon Hon. R. B. Bennett, K.C., M.P., of Calgary; Dr. A. R. Elliott, Chicago, Ill., Mr. H. A. Guess, New York, N.Y., and Dr. W. H. Rankin, Brooklyn, N.Y.

Dr. Bennett who spoke for the recipients of honorary degrees implored the graduates and students of Queen's to recognize their duty and obligations to Canada and come to the help of their country. Never, he said, had the nation needed the assistance of such men as it did now. The high test of achievement, the speaker continued, was what a man did for his community and country and not how much material wealth he piled up.

In his address to the graduating class, Chancellor Borden reminded them that they were leaving their Alma Mater to enter the university of the reality of life and urged them always to hold aloft the torch of culture of learning and of ideals.

SEVEN VESSELS AND HOTEL ARE C.P.R. PROGRAM

New $1,500,000 Hotel In Regina Authorized By Shareholders.

AT 44TH ANNUAL.

Will Spend $15,000,000 On Ships—Regular Dividend Declared.

MONTREAL, Que., May 6.—(Canadian Press.)— The City of Regina, Sask., is to have a new $1,500,000 hotel. At the forty-fifth annual meeting of Canadian Pacific Railway shareholders here yesterday, approval was given to an agreement between the Regina civic authorities and the company for the erection of the structure.

A section agreement between the Canadian National Railways and the C.P.R. for the joint use by the companies of the latter organization's British Columbia lines from Kamloops to Bostock and from Armstrong to Vernon and for the joint use of C.N.R. lines from Vernon to Kelowna, with a branch from a point near Vernon to Lumby, was also sanctioned.

Authorization for expenditure of a sum up to $15,000,000 for the construction of seven new vessels, of which two will be 18,000 ton passenger boats and five cargo boats, was carried.

Dividend Declared.

At a meeting of directors of the C.P.R. a dividend of two and one-half per cent. on common stock for the quarter ended thirty-first March, last, was declared from railway revenues and special income, payable June 30th next to shareholders of record at 3 p.m., June 1, next.

MARMORA NEWS.

MARMORA, May 5—Those from Marmora atending the funeral of the late Major F. A. Webb at Norwood on Sunday aternoon were Captains C. A. Bleecker and P. Gray, Sergeants J. Laird and L. Rundle, Corporal C. Rose and Comrades H. Nayler, J. Meraw, W. J. Cottrell, T. McQuaig, J. Wiley and H. McWilliams of the G.W.V.A.

Misses Edith and Florence McWilliams of Toronto are visiting relatives in town.

Miss Hilda Phillips, teacher at Harold, spent the week end at her home here.

The fine weather on Sunday broken only by a few heavy showers at noon, was responsible for exceptionally good congregations at the local churches.

A three act comedy, "Bashful Mr. Bobbs' is being put on at the Town Hall, Marmora, next Friday evening with a cast of eleven characters chosen from the senior boys and girls classes of the United Church Sunday school.

WOOLER NEWS

WOOLER, May 6.—Rev. Asa Rogers has received word from his son Arthur of Fort Saskatchewan, Alberta that his son, Asa, was drowned in the Saskatchewan River. Much sympathy is felt for Arthur Rogers as he was an old Wooler boy.

Mrs. Boneham of Detroit is spending a few weeks with Mr. and Mrs. Henry Richards and other relatives.

Miss Loretta McColl who has been spending a few weeks in Campbellford returned to her home on Saturday.

Bob Heath and family of Kingston are returning to occupy the house lately vacated by Mr. and Mrs. George Osmond.

Miss Frances Terril spent Sunday with Miss Stella Nelson.

Mr. and Mrs. Bert McColl and family spent Sunday with Mr. and Mrs. Charles Sharpe.

Mr. and Mrs. Percy Gording spent Sunday with Mr. and Mrs. William Gillings.

The cheese factory has opened again for another season, under the management of Harold Steinburg.

The egg circle business is increasing very rapidly. L. H. Rowe shipped 2,000 dozen of eggs last week and this week 2,200 dozen.

Mr. and Mrs. Aaron Clarke are spending this week in Toronto visiting Mrs. Clarke's sister, Mrs. D. S. Austin, who is lying in the Private Pavilion, General Hospital.

Dr. and Mrs. Anderson are in Toronto this week.

LIBERAL BUDGETS

(Continued from page one.)

of these reductions, amounting to $73.000,00 in all had been announced by Liberal ministers of finance. Four had been announced by Conservative ministers, totalling, however, only $27,000,000.

Speaking of the tariff board, Mr. McIntosh said: "I believe it is worth experimenting with." The success of the tariff board largely depended upon the manner in which its members went about their work.

British preferences in tariff were defended by the speaker, who said that the principle of British preference was to-day wrapped up with the fiscal policies of Canada and Great Britain and had worked as a regulator of prices in Canada. British preferences had also contributed largely to the rapid advances of Canadian export trade. Mr. McIntosh concluded with an appeal to set aside all sectionalism.

Would Limit Speeches.

J. L. Stansell (Conservative - Norfolk Elgin) believed that the rules of the House should be amended so as to limit speeches to 30 minutes, except in the case of party leaders and members of Cabinet rank.

The budget had been "skilfully prepared" with the idea of securing votes and popular support. "The hope of the government is that this will not suffer much more than some far-election they can once more get back on the treasury benches." Would it not have been better, he questioned, to continue the postage tax, concerning which there had been little complaint, and use the surplus derived therefrom for the extension of rural delivery services. The poor man who wrote only a few letters each year would benefit by the return to penny postage and the abolition of this tax would primarily benefit large financial corporations and other wealthy institutions carrying on a large correspondence. In not one instance, said Mr. Stansell would the budget benefit the poor man.

Demands not Drastic.

A. D. Chaplin (Cons., Kent) believed that the Progressives had not been so drastic in their demands for a reduction in the automobile tariff as "the black knight from the west and his crew." Already one manufacture had announced his price cuts of $15 per car. If the government had been so very sincere about puting the automobile within reach of the poor man, it would have removed the luxury tax which would have meant more than a $15 cut. Mr. Forke had said that the manufacturers would not suffer much more than some farmers in the west had suffered from hail. Farmers, said Mr. Chaplin, often lost everything which was hardly a kindly thing for the leader of the Progressive party, who was supposed to be the missing link of unity between east and west, to say.

Mr. Chaplin declared that the sugar beet growers of Conada would be forced to compete with negro labor by the West Indies treaty, and at the present time the acreage under cultivation was being reduced each year by the tariff reductions of the governmnt.

Robb Meets Perley With Conservative Opinion As Expert Advice On Auto Tax

OTTAWA, Ont., May 6.—(Canadian Press.)— Considerable amusement was caused in the House of Commons yesterday afternoon, when Hon. J. A. Robb, Minister of Finance, in responding to a request from Sir George Perley (Conservative, Argenteuil) for the production of a copy of the expert advice received by the government on the question of the reduction of the tariff on automobiles, laid on the table a number of newspaper clippins containing expressions of opinion made last year by leading Conservatives in the matter of the duty on motor cars.

Mr. Robb remarked that certain information had been received from the government, which data however was of a confidential character.

"We take it from the government that the Minister of Finance has now given us all the expert data he has," commented Rt. Hon. Arthur Meighen, Conservative leader.

VISORS TO BE CHANGED.

INDIANAPOLIS, Ind., May 5.—Short visors on the uniform caps worn by police are now required under an order which condemns "long bills" as "not military." Police are complaining because the new visor will not keep the sun out of the eyes.

FINGER PRINTS TRACE CONVICT

Arrested in Oshawa as Vagrant—Escaped From Calgary Police.

TO BE RETURNED.

CALGARY, Alta., May 6.—(Canadian Press.)— Fred Martinovitch, much wanted Calgary convict, has fallen a victim to the Dominion-wide finger print system maintained by the police, and is being held in Oshawa, Ont., for transfer to Alberta.

Martinovitch made a spectacular escape from Provincial Police Officer E. J. Carr on Dec. 6, last, just as the policeman was marching him out of the local barracks to the Prince Albert train.

The man was arrested at Oshawa under another name, according to information reaching the police here. Vagrancy was the charge. While held in the Ontario city his finger prints were sent to Ottawa for identification. Return of Martinovitch to Calgary will be the result.

Martinovitch was sentenced to two years for receiving stolen property, the proceeds of a Bassano robbery. He will also face an additional charge of escaping from police custody.

Have You Tasted "SALADA" TEA

GREEN TEA

Those who have used Japan, Young Hyson or Gunpowder Tea will appreciate the superiority of this delicious blend, always so pure and rich. Try it.

CAVAN PERSONALS

CAVAN, May 6.—Dr. Hamilton, Bethany, made a professional call in Cavan village on Sunday afternoon. There are several cases of illness in the village.

Mr. Gerald Staples, Lifford, spent the week end at his home in Cavan.

Rev. A. R. Hazard, Toronto, representative of the Bible Society of Canada, will speak, in the interests of the Bible Society in Cavan church on Thursday evening.

The Ladies' Aid withdrew their meeting for the month of May.

Mr. Gordon Reynolds returned to Toronto on Saturday to his work in a branch of the Bank of Toronto. He had spent his three weeks vacation with Cavan and Millbrook friends.

On Sunday afternoon, May 9th, a "Mother's Day" service will be held in Cavan United church. The Sunday school of Mount Pleasant, Ebenezer and Cavan Centre are invited to participate in the service.

Mr. Melville Staples, Orono, will be the speaker for the occasion.

The local trappers report a good catch of rats.

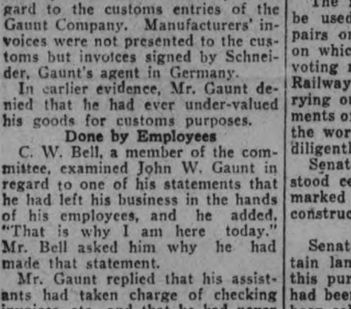
Mr. Herb Syer motored to Peterboro on Saturday. The roads are becoming much better and cars are seen quite frequently on the side lines now.

T. Medd went to Toronto again last week to have treatment for his cheek.

Every one is least known to himself, and it is very difficult for a man to know himself—Cicero.

Keep Baby's Skin Soft as Velvet

Prevent and Relieve Eczema



Mrs. Albert Bishop, 38 Laplanche St., Amherst, N.S. writes:—"In one week my baby was entirely relieved of eczema by the use of two boxes of Dr. Chase's Ointment. He had sores all over his back."

EVERYWHERE Dr. Chase's Ointment is known and appreciated by mothers who have with gratitude witnessed the benefit it has brought to their suffering children.

Chafing and cracking of the skin is often the beginning of eczema. The trouble develops where two surfaces of skin rub together—as in the neck, armpits or between the legs of fleshy infants.

Dr. Chase's Ointment applied after the bath brings relief from this condition and prevents eczema.

This fine old Canadian drink is now world famous

"CANADA DRY" was originated by J. J. McLaughlin Limited far back in the late nineties and it soon became known throughout the Dominion as an exceptionally fine ginger ale.

For many years, however, it was sold only in Canada. Even the name was unknown beyond the borders of our country.

Then it was introduced to the United States and it became a sensation overnight. People there had never tasted a beverage so delicious and refreshing and they took to it as they have never taken to any other ginger ale. In the last five years, "Canada Dry" has been the most amazing beverage success the States have ever seen.

Today this fine old home product is sold in almost every country on the map and it is famous the wide world over for its high quality. You will find it sold even in such far-off countries as Egypt, the Virgin Islands, the Philippines, Cuba and Hawaii.

Millions of bottles are sold *every week* and every bottle sold advertises the excellence of Canadian products and helps to make Canada better known. The very name "Canada Dry" does that.

Pale, like champagne in color—"dry," like an old wine—piquant yet mellow—agleam with sparkling vitality—it is the finest beverage you have ever lifted to your lips or served to some good friend.

Try it soon. You will never forget the wonderful flavor.

"CANADA DRY"

By Appointment to Their Excellencies, The Lord and Lady Byng of Vimy

The Hostess Package of 12 bottles

TRY THIS DELICIOUS DOZEN

Here's the most convenient way of buying "Canada Dry." Ideal for home use. Twelve bottles in a substantial carton. You will be especially glad to have it handy for your dinners at home, for formal entertaining or when good friends drop in unexpectedly. This Hostess Package is sold by all "Canada Dry" dealers.

Made in Canada by J. J. McLaughlin Limited, Toronto and Edmonton. Established 1890. In U. S. A., Canada Dry Ginger Ale, Incorporated, New York

REPORTS TO CITY COUNCIL

FIRE, WATER AND LIGHT COMMITTEE.

The Fire, Water and Light Committee reported as follows:

We received tenders for one thousand feet of two and one-half inch fire hose with coupling from the following: Bi-Lateral Fire Hose Company for Kingan Hardware Company, Dominion Rubber System, Gutta Percha and Rubber Limited, Dunlop Tire and Rubber Goods Company, Goodyear Tire and Rubber Goods Company, Auto Tire Repair Company, McClennan Hardware.

The Bi-Lateral Fire Hose Company offered a guarantee of 400 pounds pressure and for six years, and the other companies' guarantee included 400 pounds pressure and three years. They all included two per cent discount, ten days.

We recommend that a contract be given to the Bi-Lateral Fire Hose Company, through Kingan and Company, for five hundred feet of Multiplex hose at $1.70 per foot, and an order to the Gutta Percha and Rubber Limited, through the Auto Tire Repair Company, for 500 feet of Paragon hose at $1.70 per foot, in accordance with their tenders. The words "Peterborough Fire Department, 1926" to be stamped on each coupling.

We received the following tenders for public liability and property damage insurance on the motor apparatus in the fire hall: A. Stewart—St. Lawrence Underwriters Agency, $280; Dixon & Hurley—St. Lawrence Underwriters Agency, $280; L. L. McGuire—Toronto Casualty Fire & Marine Insurance Company, $200; H. Peyton—Casualty Company of Canada, $295.

We recommend that the offer of L. L. McGuire for the Toronto Casualty Company be accepted.

We received from the Bickle Fire Engines Limited a price of $25 for a hose basket having a capacity of three hundred feet of chemical hose and of $160 for a twenty-five gallon steel chemical tank and $170 for a thirty-five gallon steel chemical tank. We also received from the American-LaFrance Fire Engine Company a price of $445 for a Champion chemical tank and of $500 for a Champion Babcock equipment with fittings.

We recommend that a thirty-five gallon steel chemical tank and necessary equipment be purchased from the Bickle Fire Engines Limited.

We recommend that the chairman of this committee be authorized to purchase the necessary equipment for the fire department ,the payment of which is provided for in the appropriations.

We recommend that the Utilities Commission be requested to place one magnetite light on the south side of Simcoe street on the present standard and that the chairman of this committee be authorized to have the following lights placed: One on King Edward street; one on Stewart street at Murray street and two on Bethune street between Murray and Hunter streets.

We recommend that the chairman of this committee be authorized to have the eletric lights in the section northwest of the Normal school and on Anson street, Barnardo avenue and Argyle street connected with the remodelled system of street lighting.

We recommend that the Utilities Commission be requested to give a rate for a centre suspension system of street lighting in the western section of the city where the electric lines are being rebuilt.

We received tenders from the following for uniforms and clothing for the members of the fire department: Grafton and Company, J. D. Walmsley, Cressman Company, A. C. Sharpe, W. H. Dickin.

We recommend that this committee be authorized to procure the uniforms and other clothing for the members of the fire department.

PROPERTY COMMITTEE.

The Property Committee reported and recommended as follows:

That the recommendation of the local Board of Health that sanitary conveniences be installed in the houses of Mrs. F. G. Hall and V. Stewart, No. 505 Water street, and H. H. Tucker, No. 425 Bethune street, the cost to be paid for in instalments, be adopted, and that the chairman of this committee be authorized to have sanitary conveniences installed in these houses.

That when it is necessary for the sanitary inspector to go out of the city to inspect premises of milk vendors or producers, his expenses be paid on the certificate of the chairman of this committee.

That the Board of Works be paid $5 a cord for wood from tree trimming delivered at the incinerator.

That the chairman procure prices for a flag for the city building.

That the council of the Township of Smith be informed that the city cannot handle the garbage from Chemong Park in the city incinerator.

RAILWAYS AND PARKS COMMITTEE.

The Railways and Parks Committee reported as follows:

We received the following tenders for the caretaking of Victoria and Central Parks and the two gores on Park street: Wm. Henry, $900; Philip Card, $900; Wm. Pearson, $900. We recommend that the tender of Philip Card be accepted.

We received the following applications for the caretaking of the athletic section of the James Stevenson Park: Joseph P. Hobbins, $18 per week; G. Gauthier, without any wages being specified. This matter was referred to the chairman of this committee to report to the council.

With reference to a letter from the Kiwanis Club withdrawing their offer to construct a wading pool at King Edward Park, we recommend that the city clerk write to the Kiwanis Club and explain the action of the committee and the council in the matter.

We recommend that a license be taken out for the athletic section at the James Stevenson Park and amusement tax tickets procured from time to time, and that they be paid for on the certificate of the chairman of this committee, and that the chairman of this committee be authorized to employ the necessary help to operate the park and that such help be paid for on the certificate of the said chairman.

We recommend that the chairman of this committee interview the chairman of the Board of Education with a view to securing the opening of the lavatories at King Edward school to those using the athletic section of King Edward park and that if this arrangement is made the chairman of this committee be authorized to arrange with the caretaker of the school for the necessary extra attention and that the caretaker be paid on the certificate of the said chairman, and also that the chairman report on what provision can be made for lavatory accommodation at that park.

We recommend that the chairman of this committee be authorized to have the life saving bolls at the bathing beaches connected up.

We recommend that no action be taken in the matter of constructing crubing along the walk in Victoria park running northeasterly from the fountain to Murray street.

We recommend that the county council be written to and requested to make a grant to this city towards the expense of maintaining Victoria park and that the mayor and chairman of this committee be a committee to interview the county council in support of the request.

We recommend that the chairman of this committee be authorized to have the necessary repairs made to the equipment in the parks.

FINANCE COMMITTEE.

The Finance Committee reported and recommended as follows:

That the mayor be authorized to sign an order for the admission of Thomas Clarke, who is suffering from tuberculosis, to a sanitarium, and that the city treasurer be authorized to pay the expenses for his transportation to a sanitarium.

That the chairman of this committee write to the Kiwanis Club and thank them for their kindness to children especially in a case that came before this committee.

That a reply be sent to questions asked by the council of the City of Chatham in regard to the municipal income tax as follows: That the municipal income tax collection in this city is satisfactory; that special efforts are made to check up evaders; that good success attends such efforts; that there is no by-law in this city compelling all residents to make voluntary declarations regarding income and that this council would not join in a petition to have the tax abolished.

That W. J. Kearns be informed that this committee has received reports from the collector of taxes and the city treasurer in regard to his complaint that he had made an overpayment of taxes and that these reports are on file and are open to his inspection.

That the Norwood Board of Education be informed that this city is not liable for an account which it rendered for the attendance of a pupil at the Norwood High school.

That the following accounts be paid: American-LaFrance Fire Engine Company Limited, $3.73; Bell Telephone Company, $44.40; A. Brown & Company, $1.65; E. J. Cadd, $8.80; Canadian National Railways, $120.80; Campbell & Best, $13.60; Cooney & Jopling, $35.20; M. S. Donoghue, $14.50; The Empress Hotel, $84.50; Fitzgerald & Company, $52.60; Grant & Thorpe, $71.79; Aldous & Metcalfe, $1; D. Belleghem & Sons, $5 ; BurroughsAdding Machine Limited, $7.40; Canadian National Telegraphs, 33c; Canadian Pacific Railway Company, $32.03; City of Peterborough (F. D.), $10.97; Dixon & Hurley, $11.25; Duffus Motor Sales, 65c; Manning's Steam Laundry, $14.29; G. Grange, $4.50; W. H. Hamilton, $1.25; Wm. Hamilton Company Limited, $65.39; Norman Harper, $4; Higgins Hardware Company, $10.65; Mrs. H. Jackson, $5; A. Low & Company, $1.88; Chas. W. Mack, $1.94; The Merchants Press, $16.54; A. Murty, $1; Peterborough Examiner Limited, $2.36; Peterborough Review Company Limited, $346.52; Peterborough Utilities Commission, $3.72; Peterborough Utilities Commission, $28.97; Peterborough Utilities Commission, $45.72; Remington Typewriter Company Limited, $1; St. Joseph's Hospital, $1,163.50; Sawyer-Massey Company Limited, $219.92; R. J. G. Sutherland, $3.70; Trebilcock Brothers, [illegible] toria Industrial [illegible] Yeotes & Company, $30; Hamilton Health Association, $46.50; R. C. Heard, $28; Imperial Oil Limited, $72.15; Kingan Hardware Company Limited, $22.20; James Lynch 75c; The Manning Garage, 50c; A. G. Metheral, $8; The McLean Stationers, $4.60; Peterborough Hardware Company Limited, $16.45; Peterborough Utilities Commission, $16.26; Peterborough Utilities Commission, $10.58; Peterborough Utilities Commission, 75c; Peterborough Utilities Commission, $9.30; H. G. Rumary, $24; St. Mary's Industrial School, $90; Schneider Bros., $315; Treasurer of Ontario, $936; United Typewriter Company Limited, $1.20; Workmen's Compensation Board, [illegible]

BOARD OF WORKS.

The Board of Works reported and recommended as follows:

That a report from the chairman and the city engineer suggesting a programme for street paving, which is attached to this report, be received and approved.

That notice be given of the intention of the council to pave Reid street from McDonnel street to the northerly boundary of lot 23, plan 29T, and Rubidge street from Charlotte street to Rink street as local improvements under section 9 of the Local Improvement Act.

That notice be given of the intention of the council to construct sewers on Perry street from Park street to Stewart street and on Dublin street from Bethune street to Stewart street as local improvements under section 9 of the Local Improvement Act.

That a reply be sent to R. G. Kingan saying that his suggestion that calcium chloride be used on Aylmer street to lay the dust was considered but that calcium chloride has been tried by the street department for this purpose and that the people living on the street where it was used were dissatisfied with it.

That with reference to the letter from the superintendent of the Barnardo Home consenting to the city removing some trees from their property the city engineer communicate with the superintendent in regard to trimming the trees further south.

That the city engineer be authorized to purchase a chain hoist at a cost of $68.50.

That a recommendation of the city engineer that the cement required this year by the city be purchased from T. Rehill and Company be adopted. The report and recommendation of the city engineer is attached to this report.

That notice be given of the intention of the council to construct a cement sidewalk on the south side of Woodbine avenue from Armour road to a point 334 feet easterly as a local improvement under section 9 of the Local Improvement Act.

That the chairman and the city engineer report on the laying of a sidewalk south of Perry street on the Canadian National Railways right-of-way.

That a request of R. J. Martin for an approach on Bethune street to his property at the corner of Bethune and Dalhouse streets be granted.

That the city engineer be instructed to repair Aylmer street between Wolsley street and Aberdeen avenue and Downie street from Hunter street to Brock street.

That a car of amiesite be purchased for repairing streets.

ASK TARIFF ON U.S. MAGAZINES

Ten Cents a Pound Suggested By Montreal Publicity Association.

TO GOVERNMENT.

MONTREAL, Que., May 6. — (Canadian Press.)—As a means of encouraging development of Canadian magazines and periodicals the literature of foreign nations entering Canada should be placed under a tariff duty, it was resolved at a meeting of the Montreal Publicity Association yesterday. A petition to be forwarded to the Dominion Government by the Association at an early date will urge that a tax of ten cents per pound be imposed on reading matter coming into the country.

"Foreign publications with large circulations in Canada are exerting considerable influence on Canadian citizens of character not beneficial to the best Canadian interests," declared the resolution adopted at the meeting. The belief was set forth that "it is essential to encourage the development of Dominion magazines and periodicals as a vehicle to cultivating Canadian ideals, Canadian unity and a truly national spirit."

It was said efforts to encourage literary and artistic work in the Dominion could not be carried out to the best advantage "while foreign publications are allowed to flood the country."

PILE SUFFERERS

Can You Answer These Questions?

Do you know why ointments do not give you quick and lasting relief?

Why cutting and operations fail?

DO you know the cause of piles is internal?

That there is a stagnation of blood in the lower bowel?

Do you know that there is a harmless internal remedy discovered by Dr. Leonhardt and known as HEM-ROID, now by McDermid & Jury and druggists everywhere, that is guaranteed?

HEM-ROID banishes piles by removing the cause, by freing blood circulation in the lower bowel. This simple home treatment has an almost unbelievable record for sure, safe and lasting relief to thousands of pile sick sufferers, and saves the needless pain and expense of an operation. Don't delay. Try HEM-ROID today. It will do the same for you.

LAKEFIELD NEWS

LAKEFIELD, May 6.—Mrs. W. C. Dunford and children of Toronto are visiting friends in the village.

WINTER GRAIN FOR U. S. PORTS

Canadian Government Permits Discharge of Grain Held In Storage.

LAKE ACTIVITIES.

OTTAWA, May 6.— (Canadian Press.)—American boats with winter grain cargoes at lakehead ports will be allowed to discharge at United States ports. The government decided yesterday to give authorization to this effect.

Six Boats Sail.

FORT WILLIAM, Ont., May 6. —Six of the vessels which have had grain aboard in storage all winter cleared Tuesday night and Wednesday morning from Fort William and Port Arthur, all United States boats bound for Canadian ports.

The fleet that went out carried 1,719,000 bushels of wheat, mainly for Port Colborne.

Nine grain boats loaded yesterday, ten of the winter fleet are still waiting and ten are on their way up light for grain.

First Freight Cargo.

PORT ARTHUR, Ont., May 6.— The first lake frieght cargo of the season is being unloaded from the steamer Glenellah, which arrived from the east at the C.N.R. sheds yesterday. Two hundred and fifty men are now at work on the docks.

First at Midland.

MIDLAND, Ont., May 6.—The honor of being the first boat to arrive in this port this year goes to the Novadoc of the Peterson Line. She arrived here at noon yesterday carrying 128,00 bushels of barley and after discharging at the Aberdeen cleared for Fort William.

NEWS OF MARMORA

MARMORA, May 6.—Mrs. M. Gallagher and Miss Mary O'Brien, of Toronto, are visiting at Mr. A. S. Robertson's.

Misses Dora Osborne and Reta Kennedy spent Sunday at their homes here.

Use A Classified Ad.
Week of May 10 to 15

Results Guaranteed

HERE'S THE PROPOSITION:

1. Insert a Classified Ad. in the EXAMINER any time between 8 a.m. May 10th, and 5 p.m. May 15th.
2. Order it to run for six consecutive days.
3. If, on the last day it runs, you are not satisfied with the results, come in and tell us and we will run the Ad for an additional week without charge.

RULES FOR GUARANTEED RESULT ADS.

1. The ad must be inserted sometime during the week of May 10th to 15th.

2. It must be ordered to run in at least six (6) consecutive issues of the Examiner

3. It must be paid for on the day it is first inserted.

4. No advance in price, regular classified rates apply.

5. If results are obtained before it has run six times, balance of money will be refunded if the ad is ordered discontinued in writing or personally over counter.

6. If no satisfactory results are obtained the ad will be run free of charge for one additional week.

7. Unsatisfactory results MUST be reported to the Examiner by letter, telephone or personal call on the last day the ad is scheduled to run, before 6 p.m.

8. If no report is received by 6 p.m. of the last scheduled date of the ad, the Examiner will consider the results satisfactory and take the ad out.

9. An ad allowed to lapse will not be re-inserted free of charge.

10. No change of ad allowed except in the case of typographical errors, which errors must be reported within 24 hours.

11. Not more than 6 extra insertions of ad without extra charge.

12. If no satisfactory results are obtained, let us know. We take your word for it. Just call 1600 on the last day the ad runs, say the results were not satisfactory, and the ad will be run for six more days free of charge—and no questions asked.

LINDSAY PRESBYTERY TAKES NO ACTION ON TRAINING OF CADETS

Resolution for Abolition of School Cadets Passed Over Without Discussion—Demand Aggressive Defense of O. T. A.

HOLD NEXT MEETING AT KINGSTON

LINDSAY, May 6—The meeting of the Lindsay Presbytery came to a close yesterday morning, Kingston being selected as the next place of meeting on the call of the chair.

In connection with defining the "Keene Area" in Peterboro County, the Presbytery adopted the following resolution: "That the proposed re-arrangement of the "Keene Area" be commended by the Presbytery, and that the committee be requested to bring this proposal before the congregations concerned for their consideration; that in the event of an executive committee not being appointed at this meeting, the Committee on Delimination of Pastoral Charges be given full powers as a Commission of Presbytery to issue the matter.

Reserve Commissioners to the General Council were selected as follows: Revs. Holling, Lindsay, Harston, Woodville; Messrs. N. Smale, Lindsay; F. G. Perrin, Oakwood.

The committee appointed to review the appeal of S. W. Hamm, Methodist minister, who had made application for membership in the Presbytery, reported that request should be sent on to Bay of Quinte Conference.

History of Congregations

Rev. A. M. Pope, of Coboconk, on behalf of the Historical Committee, reported suggesting that historical account of the congregations be sent in for compilation by June 10, that each congregation should appoint a committee to furnish account of year's activities; that ministers and congregations take extra care of their records; that separate register and communion roll be kept; Mr. Pope's work was commended, and the recommendation that he be allowed to continue in office will be forwarded to Conference.

The report of the Committee of Colleges was submitted by Rev. Dyer, of Greenbank. The progress made by several students now studying for the ministry was reviewed. Mr. A. F. Binnington is a candidate for the ministry and is certified to college next year.

Mr. W. I. Taylor of Victoria county, has been recommended as a candidate for the mbinistry and was received by the Presbytery.

Rev. Mr. Stillman, Norwood, reported on Presbytery boundaries. The report recommended that the Lindsay Presbytery consist of Peterboro, Victoria and Haliburton counties.

Selecting Representatives

Rev E. G. Robb, of Beaverton, moved the following resolutions, which were adopted by the Presbytery after considerable discussion:

"That Presbytery respectfully memorialize the General Council, through the Bay of Quinte Conference to define method by which Conference shall select representatives to General Council; that this Presbytery give general approval to the following plan, and suggest that it be considered by the General Council:

"Each Conference shall be entitled to select one Ministrial Commissioner for every twelve ministerial members, and an equal number of lay commissioners. Where the number of ministerial members divided by eighteen leaves a remainder of nine or more, the Conference shall be entitled to select one additional Ministerial Commissioner and one additional lay commissioner.

"No member of a General Council shall be eligible for membership in two successive General Councils except for special reasons to be stated on the floor of the Conference."

A motion was passed that the method of the selection of Commissioners to the General Council be election by ballot on the floor of the Conference without nomination.

The memorial will be sent to Conference for endorsation and then on to General Council.

Nominations for the Settlement Committee were as follows: Ministers—Rev. J. W. Gordon and R. T. Richards of Peterboro laymen—N. Smale, of Lindsay; S. Keown of Woodville.

Rev. J. J. David of Kinmount introduced the following resolution: "Inasmuch as the work of this Presbytery is very considerable, it is hereby agreed that the Presbytery shall hold four regular meetings in each year.

"To facilitate the transaction of extraordinary business between regular meetings, it is hereby agreed to appoint an executive committee; the chairman, secretary and treasurer of Presbytery to be ex-officio members, who shall have full power to transact such business and shall report to Presbytery."

The motion was laid on the table, and the executive for the time being will be Chairman, secretary and treasurer.

Statistical Report

The Statistical Report was presented by Rev. Mr. David as follows: Members of session, 439; stewards or managers, 631; other members of official board, 432; number of families, 8,257; not connected with families, 795; total under pastoral care, 28,074; baptisms, 496; marriages, 229; burials, 473; received by profession of faith, 578; received by certificate, 781; removal by death, 199; by certificate, 836; otherwise, 606; total membership, 14,828; Sunday Schools, 118; officiers and teachers, 1,356; pupils, 11,300; total membership 13,486; Y.P.S. membership, 3,238.

Defend O.T.A.

A strong resolution, which emphasized the need of aggressive action in order to combat the attempts to weaken the efficiency of the legislation in the interests of temperance on the statute book was submitted to the Presbytery and referred to the temperance committee.

The following resolution from the social service committee was adopted:

"We believe that the main problem of morality and religion are soluable only insofar as our homes are thoroughly Christian. Since there is so much in the life of today which tends to take the people out of the home constantly, and to thus render it difficult for the home to do its work, we would call the attention of our people to this danger, and urge upon them the necessity of carefully guarding its influence, and of keeping high and pure and devout this single greatest force for upholding the Kingdom of God."

Cadet Training

A feature of the Presbytery was the reception accorded the resolution regarding the abolition of cadet training, which has been sent down to all Presbyteries for a report back to General Council at Montreal in June. When the resolution, which is as follows, was read by acting secretary Rev. Hartson of Woodville, the Presbytery, without any discussion, decided to take no action:

"That whereas we believe that the training of our young men for war is contrary to the spirit of Christ; therefore, resolved that we take steps to discontinue all the officers' training corps in the colleges of the United Church, and that we urge the Government to abolish cadet training in the public schools of the Dominion."

It is understood that Revs. M. C. MacKinnon, and R. T. Richards of Peterboro had been asked to speak to the resolution when it came up for consideration at the Presbytery.

LIVERMORE, May 5.—Old law book printed in 1771 by Robert Bell, a Philadelphia typesetter, is still in active use in the library here. The publication known as the first book of Blackstone's Commentaries is in good condition despite its 155 years and is as readable as many recently printed books.

PETERBOROUGH CITIZENS ARE CLEANING UP

Homes As Well As Yards and Gardens Receiving Attention.

As the winter season is closing and we are entering the spring, we look forward with expectancy and in anticipation of clear spring air and sunshine. Springtime is the most glorious season of the year. For its fullest enjoyment it brings certain responsibilities too. It is the growing season and to assure well being in the fullest sense we must be assured of a condition of Healthful Cleanliness.

So important is this that Clean-Up Week becomes a community undertaking that means an indvidual responsibility and now is the time to clean up thoroughly and make the corners and the hard-to-get-at places spic and span. Clean up the house and yard, and the alley as well. When you "Chase Dirt" completely away you are assured of better health.

Nothing more strongly symbolizes the spirit of healthful cleanliness than a little Old Dutch Lady chasing dirt and would be a worthy ensign for this clean-up campaign. The reward of a successful Clean-Up Week" is the pride of a spic and span community, a spic and span home, and the added enjoyment and comfort which healthful cleanliness brings.

Peterborough will emerge from at the end of Clean-Up Week, to be announced by Mayor Holloway, Brighter, Cleaner and Healthier as a result of our clean-up activities.

Stomach So Bad Can't Eat Even Fruit

"For years was badly constipated and troubled with gas after eating. Could not eat fruit and many other things. Adlerika has done me good—can now eat anything." (signed) W. H. Fletcher. Adlerika removes GAS and often brings astonishing relief to the stomach. Brings out a surprising amount of old waste matter you never thought was in the system. Stops that full bloated feeling and makes you enjoy eating. Excellent for chronic constipation. McDermid & Jury and E. L. Payne, Druggists.

MAN KILLED.

WINDSOR, May 6 (Canadian Press).—Ignoring the lowered gates on the Michigan Central crossing at Essex, Nelson P. Wigle, present resident of that town was instantly killed when he was struck by a westbound passenger train.

RIGID ECONOMY CANADA'S NEED

Chairman of Manufacturers Urges Stable Government Policy.

MARITIME QUESTION.

HAMILTON, May 6 (Canadian Press).—Melville P. White of Toronto was elected chairman of the Ontario division of the Canadian Manufacturers' Association at the annual meeting here this afternoon, succeeding Elmer Davis, Kingston. W. R. Drynan of Hamilton is the new vice chairman. Rigid public economy and stable, dependable Government policy were urged by Mr. Davis in his address as retiring chairman.

The year just closed had been one of continued readjustment and reconstruction in industry, Mr. Davis said, but the adversity of today would be a stepping stone to the prosperity of tomorrow. The vastly improved condition of agriculture was responsible in a large measure for the improved conditions in industry.

The problems of the Maritime Provinces were referred to by Mr. Davis, who said the question was now Ontario and Quebec manufacturers could help the sister provinces.

"I think that they would be satisfied in a measure at least if a better demand could be found not only for their manufactured goods, but specially for their natural products, particularly fish and coal."

The executive committee's report noted that among Canada's undeveloped regions, Northern Ontario was particularly attractive to pioneers. It was also stated that until such time as a real need could be shown, the matter of a minimum wage for boys under 18 years of age could be allowed to stand.

CANNED TOMATOES PREVENT "DEFICIENCY DISEASES"

Many years of study and investigation preceded the discovery that a substance called Vitamine must be present in our daily food to prevent what are known as "deficiency diseases." These diseases, in various forms, are due to a too-limited diet, a too-great sameness in foods that are lacking in Vitamine content. This fact was exemplified during the World War when the German cruiser "Emden", though well supplied with good food, was forced into Newport News with most of the crew in a dying condition because of the lack of vitamines in the ship's diet.

A mixed diet was some years ago proven to be the best safeguard against vitamine deficiency. More recently, after a deeper research, it has been established that there are at least four Vitamines instead of only one, as at first supposed. Three of these, designated as Vitamines "A," "B," and "C", are declared by medical science to be essential to a properly balanced diet. The selection of healthful, nourishing foods, therefore, hinges upon the number and amount of these Vitamines contained in them.

Vegetables have proven to be extremely rich in the essential Vitamines. Ordinary home cooking, however, has a tendency to destroy the Vitamine content. In contrast to this, peculiar as it may seem at first thought, commercially canned food loses little, if any, of its Vitamine value. This is due to the fact that the commercial canner cooks his food products in the sealed can, away from the air, and thus prevents the destruction of the Vitamines. When canned foods are later heated for serving, there is no appreciable loss of Vitamines, due to the fact that all the air had been previously removed.

While practically all canned foods are valuable as sources of Vitamines, careful study has shown that canned tomatoes are especially rich in food and health values. It has been found that canned tomatoes contain an abundance of Vitamines "B" and "C", with a relatively high amount of Vitamine "A." These facts have led to the tomato being classified as the most healthful vegetable or fruit grown. And it is equally true that properly canned tomatoes are actually fresher (and therefore more healthful) than market-bought, so-called "fresh" tomatoes.

PASSENGERS LOST.

Boat Sinks and 30 Are Reported Drowned in Black Sea.

PARIS, May 6.— (Canadian Press.)—Thirty passengers are reported to have been drowned by the sinking of a Russian ship near Kustenje on the Black Sea in Rumania, says a despatch to L'Information from Bucharest.

ANAEMIA SHOWS IN VARYING SYMPTOMS

Pains and Aches Disappear When the Blood is Built Up.

When the blood is thin very organ of the body suffers. So anaemia shows in indigestion, nervousness and headaches as well as in loss of color and strength. Many symptoms develop which to the patient suggest widely different diseases and so cause much needless apprehension. The quickness with which a supply of rich red blood will drive away all these pains and aches is shown by the result of treatment with such a reliable blood-building tonic as Dr. Williams' Pink Pills. The value of this medicine is fully proved by the experience of Miss Alice Sandberg, Ogema, Sask., who says:—"I can speak with the highest praise of Dr. Williams' Pink Pills, for to this medicine I owe my present good health. Last winter I became run-down, was pale and I had severe pains in the stomach. At times my head ached and I would feel dizzy. I tried various medicines but they did not help me. A friend advised me to try Dr. Williams' Pink Pills, and I can scarcely say how glad I am that I acted on this advice I had not been taking the pills very long when I felt a change for the better. Day by day I became stronger. The headaches, backaches, stomach troubles and dizziness disappeared and I was again enjoying good health. You may be sure I shall ever have a good word to say for Dr. Williams' Pink Pills.

If you need a blood-building tonic begin taking Dr. Williams' Pink Pills today. Sold by all medicine dealers or sent by mail at 50 cents a box by writing The Dr. Williams Medicine Co., Brockville, Ont.

PLEADED GUILTY.

TORONTO, May 6.— (Canadian Press.)—Mark R. Morgan, formerly employed as a mining recorder at Elk Lake, pleaded guilty in police court yesterday to charges of stealing $2,557.66, the money having come into his possession by virtue of his employment. Morgan was remanded for sentence until May 12.

WESLEY CHURCH ANNUAL MEETING

Lakefield Congregation Hears Encouraging Reports of Year's Work.

OFFICERS ELECTED.

On Thursday evening, April 29, the congregation of Wesley United Church met for its annual discussion of business and election of officers. Rev. P. L. Jull, pastor, led in a short devotional service, after which the meeting was opened for business. The pastor was elected chairman for the evening and George E. Munro, secretary. Reports were heard from the various organizations of the church and each was encouraging..

The Sunday school superintendent, S. A. Northey, and the secretary, J. W. Blewett, reported receipts to the amount of $53.50. The League also has done good work under the direction of George E. Munro, and the secretary, Miss Thressa Pearson, and had contributed $5.52 during the year. Remarkable progress was made by the Ladies' Aid Society of the church, under the capable leadership of Mrs. Joseph Harris, president, and Mrs. Albert Northey, secretary, and reported the financial income as $189.49. John Harrison, recording steward of the Quarterly Official Board, gave $317.15 as the amount contributed by the church, with $115.00 for the Maintenance and Extension Fund.

Elections were then held for the various offices of the church and Sunday school. S. A. Northey was elected superintendent of the Sunday school, with John Harrison as assistant superintendent and W. J. Blewett as secretary-treasurer.

The church was organized under the plan of the United Church of Canada. Messrs. John Harrison, S. A. Northey and John Pearson were elected elders, and Messrs. John Northey, John Harrison and Joseph Harris were made the stewards. A cordial invitation was extended to Rev. P. L. Jull to continue as pastor of the church. The meeting concluded with the benediction, after which light refreshments were served by the ladies of the congregation.

Tourist third cabin to Europe

Round trip only $170 to $190 according to ship and port

The traveller who demands clean, comfortable accommodations will find our Tourist Third Cabin rates to European ports of call a surprising economy. We have created this new class after considerable expense in refitting certain steamships in our Atlantic fleet. Ask for schedule of special sailing dates.

Art Crafts Guild Collegiate Tours to Europe

A 36-day, round-trip tour — only $365 — all necessary expenses on shore and ship, in connection with special sailings of Canadian Pacific Steamships from Montreal and Quebec. See the mighty St. Lawrence, England, Holland, Belgium, France.

BEHOLD THE MIGHTY CHEMIST

DRAWING upon the boundless laboratory of Mother Earth, the Chemist stays wind and rain and sun that destroy our property.

In war the chemist wrought instruments of destruction. Today he has become the scientific protecter of man's achievements.

Everyday paint and varnish, beneath his touch become a magic potion that heals the ravages of time and saves our dollars spent for things permanent.

In every paint factory in Canada the brains of the chemists are governing processes of compounding, investigating, testing, searching always for new means to more cunningly save the surfaces of Canadian property.

Their work helps to develop other industries that provide the raw materials for paint and varnish and these in turn must call more and more upon Canada's vast natural storehouse of chemical and mineral resources.

This scientific betterment of paint and varnish assures Canadian buyers the finest products in the world and justifies their faith in those true words: "Save the Surface and you Save All."

I.O.O.F. ATTEND DIVINE SERVICE

Collegiate Students Hold Oratorical and Elocutionary Contests.

COBOURG, May 6.—A number of Port Hope Oddfellows paid a fraternal visit to Gobourg on Sunday night, and with the members of Cobourg Lodge I.O.O.F. attended Divine service at St. Andrew's Presbyterian church. There were about one hundred Oddfellows present. Rev. T. W. Goodwill preached on excellent sermon, taking as his theme, "The Challenge of Christ." Miss Ross of Grafton assisted the choir and sang a solo. Miss Lenore Wood presided at the organ.

After the service the members of the fraternal order returned to their lodgeroom where the customary votes of thanks were passed. Col. N. F. MacNachton, C.V.O., and Rev. T. W. Goodwill replied on behalf of St. Andrew's church and Mr. Frank Flood for the visiting Oddfellows. Refreshments were then served.

One of the most interesting events of the year was the annual competition in oratory and elocution for the silver medals and two bronze medals presented by Rev. W. A. Bremner to Collegiate Institute pupils who came first and second in these events. Dr. George H. Ferris made an efficient chairman at Trinity Sunady school hall, where the contest took place and was filled to capacity by an appreciative audience.

Miss Edna Grosley, who spoke on "Ontario Birds" was given the silver medal in oratory and Mr. Dan Harper the bronze medal, his subject being, "The Panama Canal". Miss Agnes McKenzie was given a third prize.

In elocution, Miss Helen Fisher, daughter of Mr. and Mrs. J. Edward Fisher, Horwood, was first winning the silver medal, Miss Marion Wagar, Cobourg, second and Miss Mary Lockhart third.

In the junior contest in elocution Miss Muriel Buttars was first; Miss Bernice Garry, second, while Mona Casey also acquitted herself excellently.

The judges for the oratory contest were Mr. F. M. Field, K. C., and Mr. Charles Gummow, principal of the public school In the elocution contest the judges were Mrs. Harold Denton, Mrs. (Dr.) Sutton and Miss Joy Nichols.

Women of a certain African tribe tattoo themselves to look like leopards, while some adopt the markings of the crocodile.

WARKWORTH NOTES.

WARKWORTH, May 6.—Dr. and Mrs. C. C. Armstrong attended the graduation of their daughter, Helen, at Queens University, Kingston.

Mr. William J. Insley is visiting his daughter, Mrs. William Love, Hamilton; also visiting his son Clifford in Toronto.

Mr. and Mrs. W. J. Evans, who have been spending the winter in Florida, spent a few days recently with her sister, Mrs. A. B. Armstrong and other relatives and are visiting relatives in Picton before leaving for Florida.

Miss Kathleen Whitton, of Renfrew, Miss Ruby Hilliker of Norwich and Miss Marie Stock of Tavistock, who have been spending the past week with their friend, Miss Helen Armstrong, left on Monday for Kingston to be present at Convocation, where they will receive their B.A. degree.

IT PAYS TO ADVERTISE.

GIRL ACCIDENTLY DISCHARGES GUN

Bullet Goes Through Shoe And One Toe.

OMEMEE, May 6.—A slight shooting accident occurred last week, while Miss Marion Dickson was examining a .22 rifle. Having two brothers, who had always been warned never to leave the gun loaded, she expected they had complied with their orders as usual but not so. Fortunately, when she discharged the rifle it was pointed to the ground and she herself was the victim. The bullet penetrated her shoe and one toe, and lodged between the soles of her shoe. The accident will necessitate Miss Dickson's remaining off her foot for several days.

A group of small boys tired of waiting, ventured into the chilly water of the pond in the region of the railroad bridge on Saturday. When approached by a party of girl hikers, they hastily scrambled into their clothes with teeth chattering. When queried as to the heat of the water, they said, "It was warm when they went in, but it was awful cold coming out."

The youths of the village and also the adults, who are youthful enough to go fishing suckers, may now indulge this pastime to their heart's content, as the suckers put in their first appearance on Monday. Both old and young joined in the game and were successful in landing a fine catch.

The paved highway through the village is receiving a general clean-up after the long winter and will receive a weekly sweep during the summer months.

Work has already begun on the U.F.O. building in Omemee. The lower floor of which is occupied by Mr. G. Tripp and son. A new addition is being erected at the back, where Mr. Tripp will take up residence, and also have better store accommodation.

The new fire apparatus, chemical and water combined, arrived in town on Tuesday, and when the siren sounded, many citizens were attracted to the street, where a demonstration was given to show with what force the water could be pumped. The well on the U.F.O. lot was used until it was soon drained of its contents. It is expected to throw a stream 50 feet from the end of the hose and was tried out successfully later in the evening, when the water was forced from the pond.

After repairs had been made to the old Fire Hall, it was found the building was not large enough to contain the apparatus and an extension of 12 feet is being added.

About sixty minstrels from Knox street church, Peterborough, are expected in Omemee on Friday evening, to present their programme which has been given on five previous occasions. This group comes highly recommended, and is under the auspices of the Young People's Union.

HOLDS MEETING OF BIBLE SOCIETY

Rev. Hassard Addresses Joint Meeting of Church Members.

BAILIEBORO, May 6.— The joint meeting of the South Monaghan branch of the Bible Society was held in the United church on Sunday evening. Rev. Hassard, secretary of the Bible Society of Toronto, was present and delivered the address of the evening and also presided over the meeting. The South Monaghan branch consists of Bailieboro and Bensfort United churches, Centreville Presbyterian church and the Bailieboro Anglican church.

The address delivered was very encouraging showing what wonderful Christian work the Bible Society is doing throughout the world.

During the business meeting the secretary of the branch, Mr. John Heaslip gave his report showing that the amount collected last year was eighty-six dollars and ten cents from this branch.

The executive committee for the ensuing year were then elected as follows: President, Edmund Dawson; secretary treasurer, John Heaslip; executive, Rev. Canon Allen, Rev. W. H. Foley, Rev. J. Riddell; representative for United church, John Porter, for Presbyterian church, Robert Deyell; for Anglican church, Thomas Wood.

Personals.

Mrs. Geo. Handbridge and family and brother, H. Dawson, of Otonabee, motored from Otonabee on Sunday and were guests of their parents, Mr. and Mrs. W. Dawson.

Roland Johnston left on Monday to take a position in Peterborough with Grady's Bread Company.

A number of the residents of Millbrook motored to Rice Lake on Sunday and enjoyed a sail on the lake.

H. Brown of Lindsay was the guest of friends at this village on Sunday.

H. Finnie of Peterboro was the guest of relatives here on Sunday.

G. Lang of Oshawa was the guest of his parents, Mr. and Mrs. J. Lang over the week end.

G. Fletcher has the masons busily engaged in plastering and bricking his new house.

Mrs. D. Armstrong is greatly improving the appearance of her residence by erecting a new sun porch on the east side of her residence.

Miss C. Barnard, nurse-in-training at Ross Memorial Hospital, Lindsay, is convalescing at her home, after a severe illness.

The condition of the side roads in this district are in too bad a condition to drive cars on.

The members of the Young People's League intend to give their play entitled, "A Poor Married Man at Stewart Hall, Otonabee, sometime within the near future.

Why not insert a small want ad and rent that house or empty room.

PLYMOUTH STRIKERS PRAY DAILY SOUTH WALES COLLIERS AT GAMES

Train Service From London To Northern Cities on Wednesday.

STEEL, MEN QUIET.

LONDON, May 6.— (Canadian Press Cable.) — In Plymouth the strikers are gathering in large numbers at the parish church each morning for prayers. The corporation tram and bus services have been suspended but the suburban railway service is fairly good under the circumstances.

The mail delivery in many parts of Scotland has been considerably improved since Tuesday morning. Yesterday morning's delivery of mail was only an hour later than usual.

In Edinburgh the school teachers are being conveyed to and from the schools in groups by taxicabs. Throughout the United Kingdom the school children are attending school about as usual.

In Bristol the tram and bus services are being fully maintained.

Miners Play Games.

In the South Wales mining area the day passed quietly. Striking colliers organized games and took part therein, apparently carefree.

The steel workers at Dowlais, Wales, ceased work Wednesday in sympathy with the miners.

In Glasgow over 100 trams were manned, arrangements having been made to house all the tram workers at the depots.

Trains left London for the following northern cities and towns yesterday: Carstairs, Glasgow, Edinburgh, Carlisle, Gourock and Wemyss Bay.

The London morning and evening papers have combined in issuing an emergency sheet.

Mounted Police Appear.

For the first time since the general strike began mounted police were seen in the central part of London Wednesday afternoon. They made their first appearance at 5.30. Several of the mounted police officers were posted outside of the Daily Mail office, which happens to adjoin the office of the Daily Herald, the labor organ.

A crowd of strikers remained in the vicinity of the Daily Mail office all day, but there was nothing openly threatening in their attitude.

EMPLOYEE DISMISSED

(Continued from page one.)

Mr. Tyndale thought Mr. Calder's leading questions had made the inquiry not a prosecution.

A Hostile Witness

Mr. Calder retorted that he had proceeded as he did because he was dealing with a "hostile witness." He would presently show that much of the evidence given was offset by conflicting evidence from other witnesses. It was just as well that these had not been brought on first, or Mr. Gaunt might have "shifted" more than he had already, Mr. Calder thought. He suggested that counsel "keep out of the realm of comment" as much as possible.

M. J. Mann, who was bookkeeper for Gaunt and Company in 1921 was then called to the stand. He was asked why he had entered in his first balance sheet an item for $23,000 for "merchandise on hand and in transit, September 1." He replied that Mr. Gaunt had told him to do so. He could not remember to do so. He could not remember that there was any merchandise on hand or in transit at the time. Mr. Gaunt went to Europe shortly afterwards on a buying trip.

Mr. Mann told the committee that he had been employed as accountant by Gaunt from October, 1921, to the spring of 1923. The invoices which were used to pass goods through the customs never went into the books of the company, said the witness. He had never handled blank invoices, but he had seen them in the office.

"Do you know who brought them there"

"I always thought Mr. Gaunt brought them, but they may have been mailed in." These invoices, he thought, were signed. He knew that these blank invoices were used for passing goods throught the customs.

"Did you at any time report on Gaunt to the customs?" asked Mr. Calder.

The witness said that before leaving the employ of the Gaunt Company he had obtained a loan of $5,000 for Gaunt. "I was the only security for the loan, and, on the advice of a friend I went to the customs department." He had not liked the way the invoices were coming in, said Mr. Mann, and he called on Mr. Weldon, collector of customs at Montreal. Mr. Weldon communicated with Chief Preventive Officer Wilson, at Ottawa, and later the witness had gone up to Ottawa and seen Mr. Wilson.

Discharged by Gaunt

C. S. Tyndale, counsel for Gaint, examined the witness. He asked if it was not a fact that Mann had gone to the customs immediately after he was discharged. by Gaunt. The witness replied that when he was dischrged he became worried about the $5,000 loan. That was why he had gone to the customs.

Mr. Mann told the committee that he had presented copies of invoices to Mr. Wilson.

"Where did you get those invoices?" asked Mr. Tyndale. The witness did not reply. Mr. Tyndale asked if it was not a fact that these invoices had been taken from the office of the Gaunt Company.

"Where did you get the invoices?" he insisted.

"That's none of your business?" replied the witness.

"Don't answer that way," interjected Chairman Mercier, forcibly. "You don't know how you got the invoices?" persisted counsel.

"Presumably——" started the witness.

"Don't say presumbaly. Were they not taken from the office of the Gaunt Company when you were discharged?"

The witness admitted that the invoice copies might had been obtained from the office. A number of invoice copies were thrown into the wastebasket at times, he said.

In conclusion, on instructions of Chairman Mercier, Mr. Mann read a statement which he had asked to read at the beginning of his testimony. This statement set forth that on September 26th, 1923, he had informed the customs department of the facts in connection with the Gaunt case. He had seen Chief Preventive Officer Wilson, who had told him that after the siezure was made he would be able to reimburse himself out of the moiety which he would get. In the statement, Mr. Mann requested that the moiety be paid to him.

Chairman Mercier asked him if he was not aware that the moiety had already been paid to Messrs. Knox and Duncan.

Mr. Mann replied that he had heard so, but did not know.

The Real Informer

Chairman Mercier said that it had already appeared in the evidence that the moiety had ben paid to these two men. Now the real informer in the case had appeared.

Customs Officer Hurson of Montreal, who was at one time bookkeeper for Gaunt and Company was called. He expressed the opinion that the practise followed by Gaunt of substituting Schneider's invoices for the original invoices of makers of the goods he bought in Germany was to take advantage of the "tobogganing of the mark" which went on steadily all through 1923.

"There was never a true entry made," replied witness to a question from Hon. H. H. Stevens. There was invariably a case of something left off.

"Did you ever present a correct invoice on behalf of Gaunt?" asked Mr. Stevens.

"If you mean a manufacturer's invoice, No," said the witness. "They were always invoices signed by Schnieder."

For a long time he was making entries for Gaunt he did not even know that packing was duitable, said witness.

Mr. Stevens asked if the good faith of the importer had to be taken by the customs people for the accuracy of the invoices presented for clearance, because of the volume of business. Mr. Hurson said that was so. An importer who broke faith would be barred the right to clear his goods in this way.

Says Goods Under-Valued

Answering another question, witness said that the value entered by Gaunt & Co., for clearance of customs was invariably less than the price actualy paid to the manufacturers. What other reason would Schnieder have for transposing into marks a price quoted in dollars?" witness asked.

Dugald Donaghy asked if the number of marks paid for a shipment should be put on the invoice? Witness thought that a shipment purchased one day and shipped two months later should show an increase in marks equivalent to the altered exchange rate. Mr. Danaghy said he was bad on his law.

"I may be bad on my law, but I am right on my facts," retorted Witness.

The point was discussed back and forth. Mr. Donaghy commented that the witness was working for the customs now and showed an altered stand on such matters.

DAILY MAIL PRINTERS' WALKOUT WAS STORT

(Continued from page one.)

Minister: "Constitutional Government is being attacked. Let all good citizens whose livelihood and labor nave thus been put in peril bear with fortitude and patience the hardships with which they have been so suddenly confronted.

"Stand behind the Government who are doing their part, confident that you will co-operate in the measures they have undertaken to preserve the liberties and privileges of these islands. The laws of England are the people's birthright. The laws are in your keeping. You have made Parliament their guardian The general strike is a challenge to parliament, and is the road to anarchy and ruin."

(Signed) Stanley Baldwin.

Two Governments

The Daily Mail, which has been unable to print since Sunday because of the strike of mechanical workers who objected to an editorial, reappeared yesterday afternoon in a type script edition.

The Daily Mail says there are now two governments in Great Britain, one the lawful government representing 40,000,000 persons, and the other an unconstitutional revolutionary government representing 3,600,000 trade unionists.

The paper declares that one of these governments must go. "We are not going to see J. H. Thomas and Ramsay MacDonald imitating the work of Lenin and Trotsky here," The Daily Mail says of the Labor leaders. 'Nor will the British people, which is entirely different from the pathetic, submissive Mujiks of Russia, submit to such an odious tyranny."

Clerks as Dockworkers

LIVERPOOL, May 6 (Canadian Press).—Liverpool's seven miles of docks were deserted yesterday, but today thousands of young men from the shipping offices were organized into squads of dock laborers. They are being housed on ships and in warehouses, and will not leave the docks during the state of emergency. Members of the Cotton Exchange and their clerks are also assisting in the unloading of cargoes.

W.M.S. HELD MEETING

Next Meeting to Be Held at Stony Lake Cottage.

NORWOOD, May 6.—The Woman's Missionary Society of St. Andrew's Presbyterian church held their monthly meeting on Tuesday afternoon at the home of Mrs. William Beckett, Spring street. The meeting was in charge of Mrs. George Edwards. A very interesting and full report of the Presbyterial held in Port Hope in April was given by Miss Christina Calder. An invitation was extended to the Society by Mrs. I. N. Ackerman, asking them to hold their June meeting at her summer home at Stoney Lake. This invitation was gladly accepted and it was decided to hold the meeting on the first Wednesday of June instead of the first Tuesday, the regular day for their meeting.

Th Mission Band of the Presbyterian church held a work meeting on Monday afternoon. Mrs. J. E. Roxburgh, Mrs. J. Frost and Mrs. John Rogers were in charge. A light lunch was served to the members at the close of the meeting.

Twenty-four new pupils started to school on Monday in the primary room of the public school.

Richard Lees, Inspector of Public schools for East Peterboro is visiting the schools in this district.

The regular inspection of the High school cadets takes place on Wednesday morning.

In the afternoon the pupils of the school will hold a field day when the principal feature of the outdoor sports will be a soft ball match. After this a short time will be spent in dancing and a lunch will be served at the close.

Personals.

Messrs. Ball and sons who have purchased the general store of the late J. B. Pearce, are busily engaged unpacking their large stock of new goods and getting everything in readiness for their formal opening.

Mr. William Kelly of Foxboro is the guest of his sister, Mrs. Joseph Dickens. Mrs. Kelly came to see her father, Mr. S. Ashley.

Mr. and Mrs. Andrew O'Conor of Toronto are guests at the home of Mr. and Mrs. James McNichol, Spring street.

Mrs. Bert McMullen of Holloway was the guest of her aunt, Mrs. J. Dickens on Thursday last.

Miss M. Ennis of Peterboro attended the funeral of the late Major F. A. Webb on Sunday. Mrs. Webb is a niece of Miss Ennis.

Harry Kelly, Foxboro, was the guest of Norwood friends on Thursday.

Mr. and Mrs. I. N. Ackerman left on Wednesday for Stoney Lake to open their cottage near Crowe's Landing.

Mr. H. G. Buck returned home from Los Angeles, California, on Friday last.

Mrs. Smale (nee Pearl McCracken) and baby daughter of Toronto are guests of her mother, Mrs. J. McCracken, King street.

Mr. Andy Sloan left on Tuesday for Eastern Ontario to hew timber for Hall & Co. of Toronto.

Five young men from the old land arrived in the village on Tuesday for work on farms in this district.

Mr. Selkirk of Warsaw who is employed in Buck's cheese box factory has rented the property on Ridge street belonging to the Pearce estate and will move his family to the village in the near future.

OBITUARY.

RICHARD MURTHA.

KING'S WHARF, May 6.—The late Richard Murtha died Thursday after an illness extending over several months at the age of 54. He was a life long resident of this parish and locality and was of a kindly disposition. He leaves to mourn his loss his wife and four small children, Mae, Agnes, Joseph and Fergus, also four brothers, Thomas, Michael and Frank of Emily and James of Rochester, N.Y., also three sisters, Mrs. Clark and Mary at home and Mrs. Timmins of Chicago, Ill. The sympathy of the community goes out to the relatives in their bereavement.

The funeral of the late Richard Murtha took place from his late residence Saturday morning and although the roads were almost impassable a large number attended the funeral. Rev Father Galvin said the funeral mass and afterwards said the prayers at the cemetery. The pall-bearers were Messrs. Thos. Gordon and Wilfred Murtha, Ed. O'Donnell and John and Edward Curtin.

FRECKLES

Don't Try to Hide These Ugly Spots; Othine Will Remove Them Quickly and Safely

This preparation is so successful in removing freckles and giving a clear, beautiful complexion that it is sold by all drug and department stores with a guarantee to refund the money if it fails.

Don't try to hide your freckles or waste time on lemon juice or cucumbers; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask for Othine—double strength; it is this that is sold on money back guarantee.

Men are immortal till their work is done—Livingstone

Cost of living in Athens is fifteen times that of the pre-war period.

"May Progressive Month" - The Month of Opportunities !
It Is Values Like These That Are Featured at The Cressman Stores

Men's Suits
MAY PROGRESSIVE PRICE
$24.75

Men's Spring Suits at a real reduction. While there are a few blue serges in this lot, the majority are lighter tweeds and worsteds in the newest patterns for spring. Sizes 35 to 42. Regular price, $35.00 to $40.00.

Cressman's—Men's Shop, North Entrance.

Men's Suits
REGULAR $25.00 TO $40.00
MAY PROGRESSIVE PRICE
$16.50

In suitable spring patterns, and every Suit worth much more than this very low price. Mostly grey and fawn tweeds, but several good quality dark worsteds are included. Early selection is advised. Sizes 35 to 42.

Cressman's—Men's Shop, North Entrance.

Ladies' "Run Stop" Silk Hose
HEAVY QUALITY—SILK TO THE TOP
78c Pair

A Silk Hosiery value you are sure to appreciate. A heavy quality silk to the top, in colors of black, bamboo, skin, peach-bloom and blush. Progressive selling, 78c pair.

Cressman's—Second Floor.

TWENTY CASES
"Prince" Toilet Paper

Splendid quality Crepe Tissue. An entirely new line to introduce two days only, Friday and Saturday.

12 Rolls 35c

Cressman's—Street Level

"THESE WOMEN"

By MALCOLM DUART

COPYRIGHT 1926

The Characters and Situations in this Story are entirely fictional.

BEGIN HERE TODAY

Who They Are:—

HARRY MORTON, handsome, middle-aged, unmarried, attractive to women, who has lived in Peterborough for 15 years without the town gossips learning either his past or his business. He has maintained an expensive paartment also in Toronto.

AUDREY MORTON, his adopted daughter, who is wildly in love with him.

NONA, a Toronto girl, who also is in love with him.

JOHN PARRISH, Morton's secretary.

Stricken and jealous because she sees Morton at a wild party, Audrey runs away from home. After a vain search, Morton gets word from Nona that she has news of Audrey. After midnight Morton and Parrish go to Nona's apartment, where she hands Morton a letter from the missing girl.

NOW GO ON WITH THE STORY

(CHAPTER XIX.

Parish moved away as Morton pulled the letter from its envelope.

"Nona," it began. "I have gone away from Mr. Morton's home. I am writing this because I believe I can trust you, even though you love him, too. Maybe it is to your advantage that A should be away, but Nona, I must ask you something. I asked you on the train the other night, but when I think it over, I do not believe you answered me. But I have seen Mr. Morton with you, and seen him other places, and I must know—I must! Please write to me here Nona, and tell me truthfully—what are his relations with you? Are they the same as with his other women friends? I know this is a terrible thing for me to ask—but Nona, my heart is breaking! I can trust you never to say anything about this; I do not want him to know whose I am, nor anything about me—now, anyway."

Morton turned to Parrish.

"John," said he, "there's a telephone booth in the lobby downstairs. Get that detective in Peterborough on the telephone. Tell him to call off his men. I've found out where Miss Morton is."

"Where is she?" cried Parrish eagerly.

Morton silently handed him the envelope of Audrey's letter and pointed to the postmark.

"Why, we were through there not an hour ago!" Parrish exclaimed.

Morton nodded. "And we'll be there in about an hour more," he said. "Tell the driver to make sure that he has plenty of gas. We'll be there long before daylight."

As Parrish left Morton turned to Nona.

"I'm glad you did this, Nona," he said. "But tell me something— Audrey made you her confident. She asked you never to tell me. Would you mind telling me just why you DID tell me?"

Nona leaned softly against him. They still were standing in the center of the room and Nona brought her face close to his.

"You know, Harry," she said. "I would do anything to save you from pain and trouble. And Harry—"

She laughed and looked up at him archly.

"You know," she continued, "women never keep faith with one another when it's about a man!"

* * *

Morton and Parrish had two hours to wait for daylight, after they arrived in the little village from which Audrey had written. They dismissed the car and walked about the streets. They were weary when day finally dawned.

"In these little towns," said Morton, "people get up earlier than they do in Toronto. It's fortunate for us."

There was one inn, a small, rather dingy place, with a large sign in front: "Rooms for Tourists."

When the first light appeared in the kitchen there, Morton and Parrish walked to the rear door and knocked. A maid servant opened.

"Can't come in 'til the missus gets up," the servant said.

Morton smiled at her. Her face relaxed and she stood to one side.

"But of course you can come in the kitchen and sit down," she said, dimpling.

The two men entered and were provided with kitchen chairs. They leaned against the wall and Morton idly talked to the servant, who, it appeared, was cook to the establishment.

Parrish said nothing but listened intently to the idle words his employer dropped. He looked at him wonderingly.

"Aren't you worried about Miss Morton?" he whispered, as the girl left the room for a moment.

"Aren't you hungry?" returned Morton. "Well, we'll have breakfast before the regular time."

His prophecy proved to be correct. The girl, returning, brought with her a box of eggs and a large slice of ham.

"It'll be an hour before regular breakfast," she said, "but I'll bet you're hungry. "I'll just fry these eggs for you and make you some coffee and cook this ham and you can settle up with the missus when she comes downstairs."

Morton looked significantly at Parrish, who scowled. His own experience with women was limited, and he resented the easy familiarity of Morton toward the girl. However, he ate heartily when the ham and eggs were set before him, and he drank three cups of the coffee that the girl had brewed.

Apparently she was not aware of his existence, other than that he was a man to be fed. She hovered over Morton, though, provided him with fresh toast at the moment he had consumed his previous supply, and herself put sugar in his coffee cup. She showed disappointment when he refused cream.

"This is the missus' special cream," she explained.

"I never take it—but you drink it for me," suggested Morton.

"Lord, she'd kill me!" the girl protested.

She seemed pleased, however, and stood watching Morton with eager attention as he consumed his leisurely breakfast.

A clatter of earthenware sounded from a room above them.

"The missus is up," she said. "You two better go in the parlor. She'd skin me alive if she knowed you was in here."

They obeyed and went into the musty common-room of the inn.

"If you hadn't been here, I wouldn't have got any breakfast!" said Parrish, resentfully.

Morton laughed. "You should learn to understand women," he suggested.

When the landlady appeared, Morton told her his mission briefly.

"Why yes," she said, "there was a young lady like that came in last night. I knocked at her door as I came down, so she wouldn't miss breakfast. She answered me, so I expect she'll be here directly."

Her surmise proved to be correct.

In a few minutes Audrey appeared at the foot of the stairs. Her face was quiet and she showed no sign of surprise when the two men arose to meet her.

"I heard your voice before the landlady called me," she explained.

She looked at Parrish and back at Morton.

"I don't know how you found me, but I don't want to go back. I'm not going back."

Morton turned to Parrish and jerked his head toward the door. With evident reluctance Parrish obeyed the gesture and went outside. Glancing out the window, Morton saw that he had seated himself on the warped front steps of the inn.

Going to the two doors of the room, Morton closed them. Then he came over to Audrey and took her face between his hands.

"Do you refuse to come back because you hate me?" he asked, softly.

She turned her face down, against the upward pressure of his hands and did not reply.

"If you would rather have it that way, I will go where you will not see me any more," Morton went on.

A little choked cry came from the girl. She raised her hands, and clutched him by the coat, beneath his arms.

He caressed her hair, tenderly, and his voice was deeper as he continued. "I would do anything that can be done in the world to make you happy, Audrey. You went away from me because you did not want to be with me."

She huddled closer to him. "I was going to be a dishwasher," she said, half sobbing. "I didn't know anything else to do to earn a living."

He put his arms around her and she nestled her head against him with a tired sigh.

"Will it make you happier if I go out of your life altogether?" he went on.

"No, dearest, no!" she said, crying in earnest now. "I just couldn't stand it! There is nothing in the world can make me happy except being with you. But I couldn't stand those—those awful women! I couldn't stand any of them!"

He drew her to a chair, and sat down beside her, holding her hand.

"I wish you would think of me as you used to, Audrey child," he said. "I wish you'd just think of me as a father, and not as a man to be married to!"

She placed her hand upon his temple, softly, and left it there as she answered. "I'm grown up, now, daddy dear," she said, "and I'd do anything in the world to take you away from those women! And so I thought I'd just run away!"

Morton gave a slow smile. "A highly feminine reason for running away!" he said, whimsically.

He thought a moment. "Why didn't you go to Peterborough and get some money when you ran away?"

Her hand dropped from his cheek and fastened on to his fingers.

"Because you had always been so good to me, I didn't want to take any of your money," she explained.

Morton got up. "It would take a psychoanalyst to understand any of that," he said, "though I suppose I DO understand it. "Get your hat, coat, and bag and we'll go back to Toronto."

He stirred Parrish from the step, told him to go and find the driver, and after Audrey had breakfasted, they set off.

Parrish sat facing the girl in the car, and kept upon her a stare that at last she found disconcerting.

"Isn't the landscape pretty, Mr. Parrish," she said to him, in an effort to deflect his gaze.

"No," said Parrish.

Morton laughed. "Poor Parrish has been up all night, nearly all the night before, and I think his mind's wool-gathering," he said.

Parrish started. "What did you say, Miss Morton," he asked, anxiously.

"I said I thought the landscape was pretty," she repeated.

"Oh, yes," he said, and relapsed into silence.

This time, however, he sat looking into the distance, and Audrey leaned against Morton. Presently she was asleep, her head on his shoulder, and his arm about her. Parrish frowned when he observed their position, but did not interpose.

Morton unlocked the door of Audrey's room when they arrived at their apartment. "You look tired, and I know I am. Parrish is nearly dead," he said.

Turning to the young man, he continued: "There's a room there at the end of the hall. Go in and go to bed and sleep until you wake up. I'll do the same."

Without a word the young man obeyed, wearily dragging himself to the bedroom, which he entered and shut the door.

"It's too bad," said Audrey, a little quaver in her voice. "I've been so mean! Here I've tortured you and left poor Mr. Parrish nearly dead for sleep, and all because I wasn't thinking of anybody but myself!"

She looked up at Morton for forgiveness. He smiled and took the coat that she was holding over her arm.

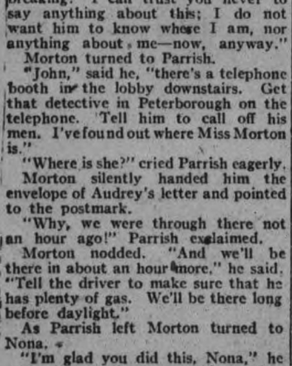
"Dearest," he said, "as you observed a few days ago, you are a grown woman, now. That means you're a disturber of the peace—and will stay so until you have married and settled down. Maybe after that, too!"

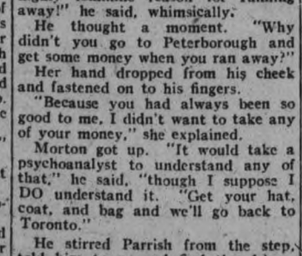
He returned to his room, and there was a sharp click as the latch on Audrey's door opened.

She looked out cautiously, then stepped into the hall. In a moment she was speeding down the steps, and was at the telephone. She called the number of Nona's apartment house and presently the other girl's voice sounded at the other end of the wire.

"Nona," Audrey said, "can you come over right away?"

(To be conti nued.)





MILLBROOK I.O.O.F. ATTENDS SERVICE

Lodge Members Hear Inspiring Sermon at United Church.

MILLBROOK, May 6.—Millbrook Lodge I.O.O.F., No. 308, observed the 107th anniversary of the Order by attending divine worship in the United Church on Sunday evening, over sixty members being in attendance, and the parade from the Lodge rooms being headed by the Millbrook band, under the leadership of G. A. Duncan. The church was well-filled for the service.

The choir had prepared special music for the occasion, the selections including an anthem, "The Lord Is My Strength," a duet, "I Heard The Voice of Jesus Say," by Mr. and Mrs. H. W. Johnston, and a second anthem, "The Sabbath Day is Done," W. H. Coombe taking the solo part, and the soprano voices the obligato.

Rev. Joseph Wilks led in the opening prayer, and the pastor, Rev. F. H. Howard, chose his Scripture lesson from Luke 10:25 to 37, the text being from the 36th verse "Which now of these three, thinkest thou, was neighbor unto him that fell among the thieves?"

"We are all sinners," said the speaker, "and none can secure freedom from the evil habits that bind us except we have help outside ourselves: Jesus alone can make us free children of God. Prayer following an erring soul may lead to the finding of the Good Samaritan, and the acceptance of His help.

"Fools hate knowledge, and they try experience though they have been warned of the consequences. Death would inevitably follow unless mercy intervened in service and sacrifice. Suffering and need constitute a call to give ourselves for others, but it requires effort and care not to get used to other fellows' sins and distresses. Our question should not be, 'Who is to be neighbor to me?' but 'Unto whom am I to be neighbor?'

"Oddfellowship was born on April 26, 1819, at Baltimore, U.S.A. The Order originated in the needs of men, and its remarkable growth is due to its meeting those needs, spending millions of money in upholding its primary principles of caring for the widows and orphans: visiting the sick, burying the dead, and alleviating distress in many forms. Each member has to face the question—'Am I a beneficiary of, or a benefit to, my Lodge?' Am I selfishly thinking, 'How am I to be advantaged?' or 'What is my dominant attitude toward my Order?'

"The Order is the handmaid of virtue and religion, and it is under obligation to minister to this phase of its constitution as much as to the physical and material needs of its members, and this brings in again the personal side: 'Am I a Samaritan, or a robber, as regards ministering to the character of the other fellow?' Sin, crouching at the door, got Cain, as it gets anyone who fails in character, virtue and religion. And so will any Lodge fail that does not continue to be, in essential fact, a good Samaritan.

"Your Lodge will go up or down according as its type is the kind Jesus was talking about, or the type of which the lawyer was talking.

"May we all, taking the leadership of the Spirit of Jesus, and following the teaching of His holy Word, go out and daily be good neighbors to those who have fallen among robbers. This is my message to you to-night—a message I believe has been given me of God."

Messrs. A. J. Brown, K. Skitch, J. Byam, and J. Larmer were the ushers for the evening's service.

The band gave an hour's concert in the town hall square after the heading of the Lodge on its return march from the church to the I.O.O.F. Hall.

Mr. N. E. Church, teller in the Bank of Toronto, was called to his home at Bradford on Wednesday, owing to the serious illness of his father.

Misses B. M. Turner, K. Sutton, S. Muir, Dr. and Mrs. H. A. Turner, and Mr. H. Jordan were in Peterborough on Monday evening and attended "The Corsican Brothers" at the Grand, with Sir John Martin-Harvey in the leading role.

Miss Dixon, of Toronto, is visiting Miss Rose Macnamara, arriving from the city on Thursday.

Misses Alice and Lottie Vance, who have spent the winter with friends in Toronto and Barrie, are in town at present removing their furniture and preparing their house for its new owner, Dr. Young, of Peterborough. Shortly after his graduation, Dr. Young will take possession and begin the practice of his profession here.

Mr. H. Paterson, of Port Hope, and his daughter, Mrs. (Dr.) C. W. Walsh, of Vancouver, B.C., were in town on Friday, called here on account of the illness, and subsequent death of Miss Paterson, the latter's decease occurring at Dr. H. A. Turner's private hospital on Saturday afternoon, after an extended illness.

William Pitt, eldest son of Mr. and Mrs. J. Pitt, was operated on at Dr. H. A. Turner's private hospital on Saturday. Dr. Cameron, of Peterborough, assisted Dr. Turner with the operation. The patient is making satisfactory progress toward recovery.

Mr. and Mrs. Max Cameron, of Ottawa, are visiting her parents, Mr. and Mrs. L. S. Clarry.

Mrs. J. T. V. Preston, of Orangeville, is visiting her mother, Mrs. J. Deyell.

Immodest words admit of no defence;
For want of decency is want of sense. —Dilon.

Her Face Was Covered With Large, Red Pimples

Miss Greta Carlisle, 23 Leonard St., Brantford, Ont., writes:—"A short while ago, my face was completely covered with large red pimples, and it seemed that it was almost impossible for me to get rid of them, as nothing I took seemed to do me any good.

One day I noticed an advertisement of

and I will never regret the day I bought it, as, now, my face is entirely cleared up of blotches and pimples of every kind."

For the past 47 years B.B.B. has been put up only by The T. Milburn Co., Limited, Toronto, Ont.

WELCOME CHURCH TRUSTEE MEETING

Pew Rent Abolished, All Seats Being Made Free—Welcome News.

WELCOME, May 6.—On Monday night, the trustee board of Welcome church, met.

One of the important items of business transacted was to abolish pew-rents, and have free seating. Each family has the privilege of retaining a family pew.

The parsonage committee of the circuit met on Wednesday afternoon, and discussed the needs of the parsonage sending in several recommendations to the Quarterly Board.

On Friday evening the Hope Branch of the Bible Society held its annual meeting in the Welcome church. Rev. D. R. Clare occupied the chair.

The minutes of the past meeting were read by Mr. Hawkins of Canton, the Secretary. The Treasurer's report was also given.

The officers for the following year are as follows —

President—Rev. D. R. Clare.
Secretary—Mr. Fred Hawkins.
Treasurer—Mr. R. C. Symons.

An executive committee, was appointed as follows The officers—Rev. F. Lane, Mr. Bickle, Mrs. James Walker, Mrs. A. Lewis, with representatives from Wesleyville and Zion to be appointed.

This executive is to appoint collectors. It was decided to have the canvass in May.

Rev. W. E. Hassard of Toronto, was the speaker of the evening. He said that day, April 30th, saw the completion of twenty years of service for him in the Bible Society.

He spoke of the need of the Bible Society and the number of people who would not support it.

He said the Bible Society provided all the Bibles for the missionaries, as it had translated the Bible into 572 different languages and dialects. In fact, some times Bibles could be placed in countries closed to the missionary.

At least $10 should be given to the Bible Society for every $100 given to missions.

There are no profits on the publications of the Society. In fact, many are sold below cost. Mr. Hassard showed copies of the Gospels, which sold for a cent. A new testament, which sold for five cents and a whole Bible for 30 cents.

He told of a missionary friend who went among a tribe in Africa without knowing any of the language and how he made himself understood. Also that later he mastered the language and translated it.

Bibles are distributed at the seaports to immigrants, both British and foreign, also in lumbering camps, and mining districts.

Mr. Hassard's address was bright with illustration and humor and much enjoyed by those present.

Rev. W. J. M. Smyth, of Wellington and Rev. Roy Rickard of North Port visited Welcome this week.

Mrs. Lancaster, of Millbrook, and her son from Toronto University, spent the week-end with her sister, Mrs. James Walker.

Mr. R. C. Symons took a trip into Quebec, this week.

Maytime Happiness.

In a day or two the lilacs
Will be blooming on the bough
And the world will be more fragrant
And more beautiful than now;
There are daffodils of yellow
And the tulips looking up,
In my garden beds remind me
Of the saucy butter-cup.

What a happy thing forever
Is the maytime when we face
Through earth's fragrant blooming wonder,
Not a doubt, and not a care,
Thanking God for every blessing,
Gaining courage for the strife,
Smiling sweetly to remember
Every perfect gift of life!

HELPS CHILDREN.

LONDON, May 5. — Miss Cecil Christie is known as the "Angel Lady" by the children of Chelsea. Hundreds of poor children owe their good health, and possibly their lives, to the daily visits and motor car rides given them by Miss Christie.

REBEKAHS ATTEND CHURCH AT MADOC

Inspiring Sermon on Fellowship Preached by Pastor —Madoc News.

MADOC, May 6.—On Sunday evening the Madoc Rebekah Lodge attended St. Peter's Presbyterian Church in recognition of the founding of the Order of Oddfellowship. Rev. Mr. Marshall preached a very earnest and inspiring sermon on the subject of Friendship, taking as his text, Who is my neighbor?" The choir sang two appropriate anthems, Miss Annie McKenzie taking the solo part. The service was well-attended.

A girl's softball league has been formed consisting of teams from Belleville, Tweed, Stirling and Madoc High Schools.

The following is the schedule:
May 1.—Tweed at Belleville.
May 1.—Stirling at Madoc.
May 8.—Madoc at Stirling.
May 8.—Belleville at Tweed.
May 15.—Stirling at Tweed.
May 5.—Madoc at Belleville.
May 22.—Tweed at Stirling.
May 22.—Belleville at Madoc.
May 24.—Stirling at Belleville.
May 24.—Tweed at Madoc.
May 29.—Madoc at Tweed.
May 29.—Belleville at Stirling.

The first game was played at Madoc on Saturday afternoon, according to schedule, when the Madoc girls defeated the Stirling visitors with a score of 28—12. Mr. J. Watson umpired the game.

The Stirling boys did not bring a hard ball team with them, but played a game of soft ball with the Madoc boys which resulted in their defeat.

On Monday evening a meeting of the Public Library Board was held to hear the report of the delegate, Miss C. Caldwell, who attended the meetings of the Ontario Library Association during Easter week. A hearty vote of thanks was accorded Miss Caldwell for her excellent report and a request made that it be published in the local paper.

CAVAN PERSONALS

CAVAN, May 6.—Mr. and Mrs. Jas. Paul attended the ordination and induction of the Rev. Mr. Riddell in Centreville Presbyterian church on Thursday afternoon.

Mrs. E. Syer and Miss Lilian Syer were guests of Mr. and Mrs. T. Donaldson, Centreville, on Thursday and attended the ordination and induction service.

Mr. H. Bigelow is sawing logs into lumber for some of the farmers of the district.

The lecture which was to have been given in the United Church, Cavan, by the Rev. R. T. Richards, Peterboro, on Friday evening was postponed to a later date on account of the unpleasant weather and the condition of the roads.

There was a dance in Cavan Community Hall on Thursay evening.

A few have commenced ploughing and if the fine weather continues, work will soon be general on the land.

Rememberances embellish life, but forgetfulness alone makes it possible. —Cialdini.

ROSENEATH NEWS

ROSENEATH, May 6.— There was a good attendance at the Sacrament service on Sunday morning. Next Sunday being Mother's Day, the Rev. Mr. Wylding is to conduct the service in the evening at 7.30 p.m. Rev. Mr. Lovelace will conduct the evening service at Alderville.

The C.G.I.T. are to hold a special meeting on Wednesday evening in the United Church.

At the close of the service next Sunday evening a ballot vote is to be taken to decide whether the congreation is in favor of a change in ministers or if the present pastor is to remain.

The Woman's Institute is to meet at the home of Mrs. Robt. Mouncey on Thursday, May 6th.

Mr. Earl Waldie has gone to London where he has secured a position.

Mrs. Clarke and little daughter, Betty, Mr. Elton Turner and sister, Beatrice, and Mr. H. Robertson of Kingston motored up to Roseneath on Saturday and spent the week end with Mrs. Lily Turner.

Mr. W. Major of the Royal Bank staff is spending his vacation at his home in Williamston, Ont.

Miss Evelyn Turner is visiting friends in Kingston.

Owing to the late season the farmers are just beginning to get busy on the land.

Mrs. Foster of Belleville is with her sister, Miss Annie Swan, their sister, Mrs. Eliza McGivern, is still confined to her bed through illness.

Mr. Zufelt, Warkworth, has engage with Sherwin Brothers to work in the garage.

Thousands are Sick

No Need for Headaches, Indigestion, Kidney, Bladder or Blood Disorder.

Tanol Calomel, the only medicine that acts upon the liver, cleans the stomach, purifies the intestines, restores the internal organs to their natural state.

Just get a few Tanol Calomel tablets from your druggist, take one before meals or better still take two before bedtime, next morning drink a glass or two of hot water and away goes all the poison wastes and toxins that have been causing your headaches, gas on stomach, kidney pains, rheumatism, etc.

Tanol Calomel is harmless to take, does not nauseate, no bad after effects, no salts or seidlitz are needed next morning like ordinary calomel. Just what you need to make you eat better, sleep better, work better, digest better and feel 100 per cent better in every way. F. C. Webber Charlotte St., Peterboro, has these tablets.

PLAN SURGERY HOSPITAL

NEW YORK, May 6 .—Plans have been prepared for the world's first hospital to be devoted exclusively to plastic and cosmetic surgery which is to be erected here during the coming summer. The new institution which is expected to open in November will be known as the Plastic Hospital and the staff will be made up of a dozen or more of the most ethical surgeons now engaged in work.

WOMEN'S PAGE

SOCIETY

Miss Isabel Oke has returned to her home after visiting friends in London.

* * *

Monsieur and Madame J. A. Paquin of St. Eustache, Que., parents of Madame Sifroy Goulet, Gilmour Streets, have returned to Canada by the steamer France," after spending three months in Italy and France.

HER OWN WAY

A GIRL of TODAY

WHAT MOTHERS SHOULD NOT BE TOLD.

Miss Cleaver started I thought rather guiltily when I told her the bag she was examining belonged to me.

"I was just looking through it," she said. "To see if there were any identification tags in it before sending it to the Lost and Found Department."

I looked at Mr. Armstrong reproachfully, and said, "Surely this gentleman would have known that I would be right back for it."

"That is what I told Miss Cleaver," the man protested. "But she said that it was such a valuable bag that she would send word to the Lost and Found Department, for that is probably where you would look for it. In the meantime she would take charge of it herself."

"Thank you, I'll take it now," I said as I held out my hand for my property.

"You are sure, Mr. Armstrong, that this is the young lady who left this bag here?"

It was a nasty inference, and I was at first going to vocally resent it, but I kept my temper.

"Yes, Miss Cleaver, I am perfectly sure. I noticed the bag when she came in."

"I only asked the question, Mr. Armstrong, as it seems rather incongruous that a young girl carrying a bag with gold fittings should be asking for a twenty-dollar-a-week job."

Silently I still held my hand out, and the woman had no other thing to do except give it to me, but she looked at me with hate that showed she wished might have seared me as she did it.

I had a rather sinking in my heart as I realized that I was not going to have as easy time as I thought in the Morton Department Store if this woman was going to be my boss.

I looked at Mr. Armstrong. Was it meant for a wink, that slow closing of his left eye? I took it for one and determined to ask him the first time I got a chance what that woman hated me for. I had never seen her before in my life.

All at once I had a hunch. "She is in love with the man Robinson," I said to myself, "and she is jealous of me." I couldn't resist winking back at Mr. Armstrong from behind Miss Cleaver's back to let him know that I understood.

It was rather late in the afternoon when I left the Morton store. I didn't want to go home when I knew that Mamie's mother would ask me all sorts of questions in her querulous way. I determined to go out to the park and scribble a note to my mother. Poor dear, I hadn't sent her many letters since I had come to Toronto.

Strange, isn't it, that the modern girl has so many adventures that are not wrong in themselves, but which she can't tell her mother?

TOMORROW: Coming Back to Earth.

CHOIR CONCERT.

Interesting Programme Arranged By St. Paul's Choir.

A very interesting programme has been arranged by the Choir of St. Paul's Church in connection with their annual concert, to be given on Monday evening next, May 10th.

The visiting artists from Toronto will be Miss Vera McLean, whose beautiful contralto voice has been greeted with much enthusiasm here on previous occasions, and who excels in oratorio music; Austin S. Douglas, a newcomer to the city, who has been singing with much acclaim in various cities of the province, and the Hambourg Studio String Quartette, who made such a splendid impression on their audiences in previous appearances here, and whose broadcasting of music is considered by The Toronto Star to be the chief event of many radio concerts.

The choir itself has prepared several pleasing numbers for the occasion, including the choruses from "Elijah," a mixed chorus of "The Bells of St. Michael's Tower," a male chorus in 'The Sandman," and a ladies' chorus, "A Reverie."

The Two-Piece Frock is More Important Than Ever

Since Chanel in Paris, introduced the two-piece frock a few seasons ago, the vogue for it has grown until now it has attained to the very pinnacle of fashion. Printed crêpe de chine in a gay design of many colors makes this stunning sports model, which has a blouse that slips on over the head and a collar that may be worn buttoned high, or turn back as illustrated. The back of the blouse is plain and there are gathers at the shoulders in front. The long set-in sleeves are gathered into cuffs at the wrists, and patch pockets adorn the front. The string belt is a new detail and provides a soft bloused effect at the hip-line. Fulness in the skirt is attained by two box-plaits in the front, the back being plain. The blouse, No. 1343, is in sizes 16, 18 and 20 years. Size 16 years requires 2 yards 39-inch figured, and ⅝ yard plain material. The skirt, No. 1349, is joined to a bodice top, and is in sizes 16, 18 and 20 years. Size 18 years requires 1⅝ yards 39-inch figured material; lining for bodice top ⅝ yard 36-inch. Price 20 cents each pattern.

Our Fashion Book, illustrating the newest and most practical styles, will be of interest to every home dressmaker. Price of the book 10 cents the copy.

SMALLPOX PLAGUE.

Disease Has Caused Many Deaths and Spreads Fast.

VERA CRUZ, May 6 (Canadian Press).—A telegram from the city of Tuxtepec, in the southern state of Oaxaca, states that a large number of cases of black smallpox has broken out there and that in nearby towns the disease has caused many deaths. It is of a virulent form and is spreading rapidly, it was stated.

Laura Hope Crews wore this striking green felt hat with two tassels of adacher green leather when she opened in "Pomeroy's Past."

Spring Cleaning -:- By Juanita Hamel.

House-cleaning time and Spring-time have ever been synonymous. So Miss Debutante decides that after her strenuous Winter she will clean out all the souvenirs of her successful season and start the new campaign. So she goes to her treasure chest and takes out all her little party souvenirs, programs, yes, and photographs, too. And now she's in a quandry. For the photographs are so hard to clean out. But now that Love has come to her, she knows that only the photograph of her chosen one should grace the chest. So, regretfully she sorts out and tears up all the rest. But she cannot tear out the memories of the happy hours she has spent—until she looks into the smiling face of her beloved—and then she merrily proceeds with the housecleaning without a regret. For Love is selfish in that it blots out all memories of those who have been rejected. But it is generous in the happiness of those truly in love.

A Fashion Model's Diary

By Grace Thorncliffe

SHE DESCRIBES A MODISH SPORTS FROCK.

Today one of Madame's college girl clients came into the shop, and was given quite a reception by the manikins and saleswomen.

It seems that this young Miss Black has been voted the best-dressed girl at her college, which is one of the largest women's colleges in the country, so the title must have been won against much competition.

Now, since she buys a large part of her clothes at Madame's, we all feel that we can share somewhat in the honor.

"I'm delighted at such telling results." Madame told us. "And, of course, I'm not forgetting the fact that Miss Black's good figure has a lot to do with making the clothes show off well."

Madame is a very fair person, and I thought this speech quite typical of her readiness to give others credit where it is due.

We were all interested in what Miss Black had to say about her clothes, and among other things she declared that she had worn nothing for daytime all year except smart little two-piece frocks designed by Madame.

"I like these for day wear immensely," she declared. "And with them I invariably wear small matching felt hats. The one on my head I bought here at Madame's millinery salon."

She told us she always had one black dinner gown, and this year it is lace and chiffon with long lace sleeves. She always has two other evening frocks, one bouffant and one of chiffon.

"But the point of my visit today is to order another two-piece sports dress," she announced.

I think the one she chose is typical of what the busy, smartly dressed girl finds most suitable for her daytime needs and I am showing a sketch of it here.

It is a particularly smart choice for the moment, as polka dots are so

Green and Navy Flat Crepe Make This Effective Two-Piece Model.

modish, and so becoming to practically everyone.

The skirt is plain navy flat crepe, while the overblouse is bright green with navy dots.

The little hat fits her perfectly, and is navy grosgrain faced with green.

The Home Kitchen

By Jeannette Norton

PERTINENT FACTS ABOUT FOOD AND FAT.

A recent conference of prominent physicians, called together to discuss problems of fat reducing methods, after much argument, decided it was an individual problem. That is, that no one rule would work in all cases. Drugs, over-exercise, mistaken food denials were all apt to bring on other evils, even if they took off the flesh.

Dietitians say count the calories, avoid sweets, breads, potatoes, fats and all stimulants, even coffee and tea, but see to it that the proper nourishment is taken. The system functioning naturally, a normal amount of sleep, plenty of water within and without, fresh air and exercise help in all conditions. The following sample menus will point the way for those bent on reducing. The change will not happen in a day but will be a gradual condition. That is, not a shock to the system, but a comforting feeling.

Breakfast.

One or two cupfuls of hot water with the juice of a lemon, and a slice of toast with a very thin spreading of butter. This will be about 75 calories. Meager it will seem at first, but one soon gets used to it.

Luncheon.

One corn muffin, a single pat of butter and a cup of tea or coffee with cream. This will total 275 calories. Now, if preferred, a salad may be substituted, a generous amount of lettuce with a dressing made of Roquefort cheese, an inch and a quarter cube of the cheese mashed in a little vinegar with no oil; or a large baked apple, or something else that comes into the hundred calories portion.

Dinner.

Vegetable soup, clam juice, or oyster cocktail. A small helping of lean meat, fish or lobster. Large helping of lettuce or raw cabbage. A dish of tomatoes, cauliflower, beans, carrots or turnips. A small slice of bread, a half pat of butter, a small banana and a cup of cereal coffee. This totals 665 calories, leaving 70 calories over that may be used in a bite before going to bed, if one feels hungry.

One thousand two hundred calories a day will be ample food, for the system will then draw on its fat shortage, if needed there, by helping to bring down the pounds. This plan, worked out by a woman dietitian who knows, is well worth following, for it in no way threatens starvation or the undermining of health which the indiscriminate use of drugs might do.

A little study of hundred calorie portions will soon make our task easy and we will become quite expert in choosing wisely and well. We do not have to give up all our favorite dishes either, for occasionally we can make a whole meal of one dish, if we carefully estimate the number of calories it contains.

HOME-MAKING HELPS

A FEW SEWING ROOM HINTS.

If you are fitting up a new sewing room, these hints will help. First have a work table made. The table should be six feet long, three and a half feet wide, and just the right height for the user's stature.

At one end of the table have a row of four-inch spikes driven up to use as spool holders. At one side, have a hoop ragbag. The bag may be fastened to a rod arm, so that it may be pushed under the table until needed, then can be swung out and the rags brushed into it. A yard stick marked on the table is another convenience. A small drawer may be added for the other sewing materials. In the drawer, besides, castile soap for hems, tailor's chalk, tape measure, wax, a tabulated button box with compartments will be a great comfort.

A sand-weighted pin cushion for the sewing table is best. A cambric sheet to spread under the table is a work saver as it catches all threads and is easily shaken. A bare floor or a linoleum-covered floor is most satisfactory, but it must be kept free from dust. Good electric lights, well placed and shaded, will make the room a possible place to work in at night. A deep square basket is good to put the stockings in until they are darned and distributed, and a stool is always a handy thing in the sewing room.

A woman is in charge of the mycological department of the famous Kew Gardens in London; she deals with the study of fungi.

The Paris Hat Comes in Sections and Silks

BUTTERICK 6810

The facts about the new French hats for Spring are these. Nearly all of them drape in the crown or the brim. The crown is higher than last year, but the hat itself is almost always small. Large hats will be worn to a certain extent with afternoon dresses and for Summer, but for most purposes the small hat is correct. It can match the costume, contrast with it, be of a lighter or darker shade of the same color. If it contrasts, it usually matches some other accessory. The little French hat illustrated is easily made, and Paris uses corded silk, taffeta or satin for it.

The Examiner does not sell these patterns.

(By Allene Sumner)

DID HELEN BELONG?

Helen of Troy must have been an early member of this party, according to the interpretation of fair Helen by John Erskine who writes her "Private Life." Or perhaps it is Helen's husband, outraged old Menelaus who was the charter member. For we read that with Troy fallen, "Menelaus went looking for Helen, with a sword in his hand. Undecided whether to thrust the blade through her bosom, or to cut her swan-like throat. He hadn't seen her for some time. She was waiting. He looked at her. The sword embarrassed him. "Helen," he said, "it's time we went home." Someone had given that husband training in the art of "equal righting."

BAD ETIQUET

But, though forgiving against his will, husband Menelaus could not brook the mirth of the multitude. We read more—"He had to take her to the ships for the night, but he couldn't make up his mind in what order they should set out. Not side by side, of course. He sent her on ahead to take unprotected whatever insults the curious army might care to hurl at her."

JUST AS BAD!

We laugh at the manners of Menaeus, but, strictly speaking, our modern code which says that a man, when walking with a woman, must take the outside of the walk, is as crude. The idea behind the code is "protection of the woman from the dangers of the street." As a matter of fact, today's woman should be protected from the pool room loafers and other unpleasantries on the inside of the street. This custom was started in the days when gutters ran down roofs which projected over the streets where the escort, on the outside, got the drippings, protecting his lady's plumes and mantle.

WAY TO MAN'S HEART

"Menelaus was busy with his food on the other side of the table." This is the very last line in the book, proving that wives then as now, knew perhaps the value of a good table in keeping a man home nights—if one seeks nothing more subtle in the line, and forgets the wistful look for the something lost behind the ranges in Helen's eyes as "her white hands pass the wine."

WAS IT HAM AND RAISINS

Perhaps Menelaus was busy with ham and raisin sauce which might explain and condone his absorption. Modern wives make it like this: One cup raisins soaked in 3 cups water until plump. Cook 5 minutes. Add 4 tablespoons vinegar, 1-2 cup brown sugar, 1 tablespoon cornstarch mixed with little cold water, cook until thick, about 10 minutes. Serve hot with baked ham.

SAVE YOUR TEETH

Prepared by the Oral Hygiene Committee of Canada, with which the Peterborough Dental Society is Collaborating.

TOOTH TURNS BLACK.

Your white pearly teeth have perhaps excited the admiration of your friends, and your pride in them is fairly pardonable.

But one day a tooth that you had been intending to have 'fixed,' ceased to bother you until by and by you noted with some little alarm that this tooth was quite dark in contrast to its fellows.

Or, perhaps, your dentist because of your neglect found it necessary to remove the pulp from a tooth, following which operation you found with some dismay that it had changed color, and noticeably so.

Now, what has caused this?

Contrary to your idea, possibly, a tooth gets its shade, not from the outer enamel covering, which is almost colorless, but from the array of colors in the underlying body of dentine.

As a sequence to pulp death and decomposition, we have a disintegration of the blood elements with the production of pigments or color compounds. These permeate the dentinal structure through its many little tubuli and are reflected through the almost transparent enamel, giving the tooth its shade; this is the principal source of discoloration.

A less frequent cause is from the use of remedial agents employed in tooth treatments, many of which have the property of staining the dentinal substance.

Now, unfortunately, as you can see, all of the scouring that you may do is of no avail—like the historic spot of 'Macbeth'—it will not 'out.'

However, your dentist by employing bleaching agents within the tooth cavity can with fair success restore the shade, if the discoloration has not remained too long.

Women's umbrellas and handbags left in tramcars or otherwise lost by their owners while travelling around London, reached Scotland Yard at the rate of over 250 a day.

YOUR HEALTH

By ROYAL S. COPELAND, M.D.,
Former Commissioner of Health, New York City.

One of the most common of the utterly unnecessary accidents is that of taking medicine from the wrong bottle.

Under no circumstances should you permit an unlabeled bottle to stand in your home. You may think you will always remember what it contains, but the rest of the household wont know. You will forget in a short time. From the beginning that bottle is a menace. It certain is if it contains poison.

In a sense all drugs are poisonous. Perfectly harmless agents are rarely used for medical purposes. Even though a particular drug is so mild it means little to most of us, it may be harmful to a susceptible person.

This is one of the reasons why it is unwise to take drugs without the advice of the doctor. It is his business to determine whether this or that remedy is safe to take.

But, no matter what drug or chemical is kept in the house or place of business, it should be carefully and plainly labeled. Never label it on the cork alone—you may lose the cork. Don't use numbers or symbols. Mark the name in plain English. If the bottle or box contains something definitely poisonous, have the word "poison" in big letters in addition.

Don't get the covers and stoppers mixed. In short, take the greatest pains to keep your drug supply so carefully that you cannot be fooled.

I have seen terrible accidents happen from putting the wrong medicine in the eyes. You would suppose nobody would be silly enough to put medicine into an eye without knowing exactly what medicine was being used. But that is a common experience. In one of the worst cases I ever saw the victim was a doctor.

Never get up in the dark to find the croup medicine. No matter how certain you feel, you will not be the first to make a dreadful mistake.

I hope the first thing you will do on reading this article is to empty the contents of every unlabeled bottle down the sink. Make a solemn promise to yourself that no such container will be permitted in your establishment.

Of course, you will never know how many accidents have been prevented, but you will have the satisfaction of knowing that "accidents" in your home are really accidents and not due to dumb stupidity.

Answers to Health Queries.

A. B. Q.—What causes canker sores?

A.—Usually hyperacidity, an acid condition of the stomach, due to wrong eating. For further particulars send self-addressed stamped envelope, repeating your question.

* * *

M. C. M. Q.—What causes a dull pain and weak feeling around the heart?

2. What causes a sharp feeling to shoot through my face at times?

A.—This may be due to indigestion. Eat simple, well-cooked food and avoid constipation. Send self-addressed stamped envelope for full particulars and repeat your question.

2. This may be due to neuralgia. You should have your teeth, tonsils and nasal sinuses examined for possible points of infection. Applications of heat are sometimes helpful.

* * *

A Daily Reader. Q.—What causes cracking joints in feet and letgs?

A.—This condition is due to lack of synovial fluid. Massage the part with warm cod liver oil before retiring. This may help you.

* * *

F. C. W. Q.—Can you recommend a cure for baldness? Also a cure for catarrh?

A.—If the hair follicles are dead there is no cure for this. Send self-addressed stamped envelope for full particulars on catarrh and repeat your question.

* * *

Dr. Copeland will answer for readers of this paper questions on medicinal, hygiene and sanitation subjects that are of general interest. Where the subject of a letter is such that it cannot be published in this column, Dr. Copeland will, when the question is a proper one, write you personally if a self-addressed, stamped envelope is enclosed. Address all inquiries to Dr. Royal S. Copeland, in care of this office.

GOOD NIGHT STORIES

By Blanche Silver

PEGGY FINDS A MIDGET IN THE WEEDS

When the grasses moved almost under Peggy's feet, she jumped and squealed.

"Now what in the world made those grasses move like that?" she mused. "I didn't see anything running through there. I'll bet it was a mouse. I'll just bet anything."

"Well, you guessed right that time," laughed a merry voice, and Happy Giggles, the wee elfin from Make-believeland hopped up beside Peggy with a broad smile on his face. "That was Mr. Silky Pocket Mouse. Ever seen the midget, Peggy?"

"A midget," mused Peggy a puzzled look on her face. "I've seen the little people at the fairs called midgets, Happy Giggles. Do you mean that?"

"No, I mean Mr. Midget Silky Pocket Mouse," replied the elfin.

Peggy laughed and shook her head. "Never heard of him I suppose," chuckled Happy Giggles. "Come here Midget," he called. The grasses began to move again and upon a leaf popped the dearest little mousie Peggy had ever seen.

He was a very, very tiny little fellow with long hind legs and a long tail, dressed in a yellow coat with a white vest.

"Mr. Midget Silky Pocket Mousie, this is Peggy," said Happy Giggles, bowing politely. The wee little Mousie returned the bow and squeaked his pleasure.

"When I saw you a second ago, I thought you had come to catch me,"

"This Is Mr. Silky Pocket Mouse."

he laughed. "I'm always glad to meet friends of Happy Giggles or Squeedee, Miss Peggy."

"And I'm sure glad to know you, Mr. Pocket Mousie," replied Peggy. "I've never seen a mousie like you before. But tell me, why do they call you Silky Pocket Mousie? I can see why they call you a midget. I really never saw a smaller mousie."

"I guess you didn't," laughed Happy Giggles. "Mr. Silky Pocket Mousie weighs less than an ounce. Yes, I guess you're the smallest animal in all this woods. Mr. Wood Mousie would be a Giant compared to you, wouldn't he?"

"Gracious I should say so," laughed the Midget. "I think they call me Silky Pocket Mousie because these little pockets on the outside of my cheeks are lined with soft silky fur. Isn't that the main reason, Happy Giggles?"

"Must be," replied the elfin. "Better jump along now, Midget. We'll pay you another visit one of these days. Peggy's on the way to the store for her Mama."

Mr. Silky Pocket Mousie jumped away and soon disappeared among the weeds.

"You see he's quite a jumper," laughed the elfin. "That's why his hind legs and tail are so long. Come along, Honey, we'll find some more interesting little folks in the woods," and catching hold of Peggy's hand he ran down the path to the woods.

(Copyright, 1926.)

THE BREAD LINE

They're lined up 'bout a dozen strong, an' standin' at the door. 'Caus mother wonders just what's wrong, and what they're waitin' for.

Then Little Willie, mother's son, explains they must be fed. The gang has picked him as the one to ask for jam and bread.

The bread knife starts ta flyin' and the butter's put on thick. The kid 'er all jes' dyin' fer to give a slice a lick.

They stand there, eyes a poppin', till the "feed" is handed out. The luscious jam is droppin' as they turn and run and shout.

Yes, mother knows that yearnin', as she sees the beggars go. And she knows they'll be returnin' in about an hour or so.

Eagles on United States currency were copied from birds in the National Zoo.

Face Badly Broken Out With Pimples Cuticura Healed

"My face was so badly broken out with pimples that it was actually disfigured. They first started with a few blackheads on the sides of my face, and festered. The pimples spread to my forehead, chin and neck. They itched and burned so that I could hardly rest. They looked so badly that I was ashamed to be seen in public. The trouble lasted about three years.

"I read an advertisement for Cuticura Soap and Ointment so purchased some. I used about two boxes of Cuticura Ointment and four cakes of Soap and was healed." (Signed) Mrs. John Kelly, Rt. 3, Bay City, Mich., Nov. 5, 1925.

Nothing so insures a healthy, clear complexion, soft, smooth hands and glossy, luxuriant hair as Cuticura Soap, assisted by Cuticura Ointment when necessary.

Sample Each Free by Mail. Address Canadian Depot: "Stenhouse, Ltd., Montreal." Price, Soap 25c. Ointment 25 and 50c. Talcum 25c.
Cuticura Shaving Stick 25c.

Tomorrow's HOROSCOPE

By Genevieve Kemble

FRIDAY, MAY 7.

Propitious stellar influences prevail on this day, which may be memorable for the removal of an old obstacle or some tenacious obstruction to progress. Following this deliverance there should be lively and gratifying conditions with affairs readjusted on a foothhold of stability and increasing growth. All business as well as the professions should flourish and those in the employment of others should win recognition for perseverance and responsibility. It is a good time for renewing contracts or for signing documents.

Those whose birthday it is are on the eve of a year of substantial success following long-congested conditions or stubborn obstacles. They should push to the front with industry and zeal, renewing old contracts or making new arrangements. And this applies also to those in the employment of others. A child born on this day should be clever, versatile and industrious and may attain good position through its dependability and application. In employment it should shine.

WESTWOOD UNITED CHURCH MEETING

Two New Elders Appointed at Annual Meeting.

WESTWOOD, May 6.—The annual meeting of Westwood United Church was held on Thursday afternoon in the church. The pastor, Rev. J. Archibald, presided.

After a short devotional service, including an anthem by the choir, the reports of the different branches of the church were read and found to be very satisfactory.

Two new elders were appointed, Messrs. Thomas Brackenridge and Charles Brackenridge.

Following the closing exercises, a social half-hour was spent, refreshments being served by the ladies.

Mothers' Day will be observed in the United Church on Sunday, May 9, and the Sacrament of the Lord's Supper will be held on Sunday, May 16.

On Friday evening a miscellaneous shower was given in the town hall in honor of Mr. and Mrs. Gordon Gillson (nee Lydia Brackenridge).

Despite the poor condition of the roads, there was a large number of friends from the village and community.

During the evening, Mrs. Gillson expressed their appreciation of the many kind gifts. The evening was spent pleasantly in dancing, the music being provided by Messrs. Francis and Fletcher of Keene, accompanied by Miss Lena Dickson.

Public School Inspector R. A. Lees, of Peterboro', was in the village on Monday.

Miss Jean Kindred, of Zion, was a recent guest at the home of Mr. and Mrs. Thomas Brackenridge.

Stewart Neilson, who has been confined to his home, through illness, is improving.

H. Neilson and R. C. Brackenridge attended the funeral of the late Major F. A. Webb in Norwood.

Mr. and Mrs. Percy Elliott and little daughter, Ruth, of Norwood, attended the shower in the town hall on Friday evening.

WARSAW NEWS

WARSAW, May 6.—On May fourth, everything was frozen solid although it was a beautiful, bright day. In sheltered places the ground did not soften, until afternoon. Snow is still to be seen in spots. A few little hepatica have showed themselves.

Farmers, who had an ordinary supply of feed, are buying more. As a rule cattle are being taken to their summer quarters by the first of May.

Roads are drying but they are terribly cut up. For the last few days, even the stage has gone by Lakefield. Three days of last week those getting their mail on Peterboro No. 10 route got no mail. A few residents were in Peterboro on Saturday and obtained their mail there.

The English Line is getting terribly cut up. Wilfred McIvor narrowly escaped a severe injury helping to extricate a car. Several cars were allowed to remain as the farmers did not care to put their teams on them. The owner managed to get the cars out by prying with rails. More than one car remained stuck all night.

The entertainment given in aid of the Guild of St. Mark's church on Friday evening was a success in every way. The A.Y.P.A. of St. Luke's church, Peterboro, put on the play, 'His Uncle's Niece." It was well done and very much enjoyed.

Bethel Sunday school re-opens on Sunday, May 9th, "Go-to-Sunday-school-day."

"Mother's Day" will be observed in the United church, Warsaw, on May sixteenth.

ADVENTURES of the TWINS

by OLIVE ROBERTS BARTON

No. 8—PEN SCRATCHER THE NEWSPAPER MAN.

"Oh dear!" said the little Whiffet. "I wish I could find my shadow!"

"Why don't you advertise?" said a voice behind them.

"Advertise!" cried the Whiffet turning around. "And who are you?"

"Pen Scratcher," said the funny person staring at them, his arms akimbo and a big pen behind his ear. "I'm a newspaper man. I run the 'Hollow Log Gazette.' Also the 'Log Hollow Bugle.' In the morning it's one—in the evening it's the other. All I do is to change the name and the weather and the politics and folks don't know the difference. There are tricks to a trades."

"Do you think I should find my shadow if I'd advertise?" said the Whiffet.

"I certainly think so!" said Pen Scratcher. "But whether you would or not is a different matter. It costs six buttons for six lines, or three pins a word."

"Then I'll take six inches, please," said the Whiffet, reaching into his pocket for six of the precious buttons that made up his fortune.

"Just come into my office," said Pen Scratcher, "and tell me exactly what I'm to say in my Lost and Found Column."

So the Twins and the little Whiffet followed Pen Scratcher into his wild-grapevine office, where there was a big printing press turning out papers at the rate of one every five minutes.

A black crow was attending to the printing and a barred owl was looking them over for mistakes.

"Here's a mistake," he hooted. "It's a recipe for apple-jelly, and it says to take six large prunes and—"

"What's that? What's that?" croaked the crow. "I wrote that recipe myself. I watched the farmer's wife making it, and I wrote down everything she did. I was sitting in the pine-tree in her back yard and I could see through the window. What are you making fun of it for?"

"You don't put prunes in apple jelly," hooted the barred owl. "You put apples in."

"Of course," croaked the crow. "You're crossing your bridges before you come to them. The farmer's wife took six prunes out of a saucepan and put them back into the prune bag. Then she put a lot of apples in where the prunes had been and pared them for the jelly. You didn't read far enough."

The owl buried himself behind his paper and no more was heard of him.

"Now then," said Pen Scratcher, "if you gentlemen have stopped quareling, we'll get down to business. I'll write an advertisement for your lost shadow, Mister Whiffet, and you can read it and see if it's all O. K."

The Twins and the Whiffet sat down and Pen Scratcher wrote and wrote with his long pen.

"How's this?" he said in a couple of minutes. "Lost between the attic and the stile on Monday, one perfectly good shadow. Answers to the name of Whiff. Has a large necktie and two pockets and—"

Suddenly Pen Scratcher stopped. "That's six lines," said. "Your six buttons' worth is used up. But if you like I'll throw in the extra 'and' for nothing."

"Thank you. It may help some," said the Whiffet.

"We can deliver some of the papers," said Nick.

(To be continued.)

ASSESSOR'S REPORT

Lakefield Shows an Increase in Population Over Last Year.

LAKEFIELD, May 6.—The following is the report of the assessor of the village, R. J. Webster, who has completed his work for the present year.

There is an increase of 71 in the population for this year and the population now numbers 1292.

Number legislative franchise—108.
Number of acres—493.
Value of land—$124,500.
Value of buildings—$498,375.
Total value—$762,775.
Business assessment—$27,050.
Income—$7,750.
Total assessment—$795,926.
Exemptions—$183,700.
Children between 5 and 8—41.
Children between 8 and 14—109.
Children between 14 and 16—30.
Children between 16 and 18—28.
Total number of children—208.
Dogs—71.

Euchre Party.

The Volunteer Fire Brigade are having a progressive euchre in the Memorial Hall on Tuesday evening, May 11th which promises to be a great success. There is every prospect of this being the largest card party ever held in the village and the fact that only euchre will be played has interested a large number of people. Committees have been appointed for all the departments and a good time is assured.

House-Cleaning.

The house-cleaning season is in full swing and is being pushed ahead at a greater speed than usual owing to the late season. The "whack" of the carpet beater has superceded the hum of the sawing machine and everywhere carpets, curtains, bedding and article of furniture are taking their bi-annual airing. These are busy days for the housewife who is working hard to finish before the warm weather sets in and according to present indications she will do so.

Roads Are Bad.

The roads are very bad at present and unusually rough for May, the frost came out very late and in some places the break up is complete, the roadmasters have mended the worst places but heavy traffic has cut them to pieces again. In some spots on the Peterboro-Lakefield road broken fence rails tell a story of strenuous times and exciting adventure.

Baseball.

The baseball season is nearly here and it is expected that the teams will re-organize for the season. Last year the village team played in rather hard luck as several of the old reliables had left the village and it was difficult to rely on having nine players on the field for games.

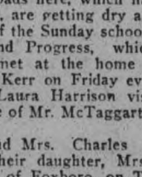
The softball team played in better luck but both teams needed greater support from the baseball fans. A crowd of twenty or thirty doesn't cheer a team very far on the road to victory and on more than one occasion local fans were outnumbered at the home games by those who accompanied the visitors.

She Couldn't Sleep Heart Was So Bad

Mrs. J. D. McClintock, Charlottetown, P.E.I., writes:—"About a year ago I was greatly troubled with my heart.

I could not sleep at night, and was so nervous I imagined that I could see everything in the room moving, and would have to turn on the lights before I could get to sleep.

After having read of your



I took several boxes of them, and can now get a full night's sleep without any trouble, and feel fine in every way."

H. & N. Pills have been on the market for the past 32 years; all dealers sell them; put up only by The T. Milburn Co., Limited, Toronto, Ont.

THOMASBURG PERSONALS

THOMASBURG, May 6.—There was an attendance of forty-seven at Sunday school in the United church on Sunday. The scholars are preparing a Mother's Day programme which will be held on May 16.

Miss Ruby Holbert was the guest at the home of Mr. Edward Blakely of Chapman for tea on Wednesday.

Miss Mary Way, R.N., of Kingston returned home recently to stay with her parents, Mr. and Mrs. Edward Way.

Miss Mildred and Laura Harrison and Mr. Hermon Elliott spent Monday evening at the home of Mr. Harvey Vance.

Mr. and Mrs. McKrocken of Tweed visited Mr. and Mrs. Willard McTaggart on Sunday.

Mrs. Edward Way is quite ill.

Mr. Forbes Sherry, who has been quite ill is gaining.

About twenty young people spent a very enjoyable evening at the home of Mr. Charles Pounder on Wednesday.

Mr. and Mrs. Thomas Adams of Madoc spent Monday at the home of Mr. Thomas Emerson.

Mr. and Mrs. Harold Morton and Miss Ana and Mr. and Mrs. William Vance and children were Sunday visitors at the home of Mr. William Holbert.

Miss Mary Simpson was the guest of Master Milton Vance for dinner on Friday.

Mr. and Mrs. Charles McGuire of Stirling visited the latter's sister, Mrs. William H. Kerr, recently.

Mr. and Mrs. McTaggart and children spent Friday in Tweed visiting the former's mother, Mrs. Hiram McTaggart.

A few from here called to see Mr. Thomas Orr, who is quite ill, on Sunday.

Miss Florence Nightingale, who has been living at the home of Mr. Ernest Coulter, left for Toronto on Friday where she will live.

Mr. Willis Wilson has hired with Mr. John Morton (cheesemaker at Chapman) for the season.

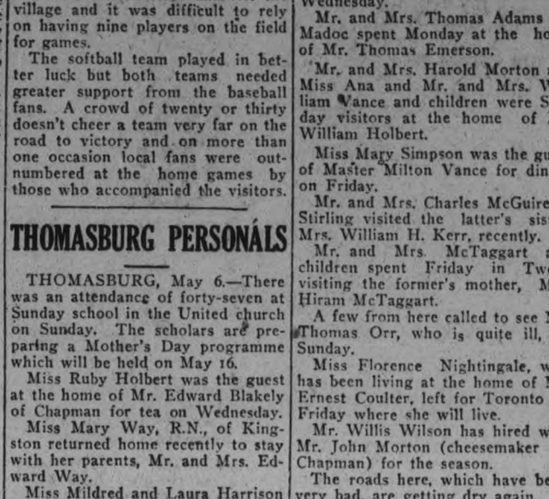
The roads here, which have been very bad, are getting dry again.

Two of the Sunday school classes, Unity and Progress, which have united, met at the home of Mr. Edward Kerr on Friday evening.

Miss Laura Harrison visited at the home of Mr. McTaggart on Sunday.

Mr. and Mrs. Charles Pounder visited their daughter, Mrs. Harry Douglas, of Foxboro, on Thursday.

Actually Fresher Tomatoes Than You Buy on the Market!



THAT is true of properly canned tomatoes. From the standpoint of health qualities and food values, AYLMER Canned Tomatoes are superior to those customarily sold as "fresh". At *all* seasons of the year, you can have truly fresh tomatoes by asking for "AYLMER" Brand at your grocer's.

True freshness is only found in tomatoes at the moment of their perfect maturity, when the health acids are at their best and full flavor has been reached. It is then that AYLMER Tomatoes are carefully picked and immediately packed in a manner that retains every vestige of flavor and freshness. *Unpacked* tomatoes quickly lose their "freshness"—*canned* tomatoes bring this "freshness" right to your table! That is why medical science pronounces canned tomatoes more beneficial than those eaten uncanned.

Moreover, the AYLMER process of canning preserves the abundant supply of Vitamines which make tomatoes the most nutritious of vegetables. In this respect "AYLMER" Tomatoes are better than home-canned tomatoes, or those sold uncanned. Buy them by name—

Healthful Tomatoes

From the World's Finest Vegetable Gardens

The sweet, rich soil and rigorous climate of the lake shore counties of Ontario produce the world's finest-flavored tomatoes. And the fuller flavor of "AYLMER" Tomatoes is sure proof of their greater food value and health properties. Eat more Tomatoes.

DRUG SELLING CHARGE HEARD

Postponement Necessary Due To Lack of Statute Book in Court.

DECISION TO-MORROW.

The activities of the local police force in connection with trafficing in drugs came into the limelight this morning when Arthur King, who was charged with selling drugs without a license, appeared before Magistrate O. A. Langley. Police Constable J. Wheeler unfolded a tale that read like a novel. He had been detailed for special plain clothes duty and had kept such a close watch on the movements of the accused that he had even seen him take the dope in one of Peterborough's parks. The constable also mentioned several other hang-outs and named a dozen or more addicts whom he had yet to "get the goods on." Magistrate Langley complimented the constable, stating that he had given his evidence "in a very intelligent manner."

At the conclusion of the case, His Worship was forced to adjourn owing to the fact that the 1925 copy of the Statutes of Canada was not obtainable, and which W. F. Huycke, the defense counsel, maintained, contained an amendment which was not in the copy which the Magistrate had in his possession.

Says he Bought Dope.

Alonzo York the first witness called by the Crown, stated that he had known the accused for five or six months. During the months of March and April he had obtained 35 ¼ grain tablets of morphine from the accused. He had paid at the rate of twenty-five cents for two tablets, the witness said. Under examination the witness stated that he had gone to Lakefield on two ocasions in Devall's taxi, and was accompanied each time by the accused. When they arrived in Lakefield the accused left the car and was away for 1½ hours. "When we got back to Peterboro the accused gave me three morphine tablets on Water street near Victofia Park," witness said. Witness said he paid for the hire of the taxi on each of the occasions—$4 on the first trip and $3 on the second. He had had dealings with the prisoner a couple of times since, the witness stated, the last time he obtained the tablets from him being on April 25th. He said he obtained them from the prisoner on the street near his home. In answer to a question from the Crown as to what took place then, the witness said "We shot the tablets,' and when asked for an explanaiton of the meaning of the term said that he meant they had injected them into their bodies. During the months of March and April he had paid the accused about $12 for drugs.

He blamed the prisoner for bringing him back to the drug habit, he said, as it was impossible for him to make connections with the man higher up, because he did not know him.

Cross-examined by Mr. Huycke, the witness stated that he had been a drug addict and had served a sentence for having drugs. He maintained that when he came out he was cured of the habit, as he had no taste for drugs left. Mr. Huycke asked the witness how he knew it was dope that he got from the accused, and the witness said, "I paid to know—I did time for it, and spent money enough to know."

At Lakefield.

J. W. Devall, the next witness called, stated that he operated a taxi cab business and had been in business in the city for six years. He took the prisoner to Lakefield once during the last week in March and again on April 9. The prisoner, he said, hired the car on both of these occasions. Mr. York was with him each time. He could not say what they went for, witnes said, and when he asked the accused why he was going up so much he simply answered "I am getting scripts there." Upon arrival of the car in Lakefield, the accused got out and went up the main street. "I got tired waiting for him and was just starting for home when the accused came along," the witness said.

Constable J. Wheeler, the next witness called, stated that he had known the prisoner for three years. During the months of March and April he had been specially detailed to keep a watch on his movements. He was always in the company of dope fiends and "is a dope fiend himself" the Constable said. His favorite resort was on Brock Street, between George and Water, also in Victoria Park. Relating conversations that he had heard, the Constable stated that he had heard the accused telling "how he could stick it over the police." The accused, he said, had even told him this in the cells and on the street "that he could stick it over the police as they could get nothing on him."

Cross-examined by Mr. Huycke, the Constable stated that on one occasion while he was dressed in plain clothes he had seen the accused actually take the dope in Victoria Park between the hours of 9 and 11 o'clock. "I saw him take off his coat and inject the stuff into the upper part of his arm, near the shoulder," the Constable continued. In his opinion, the prisoner was "the only go-between for the higher up and the addict in the city at present." The first witness had just left the accused prior to this occasion.

The constable enumerated other addicts whom he knew in the city and Mr. Huycke asked him why he did not arrest them. "Because I did not have sufficient evidence," said the constable.

Mr. Huycke—Why do they stand near the corner of Victoria park?

Witness—They can leave a scout out and can make their getaway easier.

Chief of Police Samuel Newhall stated that he knew the accused to be a drug addict. He stated that he had repeatedly seen him in the company of other drug addicts whose names had been mentioned. He had seen the accused visit Mr. York's house and had noticed him loitering at the "mad house" and hold conversations with various addicts. He had warned the accused several times but it was no use and as a consequence he had a watch put on him.

This completed the case.

Mr. Huycke moved for a non-suit. He submitted that the Crown had not made out a case within the meaning of the Narcotics Drugs Act, and maintained that there had been an amendment of which the Court was not aware. Magistrate Langley asked for a copy of the 1925 Statutes of Canada and was informed that there was not one in the Court.

His Worship therefore adjourned the case until to-morrow morning.

Freed from Gray Hair

DON'T submit to the age handicap of *gray hair*. In a few minutes, safely tint gray, faded or bleached locks to their natural beauty and splendor with Brownatone—the most used hair tint in the U. S. and Canada. It is immediate in results, easy to apply and absolutely harmless to hair, scalp or skin. Brownatone is far superior to so-called color restorers. Do not hesitate. Send 10c now for trial bottle and see for yourself. For sale everywhere—50c and $1.50

(Mining news supplied by Stobie Forlong and Company)

WRIGHT HARGREAVES: Raising from the 1250 ft. level on the south vein is now under way to connect up with the shaft on the 1000 ft level. Production is being maintained at approximately the same rate as last month. When the raise from the 1250 ft. level and the shaft to the 1000 ft. level are connected we can expect interesting developments on the south vein as well as on the new or intermediate vein encountered during crosscutting on the 1250 foot level.

Exceedingly rich ore is being encountered on No. 1 or north vein at the lower levels. On the 1100 ft. level over 1300 ft. in length has been opened up over an average with of seven feet. The ore is averaging around $20 per ton for the whole length. On the 1250 ft. level the limited amount of development on this vein indicates higher values and greater width, with every reason to expect at least as good lengths. This ore in conjunction with the somewhat lower grade ore from No. 2 or south vein, makes an ideal feed for the mill, allowing for the best results.

TOUGH-OAKES: The incline shaft is now well below the 1300 ft. level and progressing rapidly. The intended depth of 1400 ft. should be reached in a few weeks, well before the end of May. As this work gets away from the lamprophyre, conditions for ore deposits improve greatly. When the required depth of 1400 ft. has been reached lateral work at this level will be pushed as rapidly as possible with the expectation of developing a good grade of ore.

In the meantime a temporary ore pass has been put in below the 1250 ft. level while the permanent ore pocket is being finished. Development of the ore located on the 1250 ft. level is now under way and should result in a better grade being sent to the mill. From appearances and results already obtained on the 1250 ft. level there is every reason to expect an ore shoot of considerable size and value, with some 300 ft. of promising ground still unexplored to the east.

The mill is at present paying all expenses, including shaft sinking and development. With the opening up of the new ore on the 1250 ft. level, now under way, the mill will undoubtedly show a fair profit. When shaft siking is completed, some time in May, this cost is taken off operating.

New York summary

British bank rate unchanged 5 per cent. Continental oil declared regular quarterly dividend of 25 cents. Canadian Pacific declared regular dividend 2 1-2 per cent. on common. Barnsdale Corporation and subs quarter ended March 31 earned $1.18 a share on 1,148,536 shares of class A and B stock against 77 cents on 708,536 combined shares first quarter 1925. U. S. motor gasoline firmer, wholesale market being quoted at 11 3-8 to 11 1-2 cents previously. Baltimore and Ohio considers plan for using buses to carry passengers to communities by ferry when it discontinues operations of trains from Pennsylvania station September 1.

New York stock exchange plans special department for handling of inactive stocks. Unit of trading will be ten shares. Demand sterling $4.84 5-8. Francs, 311 1-2. Lire 401 1-2.

AWARDED MEDAL BY RADIO

For the first time in the history of the world, the award of a medal for life-saving was made over the radio when, on the night of February 17th, Sir Henry Thornton, President of the Canadian National Railways, speaking from CNRO, Ottawa, presented the medal of the Royal Humane Society to Mrs. K. G. Polyblank, wife of a civil engineer in the service of the Company. Mrs. Polyblank was in her home at O'Brien in the northern part of Quebec Province and as Sir Henry Thornton, in Ottawa, reached the appropriate moment in his address, the medal was handed to Mrs. Polyblank who, with a number of friends, listened to the address through a receiving set installed in her home.

The deed for which the award was made took place at Long Lac, Ontario, in the summer of 1925, Mrs. Polyblank plunging overboard from a motor boat to save the young child of a friend who had slipped over the side. Mrs. Polyblank swam to the child, maintaining it afloat, divested herself of clinging clothing, and calmly awaited the arrival of rescuers, being practically exhausted when reached.

The photograph shows Mrs. Polyblank, in her home just after she had been presented with the medal.

SHORT LEG NOT RACE HANDICAP

University Sprinter Says It Helps Him Make Speed on Curves.

LINCOLN, Neb., May 5. — One short leg has made Roland Locke, Nebraska university sprint star, a great runner instead of handicapping him.

The husky dashman, who unofficially has dashed the century in 9½ seconds and the 220 in 20.05 seconds, yesterday explained that one of his legs was shorter than the other as a result of an automobile accident, but that this enabled him to make even better speed.

"When there is a turn in the track the short leg helps in gaining greater speed around the curve," the smiling but rather reticent runner told the United Press.

Locke, who has just emblazoned his own name among the nation's list of great sprinters, is an unassuming sort of chap who plans to hang up his spiked shoes after he finishes his law course this year.

Even the lure of an exhibition tour abroad fails to make the Nebraskan waver from his decision to toss athletic laurels away and seek prominence as an attorney.

"I'm going to finish the law course and forget track after this season," he said. "I'll probably play baseball for recreation because I like it better than track."

Naturally these words came as no balm to Henry Schulte, track coach. "That boy has more speed than any human alive if he would turn it loose," Schulte said. He predicted that if Locke would continue running all dash records were endangered.

The middle western star admits two failings. One is that he is inclined to view each meet pessimistically, and the second is that he derives great satisfaction out of getting out of the race, turning around and then watching other runners trying to match his burst of speed.

FLOWER FOR HERO.

WARREN, O., May 6.—Traffic Policeman Leo M. Dixon recently saved a frail and elderly woman from death in the street. She offered him money. He refused. The next day a florist delivered a carnation to Dixon as he stood on his post, and told him that he had a standing order to deliver a fresh carnation to him every morning as long as he and the woman he rescued were alive.

HOME-MAKING HELPS

MODERN BATHROOM FITTINGS

The modern bathroom is the last word in sanitary comfort and convenience with its tiled floor and wainscoting, waterproof painted wall and ceiling, porcelain bath, bowl and toilet, exposed plumbing, steam-proof furniture and rubberized curtains.

There are available porcelain fittings of English make that add the final touch in the way of attractiveness and work saving. There is the porcelain rod for towels, with no metal at the ends as the brackets are porcelain and a soft bit of cement comes to fill the screw holes with when the rack is in place. Then, there is the rod pull for the back of the tub that makes it easy for heavy people to get in and out of the tub without falling. These also have matching fixtures.

Soap dishes, sponge racks and brush holders all come in the same material. The glass holders and toothbrush holders are quite unique in design, the brushes fit into a square design and stand upright so that they drain perfectly. Instead of a glass a delicate porcelain cup, glass-shaped, is used. The looking glass has a frame that is not injured by steam, and has a porcelain shaving cup set into a small shelf underneath. The soap dishes for the wall are oblong, rectangular, and deep square like a strawberry basket.

The homespun rugs are generally chosen, though many women are using Navajo rugs. They choose those with white ground with a characteristic design of blue, soft red or black. The rugs wash well and are heavy enough to say in place on the floor instead of sliding as the woven ones do.

If the wall above the tiles is tinted blue or yellow, the shower curtains, rugs, window curtains and towel borders must match. The towels have a large initial added in the color of the border. Sometimes the washcloths are also initialed.

Almost every bathroom has a towelling bathing sheet two yards long by a yard and a half wide for emergency use, and a terry cloth bath wrapper hangs in the bathroom for general use.

Not forgotten in the porcelain conveniences are the spikes to hold the toilet paper rolls or the box for the square sheets.

POLICEMAN KILLED.

Two Shot While Pursuing Annoyer of Women—Man Captured.

EVERETT, Mass., May 6. Canadian Press. — Two policemen were killed last night while pursuing a man who had been annoying a young woman. The man was wounded and captured after the reserves had bombarded a house in which he took refuge. The men killed were Detective Inspector John Lonergan and Patrolman William F. Staples. The prisoners name was given as Carmine Labriola of Chelsea.

For the first time in a number of weeks the bank clearings for the week passed the million dollar mark. The total for the week was $1,036,152.

WEDDING BELLS.

BARLOW—BARRETT.

WARKWORTH, May 6.—A quiet wedding was solemnized at the home of the bride's father, Dr. D. W. Barrett, when his youngest daughter, Gertrude, became the bride of W. C. Barlow of Rockport. Rev. G. E. Lougheed officiated. The happy couple left immediately after the ceremony for their home at Rockport.

BOURNE—SHELTON.

A quiet but pretty wedding took place at two o'clock this afternoon at the home of the bride's father, Aylmer Street, when Marion Ethel, younger daughter of Mr. R. and the late Mrs. Shelton, became the bride of George E. Bourne, son of the Rev. N. A. F. and Mrs. Bourne, of Toronto.

The ceremony was performed by the groom's father, Rev. N. A. F. Bourne, in the presence of the immediate relatives.

The bride was becomingly attired in a frock of roseleaf crepe-faced satin, with touches of embroidery, blonde picture hat, and blonde shoes and stockings. Her bouquet was of butterfly roses and lily-of-the-valley.

The bride's sister, Mrs. C. P. Layfield, acted as bridesmaid, wearing a dress of sand crepe, bordered in brown and rose, brown hat, and carrying a bouquet of Columbia roses.

The groom was supported by Mr. Bertram M. Shelton, B.A., of Toronto, brother of the bride.

Mr. and Mrs. Bourne left later for a short honeymoon trip, after which they will reside in the city.

NICKLE CHAIRMAN.

Board Of Trustees Re-elects Attorney-General as Chairman.

KINGSTON, May 6.—(Canadian Press.)—Hon. W. F. Nickle, Attorney-General, was re-elected chairman of the Board of Trustees of Queen's University at a meeting of the Board held last evening.

SOFTBALL MEETING.

All Teams Requested To Be Represented To-morrow.

There will be a meeting of the Peterborough Softball Association in the Belmont Club rooms at 7.30 p.m. tomorrow night. Those desiring to enter teams are requested to be present and to bring their entrance fee with them.

EXECUTE OFFICIALS.

State Political Police Order Execution of Finance Officials.

MOSCOW, May 6.— (Canadian Press.)— Three important finance ministry officials, Volin, Chepelivosky and Rabinowitch were executed to-day by order of the State Political Police.

In every tall can of BORDENS

there are 4 cups of pure, rich milk

THAT'S real value for your milk money!

THEN figure this extra economy — with Borden's St. Charles Milk there's *never any waste* no "left-over" or skim milk.

KEEP a supply of Borden's St. Charles on hand for everyday cooking—and emergencies, too.

Borden's **ST. CHARLES MILK**

(Because of its double richness Borden's St. Charles Milk can be diluted with an equal quantity of water to make it the same as ordinary milk.)

Your grocer always has a fresh supply

SIC 38-26

The ORACLE

This day we fashion Destiny, our web of Fate we spin. —Whittier.

Fixed fate, free will, foreknowledge absolute. —Milton.

Ada.—You were born with a liking for good cheer and pleasure, and an aptitude for the fine arts, especially music and painting. Service to others is your strong point in life. This would have been more easy for you to undertake had circumstances of health been different, but, as it is, you can and are doing much to add to the happiness and joy of those about you. Do not ever become discouraged. People with much greater trials than yours have risen to great heights, by conquering their very natural unhappiness, and resolving to make others happy and contented. You have this power in you naturally—that of making happy those about you. Learn to be self-reliant and to concentrate. Do not let sensitiveness mar your days. Determine to develop your decided gifts in the musical line and read good books, for, "knowledge is power." Remember, it has not been the strong, physically perfect people who have left their mark on the world. He or she who can rise above physical disadvantages will leave a mark on the world that years cannot erase. You have much to be thankful for in your good home and kind family. April and August are your good months, Saturday, the day on which you were born, your good day. Your color is black. The day you enquire about, a Saturday also, is a good day on which to acquire information and to read good books.

Marg.—You have a peace-loving, even-tempered nature, but you have a nervous, anxious element in your makeup that does not always make for happiness for yourself and those around you. You have always found your best success in associating yourself with others in any venture, as you have never been able to achieve much when you tried to stand alone. Also, attempts to control the affairs of others have never been of much use to you or them.

You are always quite intent on what you are engaged in at the moment. You have far-sighted views in arguments which you can express quite clearly and convincingly. Your fluency of speech, however, is often marred by frequent use of personalities.

You are always dreading that evil may result from negligence on your part and are thus driven constantly to continued and restless action of mind and body. You are a great lover of education.

April and August are your good months, Friday your lucky day. You were born on Friday. Your colors are gold and violet. The day you ask about, a Thursday, is one for safely undertaking new enterprises and making business deals.

Tom.—You have a natural aptitude for business management, and can make a dollar go a long way, a very happy trait. You will find your success in any enterprise comes from the use of tact and diplomacy, never force. Cleverness should be your watchword. This should be easy for you, if only you can cultivate calmness and repose and refuse to see all those little things that annoy in daily life. You have a natural inclination to be busy at all times and you do not like to await results. You have not much sympathy, either, with those who cannot see exactly as you do in most matters. You are impulsive and have your own way of doing things, which is apt to confuse others who are assisting you. You love with whole-souled concentration, but resent intensely any interference with your individuality. You always want to finish one thing before beginning another task. You do best when following your own inspirations, rather than the advice of others.

You were born on Monday. Your colors are tan and buff shades. The day you ask about is past. February and June are your lucky months, and Thursday your good day.

Vic.—You have a good deal of somewhat heavy physical power, indicating creative power and tenacity, which, if undeveloped, is apt to be pugnacious, coarse and material, but you have also a discriminating and analytical mind, which, when combined with your physical ability, should certainly help you to amount to something in the world. You might almost make a success of anything you put your hand to, as you have a cool bearing and are not easily intimidated or awed by superiors, and never lose hope. You have remarkable observation powers, keen eyesight and retentive memory. You are of the type that is really so well equipped for the battle of life and so sure of yourself that you are apt to fall over backwards from standing up so very straight and sure. Your faults are those of selfishness and too much conservatism in opinions. You will be critical of others who have not your good qualities. Do not forget that loveableness is a very attractive trait, really more so than mental supremacy. You were born on Thursday. Your colors are blue and silver. February and November are your good months, and Wednesday your good day.

Father's Pet.—Although you were born with a strong, active nature that is somewhat self-centred and with a tendency to disregard the rights of others at times, still you are what is known as a "good mixer," and have the faculty of getting along very well with others about you. You are a good judge of human nature, and can size up a person's honesty quite accurately. You naturally pick up information readily, and make a very pleasant companion. You are practical, industrious and persevering, and this is well, because success for you, at least as long as you remain single, will come only along the avenue of hard work, by keeping always at your job and working hard at it. Marry a man born in May, July, February or November. March and November are your lucky months, Tuesdays and Saturdays your good days. You were born on Sunday. Your colors are all the variations of flame, from rose and yellow to misty gas blue.

Browny.—You have a nature that is peace-loving, even tempered and kind, but, although ardent at heart, are often considered as cold by those who do not know you. You will thrive best when surrounded by those you like, but you must always guard against being jealous of your friends and companions. You must try at all times to make others happy and in this way achieve happiness for yourself. You are sensitive to slights, and should always seek the companionship of pleasant, amiable people. You would make a good civil engineer, electrician or architect, and have quite a talent for management, although you will have to cultivate efficiency to achieve more in life. You are fond of money. Guard against miserly hoarding in later life and guard too, against fickleness in your nature. Be careful of your throat, lungs and kidneys. Try always to strengthen your will power, learn to respect the opinions of others and cultivate poise. Marry a girl born in November, March or January. Your good months are February and September, Monday your good day. You were born on Wednesday. Your colors are gold and violet.

Art.—You are naturally inclined at all times to question everything and always want to know the reason for things. You like to ask many questions about subjects that interest you, sometimes being quite irritating in this respect. You are thoughtful, industrious, sensible and persevering, and are logical and positive in your opinions. While apparently yielding, you are really quite determined in the carrying out of any plans you make. You are not very favorable to new enterprises, preferring the old way of doing things, and have a good deal of self satisfaction in your makeup. Service to others should be your motto in life. In doing good to those about you, and in helping them when in need or trouble or sickness, you may accomplish much of good, which will react to your own benefit. Do not give way to despondence, and conquer a tendency to solitary weeping at those times when difficulties oppress you most. By controlling this tendency, you will be surprised to note what reserves of strength of character you may achieve. You were born on Tuesday. Your colors are steel and purple.

B. B.—Although you were born with a curious tendency in your nature toward fickleness and changeableness, lacking stick-to-itiveness and constancy, still your reading shows that you have a good deal of understanding and sympathy for others, and can do much good in the world if you try to conquer these wandering traits in your nature. You have a somewhat sensitive, intuitional nature and can feel and imitate closely the thoughts and feelings of others. When angry, you leave nothing unsaid, and can be quite cutting and taunting. You are apt to exaggerate when imitating the conversation and actions of others. You like the beautiful and luxurious things of life, and have quite a remarkable intuitive faculty, which guides you well, especially in the buying and selling of commodities. You were born on Friday. Your color is pink.

Mollie.—You have a good deal of poise and self-satisfaction in your makeup, and a rather conservative element, which makes you somewhat unfavorable to new enterprises of any ort. You should be quite successful in any endeavor involving business or financial matters. You are active, independent and persevering, kind and with a good disposition. When jolly, you are very jolly, and when miserable you are absolutely wretched, without much real reason, at times. You are bound to rise, because difficulties in the way are not depressing to you. You are very careful in matters of money and business, and a promise with you is absolutely sacred. You have great reserve power, and seldom utilize all your innate gifts and splendid forces for good. Be careful of falls and accidents to your legs, hips and feet. Dress well and pay more attention to the arrangement of your hair, which you are apt to neglect. March and November are your good months; Tuesdays and Saturdays you r good days.

You were born on Thursday. The date you ask about is past. Your colors are shades of steel, brick and purple.

Tor.—You were born with a decided liking for pleasure and good cheer. The joyful side of life appeals to you greatly and you have an aptitude for the fine arts, especia ly acting, singing, dancing and painting. However, you have an element of change and uncertainty in your makeup, more noticeable, possibly, since your marriage, that does not always spell happiness for its possessor. You are of the type that is disposed to hold your husband to an exactness of attention that is often irksome for him. You will spoil many good things for yourself and garner a great deal of unhappiness unless you strive to control this fickle, jealous quality. You are of the type that is large and true, but a child of caprice, which wil, have a sad effect upon your destiny. You are quite keen at reading the thoughts and intentions of people about you, and are inclined to work too hard, sacrificing your health in this way. You are fond of fine clothes and elegant surroundings, and have a positive genius for frittering away money. You have the bad habit too of valuing most the affection which eludes you. Never touch drugs or stimulants and be careful of evil influences in your companions. June and July are your good months, Tuesday your good day. You were born on Saturday. Your color is black.

Jab.—You have a nature that is eminently fitted for marriage, that is, if you have been wise in your choice of a wife. You are somewhat changeable, and as your wife is afflicted with this tendency also, you probably have a little difficulty at times in this way. You are dominant in home and family life, and are very ardent at heart, although frequently considered as cold by those who do not know you. You are generous, kind-hearted and noble, but must always guard against jealousy in your makeup, another trait of your wife's also. You should seek at all times cheer and sunshine, which are essential to your well-being and good health. You are inclined to resent personal criticism, even when it is for your own good. Learn that happiness can be had even if you cannot always be at the head of everything. Learn to govern yourself and strive for self poise. Try to look for the good in people rather than the evil. Conquer your extreme sensitiveness, and say to yourself: "Why should anyone wish to harm me?" You would make a good civil engineer, electrician or architect, but in your present business, you are your own master, a position which suits you better than being under another's direction. Your good months are February and September, Monday your good day. Your birthday was Friday. Your colors are grey and heliotrope.

Elf.—You have a kind-hearted, generous, magnetic nature, quite emotional and possessed of a temper that needs a lot of control at times. You would make an excellent wife, as you are a real home-maker and are very fond of home and home comforts. You have in your makeup an element of indecision, and fickleness that is not of the best. Try to control this also. You are apt to take dislikes to others without real reason and find it hard to overcome them. You are a tireless worker, although at times you have fits of laziness when you wish to do nothing at all. Be very careful who you marry, as, being led mainly by your emotions, you are liable to blunder in the choice of a mate. Marry a man born in September, October or December. Your good months are January and October, your good day Sunday. You were born on Friday. Your colors are grey and scarlet. The day you ask about, a Monday, is one for quiet meditation. Let things take their course, and don't worry.

Iva.—You were born under a lucky star. Your type is said to have only to try hard to do great thing s in order to accomplish them. Again comes this tendency, however, noticeable in the other readings in your group, to a vacillating type of disposition. You have a good deal of charm, but no depth, lacking the stick-to-itiveness that is a necessary attribute of success. With this, too, you have an odd contradiction in an inclination toward reserve and retirement. At times you are quite shy and are apt to be morbid and introspective. You have a great deal of ability, of head and hands both and should be a skilful worker in embroidery. You are inclined to think too much of the physical side of life, and will be happier in proportion as you try to develop the spiritual side of your nature. Be very careful in your choice of a husband, as your capricious instincts will not make for happiness when married. Marry a man born in January, September or October, a man who will not mind if you do not like housework. May and July are your good months, Friday your lucky day. You were born on Saturday. Your color is pink. The day you ask about, a Tuesday, is one for being patient and agreeable. Do not exercise much on this day and make no important purchases.

A. L. B.—You have quite a lot of physical power and strength, with considerable creative power. You are inclined to reserve and retirement and must constantly strive to overcome introspection and morbidness. You like to study things pertaining to matters mystic and occult. You love everything pertaining to home and its comforts and have good taste and good judgment. You are a very good reader of character. You have a high sense of honor, and a degree of sensitiveness that causes you much unnecessary worry at times. You like to have your own way, but you try to be agreeable and to retain your dignity on all occasions. You rise to the heights only when understood and appreciated. Remember that to be most successful and respected perfect honesty and truthfulness are necessary to form the characters of great men and women. Always strive for perfect independence of all outside influences. April and August are your lucky months, Saturday your good day. You were born on Friday. Your colors are green and cream. The day you ask about, a Saturday, is one for original thought and expression, and for taking advantage of every opportunity.

G. E. H.—You, like your husband, have a very strong physical makeup, but, although you are inclined to be fond of directing matters in your daily life, you will find that your best success will come from relying on the advice of others. Do not try to stand alone in any endeavor, and do not try to control the affairs of those about you. Your efforts will end in failure. You have a bright, energetic nature, always busy and usually in a hurry, disliking to await results. Cultivate repose and the faculty of not seeing little things which annoy. You have your own way of doing things and should always follow out your own individual ideas, without, however, wishing to impose them upon others around you. In other words, do as you think best yourself, but do not try to make others do the same. You are inclined to worry and to allow anger and jealousy to get the best of you at times. You are blessed with great faith in your fellow men and have a manner that inspires friendliness almost at once. You were born on Friday. Your colors are similar to those of your husband, green and silver, blue and cream. Your good months are June and February, your lucky day Thursday.

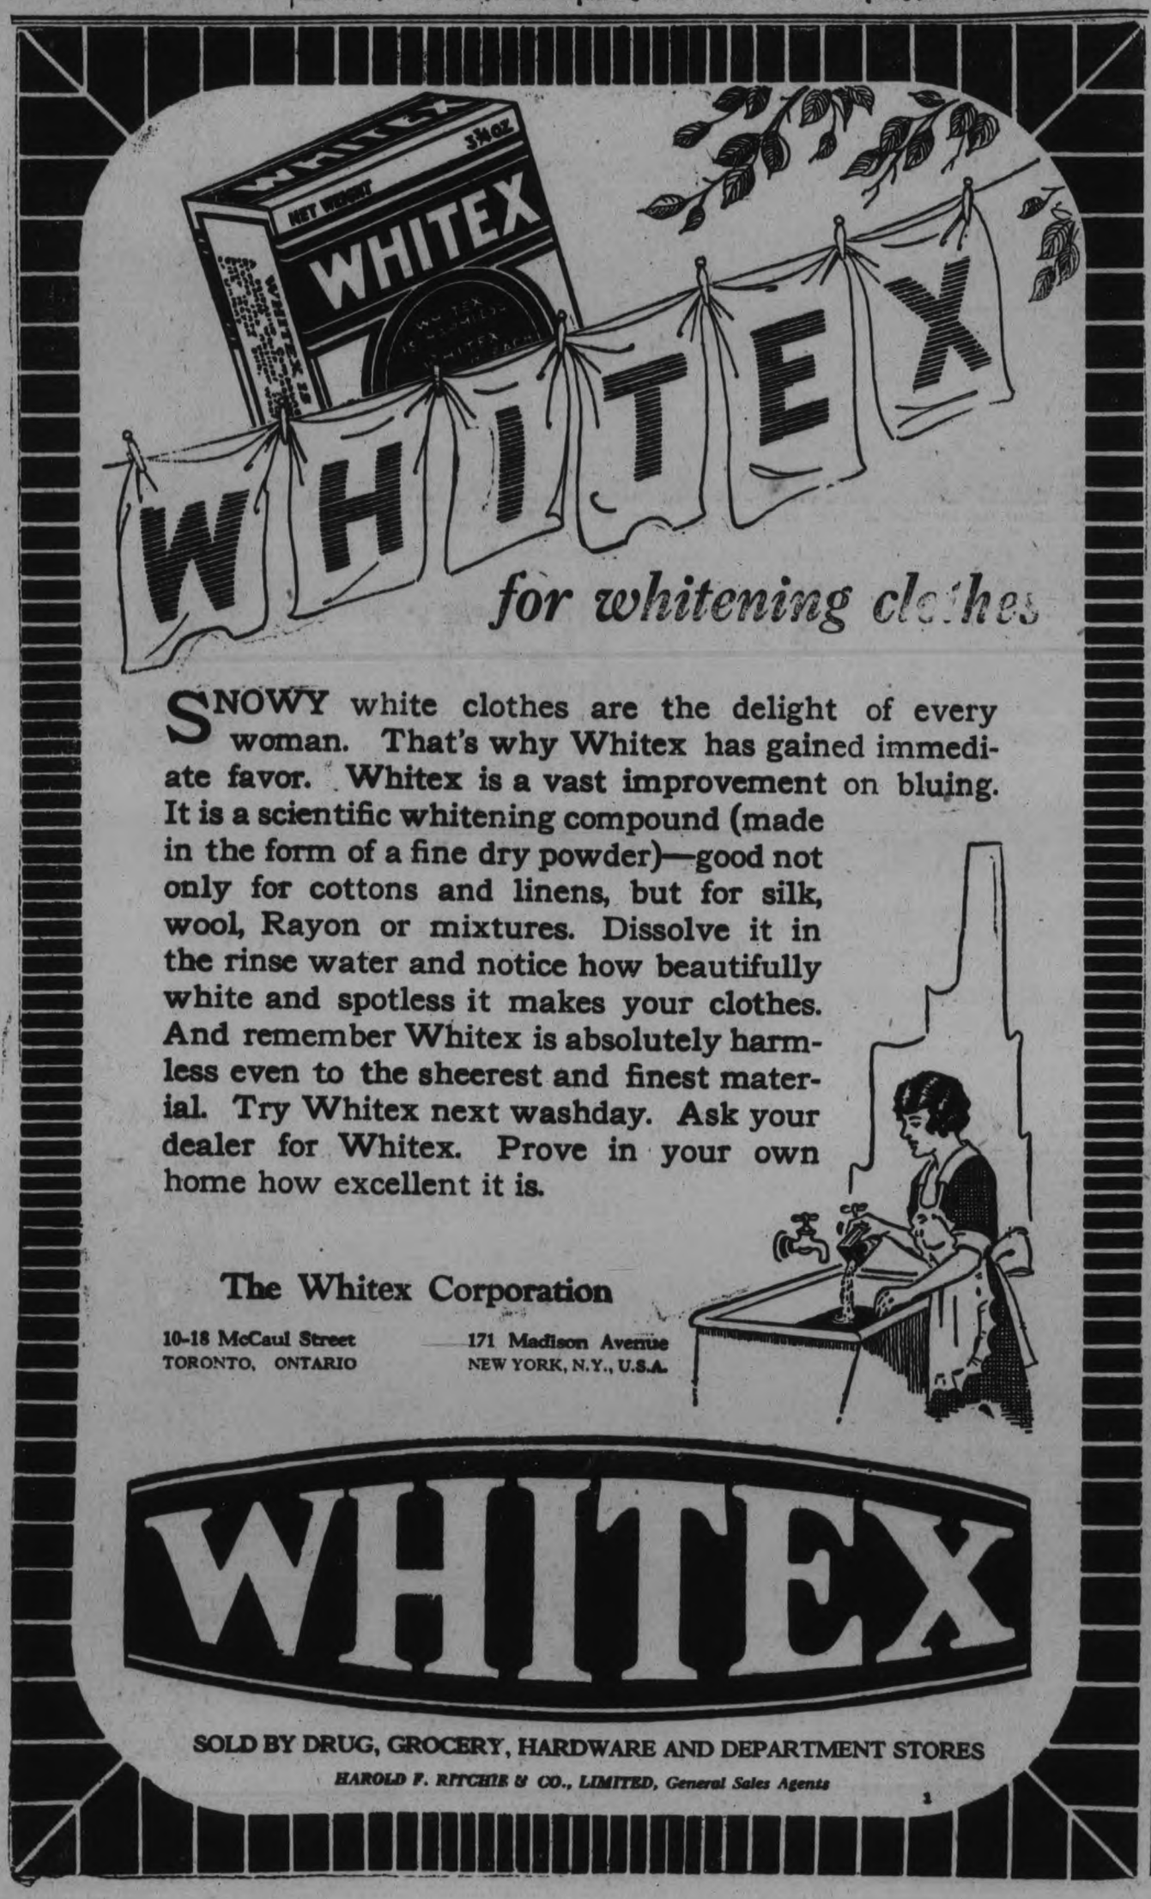
H. F. H.—You have a great deal of heavy physical power, with creative power and tenacity, and your way of life, as far as it has been successful, has been one of hard work, without much let-up. You have been a good parent, never yielding to dictation with regard to the management of your household. You have a strong individuality and noble ideals, and are kind-hearted, generous and magnetic. You are apt to take a dislike to a person without a real cause, and have quite a high temper at times. You like to do things in your own way, and are well endowed for positions of trust and responsibility. You will have a long life, but must guard against sudden, violent head pains, and indigestion, caused by a liking for rich, highly-seasoned foods. You should always rely on your own opinion, regardless of other people's advice. You were born on Friday. Your colors are blue and cream.

Ug.—You are of a strong physical type, and still your mentality is of a high order, inclining toward business, commerce and finance. You have chosen to take advantage of the strength in your physical makeup rather than that of your head. Training in some line that interests you very much mentally would perhaps give you a fuller life, if you could with this training, include a greater degree of self-assertiveness and push than you now possess. You are fond of responsibility, and could fill a position of trust splendidly. You are careful and methodical in your habits, but are inclined to be restless and nervous, with a tendency to ask many questions about matters that interest you. You are honest and clean-minded, but should guard carefully against association with those of vulgar and uncouth habits. You may have a serious illness within the next year or so, but after this will settle down to steadier conditions. May and June are your good months, Saturday your good day. You were born on Thursday. Your colors are green and silver, also blue and cream.

Girls who work in artificial silk factories are declared to be immune from influenza. In the process of manufacture copper ammoniate is used, and ammonia is good for colds.

ITALIAN PRINCESS

The above charming study is the latest photograph of Princess Yolanda of Italy and her daughter. Princess Yolanda, like Princess Mary of England, followed the dictates of her heart and married Count Calvi Bergolo.



Young Blood

"When I was a boy," says Grandpa — and then he stops, and you see a twinkle come into his eyes.

When he was a boy? Of course, he's *still* a boy, as all the world knows. You, too, whatever your age may be, can keep the high spirits and energy of the heyday of your life if only you have learnt how to keep your blood young, as Grandpa has done.

It's on the condition of your blood stream that your health depends. If your blood is pure and virile, then at 60 you can combine the experience of age with the boundless enthusiasm of youth. There's no difficulty and no mystery about it. All you need do is to start now and maintain the Kruschen habit of the "little daily dimeful."

NOT ONE BUT SIX.

There are six salts your body needs for its proper health — to cleanse it of all clogging waste matter, to keep the blood pure and vigorous, and to brace up and vitalise the whole system. Any medical man will tell you that these six salts are the Sulphates and Chlorides of Sodium, Magnesium and Potassium. If you had an ideally healthy life in the open air, took plenty of exercise and made no mistakes in your diet, your body should extract these salts for itself from your food. But the artificial life you lead prevents this.

Kruschen Salts are just these six vital salts. That's why it's no accident for people to tell you that Kruschen and Glauber will "do just as well." Epsom and Glauber are single salts only; they are aperients and nothing more. Kruschen, with its six salts, does you six times as much good.

It's the little daily dimeful that does it! Start now taking that tasteless pinch in your breakfast cup of coffee or tea, and feel yourself every day healthier, more cheerful, more energetic and more successful in your work and play. Kruschen lasts in the large 75c bottle — nearly enough for six months — so the cost is less than a half a cent a day. Get a bottle to-day and start growing younger to-morrow.

Tasteless in Coffee or Tea

Put as much in your breakfast cup as will lie on a 10 cent piece. It's the little daily dimeful that does it

Kruschen Salts

Good Health for Half a Cent a Day

A 75c bottle of Kruschen Salts contains 160 doses—nearly enough for six months—which means bounding health for less than half a cent a day. The dose prescribed for daily use for adults is "as much as will lie on a 10 cent piece," taken in your breakfast cup of coffee or tea. Every druggist sells Kruschen. Get a 75c bottle to-day.

SOLE IMPORTING AGENTS: CHARLES GYDE & SON, MONTREAL.

Easy to Gain With Yeast and Iron

New Combination of Yeast with Vegetable Iron Quick Way to Build Up Weight

This new combination of yeast vitamines with vegetable iron, renews the action of sluggish blood cells, drives out dangerous body poisons, increases energy and endurance and supplies the system with vitamines that build up weight.

For years yeast has been known as a rich vitamine food but not until we perfected "ironized yeast"—which comes in concentrated tablet form, was it possible to take yeast and iron in the right proportions to build up weight.

Vegetable "Iron when combined with yeast is quite easy to digest, therefore better for the system. And "yeast" when ironized, becomes twice as beneficial as ordinary fresh or cake yeast.

Ironized Yeast Tablets are composed of concentrated food elements, therefore, they are pleasant to take and free from drug-like effects. If you are under weight, do not enjoy good health, lacking in energy and force, "ironized yeast" tablets will pick you right up, and if they fail, you get your money back.

Sold by druggists, at $1.00 for a large 60-tablet package. Harold F. Ritchie & Co., Ltd., Toronto, Canada.

SIX WESTERN CANADA HOCKEY TEAMS MAY BE SOLD OUTRIGHT

Saskatoon Shieks for Second New York Club in N. H. L.

DISBAND CIRCUIT

NEW YORK, May 6 (Canadian Press).—Complete absorption of the six Western Hockey League clubs by National Hockey League promoters, a result of the tremendous growth of the professional game in Eastern Canada and the United States, was indicated yesterday by announcement of negotiations for a five-club player sale.

With the league champions, Victoria Cougars, already purchased by Detroit interests for $100,000, advices from Calgary, Alberta, yesterday disclosed that the remaining clubs in the circuit, Portland, Vancouver, Edmonton, Saskatoon and Calgary, were involved in a new transaction. Disbanding of the circuit and the reorganization of the old Western Canada League are forecast by Calgary hockey men.

Dovetailing with an announcement in Calgary by Owner Lloyd Turner that the Calgary Tigers would soon probably be turned over intact to a United States promoter, Colonel John S. Hammond, of the Madison Square Garden Corporation, revealed further details in plans for increasing New York's representation in the National League to two clubs. In addition to the New York Americans, which competed in the league last year, a club playing under the name of the Rangers also will use the Garden rink for home games.

Sheiks Are Sold

Although Colonel Hammond was unwilling to disclose the identity of ten players he said had been signed as Rangers, reports from Canada indicated that Tex Rickard's representatives had purchased the Saskatoon intact. Saskatoon finished second to Edmonton in the Western League last season, but met defeat in the championship playoff involving these two clubs and the Cougars.

Colonel Hammond also confirmed the signing of Connie Smyth, coach of the sensational Toronto University hockey team, as manager of the Rangers. Frank Carroll, former coach of the Toronto professionals, will coach the Rangers, he said.

Three nights of professional hockey weekly will be provided at the Garden, according to Colonel Hammond.

ROAD PROJECT TO GO ON.

HONOLULU, May 5. — Assurance that the federal government will go on with the road project to the summit of Haleakala, great extinct volcano on the island of Maui, was given when Arno B. Cammerer assistant director of the national parks service, completed a tour of inspection to the top of the mountains.

Obsequiousness begets friends; truth, hatred. —Terence.

Home is where the heart is—Pliny.

WON DETROIT RACE.

Percy Wyer, of the Monarch A.C., Toronto, winner of the recent Pontiac to Detroit marathon, only stands five feet nothing in his sandals, weighs two pounds less than a century and has been voting since before Kaiser Bill got fresh. He is regarded as Johnny Miles chief competitor for Canadian Olympic honors.

MEADOWS WINS PITCHERS' DUEL

Cincinnati Yield Only One Run to the Cardinals.

ONLY TWO GAMES

PITTSBURGH, May 5 (Canadian Press)—In a pitcher's battle today between Meadows, Pittsburgh, and Bob Smith, Boston, the bespectacled Pirate hurler had the edge, and the champions won, 3 to 2. Score:

NEWARK SPLITS DOUBLE-HEADER WITH THE LEAFS

Stewart Spotted the Bears to Five Runs in First Two Innings.

BUFFALO WIN TWO

Luckless Reading Lost Second in Tenth Frame After Rallies.

TORONTO, Ont., May 5 (Canadian Press)—Brilliant pitching by "Lefty" Faulkner, aided by a home with two on base in the third by "Mickey" Heath, enabled the Leafs to win the first game of their twin bill today, 3 to 1. In the second contest the Bears battered Stewart for five runs in the first two innings, sending the southpaw to the showers. Phillips who replaced him pitched shutout ball. Their early lead, however, was sufficient to give Newark the verdict by 5 to 3. Score:

1st game—
Newark .. .. ..000 100 000—1 6 1
Toronto .. .. ..003 000 00x—3 7 1

Decatur, Gagnon, Werre and Schulte; Faulkner and O'Neill.

2nd game—
Newark .. ..230 000 0—5 10 2
Toronto .. .. ..000 300 0—3 9 1

Brady, Zubris and Schulte; Stewart, Phillipps, Hubbell and O'Neill.

Bisons Win Both

BUFFALO, May 5—Buffalo was twice victorious over Reading this afternoon, the first half of the double header being won by 8 to 5. The second was intended to go but seven innings, but the Keys tied the count at 9 all in the seventh, the battle going to ten frames, Reading scoring once, Buffalo twice, to win by 11 to 10. Scores:

First game:
Reading .. .. ..000 100 004—5 14 4
Buffalo .. .. ..024 000 200—8 12 2

Brame and Unzmann; Koupal and Pond.

Second game:
Reading .. .201 012 300 1—10 15 2
Buffalo .. ..401 400 000 2—11 11 2
(10 innings)

May, Schwartz and Linn; Bennett and Pond.

Baltimore 15; Syracuse 7

SYRACUSE, May 5—Every man on the Baltimore team got at least one hit and all but one scored a run today as the Orioles scored their sixth straight victory of the season over the Syracuse Stars. The score was 15 to 7. Score:

Baltimore .. ..500 021 430—15 17 2
Syracuse .. ..030 000 103— 7 11 3

Earnshaw and McKee; Schelberg and Neibergall.

Diamond Disputes Decided by Billy Evans

Would it be possible for only nine men to be listed in the at-bat column in a regular nine-inning game?

* * *

While such a thing is possible, it is highly improbable.

For such a thing to happen it would be necessary for the first two men in each inning to get on without being charged with a time at bat.

This, of course, would be possible by having the first two hitters receive a base on balls or be hit by pitcher.

Then, to get the inning over with, only one player actually at bat, the third man up would have to hit into a triple play, retiring the side.

This procedure would have to be repeated in each of the nine innings. Thus the only player actually charged with a time at bat would be the player hitting into the triple play.

Nine such innings would show nine players in the time-at-bat column at the finish.

Is it possible for a batted ball to first strike a considerable distance in foul territory and later be a fair ball?

* * *

Such a thing is possible if the ball first strikes in foul territory somewhere between home and third or home and first.

When a ball first so strikes in foul territory, it is finally judged fair or foul as to where it settles between home and first and home and third, or where it is when it passes first or third.

Thus, if the ball first strikes say 15 feet down the third or first base lines, and is a considerable distance foul when it so hits, it can be a fair ball if it finally settles in fair territory, provided no player has touched it while in foul territory.

No thought should be given as to where the ball strikes; it is where the ball finally settles between home and first and home and third, or where it is when it passes those bases.

Often a ball first strikes fair and later goes foul. In like manner a ball can first strike foul and go fair.

CANADIAN MARATHON PROSPECT

Johnny Miles, of Cape Breton, Nova Scotia, hitherto unknown to the running world, a rosy-cheeked youth, astonished the savants by racing to a record smashing triumph in the thirtieth annual Boston marathon, held April 19th, at Boston, Mass. This photo shows Johnny Miles with the medal he won. He is now Canada's Olympic marathon hope.

SPORTSMEN AND MILITARY PAY LAST TRIBUTE TO JEFF RUSSELL

Many Organizations Represented at Funeral of Athlete in Montreal.

CHURCH CROWDED

MONTREAL, May 6 (Canadian Press).—Upward of one thousand persons turned out yesterday afternoon to pay their last respects to Jeffrey Cameron Russel, one of Canada's foremost rugby players, who was buried at Mount Royal Cemetery. The tribute was a striking one to the popularity of the young man, who was accidentally electrocuted here last Sunday. At the funeral was represented practically every sporting organization in the city as well as military units and residents in all walks of life.

St. James the Apostle Church, where the service was conducted, was overcrowded and many were unable to gain admission. Rev. Dean Carlisle was in charge of the service, assisted by Rev. H. M. Shore and Canon Overing.

During the course of prayer, Dean Carlisle made passing reference to the life of service and unselfishness of the deceased.

The Chief Mourners.

Chief mourners were two sisters, Misses Dorothy and Eileen Russel step-mother, Mrs. H. Y. Russel; three small half-brothers; three uncles, A. M., Dr. Thomas and Blair Russel.

The hearse was followed to the grave by a large turnout of military men attached to various units in Montreal including the 17th Hussars, Motor Machine Gunners, and Artillery. Practically all of the officers of the M.A.A.A. were present in a body, and other organizations largely represented were: McGill University, Upper Canada College, Ottawa Rugby Club, Lachine Rowing Club, C.N.R. Rugby Club, City and District Baseball League, and other associations.

In addition to the large number of floral offerings, the family received telegrams and messages of regret from many points in Canada. There were many out-of-town friends present including several from Ottawa, Toronto and Kingston.

Boston .. ..000000000—0 4 2

Coveleskie and Ruel. Wingfield, Welzer, Russell and Bischoff.

BILLY EVANS Says

FAST STEPPER

Speaking of speed merchants who have played in the major leagues, I doubt if there was ever a faster straightaway runner than Harry Niles.

Harry Niles, some 15 years back, was a member of the St. Louis Browns, playing the outfield. He sure could step down to first and on extra base hits it was a treat to watch Niles pick them up and put 'em down.

Years ago I worked a fall series between the two St. Louis clubs. At that time there was much discussion as to whether Niles was a faster man than Jack Murray, who later went to the Ginats.

If my memory serves me correctly, there was another fast man on the Cardinals by the name of Burch.

Anyway, a 100-yard dash was widely advertised as one of the extra features of the fall series. Murray was favored to win.

Niles romped away with the event, stepping the 100 yards in 10 1-5 seconds, wearing a heavy baseball uniform. On other occasions Niles had been clocked in 10 flat.

Despite his speed, Niles wasn't a great baserunner. He lacked the ability to get a good lead and break with the pitch.

* * *

FREAK SITUATION

Bumped into Niles in the lobby of a Detroit hotel recently. He came down from Flint, Mich., to see the Tygers in action and renew acquaintances with Ty Cobb and Tris Speaker.

Those two players were the only members of the Detroit and Cleveland clubs who were in the league with Niles and still in active service.

Niles had a rather peculiar style of running. When stepping at full speed he carried his head high in the air and saw but little of what was happening on the field.

His unusual style of running, as wel as a dumb bit of baserunning on the part of a rookie, caused Niles to play the leading role in a freak baseball situation.

In a game at Washington, Niles, then playing with Boston, made what he believed was a home run, only to find out on reaching the bench that his mighty effort had gone for nothing more than a single.

* * *

NEAR HOME RUN.

Well do I recall the circumstances, as I was umpiring the ball game.

With a runner on first base, Niles crashed a terrific drive to right center.

Niles at once made up his mind that no fielder would catch the ball. Everyone else in the park, with the exception of the runner on first base, was of the same opinion.

The runner on first went half way to second and then glued his eyes on the ball. Niles, head high in the air, turned first base at full speed and passed the other runner on the lines without being aware of the fact.

That act, of course, immediately retired him, but he kept on stepping for the plate oblivious of the fact.

The ball traveled to the fence The infielder who took the relay, not knowing what had happened, turned on getting the ball and threw to the plate, hoping to retire Niles, but he beat the play.

Imagine his feelings when he reached the bench to have the players inform him that the runner who had been on first when he hit the ball was on second, that he was out when he passed him on the lines and, instead of a home run, the records would credit him with only a single for his effort.

EIGHT TEAMS ENTER SOFTBALL LEAGUE

Campbellford Association Draws Up Schedule To Start Season.

CAMPBELLFORD, May 5. — Eight teams entered the Softball Association and paid their fees, at a meeting of the executive held in the Library last night, with the president, Chas. H. Davidson, in the chair.

The following schedule was drawn up covering the first four weeks of the season:

Monday, May 10—Cloth Co. vs. Hydro.
Tuesday, May 11—Outlaws vs St. Andrews.
Thursday, May 13—Christ Church vs Millionaires.
Friday, May 14—St. Marys vs Clerks.
Monday, May 17—Cloth Co. vs. Outlaws.
Tuesday, May 18—Hydro vs St. Andrews.
Thursday, May 20—Clerks vs Millionaires.
Friday, May 21—St. Marys vs Christ Church.
Tuesday, May 25—St. Andrews vs Cloth Co.
Wednesday, May 26—Outlaws vs Hydro.
Thursday, May 27—Christ Church vs Clerks.
Friday, May 28—Millionaires vs St. Marys.
Monday, May 31—Clerks vs Hydro.
Tuesday, June 1—St. Andrews vs Millionaires.
Wednesday, June 2 — Christ Church vs Outlaws.
Friday, June 4—Cloth Co. vs St. Marys.

For the present all games will be played at the agricultural grounds and must commence at 6.20 p.m.

All score cards must be signed by the managers of opposing teams, and handed to the publicity committee the night of the game.

Chairman of the Board of Umpires, C. D. Daniel, will appoint the officials and their names will be published one week in advance.

He will make his selection from the following: Charles H. Davidson, F. De Carroll, Charles Holmes, C. S. Weston, H. Atkinson, F. C. Bonnycastle, W. Blakely, Jack Cowell, H. Beatty, H. Tinney, C. Montgomery, C. Farrell and C. Massie.

The application of physics has produced a number of important instruments for the work of assistance to the cotton industry. In a special tester the irregularities in a yarn are magnified 18,000 times, and indicators and mirrors produce on a moving bromide strip a photographic record of eevry minute change of twist.

ROOKIE BOXER WAS A 'SCREAM'

Badly Pummelled When Working Out With Dempsey.

BACK TO DAD.

HENDERSONVILLE, N. C., May 5. — Charles Lee Cordell, was on his way back to Shelby, N. C. a neighboring cow town, to-day, on one of those rumbling mountain locals, nursing a split lip and a deep abiding respect for Jack Dempsey's left hook.

Cordell is the 22-year-old hopeful, who drifted into the heavy-weight champion's camp here two days ago, carrying a wicker suitcase, a surging ambition and a diploma from a corresponding school of boxing.

hen he stepepd into the ring on Monday to demonstrate the superior advantages of an academic training in nose bursting he was what is technically known as a 'scream."

Cordell had everything on but his diploma and he may have had that tucked inside one of his gloves. His head and ears were encased in a fierce-looking helmet. He wore a heavy shirt bearing his monogram in box-car symbols. Gleaming gold braids gave his trunks that swanky touch.

However, it must be said in the honor student's favor that he was neither abashed nor afraid. Walking to the middle of the ring, he deliberately swung a right hand punch in the general direction of the most valuable onion in the history of pugilism.

Dempsey smiled as the blow grazed his chin. Another long swinging punch spent its force on the mountain air and fell harmlessly around the champion's neck.

At that point Dempsey decided to learn how much Cordell had learned about the art of self defence and tapped the young gent lightly on the jaw.

Plop! When Cordell climbed back on his feet there was despair in his feet and misery in his face. The mail order professor had done him wrong. He had neglected to include a lesson on what to do when a glowering heavyweight gets rough.

MUNDEN RODE 125 WINNERS

When Jockey Willie Munden, apprenticed to the stable of Commander J.K.L. Ross, of Montreal, rode a hundred winning races at the Tiuana Jockey Club's winter meeting, he was presented with a gold stopwatch by the club. He rode 125 winners, including the Derby and Coffroth Handicap winner Carlaris.

ENTRY FOR KING'S PLATE.

Troy Weight, 3-year-old brown gelding, by Plaudmore-Sandmark, owned by W. B. Cleland, Toronto, a promising entry in tht Ontario Jockey Club's King's Plate race.

HELPFUL HINTS by GOLFING STARS

BY SPECIAL ARRANGEMENT WITH GOLFERS MAGAZINE, CHICAGO

FRANCIS OUIMET—VALUE OF CONCENTRATION.

Do you know what your worst fault as a golfer is? You may think it's slicing, or liftinlf your head, or stabbing your putts, but you are all wrong. The average golfer, the vast majority of linksmen and linkswomen, those who shoot the various courses of this country rarely under 90 strokes and from that low medal on up to well above 100, all suffer from a similar complaint — lack of concentration. They do not try to reason things out for themselves.

Sometimes I think that our entire system of golf is wrong. We urge players to practice and to take many lessons. All of which will do a great deal for one's game.

But did you ever stop to figure out just what proportion of the golfers who belong to your home club have time to do these things?

They take up golf for exercise. They play with their friends. Occasionally they get into a tournament and 99 times out of a hundred they get a thorough trimming from some fellow who has had the time to learn something about golf.

Bowling

At K. of C. Alleys

Evening games played in the Ladies' Bowling series at the Knights of Columbus' alleys last night were by the Tulips (Miss Josephine Hunt, captain) who won three games from the Owls (Miss Katherine McDonald, captain) and the Pansies (Mrs. M. Sharpe, captain) who won two games out of three from the Buttercups (Miss Margaret O'Toole, captain).

On the Tulips' team: Miss J. Hunt, 262 and 155, Miss H. O'Toole, 150 and 178, and Mrs. H. O'Heron 153. Owls: Miss K. McDonald 169 and Miss Louise Letellier 155. Pansies: Miss A. Milloy 197 and Mrs. N. Sculy 155. Buttercups: Miss M.

LEAGUE MEETING.

Full Attendance Requested For City League Gathering To-night.

Officers and members of baseball teams of the city are reminded of the meeting of the city league to be held tonight in the rooms of the Holy Name Society, on Simcoe Street. A full attendance of the players of last year's championship teams of the different series is requested at this meeting. All clubs intended to place teams in any of the league series, or men who wish to organize teams are also asked to be on hand for this meeting.

The NUT Cracker

By JOE WILLIAMS

There are a lot of petty guys in the world but the one that bothers John McGraw most is the Brooklyn pitcher.

"Give it a ride," shouted the old-fashioned bleacherite, ..."Give it a buggy ride," yodels the oily-haired

sheik in the upper pavilion today.

Jim Corbett is doing all he possibly can to make Jack Dempsey's comeback a success ....We see where he picks Tunney to win the fight.

There was no room for argument; the boys were battling in a revolving door.

Horses, horses, horses! I'm just wild about horses, horses, horses! ....You are listening to duet by Ben Hurr and Paul Revere.

Now that it seems nothing can dissuade Suzanne Lenglen from entering the movies, we suggest she be co-starred with Lon Chaney.

The little dippy-dappy at the next desk says she is learning the Volga boat song because she intends to go in for rowing in a serious way this summer.

It seems that when Young Bob Fitzsimmons is not flopping on the canvas he is flopping otherwise—— So few customers responded that one of his bouts last week in the mid-west had to be called off.

Will someone please tell us what Charlie Rosenberg is doing with the bantamweight title these days? ....Is he defending it or offending it?

In the old days you used to read how many years a champion held

the title; now you are told how many years he squeezes it.

The champion bike rider of Switzerland has arrived in this country and in due time the home boys will be giving him the festive run around.

I.O.D.E. MEETING.

Interesting Talk on Australia Given By Mrs. Renwick.

The regular monthly meeting of the Otonabee Chapter I.O.D.E. was held in the green room of the Y.W.C.A. yesterday afternoon, the Regent, Miss S. A. Tomkins, presiding.

After the reading of the minutes, the treasurer reported a total of $43 as net proceeds from the bridge party held recently at the home of Mrs. R. W. Cormack. The majority of the expenses at this party were donated. The Regent also reported that $62.90 had been realized by the the Chapter through sale of tickets for the picture of the Prince of Wales' trip, a goodly sum when the short time at the disposal of the ladies for the sale of tickets is considered.

A hearty vote of thanks was passed to the Cressman Company for use of their premises for this sale.

It was decided to ask Mrs. Malcolmson of Hamilton, to represent the Chapter at the annual National meeting to be held at St. John's, N.B.

The Regent, Miss Tomkins gave an intersting report of the proceedings at the recent convention in Hamilton, and also announced that the Fall meeting of the Provincial Chapter will be held in this city.

Mrs. J. H. Renwick gave a very illuminating and entertaining talk on Australia, illustrating her discourse with an exhibit of souvenirs, in articles used by the aborigines of that country. The collection included an example of a boomerang, which, if thrown skilfully, was used by the natives to decapitate an enemy by the thrown missle, which later returned to the hand of its owner.

U.F.Y.P.O. DANCE.

Over 200 People Attend Successful Dance in Victoria Hall.

A successful invitation dance, attended by over two hundred people, was held in Victoria Hall last night by the Peterborough club of the United Farm Young People of Ontario. Good music for dancing was provided by Stewart's four piece orchestra. The patronesses were Mrs. Hancock, Mrs. A. Hutson, Mrs. F. Carr, and Mrs. W. R. Shield. The committee in charge consisted of Messrs. M. Harrison, Allen Milburn, E. Thompson, and Gordon Hancock. The lucky number dance was won by Miss V. Donaldson and Wesley Bell.

MANY SPEAKERS ADDRESS CLERGY

Discussion of Work, at Home and Abroad, at Archdeaconry.

SESSIONS END.

The session of the Archdeaconry continued yesterday morning, opening at 8 a.m. with a celebration of the Holy Communion, which was very well attended by both clergy and laity.

After breakfast at the rectory, Morning Prayer was said by Rev. Rural Dean Stringer. Immediately thereafter the clergy assembled in the Parish Hall to receive the Archdeacon's message. In this, evidence was given of general progress throughout the Archdeaconry since the last meeting. There was a clearly defined accession of ministerial power followed by definite advance in a number of parishes. Tribute was paid to the self-sacrificing labors of the men engaged in the more definitely mission districts, and the suggestion was made that the stronger and better organized parishes should undertake definite assistance of nearby weaker ones.

Special stress was laid on the clerical responsibility to provide services, characterized by evident reality, painstaking earnestness and spiritual fervour. The cultivation of personal relationship with parishioners on a spiritual basis as the closest auxiliary of the preaching of the Word of God and the ministration of the Sacraments was urged. In this respect it was remarked that the parishioners should be encouraged to fa[illegible]te the work of the clergy in this [illegible]

Another feature noted and reported was the great advance in community spirit in many parts of the Archdeaconry, and the fact that the Church is entering so thoroughly into plans for the general upbuilding of the community and national life.

The discussion of the charge was led by Rev. G. C. Clarke, and participated in by Rural Dean Fenton and Rev. G. Bousfield.

A paper was read by Rev. A. G. Emmet entitled "The Expression of the Historic Jesus and His Teaching in The Church of To-day." In this the emphasis was laid on the exhibition of Christ-likeness by members of the Church today, and particularly on the recognition and welcome of it in others. There was some question of the relation of conduct to creed, and in the subsequent discussion it was shown that the two are inseparable, as a man is a Christian because of the Christia beliefs which are his heritage through the Christian Church. Even those who are not visibly connected with the Church owe their ideals to the Church's teaching. A very lively and interesting discussion followed the paper.

Returning to business, it was decided to hold the Conference yearly.

There was a good deal of discussion as to ways and means of helping the men in mission parishes where living conditions are particularly hard, and resolutions were adopted to try to give practical effect to the desire to afford such assistance.

Lunch was served in the Parish Hall by the ladies of the Church Women's Association of St. John's Church, and thoroughly enjoyed and appreciated by the visitors.

In the afternoon the first address was given by Rev. D. M. Rose, under the title of "Dealings With Men." The speaker, at present Secretary of the National Layman's Council, drew attention to the Church's need for the services of her laymen because of their strategic position. Their influence on the young was instanced because of their tremendous power for hindering or promoting the Christian zeal which their younger brethren display. In the second place it was shown that the easy optimism which declares that if we can but capture the youth, most of our difficulties will be solved in the next generation, is quite fallacious. The men of this generation are needed and needed now. From his experience in India, Mr. Rose showed the splendid opportunities existing there now which, if not grasped, may pass away long before our youth is ready to cope with the situation. Attention was called to the series of reports recently issued in England under the title, "The World-call to the Church," and the hope was expressed that both clergy and laity would take the trouble to familiarize themselves with the contents. The third point was that the men can provide the means which are so urgently required for mission work.

The Cause of Missions at home and abroad was presented by the Rev. J. M. Crisall. It was declared that missions, whether at home or abroad, are all part of the one purpose of extending the Kingdom of God. The Church, which is not actively missionary is failing in its purpose and missing the joy of real Christian service.

Mr. Cuthbert Robinson, home from mission work in Japan, drew an interesting comparison between four necessary things in the army and the Church: Recruiting, Commissariat and Supplies; Staff-work and Morale. Recruits for the service are urgently needed, the home offices must see that the front line men are supplied with the necessary supplies, equipment and comforts necessary to maintain their representatives in proper condition; co-ordination of plans and dissemination of information is the work of the staff, and the maintenance is the concern of the whole Church—Christian fighting morale.

Rev. Rural Dean Stringer spoke of the work in his district, pointed out the state of contentment which is so un-Christian, and emphasized the fact that the Church's failure—where it is failing—is due to lack of spirituality.

The Rev. C. A. G. Spence gave some account of his mission work, touching on the development of community work, and referring particularly to the need of a good consolidated school at Apsley and the obstacles which were being placed in the way of that very desirable object.

A short account of methods and results was submitted by Rev. E. R. Adye.

Good discussions followed. At the close of the meeting resolutions of grateful appreciation were passed to Dr. and Mrs. Blagrave, to the ladies of the Church Women's Association, and to the citizens of Peterborough, who had contributed so much to the success and enjoyment of the Archdeaconry Conference, and the meeting was then closed with prayers and the grace.

In addition to the names already mentioned there were in attendance— Rev. A. T. Weir, Omemee; Rev. Canon, Allen, Millbrook; Rev. Douglas Dewdney, Millbrook and the Rev. Mr. Davis, of Bonar Law.

OMEMEE PERSONALS.

OMEMEE, May 6.—J. Wilson left last week for Oshawa, where he has secured a position.

Mrs. Frank Magee and children of Peterborough visited their uncle Reeve W. D. Stinson, last week.

Miss Minnie Connell of Baptiste, visited her brother, Mr. William Connell, for a few days last week.

Miss K. Menzie of Peterborough spent a few days at the home of Mrs. D. H. Corneil last week.

Fred Nugent of Lindsay paid a short visit with his parents, Mr. and Mrs. Henry Nugent on Tuesday.

Mrs. J. Matthews was a visitor to Toronto on Saturday.

Mrs. T. Robinson and daughter of Oakville are the guests of the former's sister, Mrs. A. Leiper.

Mr. and Mrs. Harry Lamb and daughter, Miss Jessie, visited Mr. and Mrs. J. Moore of Lindsay, on Saturday.

Joseph Newman spent the week end at his home in Toronto.

Miss Edith Stinson spent Saturday with her sister, Mrs. I. Laidley of Lindsay.

Mrs. Leigh Knight of Lindsay spent Friday at the home of Mrs. E. H. Mitchell.

Inspector R. F. Downey of Peterborough paid a visit to the Omemee school on Monday.

Mr. R. E. Stinson of Lindsay visited his sister, Mrs. J. Bushnell on Tuesday.

Mrs. Musgrove of Toronto is the guest of her daughter, Mrs. E. W. Rowland, for a few days.

Mr. and Mrs. Carmen Tripp of Sharbot Lake visited the latter's grandparents, Mr. and Mrs. R. Carey last week.

W. Stocker, fish and game inspector of this district was in town, Tuesday, on business.

Charles Elliott of Dunsford was in Omemee, Monday, on business.

Dr. H. T. and Mrs. Carmichael and son motored to Peterboro on Sunday.

Cuhtbert Mackey of the staff of the Bank of Toronto, Omemee, has been transferred to Peterborough.

Mrs. W. Henderson visited friends in Lindsay on Saturday.

Miss Marie Martin of Toronto is the guest of her friend, Miss Helen Johnson, in town.

Mrs. I. Weir of Port Perry and Mrs. (Rev.) MacCutcheon of Cannington were the guests of their mother, Mrs. Francis Fee on Tuesday.

ROSS HAMILTON IN "3 BAGS FULL," AT THE GRAND ON FRIDAY AND SATURDAY.

MOVIGRAPHS

HOLLYWOOD, May 6.—Every so often Ronald Colman, one of the foremost screen favorites, indulges in a solemn celebration by eating, no matter what his appetite, a meal of lowly doughnuts.

It is his way of whimsical thanksgiving for the change of fortune which in five years has elevated him from a precarious "coffee-and-sinkers" existence in New York to great movie prestige and prosperity.

In 1901, Colman was at the lowest ebb in his career. Haunting the automat, shopping carefully for the uttermost of food a few nickels daily would secure; soup, doughnuts, an order of bread, a sack of peanuts. Childs restaurant was a dream to him—a full meal there his great and hungry ambition, he confesses.

The Most for a Jitney.

"Figuring out the best way to spend five cents in an automat was an art at which I became adept," admits the reticent and dignified and yet exceptionally candid Ronald. "I'd often spend many minutes wandering about the slots debating in which I'd deposit my nickel. Doughnuts were the main standby."

Invalided home to England as a private in the British army from "a scratch" at Ypres, Colman achieved considerable stage success in London.

He expected to take America by storm. But, arriving with $17, he faced eighteen months of "nightmare," as he describes it. He read want ads and applied for any kind of job.

In "White Sister."

Finally he got a foothold on the American stage, and then was rather audaciously cast as the hero in "The White Sister" with Lillian Gish by Henry King. The doughnut days were over.

It is difficult to associate the debonair Colman and his manner of accustomed ease and good fortune with such privation. But "starving on Broadway" is an experience which many movie actors of note wryly recollect.

In the small group on the Paramount "Beau Geste" set, in which Colman is playing a leading role, three other players confessed similar experiences—Noah Beery, William Powell and Neil Hamilton.

Hamilton used to get his doughnuts at a bakery—four for a nickel, while Beery was partial to the old free lunch.

(By Jack Jungmeyer, NEA Service Writer.)

HOLLYWOOD, May 6.—The current film vogue of big marine specials, to be climaxed by Paramount's epic "Old Ironsides," is providing a final and spectacular waterside rendezvous for the scattered ranks of hard-bitten old Yankee sailing ship tars.

From obscure mariners' retreats and from enforced landlubberly occupation, the deep water veterans of wind craft are gathering in Hollywood and at Catalina Island where "Old Ironsides" is being filmed.

Old they are, of course, and perhaps a bit rheumatic, since steam sent most of them into the discard years ago. But pathetically eager to officiate once more on tilted decks under drawing canvas—swaggering relics of phantom yesteryears on the salty main, breaking out rusted sea chests and whetting up on sailor talk.

Fifty-two Sailing Vessels.

Fifty-two sailing vessels, rummaged from everywhere along the American coast, are being prepared for the filming of the historic battle between the pirates of Tripoli and the famous frigate "Constitution" (Old Ironsides). Each ship requires a crew of 23 familiar with the rigging of Yankee clippers. Hence the opportunity for many ancient mariners to live again a few days of vanished glory.

Scores were already on hand, having worked in Fairbanks' "Black Pirate" and Warner Brothers' "The Sea Beast," when the Paramount call went out. Many came from west coast ports by workaway, and some by stowaway.

One old tar, pushing his way to the casting window between a beauty contest winner and a thin-faced extra, piped his plea for a part wistfully. "It ain't the money so much. All I want is to lay aloft once more on a square-rigger with the yards backed and the wind a-strummin' in the shrouds. Just once more before I sign my final papers." He landed.

Another. "Too old—me? Hell's bells, I'm stronger now than these young loafers who don't know a bumpkin from a bobstay!" He, too, will be in the picture.

One Empty Sleeve.

A third, vainly trying to conceal an empty sleeve, relic of a nasty voyage off Cape Hatteras. "Aye, she's empty, this sleeve; but my other arm is strong enough for both." To which the representative of James Cruze, director, replied, "Okay—you're hired."

Typical, these of scores, going down to sea in ships for the last time perhaps—putting the brine-soaked man power of a romantic aforetime into "Old Ironsides" for authentic atmosphere.

A few, having indicated a capacity for pungent character acting with Wallace Beery, George Bancroft and other principals in the picture, may find a permanent berth in the movies. Most of them will step down off the decks with a renewed ache for the old, brave days when the clipper man was the bully boy of the seven seas.

SEIZED LIQUOR.

Customs Officers Take Carload of Liquor Billed as Laths.

SAINT JOHN, N.B., May 6. — (Canadian Press.)—The seizure of a carload of liquor was made at McAdam yesterday by the Canadian customs. The car was billed as laths from Pennfield, N.B., to Toronto and the estimated value of the shipment is about $30,000. The liquor was in vats, each holding about 10 gallons and 216 vats were in the car. The liquor was transferred by the officers to another car and will be diposed of according to instructions from Ottawa.

CONFERENCE FAILS.

Peace Negotiations in Morocco Break Down To-day.

OUJDA, French Morocco, May 6. Canadian Press. — The peace conference between the Riffians and the Franco-Spanish delegates, broke down to-day.

MAN FOUND DEAD.

Takes His Life in Basement of His Home.

TORONTO, May 6. Canadian Press. — Richard Falkiner, aged 49, was found dead hanging by a rope in the basement of his home yesterday. Falkiner had been for some time an inmate of Guelph and Whitby asylums.

NEW LOW FOR FRANC.

Falls To-day To 32.25 To Dollar on Paris Bourse.

PARIS, May 6. Canadian Press.—The French franc went to new depths to-day. At the close of the Bourse it was quoted at 32.25 to the dollar, and 156.05 to the pound, its lowest official quotation.

The oldest American aviation club is the Aero Cluub of Pennsylvania, founded in Philadelphia in 1908.

ORCHESTRA GIVES SPLENDID CONCERT

Good Programme Put On For Music Week Entertainment.

(By Jeanette)

Music Week in Peterboro had a second interesting event last night in the concert given in the hall of the Conservatory of Music by the Symphony Orchestra, at the request of the Kiwanis Club, which is sponsoring Music Week in the city. The orchestra was assisted by three vocal pupils of Mrs. Dorothy Allan Park, Mrs. H. F. Doig, Miss Daisy Murray and Miss Bertha Hill, in song numbers, and Ross Rome, a member of the orchestra, who played two violin selections.

The orchestra, under Professor Gliddon's expert direction, played splendidly last evening, in an attractive programme that included two old favorites, played by request, "The Jolly Robbers" and the interesting music of "In a Persian Market." The quality of intense interest in their own music that adds so much to the charm of the Symphony Orchestra's playing was heightened last evening by an effect of special attention to ensemble work in the various numbers, which went with a smooth precision of execution that made them markedly effective.

The programme, which was announced by Mr. John Crane, president of the Symphony Orchestra, onened with a double orchestral offering, in the "March Poetique," an attractive thing of smooth, velvety tone and bright atmosphere, and "The Jolly Robbers," vivacious and free, with all the resources of the organization used in its rendition. Other orchestral offerings were the "Lombardi" Chorus, by Verdi, featuring the string section, the well-liked descriptive music of the "Persian Market," with effective backgrounds in the dull thrum of the Oriental music and the singing of the men in opening portion the Quartette from "Rigoletto" and a wonderfully effective closing in the merry swinging music of "Robin Hood."

Quite outstanding in the programme was the lovely rendition of the old song, "Long, Long Ago," with its haunting refrain repeated in a series of variations in an orchestral accompaniment to a clarinet solo played by Mr. Reginald Dyer, whose rendition of the beautiful melody was exceptionally pleasing.

The vocal soloists, who were accompanied on the piano by Miss Agnes Logan, added much to the interest of the programme. Miss Daisy Murray's bright-toned, clear soprano was heard to much advantage in "A Morning Hymn" and "The Song of the Robin" Miss Bertha Hill, possessor of an attractive contralto, sang "My Abode" and "Silent Noon," and Mrs. H. F. Doig gave "A Spirit Flower" and "How Shall I Sing that Majesty," in her rich mezzo-soprano voice. Much appreciation was accorded the singers in each instance.

Roy Rome, a talented young member of the violin section of the orchestra, gave two violin selections in splendid fashion, playing De Beriot's "Concerto in D Minor" and a "Berceuse" in a manner that brought him much applause. Miss Margaret Rome played accompaniments for the violin numbers.

A Twilight Musicale, to be held at the Conservatory, at four o'clock Saturday afternoon, was announced.

PETERBORO CRICKET CLUB.

The above club will play its first match of the season at the Exhibition grounds on Saturday afternoon, May 8th, at 2.30 p.m. Their opponents are the Lakefield Grove school. A full practice is being held Friday evening at 6 p.m. All members are asked to turn out as the team will be chosen for Saturday's game.

BOY SCOUT NEWS

New Troop

Tomorrow night is the big night for boys who have been hoping for a new troop in St. Andrew's Church.

A meeting will be held at 7.30, to which all boys are invited to hear about Scouting and join in some Scout games. There will be lots of fun and a chance will be given to join up. Every boy between 12 and 18 is eligible.

THEATRE

AT THE GRAND

"THREE BAGS FULL"

The newest revue to be offered in Canada by those favorite entertainers, The Dumbells, is called "Three Bags Full". Captain Plunkett got the idea for the title and secured the material for this revue when he was in London last summer. It was put into rehearsal last fall, as soon as "Lucky 7" was set for its successful season, and the boys have been familiarizing themselves with the songs, dances and sketches that go to make up "Three Bags Full", for several months, with the result that this revue was really ready to go on at any time after Christmas. That its premiere was held until the company reached British Columbia was merely a matter of geography.

Three clever sketches are included in the budget of three bags. The first is a satirical sketch on "Spies" with Pat. Rafferty as a carrier pigeon and Stan. Bennett and Morley Plunkett in the heavy roles. The second skit is a highly diverting comedy of words. It's called "Wow, Wow", because every word spoken during the action begins with "w". The third playlet is a burlesque on Conan Doyle's famous detective character, with "Red" Newman as "Herlock Sholmes".

Of the individual numbers Al. Plunkett's "Huckleberry Blues", Ross Hamilton's "Romany Rose" Stan. Bennett's "Life On The Rolling Sea", Pat. Rafferty's "Me, Me, Me" and 'Jock' Holland's "I Got Ze Eye" are all outstanding hits, while the old-time minstrel finale is a knockout. Captain Plunkett and his orchestra are a bag full in themselves.

"Three Bags Full" will be seen on its first, last and only engagement here at the Grand the last two days of this week.

AT THE REGENT

CHRISTIE SETS SCREEN PRECEDENT

"Seven Days" not a Fashion Show, Producer Says.

Another screen precedent established in the Kingdom of the Christie production "Seven Days," from the stage play by Mary Roberts Rinehart and Avery Hopwood, is the lack of an extensive and expensive feminine wardrobe.

Some of the cast, which includes such screen luminaries as Lillian Rich, Creighton Hale and Mabel Julienne Scott, go through the whole picture in the same attire.

The reason for the seven day suits and gowns is the fact that the plot arises from the situation of a group of people being unexpectedly marooned in a quarantined home for a week.

These screen players all seemed delighted with this unusual feature of their roles. The same outfit without bother of constant change was a treat, they said.

And, according to Scot Sidney, who directed this Producers Distributing Corporation release, dresses do not provide much entertainment. Folks who pay their money to see a picture expect and often demand other entertainment than a fashion show.

"Seven Days" is due to appear on the screen at the Regent Theatre today for a run. Directed by the man who made "Charley's Aunt," it is promised as a fitting sequel and the equal in every respect of that hilarious screen farce which is still breaking records throughout the country.

Lillian Gish, Amid Strike, Interviews Shop Girl

LONDON, May 6 (United Press)—Lillian Gish, one of the famous sisters who play in the movies, is among those caught by the general strike.

"I went into a store and asked a shop girl what she thought about the strike," Lillian said.

"She answered, 'I do not know because it doesn't affect me much'. 'Who will win,' I asked her.

"'I will if my feet hold out,' she said, 'I left my home to go to work at 6.45 this morning and arrived at the store at 10.15.'"

DEATH

COLTON.—The occurred at 12.30 Thursday, in London, Ont., of Mrs. A. Colton (formerly Antoinette Fontaine). Her husband predeceased her two year ago.

Funeral arrangements will be announced later.

SEVEN CONVICTS KILL GUARD AND MAKE ESCAPE

First Break From New Illinois Penitentiary Results in Fatality.

FOUR MURDERERS.

Other Three Men Are Robbers—Guard Badly Wounded—Car Stolen.

STATEVILLE, Ills., May 6 Canadian Press) — Seven Chicago convicts serving long terms in the new state penitentiary here, made their escape yesterday after killing a deputy warden, wounding a guard and forcing another guard, under penalty of death, to conduct them through the outer gates.

They kidnapped the escort guard, and escaped in a prison automobile, which a trusty was forced to drive. Later the guard and trusty were found handcuffed to trees in the woods, near Ottawa, Ills.

Four of the prisoners who escaped were serving sentences for murder, and three of them ten years to life for robbery.

Peter M. Klein, a deputy warden, was stabbed to death in the first escape from the new penitentiary.

Jacob Judnick, a guard, was stabbed, while John Keeley, another guard, and James Cassidy, a trusty, were kidnapped.

Three at Large

LEONORA, Ills., May 6 (Canadian Press).—Three of the seven long-term convicts who escaped from the new State penitentiary at Stateville yesterday, after slaying Peter M. Klein, the deputy warden in charge, were sought today by posses and sightseers numbering 800 in a heavily wooded section of La-salle County near Sandy Ford. Two of the convicts were in custody at Streator, one in a hospital riddled with buckshot, and the other unwounded in jail.

THE PREVALENCE OF FAR-SIGHT

This error of vision is probably more frequently met with than any other. And in addition to being so prevalent, it is very detrimental. It is present at all ages, the majority of children being to some extent far-sighted. There is but one way to correct far-sight—placing glasses before the eyes that overcome the error. We have success in such cases.

AROUND THE CITY.

At noon yesterday a pan of meat on an electric stove caught fire, so the fire department was called to 539 Gilmour street, to put the resulting fire out. The damage caused was slight. At 3.35 p.m. the department was called to the corner of Edinburgh and Bethune streets to put out a grass fire which was started by a four-year-old boy. At 7.02 p.m., there was a grass fire in the rear of Engleburn avenue, and at 8.3 a shed at the rear of 176 Brock street, caught fire. This fire was the result of hot ashes being put in a wooden box.

The fire chief would like to impress upon the minds of the citizens that starting rubbish and grass fires is strictly contrary to one of the city's bylaws, and the people doing so are liable to be brought before the magistrate. If they desire to burn rubbish and grass they must first get permission by calling the fire hall up and letting them know what they are about to do. The chief also would like to warn parents about keeping matches out of the reach of children as one of the fires yesterday was the result of a pile of matches being left on a table within reach of a small boy.

Fire Marshal E. P. Heaton in his judgment orders Fred Atter to commence within thirty days to pull his building down. The work must be finished within sixty days. Mr. Atter can appeal to the county judge.

Ominous Cloud Marks British Crisis As War Equipped Troops Back Police And 2,000,000 More Threaten to Strike

Steel Helmets and Field Uniform Worn By Soldiers at London Docks— Crowds Too Unruly For Unarmed Police—Riots at Widely Separated Cities But Storm Centre is Glasgow and Clyde Bank.

WORKERS OF MANY NATIONS EXPRESS SYMPATHY WITH BRITISH STRIKERS AND SOME CEASE WORK

Deadlock Continues, With Guarded Hints From Laborites That Crisis May Pass Early Next Week—Mob Scenes Staged By Disorderly Element Not Part of the Strike Movement, Claimed—Some Interference With Food Supplies.

LONDON, May 7 (Canadian Press).—Another two million workers, known as Trades Union Congress Second Line of Defence, will be called on strike in support of the present strikers, unless there are indications soon of a speedy settlement; according to an announcement made today by E. L. Poulton, spokesman for the Trades Union Congress.

LONDON, May 7 (Canadian Press). — While influential Labor quarters are guardedly hinting at a possible settlement of the strike crisis early next week, the deadlock on the surface continues. J. H. Thomas is looked to as the man who in the main holds the balance between peace or a continuance of the struggle. Thomas, who heads the Railwaymen's Union, is the man of power in the Labor ranks, as he has always been in an emergency of this sort. He was in conference with Premier Baldwin late last night. The nature of their talk was not divulged, but it is known in well-informed quarters that the situation is being reviewed with the purpose of seizing any legitimate chance to end the deadlock. Meanwhile, British Labor chiefs are receiving encouragement from abroad and financial assistance is promised by the Canadian Trades Congress and the American Federation of Labor. A more significant step has been taken by the Danish Trades Unions, which have given notice that they will strike in sympathy with the British workers.

Disorders aimed at stopping emergency transportation services continued at widespread points in England, Scotland and Wales today. They were mainly staged by disorderly elements not connected with the strikers. A growing tendency to interfere with the distribution of food supplies was also reported, but Labor chiefs denied that Union men had anything to do with it. The Government issued a statement assuring the Crown forces that it would give them full support in any action they deemed necessary to support civil law.

Fresh anxiety was caused among the public by reports of increasing sentiment among trade unionists in favor of calling out electrical and gas supply workers. This would not only eliminate lighting, but also vital services.

Trades Union Congress considered the matter at length today, but no decision had been announced up to 5 o'clock this afternoon.

Troops Help Police.

LONDON, May 7. — Canadian Press. — Troops wearing steel helmets and carrying full field equipment, were sent this afternoon into the dock districts of London, where rough crowds were becoming too unruly for the unarmed police.

Hooligans in Edinburgh.

EDINBURGH, May 7 (Canadian Press).—Hooligan elements caused a turmoil in the old section of Edinburgh last night. The police made repeated baton charges but order was not restored until a mounted force was called out.

Disturbance at Hull.

LONDON, May 7 (Canadian Press).—Strikers at Hull caused disturbances in the City Square this afternoon, resulting in a charge by the police, who wielded their clubs vigorously. Seven persons were taken to hospitals. Disturbances also were reported from Aberdeen, Scotland, where a crowd attacked a tram car. The police used their clubs to restore order and arrested three men.

Attitude Menacing.

CARDIFF, Wales, May 7 (Canadian Press).—The attitude of strikers here has become menacing and there are demonstrations against volunteer tram car drivers. Travelling facilities throughout South Wales, both by rail and road, however, are improving hourly, and there is an excess of volunteer help.

Tried to Wreck Train.

MIDDLESBOROUGH, England, May 7 (Canadian Press).—Official details of last night's rioting here show that heavy lorries were chained to the railway line in an attempt to wreck a late passenger train.

The crowd prevented the closing of grade crossing gates, invaded the passenger station, wrecked the freight station, and did other serious damage.

Many Injured—66 Arrested.

GLASGOW, May 7 (Canadian Press).—The east side of the City of Glasgow was the scene of prolonged rioting yesterday in connection with the general strike. Several persons were severely injured and many others more or less seriously. Sixty-six persons were arrested.

Police Charge Crowd.

MIDDLESBOROUGH, England, May 7 (Canadian Press).—The police last night had to use their clubs against a mob which stoned and tried to hold up a passenger train. The stationmaster and a police sergeant were badly injured.

Mobs Stone 'Buses.

EDINBURGH, May 7 (Canadian Press).—Disturbances were renewed in and around Edinburgh last evening, mobs stoning 'buses and the police charging the mob. Several arrests were made.

Seamen Await Orders.

ANTWERP, May 7. — (Canadian Press).—The crew of the Canadian Pacific liner Melita, with 1,000 passengers aboard, refused to sail yesterday until they had instructions from the British Seamen's Union. The union finally telegraphed authorization, and the steamer left for her destination, Canadian ports, in the evening, one day late. She will not call at Southampton.

Turmoil in London.

LONDON, May 7. — (Canadian Press).—Two noted streets in the south-east of London were in a turmoil of excitement last night owing to strike clashes. Several persons were injured and taken to hospital. New Kent Road and Old Kent Road were the centres of trouble, the origin of which is obscure, but the centrepiece for a time was a blazing motor car. The two roads run through a poor district, and were packed with people duing the excitement, and when the motor car went up in flames hundreds of mounted and foot police started to clear the jam. There was a wild rush, in which numbers were hurt.

Argentina May Help.

NEW YORK, May 7 (Canadian Press).—The Communist party of Argentina is planning a great rally in sympathy with the British strikers.

Canadian Unions May Give Aid To British Strikers

OTTAWA, May 7 (Canadian Press). — Should the general strike in Great Britain last another week, the Trades and Labor Congress of Canada will send out an appeal from Ottawa to all trades and labor councils in the Dominion for funds to assist the British strikers. This announcement was made this morning by P. M. Draper, secretary, Trades and Labor Congress of Canada. Tom Moore, president of the Congress, left this morning for England to attend a conference arranged some months ago on the subject of migration. In the event of funds being requested by the head office of the Labor Congress, each local congress will be asked to collect from its members.

wide sympathetic strike as a protest against the "intransigeant attitude of the British government against organized labor of that nation."

Mexico Labor Support.

Meanwhile, replying to the request of Amsterdam workers for solidarity with the British strike, the C.R.O.M. Mexico's labor organization, has cabled that neither flying the British flags nor ships destined for British ports will be loaded or fueled by Mexican labor.

Two thousand dollars has been sent to the British strikers and more will follow, the cable says.

Strike Threatens Spread To Continental Unions

(By Ole Cavling, United Press Staff Correspondent.)

COPENHAGEN, May 7.—Danish labor unions to-day decided to strike in sympathy with the British workers.

The unions announced that they were preparing to send strike notices to their employers. This was the first important instance of Britain's labor dispute extending to the continent.

Denmark supplies Britain with a major portion of the dairy products, butter, eggs and the like, which is imported. The effect of the Danish Unions Act would be felt immediately at the British breakfast tables.

International Aid.

PARIS, May 7 (Canadian Press). —The Executive Committee of the Communist International will convene here shortly for a conference of French, Belgian, German, Czecho-Slovakian and Dutch Labor representatives to organize aid for British strikers.

Son of the Poet Tennyson Leads Shock Troops Of Government Volunteers Against the Strikers

LONDON, May 7 (United Press).—Captain the Hon. Lionel Tennyson, son of the poet, has been appointed captain of the Government volunteer "shock troops," against the strikers.

It was his detachment which lead the raid on The Daily Herald, Labor's organ, last night, when the official strike paper, The British Worker, was being published.

His troops are held in readiness to respond to any riot call, rushing to the scene in motor trucks. On Thursday they dashed to Poplar, one of the turbulent East End dock districts, to quell a disturbance.

Electrical Workers Strike In Sympathy

MEXICO CITY, May 7. United Press. — The executive committee of the National Confederation of electrical workers, has decreed a nation-

REINDEER FLOUR READY.

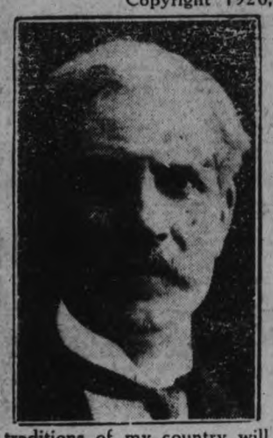
After a thorough overhauling the Peterborough Cereal Ltd., Mills are ready to start running, and will have Reindeer and Delight Flour, also bran and shorts, ready for market by the middle of next week. The sterling quality of Reindeer, the company's standard bread flour,is well known and its friends will be glad to know it is again available. 1d

RIOT SCENE IN LONDON.

This picture made in London on Tuesday, was received in New York via the Bartlane process of picture transmission operating over Western Union cables. The first serious violence of the British general strike occurred on the afternoon of May 4, when police made a series of charges on the strikers near the East Indio docks, London, using their clubs freely. The photo shows a crowd of strikers pursuing a bicycle rider on his way home from business. Note the man back of the rider with umbrella raised about to bring it down on the head of the rider.—Copyright.

Purely Industrial Dispute Says MacDonald of Strike

(By Ramsay MacDonald, written exclusively for the United Press. Copyright 1926, by United Press).



LONDON, May 7th—No one party can claim the right to be the sole supporter of parliamentary institution and representative government.

I have striven for this objective throughout my life and shall continue to do so. I have said twice in the House of Commons during the past two days.

This strike, however, is in no way aimed against the government or the constitution and that has been repeated again and again by men in control of it.

It is purely an industrial dispute. I hope the people in foreign countries will not be mislead and that the constitutional traditions of my country will not be damaged by government propaganda.

Strike Crisis May End Next Week Says Labor

LONDON, May 7 (Canadian Press)—A guarded prediction was made this morning by influential Labor quarters that the strike crisis might be settled early next week.

This is the most optimistic suggestion thus far emanating from a high source. Upon what it is based was not divulged.

Unofficial peacemakers are steadily working for a solution, and the pressure of churches and other bodies as well as prominent individuals, is being brought to bear to end the trouble.

It is understood that Premier Baldwin and J. H. Thomas, one of the Labor leaders, were closeted at a late hour last night, but what took place is unknown, although it is assumed they were discussing the crisis. Officially, both Trades Union Congress and the government are standing pat, and both claim things are going well in their respective camps.

The Government at noon today stated that conditions were improving throughout the country, with only minor disturbances. Traffic conditions were easier with many more trains and other transportation facilities available.

BARBERS MOVED.

W. J. Welch has moved from East City and established his high-class barber business at 144 Hunter Street, just west of the Roy Studio. Identified with him is G. Downer, who has the past four years operated the first chair in Lewis' Barber Shop. Welch & Downer wish to announce that they are prepared to serve the public with a skill in ladies' gentlemen's and children's work which will assure satisfaction at all times.

Their roomy premises are equipped throughout in white, and present a bright and refreshing appearance.

Miss Tranter's beauty parlor in connection offers the highest type of service. 'Phone 844 for appointments. 2d109

THE RIVERSIDE ARENA.

Peterborough citizens desire better rink accommodation and artificial ice for the hockey team, and something has to be done and done immediately.

Those interested in the hockey situation in Peterborough have presented to the city an opportunity of obtaining just what is required, but citizens' generally must interest themselves in the proposition to put it over. Some factories have gone over their objective —next week other factories will be intensively canvassed, and it is hoped these will also show the same practical interest.

Results have been extremely satisfactory wherever the matter has been properly placed before the public.

Will you do what you know is necessary when you are seen?

THE WEATHER.

Highest temperature yesterday 55 degrees; lowest last night, 40 degrees; rainfall yesterday .53 of an inch. More settled conditions have apparently set in, and it is to be hoped they may continue uninterrupted.—W. P.

BLAME YOURSELF

If you cannot see. There are no arguments that will hold water against using glasses if your eyesight is not normal. Chances are, if you have never worn glasses, you do not know the comfort our glasses will give you. See W. H. Lacey, Optometrist, 410 George St. For evening appointment, 'Phone 1169.

No Extreme Measures Expected From Unions In the British Strike

Wild Rumors Of Destruction Of Gasoline and Increase in Doles Are Denied—Dockers and Union Men Are Handling Food Supplies.

STRIKERS ORGANIZE GAMES IN LONDON.

Inconvenience To Citizens, Lack of Newspapers, and Loss of Business Are Principal Evils — Worse Evils May Be Feared If Strike Contiues.

(By Henry Somerville; Special Cable to The Star and Examiner by a Staff Correspondent. Copyright).

LONDON, May 7.—There is no present reason for believing that the General Council of the Trades Union Congress, which is directing the general strike are desirous of proceeding to more extreme measurs than they have already taken.

The Council have not yet called out the gas and electricity workers supplying light, neither have they called out the postal workers. If they do call on these reserves the position will be aggravated, but the Government has volunteers to meet such an emergency.

There is not the slightest truth in the report that a million gallons of petrol stored in London have been poured out. The Government announced on Monday that though the unnecessary use of petrol should be avoided, there was no shortage and no regulations or rationing have been imposed.

Unions Keep Food Moving

Dockers are unloading food from ships and transport workers are distributing it to warehouses and shops under the express instructions of the general council.

The Trades Unions are effectively co-operating to carry out food supplies and maintain health and safety services, as they said they would.

Many foreign newspaper correspondents are sadly astray in their appreciation of the British situation. They expect to find the military firing on mobs, when in fact there are no military and no mobs to be seen in the business parts of London, everybody is engaged on their usual business.

In the residential portions children are playing in the streets as usual, and on open public spaces, like Clapham Common, games of tennis, football, and cricket are proceeding normally.

Strikers Organize Games.

The strikers themselves are organizing games. Two teams playing yesterday were 'Steam' versus 'Juice', which means men employed on steam trains were playing men employed on electricity.

LITTLE TROUBLE ON FOURTH DAY OF BIG STRIKE

Agency For Peace Removed By Adjournment of Parliament Over Week End.

NO PEACE SIGNS.

Trades Council Appeals For Exemplary Conduct— Avoid Police Interference.

LONDON, May 7 (Canadian Press). — The British Government and the Trades Union Congress are still far apart. Neither has shown signs of giving way in the struggle, now entering upon its fourth day, that has caused the greatest industrial upheaval the British Isles has ever experienced.

Premier Baldwin still insists that the general strike orders must be withdrawn before he will enter into new negotiations. The Labor leaders reply with an emphatic "No" to such a condition, but declare themselves ready to go into conference with the Government with a free hand.

The adjournment of Parliament last night until Monday removes another possible source of appeals for peace. The Prime Minister has the backing of the House on the measures undertaken to control the strike situation. A Labor amendment seeking to modify a clause in the Government's bill for the protection of property was defeated by a large majority.

No Serious Disorders

Exemplary conduct on the part of the strikers is again called for by the union leaders, and they are obeying orders in a rather unexpected way, for only at two places in Scotland have any serious disorders occurred. There have been innumerable clashes, the breaking of windows, the overturning of automobiles, minor attacks on strike breakers and similar incidents, but in an amazing manner the two or three million men involved directly in the strike are keeping the peace.

At Musselburgh, near Edinburgh, numerous passengers were injured in an attack on a train. Five policemen and as many civilians were hurt sufficiently to make hospital treatment necessary. At Glasgow, always a hotbed in time of strikes, the police were roughly handled, and some of the rioters were placed under arrest.

In a message addressed to all workers, the Trades Union Council says: "The Council wishes to emphasize the fact that this is an industrial dispute. It expects every member taking part to be exemplary in his conduct, and not to give any opportunity for police interference. The Council asks pickets especially to avoid obstruction, and to confine themselves strictly to their legitimate duties."

NO EXTREME MEASURES, ETC.

(Continued from page one.)

There are exactly four policemen on duty outside the House of Commons, and two policemen have been allocated to keep the peace at general strike headquarters in Eccleston Square. Seventy-five per cent of the police force are on point duty during the busy hours regulating traffic.

There has been damage to buses and certain other disorderly incidents, but it would give an absolutely false picture of the situation here if they were put to the front.

It takes the average citizen a longer time to travel between his home and work. He cannot get his usual newspapers. If he is a business man he finds his business dwindling and obtructed. This is a fair summary of the situation. The community as a whole is suffering no privations as yet and though worse evils may be feared, they are not actually threatened at present.

No Increase in Doles.

The report that three million claims for the dole have been filed is unfounded. The law clearly states that a worker is not qualified to receive the unemployment insurance benefit if he loses his employment by reason of a stoppage of work due to a trade dispute.

THE CHEERY CHUMS.

New Musical Organization Presents Concert in G.W.V.A. Hall.

"The Cheery Chums," a new musical organization in the city, staged an entertaining concert in the G.W.V.A. Hall last evening. Although the attendance was small, it was an appreciative audience that applauded the efforts of those taking part. The programme was short and was followed by a dance and service of refreshments, all in charge of the various ladies who put on the concert. The stage was very prettily arranged, with a living-room interior, tall palms and a number of colored lights that added much to the effectiveness of the setting. The various solos and the scenes presented showed that much care and attention had been spent by those in charge to present an entertaining and amusing programme. Mayor Holloway made a very capable and painstaking chairman for the occasion.

The programme, which opened with the singing of "O Canada," included a quartette number, "Old Folks at Home," sung by Mesdames Brearley, Woolgar, Scott, Cheu; two pianoforte solos by Miss Etta Cooke; a vocal solo, in costume, by Mrs. P. Woolgar, "Won't you buy my Pretty Flowers?"; a vocal solo, in sweet voice, by Mrs. Brearley, "Daddy," assisted by Captain Winterbottom and Audrey Frezell; a Midgets' dance that aroused much applause, in which tiny Miss Heather and Master Scott did a "one-step" dance to the concertina accompaniment of Mrs. J. Scott; several snappy selections and encores by Steer's Orchestra; a solo by Mrs. Woolgar, in male costume, "I'm Following in Father's Footsteps"; a vocal solo by Mrs. Brearley, assisted by Miss Kitty Brearley, both in old-time costume, and entitled "Come Back to Me"; an Old Home Scene, directed by Mrs. Brearley, which included vocal numbers by Mrs. Brearley and Mrs. Scott, "Silver Threads Among the Gold," and by Mrs. Woolgar, "Home, Sweet Home" and "An Old-Fashioned Town," the latter a very pretty number; and a final rendition, in costume, of a duett between Mrs. Woolgar and Mrs. Scott, "I Wouldn't Leave My Little Wooden Hut."

Accompanists for the evening were Mrs. C. Cheu and Miss E. Cooke.

CARS COLLIDE ALL DAMAGED

Three Automobiles Meet at Corner of Charlotte and Bethune.

NOBODY HURT.

Three cars got into a mix-up yesterday afternoon on Charlotte Street. One car proceeding west, another coming north on Bethune, and a truck coming east all suffered damages.

The truck coming east swerved to avoid the car coming north, struck the west-bound car, damaging the rear hind wheel, cannoned off into the north-bound car, hitting it on the running board. The truck escaped with a broken radiator and a troduced the following resolution: punctured tire.

Children's School Shoes At NEILL'S

Knowing that children put their shoes to the severest tests our slogan is to have children's shoes "made stronger to wear longer." We believe no better shoes are made anywhere for the money than the "Neill Shoe" and pride ourselves that only the best materials are used in their construction.

INTERESTING TALK ON MISSION WORK

Rev. J. M. Crissall Tells A.Y.P.A. About Work in North Country.

The Peterborough District Council of the Anglican Young People's Association held its monthly meeting last night in St. Luke's Parish Hall, with a large attendance of members from the various branches of the district. A. Hope of All Saints', Peterborough, district president, presided, and the Rev. Walter Cox of Lakefield took the opening and closing prayers. Some business was transacted, and it was arranged to have the next meeting in Lakefield on June 10.

The evening was featured by an address on missionary work in the Diocese of Mackenzie River by the Rev. J. M. Crissall of Perrytown, who spent three years at Fort MacPherson, two thousand miles north of Edmonton. The address was profusely illustrated.

Mr. Crissall started with scenes of river travel from waterways to the mouth of the MacKenzie. He showed the flat-bottomed scows formerly in use and the flat-bottomed steamers now traversing the river. One portage has to be made before Great Bear Lake is reached and another steamer is taken for the remainder of the journey. The cargo is now drawn across the portage of sixteen miles in huge lorries by a caterpillar tractor.

Most interesting were the pictures of the Indians' houses and the little churches at the various stations. Many illustrations were given of Mr. Crissall's own station and of the people there. Among them was a picture of Mr. Crissall's wedding, which was performed by the Bishop of Mackenzie River at the mission church. Mr. Crissall told of the hard work done by the men of the post in building the little church, which they said was needed for their children's sake. They set an example to their white brethren, he said, in that they met for worship every Sunday, whether they have a clergyman or not.

Mr. Crissall recited the Lord's Prayer, and sang "Jesus Loves Me" in the language of the people at Fort MacPherson.

FOR SALE OR EXCHANGE

$8200.00—will buy a good brick cottage, having 6 rooms, modern, new garage, very centrally located, possession the middle of May, small payment will finance a deal.

$3200.00—will buy five acres of choice land, considerable fruit, brick house, barn, driving shed, immediate possession, situated near Downer's Corners; good terms.

MILLBROOK COUNCIL PURCHASES HOSE

Adds 100 Feet To Stock In Fire Hall—Accounts Passed.

MILLBROOK, May 7—Millbrook council met in regular session on Monday evening, Reeve W. T. Woods in the chair. Present Councillohs Stinson, Eakins and Sayles; Councillor T. J. Lang absent in Toronto on business.

Messrs. J. N. McGill and S. R. Carveth were present and addressed council regarding insurance on Town Hall, submitting rates from their respective companies; W. G. Hetherington submitted rates from his company by letter.

After discussion in detail, it was moved by Councillor Stinson, seconded by Councillor Eakins that communications be received and filed, and action deferred until a special meeting to be called by the Reeve. Carried.

W. Thorne addressed council regarding outsiders peddling meat in the village, asking that this privilege be refused in justice to himself as the local vendor. Councillor Eakins gave notice that at the next meeting he would introduce a by-law prohibiting such sale.

Eakins-Sayles: That Council purchase 100 feet of hose from the Bi-Lateral Hose Company of Kitchener.

Stinson-Eakins: That the assessor's roll be received and that council meet as court of revision on Monday, June 7, at 7 p.m.

The firemen's report was submitted by Chief J. J. Clarke.

Stinson-Eakins: That report be received and filed.

Quotations on oil for the streets were received in answer to the clerk's request, that of F. L. King, of Lindsay, being 15 cents a gallon for Imperial Gravel Dust Layer; 17 cents a gallon for Imperial Asphalt Dust Layer, applied on the streets. f.o.b. at the station the prices were 9 1-2, and 11 1-2 for the two qualities mentioned, and 12 1-2 for Imperial Liquid Asphalt.

McCall Bros. submitted a rate of 11 1-4 cents a gallon for a road oil.

Eakins-Stinson: That these communications be received and filed, and further action taken at the next council meeting.

Accounts passed, and on motion of Eakins-Stinson ordered paid, included:

G. McCorry, labor, $1; W. F. Hetherington, insurance, $2.50; A. Hunter, labor, 50 cents; F. McIvor, labor $1.25; Millbrook Telephone Company account $3.70; W. G. Russell & Sons, fuel, $8.40; Hydro-Electric, street lighting, $130.54; Hydro-Electric, town hall light, $1.65; J. A. Vance, Division Court Clerk, $28; G. Wallace, bailiff, $28; J. Hales, labor, $1.50; H. Nattrass constable and labor $23.50; A. Wilson, labor, $1; S. Donnelly, labor, $15.85; J. Stevenson, labor $15.31.

After discussion regarding repairs needed for roads and sidewalks in the municipality council decided to make a tour of inspection, noting location and details of repairs required, that plans might be completed and work begun as soon as possible.

Council adjourned to meet again at the call of the Reeve.

SYNOD TO MEET TO NAME BISHOP

Ontario Diocesan Head To Be Chosen Next Month.

AT KINGSTON.

KINGSTON, May 7.—(Special).—A meeting of the Synod of the Diocese of Ontario will be held in June, and at this meeting a Bishop of Ontario to take the place of Dr. E. J. Bidwell, resigned, will likely be elected.

FLIGHT DELAYED.

Weather Conditions Cause Postponement of Detroit Arctic Expedition.

FAIRBANKS, Alaska, May 7. —(Canadian Press).—Heavy storm clouds to the north and threatening rain apparently caused the postponement Wednesday of an airship flight to Point Barrow on the Arctic Coast by Captain George H. Wilkins, leader, and Lt. Carl B. Eilson, pilot, of the Detroit Arctic expedition.

NORGE REACHES NORTH EUROPE

Dirigible's Next Jump Takes Her to King's Bay.

NOW AT VADSO.

OSLO, Norway, May 7.—(Canadian Press).—The dirigible Norge arrived at Vadso, northern Norway, at 4.30 o'clock this morning. The airship, which is to endeavor to take the Amundsen-Ellsworth expedition across the North Pole from Spitzbergen, left its hangar at Trotsk, a suburb of Leningrad, on Wednesday morning. The Norge made the flight between Trotsk and Vadso, a distance of about 700 miles northward as the crow flies, in about 19 hours. The final jump of the dirigible to King's Bay, Spitzbergen, lies about 700 miles across the Arctic Ocean.

MANION PREDICTS TARIFF CHANGES

Says King Government Sees the Error Of Its Ways.

OTTAWA, May 7.—(Canadian Press).—That the King Government already realized the disastrous consequences that the proposed tariff cuts would have on the automobile industry of this country if put into effect, and that before the Budget debate was concluded, it would capitulate and not make the drastic changes proposed, was the prediction of Hon. Dr. R. J. Manion, Conservative, Fort William, speaking at a meeting of the Women's Conservative Association at Westboro, near here, Wednesday night.

JUDGE McGLADE BEREAVED.

BROCKVILLE, Ont., May 7.—Mrs. M. Michael McGlade, mother of Judge James E. McGlade, of Cobourg died here on Thursday, after a short illness.

CATTLE, GRAIN AND PRODUCE

Peterboro—Toronto—Montreal Winnipeg

TORONTO LIVESTOCK.

TORONTO, May 6.—With yesterday's cattle market practically cleaned up of all offerings before the close, and only eight cars of fresh stock in for today, sellers had little difficulty in clearing the small week end offering. Prices were steady and unchanged from yesterday morning.

Heavy export steers, cows and bulls steady at 15c to 25c lower than last week. Domestic butcher trade good and active. Choice steers $7.00 to $7.50. Heifers, choice, $7.00 to $7.25. Fair to medium, $6.50 to $7.00.

Choice fat butcher cows, not too heavy, $5.50 to $6.25.

Calves dull and 50c lower at $10 to $11.50.

Sheep and lambs firm with light offerings.

Hogs, market unsettled, packers bidding $12.50 f.o.b., sellers standing out for $12.75 and in most cases getting it.

WINNIPEG LIVESTOCK.

WINNIPEG, Man., May 6.—(Canadian Press).—Cattle receipts 610. Restricted inquiry imparted weakness to the market. Steers were around 50 cents lower while butchers showed a slightly firmer tone.

Hog receipts 870. Price held well in line with Wednesday's close, thick smooths selling at $12.79 and select bacons $14.02.

Due to light receipts the sheep and lamb market was not established.

BROCKVILLE CHEESE 17 1-16c

BROCKVILLE, May 7 (Canadian Press).—At the regular meeting of the Brockville Dairymen's Board of Trade held here Thursday 100 white and 1,469 colored practically all sold at 17 1-16c.

WINNIPEG GRAIN

WINNIPEG, May 6 (Canadian Press).—A good clas of buying, indicating an increased export trade, resulted in a strong tone to the wheat market today and at the close prices were 3-4c to 2 1-8c higher, May recording the top advance, closing at $1.53 5-8. July closed at $1.51 5-8, and October at $1.34 3-4.

EGG PRICES

OTTAWA, May 6 (Canadian Press). — Reports from Winnipeg state that the carlot movement to Eastern Canada is heavy and that shippers there are realizing 31 for extras, 29 for firsts and 25 1-2 for seconds. It is generally regarded in Calgary that the peak of production in Southern Alberta is passed.

Toronto—Dealers paying country shippers, extras 31, firsts 29, seconds 26 delivered, cases returned. Prices to retailers, extras 34 to 35, firsts 33, seconds 29. Retail, extras 38, firsts 35 to 36, seconds 32.

Montreal—Receipts are heavier but the market continues very firm. Dealers paying country shippers delivered, extras 31, firsts 28 to 29, seconds 24 to 25. Prices to retailers, extras 36, firsts 33 to 34, seconds 31 to 32. Eggs are selling in a jobbing way at extras 33, firsts 31, seconds 29. Retail extras 42 to 45, firsts 38 to 40, seconds 35.

Winnipeg.—Receipts- show an increase over last week. Dealers quoting country shippers, extras 27 to 28, firsts 25 to 26, seconds 21 to 22. Prices to retailers, extras 33, firsts 30, seconds 26. Retail, extras 37, firsts 33, seconds 28. Local shipments are changing hands for storage extras 31, firsts 29.

MONTREAL GRAIN AND PRODUCE

MONTREAL, May 6 (Canadian Press).—Foreign demand for all lines was extremely dull on the Montreal Grain Exchange today but a fairly good demand from domestic sources resulted in 50,000 bushels of No. 1 Northern Manitoba wheat being traded. Oat prices held unchanged.

The indifferent attitude of foreign buyers because of the British Labor troubles was held responsible for the lack of improvement in the trade for spring wheat grades of flour.

An easier feeling prevailed for eggs and car lots of Western stock were offered at 1-4 cent to 1-2 cent per dozen below the high level of a few days ago. A fair business was done by local jobbers at unchanged prices.

Receipts of butter were 2,985 packages as against 1,584 the same day last week. The steady demand of local buyers sent prices up 1-2 cent per pound for No. 1 pasteurized creamery.

Cheese receipts totalled 2,242 boxes as compared with 760 last Thursday. The market tone was steady.

Attributed to the fear of warmer weather, potato prices tumbled 25 to 50 cents. A fair trade was done.

A quiet demand for maple products produced a weaker feeling and lower prices.

CHICAGO GRAIN.

CHICAGO, May 6. — (Canadian Press).—Serious crop damage reported both from Kansas and from Spring wheat territory today tended to bring about higher prices in the wheat market here. Closing quotations on wheat were firm at 1-8 to 5-8 net advance. May new 159 5-8 to 159 3-4 and July 139 7-8 to 140, with corn 1-8 to 3-4 off, oats showing an equal decline and provisions 15 to 65 cents up.

Kansas reports of wheat crop injury were given special attention, being in striking contrast with recent optimistic advices from that state. A leading authority sent word that from Hays, Kansas, to Great Bend, Kansas, the wheat crop has gone about limit of endurance, that some fields are brown and dry and that irreparable damage has been done, the result of drought wind and dust. From other sources came word, too, that 1,500,000 acres of winter wheat in the northwestern and north central Kansas are badly in need of moisture. North Dakota despatches also contained reports of actual damage.

STERLING RATES.

MONTREAL, Que., May 6.—(Canadian Press).— Sterling exchange rates were quoted here today as follows:

Sterling demand $4.84 1-4.

Sterling cables $4.85.

ST. JOHN'S W.M.S. MONTHLY MEETING

Large Attendance of Members of Campbellford United Church.

CAMPBELLFORD, May 7.—The ladies of the W.M.S. of St. John's United Church held their monthly meeting on Tuesday afternoon in the Sunday School room. There was a large number of ladies present. Mrs. A. Haig, the President, occupied the chair. The meeting opened with a hymn, followed by prayer by Mrs. Boyle, after which Mrs. Oliver read the Bible lesson. Mrs. T. L. Diamond read the minutes of the April meeting and Mrs. C. W. Turner read the Treasurer's report.

Moved by Mrs. Ashton and seconded by Mrs. Phillips, that the June meeting be postponed until the third Tuesday of the month on account of other attractions.

Mesdames Scott and Malcolm were re-appointed as a committee to prepare a special programme for the June meeting.

Mrs. Stillman gave a reading, "Prayer as a Working Force."

The delegates to the Cobourg Presbyterial convention gave their reports.

Mrs. Robert Moore gave a paper on the morning meeting of the Presbyterial, which was held in Trinity United Church. The second delegate, Mrs. Ashton of Cobourg gave an account of the afternoon meeting, which was a business meeting at which the officers for the district were elected. Mrs. J. W. Roberts of Grafton was elected President, Mesdames Field, Robins, Maxwell and Sweetman were made Vice-Presidents and Mrs. Hammond of Campbellford Recording Secretary.

An account of the evening session was given by Mrs. Hammond. Mrs. Barker, a returned missionary from Korea, gave a talk on her work. Mrs. (Rev.) W. A. Brenner of Cobourg presided at this meeting, and the different officers elected were called to the platform and assigned their different duties.

Mrs. W. Phillips then read a letter thanking the ladies for a donation sent to the Girls' Circle. Mrs. Williamson of Michigan, a former member of the society, sent a donation. Mrs. Elliot closed the meeting with prayer.

Epworth League.

The young people of St. John's held their Epworth League meeting on Monday evening in the Sunday School room. Fred. Phillips was chairman. Miss Flora Cardell and Thomas Craighead gave Bible readings and Mrs. W. Phillips gave an interesting reading. Miss Beatrice Ayrhart had the topic and gave a splendid talk on different ways to break the Sabbath. Next Monday evening the young people will have a social and a splendid programme is being provided.

Personals.

Mrs. Joe Owens and baby of Toronto are visiting her parents, Mr. and Mrs. Joseph Poulton, Grand road.

Miss Lulu Gay is visiting her friend, Mrs. (Dr.) McCormack of Toronto.

Gerald Connor of Toronto is at his home on Sebastapol street for the holidays.

Miss Emma McArthur leaves this week for Rochester to reside.

Mrs. George Smith and young son and Mrs. J. H. Bell and children leave on Thursday for England to spend a few weeks visiting relatives. On Friday afternoon a number of ladies met at the home of Mrs. Ashton to spend a social afternoon and to say good-bye to Mrs. Bell and Mrs. Smith.

Mrs. Wm. McGregor of Belleville and Miss E. Bullen, R. N., of Peterboro are visiting Mr. and Mrs. R. J. Bullen.

Mr. Chauncey Dingman of Morganston spent the week-end with his daughter, Mrs. Harry Denike.

An electrically heated sandbag has been invented to do the work of pressing hats over molds, formerly requiring a heavy iron.

THRIFT SALE AT GilesDrugStore

We are offering many suggestions to thrifty buyers tomorrow. Some of the best opportunities to add to your bank account by savings on merchandise you want, and which you can buy at prices that mean a saving, if ever good qualities and fair cost illustrated this before.

FRIDAY, MAY 7, 1926.

HELP FROM MOSCOW.

The cause of the British strikers is hindered rather than helped by the gleeful proclamation issued by the Moscow Internationale, which hails the general strike as a "new era in class struggles not alone for England but for the world proletariat," and calls upon the world's workers to stand behind British labour.

The Moscow Reds whose policy is that force alone can win, who in the words of the New Leader, the organ of British Socialists, desire "to promote the temper that destroys and wrecks, and to exploit every occasion that makes for social or international strife, since danger, insecurity and general misery are conditions that breed revolution," helped to defeat the British Labour Government in 1924 by its foolish theories, and if the great mass of British people realize that Moscow is gloatingly helping to keep the present strike active, the collapse of the tie-up will be even more sudden than its onset.

The British strikers are carrying enough handicaps now; the Moscow mouthings may well prove fatal.

In fact, should the Russian Reds continue their present attitude they are likely to prove the best allies that the British Government has.

A USEFUL REPORT.

The annual report of the Royal Bank of Canada, a copy of which has been received by the Examiner, is as usual a mass of useful and interesting information not only in regard to the bank itself but of general interest.

The pamphlet will be found of considerable service to business houses and to citizens generally by reason of the concise and accurate way in which a number of most important statistics has been compiled and presented.

Among other figures are those dealing with a statement of the public debt, immigration, the census figures, the field and grain crops of Canada, the value of the livestock in this country, butter and cheese production, the tobacco crop, the fur farming industry, mineral production, fisheries, Canadian trade returns, prices, traffic returns, the tariff relations between Canada and other countries, the Australian trade agreement, and many other matters of similar interest, all printed in a concise and easily digested form.

The Royal Bank's annual report will be valued because of this treasure trove of statistics which cover points about which information is often sought.

CLEAN-UP WEEK.

Next week is to be observed in Peterboro as Clean-Up Week, and Mayor Halloway is requesting the citizens generally to enthusiastically co-operate in the work of making the city spic and span for the summer, which we haven't yet given up hope of enjoying.

Many householders, of course, have not waited for any official summons to the duty of cleaning-up; they have already tackled the task with commendable vigour and with results that are happily apparent.

To those others who have not yet begun the annual spring attack upon the winter's accumulation of rubbish, the Examiner commends the Mayor's appeal.

Next week should see a general cleaning-up of yards, lawns, gardens and back-lanes, a very necessary operation that if co-operated in by householders en masse will make Peterboro a much neater, cleaner, sweeter and safer city by a week from tomorrow.

"Safer," in particular, is used advisedly.

A general clean-up means a safer city from two viewpoints, health and fire prevention.

Around every home there are health hazards, as well as fire hazards.

A campaign that does not remove pieces of broken glass, rusty nails, old tins and other menaces to personal safety, and at the same time does not eliminate that accumulation of rubbish that offers such a fine field for a bad fire, does not come anywhere near the desired 100 per cent. efficiency.

Let us make a good job of it next week and we'll have a city that will impress our tourist friends, just as a well-kept house impresses every visitor within its portals.

FARM LABOUR.

According to an immigration official, one result of the British strike will be to bring more farm labourers to Canada, provided the shipping facilities are not curtailed to any appreciable extent.

"I believe there are a number of men involved in the strike," says this official, "who will turn to Canada for work. This will mean that many of them will come here to work on farms."

As the Examiner pointed out a few days ago, the farm labour problem is a serious one in Ontario, the local employment bureau having many more applications for help than it can hope to fill.

And it is doubtful whether there is any justification for hoping that the industrial disturbances in Britain will provide much relief.

Suppose, as this official says, a number of strikers do come to Canada.

There is no assurance, in the first place, that such men would be of much value as farm workers, nor, in the second place, that they would remain long on the farm if they were placed there.

Indeed, the evidence in regard to this second point is all the other way.

No one can possibly estimate the number of immigrants who landed in Canada as farm labourers who are now located in industrial centres, but everybody knows that it is large.

The immigration regulations in this regard have been utterly ineffective, inasmuch as all contact with the newcomers was speedily lost once they were scattered throughout the country.

Some have remained on the farm and have made good, but the majority are in the cities of Canada, just as if they had come in as industrial workers.

JUSTICE AND JAZZ.

Our American cousins are again, after a few months' lay-off, up to their necks in big league baseball. They take their national pastime seriously—too seriously, it is charged by intellectuals, for the good of the nation, who point out that it is a bad thing to fill the minds of young boys and girls with excessive admiration for "mere athletes." Values are distorted and too much emphasis placed on the physical side of life. "Perhaps there is something in what they say," runs the comment of a Cleveland editor on the protest. "It is regrettable that no boy was ever known to select Newton or Galileo as his ideal; regrettable, but natural. And in a land that produces such exquisite doers as Gerald Chapman, Martin Durkin and the like—shouldn't we be mighty thankful that there are a few Walter Johnsons and Roger Hornsbys to give our children heroes that are more wholesome to admire?" It is probably the best reply that could be made in defense of King Baseball. There was a day in the United States when murder was a national event, receiving notice in nearly every newspaper in the country. Now, with 12,000 killings a year, only the local slayings receive much space in the newspapers. One's chances of being murdered while walking along the streets of any of the big American cities is not so slight as one might imagine. Last year the rate was a little better than one in ten thousand. The average of convictions is about one in one hundred. In Great Britain, the average murderer, rich or poor, remains a resident of this planet just ten weeks after the date of his arrest. In the United States, trials are allowed to drift along for years. The difference in the methods of the two countries is the difference between justice and law; between stern judicial tradition—and jazz.—Hamilton Spectator.

"ORDERLY" MARKETING.

Monkeying with the economic buzz-saw is the favorite amusement of the genus politicus. He is a tight rope walker and a human fly and a sword swallower all in one. If the people will only watch his antics long enough they will find themselves in a new economic paradise—so he avers.

He will dispute the fact that two and two make four. Those who find that such is the case, and base their actions on that truism, generally take it for granted that the economic contortionist sets up denial of that fact. In this they are doubtless wrong. Rather, he never has heard of it. And he proceeds to set up his own tables of addition, unbiased by any preassembled facts that, if known and used, would merely embarrass him in his appeals to the fancy of the crowd.

For instance: One of the best and hardiest claims of the critics of our present-day marketing system is that the grain buyers get together and manipulate prices downward, year after year, as soon as the crop begins to move. And, they argue, the way to prevent this iniquity is to put all the farmers of the nation into one gigantic grain pool—better still, have all the wheat farmers of the world in one immense pool that will pour into the market hopper just enough and no more week by week throughout the year.

There is a strong similarity to sense in that kind of talk. Why it is not sense is the fact that that is the very thing that is done right now—only the marketing reformers evidently do not know of the fact.

According to Broomhall, the movement of grain from the producing to the consuming countries of the world shows a startling weekly uniformity throughout the year. During 1922, with 587,000,000 bushels of wheat afloat for Europe, or an average of 11,300,000 bushels a week, that figure was approximated quite closely during twenty out of the fifty-two weeks of the year. There were thirteen weeks when the movement fell below 10,000,000 bushels, and thirteen when it stood above 12,000,000. The peak of the movement was during the week of December 2, when 17,392,000 bushels were on their way to market, and the low point was the week of September 6, when only 6,696,000 bushels were afloat.

Two shipment "peaks" are to be observed—November and June. And the "low" is July and August, when our elevator bins are cleaned up, and our farmers are tuning up their binders for the harvesting of the new crop. The year in question there was a slight March slump in world export movement, but, on the whole, it would take masterly handling of any grain marketing combine to even approximate the regular pull of the European market demand, insofar as its effect upon the actual overseas movement of grain is concerned.

For example, that low week of less than seven millions shipment. The week previous more than ten million bushels moved, and the week following more than nine. And the high week of seventeen million bushels is sandwiched between two weeks, one of less than thirteen and the other less than eleven millions of export. The thing averages up very fairly indeed.

If a national pool to regulate the flow is the objective, how is it to operate? Holding our wheat off the fall market and moving it at a time when the crop from the southern hemisphere is afloat doesn't look like intelligent marketing. And to hold it for ten months, or until the next season's crop is made and starting forward, has very little to commend it except the fact that in a lean crop year there is a strong demand and price during the early summer—and we all like to gamble!

One does not need to either defend the "grain gamblers," or to search through their pockets, in order to find the major cause why wheat prices usually fall as the North American harvest moves northward from the fields of Kansas. Between the peak of the movement from Australia and the Argentine and the time when the threshers start in Oklahoma there is a lull, a cleaning up of southern hemisphere bins—in the case of a "short" crop year a decided quickening of the price responsive to demand. Then the flood of North American grain pours overseas at the same time that Europe is harvesting its own crop, and, as the season advances, so do the rates for cargo space advance. There is a seasonal let-up in the demand, there is a normal seasonal increase in the transportation cost—and we wonder why the price falls off!

And the marketing prestidigators come along and say that if they had the grain all tied up in a pool—a world pool preferred—things would be different and the goose would hang high.

Would they? And would it?—Barron's.

EDITORIAL NOTES AND COMMENT.

Mr. Saklatvala is now in an excellent position to give an inside story of the British strike.

English bobbies more than ever will have reason to think that Gilbert was right when he wrote, "A policeman's life is not a happy one."

It should be distinctly understood that next week's appeal to "clean-up" is not directed to second-story workers, sneak thieves nor confidence men.

VOICE OF THE PEOPLE.

LETTERS TO BE PUBLISHED UNDER THIS HEAD MUST BE RECEIVED AT THE EXAMINER OFFICE ON THE DAY BEFORE THEY ARE DESIRED PUBLISHED.

STATE OWNERSHIP—A MENACE

The Editor of The Examiner:

Sir.—In my first letter I ventured to call the attention of the public to the fact that when the State takes the materials of industry out of the hands of private enterprise, it leaves private enterprise without any initiative and that the cause of Ontario's industrial downfall is not the policies of parties, which were both rejected as ineffectual, but the policy of Socialistic state ownership and little else.

Now I want to call your attention to one other fact before I refer to Professor Mavor's great work on "Niagara in Politics." The State is supreme. The Government which is administering the affairs of State is above all laws and is free to do just as it likes. This results in private enterprise throwing up its hands as powerless. ho can fight or rival the State that has all the cards, all the resources and all the power in its own hands? Helplessness is followed by stagnation. All private enterprise, therefore, ceases whereever it comes in contact with State ownership. It has been so everywhere, and is so in Ontario. And what is more—if a government decides upon a policy of great development for any district, all the other districts are at the government's mercy and suffer accordingly. Remember that.

Professor Mavor says "Lands' forests, plantations, oil wells, railways, telegraphs, cables, telephones, steamships and large numbers of individual enterprises, hotels, and private residences were taken over by the belligerent states. After the conclusion of peace these properties were returned to their owners in all countries but one—the solitary exception being Russia, where private enterprises taken over by the government during the war were not returned. . . The consequences of this policy were the ruin of the nation."

Even if State ownership were in itself good business, it destroys initiative, takes the genius of originality and management of a people who very properly say to the government: "Well! If you're going to boss the show and run everything, go on and run it." With the result that private enterprise lets things "go", and they do "go"—to pieces, accordingly. No trade or tariff policy on earth can save Ontario from the dry-rot that is setting in from this cause. No people of spirit and brains will stand for being treated in this way for long. They leave and go somewhere else and that is just what they are doing and will continue doing if we do not soon call a halt.

J. H. BURNHAM.

WAR IS HERE

To the Editor of The Examiner:

Sir.—The war between Modernism and the Old Believers which for so many years we have been told was coming, is urely here. It is a terrible time of trial and wondering. What a pity it is that the Lord did not say: "Let there be no wickedness in the world," and there would not now be any. If the dear Lord had only said: "Let there be no whiskey" there would now be no ravages of that terrible sin. What must one think? That there is no such thing as Christianity and that mankind through Prohibition and the like must save itself or that the Christ's idea that man cannot save himself and that there is only One Way is right. Modernism inclines me to Prohibition, but if I follow Christ I will do as He did and He said nothing about any kind of Prohibition, but just Belief. When I favor Christ, I see all sin vanish like the night before a perfect day. It is lovely and wonderful but if it is true, why does the Lord let man sin and hurt himself and all people?

ANXIOUS.

CHEMONG BRIDGE

Bridgenorth, Ont.

To the Editor of The Examiner:

Dear Sir.—In looking over the diary of my father, the late J. Telford, I notice that in 49 years, their was only one year in which the ice was later in going off the lake than this year. That was on May 3, 1885. The earliest for the ice to leave was on March 23rd, 1878.

Below are a list of the dates in the last 49 years.

Year.	Date	Year.	Date
1877..	..April 18	1902..	..April 6
1878..	..Mar. 23	1903..	..Mar. 28
1879..	..April 28	1904..	..April 28
1880..	..April 5	1905..	..April 17
1881..	..April 20	1906..	..April 14
1882..	..April 4	1907..	..April 22
1883..	..April 26	1908..	..April 26
1884..	..April 20	1909..	..April 17
1885..	..May 3	1910..	..Mar. 31
1886..	..April 21	1911..	..April 24
1887..	..April 28	1912..	..April 26
1888..	..April 28	1913..	..April 15
1889..	..April 15	1914..	..April 21

The Secret of Successful Baking

consists very largely of choosing a baking powder whose leavening qualities are uniformly reliable.

Magic Baking Powder is the powder that never fails you. This is the reason why it is by far the most popular baking powder in Canada.

MAGIC BAKING POWDER

MANITOBA GASPS IN MID-SUMMER HEAT SAND STORM DARKENS SUN IN WINNIPEG

Homes and Offices Coated With Layers of Fine Dust From Prairies—Seeded Fields Blown Bare.

WINNIPEG, Man., May 7 (Canadian Press) — With a suddeness that has left the population literally gasping, the Province of Manitoba was plunged Wednesday and Thursday into mid-summer heat. To add to the discomfort a high wind has prevailed driving particles of dust into the air in such quantities as to partially obscure the sun. Homes and offices were coated with a layer of fine dust.

Reports from the country indicate that the wind storm may prove costly to the farmers. Seeded fields are being blown bare and in many districts will have to be re-seeded.

New Heat Record

The temperature has hovered steadily above 75 degrees during the two days. There was a phenomenal rise Wednesday night when in the three-quarters of an hour period between 8:30 and 9:15 o'clock the mercury rose fourteen degrees to 92, the highest figure ever recorded at this time of the year. Yesterday's temperature readings started at 75, with a rise to 85 by mid-afternoon.

Phone Poles Down

Fifty telephone poles near Dugald, Man., weer levelled by the force of the gale.

Winnipeg was enveloped in a dense cloud of dust carried by the wind from parched fields. Streets leading into the country were covered with dust drifts blown from nearby grain fields. Rain is urgently needed to forestall further damage from soil drifting.

The temperature hovered around 80 in the shade.

POISON LIQUOR CAUSED DEATHS OF QUEBEC FOUR

Warrant Issued For Arrest of Man Who Had Illicit Still.

FOUND IN CELLAR.

Charge of Manslaughter Laid in Death of One of Victims.

QUEBEC, Que., May 7. — Canadian Press. — Philippe Rouleau was yesterday held criminally responsible for the death of Arthur Poliquin, one of the victims of the wood alcohol tragedy, which caused at least four deaths in Levis during the last three days, and a warrant was immediate-sworn out by Detective Roussin of the Provincial Police for his arrest on a charge of manslaughter.

Detective Roussin was the principal witness at the coroners' inquest yesterday morning when an investigation was conducted into the death of Pierre Gagnon, Francois Poliquin and Arthur Poliquin, three of the men who died as the result of an indulgence in liquor alleged to have contained methyletic spirits. He had testified to the finding of a still, a bottle of whiskey, a lot of mash and some empty receptacles which were believed to have contained liquor, in Rouleau's cellar.

A number of other witnesses, mostly relatives of the victims were also heard, but their evidence only showed that the men had complained of being ill and that medical aid had been summoned.

The reason for the coroner's jury finding Rouleau responsible for the death of Arthur Poliquin only and for the subsequent warrant for his arrest on that particular charge is that the evidence in that one case was more convincing than in the others.

Further action may be taken as soon as a report on the analysis of the internal organs of the other victims had been received from Montreal.

NO SUBSTANTIAL BUDGET CHANGE

Finance Minister Intimates There May Be Slight Modifications.

MEIGHEN'S QUERY.

OTTAWA, May 7. Canadian Press —"Representations are frequently made in committee and they are sometimes accepted," remarked Hon. J. A. Robb, Minister of Finance, yesterday afternoon in the House of Commons, in answer to a question concerning rumored changes in the budget.

Right Hon. Arthur Meighen returned to his attack upon the Minister at question time. He had repeatedly asked if Mr. Robb was not contemplating some changes in the budget proposals now before the House. At first he had denied any such intention, but said the leader of the opposition, "his last two replies were certainly not negative, whatever else they were. Reports are coming to me of a character which I cannot ignore to the effect that changes are being considered. I must ask the Minister of Finance to tell the House now what his budget proposals really will be and not let us continue a debate which is more or less fictitious."

Mr. Robb said that Mr. Meighen could depend that there would be no important changes.

Mr. Meighen: "I must insist that the minister state whether there will be any changes at all, important or otherwise."

Mr. Robb then reminded Mr. Meighen that slight modifications sometimes were made in the committees stage, but the budget proposals substantially would stand.

Mr. Meighen: "There will be no substantial changes?"

Mr. Robb nodded his head.

ROBERT SCOTT GUILTY.

CHICAGO, May 7.—(Canadian Press).—Robert Scott, returned here from a California penitentiary to stand trial for the murder of a drug clerk in a holdup two years ago, last night was found guilty by a jury in less than 25 minutes on a charge of robbing another pharmacy at about the same time.

SPECIAL SESSION ON CONTROL BILL

Colonel Currie Says House May Meet in July.

TORONTO, May 7.—(Canadian Press).—If there is no general election in Ontario before the end of June, the Legislature may be called about July 1 and legislation for Government control of the liquor traffic passed, Col. John A. Currie, member for Southeast Toronto, is quoted as predicting.

Choose the Laundress who uses
Sunlight Soap

SOME laundresses do your washing without regard to the damage they do to your clothes.

If it were only a matter of getting the washing done, you could get along without soap.

Just common sand, a little alkali and water would do the work.

But expert laundresses want to preserve the fabrics entrusted to their care. The expert laundress washes your clothes with Sunlight Soap, because she knows this pure soap will cleanse every thread safely. She knows Sunlight is faithful to fabrics, but ruinous to dirt.

And so, when your laundress uses Sunlight—be sure she has your best interests at heart.

Mrs. Experience says ~

"Clothes last much longer when washed with Sunlight, the $5,000 guaranteed soap."

Made by Lever Brothers Limited, Toronto

The largest selling laundry soap in the world.

PEACE PARLEYS FAIL AND RIFF WAR CONTINUES

Franco-Spanish Terms Rejected By Abd-el-Krim—Three Weeks' Rest.

NO COMPROMISE.

Allies Have More Than 100,000 Troops Facing the Tribesmen.

OUJDA, Morocco, May 6. Canadian Press. — The negotiations for the settlement of the war in Morocco have come to an end and the Spanish and French governments will again take up arms against the warring tribesmen.

Eighty thousand French troops are lined along the Ouergha River, facing the north, and 30,000 Spaniards stretching to the south from Melilla, nearly to Sidi Bourakda, and facing the west, are prepared to march forward within a few days for the purpose of convincing Abd-El-Krim, the Riffian chieftain and his 30,000 warriors, of whom 8,000 are regulars, that the terms of peace offered to him at Camp Berteaux on April 18, were right, and that he was wrong in refusing them after three weeks' negotiations.

Peace Takes Wing.

The spirit of peace which hovered above Oujda vanished on Thursday before the gathering war clouds as a mirage on the edges of this desert town fades away when night descends. Si Mohammed Azerkane, Cheddi and Haddou Ben Hannou, the three Riffian delegates have returned to Temansit, the present capital of the Riff, to carry the message of war to their chief.

Abd-El-Krim has proved untractable and to those who have followed the negotiations from the beginning, it seems as if the Riffians had conceded nothing. This was in a measure corroborated by Azerkane's statement to General Simon, the head of the French delegation: "We cannot alter our attitude," when the three delegates first met here and all broad cast their intense desire for peace.

"No Justice in World."

The peace conference had been summoned through the efforts of M. Steeg, the French resident general, who has been called "the pacificator of Morocco."

Last night General Simon refused to make any comment. Senor Olivan of Spain referred inquirers to Madrid, while Mohammed Azerkane said: "There is no justice in this world. I go back to resume command of my men."

CONFERENCE SERVICE.

To Be Held in Grant Hall, Kingston on May 31.

KINGSTON, May 7.—(Special3. —At a meeting of the city ministers of the United Church held Wednesday, it was decided to have the Programme Committee of the Bay of Quinte Conference arrange for a United church service, to be held in Grant Hall on Sunday evening, May 31.

Announcing 'SALADA' Orange Pekoe Blend

NOW you can try "SALADA" 'Orange Pekoe'. The unrivalled position that "SALADA" holds in the confidence of the public, assures the critical tea-drinker that "SALADA" 'Orange Pekoe' will be all and more than we claim for it. Our tea experts have produced it. Impartial judges say that it is unequalled in quality or flavour by any other tea anywhere in Canada.

"SALADA" 'Orange Pekoe' is grown high in the mountains, in certain special districts in Ceylon and India. The flavour is smooth, delicious, captivating—the blend is so perfectly balanced.

"SALADA" 'Orange Pekoe' sells for 43c. per ½ lb. You should try it. It is the most delicious and economical tea that can be used.

TRY THIS TEA—EVERY GROCER NOW HAS IT

GAUNT COMPANY'S BOOKS SHOW UNDER-PAYMENT OF $26,534 DUTY ON GERMAN GOODS VIA HOLLAND

Report To Customs Enquiry Committee Discloses Under-valaution of Toys.

NOT YET SETTLED.

Final Decision Withheld Until Conclusion of Present Proceedings.

OTTAWA, May 7 (Canadian Press).—The Customs Inquiry Committee was told Thursday afternoon that Hon. P. J. Cardin, then Acting Minister of Customs, wanted to make a settlement of unpaid duty with a member of the John W. Gaunt firm. R. P. Sparks, head of the Commercial Protective Association, who made this statement, said that he was opposed to a settlement and that he wanted the company prosecuted. The fact that a Col. Porteous had joined the firm and was innocent did not seem sufficient reason for withholding prosecution, Mr. Sparks said. The committee was also told that merchandise seized from the company by Customs officers was released to the company on the payment of $3,200. This merchandise was given a valuation of approximately $20,000 by the officer who made the seizure.

The report of the auditors which investigated books of the John W. Gaunt Company, Limited, was presented to the committee. It stated that, during the five years the company was in operation, there had apparently been under-payments of duty amounting to $23,155 and sales tax of $3,378, or a total of $26,534. The under-payment of duty resulted, according to the report, from the fact that goods were under-valued when declared to the Customs.

Goods Worth $306,294.

Major A. E. Nash, representing the firm which conducted the investigation, presented the report. It showed that during the five years, 1921 to 1925, inclusive, the actual value of goods imported by the Gaunt Company, with commission added, was $306,294. The amount of duty which would have been collected on this valuation Major Nash gave as $91,888. The value of these goods as entered for Customs purposes was given in the report as approximately $228,000, and the amount of duty actually paid as $68,000.

Major Nash told the committee that certain invoices were missing from the papers which he had obtained when the investigation into the affairs of the Gaunt Company was started. He made it clear that the figures which he gave were based upon information gained from the books and that their correctness depended upon the statements made in these books.

178 Cases Under-Valued.

Shortly before adjournment W. F. Wilson, chief of the Preventive Service, Customs Department, told the committee of a conference at Ottawa which it was decided to release the goods seized from the Gaunt Company on payment of an amount of approximately $3,200. The under-valuation on the one hundred and seventy-eight cases was confined to duty on the packing, G. P. Blair, chief executive assistant of the Department, told the committee. In view of this the Deputy Minister had

LEWIS DECLINES PULITZER PRIZE

Author of Arrowsmith Objects To Terms of Award.

NEW YORK, May 7.—Stating a belief that prizes for literary work are dangerous and tend to place craftsmen under "subservience," Sinclair Lewis has refused the Pulitzer prize of $1,000, which was awarded him this week for his novel, Arrowsmith.

In a letter addressed to the advisory board of the School of Journalism of Columbia University, which made the award, Lewis held that since authors might be led to strive for prizes rather than literary excellence, the administration of the Pulitzer prize might in time become a supreme court, "a college of cardinals, so rooted and so sacred that to challenge them would be to commit blasphemy."

Lewis, whose Main Street and Babbitt were widely read, objected to the terms of the Pulitzer award. The prize is given annually "for the American novel published during the year which shall best present the wholesome atmosphere of American life, and the standards of American manners and manhood."

This phrase, according to Lewis, dictates that appraisal shall be made on "whatever code of good form may chance to be popular at the moment."

Ralph Pulitzer, editor of The New York World and son of the late Joseph Pulitzer, who founded the prizes for arts and letters, which bear his name, made the following statement: "Without assuming to speak for the advisory board—I should say that Mr. Lewis has the right to refuse any prize awarded to him, whether he does so from principle or self-exploitation."

It has not been learned as yet whether the rejected prize will be allowed to lapse this year or would be awarded to some other author.

BY MAJORITY OF EIGHT, COMMONS REJECTED PETITION TO UNSEAT PROGRESSIVE FROM PEACE RIVER

Speaker Lemieux's Decision Sustained By Division of 115 To 107.

A PARTY SPLIT.

Claim of Conservative Candidate Already In Alberta Court's Hands.

OTTAWA, May 7 (Canadian Press). The House yesterday declined to receive the petition of J. A. Collins (Conservative), asking that he be entitled to sit as member for Peace River in the House of Commons. Decision came on a vote of 115 to 107, sustaining a ruling by Speaker Lemieux.

Speaker Lemieux based his ruling on the ground that Parliament had under the Controverted Elections Act, delegated its powers to the courts.

Hon. R. B. Bennett, who had presented the Collins petition, immediately appealed against the ruling. "I would appeal from your ruling," he said, "that future generations may realize the value of the petition."

In the division, the Speaker's decision was supported by all Liberals, Progressives and Independents present, with the exception of Mr. Bourassa. All Conservatives were against. Mr. Bourassa was paired with Alfred Speakman, Progressive of Red Deer, and did not vote. Had he voted, Mr. Bourassa announced, he would have voted against the ruling.

D. M. Kennedy, the sitting member for Peace River, whose right to retain his seat in the House, was challenged in the petition, did not participate in the division.

Lemieux's Statement.

Speaker Lemieux observed that this petition had been presented on behalf of Mr. Collins by Hon. R. B. Bennett (Conservative, Calgary West). The Prime Minister had raised the point of order that this petition could not be received for the reason that the question was already before the Supreme Court of Alberta, and that Parliament, under the Controverted Elections Act, had transferred to the courts exclusive jurisdiction over matters relating to the election of its members.

While the Coderre case in 1913 had been cited in the course of the debate on the point of order on Tuesday, the Speaker said that no petition had been presented in this matter. There were only two cases which had originated in the House by way of petition.

These were the Gaspe and Richelieu cases. In the former a petition was presented in 1874 in which the petitioner asked that he be declared the sitting member; but Speaker Anglin had ruled that the petition could not be received. In the Richelieu case, in 1881, Speaker

UNITED CHURCH COMMITTEE TO SECURE NEW PASTOR AND CHARGE FOR REV. MR. ELLIOTT

Action of Official Board Is Endorsed By Campbellford Congregation.

REPORTS PRESENTED.

Church Has Had Very Successful Year—Societies Report.

CAMPBELLFORD, May 7.—At a meeting last week of the Official Board of St. John's United Church, this board being composed of the elders and managers, it was decided to appoint a committee consisting of J. A. Irwin, Dr. H. B. Longmore and Rev. Wesley Elliott, to secure a new pastor for the congregation and another pastoral charge for Mr. Elliott, this arrangement to be submitted for ratification to the annual meeting of the congregation which was held on Thursday night. In laying this matter before the congregation, Mr. Elliott, who presided, laid special emphasis on the fact that this agreement had been arrived at with the mutual consent of the two parties interested. He added that as the officials had been carrying on under new regulations for the past year, mistakes may have been made, but these had not been made wilfully.

Arrangement Endorsed.

The arrangement made by the Official Board was unanimously endorsed by the congregation, on motion of George A. Kingston, one of the elders, and the committee that will make the pastoral charge was enlarged by the addition of W. H. Ashton, N. Thompson and P. B. Nelson.

The proposed change must be ratified by the Conference, which meets in Kingston on May 25.

Reports Presented.

The financial report of the secretary-treasurer, S. A. Maguire, covered a period of less than 10 months; from June 10, 1925, to March 31 of this year. During that time the receipts from envelopes and loose collections amounted to $8,264.70. The total revenue, including the allocation of $4,000 for the maintenance and extension fund, was $9,166.21, and the balance on hand at the beginning of the new financial year is $932.76.

This total revenue does not include the various amounts raised by the different church societies, every one of which reported a prosperous year.

The Ladies' Aid had a record year, the report of that organization, presented by Mrs. Williams and Mrs. Thomas Free, showing total receipts of $1,667.30, with a balance on hand of $1,381.06. This society is saving money to put running water into and make other improvements in the church building. Dr. Longmore, who, on behalf of one section of the United congregation, expressed appreciation of what had been accomplished by the ladies during the year, made special reference to the excellent work of the Ladies' Aid.

The reports of the various societies were submitted by the following officers of each:

Women's Missionary Society — Mrs. A. Haig, Mrs. C. W. Turner and Mrs. T. L. Diamond.

Mission Circle — Mrs. Janet Phillips.

Sunday School—Claude Duncalfe.

Girl Guides—Miss Grace Payne.

Young People's Society—Wilbert Kingston and Viva Dunk.

Report of Session—G. A. Kingston.

Report of Choir—Dr. H. O. Richardson.

Report of Pastor — Rev. Wesley Elliott.

Mission Circle—Anna Boyd.

There are now 280 scholars enrolled in the Sunday School with 16 teachers. The average attendance of teachers and scholars during the year was encouraging and it is hoped that a still better showing will be made in this regard during the coming year. There is a balance of $59.51 in the treasury.

According to the report of the session there are now 638 members. The amount allocated to the congregation by the Presbytery for the current year is $3560, and after the experience of last year no difficulty is anticipated in raising this amount.

The Pastor's Work

Mr. Elliott, who has been pastor of the church since July, 1923, reported that there are 365 families in the congregation, or about 900 persons altogether. During his pastorate he has made over 1500 calls and has delivered more than 525 public addresses.

A Popular Choir

Dr. H. O. Richardson gave an interesting sketch of the development of the choir since 1910 when the question of wearing gowns was first introduced. The choir now has over 30 members and is self sustaining, furnishing as it does all its own music and other supplies. A collection plate is passed around in the choir turce every Sunday and the evening contribution is turned over to the members who supplement this revenue by giving concerts and other entertainments. There is at present a balance of $22 on hand. Dr. Richardson said that donations from members of the congregation would be thankfully received by the choir and that such funds would be devoted to the purchase of new music.

The organ which was overhauled five years ago is again in need of repairs and the man who built it will be here Monday to see what it requires. Mr. Albert Hazell has been engaged as organist and prospects are bright for the future.

Mr. Elliott spoke of the help the choir by its excellent musical service every Sunday had been to him in his pulpit work. On motion of Dr. Longmore and S. J. Abernethy, a vote of thanks was tendered the choir and this compliment was gracefully acknowledged by Dr. Richardson.

Election Of Stewards.

At the meeting a year ago when the united congregation was organized, 12 stewards were elected, four for three and the same number for two and one year. Those whose terms of office expired this year were J. C. Birmingham, C. W. Palliser, John Scott and J. A. Frederick. Mr. Scott had sent in his resignation, but the other three were re-elected by ballot, W. S. Wiggins being chosen to succeed Mr. Scott. The scrutineers in the election were D. W. Douglas and G. A. Kingston.

J. A. Stewart and J. Nelson Stone were appointed auditors on motion of Dr. Longmore.

Musical Numbers.

An excellent musical programme was rendered at intervals during the business session. This included anthems by the choir, piano duet by Miss Cherrie Turner and Miss Stephens; solo, "The Holy City," by Mr. Albert Hazell, Miss Helen Wood playing the accompaniment; a duet by Mrs. H. O. Richardson and Dr. Lillian Young; a quartette by Mrs. D. W. Douglas, Miss Helen Wood, G. W. Lucy and Albert Hazell.

Anniversary June 20.

The anniversary service of the congregation will be held on Sunday, June 20, and Rev. F. W. Beattie, of the First United church, London, will be asked to preach the sermons. This is the date upon which the members of the I.O.D.E. are planning to hold the unveiling services in connection with the soldier memorial and at that ceremony it is hoped that the London clergyman will be the chief speaker, Rev. Mr. Beattie is the famous M Major Beattie, formerly Presbyterian pastor in Cobourg, who made such a reputation as a chaplain in the Great War, rising to the rank of Major.

CIVIL AIR BOARD SEPARATE BODY

To Advise Defence and Interior Departments About Civil Aviation.

MEMBERS NAMED.

OTTAWA, May 7 (Canadian Press).—The Government has appointed a new civil air board as distinct from the present military air board. The chairman of the new organization is Col. O. M. Biggar, and the military arm of the air board is represented by Wing Commander J. S. Scott. Other members of the new civil air board are A. M. Narraway, controller of the surveys department of the interior; E. H. Finlayson, director of the forestry branch, and J. A. Wilson, secretary of the military arm board. The function of the new board is to advise the minister of the interior and the minister of

29,000 CAT PELTS.

Tabbie Hides On New York Auction.

NEW YORK, May 6.—(Canadian Press).—Nearly twenty-nine thousand tabbie cat pelts were sold at the fur auction here yesterday at prices ranging to eighty-two cents for large black Dutch skins. Pelts with a bluish tinge sold to sixty-four cents. Mixed colors brought thirty-two cents.

Wildcat ranged to $7.75 for best northwesterns.

RACING INTEREST BOOMS.

LONDON, May 5. — Interest in horse racing in England has been increasing greatly. Statistics issued by the Racing Calendar show that during the last flat racing season 4,690 horses ran under Jockey Club rules, this being the greatest total on record. In 1827 only 1,166 horses ran during the season.

BUDGET GIVES WELCOME NEWS

Member Says Automobile Industry Past Need of Protection.

UNIQUE PROPOSAL.

OTTAWA, May 7 (Canadian Press).—Another day of debate on the Budget followed Speaker Lemieux's ruling on the Peace River petition. F. G. Sanderson, Liberal, of South Perth, thought the Budget the most welcome news it had been for several years. He spoke of the automobile industry as having passed the stage where it must be pap-fed by a very high tariff. In the evening, R. L. Baker, Conservative from Northeast Toronto, gave an unusual touch to the proceedings by suggesting, in French, the formation of a Lemieux Club in Ottawa for the exchange of English and French lessons. Mr. Baker described the Budget as designed for vote catching.

Thomas Donnelly, Liberal, Willow Bunch, moved the adjournment of the debate.

OBITUARY.

MARIE KEARNS.

The death occurred at the family residence, Lot 20, Concession 8, Emily, at noon on Thursday of Marie Kearns in her 16th year. Miss Kearns was the youngest daughter of William Kearns of Emily. She leaves to mourn her loss her sorrowing mother and father, one sister Irene, of the St. Vincent de Paul hospital, Brockville, three brothers, Leo and William at home and Edgar of Sarnia.

The funeral will take place on Saturday morning at 9.00 o'clock to St. Martin's church and cemetery, Ennismore.

MISS MARGARET NEWALL

A sad death occurred last night in Nicholls' Hospital, when Margaret Newall, daughter of Mr. and Mrs. John Newall of Asphodel, passed away. The deceased young lady had been employed in the city for only a few days when taken ill and her sudden death comes as a great shock to her many friends. She was born in South Dummer.

Besides her parents she is survived by five brothers, Walter, James, George and Gordon, at home, and William of Toronto, and two sisters, Mrs. David MacAdams of Otonabee, and Mrs. D. McIntosh of Port Perry.

The funeral will take place on Sunday afternoon at 2.00 o'clock from the family residence to Norwood cemetery.

Shampoo Powders Bad For the Hair

Most shampoo powders, and prepared shampoos, contain too much free alkali. This dries the scalp, makes the hair brittle and ruins it.

The best thing for steady use is Mulsified cocoanut oil shampoo (which is pure and greaseless, and is better than anything else you can use).

BETTY BALFOUR
Charming British Star
How she keeps her hair beautiful

Two or three teaspoonfuls of Mulsified will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy, and easy to manage.

You can get Mulsified cocoanut oil shampoo at any drug store—it is inexpensive, and a few ounces will supply every member of the family for months. Be sure your druggist gives you Mulsified. Beware of imitations—look for the name Watkins on the package.

FLAVOR SURE SIGN TOMATO FRESHNESS

Impossible To Overeat Piquant Fruit—Good For Health.

It is practically impossible to "over-eat" tomatoes. Of all vegetables, the tomato is most piquant and palatable. It is its own appetizer by virtue of its healthful acids. The distinctive flavor of tomatoes is the test and proof of their real "freshness.' That is, of course, because natural ripeness is essential to complete maturity.

When the tomato on the vine reaches the stage of natural ripeness, the health acids are at their best and the flavor is perfection. Almost immediately thereafter the flavor begins to deteriorate. If the tomato is picked while still green, it inevitably lacks full flavor, and is therefore not only less tasty but less healthful. The problem, then, is to get the tomato to the table in a state of full flavor.

That is being done in modern canning. The tomatoes are picked at the very hour of flavor perfection and, being canned immediately, this flavor is entirely retained. That is why well canned tomatoes are actually fresher than tomatoes marketed in the raw state. Tomatoes picked green and immature never reach full-flavored ripeness, as evidenced by their flat taste and pale, uneven color. It is fortunate, therefore, that really fresh canned tomatoes are available at a very moderate price at the very season of their greatest need as a promoter of good health.

Food authorities are about unanimous in recommending tomatoes as a healthful factor in the daily diet the year round. Many medical men perfer tomato juice as a nourishing stimulating drink to even the time-honored orange juice. J. Arthur Thompson, in "The Outline of Science," makes this declaration:

"Without vitamines no mere sufficiency in quantity, no mere number of calories, no mere increase in proteins, carbohydrates or fats, as such will be of any avail for the preservation of proper health.'

The Inviting Charm of the Painted Wall

Mrs. Wesley was absent from the Club's weekly four o'clock tea.

No doubt this permitted a freer discussion of the charm of her home.

Amongst her friends she was considered a genius in home-making.

Attractive, bright, cheerful, artistic, inviting, were terms applied to her different rooms during the conversation.

She did not lavish expense on them. Simplicity was apparently her motto. Warmth and harmony pervaded everywhere. There was an inviting charm about them always.

What was her secret, or was it just the natural expression of a home-loving genius?

"I believe you will find the reason for it all in the decoration of her walls," ventured Mrs. Flint, one of her neighbors.

"Her living-room walls were painted in two-tone effects to match her furnishings. On the other hand, she decorated her dining-room and furnished it in harmony with its coloring. Bedrooms were each painted with consideration to their exposure."

"You will note," continued Mrs. Flint, "that every one of her rooms has painted walls and ceiling, and I happen to know that she carried out her scheme in comparative ease with FLO - GLAZE VELVET FINISH.

"After seeing Mrs. Wesley's home I am a complete convert to painted walls and ceilings; in fact, over half my rooms are already painted and the rest soon will be with

Flo-glaze "The Finish that Endures" **Velvet Finishes**

Artistic -- Sanitary -- Economical

"Just as important as their charm," continued Mrs. Flint, "are their sanitary features. I've never fancied the extremely flat wall paints, because I found them more or less absorbent and not the easiest in the world to wash completely. The semi-gloss Velvet finish of Flo-glaze is more like enamel, and I find no difficulty in washing them thoroughly."

"Housecleaning no longer has any dreads for me in my painted rooms. A little attention to my painted walls now and then has made spring and fall housecleaning almost total strangers to me. Nor does re-decorating come with the same monotonous frequency that it used to. My fancy for a change of color is about all that upsets these rooms for re-decorating."

"I was never partial to a high gloss enamel for my kitchen or bathroom. FLO-GLAZE SEMI-GLOSS VELVET FINISH is not too glaring. It has just enough gloss to keep it easily cleaned. While these two rooms need repainting more frequently than the others, I find that FLO-GLAZE VELVET FINISH needs less than half the attention that ordinary paint requires."

Mrs. Wesley's and Mrs. Flint's discovery of the artistic charm of FLO-GLAZE VELVET FINISH, combined with their release from sanitary wall worries and their economical upkeep, is also being discovered by hundreds of other Canadian women every year. You can share in their discoveries as well by calling on your local FLO-GLAZE dealer and asking him for FLO-GLAZE VELVET FINISH.

TO HANG FOR MURDER.

Slayer of Nurse at Trail, B.C., Is Sentenced To Die.

NELSON, B.C., May 7 (Canadian Press).—Patrick Hanley, found guilty of the murder, at Trail, B.C., last year, of Nurse Mildred Neilson, was sentenced yesterday afternoon to be hanged on August 2 next.

JUST 7 DAYS

We announced that our Sale was nearing the end. Now we definitely set the date for the wind-up of what has proved to be an outstanding event, LE BRUN'S

SALE

It will run for exactly 7 days more, and ends positively on Saturday, May 15th. This last week is to be a whirlwind finish, with values completely eclipsed and prices shot to pieces.

One of the great attractions of the Sale up to now has been our line of Men's $25.00 to $30.00 Suits which we were selling at $14.75, $16.75 and $18.75. A very large number of these super-value Suits have been sold, but we now have

Just 75 Suits Left!

in this lot, and for the last seven days of our Expansion Sale, or while they last, we will sell these splendid Suits at the one ridiculously low price of only .....

$12.75

In the 75 there is still a very satisfactory selection, because there is not an off-suit in the lot. The man who gets the last Suit will get as sterling satisfaction as the one who had first choice. See a selection of these wonder values in our north window.

REMEMBER—There are only 75 of these Suits left and only 7 days at the Sale price; also, the early choice offers greatest variety and best range of sizes. They run from 34 to 42.

TORONTO CONSERVATIVE OPENS HIS BUDGET SPEECH IN FRENCH

R. L. Baker Suggests That More English Speaking Members Should Be Bilingual.

TEXTILES SUFFER.

OTTAWA, Ont., May 7 (Canadian Press)—Debate on the budget was resumed in the House Thursday by A. D. Chaplin (Conservative, Kent) who continued the speech which he began late Wednesday afternoon.

As a result of the Government's tariff policy, a large number of woollen mills had been closed in Canada, he said. Thousands of woollen mill employees had been thrown out of employment in their own country and had been forced to go to the United States for work. Concluding, Mr. Chaplin said that an adequate tariff was needed in Canada to protect such industries as the automobile, the sugar beet and the woollen businesses.

An Excellent Budget

F. G. Sanderson (Liberal, South Perth) said the budget had been the most welcome news Canada had had for several years. The people of his constituency believed the budget to be an excellent one for Ontario and for Canada as a whole despite what was being said by some Conservatives from Ontario. As an Ontario member he proposed to defend the budget.

Donald Sutherland, the Conservative member from the county adjoining Mr. Sanderson's, had said it was a Saskatchewan budget. Mr. Sanderson said that during the four months he had been in Parliament he had found no sectionalism among Liberals or Progressives. In order to get a United Canada there would have to be more compromise on the part of the Ontario and the Toronto Conservatives.

Mr. Sanderson reviewed the growth of the automobile industry in Canada since 1904. "It appears to me that this is an industry which has got past the stage where it must be pap-fed by a very high tariff," he said. These manufacturers, he further declared, were not altogether dependent on their home market, but had a substantial export market.

Speaks in French

R. L. Baker, (Conservative, North East Toronto) opened his speech in French by congratulating the Speaker of the House of Commons upon his election to his position this session. He trusted that the present speaker would continue in office even though governments changed. Mr. Baker remarked that nearly all of the French Canadian members understood English but not all the English speaking members understood French, which was unfortunate. He suggested that a club which might be called the Lemieux Club be established in Ottawa for the mutual exchange of English and French lessons.

Speaking in English, Mr. Baker said that his constituents had sent him to Ottawa to uphold a policy of protection for the whole of Canada and for all the industries of Canada. Referring to the budget, he said that government had much to thank Providence for. The Govenment had made poor men and then brought in a budget for the poor man. It was, in fact, a political budget designed for vote catching.

The action of the government in reducing the tariff on motor cars, before referring the whole question to the Tariff Board, had caused a lack of confidence and instability in all industries throughout the country.

Internal Treaty Needed

The Government had stated that prosperity existed in the Dominion. In the west, said Mr. Baker, "where Providence had done the work," there was prosperity; but in the east "where the government had done damage" through lack of a protective tariff policy, no prosperity existed.

Mr. Baker said he would have liked to see some measure of protection for the Canadian Woollen industry incorporation in the budget. He thought the government should exercise more foresight in making treaties with other countries. What Canada needed was an internal treaty, which would bind the different parts of the Dominion closer together. Canada must build up herself within herself, and the fiscal policy should be drafted so as to encourage the various provinces to do business with each other.

FIVE CENTURIES BY AUSTRALIANS

Invaders of England Reveal Their Wares in Essex.

LEYTON, Essex, England, May 7.—Canadian Press Cable.—Not until Thursday did the Australian touring cricketers have an opportunity to show their wares, and the brand of cricket they opened up before the eyes of the 7000 spectators that crowded the county grounds at Leyton here, was one of the most inspiring that has been seen for many a day. The Australians crossed the five centuries mark, and of their 532 runs gained at the expense of eight wickets, over half came from the willows of Woodfull and Macartney. The fieldsmen of Essex, to-day's opponents were kept on the move all day. The hard hitting antipodeans sent the ball to every angle, eluding the Essex players in a manner that was uncanny. Of the eight men out, only three were caught, and one of these was the redoubtable Macartney, who was dismissed when Ashton made a splendid catch to H Hipkin's bowling. Taylor's fate came when Hipkin cleverly caught his return, while Gregory, who had scored 120 (not out) against Leicester at the beginning of the week, fell into the hands of Nicholls, with Hipkin again delivering the ball. His score to-day was 7.

The weather was decidedly cold, but the wicket was in good shape and fast. This was all in the Australian's favor.

Collins and Woodfull opened for the visitors and Collins was quickly retired by Nicholls. Macartney then went into partnership with Woodfull, and together they staged one of the finest stands that has ever been seen here. It was not until they had batted the score to 270 runs that Macartney broke the partnership having registered 148. Macartney had batted for two hours and a half, his crisp cutting and wonderful wrist-work baffling the Essex men. In that time he secured ten boundaries.

Woodfull outlasted Macartney by another ninety minutes and had just crossed the two hundred mark when Hipkin got his stumps. Fourteen boundaries fell to Woodfull's superb driving.

Essex, facing the task of 532 runs, will take the bat to-day. The score:

Australians.	
Collins b Nicholls	0
Woodfull b Hipkin	201
Macartney c Ashton b Hipkin	148
Taylor c and b Hipkin	6
Ponsford lbw b Russell	23
Andrews b Ashton	5
Richardson b Hipkin	45
Hendry not out	71
Gregory c Nicholls b Hipkin	7
Ellis not out	17
Extras	9
Total (for 8 wickets)	532

UNEMPLOYED MEN CAUSE DISTURBANCE

Wreck Offices on Harbor Grace Officials When Refused Relief.

ST. JOHN'S Newfoundland, May 7 (Canadian Press).—One hundred unemployed men marched into Harbor Grace and Island Cove yesterday, and wrecked the offices of the town officials after demanding relief. Word of the disturbance reached here, and a large detachment of police was ordered to leave for Harbor Grace.

CONCILIATION EFFORTS ON BOTH SIDES LACK MEDIUM OF PAPERS

Labor Willing To Resume Negotiations, But Reluctant To Retire From Field, Blaming Government For the Final Break.

LITTLE PROSPECT OF PEACE LAST NIGHT.

LONDON, May 7 (Canadian Press).—If the term is permissible in connection with such a movement as a general strike, it may be said that the great struggle between the parliamentary government and trades unionism is being carried out up to the present in a constitutional manner. There has been much disorder in various places, but its sum, reckoned in comparison with the magnitude of the conflict, is small, as testified even in the communique issued by the Government last night.

What it may develop into later, should the struggle unfortunately be protracted, nobody dare predict. There still appears little prospect of a renewal of the peace negotiations. The difficulty of such renewal, on the surface, seems almost insuperable, owing to the feeling aroused on both sides that it would be impossible without great loss of prestige to make the first advance.

Feel Loss of Press

In this respect it would seem to an impartial observer that the almost total suppression of newspapers by the strike acts detrimentally not only to the government and capitalist cause, which it was intended to embarrass, but also to the strikers themselves. The disappearance of this forum of public discussion naturally keeps the general public in more or less ignorance of the exact state of affairs in the country and leaves the way open for all sorts of alarm rumors to spread.

Although the Government itself and the Labor side is each putting out its own paper, the difficulties of distribution as well as of publication are so great that the papers reach but a small portion of the populace.

The strikers believe that the suppression of the press acts in their favor because in a general way a large majority of the newspapers, and this applies especially to London, represent the capitalist cause. On the other hand, the voice of peace is equaly barred, and this to the disadvantage of the strikers.

Sympathy for Labor

During the final stage of the negotiations that failed, and up to the last moment before the actual break occurred, letters were appearing in the public press, some from great dignitaries of the church, appealing with considerable sympathy for the miners' cause and for just and impartial consideration of the whole question. Now such appeals can no longer be voiced and the cause of peace is thereby injured.

What is necessary before any negotiations can be renewed is to get the situation back to where it was before the final rupture came Monday night, when, hotfoot on the stoppage of The Daily Mail's printing presses, the Government launched its ultimatum demanding unconditional withdrawal of the notices for a general strike. The Council of the Trades Union Congress daily repeats that such withdrawal is impossible.

As things stand, it would appear that only some means of having the mine owners withdraw their lockout notices would serve to initiate new negotiations, because that would have the face of the Trades Union leaders and enable them to withdraw the general strike notices. A statement issued by the Council of the Unions Thursday says: "The Council is ready at any moment to resume negotiations, but give an unqualified 'No' to the Premier's request for unconditional withdrawal of the notices. The Government was responsible for breaking off the negotiations, and any further discussions can only be undertaken in a free and unfettered atmosphere."

Church Appeal

Efforts to bring about peace are still earnestly being made in many quarters. For example, the Baptist Union Assembly at Leeds has sent communications to the Archbishop of Canterbury and representatives of other churches as well as to Premier Baldwin and the Trades Union Congress, urging a strike settlement. But these lost much effectiveness by the lack of press publicity.

Something may come from the deliberations of the Parliamentary Labor Party, but this source is not hopeful, and it is hard to see from what quarters can arise any successful intervention.

The Government's exceptional powers will enable it to order suppression of public meetings and processions, and the debate in the House of Commons last night clearly left the Labor members with the idea that this course would be adopted.

J. Bromley, Laborite, and General Secretary of the Aossociated Societies of Locomotive Engineers and Firemen, said in the course of the debate in the House: "The industrial situation may become intensified by this time next week, when there will be an appalling situation."

PRESENT LAWS MAKE CRIMINALS

Miss MacPhail Tells Ottawa Social Workers About System.

COLLEGES OF CRIME.

OTTAWA, May 7.—(Canadian Press).—"Under the present system of treating prisoners in penitentiaries, as laid down by the act in force, we are turning out a new batch of budding criminals," said Miss Agnes MacPhail, M.P., in addressing the members of the Social Workers' Club of Ottawa here Wednesday.

"We cut a prisoner entirely, or almost entirely, away from his home. He cannot earn money to contribute to their support. Consequently in some homes such terrible poverty exists that young boys and girls are thrown on the streets. The inevitable next step in their degradation is the Juvenile Court, the detention home and the reformatory—all colleges in the university of crime, from which the members graduate into the penitentiaries."

PROLONG LIFE WITH INSULIN

Doctors Experiments on Dogs With Pancreas Removed Are Effective.

KEPT LIVING.

ATLANTIC CITY, N. J., May 7.—(Canadian Press).—Life can be indefinitely prolonged after the pancreas had been removed by injections of insulin and a diet containing raw pancreas, Dr. J. J. R. McLeod of Toronto, co-discoverer of insulin, told the Association of American Physicians here Wednesday afternoon. Dogs from whom the pancreas had been removed have been thus kept alive up to the present time, said Dr. McLeod, although other dogs from whom insulin was removed became diabetic and in some cases died. Other animals died on insulin alone.

Canada Has No Clothes of Equal Value at Equally Low Price

Regent Tailors' Intensive Organization Saves Canadian Men Thousands of Dollars Every Season

As in the manufacture of automobiles and every other commodity, big production lowers costs, so it is in the making of men's clothes.

Big production—buying in immense quantity from the mills for our chain of stores—designing, cutting and making in our own tailoring shops—selling through our own stores DIRECT TO YOU—means BIG SAVINGS TO OUR CUSOMERS, at least one-third from regular prices. THERE ARE NO MIDDLEMEN'S PROFITS!

SUIT OR TOPCOAT

Made to Your Measure

$24

Perfect Fit Guaranteed or Money Back

A Canadian Standard of Value

Remember, Regent Clothes are MADE TO YOUR ORDER. They fit you because they are made for you—and for you alone. You can have all the style you want—and all the extra pockets some men like. The woollens you choose from are the very newest in color and design. In short, you can dress well at small cost by wearing Regent Clothes. It's worth your while to call at our store to-morrow and see our extraordinary values for yourself.

The ORACLE

This day we fashion Destiny, our web of Fate we spin. —Whittier.

Fixed fate, free will, foreknowledge absolute. —Milton.

K. C.—One thing that is outstanding in your reading is an element in your disposition that inclines you toward the gloomy side of life. You are conservative in your ways and have a tendency toward reserve, retirement and shyness that would be better striven against. You are too inclined to live too much in the physical enjoyment of life, and like showy people and things. To cultivate your spiritual nature and the bright side of life should be your aim in these youthful days. You have much ability, both of head and hands, have a fine sense of color and very good taste, and can plan, as well as execute, very fine decorations. You are inclined to be capricious, which will be a barrier to a happy married life. You should cultivate your special talent, regardless of what anyone else may say, and do not do housework, if you do not like it. Marry a man born in January, September or October. May and July are your lucky months, Friday your lucky day. You were born on Monday. Your colors are steel and purple and brick shades.

G. M.—You have naturally an inclination toward the fine arts, especially singing, dancing and painting, and you are fond of pleasure and good times. Your destiny in life, if followed out, leads to a happy married life, that is, as happy as you make it yourself. You have the habit of nagging and scolding and also a very bad habit of putting things off, a small thing, possibly, in your opinion, but one that will have a very bad effect on your life in the main. You like to have praise and flattery given you, paying too much attention at times to those who please you in these ways. You are inclined also to be extravagant. Try to learn self-control and not to waste your energy on trifles. January and July are your good months, Tuesday your lucky day. Yes, you were born on Friday. Your color is black.

Mac.—You have a great deal of physical power and tenacity, with much creative force, and your destiny also points to success in matters connected with business, commerce and finance. You like all things pertaining to home and its comforts and have good taste and good judgment. You have the faculty, if you develop it, of making happy those about you, but you give way at times to a degree of sensitiveness that causes you much worry. You like to have your own way and often repeat, "Do as I say," when wishing to carry a point. You have wonderful memorizing powers and quite a lot of influence over others through your eyes. You should study how to concentrate and strive for self-reliance. Strive, also, for perfect independence of all outside influences. Your lucky months are April and August, and Saturday is your lucky day. You were born on Tuesday. Your colors are blue and cream.

Flaxy.—You have already had one reading. The number of people waiting patiently for replies precludes the duplication of readings to any one individual. In any event, I am not a fortune-teller. The amount of success to which you may attain in the future doubtless depends on the nature of the energy you put into the execution of your plans.

Walt.—You are generous and ambitious and usually full of hope and enthusiasm. Defeat does not cast you down. You are apt to be careless in money matters, and like to borrow books and other articles, but do not like criticism if you fail to return them promptly. You like the pleasures and attractions of social life, and have very keen intuitions in games of chance. You have a nature eminently peace-loving and rather milk. You should make an excellent husband but you must remember to try and conquer a tendency toward change and uncertainty, which will not mean happiness for you or others, if allowed to go unchecked. You will accomplish much in life if you follow out your own intuitions, resolve to conquer your quick temper and worry tendencies, strive for habits of order, even in small things, and go to work with a will. Do not think so much of the praise and appreciation of others, but learn to value your good opinion of yourself when that good opinion is merited.

August and December are your good months, Friday your good day. You were born on Sunday. The day you ask about is past. Your colors are orange and grey.

W. J.—You were born with a well-rounded disposition, adapted to most of the emergencies of daily life, and with virtue and integrity as its basis. You will find, as you go through the world, that you will do best by associating yourself carefully with others in any enterprise and in never trying to control the affairs of others. You have much ability, both of head and hands, but are inclined to live too much in the physical enjoyments of life, and will do better when you strive to develop the spiritual side of your nature. You are also inclined to be capricious, which will be a great barrier to a happy married life. Be careful of your diet, as you are apt to have stomach trouble. You would make a good contractor, builder, engineer, lawyer or executive of any sort. You were born on Thursday. Your colors are red and brown.

J. G. L.—You should be a natural leader and thinker, active, independent and persevering, with a good disposition. But you have a tendency in your nature to vacillation and change. You are not always sure of yourself and you should strive at all times to overcome this fickleness that causes you some mental concern at times. I do not mean fickleness in domestic relations at all. It is more a matter of slight indecision at times over the best course to pursue, and a desire for change. Although you have ideas of your own which you should always follow out, and do best when working for yourself, you should never try to stand alone entirely, but associate yourself with others in any business enterprise. You have tact and diplomacy, but are easily depressed by fault-finding and make yourself and others miserable often when you lose your temper. Look always on the bright side. To your type the "rainy day" seldom comes. Try to seek the company of congenial friends, and look away from self. Poise and balance will give you control over others. March and November are your good months, Tuesdays and Saturdays your good days. You were born on Tuesday. Your color is pink.

R. L.—You were born with a certain amount of conservatism in your nature, allied with poise and self-satisfaction. You are a natural home-builder, and make an excellent wife. You are very sincere and are a good character reader. You belong to what is termed the weakest and the strongest class in the world, endowed with great possibilities, but not always utilizing them to the utmost. You are inclined sometimes to forget that perfect honesty and truthfulness are necessary to the characters of great men and women. You will find most success in life by using that power you possess to make happy those about you. Do not be so sensitive to slights and do not worry. You have an admirable type of husband and I think make him a very good wife. Always remember that other people have a right to their own opinions and try to overcome a slight tendency toward indolence. Do not be timid or apprehensive of danger. Self-reliance will help you overcome every obstacle. Never break a promise or allow the habit of putting things off to gain a hold on you. Read good books. April and August are your good months, Saturday your good day. You were born on Thursday. Your colors are steel, purple and brick shades.

A. G.—You are the type of man who will inevitably be henpecked in marriage, that is, if you marry the wrong sort of woman, because you are extremely mild and gentle. You are kind and loving, without a great deal of initiative and efficiency, and your happiness in life will come from loving service to others. You like everything pertaining to home and its comforts, are fond of pleasure and happiness, and have the faculty of making happy those around you. You have a high sense of honor, and a sensitive nature that often causes you much unnecessary worry. Learn self-reliance and strive to concentrate on the task in hand. Cultivate perfect independence of all outside influences. You were born on Saturday. Your colors are gold, white and violet.

Ber.—Although you have a natural inclination to reserve and retirement, you have also a tendency to like entertainments and make friends quite readily. You have unusual understanding and sympathy for those in trouble and much will be expected of you as you go through the world. You are naturally kind and loving, but, being emotional are liable to extremes of rage and to be very sulky when offended. You should constantly seek the companionship of pleasant people and places. Try to overcome your sensitiveness by saying, 'Why should anyone wish to harm me?" and cultivate self-poise. Depend on your own opinions and do not be led away by homage and flattery. Marry a man born in November March or January February and September are you lucky months, Monday your best day. Yes, you were born on Sunday. Your colors are purple, steel and brick.

M. A.—You have few conflicting elements in your reading. Naturally, you are inclined to like matters connected with business and mental affairs, and circumstances of your life also lead to connections with financial matters, in which you are quite successful. You also show a strong liking for music. You are inclined to be capricious, and this will be a barrier to your happiness, especially in married life. Your highest success and happiness will come to you when your spiritual nature is developed to it's utmost. You are a loyal friend, but a bitter enemy. You have quite extraordinary ability, both of head and hands, but you are inclined to pay too much attention to showy people and things, instead of learning to look for real worth. You also lack a certain amount of self-assertiveness, but you are inclined to be selfish and to forget those who are not as lucky as you are. You do not like housework and should not do much of it. When you can, you like to domineer a little bit, and you are not always as sincere as you might be. Marry a man born in January, September or October. You were born on Sunday. Your colors are opal shades in gold and blue, also tan and buff. The day you ask about, a Wednesday, is one for avoiding arguments. Do not marry on this day.

F. A. H.—You have a strong, active, creative personality, inclined to domineer and to disregard the rights of others at times. You will have to work hard to attain success in life. It will come to you only by everlastingly plugging away at your job—whatever it may be, at least, as long as you remain unmarried, anyway. You will destroy many good chances in your life by jealousy, and impatience and quick temper will also mar many good things for you. With this destiny that points to labor, you must remember not to work too hard and injure your health. I am sorry to appear to be very critical, but you belong to that class of persons whose faults are outstanding. You are whimsical and fickle, and, while very keen at reading the thoughts and intentions of people about you, have also the unhappy faculty of becoming very much enraged over imaginary slights and you appear to value most that affection which eludes you. You are large and true, but a child of caprice, which will have a sad effect upon your destiny, unless you can curb it, while young. You have much time ahead of you to attempt the task of making yourself over. It would be worth while. Marry a man born in December. You were born on Wednesday. Your colors are the many variations of flame, from yellow to misty blue.

F. M. H.—You have a strong, active nature, inclined to be daring and logical, but to domineer and to disregard the rights of others. You will have rather a difficult time in attaining happiness unless you watch yourself carefully, as the only way in which you can attain it is in giving loving service to others, a service that will be hampered by your natural proclivities. You are of the type that does not hanker much to do good to others. You wish to be amused most of the time and delight in pleasure. Remember, he who dances must pay the fiddler. Nor are you over-careful of affection that is given you, preferring more that love which is hard to capture. You are inclined to be jealous and fickle and to have a quick temper. You are quite a clever mind-reader, and also have much musical and artistic ability. Marry a man born in December. Yes, you were born on Tuesday. Your colors are all the many variations of flame, from yellow to misty blue.

Sammy.—You are quite strong physically, with a good deal of tenacious, creative power. You will have to fight a tendency toward shyness and morbidity, and should try to mingle more with people than you may have the habit of doing at present. You are of the type that has great reserve power, and seldom utilizes all its innate gifts and splendid forces for good. You should make a good merchant, politician or superintendent of any big works. You are very careful in money and business matters, and a promise with you is sacred. You are magnetic and draw people to you by a natural law, but dislike any special demonstration of affection. You were born on Thursday. Your colors are cream and silver.

E. G. H.—You have a strong, highly-developed nature, with a good deal of love for your fellow men and ability to cope with the circumstances of daily life. Combined with this, however, and marring it to a certain extent, is an element of indecision and fickleness that will not make for happiness, unless you try, at this early period in your life, to overcome it. You will make a splendid wife for some man, but, as you are very emotional, you are apt to blunder in your choice of a mate, and then become unhappy in later life. Marry a man born in September, October or December, and do not be in haste to marry while very young, as your judgment will be better later on. You will have a long life, but must always guard against sudden, violent pains in the head, and also against stomach trouble. You were born on Monday. Your colors are red and brown.

N. H.—You have a liking for good cheer and pleasure, and the fine arts appeal especially to you. You have an aptitude too, for business, that, combined with the happy side of your nature, should make you quite a successful life, if you do not allow this commercial instinct to swamp your more feminine impulses. Remember, the world was made for men and women alike, but women should not usurp men's place in business life. They have a distinct place of their own. You have a fear of poverty, burglars and robbery and dislike being left alone at night. You are generous, noble and kind-hearted, but are very sensitive to slights and also inclined to be jealous of your friends and companions. You should always seek pleasant people and things, and realize that you can be happy, even if not always at the head of everything. You were born on Sunday. Your color is black. The day you ask about, a Sunday, is one for original thought and expression, and for taking advantage of every opportunity, however slight.

J. E. T.—You should have a strong highly-developed nature, one of virtue and integrity, if you live up to the promise of your birth. To gain success, you must always associate yourself carefully with others in any enterprise, and never try to stand alone. Do not attempt, either, to control the affairs of those about you. You will fail every time. You are a natural leader and thinker, and should be successful in any commercial enterprise. You would also make a good teacher. You will work better for yourself than when harnessed to others. A promise is absolutely sacred to you, but you do not always try to control your temper. Try to do this and to gain self-poise. Avoid scolders and fault-finders, who will depress you. Change of scenery and a certain amount of excitement are good for you. Always follow out your own original ideas. Take more care of your personal appearance and of the arrangement of your hair. Marry young, a man born in May, July, February or November. March and November are your good months, Tuesdays and Saturdays your lucky days. You were born on Sunday. The day you ask about is past. Your colors are red and brown.

A. M. H.—You have a pleasing nature. How is it that you have not married? You would have made an excellent wife and a good mother. Probably one of those emotional affairs of youth that people of your type are liable to? Well, you can do much good in the world in your present position. You have a kind, gentle nature, charming and affectionate, with much understanding and sympathy for those in trouble. Much is expected of you as you go through the world. You are kind-hearted, magnetic and generous, with a strong individuality and noble ideals, but an inclination to selfishness and to a quick, high temper. You make a fine home-keeper, and also are splendidly endowed for a position of trust in any kind of retail business. Be careful of what you eat and you will have a long and useful life. Always rely on your own opinions, regardless of what others may say. You were born on Wednesday. Your colors are gold and violet and white. The day you enquire about, a Thursday, is one for safely undertaking new enterprises and accepting new positions.

L. H.—It is not often that the peculiar coincidence occurs that is noticeable in your reading and that of another member of your family. You could take her reading and apply it entirely to yourself, if she will allow you to see it. The same natural tendency toward good cheer and pleasure appears, also the aptitude for pursuits connected with business and financial life. But here the resemblance ends. She has a much stronger nature than yours, because you have not yet developed all the possibilities of your own character, to their fullest extent. You have a high sense of honor and are very sensitive. You are very sincere and are fond of having your own way. You should guard against indolence and materialism, and never swerve from perfect honesty and truthfulness in every situation. Study how to concentrate and strive for self-reliance and perfect independence of outside influences. You were born on Sunday, another similar coincidence, and your color also is black.

DOURO COUNCIL

The members of the Municipal Council of the Township of Douro met at the Town Hall, Douro, on Thursday, April 29th, at the call of the Reeve. All members were present.

Moved by A. Carveth, seconded by J. J. Leahy, that policy number 102004, insuring the Township of Douro against all liability on township roads be renewed for one year from May 25.

Moved by J. Leahy, seconded by J. O'Shea, that the collector be ordered to collect the balance of taxes for 1925, as they are long overdue.

Moved by J. O'Shea, seconded by J. Leahy, that the treasurer be authorized to pay the following accounts:

Examiner Printing Co., auditor's report, $22.44; Municipal World, dog tags, pay lists, etc., $17.89; Thos. E. Whibbs services as sanitary inspector to $1926 $5; P. G. Town, postage and excise stamps to Dec. 31, 1925, $23.14; salasry as treasurer for 1925, $125.

Moved by J. A. Crowe, seconded by J. Leahy, that Council adjourn to meet on Monday, May 31st at 10 o'clock as a Court of Revision of the assessment rolls.

DOMINION LINOLEUM

Long-Wearing—Low in Price
Adds Beauty to Any Room

Dominion Linoleum is one floor in which beauty and utility are ideally combined. Delightful colourings and artistic designs are yours to choose from for living room, dining room, bedroom, hall or kitchen. And every floor that you cover with Dominion Linoleum means that much less housework. No heavy scrubbing. No hard sweeping. Light mopping keeps the firm, smooth, non-absorbent surface of Dominion Linoleum spotlessly clean and sanitary. Made in widths sufficient to cover any ordinary room from wall to wall, without seam or crack. It is low in price and wears for years and years.

Other Dominion Floors

Dominion Linoleum Rugs offer wonderful decorative scope. Extremely durable, they lie flat without fastening of any kind and will not tear, crack or curl at the edges. In popular sizes at popular prices. Dominion Inlaid Linoleum, made in Canada, lasts a lifetime because the colours go right through to the strong burlap back. Beautiful designs at moderate prices.

Made by the manufacturers of the famous Dominion Battleship Linoleum

Patterns 5214 and 5215 Illustrated. Available in two different colour schemes.

At Departmental, House Furnishing & General Stores

"THESE WOMEN"

By MALCOLM DUART

COPYRIGHT 1926

The Characters and Situations in this Story are entirely fictional.

BEGIN HERE TODAY

AUDREY MORTON, wildly in love with her guardian, HARRY MORTON, runs away from home because she is jealous of Morton's other women friends. She is found in a small village near Toronto, and returns home.

At the end of yesterday's installment, she has just telephoned to Nona, one of her rivals, to come to her apartment while Morton sleeps.

Morton, handsome, middle-aged, attractive to women and rich, has lived in Peterborough for 15 years, without the gossips there ever learning his past or what his business is. He also maintains an apartment in Toronto, and divides his time between the two.

NOW GO ON WITH THE STORY.

CHAPTER XX.

It was a wondering and very sleepy Nona who presently appeared at the Morton apartment.

Audrey met her at the door, and laying her finger on her lips, pledged her to silence until they were in Audrey's own little study, with the doors closed and locked.

"I haven't had any breakfast!" protested Nona.

Audrey gave a little cry of concern, and ran into the hall.

"Bring some breakfast up to my study," she told the butler, "as soon as you can, but don't make any noise. Mr. Morton is tired, and mustn't be awakened."

"What's more," Nona went on, when Audrey returned, "I didn't get to bed until about four o'clock."

Audrey sank back into a chair. "Oh, Nona! I'm so selfish! You've hardly had any sleep at all."

Nona went to a mirror that hung over Audrey's desk, and inspected her face. Producing a lip-stick, she remade the bright crimson bow on her lips. With a vigorous brush from a rouged cloth, she brightened her cheeks, and dusted a little powder over them.

Turning her face from side to side, she appraised the result and, apparently satisfied, sat down.

"I thought Harry—Mr. Morton—was sick or something," she said. She blinked sleepily. "What did you want, Miss Morton?"

"Call me Audrey," urged the girl.

"All right," said Nona. "The folks I meet hardly ever are 'Miss' or 'Mister.' We just call them by their front names, and they're comfortable. I'll feel better calling you Audrey."

Audrey brought her chair close to the other girl. "You know that letter I wrote you? The one that came special delivery? Did you show that to Mr. Morton?"

Nona started.

"Did he say I showed it to him?"

Audrey shook her head. "No, he didn't. He wouldn't tell a thing like that. But I just thought you'd show it to him!"

Nona stared at her, astonished, and then laughed. "Well, I DID show it to him, but I never supposed you WANTED me to!"

Audrey smiled with her. "You know," she said, "I went away on an impulse, and I didn't just know how to come back, and I wanted him to find me! So I wrote to you."

Nona moved her head from side to side, slowly, as if in deep wonderment. "Don't women do queer things?" she inquired.

"But I really did want to find out those things I asked you in the letter," Audrey went on. "I saw Mr. Morton at a cabaret the other night with some girls."

Nona started forward. "With some girls? Who were they? Where?"

There was deep concern in her voice.

"Why, at the Bon cabaret," Audrey said. "Shouldn't I have told you?"

Nona's face had lost its smile.

"Women—women! Always with women!" She sighed, heavily. "Do you know who they were?"

Audrey shook her head. "One girl had red hair, and very red cheeks," she ventured.

"Huh!" Nona ejaculated. "That doesn't mean anything! Henna and rouge!"

She patted the back of Audrey's hand. "I'm not jealous of you any more, Audrey," she said, "but I AM jealous of those other women. I wonder who they were?"

"I don't know at all," Audrey said, "but there is one of the very things I wanted to ask you about."

She took a stool, and drew it beside Nona's chair. Then she sat upon it, resting her arm on Nona's knee and looking up into the older girl's face. "Nona, what is it that you and those other girls say to him—how do you act—that makes him like you so much?"

"If I could answer that question," said Nona, slowly, "Harry and I would be starting for Europe together tomorrow! I love him, but he doesn't love me. I don't believe he loves any of those women. But they just fight over him!"

"But there must be some difference between you, Nona, and me!" Audrey said. "He says he loves me, but I must only regard him as if he were my father. And then he seeks the company of those girls, instead of mine. Nona, I want to know how to make myself more attractive to him. Can you tell me?"

Nona sighed. "I suppose women have been trying to learn that very thing since the world began," she said. "If we try to vamp a man, he doesn't vamp worth a cent. At least, if we really like him. If we don't care anything about him, it's not so hard. I don't know—it's queer!"

She brushed her handkerchief wearily across her eyes.

"Nona, you're so tired!" There was sympathy and self-criticism in Audrey's voice. Go and lie down in my bed, and sleep a while!"

Nona unexpectedly began to cry. "I won't do that," she said, trying to wipe her tears away, "but you're a sweet little kid!"

"Why, that's what Mr. Morton calls me!" said Audrey.

Noan took up her wraps, and started away. Audrey halted her. "Wait until I can send for the car," she said. "That poor driver hasn't had much sleep, either, but I want you to ride back to your apartment. You are terribly tired."

Ten minutes later Nona rolled away in the Morton car, the yawning driver sleepily at the wheel. Audrey watched them out the window until they were out of sight.

* * *

It was well after noon when Morton reappeared.

Freshly shaven, in immaculate linen, his crisp, graying hair brushed back, he came running down the steps like a boy.

Audrey was waiting for him in the drawing-room. When he saw her, he stopped, suddenly.

"What in the dickens have you been doing to your face?" he demanded.

Audrey looked at him demurely. Her lips were scarlet, and her cheeks were bright with rouge. Where her full, shapely eyebrows had been, now was only a thin line. Her brows had been plucked.

Morton looked more closely. There was mascara upon her eyelashes.

"What in the name of all that's holy is the big idea?" he wanted to know.

"I just wanted to look pretty," she told him, pursing her lips. "I called up Mr. Parrish, and he is going to take me out this afternoon."

Morton smiled grimly. "You'll give him the shock of his life," he said. "What did you gum up your face like that for?".

"Don't I look nice?"

"Of course you do," he said, "but you don't look as nice as you did before. You don't need any of that stuff on your lips, and cheeks. I wish you would take it off."

She shook her head determinedly. "There has been something wrong with me, and I'm trying to make it right," she said. "You wouldn't leave me to go out with other women if I were as attractive as they are. I have seen them, and I see how they look and dress, and I'm going to do just the way they do." She came closer to him, and looked up into his face. "I'd dress myself like a Fiji islander if I could make you stay with me!"

He sat down, troubled. "Hang it," he said, "that isn't the idea! Men don't like women with war paint on!"

"Then why do they go with women who paint that way?" she inquired. Because they're amusing, I suppose," he said, "but great heavens! You don't suppose that any man is fooled by cosmetics, do you?"

"I don't know what it is that makes those girls attractive," Audrey said, "but I'm going to keep on trying until I find out. And I'm going to do everything they do, and wear everything they wear, until I DO find out."

Morton gave up the discussion, and, calling for his coat and hat, went out the door. Audrey stood thinking a moment, and then followed him. She caught the next elevator, and as she reached the street, saw him walking rapidly toward the corner.

Without regard to Parrish, who was due at the apartment, she sped after her guardian, trying to catch up with him. He turned the corner, and stepped into a cigar store. When he came out, she was at the door.

"Daddy, forgive me!" she said. "But I didn't want you to go away. I'm afraid you misunderstood me. I don't want to be a tough woman! I just want you to like me."

He took her arm and turned with her toward home. "We'll go on back there, until young Parrish comes," he said. "Then you go out with him. Try your new scheme on him, and see if it works. If you're expert, and do the thing right, you may be able to find out a lot of things about men."

When they reached their building, Parrish was just entering the elevator. "Hello, Parrish," said Morton, "And goodbye."

He kissed Audrey and hurried out the door. Parrish watched him until he was out of sight. Then he turned to Audrey. Seriously he looked at her rouged cheeks and reddened lips and sighed.

"Shall we walk?" he asked.

Together they turned back to the street again.

"Do you know," said he, as they fell into step. "There has been something I have been wanting to say to you for a long time."

She looked up at him interestedly. "What was it?"

He pondered a moment and then continued. "Do you know, Miss Morton, that I have been wanting to speak to you about something, but I suppose it is none of my business? Something that I think you ought to think about?"

Her look was inquiring, but he had difficulty in going ahead.

"You see," he said, "it's like this. We saw Mr. Morton in that cabaret the other night. And we have seen him with that girl he calls Nona. Now here's what I wanted to say—you're his adopted daughter, and everything like that, but wouldn't it be better for you, as a young girl, if you lived some place else?"

Audrey whirled on him. "What do you mean?" she cried.

"I mean I think he isn't the right man to be your guardian and to live in the same house with you."

He stopped abruptly.

Audrey, stepping back a pace, slapped him in the mouth.

(To be conttinued.)

In the eastern countries, Armenia, Syria and Greece, lamb is the chief dish on Christmas Day.

Plantol Soap

This simple treatment

has made more lovely complexions than all other beauty treatments put together

Skin beauty and skin cleanliness go hand in hand. Yet there are so many women who do not seem to realize this. Or else many who are using harmful rather than helpful soaps. Thousands more could have real complexion beauty—if they but followed this simple treatment.

First bathe the face and hands in warm water—not hot—with a soap as pure and mild as Plantol—that lathers softly, richly—that penetrates and cleanses the pores, without irritating them. Then, with warm water alone, to rinse the lather off. Then cold water, cold as snow, to close the pores and give the skin that fine smooth coolness that holds a glow under its whiteness.

This simple beauty treatment will make you more lovely—and it costs hardly two cents a week!

A skin kept clean is always clear

Plantol

A mild, pure and exquisite toilet soap—made entirely of plant, fruit and flower oils.

What Size Coat Do You Wear

Is it a 16 or 18? Fortunate is the miss who wears a size 16 or 18 Coat, for on Saturday she can buy a handsome model garment at much below real value.

We might call this a "Little Sale of Little Coats," for it is a small clean-up lot of real handsome garments bought to be sold at a very low price for such high-class models.

There are just twenty-four of them, and twenty-four of as big Coat bargains as we have ever had on our racks.

10 Garments made to sell up to $42.50 Saturday for 27.50

14 Garments made to sell up to $32.50 Saturday for 21.75

THE STYLES AND MATERIALS

There are as many styles as there are Coats, for no two garments of this special lot are the same. They reflect the season's latest and most popular modes and are very charming indeed. Their cloths are exceptionally fine Poiret twills, tricotines and rich silky charmeens. The colorings are blues, rust, sand, greys and other fashionable shades of the season. Many of them handsomely trimmed and all are silk lined throughout. Remember, sizes 16 and 18 only, and on Saturday you can buy them at..... **$21.75 and $27.50**

FINE MUSICAL PROGRAMME GIVEN BY LOCAL AND VISITING ARTISTS AT A MEETING OF KIWANIS CLUB

Plunkett Brothers Sing Two Duets—Choir of School Children.

OTHER MUSICIANS.

C. C. Robinson Gives Short Talk About Music in Japan.

Music week was featured at the Kiwanis Club luncheon today by one of the finest musical programmes ever heard in the city. Miss Daisy Murray, soloist of George Street United Church, rendered two magnificent solos; C. Rusaw played some very acceptable violin numbers, while the renowned Captain M. and his brother, Al. Plunkett, of the Dumbells show, contributed two duets and finished off their performance by calling on the entire Kiwanis Club to demonstrate their efficiency as high class close harmony singers. Perhaps the feature of the whole programme was the wonderful exhibition of singing given by a combined choir of twenty-seven boys and girls from Central School under the leadership of O. M. Steer. The children sang three numbers in a manner that fully demonstrated their abilities in a vocal way. Captain Plunkett was so impressed with the singing of the children that he gave each of them a free pass to the Dumbells' show.

President Jack Craig, on behalf of the Kiwanis Club, presented the house built by the Kiwanis Club on the corner of Charlotte and Aylmer Streets to John Brownlee, the blind basket maker. It was the object of the club, said the speaker, to give service of this kind, and it is the hope of the members that Mr. Brownlee will be enabled to carry on prosperously in this house. The President thanked those who assisted the club in preparing the place—Canadian Aladdin Company, F. H. Rowan, G. H. Duncan, the Peterborough Lock Company, and the Imperial Oil Company.

John Brownlee, in responding, thanked the club for their many kindnesses to him.

Praises Singing

M. B. Chenhall thanked Mr. Steer and the children for their wonderful exhibition of singing. It was in choirs of children, he said, that the talent of the future was uncovered. There was a lot being done in the city for the Male Voice Choir and it was, in his opinion, high time for something to be done for the ladies.

Captain Plunkett stated that he had appreciated the work of the Choir and offered a special free pass to the Dumbells show for the Saturday matinee to every member of the Choir.

Mr. Steer, leader of the choir, said that he had appreciated it as a real hoinor for the choir and himself to be present. "We are here," he said, "to show our appreciation of what the Kiwanis Club has done for the boys and girls of the city."

Rev. C. C. Robinson, the speaker of the day, who was limited to three minutes, said that he had been living in Japan for the past five years, and had found that Japanese music is a most murderous thing, entirely different from any other sort. Telling of the pupils in the school where he was located, Mr. Robinson said that there were 850 pupils and practically every one of them was a poet. They write poetry and then they like to sing it. Mr. Robinson concluded his short speech by giving his hearers a vivid demonstration of the Japanese singing.

Kiwanian I. P. McNabb moved a vote of thanks to Miss Daisy Murray, C. Rusaw, Captain M. and Al Plunkett and C. C. Robinson and on behalf of the club presented a beautiful bouquet of flowers to Miss Murray.

The names of the children comprising the choir which sang at today's entertainment are: Elmer Tretheway, Bob Coleman, Ralph Strong, Alfred Pooley, Hugh McCullough, Donald Howson, Adeline Wigg, Hazel Gray, Ruth Doxsee, Margaret Emmerson, Helen Friendship, Florence Deyell, Beryl Fowler, Sadie Miles, Sybil Jackson, Helen Fisk, Mary Bulmer, Phyllis Coleman, Dorothy Marshall, Gladys Sage, Maisie Cowan, Dorothy Pitchford, Ruth Sutton, Dorothy Routly, Dorothy Patterson, Mary Evans and Rhoda Cullen.

The visitors attending the luncheon were: H. Stanley Bond, Toronto, guest of J. P. Bond; William M. Maclion, Toronto, guest of F. Neal; Captain M. and Al. Plunkett, C. Rusaw, Miss Daisy Murray, guest of W. George Henderson, and the Rev. J. E. Todd.

OMINOUS CLOUD MARKS CRISIS IN BRITISH GENERAL STRIKE

(Continued from page ...e.)

Appeal to Canada.

LONDON, May 7 (Canadian Press).—Walter Citrien, on behalf of the General Council of the Trades Union Congress, which is directing the general strike, last night cabled an appeal for financial support to the American Federation of Labor and other United States and Canadian labor groups which sent messages of support.

"Thanks for your cable of encouragement. The movement is absolutely solid; the greatest demonstration of working class solidarity in history. Thanks for your offer of assistance. Prompt financial assistance is most practical."

Industry Is Suffering But Services Continue

LONDON, May 7. — (Canadian Press.)— The British Gazette, the Government's newspaper, contains in to-day's issue an official government communique declaring that trade and industry throughout the entire country is suffering grievious injury through the general strike.

Equally throughout the country vital services, food, milk, light and power, are being successfully maintained by the government and every obstacle is being progressively surmounted, "although" it adds, "strenuous and possibly prolonged efforts will be required from all loyal citzens."

"There is no doubt whatever of the result," the communique continues. "No serious disorders have occurred, abundant food transport is available, but picketing is interfering with distribution. Special police are being increased steadily and protection on a growing and wider scale will be afforded daily."

Defends Government.

In to-day's Gazette also appears an article signed "A Cabinet Minister," really Winston Churchill. It undertakes to answer the phrase of J. H. Thomas, in the House of Commons on Wednesday.

"At 11 o'clock on Sunday night," said Thomas, "we had not only the formula but the Premier's own words in writing. The Trades Union Congress not only accepted it, but said they would take responsibility for telling the miners that they had accepted it as being the common basis of settlement.

A summary of "Cabinet Minister's" article follows:

Thomas' object is to try to persuade the public that only the government's anger at stoppage of the Daily Mail caused the general strike. This is untrue.

Easy To Put Off—But.

It was always easy to put off a general strike on paying two or three million pounds further subsidy monthly. But what was the use? We were quite prepared to buy a short truce if reasonably assured of the likelihood of a real settlement afterward. Otherwise we were not.

But what was the formula? It was just what was published on Wednesday night.

"We will urge the miners to authorize us to enter a discussion with the understanding that they and we accept the Royal Commission's report as the basis of settlement and we approach it with the knowledge that it may involve some reduction in wages." The government failed to get a definite understanding.

COMMONS STAFF QUITS.

LONDON, May 7. — (Canadian Press.)—The Speaker of the House of Commons to-day announced that the House staff had joined the strikers. He added that if it became necessary he would conduct the proceeds without any printing or electric lights.

GENERAL IMPROVEMENT.

LONDON, May 7. — (Canadian Press.)—A general improvement in rail service and of all essential services was reported to-day throughout most of Great Britain. Few serious disturbances occurred. The situation in South Wales is unchanged. Food ships were unloaded at Bristol under police protection and three boat loads of potatoes were unloaded at Cardiff. A full bus service was expected to-day in Southampton and most of the printers are working.

Motor works employees and plumbers at Southport and Lancashire went on strike this morning. The Government, however, reports encouraging overtures from workers who want to return to their jobs.

Workers Trickle Back.

LONDON, May 7. — (Canadian Press.) —The Government at midday issued a statement declaring that conditions throughout the country were improving with workers trickling back to their jobs or making overtures for protection in case they do return. The statement declared no overtures had been made to the Trades Union Congress for a peace movement. Yesterday in the London area 25,000 volunteers were enrolled, making a total of 75,000.

Government May Indemnify Men Who Remain At Work

LONDON, May 7.— (Canadian Press.)—With reference to the assurance given by Premier Baldwin in the House of Commons that no Trades Unionist who remains at work during the strike shall be allowed to suffer through having set public service before Trades Union orders, the Canadian Press learns on good authority that the Cabinet is considering the passing of a short bill guaranteeing any trade unionist who remains at work against forfeiture of any benefit accruing to him from the funds of his union.

Calm in Commons

LONDON, May 7 (Canadian Press).—The House of Commons yesterday passed emergency regulations, making them effective for a month, after a surprisingly calm debate. The usual angry exchanges between Conservatives and Labor extremists did not take place, although David Kirkwood, Clyde firebrand, declared:

"I know where you'll have me in two weeks—in jail."

Public Has Same Stoicism As On First Day Of Strike

LONDON, May 7 (Canadian Press).—The British public entered upon the fourth day of the general strike with the same outward appearance of stoicism as on the previous day. The people had in prospect better transportation facilities to-day and they also were heartened by the fact that there would be more newspapers published. Otherwise, the outlook did not seem in any way improved.

If, as this morning seemed likely, the strike continues, the acuteness of the situation is expected to increase and irresponsible sections of the public, which always adhere to strike movements, will become more troublesome as the days pass.

Evidence of the presence of rough elements among the strikers already has been abundantly provided by numerous disturbances in some parts of the country. The worst trouble yet reported has occurred at Glasgow, which is generally credited as having a notoriously Radical population, especially in the adjoining shinbuilding and mining districts. There was fierce rioting in the east side of the city on Thursday, when the police broke many heads, and themselves suffered a bombardment of stones and other missiles.

Traffic Better.

Traffic movements generally showed an improvement yesterday, and to-day there was promise of even better accommodations. Cross-Channel communication between Dublin and Holyhead is to be restored by one steamer, and if the present plans are carried out the depleted service between Belfast and Great Britain is to be increased.

The attitude of the seamen toward the strike has not yet been declared, the vote of the Seamen's Union not having been concluded.

Dissatisfaction in the section of the printing trade over being called upon to strike without the customary fortnight's notice is being mentioned conspicuously in the anti-strike newspapers.

The British Gazette calls attention to the fact that the British workers' bulletin is being produced by union printers, and argues that this shows the strike is against the newspapers whose political views the strikers disapprove, and not for industrial purposes.

"Specials" Are Busy.

London's special constables are taking a share in police duty. It is claimed that eight thousand of those who served during the war have enrolled and that there have been 3,000 new enlistments. These men are not employed where trouble is likely, but do patrol work in quiet districts.

Caterers Quit.

Trade unionists employed in one of London's biggest catering firms quit work last night. This firm, whose white and gold front restaurants are familiar all over London, will now have to distribute supplies to its numerous branches by volunteers.

The Miners' Executive Committee met in the House of Commons' Committee rooms last night and arranged for a big series of propaganda meetings throughout the country during the week-end. About forty members of Parliament will address the meetings.

In Limehouse, Camden Town and the dock sections of the London area, where families are living close to the verge of starvation at all times, the picture is quite unlike that in more prosperous sections. The Communists' element is strong among dock workers, and all motor vehicles are giving sections where they live a wide berth. Shops are closing in these districts and armored cars are patrolling to prevent crowds of Communists from marching into the more orderly sections of London.

More Jitneys.

LONDON, May 7. Canadian Press. —Government officials estimate there are ten times more jitneys operating to-day than on Tuesday.

Shipping Nearly Normal.

LIVERPOOL, May 7. Canadian Press.—Shipping conditions here are little removed from normal. Volunteers are unloading and reloading vessels promptly.

More Buses in Glasgow.

GLASGOW, May 7. — Canadian Press. — The Lanarkshire tram and bus service has been suspended, but in Glasgow buses and cars were more numerous to-day.

CHURCHILL TURNS EDITOR.

LONDON, May 7.— (Canadian Press.)—The strike has turned Winston Churchill, Chancellor of the Exchequer, back to journalism, the first love of his remarkable career.. He is understood to be editor in chief of the British Gazette, the paper which the government is issuing during the strike. Mr. Churchill's unquenchable love of adventure has plunged him into the vortex of the great industrial upheaval.

BRITISHER DEFENDS HECKLERS.

NEW YORK, May 7.— (United Press.)—Sir Harry Gloster Armstrong, British Consul General, was heckled last night by British seamen during the third annual Great Britain-France-American night at the New York Port Society, and defended the men against policemen who would have ejected them.

Sir Harry's reference to the British strike caused the demonstration.

"There has been no ballot taken by the laboring men—" said Sir Harry when he was interrupted by a seaman who shouted "Yes there was."

A score of questions were hurled at the speaker. When patrolmen with drawn clubs rushed at the offenders Sir Harry stopped them. "Don't put them out, officers. It is a friendly meeting," he said.

BOY SCOUT NEWS

Don't forget the organization meeting tonight at 7.30 in St. Andrew's Church Hall. All boys are invited to join the scout games and sign up in the new troop.

AROUND THE CITY.

The Male Voice Choir is going to Cobourg tonight to put on a concert.

Motor boat owners are warned that the river is very dangerous at the Peterborough Lock, due to the high water having broken the boom.

Mrs. Johnston, 304 Smith street, was painfuly hurt this morning when she fainted and fell, striking her head on the sidewalk. The accident occurred on George street, near Minicolo's fruit store. Bellehem's ambulance was called and the injured woman was rushed to St. Joseph's Hospital.

BIRTH.

WINDSOR.—At Nicholls Hospital, Peterboro, May 6, 1926, to Mr. and Mrs. Stanley Windsor, of Apsley, Ont., a daughter.

MAGNESIA BEST FOR GASSY STOMACH

Bisurated Magnesia Promptly Ends Gas, Sourness and Acid Indigestion

If everything you eat turns to gas and your stomach is a constant ferment of sourness and Acid Indigestion, try taking a little pure Bisurated Magnesia after meals for a while and get the immediate relief from stomach trouble this simple prescription unfailingly gives.

It is a serious mistake to seek relief from Indigestion or a bad stomach by using pepsin or other artificial digestants. You get relief but weaken the stomach and do not reach the cause which, nine times in ten, is simply "too much acid" in the stomach. Bisurated Magnesia, taken after meals, dissolves or neutralizes this acid, sweetens and cleans up the stomach, drives out gas and bloat and lets the stomach digest your food as nature intended without a particle of trouble.

Reliable druggists everywhere supply the genuine Bisurated Magnesia in both powder and tablets in sealed packages. Do not confuse with ordinary citrate, milk or lump magnesia. Be sure to get Bisurated which is not a laxative and is especially prepared for stomach trouble.

WILL FIX JOG ON BOUNDARY

Hastings and Peterborough Counties To Repair Jog in Road.

SPLITTING WORK.

The Good Roads Commissions of Peterborough and Hastings Counties, together with the engineers and the superintendents of these counties met on the Hastings boundary yesterday and decided that a jog which is about an eighth of a mile in length should have wide curves built at the corners, and that each county should construct the road to the centre of the jog.

OBITUARY.

MRS. T. L. COLTON.

The death occurred on Thursday noon, May 6th. at London, Ont, of Antionette Colton, relict of the late Thomas Lorne Colton, and second daughter of Mrs. Emma Fontaine.

She leaves to mourn her loss, her mother, four brothers, Frank of Hamilton, Leo, Alphonse and Joseph, of Peterborough, and two sisters, Clara and Alma of this city.

The remains arrived on the 11.15 train on Friday.

The funeral will take place from the family residence, 456 Aylmer St. on Saturday morning at 9 o'clock, to St. Peter's Cathedral and thence to St. Peter's cemetery.

IN POLICE COURT

A local man appeared in Court charged with refusing to obey an order from the Fire Marshal that he put his premises in a fire proof condition. The accused stated that he had no money, but he believed he could raise enough to have the place shingled according to the order. He was informed by the Crown Attorney that it was in his own interests as well as those of the citizens in general to make his buildings fire proof as far as possible and was given until May 20 to make the necessary additions.

Arthur King, who was charged with selling drugs, and whose case was heard yesterday, will have to wait until next Tuesday to hear his fate.

Yesterday the Magistrate was unable to give his decision due to the fact that W. F. Huycke, lawyer for the accused, maintained that there was an amendment contained in the 1925 copy of the Statutes of Canada that was not in the copy which the Magistrate had.

On the case being re-opened this morning it was discovered that a single letter being misused had caused the trouble. The charge was brought under section "f" which covers the selling or giving away of drugs, while section "d" calls for "having in his possession."

His Worship stated that he would permit an amendment to section "d" as in his opinion it would not prejudice the accused in any way. His Worship maintained that selling or giving away drugs also constituted having them in his possession.

He offered Mr. Huycke a further adjournment until Tuesday next in order that he might fully consider the matter, which Mr. Huycke accepted.

As a result of a raid on 467 Chamberlain Street by License Inspector Joseph Stewart, W. H. Buller, and Walter Miller of the local Customs and Excise staff, Mrs. C. Henry appeared in Court this morning on a charge of unlawfully having a still. When the officers entered the premises they found, they say, a still in operation on the stove, two barrels of mash, and a quart bottle of the finished product. Mrs. Henry was told to telephone her husband if he did not come immediately that she would be arrested. The man failed to turn up, so his wife was taken into custody. John Edgar asked that the woman be let out on bail on account of the fact that she had nine children, the youngest of whom is about one year old, while the eldest is only fourteen. His Worship remanded the case until Tuesday, and consented to the accused being let out on $100 bail.

MALE VOICE CHOIR BROADCASTING

Have You Sent In Your Subscription To Fund?

In order to clear the cost of broadcasting the Male Voice Choir Concert on Wednesday, May 19th, some more subscriptions are necessary, and it would be greatly appreciated if those who intend assisting would send in their subscriptions or 'phone the Examiner Office at once or any member of the Choir. The broadcasting of this concert should be a fine advertisement for the city.

COMMUNISTS ASK AID OF SOCIALISTS

In Attempt To Overcome Antagonism of A.F.L.—Support For Strike.

NEW YORK, May 7 (Canadian Press).—The Communists here yesterday proposed an alliance with the local Socialists in an attempt to overcome the antagonism of the American Federation of Labor and to attempt to rally organized Labor to the support of the British strikers.

SOCIETY

Mr. H. B. Boorman, has returned to Fort William after a pleasant time spent with his parents at 243 McDonnell street.

• • •

In the 1926 annual examinations results of Toronto University, the name of G. R. Lord appears in the honor list first year mechanical engineering. Ross is a son of Mr. and Mrs. E. E. Lord, 192 Dalhousie street.

HER OWN WAY
by A GIRL of TODAY

COMING BACK TO EARTH.

I smiled to myself as I settled down on a secluded bench behind a trellis over which was trained a morning glory vine. The flowers had all gone to sleep, but the green leaves made a perfect screen for me. I fished out a piece of note paper from my bag and discovered a pencil and began to write, using the back of the beautiful mirror, to write on.

I was very busy trying to write my mother the kind of a letter she would want to read without telling her anything of my adventures since I had arrived in Chicago, and I did not notice that the shadows were lengthening until I felt tight fingers about my throat.

"Don't cry out or I'll choke you," a hoarse voice whispered in my ear.

I could not have spoken if I had wanted to. I couldn't even turn my head.

"Look here," continued the voice. "Hand over that bag. A girl like you has no business with a thing of that kind. It will do me some good, and put me in right with my bootlegger.

"Hand it over."

Although I was choking I managed to move the bag along the bench. There was a little extra pressing on my throat. My breath was choked off, and I knew no more.

When I cam to myself, it was dark. The man had also taken my wrist watch, and I had no way of telling what time it was. I knew it must be rather late for I could see that the park was shut for the night. At first I didn't know what had happened, and then as memory came back to me, I was horror-struck with fear. Stumblingly I got up to my feet, and made my way to the park entrance. I was just going out into the lighted street with a sigh of relief when a hand clamped down on my shoulder.

"Where have you come from?" asked a policeman.

"In there," I answered, stupidly.

"Look here, young woman. Don't you know the park is closed after nine at night? What have you been doing in there?"

"Being choked nearly to death."

"What is that? What is that? Be yourself. Let me tell you that I am the law, and the law, miss, does not stand for any ill-timed joking. I have a good mind to run you in."

"Do it," I exclaimed, for now all my wrongs came over me. "I wanted to lodge a complaint that I had been robbed and strangled until I became unconscious."

(Copyright, 1926, NEA Service, Inc.)

TOMORROW: A Mistake of the Law.

LUMBER MILL BURNED.

Property of Temagami Company at Goward Destroyed By Fire.

NORTH BAY, May 7 (Canadian Press).—Word was received here to-day that the Temagami Lumber Company's mills at Goward were destroyed by fire on Wednesday evening. The loss is estimated at $125,000, which is partly covered by insurance.

Few Women

Still use old hygienic methods. Charming freshness now . . . . every day

TO meet every day unhandicapped, to bring back the days women used to lose is the object of a new hygiene for women. A way that ends the hazards of the old-time "sanitary pad."

8 in 10 better class women today employ "KOTEX."

Wear lightest gowns and frocks without a second thought, any day, anywhere.

5 times as absorbent as ordinary cotton pads!

Deodorizes. End ALL fear of offending.

Discards as easily as a piece of tissue. No laundry.

You get it at any drug or department store simply by saying, "KOTEX." No embarrassment.

In fairness to yourself, try this new way. Costs only a few cents. Twelve in a package.

KOTEX

No laundry—discard like tissue

Kotex Regular 75c; Kotex Super $1.20

Evening Examiner "IDEAL Fashions" by Jean Delle Hamilton

The Vogue of The Cape

The cape has definitely established itself in the realm of fashion, and we present here a smart and practical version of this new mode. It is made of crepella, so much used by Chanel, and features fitted shoulders. The uneven hemline is especially desirable, although the lower edge may be left perfectly straight. The side sections create a panel effect, and openings are left for the arms in the seams where the side sections join the fronts. The convertible collar makes the cape both comfortable and becoming. No. 1350 is in sizes 36, 40 and 44 inches bust. Size 36 is suitable for 34 and 36 bust; size 40 for 38 and 40 bust; and size 44 for 42 and 44 bust. Size 36 requires 3 yards 54-inch material without nap; lining 3½ yards 36-inch. Price 20 cents.

The secret of distinctive dress lies in good taste rather than a lavish expenditure of money. Every woman should want to make her own clothes, and the home dressmaker will find the designs illustrated in our new Fashion Book to be practical and simple, yet maintaining the spirit of the mode of the moment. Price of the book 10 cents the copy.

CONSERVATIVE WIN.

Braithwaite Elected in Buckrose By-election.

LONDON, May 7.— (Canadian Press.)—The Conservatives retained the parliamentary seat for the Buckrose division of Yorkshire in the by-election occasioned by the resignation of Vice-Admiral Sir Guy Gaunt. Major A. N. Braithwaite was elected, receiving 12,089 votes, to 10,537 for Sir Harry Verney, Liberal, and 2,191 for H. C. Laycock, Labor.

FLAPPER FANNY Says

The bullfighter who meditates is tossed.

SAVE YOUR TEETH

Prepared by the Oral Hygiene Committee of Canada, with which the Peterborough Dental Society is Collaborating.

THERMAL CHANGES.

You are fond of ice cream during the hot weather, and of iced drinks. But you noticed that upon your last visit to the soda fountain, a certain tooth pained momentarily as you were enjoying your favorite dish.

Or, some toothsome sweet made it 'sting:' and also, you found it more comfortable to take your tea not quite so hot. But, of course, it isn't bad enough to make a fuss over: a little care exercised and it will be alright again.

So you think!

Now what is happening?

You have suspected, and rightly so, a small cavity.

While Nature saw fit to place nerve and blood tissues within the tooth, yet she protected them with the very hard outer covering, the enamel which was meant to remain intact throughout the life time.

But through no fault of Nature, disease has crept in and her plans have been thwarted. Yet she is not baffled, for she has placed just within the enamel covering, tiny tissue filaments which communicate with nerve endings in the pulp chamber. These respond to thermal changes, sweets and acids, and instantly there is telegraphed to headquarters in the brain, the warning that something is wrong—just as when you put your finger on a red hot stove.

So forewarned, there is yet ample time to prevent more serious trouble if you would but do your part and act promptly by having repairs made.

But do you?

The Woman's Day

Written by a Woman for Women.

Touching brightly on woman's every major interest in life from books and babies to politics and psycho analysis.

(By Allene Sumner)

BYE-BYE VACHELOR!

"Marry or move!" is the unalterable ultimatum which a London landlord has given some 300 of his bachelor tenants. When the evicted bachelors "got out," their flats were promptly rented to 300 married men with families. The landlord explained that his action was to promote holy matrimony in which he was a firm believer. If he thinks that happy marriages will result from the necessity of prancing to the altar if one would have a roof over him, he has another think coming! I opine that 300 bachelors who have no yen to marry are doing more for their nation than 300 bachelors who marry solely because they have an axe to grind!

LICKING THE PAY ENVELOPE!

Once upon a time a naked savage down in the South Sea isles came upon an oyster bed all full of little round white stones. He had a great time playing ball with the other frizzy-heads until one day a trader gave him a slab of bacon for one of the "little stones" and said something about "pearls." Then the frizzy-head knew he had a good find and hid his stones in a cave, bringing out a few for bacon and beans when the trading ship came around. The frizzy-head had solved his problem of economic independence for the rest of his days. Not all of us can find such treasure trove. But a copy of the new book called "Financial Independence! How to Win It!" by Harvey A. Blodgett will mean thousands!

SO YOU'RE GOING TO EUROPE!

If so, begin "cramming" right away! Ask your librarian, book store, or traveling library for the Baedekers, of course, Hungerford's "Planning a Trip Abroad;" Osborne's "Finding the Worth While in Europe;" Clara Laughlin's "So You're Going to Italy!" "So You're Going to Paris!" "So You're Going to London!"

TROUSERED NEGLIGEES

Trousered negligees made a bit more fluttery feminine by the use of floating wispy sleeves are Fashion's latest. I saw a lovely one of salmon chiffon and silver lace. The underslip with the trousered skirt snugly at the coat and flowing sleeves of silver lace softened this severe line.

THE BRIDAL PROCESSION!

First come the ushers, two by two: bridesmaids, in pairs, too: maid or matron of honor: bride on poppa's manly arm. Groom waits for his lady love with his best man at nuptial altar. They, with the clergyman, come from the vestry and take their place as soon as the bridal procession enters the church.

There is no grief which time does not lessen and soften. —Cicero.

HOME-MAKING HELPS

FOR THE WEEK-END CASE.

Home-made comforts for the week-end case are invaluable to those who take the main part of their vacation in this way. Packing is an art. Not only to get many things into small space but to get them there so they come out in good shape is the trick. Little cases of silk or very fine linen and wee bags for things help a lot.

Instead of taking a pin cushion, make a pin roll. A strip of flannel, ribbon-covered and bound, holds all kinds and folds flat or rolls rightly, taking little room. A little bronze leather housewife makes a compact and convenient sewing case, a little of everything apt to be needed should be stowed away inside. A silk-covered rubber bag holds sponge, tooth brush, soap box, wash cloth and two or three tubes of cream. A powder case, chamois lined and silk covered, has two compartments for talcum and face powder.

A silk kimono, silk nightie, and bedroom slippers fold in a wee space, while a flat silk case holds collars and scarfs, another one handkerchief, and silk undies and stockings folded flat leave the bag only half filled. There is room and to spare for all the extras. A good sized hat box carries two or more hats and a lot of other stuff also. With two pieces of luggage, one may go half around the world.

If one is fond of a small down pillow, take it along in a rubber case tucked in the shawl strap with coats and sweaters. Many travellers have adopted the English idea of taking along a small steamer rug even on short trips for emergency use. It is always initialed for identification in case of loss. Baggage should always be clearly marked, it saves such a lot of time at the journey's end in picking or pointing it out.

The bathing suit, cape and accessories are all bagged and take up very little room in packing. Silk sports clothes take up less room than woolen ones: a thing to remember for the one who must travel light.

LONG DISTANCE LINK.

FORT WILLIAM, Ont., May 7.—(Canadian Press).—The long distance telephone connection between Fort William and Winnipeg was formally inaugurated at a banquet here last evening when instruments were on the table and the first message between the two cities was transmitted.

HOME AND SCHOOL ASSOCIATION MEETS

J. H. Wallace Addresses Queen Alexandra Branch on Birds.

The Queen Alexandra Home and School Association held its regular monthly meeting on Monday evening.

Mr. M. H. Park acted as chairman. The meeting opened by Mr. Park and the senior classes singing "Men of Harlick."

The two fourth classes were invited to attend the meeting and hear Mr. Wallace's lecture on birds. Mr. Wallace had with him many specimens of birds to illustrate his talk. He told about their habits and customs and explained how Mother Nature taught them to take care of themselves.

It was indeed an interesting and instructive talk.

After the lecture Mr. F. Clark entertained the meeting with banjo and song. Miss Batten also rendered two vocal solos. The numbers by both artists were very much enjoyed by the audience.

A vote of thanks to Mr. Wallace was moved by Max Parnall, seconded by Virginia Deyell.

After the close of the programme the regular business was discussed, and the meeting was brought to a close by singing "God Save the King."

HELP YOURSELF TO HEALTH — W. K. Kellogg

The daily treat of more than 10,000,000 people

KELLOGG'S Corn Flakes. Toasted flakes of golden corn. Deliciously crisp and crunchy!

Eat Kellogg's with fruit, milk or cream.

Have them next time on the diner. Order them at cafeterias, hotels and restaurants. Serve them for the kiddies' evening meal.

Kellogg's are the original corn flakes. Full of delicious flavor. Never tough-thick or leathery.

Sold by all grocers everywhere.

Kellogg's CORN FLAKES

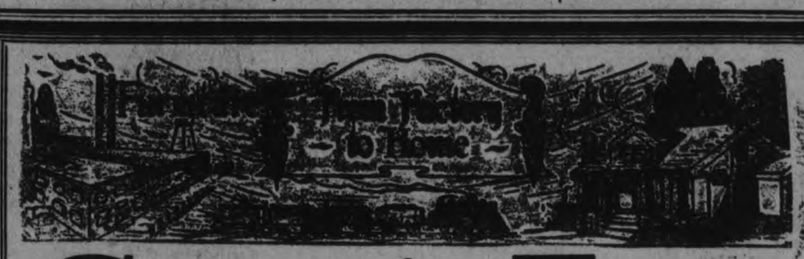
Oven-fresh ALWAYS in Kellogg's patented inner-sealed waxtite wrapper.

Imitations cannot bring you such wonder-flavor—such crisp, crunchy flakes. The genuine corn flakes have the signature of the originator on the package.

Fine Plaits Animate the Straight-Line Silhouette

THERE were straight lines and two-piece dresses yesterday and the same styles persist to-day, but with a difference. The silhouette is eased and animated by fine plaits that hold the frock close to the figure in repose but give it the essential fluttering motion when one walks The blouse is a trifle longer, the sleeve is fuller, the bosom front is new. This is an excellent type of dress to combine with a cape for an ensemble. Make it of flat crepe with the cape to match and the bosom in a lighter or darker shade. Striped shantung with the stripes turned two ways is very smart.

The Examiner does not sell these patterns.



Going Fast

Every Yard and Every Rug in Linoleum, Congoleum and Oilcloth

As announced last week, we are discontinuing these lines, and OUT THEY MUST GO, even if our sacrifice is big. The generous response last Saturday and this week testifies to the confidence people have in our Sales. Sale is continuing tomorrow and next week and BARGAINS GALORE AWAIT YOU.

YOUR HEALTH

By ROYAL S. COPELAND, M.D.,
Former Commissioner of Health, New York City.

A great big Viking, a Danish giant, has been visiting America. The other day he told a reporter what is wrong with our country

"Overwork is really the curse of the whole world. But it reaches the zenith in America."

He goes on to say

"Lives of the people who are leading the pace required by the present-day economic pressure are being shortened by at least ten years. They are middle-aged when they should still be young."

Our Danish visitor has a remedy

"People should have more time for recreation and relaxation. The spirit of play should be diffused. There should be more holidays. I think a mid-week holiday every week would be a good idea. In this mechanical age where, with machines, every man is doing the work of four or five or even dozens, such an arrangement would not seriously disorganize industry."

Then our philosopher concludes "After all, we don't know where we are going, so why hurry?"

Well, well! That's that!

I hate a loafer. I can't bear people who are indifferent, lackadaisical, and shiftless.

But, on the other hand, there is nothing to admire in a busybody, in these hustling, bustling, always hurried and excited persons who travel in a peck-measure. They create excitement enough, but they never arrive anywhere.

Why can't we educate our children to be sensible in their use of time and in their application to work?

The English are saner in their view and practice of life than we Americans. They work hard, but they do not overlook the importance of leisure. They begin later and stop earlier than we do. They walk, play cricket, ride, row, cultivate their beautiful flowers and think less of their complexions than they do of their health.

Once in a while you meet an American, a professional or business man, who won't work Wednesday or Saturday afternoon. Golf or some other out-of-door pastime is a religious observance. He wins as many lawsuits, saves as many patients, makes as good bridges, and lays aside as much money as his feverish and hysterical brother who rushes through life as if he were catching the last train.

No, I don't practice all the teachings I give you. But, dear reader. I know the rules of life. If you will follow these precepts you will have stronger hearts, softer arteries, more hair, better appetites, sweeter sleep, clearer skins and longer lives. Please do as the Danish philosopher and I advise you to do!

"Haste makes waste," is a true saying. If you want to wear out your heart and hasten your end, hurry on through the years. But remember, for every hurried week, at least one day will be cut off your expectation of life!

Tomorrow's HOROSCOPE

By Genevieve Kemble

SATURDAY, May 8.

The sidereal activities for this day may be interpreted in favor of all manner of new undertakings, especially as they bring connection with large or public corporations or with matters of diplomacy, conspiracy or intrigue. It is a rule of subtlety and secret manipulation, which may not be considered of an entirely pernicious nature. However, it is enjoined that efforts in this direction be not essayed without proper consideration and that finances be duly safeguarded. Those in employment are under favorable sway.

Those whose birthday it is are under the promise of splendid prospects for the ensuing year, especially in all new projects and in connection with corporations, mergers or in diplomatic or secret agreements. Those in the employment of others may be under favorable rule for recognition. But be careful with the finances and do not rush into ill-considered arrangements. A child born on this day may be endowed with some unique talents and should succeed in diplomacy and intrigue as well as in employment.

SOLUTION OF YESTERDAY'S CROSSWORD PUZZLE

AND THEN—

Each week end, when your work is done, you plan on havin' heaps of fun. You'll take the family out somewhere, and just drink in the open air.

You get the old car fixed up right, and then real late on Friday night, you sprawl yourself upon the floor and look up road maps by the score.

'Course mom has had the happy hunch to pack a peachy campin' lunch. She's fixed some salad; cooked a ham, made sandwiches of bread and jam.

The kids, long since, to bed have gone. They plan to wake up with the dawn. You've worked a lot and feel quite worn, but fun will come tomorrow morn.

On Saturday all things are set. And, are you all enthused? You bet! You're on your way—then fate breaks loose. It starts to rainin' like the deuce.

STUDIO CLUB..

Pupils of Mrs. Dorothy Park Meet at Her Residence.

The regular meeting of the Dorothy Park Studio Club took place Friday evening at the residence of Mrs. Park, with a good attendance of pupils. Miss Helen Lytle, president, presided.

Following the routine business, a pleasing programme was given by the following pupils:

Fairings (Easthope Martin)—Mrs. Spriggs.

Paper, "Puccini and Madam Butterfly"—Mrs. Ford Turner.

Pale Moon (Logan)—Miss Addie Batten.

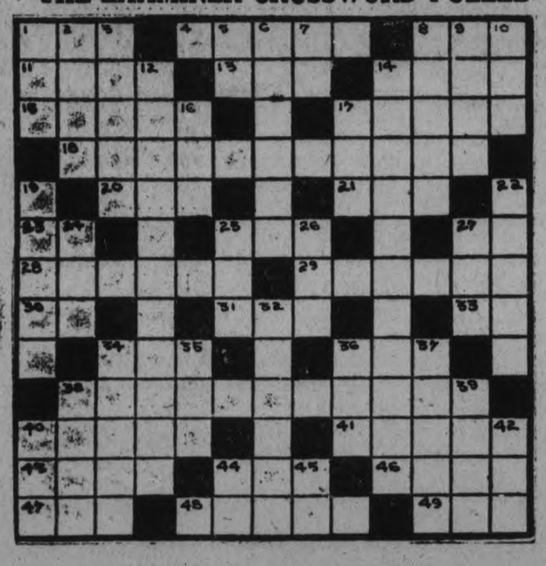
My Heart a Dream (Ketelby)—Miss Alice Price.

Linden Lee (Vaughan Williams)—Miss Freda Allison.

Winds in the Trees (Goring Thomas)—Miss Fern Stenton.

Refreshments were served at the conclusion of the meeting.

THE EXAMINER CROSSWORD PUZZLE



HORIZONTAL.

1. To recede.
4. Strong boxes.
8. Beer.
11. Top of a house.
13. Metal.
14. To frolic.
15. Servant in charge of horses.
17. Having an irregularly notched margin.
18. Disposal.
20. Was seated.
21. To employ.
23. Paid publicity.
25. English money.
27. You and I.
28. Soldier's allotment of food.
29. Tore.
30. Printer's measure.
31. Age.
33. To exist.
34. External organ of hearing.
36. To steal.
38. Undertakings.
40. Rescued.
41. Apportioned as cards.
43. A prick.
44. Corded cloth.
46. Low wagon.
47. Some.
48. Badge of valor.
49. To color.

VERTICAL.

16. Door rug.
17. Bird similar to an ostrich.
19. Peeled.
22. Yielded.
24. Obstruction in a stream.
25. Unit.
26. Constellation.
27. Spider's home.
32. Knocked.
34. Legate or messenger.
35. Scarlet.
36. To free.
37. Whiskers.
38. To acquire by labor.
39. To murder.
40. Mineral spring.
42. Kind of launder for washing ores.
44. Second note in scale.
45. Dad.

GOOD NIGHT STORIES

By Blanche Silver

PEGGY TAKES A STRANGE TRIP.

"Oh, you dear!" Peggy exclaimed when the little speckled brown and black bird settled on a bush near her and bobbed its head. "What a funny little speckled fellow you are

"I don't mind being called speckled," chirped the birdling, "but I do object to being called a fellow. I'm Miss Red-winged Blackbird, if you please."

"Blackbird!" exclaimed Peggy. "Why, what a funny name to give a brown bird. I've never seen a bird like you that I know of. I always thought Red-winged Blackbirds had a red patch on their wings."

"Oh, then, you've seen them?" cried Miss Blackbird excitedly. "My sisters and I are looking for them. Here come my sisters now."

A flock of speckled brown and black birds whizzed through the air and settled on the bushes beside Peggy.

"Good news! The boys are around somewhere near, for Peggy has seen them," chirped Miss Red-winged Blackbird merrily.

"Good! good!" cried all the speckled brown and black birds in a chorus.

"Were they near here?" asked the first Blackbird. "You see, we females travel this way in a flock until we come across a flock of male Red-winged Blackbirds. Then those that are lucky enough to find a mate in the flock settle down and keep house. Where were these Red-winged Blackbirds?"

"Over in the marshes," replied Peggy,

"What a Funny Name!"

laughing merrily. "Oh, dear, may I go with you lady birds?"

"Why not?" laughed Miss Speckled Blackbird. "Hop upon my back."

Peggy hopped upon the speckled back, and away the flock of speckled blackbirds flew until they came to the marshes.

There singing merrily were the lovely Red-winged Blackbirds. There was a Red-winged Blackbird for every speckled brown and black ladybird and they lost no time in finding the one they wanted, and such a happy party it turned out to be.

Peggy helped the one little Blackbird to whom she had been talking to select a lovely spot for a home, then she sat down and watched the merry pair build their little nest of twigs, bits of grass and string.

They built in a little low bush right near the edge of the pond on the back part of Peggy's yard, and every day Peggy went out to see her little friends.

Then one day Mrs. Red-winged Blackbird surprised Peggy when she called. In the nest were five pale-blue eggs spotted with black and purple.

Mr. Red-winged Blackbird was so proud of his mate, he circled around over the pretty nest singing his merriest song. Every so often he would fly down with a seed or a bit of grain for his mate. To make the time fly faster Peggy brought out her dolls and played near the lovely nest, keeping guard over the patient little mother-bird. She was the first to see the wee babies when they peeked through the shells. They soon grew to love Peggy and watched for her coming every morning.

LOCAL ENGINEER TAKES AWARDS

B. L. Barns' Paper on Big Generators Wins Prizes.

GIVEN BY INSTSTUTE.

B. L. Barns, an electrical engineer in the Canadian General Electric of this city was notified the other day that the paper which he read before the Toronto section of the American Institute of Electrical Engineers last year describing the tests of the 54000 Kv-a generators which was built in this city for the Queenston power house has been judged the best paper presented during the year and this award carries with it a cash prize of $25. This prize will be presented to Mr. Barns at the annual banquet of the section which is being held in Toronto tonight. Mr. Barns has also been notified by the secretary of the 10th Geographical or Canadian District of the American District of Electrical Engineers that the same paper has been judged the best paper presented in the Canadian district and this also carries a reward with it of $25 which will be prsetned on Friday night also.

SALESMAN SENTENCED.

Forged Cheques But Didn't Cash Them.

CALGARY, Alta., May 7.—(Canadian Press.)—B. G. Marosco, an oil salesman, was sentenced to nine months' imprisonment by Police Magistrate Sanders for forgery. Marosco in his evidence said that he was trying to make himself seem a bigger man than he really was. He had forged the checks but had not cashed them and had no intention of cashing them.

MINERS' SIDE OF BIG STRIKE TOLD BY A YORKSHIRE WORKER

Says American Coal Cut By Machinery and Modern Methods.

BLED BY ROYALTIES.

Men Who Do Nothing Draw Huge Sums—Miner Gets $19.

EDITOR'S NOTE: Milton Bronner, special European correspondent for NEA Service and The Examiner, has gone into Yorkshire to find out from the miners themselves just why they are striking. His article, sent from England in which war-time conditions prevail, is presented below.

BY MILTON BRONNER.
NEA Service Writer.
Special Cable to The Examiner.
(Copyright, 1926, NEA Service, Inc.)

SOMEWHERE IN YORKSHIRE, May 7.—Why are the British workers on strike?

What is the real reason for this greatest strike in the history of union labor—a strike that has put 5,000,000 men out of work and that may prove the most serious event Britain has faced in the last century?

This general strike comes as a direct result of the strike of more than 1,000,000 coal miners. It is a "sympathetic strike," so to speak—a strike to demonstrate the solidarity of British labor.

The true cause of the miners' strike does not appear on the surface. You can best understand it, perhaps, by listening in on a conversation I have just had with a stalwart Yorkshire miner.

"They had brass, they had," grunted this miner, taking his pipe from his mouth. "Nothing to come off the melons they cut; nothing off the royalties them dukes draw—but lower wages and longer hours for us. That was their solution to the whole problem. Gawd!"

Miner John Smith spat expressively.

Ready for Want.

We were standing in the doorway of the wooden shack he calls home. The kids were off at school. The wife was down the street of the little hamlet discussing with other miners' wives the terrible times they all are facing. John Smith and his fellow miners, Lewellyn Jones in Wales and Sandy McDermott in Scotland, are tightening their belts and facing real want.

"They says the mining industry don't pay,' resumed Smith. "Mebbe not, in some districts. But listen here: the royal commission takes evidence, but it don't get all the evidence. One of them rich fellows who's director in a lot of coal companies replied to a question by our leaders as to how much money he gets 'It's none o' your business.'

"They know all about our pay but theirs is none o' our business. Nobody says 'Cut their pay.' Nobody says, 'Slice something off the 75,000 pounds a year the Duke of Northumberland gets in royalties—him with castles, newspapers, town mansions and die-hard speeches."

Resent Inequality.

And right there you get nearly the whole reason why the British miners struck—and why the rest of organized labor struck with them. They struck despite the fact that the union treasury is sadly depleted from the 1921 strike. The men feel that they were asked to make all the sacrifices.

It began last summer, when the mine owners, claiming that they were losing money, demanded a 13 1-3 per cent cut in wages and an extension of working hours from seven to eight. The miners countered with the threat of a strike.

At that point the British government stepped in with a subsidy to maintain the same wages and hours for a nine-months period. During those nine months it is said the government paid out $100,000,000 to maintain the old conditions.

Now the nine-month period has ended. A government commission that had investigated the situation recommended government ownership and regulation, but this suited neither side. The government announced that the subsidy would be discontinued. This precipitated the showdown.

The miners are conscious that theirs is the key industry of all Britain's industrial world. The 1,150,000 miners, with their dependents, compose one-twelfth of the entire population. They dig coal worth a quarter of a billion pounds sterling each year. They provide one-tenth of the value of Britain's exports and four-fifths of its bulk.

Yet the maximum wage the miners have been drawing is $19 a week. The average wage is nearer $17. Sometimes they get free houses or free coal, or both; sometimes neither. These conditions vary in the different districts.

The Royalty Problem.

The question of coal royalties is almost unknown in America. American companies own their own mines. Here vast stretches of coal lie under the huge estates belonging to the aristocracy. The coal companies secure the right to mine the coal by paying the landlords a royalty on each ton of coal dug.

The Duke of Northumberland, for example, gets $400,000 a year, and others get even more, without investing a penny or taking any business or financial risks. It is estimated that these payments amount to an average charge of two shillings a week upon the wages of the men employed in the mines.

And there are other grievances. Many colleries don't provide baths at the pitheads. As a result the men have to walk long distances in dirty clothes and bathe at home. In some mines the men have to walk an hour to their place of work after being lowered in the shafts. Many mines are poorly fitted with electrical appliances, coal cutting machines, etc.

The American Plan.

I remarked to Smith, the sturdy miner:

"The owners often say you men don't try hard enough to produce coal, contrasting the American miner's yearly output of 655 tons with your average of 220 tons."

Again John Smith spat.

"They don't tell you that we beat the French, Germans and Belgians," he said. "They don't tell you that the American mines haven't been worked so long and have richer seams. They don't admit the Yanks put in all kinds of coal cutting machinery. Seventy-six per cent of your American coal is cut by machine and 16 per cent of ours is. That's why the Yanks get production.

"Oh, Gawd, the lies they tell."

And there you have it. That is why union labor is on strike in England today.

FAIR BOARD MEETS.

Revisions Made in Prize List For This Year's Exhibition.

The exhibition board met last night in the Chamber of Commerce council rooms. Forty-two members out of a total of fifty were present, some coming twenty miles to attend. The prize list was gone over and many revisions made. The dog show committee is enthusiastically working for an even bigger and better show this year. Many of the farmers volunteered teams, machinery and help, and are busy levelling the ground around the buildings today.

From the attendance and the good feeling that prevailed at last night's meeting one could not help but think that the directors are trying to make this year's exhibition the greatest ever.

The board wishes to remind the public that membership tickets are still available and hopes to reach the objective of 1500 members.

ADVENTURES of the TWINS

by OLIVE ROBERTS BARTON

Number Nine—

SOME FUNNY ADVERTISEMENTS.

Nick and Nancy and the Whiffet and the crow and the barred owl all helped Pen Scratcher, the newspaper man, to deliver his papers.

Everyone in Out-of-Door Land as well as all the little fairy suburbs received a copy of the "Hollow Log Gazette."

And these are the advertisements they read for all the lost things.

"Lost—One head. Mister Ringtail Coon lost the head off his very best cane on Friday. An extra head wouldn't do anybody any good, so please return it at once if not sooner. That is—if you find it."

The next one said:

"Lost—I've mislaid my glasses. I usually put them on the mantelpiece but they aren't there. And they're not in my work-basket where I sometimes put them by mistake. Finder please return at once as I have to do my darning. Reward. Mrs. Bunny.

"P.S.—Never mind. I found them. I had them on."

The next one said:

"Lost—By balance! Three times last week I fell when I was jumping. Once I bumped my nose, once I skinned my knee, and once I hurt my head! I'm all bunged up. Ma says I must have lost by balance. Finder please return it to Scramble Squirrel. I'm tired of being bunged up."

The next one said:

"Lost—Between the attic and the stile on Monday, one perfectly good shadow. Answers to the name of Whiff. Has a large necktie and two pockets and—

"P.S.—We had only enough money to pay as far as 'pockets.' They threw in the extra word for nothing. Whiffet."

That was all the advertisements there were, but everybody in Out-of-Door Land and all the fairy suburbs, started at once to look for the lost things.

I don't know who found the head to Mister Coon's best cane, but someone did, for when I was taking a walk on Thursday he was walking between the plowed rows of the cornfield and sticking his cane into the soft ground every here and there to see if the seeds were planted.

As for the squirrel boy's balance—once you lose your balance no one can get it back for you but yourself. I guess he found it, for I haven't heard of him falling since.

And of course poor, dear Madam Bunny never lost her glasses at all! The thing that kept everybody busy for miles around was the Whiffet's shadow.

Nancy and Nick and the poor little Whiffet sat on a log outside Pen Scratcher's grape-vine office and you'd be surprised how busy they were looking over this shadow and that, that people brought in.

But not one of them was the Whiffet's shadow that he lost crossing the stile.

Some were too short and some too tall, some too fat and some too thin. And not one of them had pockets or a necktie. You see a Whiffet shadow is a very special kind of shadow, as a Whiffet is a very special kind of person.

"Oh, dear!" cried the tiny fellow. "I guess I'll have to go back and live in the attic with Pa and Ma again. I don't need a shadow there for it's all dark."

"Poor Whiffet!" said Nancy. "I'm sure you'll find your shadow some time."

(To be continued.)

SPANIEL KILLED.

Run Over By Truck Whose Driver Failed To Stop.

A black spaniel belonging to Miss M. Collins, McDonnel Street, was run over and killed by a truck on Wednesday, the animal sustaining a broken back and one broken leg. The driver of the truck failed to stop and the Peterborough Humane Society would be grateful that if in future any citizens who may happen to see an accident of this kind would take the number of the car or truck and telephone the secretary at 1635J.

NORGE ARRIVES AT POLAR BASE

Makes 700 Mile Journey To King's Bay in 14 Hours.

DURING NIGHT.

OSLO, Norway, May 7 (Canadian Press).—The Amundsen - Ellsworth Polar expedition airship, Norge, arrived at King's Bay, Spitzbergen, early this morning. The Norge left Vadso, Northern Norway, on Thursday afternoon, and made the 700 miles over the Arctic Ocean to the base from which it will start its journey across the North Pole to Point Barrow, Alaska, in about 14 hours.

ROAD CONTRACTS HAVE BEEN GIVEN

Ontario Government To Spend $2,339,419 This Year.

MUCH CONCRETE.

TORONTO, May 7 (Canadian Press).—Road contracts totalling $2,339,419 have been awarded by the Ontario Government and represent the programme of construction for the present season which has so far been decided upon. The contract figures show that washed and screened gravel concrete, the highest type road which the department builds is being constructed this year for $19,700 to $23,900 per mile. The programme calls for 44.31 miles of concrete paving, 19.1 of asphalt top on black base type, 19.83 miles of bituminous penetration type, 22.30 miles Macadam type, 32 miles of grading and culvert work, and 61.20 miles of surface treatment.

Much of the expenditure is on the Kingston Highway.

TERMINAL FOR HUDSON BAY LINE NOT TO BE DECIDED AT PRESENT

Choice Lies Between Port Nelson and Port Churchill, Senate Told.

GOVERNMENT ROAD.

OTTAWA, Ont., May 7 (Canadian Press).—"There is very much to be said against the port of Nelson," said Senator Dandurand, Government leader, in the Senate Thursday when discussing the terminal port for the Hudson Bay Railway. "I hope there are very good things to be said for it also," he added, intimating that there would be plenty of time to discuss "within these walls and outside, the advisability of reconsidering the question of the port which should be the terminal of the railway. "I trust we shall have occasion to discuss, when the matter comes to a finality, whether Port Nelson or Port Churchill should be the location."

Discussion of the Hudson Bay Railway arose on an interim supply bill which received second reading. Senator Dandurand intimated that he would furnish any additional information when the bill was up for third reading on Tuesday.

Senator Dandurand said that in 1882 a land grant was made for the construction of the Hudson Bay Railway which allotted 6,400 acres per mile for the line from Winnipeg to the Saskatchewan River. Some time afterwards a land grant of 12,800 acres a mile was allotted for this road from the Saskatchewan River to the Hudson Bay.

In 1908 the then Liberal Government abrogated all land grants to railways not earned. As there was apparently no immediate prospect of the Hudson Bay Railway being built, the land grant for that system was also abrogated. The same year Hon. Frank Oliver, Minister of the Interior, amended the Dominion's Land Act, providing for the disposal of pre-emption land at $3 per acre. The money received from this source, it was stated by Mr. Oliver, would be devoted to the building of the Hudson Bay Railway. From 1908 to 1918 the money received from this source was, pre emptions $12,663,000, land sales $1,322,000, and the total receipts from both sources up to 1925 was $19,827,288. The balance owing the Government is about $10,000,000. So far the total expenditure on the Hudson Bay rail and terminals has been: Railway $14,480,000, harbor $6,220,000, or a total of $20,700,000, about equal to the money received from land sales and pre-emptions.

Mr. Dandurand said that the Hudson Bay Railway was a part of the Government railways and was being operated by the Canadian National Railway for the Government. Last year the revenue from that part of the road from Lepas toward Hudson Bay was $45,759, and expenditure $79,974, which included cost of maintenance.

The present vote asked for with that in the previous interim supply bill, would be $500,000, which would be used on that part of the road now in operation.

Several members stressed the fact that in the Dominion's Land Act setting aside these lands for sale that no mention was made that the money received should be devoted for the Hudson Bay Railway.

Senator Dandurand quoted Mr. Oliver, who at the time stated distinctly that the money received was for this purpose. Mr. Oliver at that time had said that he was doing a new thing, tapping a new source of revenue to replace the land grant which had been given for the building of the railway and which had been wiped out, in order that with that new source of revenue as a substitute for the abolished land grant, the Hudson Bay Railway might be built.

The Senate adjourned till Tuesday.

PROSPECTORS LEAVE RED LAKE

New Discoveries at Birch Lake Are Much Richer.

72 MILES AWAY.

HUDSON, Ont., May 7 (Canadian Press).—A rush of prospectors from the Red Lake mining field to Birch Lake is reported by J. B. Masse, a Cobalt, Ont., prospector, who arrived here yesterday. He claims that the showings there are richer than at Red Lake. Birch Lake is 72 miles north-east of Red Lake.

WILL SETTLE DEBT.

Greek Banker Leaves For London To Arrange Terms.

ATHENS, May 7 (Canadian Press).—M. Tsouderos, vice-governor of the National Bank, is leaving for London to settle the Greek war debt to Great Britain, amounting, after recent deductions, to about £19,120,000.

ONE PRICE — ONE QUALITY

Above are shown some of the figures in the general strike in Britain—which is now on its fourth day. (1) A. J. Cook, secretary of the miners' federation, who asserts positively that there is no foundation for peace rumors current to-day. He has done most of the talking for the federation and in all the conferences has stood solidly back of the demands of the miners. (2) Two of the miners and their faithful horses are shown leaving Pontypridd mine previous to the walk out six days ago. It was in sympathy with them that the general strike was called. Their wages average from eleven to fifteen dollars a week, and it was to prevent a reduction that they opened the present war on their employers. (3) Premier Baldwin, on whose shoulders rests the chief burden in this day of strife in England. (4) Ben Tillett, left, leader of the dock, wharf and riverside workers, and also Labor member of parliament, is shown with A. J. Cook. He led the dock strikes of 1889 and 1924. (5) Ernest Bevin secretary of the transport workers, one of the "generals" in the strike, who joined with Cook in refusing to take part in last minute conferences. He will hold his men still while Lord Harding, head of the O.M.S. uses his volunteers to keep food supplies moving.

NEGLECT IS DANGEROUS.

Indigestion, constipation, biliousness, distress after eating, dizzy spells, headaches, pains in the back, etc., are all nature's warnings of some unnatural condition. Such warnings are not to be neglected as the time will come when nature will refuse to be imposed upon any longer and serious consequences are the invariable result. The longer the neglect the more difficult to restore the system to a normal condition. Regardless of the length of time neglected, Miller's HERB JUICE the new herbal remedy is the most reliable agent for correcting all such troubles. It effects prompt relief and permanent results. Thousands of individuals young and old who have secured quick and lasting benefit from HERB JUICE have submitted voluntary statements of appreciation and gratitude.

"Why don't you try HERB JUICE?" That's what a friend of mine said to me after I told her I had been a constant sufferer from stomach trouble, kidney disorders, dizziness, loss of sleep and poor appetite. Today I only wish she had given me that advice sooner as your HERB JUICE has made me feel and look like a different person. All of my troubles have disappeared and I give HERB JUICE the credit," said Mrs. H. Quance, a prominent society leader residing at 365 Shaw St., Toronto. Ask your druggist about HERB JUICE.

For sale by McDermid & Jury and leading druggists everywhere. Price $1.00.

TEN KIDS, ONE TON

LEROY, Ill., May 7. — The ten children of Isaac J. Forbes, of this city, tip the scales at more than a ton. With one exception each weighs more than 200 pounds. Mr. Forbes was one of a family of 11 Kentuckians.

Quick Relief for Rheumatics

Local Druggists Sell Rheuma on Money-Back Plan

If you suffer from torturing rheumatic pains, swollen, twisted joints, and suffer intensely because your system is full of that dangerous poison that makes thousands helpless and kills thousands years before their time, then you need Rheuma, and need it now.

Start taking it today. Rheuma acts at once on kidneys, liver stomach and blood, and you can sincerely exclaim: "Good riddance to bad rubbish."

Many people, the most skeptical of skeptics right in this city and in the country hereabouts, bless the day when McDermid & Jury and other druggists offered Rheuma to the afflicted at a small price and guaranteed money refunded if not satisfied. If you have rheumatism get a bottle of Rheuma today.

MILLBROOK CADETS MAKE FINE SHOWING

Captain Heron and Others Congratulate Corps at Annual Inspection.

MILLBROOK, May 7.—The annual inspection of the Millbrook Cadet Corps, No. 403, was held in the Armouries on Wednesday, May 5, at 2.30 p.m., Captain V.W.S. Heron D.C.O., Military District No. 3, being the inspecting officer.

Over forty of the boys from the Continuation and Public schools lined up for parade to the Armouries, where the manoeuvres included rifle drill, extended order movements, company and platoon drill, and physical culture.

B. B. Dawson, of the public school staff, is a Cadet instructor and the Corps is officered by Captain Norman Cain, with Jack Byam second in command, and Lieutenants Kenneth Skitch and Henry Lancashire.

Well-deserved applause greeted the boys after their different movements, though the number of parents and friends present was not as large as the importance of the occasion warranted.

In his address at the conclusion of the inspection, Captain Heron expressed himself as being particularly pleased with the exhibition of cadet work he had just witnessed, and warmly congratulated Instructor Dawson on the decided improvement made since his last visit two years ago this month.

The good carriage of the boys, the precision of movement, the practically faultless physical culture exercises, the better uniforms and well-polished buttons, and the fact that both seniors and juniors were equipped with rifles, together with the good record the boys had made in their shooting, were among the points which Captain Heron emphasized.

"I want to stress the point that Cadet training is not in any sense intended to foster the military spirit. Canada has no need of soldiers at the present time, but cadet training will inspire loyalty, teach you to respect authority, and you will learn obedience through military drill. The boy who does not learn to do as he he is told will never reach the top—he is chucked out of one job after another, and never has any settled place, or advancement. He will never be fit to command others unless he has first learned to obey himself."

"Again cadet training teaches you physical self-control — your minds have been directing your bodies this afternoon and keeping them in control as you went through your rifle drill, physical culture, etc. No boy, or man, will attain success in life who does not learn to keep his body in subjection to the higher claims of the mind and spirit."

"In conclusion I wish you the best of luck in your examinations next June."

Others who spoke briefly were A. A. Smith, secretary-treasurer of the school board, who asked the inspecting officer if he would use his personal influence to have the two grants, formerly received, to maintain the expense of the cadet work, renew, as only one grant was received for the past year; J. A. Vance, who explained that he and Mr. Smith were the chief exponents of cadet training at the Ontario Educational Association meeting one year ago, and he had wondered since if their efforts were worthwhile. "The excellent work done by the boys this afternoon makes me satisfied that it is indeed worth while," he said, adding "we are looking forward to having complete outfits for all the boys, senior and junior, next year, and I am glad Millbrook is again on top."

H. R. Armstrong, a new member of the school board, added his congratulations to Instructor Dawson, and his company, after hearing Captain Heron state that the Millbrook Corps is "second to none in Military District No. 3."

Miss S. Muir, Principal of the Continuation School, said "I am certainly proud of the boys to-day, and I feel that any time given up for the training is amply repaid by the showing they have made this afternoon."

Lieutenant E. E. Doxsee, who formerly comanded the Cadet Corps here was given a warm reception by the boys, and said he was indeed proud of the improvement so manifest from every standpoint. "Stick to it—it is good for you; Captain Heron is the best of officers; he will treat you right, and you will find the training a decided benefit."

"Remember you are Canadian boys," was Captain Heron's injunction previous to dismissal, "so caps off and let us give three lusty cheers for the King." The boys responded with vim, adding the "tiger" and cheering just as readily and vigorously for Captain Heron, Instructor Dawson leading.

A treat at Lambert's confectionery for the members of the Corps brought the afternoon to an agreeable conclusion.

Military District No. 3, extends from Bowmanville to the Ottawa valley. Captain Heron inspected the Cadet Corps at Norwood in the morning on Wednesday, coming here for the afternoon, and going on to Little Britain, and other points, during the rest of the week.

PORT ARTHUR BOY MISSING.

PORT ARTHUR, Ont., May 7.—(Canadian Pess).—Disappearance of a fifteen year ol Italian boy named Gigio Abate, is baffling the police and family who have made extended search without anything to account for movements since leaving home Sunday without intimating to anyone that he had unusual intentions.

Are You Nervous? Weak?

Why Wait For A Complete Breakdown?

Hamilton, Ont.—"I had become very much run-down in health, was in a nervous state and grew very weak. But by the time I had taken about three bottles of Dr. Pierce's Favorite Prescription I was feeling well and strong. It restored my nerves and built me up to a good healthy state. I think the 'Favorite Prescription' is the greatest nerve tonic that any woman can take." —Mrs. Margaret Butt, 102 Cathcart St.

Sold by dealers, in both fluid and tablet form; or send 10c for trial pkg. tablets to Dr. Pierce's Laboratory in Bridgeburg, Ontario.

PREMIER NAMES COMMITTEE TO INVESTIGATE CANADIAN COAL

King Says Action Follows Request of Conservative Member of House.

CHURCH OBJECTS.

OTTAWA, Ont., May 7 (Canadian Press)—Premier King moved in the House of Commons Thursday that the special committee recently appointed to investigate the present sources of supply and anthracite and bituminous coal, and other matters in relation thereto be composed of the following members: Messrs. Armstrong (East Lambton), Bury, Campbell, Fafard, Flemming, Garland (Bow River), Gershaw, Howden, Lapierre, McLean (Melford), Nicholson and Rogers.

T. L. Church (Conservative, Toronto North West) stated he could not see any legitimate reason for the appointment of this committee. The responsibility for solution of whole question was upon the government. There was a probability of a strike in the anthracite fields of the United States, and immediate action and an announcement of the government's policy should be made. He believed in a national fuel policy for Canada.

Conservative's Proposal

Premier King rose to state briefly that so far as the government was concerned it was only implementing the wishes of the member for East Lambton (J. E. Armstrong, Conservative) who had expressed the opinion in the House that what was needed was a committee to study the whole question.

Nova Scotia Omitted

F. P. Quinn (Conservative, Halifax) complained that Nova Scotia, which had the biggest coal development in the Dominion, had no representative on the committee. Premier King said that the personnel of the committee had been distributed over every part of the House. The difficulty was that most of the members from the Maritime provinces were on one side.

Facts Already Known

James Malcolm (Liberal, Bruce North) thought that the government need not wait for recommendation from the committee before taking action on several points. For instance, it had been established that the Nova Scotia coal could only be utilized in Central Canada through the establishment of coking ovens. It was also pretty generally known by this time that certain grades of Alberta coal could not stand trans-shipment to boats at the head of the lakes without slacking too much. He though that the railways would derive a better revenue on a rate of $4.00 per ton to Fort William than of $7.00 per ton to Eastern Ontario points. Therefore, upon some sort of control of quality and grade at the Alberta mines the committee should concentrate which would ensure the production in large quantities only or such grades as could be brought to industrial Ontario by boat.

He was not one of those who were "afraid of nationalization," said Mr. Malcolm. He did not believe that Alberta would ever get the most out of its coal industry so long as the mines were exploited for private interest. The most important factor, in his estimation, was to secure the right grade of Alberta coal and to this question the committee should turn itself first.

The motion carried without division.

FEAR FOR SAFETY OF GAME WARDEN

Party Out in Bancroft District Seeking For C. Russell.

BELLEVILLE, May 7 (Canadian Press)—Game Warden Clarke Russell of Bancroft has been missing since Friday last and grave fears are entertained for his safety. Provincial Inspector E. C. Gurnett yesterday received news that in the Bancroft section two shots had been heard on or about Saturday and it is feared that Russell may have been the victim of foul play or accident. A search has been instituted.

WILLIAM FOX presents

Tom Mix in The EVERLASTING WHISPER with TONY the wonder horse

MOVIGRAPHS

BY JACK JUNGMEYER
NEA Service Writer.

HOLLYWOOD, May 7.—Corliss Palmer has changed her name to Violet Buckingham. The tall, blond protege of E. V. Brewster, publisher, hopes thus to drop the curtain finally upon what she terms "the undesirable publicity" which linked them across many newspaper front pages, and which has proved a handicap in the screen career to which she aspires.

The new name was announced at a Hollywood tea by Brewster, who explained that it was selected because "Buckingham suggests strength, dignity and aristocracy, and Violet denotes gentleness and sweetness."

Miss Buckingham has thus far appeared in several small picture parts and seems to chafe at the slowness of her progress toward expected stardom.

* * *

Belle Bennett, whose title role in "Stella Dallas" is one of the striking performances of movie history, staked her entire future on that part. Had she not secured it, she has recently confided, she was prepared to renounce pictures completely after years of discouraging effort.

After weeks of harrowing suspense she got the coveted role which lifted her to the heights. So thin, often, is the line between surrender, failure and success on the screen.

* * *

In some of the Egyptian movie theaters the screens are of wood, thick and substantial. It is the hallowed custom there for the audience to pelt stones, purchased for that purpose from vendors at the door, at the flickering villain during tense scenes.

After a heavy melodrama the screen looks like a machine gun target. A Hollywood cynic suggests that the custom might well be imported to curb the growing habit of persona appearances of screen players.

* * *

A minute of a beauty winner's first day in studioland. Marion Rice, darkly handsome and reserved girl from Chicago, selected by a theater and sponsored by Universal Pictures . . . . Seated now in the smoky, noisy bustle of the studio restaurant, too excited to eat, scarcely observed by a corps of visiting salesmen whose eyes, between deferential nods to Carl Laemmle, cruise about among a dozen already entrenched beauties. . . . "Here, waiter— a cup o coffee and a piece o pie." "Who's that girl over there, the new, quiet one?" . . . "Beauty winner from Chicago." . . . "Oh — ummmm." . . . Might be any restaurant in the Loop district of Marion's home town. Her eyes brood, a bit lonely and a bit disillusioned. . . . The commonplace of any workaday realm showing up familiar as coffee and pie under the vanishing glamour. . . . Another comely girl whose beauty has provided an opportunity to work. . . . A little disconcerted and lonely. . . . She pays her check and walks out, very straight and self-conscious. . . . The noisy bustle of the restaurant doesn't slack one iota. . . . But Marion will make 'em sit up and notice some day. She has a contract. . . . Her lips close very tight as she goes to the dressing rooms to prepare for a test. . . Gameness attagirl Marion! Gameness goes farth than mere beauty in Hollywood.

Gas, biliousness, heartburn, dyspepsia, and similiar ills will not trouble you if you take Seigel's Syrup. Any drug store.

Many people are forced to sacrifice articles for sale for various reasons. Look for these bargains among the want ads.

Diamond Disputes Decided

By BILLY EVANS

Do umpires have a certain heigh limit to guide them in determining what constitutes an in eld fly?

* * *

The calling of an infield fly is merely a matter of judgment on the part of the official having jurisdiction over same.

Umpires are not guided in their decision by some specific height that the ball must travel in the air to come under the infield-fly rule.

An infield fly is simply any fly ball other than a line drive which the umpire believes can be handled by an infielder.

The moment such a decision is reached the umpire should declare infield fly for the guidance of baserunners an fielders.

Since the judgment of umpires differs, it is possible that what might be regarded as an infield fly by one umpire wouldn't so strike some other official.

Bowling

CHURCH LEAGUE, Y.M.C.A.

Murray St. captured the final and deciding game in the Church League from their less experienced but courageous opponents, All Saints.

This again gives the championship of the Church League to Murray St., which they also won last year from the same opponents. All Saints bowled five games all season, but the strain in the play offs dropped their scores badly.

In the first game of the play-offs, which was to be decided by games, Murray St. captured two out of three. The second game was to be decided by pinneage and Murray St. captured this by over a hundred pins. In the third and deciding game Murray St. captured the first two but all Saints made a great comeback in the third game and only fell short of the championship by eighteen pins.

The high game of the series was 947, rolled by Murray St., on the second night.

White rolled the high three of the series with 604, made up of singles of 212, 200 and 192. McNeeley for all Saints was next with 602. McNeeley also had the high single of the series with a good score of 280. Loomis had the second high single of the series with 245.

PLAY-OFFS.
First Game.

Murray St. captured the odd game from All Saints in the first game of the Church League play-offs, and thereby put themselves in the next round. The games were not up to the usual standard of these two teams. The high singles of the night were Nicholls 230, G. Gimblett (Jr.), 221, Jay 219, Baptie 202, Rye 190, Loomis 189 and Cranford 185.

Murray St.—				
Nicholls	230	172	177	579
Crawford	159	163	185	507
White	118	.....	178	296
Loomis	189	125	138	452
Baptie	202	141	165	508
Richman, N.	130	.....	.....	130
	898	731	843	2472
All Saints—				
Jay	219	148	134	501
McNeeley, M.	156	135	168	459
Rye	142	115	190	447
Gimblett, G. (Jr.)	165	221	148	534
Lewis	157	170	153	480
	839	789	793	2421

Second Game.

In the second game of the Church League play-offs, Murray St. beat out All Saints by a little over a hundred pins. Better games were rolled than the first night and some nice scores were the result. McNeeley had a good single of 280 and another one of 160. Other nice singles were Loomis' 245, Lewis 237 and 196, Nicholls 218 and 197, White 212, 200 and 192, Baptie 207 and 181, G. Gimblett (Jr.) 204 and Chief Gimblett 180.

All Saints—				
Gimblett, Chief	180	173	170	523
McNeeley, M.	280	193	129	602
Jay	133	123	.....	256
Gimblett (G. (Jr.)	162	204	153	519
Lewis	113	196	237	546
Rye	.....	.....	174	174
	868	889	863	2620
Murray St.—				
Nicholls	218	197	164	579
Crawford	156	161	165	482
White	212	192	200	604
Loomis	94	167	245	506
Baptie	181	207	173	561
	861	924	947	2732

Third Game.

Murray St. captured the final game from All Saints in the Church League and thereby won the league championship. The games were not up to the second night standard, but some nice singles were rolled. The high singles were George Gimblett's 223, McNeeley 214, Baptie 205 and 196, White 185 and Crawford 201.

Murray St.—				
Nicholls	138	201	167	506

EXPERT SWIMMER IS VISITING Y.M.C.A.

George H. Corsan Will Give Lessons in Swimming.

There's a note of spring in the air these days even though Old Man Winter does occasionally drown it with his discords. With the robins in the fields and the "heavies" doffed a young man's fancies run to swimming and similar activities. As the thermometer rises we approach the time when a splash in cold water will be the tired business man's idea of paradise after a sweltering day in the office.

"Where shall I go this summer?" The question is demanding an answer from many a man at this time. The answer arrived at is in many instances colored by the measure to which he feels at home on or in the water. Canada—Ontario—is calling him to come and explore the glories which lie just around the bend of the river. With her magnificent lakes and turbulent waters, she offers a holiday country unsurpassed on the continent.

George H .Corsan, the international expert in swimming and life saving, is paying a return visit to the local Y.M.C.A., coming on Monday, May 17th. Mr. Corsan spent a week in the local Association last year and conducted a most successful course of swimming for men and boys. This year he will remain for two weeks and will teach non-swimmers how to swim and swimmers he will coach in methods whereby they may swim better. With such an opportunity, parents would do well to have their boys participate in some of Mr. Corsan's classes during his visit here. No longer should it be necessary for any man to shun our glorious lake regions in favor of some inland golf course all because of his inability to handle himself in the water. Corsan has taught thousands to swim and swim better.

'RED' NEWMAN in '3 Bags Full,' at the Grand to-night and to-morrow matinee and night.

EAST PETERBORO LEAGUE ANNUAL

Several New Applications To Join Intermediate Loop.

MEETING SATURDAY.

The annual meeting of the East Peterborough Baseball League will be held at the Chamber of Commerce, on Saturday, at 8 o'clock pm., when applications will be received for membership in the League. All teams of the 1925 season will be back again and several other clubs will join the league this season.

DISHRAG IDENTIFIES CAR.

WICHITA, Kas., May 5. — A dishrag placed in the pocket of an automobile last spring enabled the owner to regain possession of the car when it was stolen. The engine number had been changed, but identification of the dishrag was sufficient evidence for the sheriff to release the vehicle.

ONLY ONE SOCCER GAME SATURDAY

Masseys and Quakers Meet in a League Fixture at King Edward Park.

Only one league game in the local soccer takes place on Saturday when the Quaker Oats meet the Masseys at King Edward Park. Kick off is scheduled for 3.30 prompt. Referee William Rickard.

Since the opening match the Quaker oats have signed on Jim Mitchell, who fills Reynolds' place at outside right, otherwise the team will be the same as that which defeated the Masseys, and reads thus: W. Curtis, goal; Stan. Makie and H. Curtis, backs; W. Logan, Carmichael and T. Williams, half backs; J. Mitchell, G. Logan, A. Mitchell, A. Wilson and A. Burgess, forwards; reserves: J. Reynolds and Cross.

The new aggregation into senior circles make their debut to-morrow afternoon. Their signed players include many experienced men along with Juniors that were outstanding in the minor games during last season.

All Massey players are requested to be at the playing grounds no later than 3 o'clock when the teams will be chosen from T. Montgomery, F. Fade and H. Mann, D. Grant, T. Hotson, G. Clark, G. Blowers, J. Montgomery, J. Halliday, T. Foster, J. Westlake, J. James, J. Laidler and S. Willis.

THEATRE

AT THE GRAND

When Captain Plunkett came here some time ago with "Lucky 7" the question was asked, "Where do you get the material, the songs, sketches and wonderful settings?' The answer was "All over the world." while there was an old adage to the the effect that there was nothing new under the sun, and nothing original had been done since Cain killed Abel—nevertheless some of the ideas of his entertainments had not been overworked for possibly six thousand years. In other words they are quite new to an except ancient archaeologists.

British composers and dramatists supply about half of the material. The Dumbells provide one of the few outlets for this particular brand of entertainment in America.

On his annual summer trips to England and the Continent, Captain Plunkett makes it a point to see all the big successes and when a song or a sketch impresses him as being suitable for the Dumbells he buys the American rights.

The Dumbells' current offering, which comes to the Grand tonight, 'Three Bags Full," contains more purely English songs and sketches than any of its predecessors.

Another important source of supply is found among the company themselves. Several of the biggest musical hits of the seven years have been written by various members of the cast.

Howard Fogg, the musical director of the company is one of the foremost Canadian composers and his original numbers and arrangements have found great favor with every one who appreciates good music.

The orchestra provides a major portion of the entertainment value in "Three Bags Full," which is divided into three parts, each act representing a "bag full" of novelties.

AT THE CAPITOL

TOM MIX IN "THE EVERLASTING WHISPER."

The popular Tom Mix, with his horse Tony and his well-known outsize sombrero hat, is the star of the picture with the attractive title of "The Everlasting Whisper," which forms the feature at the Capitol Theatre for this week-end. In it, the star with the likeable face and the curiously common atmosphere, has the role of a dweller in the far north country, where the "everlasting whisper" of the breeze through the pine trees draws men to their habitat.

It is the story of Mark and Gloria, the latter a society girl of San Francisco, a role taken by Alice Calhoun. They meet under the tall pines during a visit by the girl to the North-West, but the lure of the city and its gay life draws the girl back and she returns to her wealthy suitor, Lee Gratton (Robert Cain). He involves her in an escapade that ends by his false announcement to the papers of their marriage, and, to escape from him, she marries Mark, the man of the woods and the pine trees. He is about to embark on a quest for hidden gold, and the final scenes of the picture are shot in an atmosphere of high, snow-clad hills, where primitive struggles take place in the cave where the gold is cached and where the wonder horse, Tony, stages a great fight with wolves. Mark also has a fierce fight with his enemies, but finally outwits them and captures the girls' affections.—Jeanette.

AT THE REGENT

"SEVEN DAYS" ANOTHER CHRISTIE TRIUMPH.

Another spoke has been added to the wheel of mirth in the Al Christie presentation of "Seven Days" which opened yesterday at the Regent Theatre for a 3 days' run.

It stands out as another feather in the caps of the producers of the record breaking "Charley's Aunt." The same surface strain of continual humor, the same undercurrent of seriousness combined deftly into a human picture of a domestic upheaval, make "Seven Days" a fitting sequel for the previous presentation.

The story is of a young chap, giving a party to a few friends to celebrate the first anniversary of his divorce, suddenly finds himself beset on all sides with all manner of trouble and trial.

First his wealthy Aunt arrives, not knowing of his divorce, and the problem of keeping real facts from her confronts him. Then his divorced wife arrives unexpectedly.

On top of this, the servants take hasty leave, alarmed by a spotted ailment which has stricken the butler. A burglar, chancing by, and seeing the party in session takes the opportunity to transact some business. On entering, he finds a policeman, whom the cook had been entertaining before her unceremonious departure, fast asleep in the chair.

Then the whole house is placed under a seven days' quarantine for smallpox as a result of the butler's ailment. If things moved speedily up to this point, they race from here on.

Lillian Rich heads the cast of this hilarious comedy, made under the direction of Scott Sidney. Others in this Producers Distributing Corporation release are Creighton Hale, Lilyan Tashman, Hallam Cooley, Mabel Julienne Scott, Rosa Gore, Eddie Gribbon and Tom Wilson.

HEATH'S CLUB AND CARROLL'S ARM TOO GOOD FOR ORIOLES

Toronto Win First From Baltimore in 10 Innings—Carroll's Sixth.

DEFEATED OGDEN.

TORONTO, May 6 (Canadian Press).—With the score tied in the ninth at 3 to 3, "Mickey" Heath, youthful first baseman of the Leafs smashed a hard drive to right field which sent Carroll across the plate with the deciding run, giving the local a 4 to 3 decision over the league leading Baltimore Orioles in the first of a three game series. Owen Carrol, former Holy Cross pitching sensation, won his sixth consecutive victory by outpitching the veteran Ogden. Score:

Baltimore .. .. ..0101000010— 3 7 0
Toronto .. .. ..0001100101— 4 5 0

Ogden and McKee ; Carroll and O'Neill.

Syracuse 2, Newark 1

SYRACUSE, May 6 (Canadian Press).—Fred Frankhouse, of Syracuse, bested Walter Smallwood, of Newark in the tightest pitching battle witnessed here this season today, the Stars winning, 2 to 1. Score:

Smallwood and Schulte Frankhouse and Niebergall.

Buffalo 5, Jersey City 4

Jersey City .. ..210100000— 4 8 1
Buffalo.. .. .. ..02201000x— 5 8 1

Cantrell, Parks and Daly, Freitag; Camp, Brice and Pond.

QUEEN'S ATHLETIC STARS GRADUATING

Batstone, Leadley and Others Lost To Rugby Team.

KINGSTON, Ont., May 7 (Canadian Press).—Not in years has athletics at Queen's University suffered so much true graduations as they have this year, for no fewer than 22 members of various athletic teams passing out of the University through graduation.

Naturally rugby suffered most, for from the senior championship team thirteen players and the manager drop out of the college through securing their degrees. Manager "Jim" Campbell of the senior team is to receive his degree of M.D., while the others on the senior line-up to graduate are Harry Batstone, "Bud" Thomas, "Pep" Leadley, "Tiny" Adams, Archie Abernethy, "Red" McKelvey, "Curly" Lewis, "Pres" McLeod, "Bill" Muirhead, Don McCrimmon, Bert Airth, "Boze" Norris and Cliff Howard.

Basketball loses two star players in Harold Haslam and Jones, while intermediate and junior rugby players to graduate are "Rollie" Graham, Vern Johnston and Gord Mylks.

Two members of the girls' hockey team graduate in Mary Rowland and Dorothy Gibson, while Bartels, one of the inter-collegiate boxers, secured his degree.

BOYS TOUR FRANCE

NEW YORK, May 7. — An educational tour of France has been made by 130 boys and 20 teachers from the New York public schools.

VANCE CHASED BY CARDINALS

Three Runs in First Inning Finished Brooklyn's Star.

GIANTS BEAT CUBS.

ST. LOUIS, May 6 (Canadian Press).—The St. Louis Cardinals knocked Vance out of the box in the first inning today and defeated the Brooklyn Robins, 3 to 1, in the first game of the series. Score:

Brooklyn .. .. ..010000000— 1 5 0
St. Louis .. .. ..30000000x— 3 3 0

Vance, McSweeney, Ehrhart and Deberry, O'Neil; Rhem and O'Farrell.

Boston 3, Pirates 1

PITTSBURGH, May 6 (Canadian Press).—Boston evened the series with Pittsburgh today by winning the second game, 3 to 1. The Braves bunched four singles off Morrison in the sixth and these with an error by Cuyler accounted for all their runs. Score:

Boston.. .. .. ..000003000— 3 9 0
Pittsburgh .. .. ..000000100— 1 8 1

Wertz, Hern and Z, Taylor; Morrison, Yde and Gooch.

Giants 2, Cubs 1

CHICAGO, May 6 (Canadian Press).—Virgil Barnes bested Charley Root in a pitching duel today and New York won from Chicago, 2 to 1, in the first game of the Giants' western invasion. Kelly's home run put the McGraw men head in the fourth. Score:

New York.. .. ..00010000l— 2 8 0
Chicago.. .. .. ..000000001— 1 6 1

Barnes and Snyder; Root, Blake and Gonzales.

Cincinnati 14, Phillies 4

CINCINNATI, May 6 (Canadian Press).—Knocking Mitchell out of the box in the first inning, Cincinnati turned 18 hits in a 14 to 4 victory over Philadelphia. Score:

Philadelphia .. ..200100001— 4 11 3
Cincinnati .. .. ..31131023x—14 18 0

Mitchell, Willoughby, Baecht and Henline; Wilson, Donohue and Picinich.

ROBBER'S WOUND BELIEVED FATAL

Shot By Manager of Boston Bank He Tried To Rob.

SPIRITED BATTLE.

BOSTON, May 7.—(Canadian Press).—George Mastoris is believed to have been fatally wounded after a spirited pistol battle with Lawrence S. Bearce, a bank manager, and Harold Cameron, a policeman, when the bandit held up a branch of the First National Bank here yesterday. Mastoris fired two shots on entering the bank and shouted, "Everybody hold up your hands. I haven't shot a man for five years. I want money. You can't get it working."

He thrust the gun into the face of Douglas C. Campbell, receiving teller, and forced him to fill a bag with $17,000. Then Bearce opened fire. A duel ensued, while two customers stood in the middle of the floor with their hands up. Cameron arrived, emptied his revolver, and was reloading his gun when Bearce shot the robber in the head.

MYSTERY IS SOLVED.

RUSHVILLE, Ind., May 7. — Shadowy forms and muffled sounds in the basement of the Main Street Christian church caused persons in the neighborhood to start an investigation and it was found that men of the church were excavating part of the basement to provide more room for Sunday school. They woked at night because of being at their offices in the daytime.

YANKEES LOSE FIVE STRAIGHT

Ruth Slightly Injured in Game With Senators—Brown's Fielder Hurt.

NEW YORK, May 6 (Canadian Press) — The Yankees lost their fifth straight game today to Washington and saw their star performer, Babe Ruth, forced to retire after colliding in right field with Lazzeri in the third inning. Ruth is believed to be not seriously hurt. Score:

Washington . .200 100 020—5 7 1
New York .. ..000 010 101—3 10 2

Ruether, Marberry and Ruel; Shocker, Shawkey and Collins.

Athletics 5; St. Louis 4

PHILADELPHIA, May 6—The St. Louis Browns started their invasion of the east by losing here, 5 to 4, when the Athletics made a three run rally in the ninth inning.

Herschel Bennett, Brown's right fielder was injured in the sixth inning when he dashed headlong against a concrete fence after chasing a foul ball. He was carried off the field unconscious and rushed to a hospital. Shortstop Gerber split his finger bunting in the ninth and had to be replaced. Score:

St. Louis .. ..003 000 010—4 9 1
Philadelphia . .000 001 013—5 11 1

Gaston, Vangilder and Hargrave; Pate, Walberg and Cochrane.

Boston 7; Cleveland 0

BOSTON, May 6—Hal Wiltse, of the Red Sox, had the better of Sheriff Smith in a lefthand pitching battle today, the Sox defeating Cleveland, 1 to 0. Score:

Cleveland .. ...000 000 000—0 5 0
Boston ....100 000 00x—1 7 1

Smith and L. Sewell; Wiltse and Gaston.

The NIT Cracker

By JOE WILLIAMS

When better alibis are made ballplayers fanning with the bases full will use them.

The American League has accepted the resin bag but the pitchers dasn't ask for it....thus creating a situation that is too childish even to be ridiculous.

The guy in the bleachers isn't interested in whether the pitcher uses resin, so long as he can throw the ball past the batter when the count is three and two.

A lot of earnest farm hands who were known as apple knockers back in the hills are now drawing elegant dough for knocking the apple around in the big leagues.

Short Story: Miss Joyce. Wedding bells. Divorce court. Alimony. Next.

"What became of Speed Kelly, who was going to drive Cobb and Speaker back to the bushes last March?"....Oh, he's got his old job back in the hardware stor eout in Hicktown."

They say radio is not popular in Italy .....Perhaps because it furnishes too much opposition for Benito Mussolini.

The Prisoners Song has finally reached Sing-Sing and for the first time we are ready to demand more humane treatment for the inmates.

MILLBROOK CLUB IS RE-ORGANIZED

Team Will Start Season With Small Balance in Treasury.

NEW PRESIDENT.

MILLBROOK, May 7.—The annual meeting of the Millbrook Baseball Club was held in the council chamber on Tuesday evening, the retiring president, L. C. Russell, occupying the chair.

There was a good attendance, a number of juniors being among those present, and a spirit of interest and enthusiasm prevailed.

The minutes of the previous annual meeting, and the financial statement for the past year, were read by secretary-treasurer, P. Stinson, and on motion declared correct and adopted as read.

Accounts were presented and ordered paid as follows:

R. H. Emunds and Son, supplies, $46.12; W. Whyte, account, $5.15; A. Hunter, $5; C. C. Garside, work, 75 cents.

Stinson-Sayles: That above accounts be paid.

Organization for the present season was effected the list of officers being:

Honorary Presidents—R. H. Edmunds, J. Steele, Jos. Lancashire, and J. N. McGill.

Honorary Vice-Pres.—L. C. Russell.

President—G. W. Sayles.
Vice-Pres.—Ross Edmunds.
Secretary-Treasurer—P. Stinson.
Manager—Harold Nattrass.
Captain—R. Edmunds.
Committee—V. C. Lambert, L. Russell, W. Whyte, R. Smith.

Sayles-Edmunds: That all property belonging to the team be turned in to Manager Nattrass at once, a notice to be published in the local press.

Brief addresses were made by the retiring president, L. C. Russell, who has been connected with the local ball club for a number of years, and by the newly-elected president, Councillor W. G. Sayles, both speakers warmly congratulating the clubs on winning the league series last season, and expressing good wishes for a like succes in the current year's games.

The fact was lamented that several of the young men are leaving the village to earn a living elsewhere, and this will naturally affect the team this season. Millbrook has now good athletic grounds, and practically the only grandstand in the district where the team has been playing, and the hope was expressed that the senior team would carry on for the sake of the younger players, who are anxious to develop into a team to uphold the good names of the town.

V. C. Lambert added his congratulations, and promised to do all in his power to help the boys, as did also J. Jeffreys, President of the Cosmos Club, who declared that this organization would fall in line and co-operate to make the team a success.

As the Cosmos Club purposes organizing a softball team this season, it is feared that this will sap the interest in baseball to a certain degree—experience elsewhere proving that the lower expense of softball adds to its favor, and its devotes claim that it provides sufficient, and equally good, outdoor recreation.

The executive and the management committee were appointed to represent the team at the annual district meeting at Bethany in the near future.

After all accounts had been paid the treasurer reported a small balance on hand—probably the first time the team has been able to start the season with any money on hand.

Boxers climb the ladder of success round by round!

GIRLS CLAIM TITLE.

Edmonton Team Contends Americans Must Go West.

EDMONTON, Alta., May 7.—(Canadian Press).—The Edmonton Commercial Graduates' Basketball team are still International Girls' Champions, according to a ruling handed out yesterday by J. J. Seitz, chairman of the Board of Trustees for the Underwood Trophy, emblematic of the title in question. In a lengthy statement which had been forwarded to the Cleveland Newman-Sterns team, who recently defeated the Grads in a four-game series played in Cleveland and New York, Mr. Seitz states emphatically that the Canadians will retain the cup and championship until the Clevelanders win it on the Edmonton court.

What You Get For The Last $10

YES, there are lower-priced bicycles than the C. C. M., but the C. C. M. is by far the cheapest in the long run.

That last $10 you pay for a C. C. M. is the most important part of your purchase. It assures you—

extra years of easy riding,
extra reserve strength,
extra durable finish,
fewer repairs,
a higher selling value for your "used" C. C. M.

For that last $10, you get, among other things—
the smooth-running Triplex Hanger,
a frame of English Seamless Tubing, reinforced at the joints,
extra coats of rich, lustrous enamel,
20-year nickel-plate over copper.
the classy Gibson Pedal with rustproof aluminum frame,
the new improved Hercules Brake,
a bicycle with everyone of its 1761 parts made with watch-like accuracy,
a bicycle "trued up" at the factory.

And, remember, five years from now your "used" C. C. M. will easily bring $10 more than a five-year-old inferior machine—if the inferior machine has not already reached the scrap heap. You simply cannot lose by buying a C. C. M.

Visit the C. C. M. Dealer

The C. C. M. dealer will explain the extra value you get in the C. C. M. bicycle. C. C. M. bicycles are 90% made in Canada and 100% value. Investigate the easy payment plan that makes it easy to own a C. C. M.

EDDIE COLLINS IN TEXAN TOP-PIECE

When the Chicago White Sox recently journeyed over to Ft. Worth, Tex., from their Shreveport (La.) training camp to meet the Ft. Worth Cats in a three-game exhibition series, Manager Eddie Collins of the Sox was presented with a big Texas rancher hat. The new lid made him look like a full-fledged Texan. Eddie, so the story goes, said he'd wear the top-piece throughout the season "just for good luck."

BILLY EVANS SAYS

STRIKEOUT MYSTERY

Dazzy Vance, famous Brooklyn pitcher, refuses to admit that he is superstitious, yet there is a rather interesting story back of the flapping sleeves of his undershirt.

As a matter of fact, the tale of the shirt as explained by Vance is one of psychology rather than superstition. Possibly it is fact.

When Vance pitches it seems as if the right sleeve of the undershirt he wears under his uniform is about ready to drop off. It flaps hither and thither in the air and makes it appear as if a collection should be taken up to supply Dazzy with a new one.

Several years ago the trainer of the Brooklyn club gave Vance a new undershirt that fit the pitching arm all too tightly for comfort. So Vance slit the right sleeve.

He had a good day that afternoon. He also noted that several of the opposing players complained that the flapping of the loose sleeve interfered with their vision and made it difficult to follow the ball.

Since there is no rule to prevent a pitcher from slitting the sleeve of his undershirt, if he so desires, Vance has continued the practice.

The great pitcher is firm in the belief that the flapping sleeve is a big asset in his strikeout record as well as general effectiveness.

And he doesn't care whether it is laid to superstition, psychology or fact.

* * *

CRADLE ROBBER

Not so many years ago Connie Mack was often accused of robbing the cradle in his quest for ball players.

This was due to the fact that very often Mack would tie up some high school star who showed promise, then pay his way through college, simply to get first chance at him if he decided to turn professional.

More recently in his desire to get together a winner, Connie has temporarily discarded his cradle-robbing policy.

Otherwise the wires would have already carried the news that Freddy Heinemann, a New York high school boy, had been signed by Mack as a future great pitcher.

In his first start of the season he scored a shutout, failing to allow a hit, not a man reaching first base. Last year he performed a similar stunt.

Possibly John McGraw and Miller Huggins have already interested themselves in the young man.

* * *

HOPPE THE GREAT

While young Jake Schaefer is a remarkable billiard player, it is doubtful if he will ever reach the dizzy heights that Willie Hoppe attained.

During the 17 years that Hoppe reigned supreme as 18.2 champion, he suffered only one defeat. If my memory serves me correct, he was undefeated for 15 years.

Despite his well-known brilliancy with the cue, Schaefer has twice been defeated for the title within a year.

After winning it from Hoppe, he was defeated by the Belgian, Edouard Horemans. He later turned the table on Horemans, only to be defeated by Hagenlacher of Germany.

Nothing more concrete could be offered to prove the greatness of Hoppe.

* * *

BREAK RECORD

While Hoppe has unquestionably passed the peak of his game in all forms of billards, he still can step some.

In his recent 18.1 match with Schaefer, he broke the record run of 140, made by Frank Ives, that has stood for 30 years. His score was 149. Later he set the mark at 200.

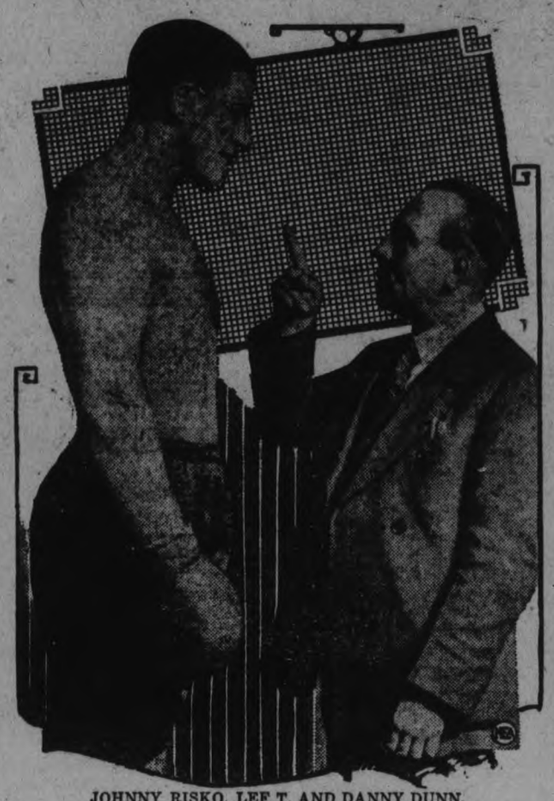
He held the honor only a few days as Schaefer set a high mark of 241.

NEW YORK COACH.

Connie Smythe, former Toronto Varsity coach, who will handle New York's new pro hockey team next season.

DODD'S KIDNEY PILLS
FOR ALL KIDNEY DISEASES
RHEUMATISM BRIGHT'S DISEASE BACKACHE DIABETES
NUMBER 4087 THE PROPRIETORS

RELATING THE VICTORY



JOHNNY RISKO, LEFT, AND DANNY DUNN.

Johnny Risko stepped into the pugilistic spotlight the other night by decisively defeating Paul Berlenbach, light-heavyweight champion, in 10 rounds. Despite the Clevelander's advantage in poundage, his victory came as a startling surprise. Several times the gong found the Astoria Assassin hanging on. Risko is shown above listening to his manager, Danny Dunn, one time bantamweight star, telling how the fight was won. Risko and Dunn, by the way, are known as the "Mutt and Jeff" of pugilism.

SKINNY MEN RUN DOWN MEN NERVOUS MEN

Don't Miss This.

You're behind the times if you don't know that Cod Liver Extract is one of the greatest flesh producers in the world.

Because it contains more vitalizing vitamines than any food you can get.

You'll be glad to know that McCoy's Cod Liver Extract Tablets come in sugar coated form now, so if you really want to put 10 to 20 pounds of solid healthy flesh on your bones and feel well and strong and have a complexion that people will admire ask McDermid & Jury, Bond's Drug Store or any druggist for a box of McCoy's Cod Liver Extract Tablets.

Only 60 cents for 60 tablets and if you don't gain five pounds in 30 days your druggist is authorized to hand you back the money paid for them.

It isn't anything unusual for a person to gain 10 pounds in 30 days, and for old people with feebleness overtaking them they work wonders.

BY MAJORITY OF EIGHT

(Continued from page one.)

Blanchet had rendered a similar ruling.

There was very little difference between the English and the Canadian Controverted Elections Act, said Speaker Lemieux. He quoted many on Parliamentary procedure to the effect that such a matter as that covered by the petition had been referred by Parliament to the courts under the Controverted Elections Act. The Act provided that after the election trial was over the judge should make a report in writing to the Speaker setting out any corrupt practices which had been committed by or with the knowledge of any of the candidates in the course of the election in the constituency in question.

In Jurisdiction of Court.

No one would contend that the petition was beyond the jurisdiction of the courts. A prayer of this character was of great seriousness and required the examination of all rules and precedent. The Controverted Elections Act took the matter of the election petitions from the hands of Parliament and gave exclusive jurisdiction to the courts.

"I have come reluctantly," said Mr. Speaker, "to the conclusion that this petition cannot be received."

Mr. Speaker then read the rule of the House of Commons which required any member involved in the subject matter of a division in the House to be absent. Mr. Kennedy, however, had not been in the House during the delivering of the decision.

The Speaker then put the question.

BRAVERY REWARDED.

Brockville Young Man Receives Humane Association Parchment.

BROCKVILLE, May 7.—(Canadian Press.)—For having rescued a boy who was in danger of being drowned through the suction of the paddle wheels of a steamboat, Kenneth Bramley, a Brockville young man, has been presented with the Parchment of the Royal Canadian Humane Association by Mayor Reynolds. The boy was one of several diving for coins tossed by passengers from the deck of the steamer when the paddle-wheels suddenly commenced to revolve and his cries for assistance were promptly answered by Bramley who brought him to land.

HEALTH OFFICERS HOLDING MEETINGS

Discuss Immunization From Disease—Three Societies Meet.

TORONTO, May 7.—(Canadian Press).—A symposium on immunization was held by the Ontario Health Officers' Association yesterday under the chairmanship of its President, Dr. Fred. Adams of Windsor, prior to the general meeting of the three associations that are combining in Toronto this week for their annual meetings in one great health congress. The other two associations are the Canadian Health Officers and the Canadian Social Hygiene Council. Dr. J. G. Fitzgerald of the University of Toronto, addressing the Ontario Health Officers, stressed the risk of a grave smallpox outbreak entailed by the present general neglect of vaccination.

STRIBLING ACCEPTS

NEW YORK, May 7 (Canadian Press)—Young Stribling Thursday wired Tex Rickard his acceptance of terms for a 15-round title match with Paul Berlenbach, world's light heavyweight champion, at the Yankee Stadium, on June 10. Berlenbach already is under contract.

Do Your Bowels Ever Become Constipated?

A free motion of the bowels, every day, should be the aim of every one who aspires to perfect health, for once the bowels become clogged-up all the other organs of the body get deranged, and all kinds of diseases and disorders are liable to attack the system.

If you take our advice and use

Milburn's

LAXA-LIVER PILLS

you will find that they will regulate and keep your bowels and liver in proper shape, and when this is done there is not much chance of you ever being sick.

This valuable remedy has been on the market for the past 32 years; put up only by The T. Milburn Co., Limited, Toronto, Ont.

GAUNT COMPANY'S BOOKS

(Continued from page one.)

decided that he should not hold the merchandise. The amount collected was equivalent to double duty on the goods and packages released. Mr. Blair said he thought that final decision in this case was being withheld until the present proceedings were over.

Information From Gaunt.

John Bain, Departmental agent, of Ottawa, said he had brought about the release of the goods seized from the John W. Gaunt Company. The facts which he had used in obtaining this release were furnished to him by Mr. Gaunt and Mr. Porteous, who was interested in the Gaunt firm. The majority of the facts were obtained from Mr. Porteous.

Mr. Calder read a statement which was submitted to the Customs Department by Mr. Bain when trying to obtain release of Gaunt's goods. This set forth among other things, that Schneider, Gaunt's German agent, was sending false invoices and that it was unfair to use these as a basis for valuing the goods imported by Gaunt. The Gaunt Company was urgently in need of the release of the goods held, the statement said. Mr. Bain said the whole statement had been prepared on information furnished by Mr. Gaunt.

Shipped Via Holland.

Mr. Gaunt was recalled to the stand. Mr. Calder asked him how he knew that many of the Canadian importers imported toys from Germany via Holland. Mr. Gaunt replied that he knew this practice was general because he saw the merchandise. Dolls were not made in Holland, but in Germany. They came to Canada either through Holland or England.

Consider Penalty.

Mr. Calder asked if the Department had never considered the advisability of punishing a firm which had been "consistently outwitting the Department," when it had a big shipment like that to deal with.

Mr. Blair said the John W. Gaunt Company was a new concern. Mr. Calder thought "this limited liability company business may be overplayed." Because Col. Porteous had joined the firm and new capital had come in did not alter anything the company had done before. He asked if anything had been done to close out the matter.

Mr. Blair thought the decision was being withheld until the present proceedings were over.

There was some discussion of the technical charge which would arise out of the use of blank signed invoices. Mr. Blair said he had never considered it fully. It did not seem to be forgery because the invoices bore a bona fide signature.

Mr. Calder thought the filling in of details on a blank document over a signature might be called forgery.

Mr. Blair was not sure. It would constitute an offence probably under the Act.

No Grounds For Action.

Mr. Calder asked Mr. Wilson why no action was taken against Gaunt, following the investigation by Customs Officer Moore.

Mr. Wilson said the appraising officer, Fowler, was asked for a ruling on the case. Mr. Fowler sent back a memorandum suggesting that there were no grounds for action.

"Mr. Hurson came to me and bluffed his way from the beginning to the end," exclaimed Mr. Gaunt, who was next on the stand. Hon. H. H. Stevens was asking him if the valuation on invoices was not done under Gaunt's direction and instruction.

Col. C. F. C. Porteous, who joined the Gaunt firm later, took the stand and said that he had asked Hurson on two occasions if invoices were made out correctly and received a positive affirmative answer. Col. Porteous submitted that one shipment could not be seized for under valuation of a previous shipment.

No blank, signed invoices were used after his advent to the Gaunt Company, said Col. Porteous.

DAD LOOKS HIM OVER

ROGERS HORNSBY, AND SON, WILLIAM

Some day you may be talking about Billy Hornsby being just as great ball player as was his dad. Of course, it wouldn't be for a quite a few years, for Billy, you see, is only 10 months old now. Then, too, his illustrious parent may decide on a different sort of career for him —fathers usually do. Here we see the manager of the St. Louis Cardinals "looking over" his young son during training camp practice.

GOVERNMENT TO RECRUIT 50,000 SPECIAL CONSTABLES AND LABOR MAY CALL OUT TWO MILLIONS

Plans For Reinforcement By Both Sides—No Signs of Yielding.

BETTER TRANSPORT.

Public Finds Less Inconvenience—Many Minor Disturbances—No Deaths.

LONDON, May 8 (Canadian Press)—Neither side to the strike dispute shows the slightest disposition of yielding to the other. On the contrary, there is a tendency to use stronger forces on both sides. The Government is enrolling thousands of additional volunteers to substitute the strikers, and announces that it will reinforce the police by recruiting, if possible, 50,000 special constables.

On its side, the Trades Union Congress is talking of bringing in its second line of defense, would add another 2,000,000 to the strikers.

So far as the general public is concerned, things seem to be growing easier daily. The organization provided by the government and volunteers, especialy for transport, is continually improving, with a consequent lessening of public inconvenience.

A notable feature of the gigantic conflict, now at the end of its fourth day, is the complete absence of serious disorders; not a single death has been laid to the strike.

In almost all previous miners' strikes there was considerable trouble in the coal fields, but on this occasion they are remarkably free from disorder.

No Peace Headway

Although there were vague rumors Friday that a possible settlement was imminent, so far as the general public is concerned peace has still made no headway. Nothing appears to have yet developed from the unofficial talks between Premier Baldwin and J. H. Thomas, who, as head of the railwaymen's union, is looked to as the man most likely to bring peace between the government and the trades unions.

The British Worker, mouthpiece of the strikers, in last night's issue says that the council of the Trades Union Congress wishes it to be clearly understood that no official or unofficial overtures have been made to the government by any individual or group of individuals, either with or without the sanction of the general council. The council declares further that it is ready at any moment to enter into preliminary discussions regarding withdrawal of the lockout notices and the ending of the general stoppage and the resumption of negotiations for the honorable settlement of the mining dispute, but adds that "these preliminary discussions must be free from any condition."

No Basis of Approach

As the government insists on the unconditional withdrawal of the strike notices, there seems no basis of approach between the two sides. Nevertheless, J. Ramsay MacDonald, the former Labor premier, and the parliamentary Labor party, are still doing everything possible to promote peace.

A. J. Cook, secretary of the Miners' Federation, and Frank Hodges, secretary of the Miners' International Federation, who had arranged to go to Ostend for the International Miners' Conference, opening today, cancelled their journey last night. They decided to remain in England over the week end, and, with the other trade union leaders, address the strikers' meetings Sunday. This sudden change in plans is taken in some quarters as indicating the possibility of a new development.

In the meantime the country is trying to carry on in as near normal manner as possible. There have been disorders in London, especially attacks by hooligans, on volunteer transport workers. In other places outside the metropolis, notably Glasgow, Edinburgh, Hull, Middlesbrugh and Nottingham there has also been trouble, but for the most part it is taking the form of attacks on omnibuses or the food transport service. All these disturbances have been easily controlled by the police without the need of calling upon the military for aid.

Many Theatres Closed

Many theatres in London have closed, but others are bravely risking half empty houses and heavy losses. Sir Oswal Stoll, theatrical magnate, has issued an appeal to the citizens to recognize the theatres in their attempt to spread cheer in a depressing situation.

"There is no strike against attending the theatres," says the appeal, "And it is untrue to say the streets are not safe. All the staffs have turned up at every performance since the strike began."

The press of the country is still tied up with the exception of some smaller provincial papers, where the men are returning to work and the papers are reappearing. In London one or two dailies are able to issue a four page paper giving mainly strike news. The public, however, is still indebted for most of its information to the government paper, "The British Gazette," and the trade union organ, the "British Worker." In these two papers a strong contrast is being waged over the question of the constitutional aspect of the general strike.

Labor Statement

The Trades Union Congress contends that its action is not an attack on the constitution. In an official statement printed in the "British Worker" this body says:

"The general council does not challenge the constitution; it is not seeking to substitute an unconstitutional government, nor is it desirous of undermining our parliamentary institutions. The sole aim of the council is to secure for the miners a decent standard of life. The council is engaged in an industrial dispute; there is no constitutional crisis."

Woodman In Hospital Knocked Down By Tree

RENFREW, Ont., May 8. — Canadian Press. — With his skull badly fractured, the result of a fall yesterday afternoon, Frank Lepine, aged 37, is in the hospital in a critical condition. He was cutting down a tree here when an upper portion of the trunk in falling, knocked the ladder from under him, throwing him to the ground. He fell head first on the side walk.

THE RIVERSIDE ARENA.

Next week you will be given further opportunity of assisting in the financing of the Riverside Arena Rink, which proposition is now before the public, and which already has received strong support from many of our citizens.

This increased ice surface and seating accommodation is absolutely required, and the artificial ice will place the hockey team on the same footing as other teams in the League. To ensure the erection of this new arena, everyone must become interested. An artificial Hockey Arena would be a great asset and advertisement for the City. When you are asked to subscribe do your very best. Everyone doing their bit would assure the success of the venture in no time.

STRIKE SUMMARY.

Government appeals for 50,000 Special Constables.

Coal Supplies for foreign vessels in British ports cancelled.

Electricians quit 19 of 28 borough power houses in London Friday.

Nearly all London shop and office employees given Saturday holiday.

Train service doubled.

No signs of peace late Friday night.

Many minor disturbances but no serious clash.

THE WEATHER.

Yesterday's highest temperature was 74 degrees—quite warm but not equal to last Sunday. Lowest point last night 49 degrees. At the present time some very warm weather is being experienced in some portions of the Canadian northwest, and 90 and over in the shade is not uncommon. Some of the trees are commencing to show signs of renewed life, and a difference can be noted every 24 hours.—W. P.

Cuban Tobacco Factories Closed By British Strike

HAVANNA, Cuba, May 8. — Canadian Press. — The general strike in England is holding tobacco on the docks here, threatening serious depression of Cuba's second greatest industry.

Some tobacco factories closed to-day, because of an over-supply. Hundreds of tobacco workers are thrown out of work.

TRAPPER DIES FROM POISON

Admits That It Was Self-Inflicted—Wife in Quebec.

IS NOTIFIED.

NORTH BAY, May 8. — Canadian Press. — Alphonse Lebel died here last evening, a short time after he had been found in his hotel room suffering from effects of strychnine poisoning which he admitted was self administered. Lebel, who had been trapping in the north country during the winter had relatives in Isle Verte in the Province of Quebec, it was learned from papers on the body, and his wife at Isle Verte was immediately communicated with.

PRICES LOWER FOR PRODUCE

Many Buyers and Sellers on Market This Morning.

BUTTER 35 CENTS.

There was a good crowd of buyers on the farmers' market this morning. In the basket section produce was plentiful, and prices were lower than last week's quotations:

Butter was quoted from 35 to 40 cents a pound, and eggs were 26 to 28 cents a dozen. One lady had scrambled eggs in her basket, but the circumstance was unintentional. Rough roads and a packed basket were responsible for the breakage.

Chicken was 35 cents a pound, and hens 28 cents.

Various offerings were well patronized. There were several sales of home made cooking and a display of unperfumed paper roses had the finishing touch in the strong aroma of the green onions that companioned them.

Gladioli bulbs were sold 25 for 15 cents, at one counter, and 20 cents a dozen at another. Dahlia bulbs were 7 for 25 cents and 10 cents apiece.

Cream was 30 cents a pint. Syrup was priced at 65 and 68 cents a quart.

Mayflowers and dog-tooth violets in bunches were 5 and 10 cents each. In the garden section, plants in boxes, phlox, marigolds, zinnias, pansies, cosmos and tomatoes were 20 cents a box.

Potatoes sold for $4 and $4.25 a bag, with seed potatoes at $3 a bag.

A lady vendor in the basket section had cured pork at 22 cents a pound, another sold rag rugs at 95 cents each and patchwork tops for spreads at $1.50 apiece.

Spy apples were 35 cents a peck, Starks 30 cents.

BARBERS MOVED.

W. J. Welch has moved from East City and established his high-class barber business at 144 Hunter Street, just west of the Roy Studio. Identified with him is G. Downer, who has the past four years operated the first chair in Lewis' Barber Shop. Welch & Downer wish to announce that they are prepared to serve the public with a skill in ladies' gentlemen's and children's work which will assure satisfaction at all times.

Their roomy premises are equipped throughout in white, and present a bright and refreshing appearance.

Miss Tranter's beauty parlor in connection offers the highest type of service. 'Phone 844 for appointments. 2d109

A banana plant may grow 40 feet in a year.

LONDON ELECTRICIANS WALK OUT IN 19 OF 28 BOROUGH POWER HOUSES

Plants Operated By Soldiers and Volunteers—Friday Development.

ORDERLY AFFAIR.

LONDON, May 8. — (Canadian Press.)—The leaders of the Electric Trades Union announced last night that electricians and assistants in nineteen of London's twenty-eight borough power houses walked out yesterday. The plants have been taken over and are being operated by soldiers and volunteers.

There was no interruption of electric light or power service. The men having given notice previously that they would leave their posts.

This action of the electrical union workers came after a hectic day in electric union circles. The Electrical Trade Union of the London district, acting on its own initiative, had demanded from each of the twenty-eight union branches— one in each borough—a definite pledge that power should not be given to any industrial workers or factories. Only nine of the branches were able to comply and as a consequence the other power houses were blacklisted and union labor was recalled.

The districts where normal current is being transmitted with union labor are chiefly in the working class districts, including Stepney, Battersea, St. Pancras, Walthamstow and Shoreditch.

The leaders explained that the walkout was accomplished in a most orderly manner and that as the men had given notice some hours before the borough authorities were able to call upon volunteers enrolled at the government's recruiting bureaus.

STRIKE BULLETINS

PEACE TALK PERSISTS.

LONDON, May 8. — (Canadian Press.)—Talk of movements looking towards the settlement of the industrial crisis persisted on this fifth day of the general strike throughout the British Isles, but whether hope was the sole basis for the reports current of a possible peace movement could not be ascertained. The British Gazette, the Government's organ, declared in its issue of to-day that there was no foundation for the report that Premier Baldwin and J. H. Thomas, secretary of the Railwaymen's Union, had a conference at a late hour on Thursday night at which it was assumed a solution of the general strike crisis was sought. While many of the newspapers continue their quaint leaflet productions and a few others have achieved issues more or less resembling their normal publications, the Trades Union Congress, whose British workers last night was only half its usual size, announced that it had been compelled to cut down the size of the sheet because the government was holding up its supply of paper. Recalling that the Labor leaders declare it is impossible to accept the Government's condition of withdrawal of strike order before peace negotiations can be resumed, the British Gazette says: "It has happened before in great strikes that when the leaders use the most uncompromising language it is just time when they begin to consider how to end the dispute."

It adds that "the unbending position" of Herbert Smith and A. J. Cook if persisted in will undoubtedly lead to friction among the laborites before many days have passed. There was some further rioting in Glasgow last night in which bread wagons were attacked by mobs. The police were forced to use their clubs in frequent charges, forty-eight of the rioters being taken into custody.

DOCK WORKERS QUIT.

DUBLIN, May 8. — (Canadian Press.)—Dock employes struck here last night and the steamer Hibernia had to be berthed by volunteers. The strikers claimed that the Hibernian had left Holyhead with non-union laborers in its crew.

FLAT RATE SIX CENTS.

LONDON, May 8.— (Canadian Press.)— The transport companies have introduced a flat rate of six cents for a ride anywhere on the buses and underground lines because the volunteer staffs are unacquainted with the regular rates between various stations.

NO NEGOTIATIONS.

LONDON, May 8. —(Canadian Press.)—A. J. Cook, general secretary of British Miners' Federation, said this morning there was nothing in sight to indicate the possibility of any week end negotiations for settlement of the strike.

MAIL BOAT SAILS.

HOLYHEAD, May 8.—(Canadian Press.)—The first mail boat to leave for Dublin since last Monday departed last night with 192 passengers.

ELECTRICAL EMPLOYEES OUT.

LONDON, May 8. — (Canadian Press.)— Municipal electrical employes at Leeds have been called out.

TRAM WORKERS RETURN.

LONDON, May 8.— (Canadian Press.) — At Portsmouth 90 per cent. of the tramways workers were reported to have gone back to their job.

AN ULTIMATUM.

LONDON, May 8.— (Canadian Press.)—The Government has notified striking tram employes at Reading that all will be discharged unless they return to work to-day.

CLOSE THE PUBS.

LONDON, May 8.— (Canadian Press.)—No liquor of any kind will be sold in any licensed place in Edinburgh to-day after 3 o'clock. The licensees of Edinburgh have agreed to close down at this hour at the request of the government, who fear possible disturbances if the public houses remained open on Saturday evening.

Situation More Intense

The text of the Government's official communique yesterday afternoon reads:

"The work of feeding the people and maintaining light and power and essential communications is being successfully accomplished.

"Nevertheless, as was to be expected, the situation is becoming more intense and the climax is not yet reached. Orders have been sent out by the leaders of the Railway and Transport Unions for their members to do their utmost to paralyze or break down the supply of food and necessaries of life.

"Intimidation both by disorderly crowds and pickets has occurred at many places and may soon occur at many more. His Majesty's Government has directed all authorities to repress and overcome these criminal obstructions."

Reserves Not Called Out

LONDON, May 8 (Canadian Press).—The following statement was issued by the War Office last night:

"Rumors continue to be circulated to the effect that, first, the army has reached the end of its resources; second, that the army reserve has been called up; and third, that troops have been ordered on strike duty and have refused to obey the orders.

"The War Office states that with the exception of guards for a few vulnerable points in Great Britain no troops have been called out to aid the civil power, but that as previously stated, certain units have been moved to district to be available if their services are required.

"The spirit of the troops is excellent. The army reserve has not been called out."

Money From A.F.L.

WASHINGTON, May 8 (Canadian Press).—It is definitely stated in high Labor circles here that fin-

(Turn to Page 16, Please)

Three Months' Supply Of Meat Now In England

LONDON, May 8 (United Press).—Sufficient meats to last three months are now stored in England, R. H. Cabell, London manager of Armour and Company, told the United Press today.

"England has sufficient meats to last three months without importations. We are expecting to unload three shiploads this week. An average of four tons daily is being delivered at present from the storage houses," he said. "These have moved through the worst strike districts, but so far only one miner has attempted to hold up our trucks.

"There is little possibility of a serious increase in prices. The usual fluctuations will be observed and additional costs of transportation will go into the consumers' bill."

Chicago Strike Bloody, Breakers Slay Striker

CHICAGO, May 8. Canadian Press. — A striking foundry worker was shot and killed and another man was wounded in a battle of bullets and bricks today between strikers and strike breakers in Cicero. Thomas Hallwood, 39, a striking moulder, was slain. Charles Shimkus, also a striker, was shot in the leg. It is believed two other strikers were wounded.

STEAMER CUT THROUGH FLOES

Determined Attacks Being Made on Ice in Lake Erie.

MAKING PROGRESS.

PORT COLBORNE, May 8. Canadian Press. — King Winter is making his last stand as inch by inch 26 steel freighters in the ice off Port Colborne fight their way through to open water. With the steamer Royalton in the lead, the stranded vessels made a determined assault on the ice pack yesterday and at 7 o'clock only a boat length separated the leading vessels of the outgoing and incoming squadrons.

AT BUFFALO.

BUFFALO, May 8. Canadian Press. — The onslaught of the fleet of lake freighters from this port against the huge icefields at this end of Lake Erie continued to-day.

Thirty eight big vessels were bucking the floes, and six or eight more were expected to join in the attack during the day.

The United States coast guard station reported the fleet was making about a quarter of a mile an hour, and the leading boat still has to plow through about 25 miles of ice before reaching clear water.

Steamers at Port Colborne, Ont., were preparing to-day to follow the channel cut by the Berrytown yesterday in the first successful dash for open water from that port this year.

GAME WARDEN STILL MISSING

Police Have Made Thorough Search Of All Bancroft District.

GONE FIVE DAYS.

BELLEVILLE, May 8 (Canadian Press).—Clarke Russell, game and fisheries inspector, missing since Monday from Bancroft, has not been found, and police today put into action extra measures to solve the mystery. Constable McCoy and thirty men have, however, made a thorough search of all the adjacent country which is still snow-covered but found no trace.

MALE VOICE CHOIR SINGS AT COBOURG

About Fifty Members Give Well Attended Concert.

The Peterborough Male Voice Choir, about fifty strong, motored to Cobourg last night, and gave a very successful and well-attended concert in Trinity United Church.

The choral programme was very well received, as were the vocal solos by Miss Daisy Murray and instrumental numbers by Miss Agnes Logan.

At the conclusion of the programme, a sumptuous banquet was served by the Ladies' Aid Society of the chruch.

DISPLAY OF ARMED FORCE IS MADE IN STORMY SECTIONS TO BREAK UP LAWLESSNESS

Armored Cars and Tanks Stationed at Strategic Points.

HUNGER PINCHES.

Wales Lies Under Spectre of Want—Strikers Ask Help.

LONDON, May 8. Canadian Press. — Labor to-day seems temporarily to be cowed by the government's display of armed force.

The country generally is reported to be orderly this afternoon, with armoured cars, tanks, steel helmeted troops and thousands of special constables ready to smash lawlessness.

So far the armed forces merely are stationed at strategic points or acting as convoy troops. They would not unsling their weapons unless it were necessary to maintain the peace or to prevent starvation of the population.

It is reliably learned to-day that Labor is interested in the suggestion of the Archbishop of Canterbury that the disputants effect an agreement which would return the situation to the status quo of last Friday when the miners still were in the pits and the general strike had not been hinted.

Half Holiday Today

LONDON, May 8 (Canadian Press).—Intensive preparation by the Government to deal with any untoward situation and to keep the vital services running featured the fifth day of the general strike. This being Saturday, a half-holiday, there was little attempt to conduct ordinary business anywhere.

The Government statement at 1 p.m. said the situation was the same as yesterday, and satisfactory. In the Welsh mining district the strikers are beginning to feel the pinch of hunger and hundreds of miners' families have applied to the Poor Guardians for relief. Polio in the congested districts of London were reinforced. Armored cars are being moved toward London from Aldershott military camp and a Tank Corps was embarked at Belfast this morning for an unknown destination. No disorders had been reported early this afternoon. Trans-Atlantic liners continue to move pas-

(Turn to Page 16, Please)

87 In Shade Yesterday In Portage La Prairie

WINNIPEG, May 8 (Canadian Press). — Light showers have materially relieved the parched conditions throughout Manitoba and predictions are for early relief from the torrid heat that has prevailed during the past few days. Portage la Prairie with 87 in the shade was the hottest place in Canada Friday.

KIWANIS CLUB SPONSORS CITY CLEAN-UP WEEK

Appeal To Citizens To Make Campaign a Big Success.

ENDORSED BY MAYOR.

Are Anxious That Tourists Gain a Good Impression of City.

Next week commencing on May 10, will be known as Peterborough's Clean-Up Week, and the Kiwanis Club is urging that every citizen enthusiastically co-operate in the work of cleaning up back yards, lawns, gardens and back lanes which will result in Peterborough being a cleaner, neater, and safer city during the ensuing months.

The Kiwanis Club has taken this matter up with Mayor W. T. Holloway, who has promised them every assistance and gives the idea his hearty endorsation. If the citizens get behind the Kiwanis Club in this worthy project, there is no doubt that the desired result will be obtained and they themselves will be the first to both see and feel the benefits of a beautiful city, not to mention the numerous tourists who will shortly be passing through on their way to the various resorts. Charlie Lacheur, chairman of the Arbour Day Committee of the Kiwanis Club, is anxious that the tourists get as good an impression of the city as is possible, and says that this clean-up campaign will do more than anything else towards bringing them back as well as giving them a favorable impression to take back with them.

WITH MACARONI

Macaroni, cooked and chilled is excellent combined with celery, hard boiled eggs, olives and mayonnaise dressing to form a luncheon salad. If you serve it with brown bread or whole wheat bread, your luncheon is well balanced and adequate.

THINK IT OVER.

Canada now ranks third among the gold-producing countries in the world. She has more of the mineral-bearing pre-Cambrian strata exposed than all the other countries of the world combined. The Hollinger mines is the greatest gold producer on the American continent. Gold mines discovered since 1900 have produced over a million dollars.

MUSINGS AT A MANSE WINDOW

WHAT a wonderful window is this window of mine. I sometimes think that there must be something of magic about it, for it seems to be able to adapt itself to my every mood. If I should happen to be interested in the passers-by, as I often am, it lets me see them coming and going all day long, and sometimes far into the night. At other times it brings within the range of my vision faces and forms of those who are far away from here. And that is how it has been acting to-day. Rather than being a window it has seemed to be a frame of gold. And in that frame there is a picture, for the painting of which neither canvas, nor paint, nor brushes were used. It is a picture which is enshrined in every heart, the picture of her whom we call, Mother. There is no one in all the world quite like her. And it is fitting that one day in the year should be dedicated to her memory, and be known as Mother's Day.

THINKING BACK.

So I cannot get interested in the passers-by to-day. My interest seems to lie elsewhere. I have been traveling back across the years, just how many of them, I wouldn't like to say, and of course you wouldn't be the least bit interested in that anyway. And I have been far away from Canada as I have thought of the hills and glens of my native land, "Land of brown heath and shaggy heather."

As I sit at this window which seems to be a frame of gold I seem to hear "Chimes From a Jester's Bells," and they are carrying me back to the place of my birth, that harum-scarum kind of a village that I always want to think of as Blinkbonnie. The sound of those bells has tempted me to borrow a thought which is splendidly suited to the mood of the moment.

THE ROMANCE OF BIRTH.

I struggled for light and I did not know what light was. I just opened my eyes, "and there was light." I had never used my eyes before, yet I could see with them. I made an effort to cry although I did not know that I had a voice. My first cry was for help, although I had no idea what I was crying for. I was just a tiny craft in sight of new shores, without any knowledge of my latitude or longitude. If I had been asked I could not have told from what port I had cleared. I did not know where I was; I had no reckoning, no chart, no pilot. I was one of the most helpless of all God's creatures, and needed then, as much as at any time in my life, the shelter of a mother's love.

THE ELOQUENCE OF A CRY.

The language of the inhabitants of the world into which Providence had brought me was a language I could neither speak nor understand. So I saluted them in the one universal speech of God's creatures—a cry. The most elemental thing in human experience is a cry. Everybody understands that. If I could not have done that, then tell me you wise people, what could I have done? But I cried, and my cry was heard and answered. In after days, when I could do something more than cry, a cry was still the most eloquent form of speech I could command. And if I cried in the darkness of the night, no matter how tired she might be after the work and worries of the day, she would respond to that call for help immediately. That was my mother.

THE IGNORANCE OF THE WISE.

There was a doctor there, and with him there was a nurse. They meant nothing to me then. I had no ability to appreciate either their presence or their purpose. Nobody seemed to know from whence I had come; although someone suggested that I must have "come from heaven." Clever though they were they did not even know the name of the little life that came throbbing out of the darkness into the light. It was told long afterwards that they had said, "If it should be a boy," and, "If it should be a girl." And I knew as little about it as the clever people gathered there to welcome me. I heard them speak; for although I had never used my ears till that moment I could hear with them.

A MOTHER'S VOICE.

One voice I heard was a mother's voice, and there is no other in all the world just like it. It was the first music I heard in this world, and till this hour it has lost none of its sweetness. It has a quality peculiarly its own, and the most helpless babe seems able to pick it out from among all other voices which fall upon its ears.

"There is a sight all hearts beguiling—
A youthful mother to her infant smiling,
Who with spread arms and dancing feet,
A cooing voice, returns its answer sweet."

HE SEEMED TO KNOW.

Wherever I came from I must have made a long journey, for I was tired and hungry when I reached Blinkbonnie. I heard somebody say, although I did not understand what they were saying, "Give him his dinner." For it seemed as if I gave them to understand that I wanted something to eat right away. My face was laid against the fount of life, warm and white and tender. Nobody taught me what to do. I seemed to know. Placed suddenly on the guest-list of this changing old caravansary, I knew my way at once to two places in it—my bed-room and the dining-room.

I believe I looked young; and I must have been young. But I made myself at home with the easy assurance of an old traveler. It was evident that I knew the best room in the house. At any rate I demanded it, and got it. I nestled into my mother's arms as though I had been measured for them. Often since have I gone back to them and cried out my troubles, confident that I would not have to cry in vain.

WHAT IS EDUCATION?

It was then that my education commenced although I did not go to what is commonly spoken of as school till long afterwards. I had to begin my lessons the first day I reached Blinkbonnie. The fact of my youth did not seem to make any difference. I got praised when I showed myself an apt pupil; and I got punished when I showed myself to be dull and slow to learn. I bit my own toes and cried when I learned that there was pain in the world. I have studied the subject for a great many years, and it is only lately that I have discovered how many ways suffering can be self-inflicted.

I reached for the moon and set up an awful howl because I couldn't get it. Then I reached for the candle and cried because I could. These were my first lessons in mensuration, although I did not know what mensuration was It has taken me a long time, with much hard reading, to learn why God has put so many beautiful things out of my longing reach.

LAUGH AND GROW FAT.

I made everybody laugh long before I could laugh myself, by going into a temper because my clothes didn't fit me or my dinner wasn't served promptly. "Just like a man," somebody said. Don't ask me if I have got away from these failings yet. It might be too humiliating to tell the whole truth. Nobody in the family could tell where I got my temper, although often since I have heard various branches of the family tree blamed for it. It may be that I brought it with me: or perhaps I found it wrapped and addressed to my room when I got here. At all events, I began to use it shortly after my arrival. They always said I had lost my temper when most certainly I had it and was using it.

SO IT GOES.

It seems but yesterday since she tucked me in so snugly into my cradle and whispered," Sleep tight, little man: and take a long time to grow up." But in spite of her fond wish "I would not stay put." So I grew up from infancy to boyhood and played with other lads in the lanes and meadows of Blinkbonnie. I played so hard at times that it made me cry. And it has taken me a great many years to learn that too much play is apt to make anybody cry.

By and by, I learned to laugh. That came later than some other things: much later than crying. I am persuaded that it is a higher accomplishment. With me it has been much harder to learn, and much harder to do. I have never cried unless I wished to cry, and felt just like it. But I have learned to laugh many many times when I have wanted to cry. Indeed, I believe that I have grown to be able to laugh with a heart so full of tears that they have glistened in my eyes. At such times people have praised my laughter as they have said, "it is in his very eyes."

LAUGHING AND CRYING.

The woman whose memory I shall always cherish once told me that I laughed, one baby day, to see the motes dance in the sunshine. And I know that I laughed at them once again, though not quite so cheerily, many years later, when I discovered that they were only motes.

I cried one baby day, when I was tired of play and wanted to be lifted into my mother's arms and be sung to sleep. And I know that I will cry again when these arms are taken from me and folded in the sleep of death.

One half of my life I wished I were a man. Then I turned around and have been wishing all the rest of my days that I were a boy again. Seeing, hearing, playing, working, resting, believing, suffering and loving, all my life long I have kept on learning the same things I began to study when I was a baby.

OUR MOTHERS! GOD BLESS THEM.

When Napoleon Bonaparte was asked, "What do you regard as the greatest need of France?" he replied, "Mothers, mothers, mothers." Coleridge has said, "A mother is a mother still—the holiest thing alive." The tributes of praise paid by great men to the memory of mothers would fill a volume. And it will always be true that the hand that rocks the cradle will be the hand that rules the world. There is no limit to what the mothers of the world could do if they could be banded together to use the united strength of head, heart and hand. Even wars could be made to cease if the mothers of the earth could get together for such an object.

The mother of David Hume, that brilliant Scottish philosopher, is reported to have said to her famous son "David, my son: you have taken away my religion: now, give me something to comfort me in my dying hour."

Rationalism may be brilliant but it is sometimes brutal. Philosophers may be clever but they are often very confusing. And I would rather live and die an absolute nonentity than shatter the faith of her who bears the name of mother.

—Allan Fairbairn.

Mother O' Mine

BORROWING from a brook by the way, permit me to say that when God thought of you, He must have laughed with satisfaction, and framed it quickly—so rich, so deep, so divine, so full of soul, power and beauty was the conception. And the silver that tinges your hair but adds to the beauty of the portrait. It is impossible for even you to hold back the accumulating years—but to me you will always be young. So, to-day, in love's lapel, I am wearing a white flower for you, "Mother O' Mine."

Anniversary Services Continued Next Sunday and Monday, May 16-17

THE CHILDREN'S CORNER

Have you ever heard of The Magic Flower? Well now, if you haven't, there's a rare treat in store for you today. Just give me a minute or two of your young life and I will tell it to you.

Prince Florimel and Prince Carimel were twin brothers, the sons of a king, and no one could tell which of the two ought to succeed to the throne, for they were both exactly the same age. So one day they went to a certain wise man, and asked him which of them ought to be king after their father's death. "He who is most worthy," said the wise man. "But how shall we find out who is most worthy?" "He who possesses the magic flower that grows in the enchanted forest shall be found most worthy," he answered. So the two brothers travelled through the enchanted forest until they found the magic flower; but it grew in such a dangerous place that Carimel would not attempt to reach it. Florimel, however, clambered down the rocks and plucked the flower; and when he had got it, what do you think he did with it? Why, he gave it to his brother, for the name of that magic flower was Unselfishness.

That Reminds Me

A little nonsense now and then
Is relished by the wisest men.

WHAT A SHAME.

Wife—"My husband has no bad habits whatsoever. He never drinks, and he spends all his evenings at home. Why, he doesn't even belong to a club."

Friend—"Does he smoke?"

Wife—"Only in moderation. He likes a cigar after he has had a good dinner, but I don't suppose he smokes two cigars a month."

HOW ABOUT YOU?

Once more the days are here when the carpet-beating husband finds out how every room in the house tastes.

MATRIMONY OR MONEY!

The young doctor and his friend were sitting at the club window when a richly dressed woman passed. "There goes the only woman I ever loved," sighed the M.D.

"Is that so?" queried the other. "Then why don't you marry her?"

"Can't affod rit: she's my best patient."

WHAT ABOUT IT?

Landlord—"Of course, you have no children."

Prospective Tenant—"No."

Landlord—"Dogs or cats?"

Prospective Tenant—"No."

Landlord—"Piano or gramophone?"

Prospective Tenant—"No: but I'll tell you what, I've got a fountain pen that squeaks every time I use it. Hope you won't object to that?"

VERY CONSIDERATE.

Vicar of Poor Parish (showing rich lady round, with the possibility of financial help for his needy parishioners) —"We are now passing through the poorest slums. These people have little to brighten their lives."

Lady (sighing)—"I must do something for them—(to chauffeur), Alfred! drive the car slowly and turn on the big lamps."

QUITE ACCOMPLISHED.

Employer (engaging boy)—"Is there anything you can do better than anyone else?"

Boy—"Yes, sir: read my own writing."

MOSTLY SO.

"Does the question embarrass you?" asked the professor at examination.

"Not at all, sir," replied the student. "It is quite clear. It is the answer that bothers me."

SO BRIGHT.

She—"Haven't I seen you somewhere else?"

He—"Perhaps: I've been several other places."

A CLEVER WOMAN

"Well, Jim, I can tell you're a married man all right. No holes in your socks now."

"No. One of the first things my wife taught me was how to darn 'em."

THE USUAL SUBSTITUTE

Lady: "I want two pounds of rice, please."

Shopkeeper: "I'm sorry we've no rice, madam. Would confetti do?"

FRIENDLY ADVICE

Artist: "I have decided to present my latest work to some charitable institution. Which do you suggest?"

Friend: "The Blind Asylum."

If there is any person to whom you feel dislike, that is the person of whom you ought never to speak.—R. Cecil.

Don't hang a dismal picture on the wall, and do not daub with sables and glooms in your conversation. Don't be a cynic and disconsolate preacher.—Emerson.

Always laugh when you can; it is a cheap medicine. Merriment is a philosophy not well understood. It is the sunny side of existence.—Byron.

If we are not responsible for the thoughts that pass our doors, we are at least responsible for those we admit and entertain.—Charles B. Newcomb.

I always seek the good that is in people and leave the bad to Him who made mankind and knows how to round off the corners.—Goethe's Mother.

Chips and Shavings

FROM THE WORKSHOP OF JOHN PLANE

The crying need of the Church today is a passion for the conquest of men's hearts, a still greater impulse towards comfort and rescue and healing and conciliation.

* * *

If the Church is going to count for all she ought to count for in the twentieth century, more will be needed than preaching, however persuasive, and philanthropy, however effective. And if she be wise she will try to find out what it is.

* * *

Look at the Church in her beginnings and see if you are not looking at something unique among men. In an era of caste, slavery, and bitter oppression, this spiritual citizenship was a model for democracy.

* * *

Even if you are one who is helped by symbols, including stained glass windows, try reading your Bible by plain daylight.

* * *

It is well to sing hymns and spiritual songs, but make sure that the melody is first in the heart. Some folks who sing are as destitute of feeling as a victrola is even when it is reproducing the sweetest notes of some prima donna.

* * *

If the energy and time devoted by many churches to mortgages, debts, and bazaars were concentrated on the supreme task of winning men, how much better it would be for both the Church and the world.

* * *

The first Church, unencumbered by ecclesiastical machinery and traditions and caste and ritual, moved freely over the whole realm of opportunity. The business of its members was not to elaborate systems but to liberate souls.

* * *

No Church can grow, no country develop, unless there be this freedom of opportunity, this simple aim, this one thing for each individual to do. The first Christians knew what the one thing was, they did it, and therefore they turned the world upside down.

* * *

The day in which we live is a day when every institution seeks to justify its usefulness by propaganda. And the curse of our time is that it is afflicted with a disease which might be called Phraseitis.

* * *

The reason why Paul did not blush for the Gospel, or apologize, was just this—that, addressing Romans when Rome was mistress of civilization, he could boast that his was a greater power—the power, not of Empire, but of God; the power, not to subjugate all men by outward force, but to save men by inward grace.

* * *

The basis of society is public opinion, and public opinion is precisely as broad and as narrow as the minds of men.

* * *

A great poet tells us that our birth is but a sleep and a forgetting. The Word of God tells us that the new birth is an awakening and a remembering.

* * *

The speech of the Spirit is universal, intense, simple.

* * *

It is when man challenges God that he complicates his life and prepares the way for those systems of philosophy which are age-long litigation between rights and wrongs.

* * *

Neither socialism nor individualism is an answer to the fundamental question of ownership looked at from the Christian standpoint.

* * *

Christians sometimes relieve their consciences by getting rid of brewery shares. And they do well. But if the breweries fall into less scrupluous hands there may be even worse beer.

The Mother's Dream

I'd a dream to-night
As I fell asleep,
Oh! the touching sight
Makes me still to weep;
Of my little lad,
Gone to leave me sad,
Aye, the child I had,
But was not to keep.

As in heaven high,
I my child did seek,
There, in train, came by
Children fair and meek,
Each in lily-white,
With a lamp alight;
Each was clear to sight,
But they did not speak.

Then, a little sad,
Came my child in turn,
But the lamp he had,
Oh! it did not burn;
He, to clear my doubt,
Said, half turn'd about,
"Your tears put it out;
Mother, never mourn."

—William Barnes.

Proverbs from Italy

He who gives fair words, feeds you with an empty spoon.

* * *

Never show the bottom of your purse or your mind.

* * *

Keep company with good men, and you'll increase their number.

* * *

To crow well and scratch ill is the devil's trade.

* * *

The Italian is wise before he undertakes a thing, the German while he is doing it, and the Frenchman when it is over.

* * *

Three things only are done well in haste: flying from the plague, escaping quarrels and catching fleas.

* * *

The more you think of dying the better you will live.

* * *

He who pays well is master of everybody's purse.

* * *

'Tis a mark of great perfection to bear with the imperfections of others.

* * *

To an unjust government a martyr is more dangerous than a rebel.

* * *

We cannot learn our lessons at our companion's expense.

* * *

Mother-in-law and daughter-in-law are a tempest and a hailstorm.

SNOW TO SURF.

LOS ANGELES, May 7. — An annual snow-to-surf race is held from Lake Arrowhead to Newport-Balboa. The participants go through several snow stunts, then by auto to the sea and finally change their winter garb for bathing suits and dive from canoes. All contestants must carry full equipment from the time they start on the ski jump to the time they reach the briny deep.

The soul occupied with great ideas, best performs small duties.—James Martineau.

PRESENTATION MADE.

Classes Meet To Give Club Bag To Their Teacher Before Departure.

The united classes, the Excel and the F.A.S., of St. James' Sunday School held a surprise party at the home of their teacher, Mrs. J. Fairbrother, who expects to sail for England on May 22. During the course of the evening Mrs. Fairbrother was presented with a handsome leather club bag. Miss L. Lockhart read the address and Miss T. Meredith made the presentation. Mrs. Fairbrother, though taken by surprise, made a fitting reply. An enjoyable evening was spent by all.

WEDDING BELLS.

YOUNG—BLEWETT

A very pretty wedding was held in Gilmour Memorial church on Thursday, May 6th, Miss Hazel Alberta Blewett of Chemong Road being united to Mr. Henry Wesley Young of North Monaghan. Miss Mabel Paul, church organist, played the wedding march as the bride entered the church leaning on the arm of her father, Mr. Sidney Blewett. Rev. John Galt of Oshawa, former pastor of the church, assisted by Rev. W. S. Edgar, present pastor, conducted the wedding ceremony.

The church was tastefully decorated for the occasion and a good company gathered to witness the event.

The bride was costumed in ivory brocaded crepe with veil and orange blossoms and carried a bouquet of Columbia roses. Mr. and Mrs. Max Archer acted as witness and signed the register. Mrs. James A. Young sang "Until," while the register was being signed.

After the ceremony a wedding supper was served in the bride's parents' home. The table was very attractive, centered with pink sweet peas and pink candles in silver holders.

During supper the Rev. W. S. Edgar expressed the good wishes of the company to the bride and bridegroom. The groom briefly replied.

Miss Mabel Paul and Mrs. J. A. Young were the recipients of presents, a boudoir clock and a gold bar pin. After the supper the young couple motored to their new home in Monaghan. The bride's going away dress was cedarwood block crepe with coat and hat in harmonizing shades.

MILLBROOK NEWS

MILLBROOK, May 8.—Born—In Millbrook, on Wednesday, May 5, to Mr. and Mrs. Robert Hughes (nee Edith McIvor), a son.

Mrs. G. Bryatt of Peterboro, was the guest of her parents, Mr. and Mrs. Thos. Harkness, on Wednesday.

Rev. Canon and Mrs. Allen motored to Peterboro on Wednesday the former attending the diocesan meeting of the Archdeanery of Peterboro which convened at St. John's church.

Mr. Walter Harkness has secured a good position with the West End Motor Sales, Toronto, and will move his family to that city to reside in the near future.

W. W. Brown, 4th Line, Cavan, did some seeding on his land this week; the ground, however, is still very wet in spots, and it is not probable that planting will be general in that part of the township for a little time yet.

Another family has been quarantined for scarlet fever this week, and other members in families which have been isolated have taken the disease. Several of the school pupils have taken the precaution of being inoculated the second time, two weeks apparently being the time limit for which this is effective. To miss school now is rather serious, examination time being so near.

Shun idleness, it is the rust that attaches itself to the most brilliant metals.—Voltaire.

ANGLICAN.

SATURDAY, MAY 8, 1926.

LEARN TO SWIM.

Peterboro has reason to thank those two splendid community organizations, the Y.W.C.A. and Y.M.C.A., for the opportunities they have supplied to scores of local citizens to learn the useful art of swimming.

The vacation season is drawing rapidly near; in a short time Peterboro people will be scattering to river and lake resorts for their annual outing.

How much safer and more comfortable every one would feel if a knowledge of swimming were universal among these holiday seekers.

There are so many hazards for the non-swimmer at Ontario summer resorts.

An accident that to the expert swimmer would mean merely a ducking and a joke usually means death to the individual who knows nothing about how to take care of himself in water beyond his depth.

There is little excuse nowadays for not being able to swim.

The Y.W.C.A.'s swimming pool is open at the present time for the benefit of girls and women who want to learn, while the Y.M.C.A. has announced a special two weeks' course to open shortly in charge of George H. Corsan, one of the best known swimming instructors on the Continent.

Thus these two institutions are making it possible for Peterboro people to learn the art of swimming well in advance of the holiday season, and the opportunity should not be allowed to slip by by the non-swimmers who expect a vacation at a water resort.

JUST A WORD OF APPRECIATION.

Courtesy and kindness are taken so much as a matter of course while most of us who can overlook these qualities without difficulty are so inclined, on the other hand, to find fault readily that it is a pleasure to pass on to the employees of the Hydro street railway and bus system a bouquet of appreciation tendered by a visitor who has been impressed by the courtesy shown by chauffeurs, motor men and conductors.

The Examiner believes this tribute to be well merited.

The employees of the local transportation system show in many ways a helpful and courteous spirit that is appreciated by patrons of the system and by the strangers within our gates.

Possibly one reason for this is the excellent example set for them by Superintendent John McCann, who is never too busy ironing out the wrinkles in the system to prevent him extending a helping hand to those in need of it or to furnish information to a perplexed visitor.

A day or two ago the well-known Superintendent was seen to come to the rescue of a woman passenger transferring from one car to another who found herself facing the problem of carrying a youngster and a suit-case.

Mr. McCann solved the problem by carrying both to the waiting car.

Just an incident in the day's job; probably the Superintendent thought nothing of it, but it was one of those incidents that are eloquent, that speak of the spark of human kindness and courtesy that make the word "service" mean something.

A HELPING HAND NEEDED.

An appeal is being made by the City Baseball League for support for that organization, particularly along the line of furnishing leadership and backing for the young players of the city.

This matter is referred to in the sporting columns, of course, but there need be no apology for speaking of it here as well, inasmuch as the Examiner feels sure that the fathering of healthful and supervised recreation for youngsters is a matter of community importance.

It appears that there is no dearth of playing material; Peterboro is full of young players anxious to participate in the various series.

The hitch comes in the fact that eager as these youngsters are they need the assistance of organizations or individuals to take hold of their teams and see that they are given a fair chance to develop.

It is this aspect of the situation that the Examiner desires to put before the citizens; surely in a community of this size there are enough good friends of baseball, once they realize the need, to undertake to furnish a helping hand to get these young teams under way.

At the same time there should be enough old players to furnish the youngsters with the leaders and coaches they require.

Peterboro's young ball teams within recent years have won a number of Provincial championships, and given their home city the benefit of some excellent publicity as a result.

It would be a pity indeed if for lack of support and appreciation this splendid record would have to be brought to a close now.

FOR MOTHERS ONLY!

A poet once sang his lay about God being in the heaven, making all well with the world.

But heaven is so far, and mother's kitchen is so near. God is so remote, so strange, so awesome, so many-named to even grown-ups.

Is it any wonder then that the child is not so concerned about God being in his heaven making all well with the world, as that mother is in her kitchen going about the homely ritual of every-day living, which means that the child's world is well indeed?

We grown-ups, casting back through the years, find one unfailing memory—this memory of a radiant, joyous, all-well world when mother was at her post, of a world out of joint and fallen upon evil ways with mother away or ill or gone from us.

Mothers give their lives.

They get a day.

One day from the cycle of the year's many days in which to be formally told that they are beloved.

We wonder sometimes if these mothers who love silently every second of their lives, asking little word-spoken love in return, know of this childish faith in a mother-ruled world, this childish horror of a world without mother at the helm?

Perhaps they do. Perhaps that is why children rushing home from school find a kitchen fragrant with sugary cookies baked for them, find a sewing machine whirring away at foamy ruffles and lace, find pink frosting being smeared upon a birthday cake and feel a mother's kiss upon them, and a smile in her eyes if the report of the school day is good.

The mother's lot is a hard lot. A round of working, battling, praying, weeping, smiling for her children.

Is it worth the candle, we sometimes wonder? The answer is locked fast in the hearts of all mothers.

But the very fact that mothers are, must prove that they chose this way of life, clear-eyed, believing that the goal is worth the game.

And there is only one possible goal which can make their years a crown and not a cross to them—the goal of rich, abundant, grateful love lavished upon them from the hearts that once beat next their own.

Tomorrow is Mothers' Day. Armfuls of blossoms will fill the arms of Canadian motherhood.

That love which gets beaten behind the dam by the feverish pulse of rushing every-day life, gushes forth for its little hour, telling mothers that they are loved always even as on Mothers' Day.

THE LOVE OF SPORT.

It was Talleyrand, we think, who once said that one of the secrets of the greatness of the British peoples was their love of sport. It is something which, certainly, is more characteristic of the English-speaking peoples than of any other, and it is not confined to any one class among them. Thus the other day when the Australian cricketers were banqueted by the British Institute of Journalists, the two most whimsical and appealing speeches came from two old heroes of the wicket in the persons of Mr. Stanley Baldwin and Sir James Barrie.

Sir James Barrie's speech was one of those little magic efforts for which he has become famous, a speech threaded with golden passages of shy humor, of pathos, of idealism, and of wistfulness. The greatest moment in anybody's life, he said, has nothing to do with his profession or with whatever work he has devoted his life to. His own finest moment, for example, had nothing to do with literature, but everything to do with cricket. "Once I was asked by a cricket eleven of undergraduates playing against a Gloucestershire village team—the county of Graces, you know—I was asked to fill a temporary vacancy—and they put me on to bowl, and I did the hat-trick."

And then, from this great artist, whose clean mind and heart loves sport, came this wonderful passage:

> "A rural cricket-match in buttercup time, seen and heard through the trees; it is surely the loveliest scene in England and the most disarming sound. From the ranks of the unseen dead, for ever passing along our country lanes on their eternal journey, the Englishmen fall out for a moment to look over the gate of the cricket-field and smile."

Often we think that the best answer to those who bewail this "decadent age" is the growing love of sport. For there are more lovers of sport now, we think, than at any time in the past. More people are getting the thrill—and how much in life can surpass it?—of driving a golf ball far down a fairway of God's own green; more knowing the happiness of tramping over hills and meadows in blessed oblivion of what is wearisome and sordid; more getting the exhilaration of joyous combat on tennis courts; more playing or watching or admiring other games where courage and clean living and keen thinking are the things that count.

And not only among men, but girls. Too much is said and written about the "flapper," about the so-called modern female who goes to petting parties, and uses rouge and lip-stick and all those more or less harmless things over which reformers rail. Not enough is told of that vision of loveliness and fairness, surpassed in no age—the healthy, clean-limbed modern girl who on golf course, or tennis court, or skis, can more than hold her own with the once dominant male.

While the youth of our race continue to love sport, to love it and play at it for its own sake, there will be no peril from decadence. Rather will there grow a finer womanhood and manhood, a keener homage for that spirit of fairness and chivalry and clean courage which, after all, are the previous things of life.—Ottawa Journal.

EDITORIAL NOTES AND COMMENT.

A doctor at the Toronto convention says kissing babies is dangerous. Does he want to rob the politicians of one of their choicest bits of strategy?

Perhaps Sinclair Lewis figures that the publicity his refusal of the Pultizer prize has given him is worth a good deal more than the $1,000 prize money.

At that the House of Commons might have found a discussion of the doings of Baldy Robb a little more exciting than the Budget debate.

A continuation of the warm weather will be a welcome contribution to the success of Clean-Up Week—but it will take more than weather to do the trick.

Mr. Saklatvala, Communist member of the British Parliament, who has just been jailed for sedition, said in the ccurse of his offending speech that the Union Jack has been sheltering fools and rogues. And when one looks at Mr. Saklatvala it is hard to deny that he was right in one respect or the other, so far as his own case is concerned.

About the only place where authority and tyranny are widely separated is in the dictionary.—Kingston Standard.

May we next expect to read of Chicago gangsters towing howitzers around the street?—Hamilton Spectator.

Chemist says there is alcohol in bread. That has long been known to be a fact in the case of buns.—Border Cities Star.

Mud baths are being used to make people beautiful, but you don't see any pretty politicians.—Regina Post.

There is a lot of prohibition talk now, but when the party platforms are written neither side will take a chance of slipping on a wet plank.—New York Herald-Tribune.

Wool—Fine and coarse, 18c lb; rejects, 12c lb.

Hogs

Dressed—Head on, $20.50 cwt.; head off, $21.50.

Live hogs—Thick, smooth, $13.25 cwt; select grade, $14.50 cwt.

TORONTO LIVESTOCK

TORONTO, May 7.—So far the British labor strike has had little effect on the export cattle trade from Canada. Export buyers this week took about 1,300 cattle, between two and three hundred more than for many weeks past. The total export shipments for the week from Montreal and St. John were over 2,000 cattle. Up to the present no countermanding order has been received, and requirements for the export trade for the coming week will, if there are no new developments, be about the same as for this week, billing through to the same ports, Montreal and St. John. Shippers are advised, however, to watch for press reports of the progress of the strike in England, and to govern themselves accordingly. Expectations are that shipping will be carried on as usual.

Export prices in the opening market on Monday were 15c lower than the previous week, and on Tuesday about 25c lower. In Wednesday's market prices were a little firmer, and everything suitable for export was taken except store cattle, as there is a probability that strikers may prevent the landing of any cattle not intended for immediate food purposes.

Choice export steers sold early in the week at $7.25 to $8. Later in the week a few extra choice finished steers sold up to $8.25. Choice export cows $5 to $5.25.

Receipts

Union Stock Yards.—Total receipts this week, 7,755 cattle, 2,028 calves 5,538 hogs, 347 sheep and lambs.

Export steers, choice	$7.25	$8.00
Do., heifers	6.50	7.25
Do., bulls	4.50	5.50
Choice store, dehorned	6.50	7.25
Butchers, choice	7.00	7.50
Do., heifers	6.50	7.25
Do., medium	5.00	5.75
Do., common	4.50	5.00
Baby beeves	8.00	9.50
Cows, fat, choice	5.50	6.25
Do., medium	4.00	4.50
Do., canners and cutters	2.50	3.00
Bulls, butchers, choice	5.00	5.75
Do., medium	3.00	4.00
Feeding steers, choice	6.00	7.00
Stockers, good	5.50	6.00
Calves, choice	10.00	11.50
Springers, choice	80.00	100.00
Milkers, choice	75.00	90.00
Spring lambs	14.00	15.00
Wool lambs	14.00	15.00
Do., heavy	11.00	12.00
Buck lambs	10.00	11.00
Sheep, light	7.00	8.00
Do., heavy	4.50	5.00
Sheep, yearlings	9.00	10.00
Hogs, f.o.b.	12.50	12.75
Do., off cars	13.50	13.75

Select bacon, off cars, $2.61 premium per head.

WINNIPEG GRAIN

WINNIPEG, May 7 (Canadian Press).—Weakness in United States markets was the main factor in price declines in the wheat pit here today. The session was a featureless one, and aside from a little buying by millers, the market lacked support. Offerings were light. There was some export business worked, but the volume was not large.

There was little change in the Western Canadian weather today, and only a few districts reported showers during the past 24 hours.

At the close quotations ranged from 1 1-8c to 1 1-4c lower with May at $1.52 3-8; July at $1.50 1-2, and October at $1.33 1-2.

WINNIPEG LIVESTOCK

WINNIPEG, May 7 (Canadian Press).—Arrivals, 195 cattle and calves; 140 hogs

Owing to short receipts, there were barely sufficient supplies to establish a market. The demand continued light and on the new sales, prices reflected no noticeable change.

Hogs were steady, thick smooths weighing up at $12.75 and select bacons $14.02

STERLING RATES

MONTREAL, May 7 (Canadian Press). — Sterling exchange rates were quoted here today as follows:

Sterling demand $4.84 1-8.

Sterling cables $4.84 7-8.

EGG MARKETS

OTTAWA, May 7 (Canadian Press).—Western offerings at Toronto today are extras 30 1-2; firsts 28 1-2, seconds 25 f.o.b. Winnipeg the freight amounting to 2 3-4c.

Toronto—Dealers paying country shippers extras 31, firsts 29, seconds 26, delivered, cases returned. Prices to retailers extras 34 to 35, firsts 33, seconds 29. Retail, extras 38, firsts 35 to 36, seconds 32.

Montreal—Receipts are not heavy and local demand is strong on firsts and seconds. Dealers paying country shippers delivered, extras 31, firsts 28 to 29, seconds 24 to 25. Prices to retailers, extras 36, firsts 33 to 34, seconds 31 to 32. Eggs are selling in a jobbing way at extras 33, firsts 31, seconds 29. Retail, extras 42 to 45, firsts 38 to 40, seconds 35.

Winnipeg.—Dealers quoting country shippers, extras 27 to 28, firsts 25 to 26, seconds 21 to 22. Prices to retailers, extras 33, firsts 30, seconds 26. Retail, extras 37, firsts 33, seconds 28. Local shipments are changing hands for storage extras 31, firsts 29.

CHICAGO GRAIN

CHICAGO, May 7 (Canadian Press). — Widespread relief from drought sent all grain values downward today. Wheat led the decline in which corn established a new low price record for the season. Closing quotations on wheat were unsettled, 7-8 to 1 5-8 net lower, May (new) $1.58 1-8 to $1.58 3-8, and July $1.38 1-4 to $1.38 3-8, with corn 1 to 1 3-8c down; oats 1-2 to 5-8c off, and provisions at 2 cents to 35 cents advance.

MONTREAL GRAIN AND PRODUCE

MONTREAL, May 7 (Canadian Press).—The export business on the Montreal Grain Exchange continued today to be of very limited character, attributed to the British strike. The only important domestic market business was the sale of a few loads of No. 2 Northern wheat at 3 1-4 cents per bushel over the Winnipeg May option. Odd car lots of oats went to local purchasers at unchanged prices.

A feature of the baled hay market on which the foreign demand held firm, was the increasing scarcity of extra No. 2 timothy and clover mixed. A strong feeling today carried quotations for these lines 50 cents to $1 per ton higher.

Receipts of butter were 2,020 packages, compared with 1,040 the same day last week. Prices advance 1-8 to 1-4 cent per pound on a strong market.

Cheese receipts totalled 2,093 boxes, as against 1,105 last Friday. Export busines was poor but a fair local trade passed.

A THOUGHT FOR TODAY

CREDIT, DEBT AND POVERTY.

The man who never borrows to build, seldom builds. Business is built on credit. Credit is having other people's money working for you. Debt is different.

If you are always in debt, you discount your credit and will probably always work without much money. Debt does more to hold a man down and credit more to hold a man up than anything that can be figured in dollars and cents. Poverty if different.

In poverty, a man has the comfort of knowing he cannot be any poorer unless he goes in debt.

To be poor is no disgrace, but to make no effort to be released from poverty is indeed disgraceful.

To establish credit is a compliment to your character.

To go unwisely into debt is to prove your head is dead—prove you are indifferent to consequences; and this condition often makes the debtor look dishonest, when he really means well, but does not manage well.

FABLES IN FACT.

ONCE THERE WAS A TRAMP WHO WAS VERY HUNGRY DASH DASH SO HUNGRY COMMA IN FACT COMMA THAT HE HAD BEEN EATING GRASS PERIOD FINALLY HE WENT UP TO THE DOOR OF A NICE LOOKING HOME AND TOLD THE LADY OF THE HOUSE OF HIS PREDICAMENT PERIOD QUOTATION MARK SO YOU'VE BEEN EATING GRASS COMMA QUOTATION MARK SAID SHE PERIOD QUOTATION MARK WELL THAT CERTAINLY IS TOO BAD COMMA AND I'M GLAD TO HELP YOU OUT PERIOD QUOTATION MARK SO SHE SUGGESTED THAT HE GO ROUND TO THE BACK YARD DASH DASH DASH WHERE THE GRASS WAS LONGER PERIOD

TRAIN KILLED BOY.

Was Crawling Beneath Stationary Car Which Was Suddenly Shunted.

QUEBEC, Que., May 8. (Canadian Press).—Crawling beneath a stationary freight car to secure a large piece of coal, eight-year-old Lorenzo Harbour was instantly killed here when the car was shunted by an engine.

Waldau-Petersburg Section of Kitchener-Goderich Highway, Ont.

Your Taxes are INVESTED When Spent on Concrete Roads

Freedom from costly upkeep! Greater tire and gasoline mileage! Less wear and tear on vehicles! Reduced haulage costs! Greater tourist traffic! These are a few of the dividends paid by concrete roads and all of them affect the pocket of the average man, directly or indirectly.

That is why the average man — the taxpayer — looks on concrete roads as an investment. They are permanent. Their first cost, practically their last, is quickly recovered by the maintenance money saved, a fact that enables increasing mileage to be built with each ensuing year's appropriation.

And the greater the mileage of permanent concrete roads a community possesses, the greater its attractions for industries and profitable tourist traffic and the greater the comfort and prosperity of its inhabitants.

"It's the little they cost to maintain that makes Concrete Highways economical."

CARGO OF 1,700 CASES OF LIQUOR CLAIMED BY CUSTOMS OFFICERS AFTER SEIZURE BY QUEBEC MEN

New York Smugglers Escaped From Custody of Customs Officers.

DRAYMEN DRUNK.

Helped Themselves To Liquor—Took Cans of It Home.

OTTAWA, Ont., May 8 (Canadian Press)—A clash of authority between provincial and federal officers in the seizure of liquor was revealed at the Customs probe Friday. The barge Tremblay, taken by officers of the Quebec Liquor commission while unloading smuggled liquor at St. Sulpice, Que., on Nov. 20, 1924, was afterwards successfully claimed by the federal customs authorities with her valuable cargo.

The Provincial Commission claimed full credit for the seizure. Commissioner wrote to the Minister of Customs that the contraband would have been successfully landed if the matter had been left to the customs officers. They had unloaded into the Commission's warehouse 300 cases of the 1,700 cases when the customs, in the person of the much-discussed J. E. A. Bisaillon, asserted his claim to the liquor in the name of the federal authorities. These 300 cases might have been left with the provincial board as recompense for its expense in shadowing and seizing the Tremblay, suggested M. Dansereau. But Bisaillon was adamant and took away the liquor.

Stories of how a dozen men employer by Bisaillon to unload the Tremblay in Montreal "served themselves copiously" until they were nearly all drunk, and then took home a tin can full for the morning were conveyed in Mr. Dansereau's letter.

Most of the day was taken up with examination of the officers who made the seizure. One of them was offered $50,000 to call the raid off. Two men from New York were in charge of the cargo. These men apparently escaped in Montreal while they were in the custody of the customs officers.

The Tremblay case will probably occupy the committee for several more days.

Bisaillon Arrives

Brig.-Gen. Panet gave testimony concerning his part in the seizure of the barge Tremblay in November, 1924. He was then in charge of the inspectors of the Quebec Liquor Commission.

When the Tremblay had been moored in Montreal and Gen. Panet had taken charge on behalf of the Quebec Liquor Commission, J. E. A. Bisaillon arrived. "He congratulated me on the fine seizure we had made," said Gen. Panet. Bisaillon said they had forestalled him and intimated his intention of taking over the liquor on behalf of the Customs department. Gen. Panet was anxious to keep the prize for the liquor commission and had ordered all the trucks he could get. Bisaillon agreed to let Gen. Panet take off the liquor on condition that if Ottawa claimed it the liquor would be handed back.

As regards the arrest of the

OBITUARY.

MRS. MARY CONDON.

LAKEFIELD, May 8. — Mrs. Mary Condon died very suddenly yesterday. She had been ill for some time but had been thought to be recovering, and her death was entirely unexpected.

She was the widow of William Condon, who died two years ago, and had lived in Lakefield, where she was highly respected, for about six years.

The funeral announcement will be made later.

CHANNEL BROKEN.

PORT COLBORNE, May 8.—(Canadian Press.)—The steamer Berryton of the Mathews Steamship Lines, has smashed through the ice barricade at this end of Lake Erie, and is proceeding up the lakes, wireless reports stated. The whole fleet which had wintered here is preparing to follow the channel broken by the Berryton.

Preference On Canadian Tobacco In British Market

OTTAWA, May 8 (Canadian Press).—Canadian grown tobacco will enjoy for the next ten years a preference on the British markets of approximately 49 cents a pound over foreign tobacco.

This advice was received yesterday by the Department of Agriculture from W. A. Wilson, its marketing agent in London.

Mr. Wilson points out that the British Budget fixes, for a period of ten years, the import duty on tobacco from foreign countries at 8s 2d per pound; but the import duty on tobacco from all parts of the Empire is fixed for the same period at only three-quarters of that amount.

LONDON SHOPS CLOSED TO-DAY

Office Clerks Also Released Given Double Week End Holiday.

SUBWAY RE-OPENS.

LONDON, May 8.— (Canadian Press Cable.) — Londoners went home last night in a steady downpour of rain, but the re-opening of the underground railway considerably mitigated the general discomfort of the home-goers. The entrance gates to the underground stations were opened only at intervals and about 200 people at a time were admitted to take their chance on being able to board the next train that would arrive.

All private clerical staffs were released at the close of yesterday's business until Monday. In the centre of the city's Sabbath calm prevails to-day. Most of the shopkeepers and the licensed victuallers have decided to close down for Saturday. Many of the government's clerical workers are being housed in districts near White hall, where offers of accommodation have been freely given.

The hundreds of strikers who stood around the labor headquarters in various parts of London in the rain last night showed signs of dejection at the aimless character of their personal doings.

Thousands are Sick

No Need for Headaches, Indigestion, Kidney, Bladder or Blood Disorder.

Tanol Calomel, the only medicine that acts upon the liver, cleans the stomach, purifies the intestines, restores the internal organs to their natural state.

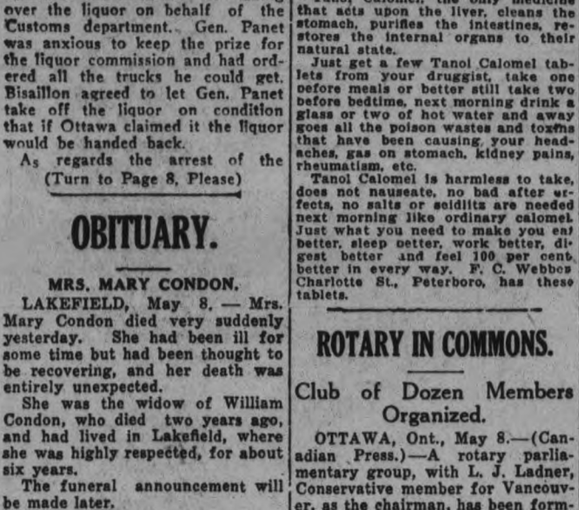
Just get a few Tanol Calomel tablets from your druggist, take one before meals or better still take two before bedtime, next morning drink a glass or two of hot water and away goes all the poison wastes and toxins that have been causing your headaches, gas on stomach, kidney pains, rheumatism, etc.

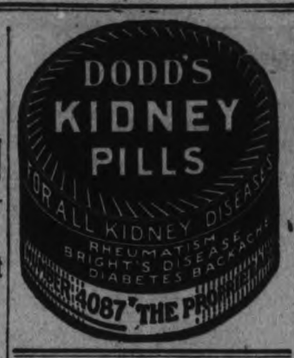
Tanol Calomel is harmless to take, does not nauseate, no bad after effects, no salts or seidlitz are needed next morning like ordinary calomel. Just what you need to make you eat better, sleep better, work better, digest better and feel 100 per cent better in every way. F. C. Webber Charlotte St., Peterboro, has these tablets.

ROTARY IN COMMONS.

Club of Dozen Members Organized.

OTTAWA, Ont., May 8.—(Canadian Press.)—A rotary parliamentary group, with L. J. Ladner, Conservative member for Vancouver, as the chairman, has been formed. It comprises approximately a dozen members of the House of Commons, four of whom were members of the last parliament and the remainder of whom obtained seats at the 1925 general elections. The new group was organized Friday at a luncheon held in the Parliament Buildings. It is proposed to carry out, where practicable, the principles of Rotary. The members of the new group propose, if it can be arranged, to invite members of the Ottawa Rotary Club to hold one of their weekly luncheons in the Parliament Buildings.





HEIR TO FORTUNE LOCATED IN YUKON

Estate of $500,000 in Australia For Nephew.

VANCOUVER, B.C., May 8. — (Canadian Press.) — Among the many communications received by Mayor L. D. Taylor since he announced recently that he was in receipt of an inquiry from J. Simmons, of Melbourne, Australia, regarding the whereabouts of his nephew, George Ernest Simmons, whom he said was heir to a £100,000 estate is a letter from the manager of the Bank of Montreal at Dawson, Yukon Territory, stating that the missing man is residing there. The Australian, according to the letter, is being communicated with by cable.

According to the letter received from Simmons by Mayor Taylor, the former's nephew left England for Canada in 1905, and lived in Vancouver in 1912 and 1913.

SPENT A LOT OF MONEY WITHOUT RESULTS

So Says Manitoba Man Before Taking Dodd's Kidney Pills.

Mr. E. Reboul Suffered With Kidney trouble and Found Complete Relief in Dodd's Kidney Pills.

TOUTES AIDES, Man., May 7.—(Special).—After three years of suffering, Mr. E. Reboul tells how he was freed of kidney trouble by the famous Canadian kidney remedy, Dodd's Kidney Pills. He writes: "I declare that for three years I have suffered with a grievous pain in my left side. It got so bad I was unable to work. I have spent a lot of money on different remedies without any results.

"For about two months I have taken Dodd's Kidney Pills and can safely say that I am now quite well and completely relieved of my trouble. I advise all those who suffer from sick kidneys that they can take Dodd's Kidney Pills with confidence."

Availing oneself of the best information, the broadest and most practical system of relief in the world today, is the one in which the sufferer ascertains for himself the nature of his disease, and then chooses the most certain means of healing; this has been known for the past thirty years as the Dodd's Kidney Pill treatment.

LIMIT CAMP STAY.

Vancouver Tourists Liked Conveniences.

VANCOUVER, B.C., May 8. — (Canadian Press.) — Reports that certain persons have taken up permanent residence at the municipal automobile tourist camp on Pacific Highway, in South Vancouver, where free wood and other camping necessities are supplied, led to the council of the adjoining municipality adopting measures Thursday night limiting visitors' stays to three days.

RECEIVED CLUB BAG.

Newspaper Man Joins C.P.R. Department.

OTTAWA, Ont., May 8.—(Canadian Press.)—On the occasion of his departure, J. Edgar March, of Montreal, was presented with a club yesterday by his fellow members of the Parliamentary Press Gallery. Mr. Mrach has been in Press Gallery for some years, first as a and later as representative of the and alter as representaitve of the Montreal Star. He has been appointed newspaper representative in Western Canada for the Canadian Pacific Railway Company.

CAN'T KEEP PROCEEDS.

Satisfy Only the Unpaid Balance.

OTTAWA, Ont., May 8.—(Canadian Press.)—The owner of an article, who retakes and resells the property, under a conditional sale agreement, after default on the part of the purchaser, has not the right to retain the proceeds from the resale beyond the amount required to satisfy the balance unpaid by the purchaser.

This decision was rendered in the Supreme Court of Canada, dismissing the appeal of C. C. Motor Sales, Limited, vs. Chan. and sustaining the judgment of the Court of Appeal of British Columbia.

OTTAWA POLICE ARRESTED PAIR OF O.T.A. AGENTS

Repudiation In Court of Statement To Police Admitting Guilt.

LIQUOR IN ROOM.

Toronto Operative Not Guilty of Bringing Liquor From Hull.

OTTAWA, May 8. — Canadian Press. — Stanley Russell of Toronto, an Ontario Temperance Act operative, was found not guilty of transporting liquor into the province by Magistrate James H. Campbell of St. Catharines here yesterday.

Russell along with Wallace Spear were investigating the enforcement of the Ontario Temperance Act here some weeks ago, the local police not having been advised of their presence. The local police, however, later, were 'tipped' off that the O.T.A. Operatives had liquor in their rooms in an Ottawa hotel, and they were arrested. After several adjournments Spear pleaded guilty but Russell denied any guilt in the matter.

The evidence showed that they had been 'trailed' while working here but the police denied that they put the man on who shadowed Russell and Spear.

Chief Provincial Inspector John Ayearst accused the Ottawa police of having instructed men to trail the O.T.A. officials and said that there was evidence of malice on the part of the local force against his officers. Crown Attorney Ritchie denied this.

Arrest of Russell.

Detective W. H. Frost of the Ottawa police department, told of going to the Alexandra Hotel under orders from his inspector and meeting Russell, after seeking him in his room. He told Russell he would like to see his room. Russell declared that he was a provincial inspector, that he had some liquor but that it was seized goods. Frost went to the room and Russell produced the three bottles which constituted the evidence against him. They were wrapped in some personal belongings.

He could get no explanation from Russell. He took the latter to the station and turned him over to Inspector McLaughlin.

Cross-examined, Detective Frost admitted that only one hotel in Ottawa had been raided for liquor within the last six months or so.

Inspector McLaughlin related the arrest of Russell. Spear had been arrested first. Then Russell had been brought in by Frost. The local police had secured the 'tip' regarding the O.T.A. men by phone. Witness did not know the name of his informant and in any event would not divulge the name. When Russell was brought in, he said to witness: "My job is gone, after three years hard work."

Witness asked "How is your job affected if you are merely doing your duty and confiscating liquor in Ontario?"

For His Toronto Home.

Russell had replied: "I might as well make a clean breast of it. I'm diabetic and got this liquor for my own use at home in Toronto." Russell had then asked for bail and had been referred to the magistrate.

When Inspector McLaughlin had taken him to the magistrate's office Russell asked Mr. Hopewell if he could get the information changed—that is, if he could get his initials changed—so that he could not be identified. The magistrate had refused.

Russell said that the three bottles found in his room had been given him as evidence against a local taxi driver by Spears. He did not know the taxi driver's name. Spears had told him that he paid $21.50 for the three bottles. He had no orders to report his presence to the local police or the local O.T.A. inspector. Witness denied ever buying liquor in Hull or ever transporting any into the province.

Russell denied he had ever confessed to Magistrate Hopewell that he was guilty or to anyone else. He had used the expression "I'll have to plead guilty," but that was not a confession. He had told Mr. Hopewell: I'd like you to understand that the liquor in my grip was not my stuff."

Bought from Taxi Driver.

Wallace Spear, who was with Russell investigating conditions in Ottawa swore that he had bought the three bottles of liquor from an unknown taxi driver. He had taken them to Russell's room.

Chief Provincial Inspector John Ayerst testified that Russell was a first class officer. He had been present at a conference with Inspector McLaughlin and others. At this conference Inspector McLaughlin had admitted that the O.T.A. men had been trailed by the Ottawa police.

Crown Attorney Ritchie objected that this was quite irrelevant.

"There is evidence here that there is considerable malice by the Ottawa police——"

"Nonsense," said Mr. Ritchie. "It is of no interest to us whether this unfortunate man is convicted or not."

CHARGED WITH MURDER.

Girl Killed By Car—Bail Refused.

WOODSTOCK, Ont., May 8 (Canadian Press).—Welington B. Cronk of Brantford and F. A. Miles of Norwich, were charged with murder in the county police court Friday afternoon, as a result of the death of Sarah Ridley, Otterville girl, who was struck by a car driven by Cronk Thursday.

The two men pleaded not guilty and were remanded for a week, bail being refused.

TRAPPER IN JAIL.

Chased Into Northern Quebec By Police.

QUEBEC, Que., May 8.—(Canadian Press.)—After travelling 135 miles over snow covered roads and through trails of early spring mud in very unwelcome company, A. Delared Dontigny, a trapper, is in a cell in the jail of Amos in the Abitibi awaiting his trial on a charge of theft.

The arm of the law reached out and caught Dontigny when he thought he was safely hidden in the forests of the upper reaches of the Harricana river in the north country.

CANADIAN EXPORT TRADE INCREASES

Goods To United Kingdom Last Year Worth $508,000,000.

OTTAWA, Ont., May 8.—(Canadian Press).—The export trade of Canada with the United Kingdom has shown a striking increase in the twelve months ended March, compared with the previous twelve months. Imports to Canada from the United Kingdom have also increased, but not in proportion to the eastbound trade across the Atlantic.

During the twelve months ended March last, Canada exported to the United Kingdom goods valued at $508,000,000, while in the twelve months ended March, 1925, the value of the export trade was $395,000,000. Imports from the United Kingdom during the year ended March last were valued at $163,000,000, while in the preceding twelve months imports from the Old Country to the Dominion were valued at $151,000,000.

The number of live cattle shipped to the Old Country during the twelve months ended March last was 117,819, while in 1925, during the same period, 86,245 head left Canada for the United Kingdom. In the month of March, 1926, alone, 11,619 head were shipped. Grain shipments to the United Kingdom increased from $244,712,000 worth to $325,522,000 during the two twelve-month periods under review. The exportation of meats increased in value in the two twelve-month periods from $24,000,000 to $30,000,000.

THREE YEAR TERM ON FRAUD CHARGES

Prairie Investors Suffered Heavy Losses in Failure.

WINNIPEG, Man., May 8.—(Canadian Press.)—Found guilty in Court of King's Bench here Friday on charges of fraud and conspiracy, F. O. Maber, former director of the Northwestern Trust Company, was sentenced to three years' imprisonment. The case had been proceeding for several months.

On similar charges another director was acquitted while a third disappeared shortly after the failure of the company two years ago.

Investors in Manitoba and Saskatchewan suffered heavy losses when the company went into liquidation.

TO TOUR MARITIMES.

35 Members of Parliament Away a Week.

OTTAWA, Ont., May 8.—(Canadian Press.)—Thirty-five members of parliament and senators from Quebec, Ontario and the West, a number of them accompanied by their wives, are planning a tour of the Maritimes this month in order to gain a first hand knowledge of conditions in the East. The party, made up from all political groups in the House and Senate, will leave Ottawa on Wednesday the 19th instant, will be away about seven days and propose to visit Moncton, Saint John, Halifax, New Glasgow, Sydney, Canso, Edmondston and a number of other points. The party will be accompanied by a number of the Maritime members.

No other Car *can have this* Wonderful Feature ~

YOU can get ordinary, six-cylinder performance in other cars. But not six-cylinder *sleeve-valve* performance. The sleeve-valve feature makes a wide and amazing difference.

Combining the world renowned advantages of the sleeve-valve motor (smoothness, long life, simplicity, economy) with revolutionary achievements in Six Cylinder engineering, has given the new "70" Willys-Knight speed, power and pick-up that out-performs any other car of its size and type and class.

The new "70" presents an unparalleled engine efficiency. An efficiency possible of attainment only with the Knight-type engine. Its speed capacity is well in excess of 65 miles an hour, its acceleration is positively startling, and its power is a revelation on hills. As a result of its advanced engineering, there is absolutely no wandering, no shimmying, no wheel fight at any speed.

Rare Beauty marks every racy line of the new "70." Richness, harmony and good taste are blended in its striking colors. Lazy comfort is found in its deep luxurious seats. It affords an unequalled combination of liberal room with modern compact appearance.

The most recent engineering developments making for comfort and convenience are incorporated in the New "70." A special feature provides instant starting in zero temperatures. Such items as four wheel brakes, air purifier, gasoline filter and thermostat are of course included as standard equipment.

Take the new "70" out for a drive and let its performance speak for itself, a few minutes' ride will tell you more about its power and performance than anybody could ever put into words. You can buy it on low cost time payment terms.

For those who want the finest—the Willys-Knight Great Six: available in 7 Passenger Touring, 4 Passenger Coupe, 5 Passenger Sedan, 7 Passenger Sedan.

A Beautiful Border of Annuals

By Henry J. Moore.

One of the many ways in which our home surroundings may be made beautiful in summer is by sowing the seeds of annual flowering plants in borders at the sides of the lawn or by planting out annuals which have been raised indoors. It is, however, with the former method that we will deal in this article. m
the former method that we will deal in this article.

The position of the border will be the first consideration. It should be open and sunny and so located that water will not stand for any length of time, that is, it should not be in a depression from which water cannot drain. A freedom from the roots of trees and shrubs is also desirable for annuals will not grow well where these mat throughout the border.

The soil most satisfactory for the growth of annuals is a porous sandy loam one which can easily be worked. Heavy clay soils are not satisfactory, but where they exist may be made so by the addition of stable manure or other organic matter such as leaf soil. Upon the manner in which the soil is prepared to receive the seeds will largely depend success or ailure. It is better to use a fork when preparing the border in spring than the spade as with the fork the soil may be broken much more finely, a condition which is necessary so that the fine roots of the annuals may readily penetrate and the growth o the plants be not checked.

If the soil has a reasonable residue of humus (decaying organic matter) from last year's application, it will not be necessary to apply any manure to the border in spring. If, however, the soil does not contain enough it will be necessary to apply short, well-rotted manure and to fork it in. Having forked the border the next step is to rake the surface very finely with a steel rake and to remove stones or anything like'y to obstruct the growth of the plants. The finer the surface soil down to a depth of three or four inches, the better will be the growth of the annua's and the more beautiful the border.

With the border so prepared the procedure is now to mark off the areas in which to sow the seeds. With a pointed stick make more or 'ess circular patches as shown on the plan and within the limits of each circle sow an individual variety o seeds: thus in one we would have Phlox Drummondi and in another Marigolds and so on. There is no reason, however, that we should not have two or three patches of one kind of annual, if so, these should be distributed widely apart so as not to create monotony at any part of the border.

The taller annuals shou'd be sown at the back of the border those which are half tall or intermediate in height in the middle and the dwarf kinds be sown along the front. Annuals, say which are more than two and one half feet in height may be considered tall, from fifteen inches to two and a half feet—intermediate, and from fifteen inches downward—dwarf.

If it is your desire to make a bed of annuals in your lawn and not a border at the side, the procedure will be different, as the annuals should properly be about the same height throughout the bed, and might even be sown with an individual variety. However, it is not proper to cut up your small lawn areas and it will pay you to make a border rather than a bed.

The seeds in the patches shou d be sown evenly and thinly and should be covered very lightly with fine fertile soil by means of the rake or preferably by screening the soil over them. One eighth to one quarter inch will be sufficiently deep to cover the seeds except the larger ones such as Sweet Peas which may be covered about one inch deep.

Generally in latitude 44° the time to sow annuals is during the last wo weeks of May in Eastern Canada. On the west coast about six to eight weeks earl er. If the soi is at all dry it should be carefully watered as soon as the seeds are sown by means of a can with a fine sprink er. The surface of the soil however should not be flooded to disturb the seeds.

After germination and when the seedlings are about two or three inches high they should be thinned out distances apart, according to their ultimate height largely between the limits of four to twelve inches apart. The greater spacing being allowed in the masses near the rear of the border as the plants are of a tall and more spreading nature than the dwarf ones along the front.

The following list of annuals will be satisfactory for the ordinary border such as may be found in the average garden.

For Rear of Border.—Snapdragon in any color, the taller kinds. Aster, tall kinds, any color. Alonsoa, tall kinds, any color. Centaurea (Blue bottle) any color. Cosmos (Mexican Aster), not, however, the very tall kinds, any color. Helianthus (Sunflower), only kinds which do not grow more than about 3 1-2 feet, however, are desirable for a small border. Kochia (Summer Cypress). Lavatera (Tree Mallow), white, rose. Malope (Mallow-wort), rose, white, pink. Nicotiana (Flowering Tobacco Plant, white, rose, carmine, crimson. Petunia, tall, to be trained to pieces of brush. Salpiglossis, many colors. Scabiosa (Pincushion Flower), varying from crimson to white through many beautiful shades. Sweet Peas.

For Middle of Border.—Acroclinium (Everlasting). Celosia (Feathered Cockscomb) yellow, red. Chrysanthemum, white, yellow, orange, scarlet, rose. Clarkia, pink, orange, scarlet, white. Collinsia, purple, white, violet, rose. Coreopsis (Calliopsis) tall kinds, red, orange, yellow. Eschscholtzia (Californian Poppy), rose, yellow, scarlet, crimson. Gaillardia, white, rose, lilac. Helichrysum (Everlasting), many colors. Delphinium (Larkspur) white to lilac, mauve, purple. Marigold African, orange, yellow. Matthiola (stocks), all colors. Nigella (Love in a Mist), blue, purplish blue. Poppy, any color. Schizanthus (Butterfly Flower), flowers blotched gold brown, white yellow, purple. Sweet Sultan, yellow, white, rose. Zinnia, yellow, orange, shades of purple red.

For Front of Border.—Ageratum, blue, white. Alyssum (Sweet Alysson), white, bluish lilac. Snapdragon, only dwarf kinds, any color. Calendula, (Pot Marigold), rose, scarlet, purple, yellow. Candy-tuft, crimson blue, carmine, rose, lavender. Dianthus (Annual Pinks) colors various. Eschardidium, rose, bluish white. Eutoca, blue. Gilia, lavender, Mesembryanthemum (Ice Plant.) Leptosiphon, white, scarlet, rose, lilac. Linum (Flax) blue, yellow, crimson. Lobelia, blue, cobalt, white. Marigold, French, yellow, orange Mignonette, copper, brick red. Nasturtium, dwarf, any color. Nemesia rose, purple, pink, carmine. Phlox Drummondi color various. Portulaca many colors. Verbena blue purple, white, rose. Burrs, which often prevent shafts rom working freely in metal shaft holes, can be scraped off with a knife or file used as a reamer.

The University of Wisconsin was the only midwestern entry in the annual regatta at Poughkeepsie, N.Y., last year.

Colorado, in Spanish, signifies color-red.

BIRD'S Asphalt Twin Shingles

Long Lasting - Fire Safe - Beautiful

The value of any roof can only be measured by the yard-stick of the years. A roof of Bird's Asphalt Twin Shingles is, without exception, the most economical for new buildings or for re-roofing your present home. Throughout Canada, there are Bird's Roofs that have protected homes for 20, 25 and 30 years — with never a leak — never a need for repainting — never a repair bill.

The exquisite combination of color of "Art-Blende" Shingles, or the solid colors red, green or blue-black, add beauty to the home.

Send for them

Our booklet "A Roof the Owner is Proud of" tells you the things you ought to know about roofs and roofing — our new folder shows you "Art-Blende" Twin Shingles in full colours. Both mailed FREE on request.

Biographical Sketches

MR. W. H. HILL.

Mr. Hill was born in Inverness, Megantic County, Quebec, and came to Peterborough in 1873. After getting his captaincy at the Military School in the City of Quebec in 1871 he went to the United States where he remained for a few years, coming to Peterborough in 1873 and becoming a school teacher here. He then became district manager for the Sun Life, and married Miss Taylor, daughter of the late W. H. Taylor, M. D., of this city. During the course of his business career he also served for many years in a public capacity. He was a member of the Board of School Trustees far thirty years and of the old and new boards of management of the waterworks for eighteen years, besides serving as a member of the Nicholls Hospital Board for many years. He was also an officer of the 57th Regiment. He remodelled and built the extensive Crown apartment and office-buildings on the corner of Water and Hunter streets. The life and activities of Mr. Hill are a standing example of what may be done by these who are prepared to seize an opportunity when it arises and give faithful and intelligent attention to it. Probably if Mr. Hill were asked to what he chiefly attributes the measure of success which he has enjoyed he would say, "paying strict attention to business."

However, Mr. Hill has done his duty as a citizen amongst citizens as well and, therefore, his career shows that a man may do his share in a public way and yet be able to give the close attention to his own private business which that business calls for. The Sun Life and the many great fire insurance companies with which he has been connected have at various times expressed their appreciation of Mr. Hill's success and probably no general agent in Eastern Ontario has ever extended the business of his companies to a larger compass and on a greater scale.

While it is an old saying that men succeed in business only by attending to it and nothing else, it fortunately is not true, otherwise public utilities and interest would seriously suffer. As a matter of fact, some of those who paid the strictest possible attention to their private business did not succeed in it. It is judgment as well as energy and application that enables a man to succeed in anything and when he has public spirit enough to give the public the benefit of his experience and skill the public should encourage that spirit in its own interests and for the general well-being and prosperity of the country.

Asked if he agreed with the leading teachers of the province who, at their recent general educational convention in Toronto, condemned the present system of education as involving too many subjects and a consequent lack of thoroughness and originality, Mr. Hill said that, beyond a doubt, pupils going into offices displayed a lack of the thoroughness which formerly characterized them. "Formerly, young people took a more serious view of life than they do to-day," said Mr. Hill. "Their chief aim and thought, nowadays, seems to be luxury and pleasure." When Mr. Hill came to Peterborough he was not in funds and informed his teacher, the late Mr. Barton Earle, the well-known master of English literature, that he would have to quit school and go to work.

"Why not become a teacher?" suggested Mr. Earle.

"Because I haven't money enough to enable me to go on and get my certificate."

Whereupon Mr. Earle went with him to the inspector, Mr. Coyle Brown, and got the usual permit with the understanding that he would pass his examination for a third-class certificate at the examination three months hence. This Mr. Hill did, standing high, as the records show, in a long list. He began teaching in Harvey, afterwards removing to the school at Bridgenorth, where his work was highly appreciated by the trustees, who made his salary the highest paid to a rural school teacher in the county. Subsequently, he took his second-class certificate, again standing near the top. It was while he was preparing to take his first-class certificate that he was visited by Mr. Macaulay, the present head of the Sun Life Assurance Company, who induced him to leave teaching when his time was up and go into insurance.

WEATHER MAN TO FORETELL AIR RECEPTION

Radio Forecasting System to be Established at Station W.C.A.J.

PHEORUS CLASH

Lack of Sufficient Facts Hinders the Weather Prophet.

(By Israel Klein, Science Editor, NEA Service.)

The weather prophet is turning radio forecaster.

Gathering together the various reports about weather conditions throughout the country, he can fairly well tell what kind of reception fans will have—and he can hit the nail on the head almost as often as his weather forecasts are successful.

What prevents 100 per cent accuracy is the infancy of the whole business of radio forecasting. Due to its infancy, the weather man still has little facts to base his predictions, and he's hindered by various conflicting theories about weather and radio.

Out of this conflict and lack of sufficient facts, however, the weather man can still, and with a fair degree of assurance, tell us what kind of radio reception we'll have each evening.

In fact, so comparatively certain is this form of prediction, that a system of radio forecasting has already been established at several stations, most notably at station WCAJ, at Nebraska Wesleyan University. From this station a radio forecast has been broadcast at 4:30 each afternoon, since last October 1, and the reports of the accuracy of these forecasts have been highly encouraging.

All Agree on the Weather.

It was after considerable experimenting and observations that the radio engineers at Nebraska Wesleyan determined on the basic rules for their system of radio forecasting. Yet these rules are partly in conflict with those set down by other experienced observers.

On one important point all radio observers are agreed—that radio reception depends on the vagaries of the weather. It is on the question of exactly how the weather affects reception that the divergence of opinion arises.

For instance, J. C. Jensen of Nebraska Wesleyan reports his conviction that greatest signal strength results when weather conditions are settled all the way between broadcasting station and receiver, and when the line of reception is parallel with the isobars, or lines of equal barometric pressure. E. B. Rideout, Boston meteorologist and experienced weather student, confirms this theory with a report on fading, when his line of reception crossed the isobars at right angles.

Where Theories Clash.

Yet that is directly opposed to another theory also by an accomplished observer, that best reception results when the line connecting broadcaster and receiver cross the intervening isobars at right angles.

This is granted somewhat by the admission of Jensen that good reception may result in such cases, provided there's no storm center between broadcaste and receiver. And Rideout, in his observations, corroborates this point.

Despite the difference of opinion among weather prophets however, every fan can be his own radio forecaster. All he needs is the daily weather map issued beforehand by the U. S. Weather Bureau, and which can be obtained at low cost from the nearest weather station.

With this map, for the evening, before you, you may fortell conditions of reception from various stations by following these rules:

How to Forecast Conditions.

1. If there's a low pressure, or storm, area between broadcaster and you, don't tune in—there'll be considerable static and fading.

2. If the line between broadcaster and you runs about parallel to the isobars—those wavy lines of equal pressure—tune in. Or if the line crosses the isobars at right angles, when there's an intervening low pressure, or storm area, tune in. There'll be little or no static and no fading.

3. If you're right in the center of a low or a high pressure area, you'll get good local reception, but beware of distant stations. They'll come with accompanying static and fading.

4. Don't mind local rain or snow, if that's forecast for your district. For bad weather doesn't affect radio reception locally, except that it may point to unfavorable pressure distribution, and therefore poor DX reception.

Static Will Lag Behind.

5. Don't expect good reception immediately after a storm or low pressure area has passed over your locality, for static has a tendency to lag behind a bit.

6. Summer reception, of course, is poorer than winter, although temperature, like local "bad weather," doesn't influence reception except that it may point to unfavorable pressure distribution and therefore poor DX reception.

Other factors, such as the earth's magnetic field, ionization of the atmosphere by the sun's rays, and so on, also play their part in affecting radio reception. But the few weather rules given here will help the fan make a fairly accurate forecast of radio receiving conditions.

HOTEL OWNERS LOSE LICENSES

Also Fined For Breaches of Ontario Temperance Act.

AT COBOURG.

COBOURG, May 8 — Two local hotels, whose proprietors were recently fined for having liquor in a public place, the charges arising out of a raid made upon three local hotels by Provincial police, have had their permits and licenses cancelled by the Government.

A charge of having wine that was overstrength brought against a third hotel man was dismissed when the case came before Magistrate Floyd on Saturday.

Chemistry has become a badly overcrowded profession in Germany.

A bequest of $10 is given a Reading (Minn.) woman in the will of her aunt, to pay for dishes broken by the testatrix when on a visit to her niece.

ANY ARTICLE MAY BE FOUND IN AUCTION SALES ROOMS OF ANY CITY LIKE PETERBORO

All Kinds of Goods Find Their Way to Auctioneers.

GREAT ATTRACTION

Many People Attend Sales Which Provide Interesting Moments.

There once was a time when people prized their old furniture and other momentos of the past, but that day is gone and outside of a very few antique collectors the furniture, when it becomes shabby is landed into the auction sale-rooms to be sold at the best price possible. It is the easiest way the wealthy owner has of getting rid of something he or she has no longer any use for.

In the auction sale-rooms of this city one is apt to find any kind of article.

An artificial wooden leg once found its way into one of these rooms and was sold one day to a man who did not need this implement of ancient conveyance, but he, being thirfty, like our forefathers bought it so if the occasion ever did arise he would have one handy.

One thing which is in great demand at auction sales, although most people would not believe it, is bridges of false teeth. Buyers like getting these so they can take the platinum clips off them, for platinum is a very valuable metal today, even being put before gold. Then, of course, there is often found some gold on old sets of false teeth also.

Various Articles Found.

In an auction sale-room you see everything from a Jew's harp to the poster announcing some large farms for sale. In one corner there will be a pile of old furniture, most of it looking pretty dilapidated, in another place you see some fairly good articles of furniture, some carpets and rugs very little worn, in another place there is a pile of hammers, saws, wire, stove pipes and pretty nearly everything imaginable, and in a separate room you see all kinds of stoves—box stoves, gas stoves, Jumbo heaters, coal-oil heaters and large cook stoves.

Many people who get a sudden notice to leave the city put all their household effects up at one of these sales, for this is a quick and ready way of disposing of them. Then again we have the people who need money for some unexpected cause for which they have not the ready cash so they put up some article for sale hoping that they may realize enough to pay their bills.

Fascination in Sales-room.

There seems to be a fascinating attraction in the auction sale of household articles for women, and unemployed men. They have been known to stand by a small dish a whole afternoon and then when the time comes for its sale they see it bought by some other buyer. Perhaps the auctioneer did not notice the would-be buyer, but generally the one who gets it is the one willing to pay the most money. Then is when the fun begins, tempers are lost, angry words are spoken, sometimes they come to blows and he or she usually goes away disgusted with the sale, vowing he will never come back again, but the attraction is too great and he is found back at the next sale.

It is often very amusing to hear and watch the men who are standing around while the auctioneer is trying to sell some article. These men have no notion of buying anything but you will hear them say, "How much is he going to get for that?" "Will he get twelve dollars?" "He has nine now." "I'll bet that he will get fifteen." "Say, does that woman not know the value of that article." That is just the way things go. People get excited when they start bidding against one another and soon the article is going for a very handsome price. The man who realizes this first is always the lucky one.

Few Illustrations.

Here is a little story on a member of the Jewish belief in this city. Once, a Jew was given a harmonium by a friend to sell; he had it in his store window for several weeks trying to sell it for six dollars, but failed to sell it. So one day he took the harmonium for his friend to the proprietor of an auction sale-room to be sold the following day. The next day the Jew was there, bright and early, hoping to bid on this harmonium, thinking he might make a little money on it as he had discovered a prospective buyer. When the time of the sale came the bidding started pretty lively and the Jew got all excited and before he knew it the harmonium was knocked down to him for eight dollars, being two dollars more than he could have bought it for in his own store.

A few years ago a man from here went to the city of Toronto and bought a load of carpets and linoleum rugs very cheap. He brought these to Peterborough and sold them to an auction sale dealer making one hundred per cent on his deal. He told other friends around that he had put one over on the dealer, but in due time these articles were put up for sale, the man who brought them from Toronto was there and to his surprise the buyers got excited over these rugs and paid exhorbitant prices for thm.

To-day there is nothing like an auction sale to dispose of goods for the most money possible for there is always one person who will go one better than his neighbor in buying articles. But auction sales have their faults. Their fascinating attraction makes the women forget the amount of money they have and "hubby" has to put it up, and also the wife forgets to come home, and her husband has to wait for his tea.

Rules of Sale.

The Auctioneer at these sales has a few set rules; he always acknowledges the last bidder seen by him; if a mistake is made or the buyer skips out as the article is knocked down to him, he opens the sale up again at the previous bid; he accepts bids by nods of the head, winks of the eye, and by the showing of fingers. One great trouble the auctioneer has, is somebody bidding an article up just to see how much the other fellow will pay for it, intending to let it drop when it gets so high, but too often it is dropped on the wrong man and this man usually makes himself scarce when the clerk comes around so the article has to be sold again.

HOTEL IS SOLD.

Albion Hotel at Cobourg Bought By Haldimand Lady.

COBOURG, May 8—Mr. John Wilkinson has sold the business, furniture and fixtures of the Albion hotel here to Mrs. Frank Lowe who resides in Haldimand township north of Grafton. Mrs. Lowe takes possession about the middle of this month.

Mr. Wilkinson, who has been in business here for a few years, is leaving town. He has purchased the Squamish Hotel at Squamish, B.C., situated about thirty miles north-west of Vancouver at the head of Howe Sound, which is the terminal of the P.G. and E. Railway which runs up to Fort George. Mr. and Mrs. Wilkinson expect to leave Cobourg about the 15th of this month.

LAKEFIELD NEWS

LAKEFIELD, May 8.—Mrs. S. W. McKibbon was in Madoc this week on business.

Miss Helen Burgess was a week end visitor to her sisters in Peterboro.

Mr. Sherman W. McIlmoyl, who has been a student at Queen's University for the past four years, has been successful in his examinations and has graduated as a Bachelor of Arts. His many friends join in heartiest congratulations. He is a graduate of the Lakefield High school and a Lakefield boy.

Mr. John Blewett has returned from a visit to Mr. and Mrs. George Wilson at Buckhorn.

Mr. George E. Donaldson of Lindsay was in the village on Wednesday.

Mr. A. G. Fawcett of Peterboro is spending a few weeks in the village recuperating after his accident.

Mr. Fred Paul of Peterboro was in the village on Wednesday attending the funeral of Mrs. Mark Paul.

Bedtime Stories

The patented Air Blast Ring in McClary's Sunshine Furnace mixes preheated air with the gases and volatiles (soot) in soft coal causing instant combustion with an intensely hot flame the heat of which is immediately felt in the rooms above. The gases and soot are utilized. They do not lodge in the chimneys or flues to clog them up. The all Cast Iron Construction of McClary's Sunshine Furnace enables it to burn coke either alone or mixed with coal without risk of cracking or burning out.

AIR INTENSELY HOT AND DISCHARGED THROUGH SMALL HOLES

READY, for bed, garbed in sleepers, tired little bodies relax in the genial comfort of the home heated correctly by the Sunshine Furnace—the air is properly humidified *in* the furnace.

McClary's Sunshine Furnace is designed to evaporate water in just the right proportion to give the warmed air the softness of a summer breeze, the comfort and healthfulness that will make your home a delight on the coldest day in Winter.

Burns all Kinds of Fuel

The patented exclusive Air Blast Ring in McClary's Sunshine Furnace enables it to burn soft coal as well as hard coal and its cast iron construction enables it to burn coke without risk of cracking or burning out.

Without any structural alterations, but by the simple operation of the drafts, the Sunshine Furnace becomes either a soft coal, hard coal or coke burner of equal efficiency.

Write your nearest McClary's Branch for free booklet: "Winter Comfort in Canadian Homes," that will give you much interesting information about heating, fuel, and the proper installation of furnaces so necessary in solving the problem of comfort in Winter.

McClary's Sunshine Furnace

London, Toronto, Montreal, Winnipeg, Vancouver, Saint John, N.B., Hamilton, Calgary, Saskatoon, Edmonton, Liverpool, England. 131

"SALADA" TEA

is sealed in air-tight aluminum.

CHEAP FOOD FOR FRENCH PUBLIC STRIKE RESULT

Shipment of Early Spring Fruits and Vegetables To Britain Ceases.

BIG PRICE DROP.

French and Belgium Labor Bodies Approve Offer To Help.

PARIS, May 8.— (Canadian Press.)—The British strike has brought benefit to the French consuming public in the form of an unprecedented fall in prices of early spring foodstuffs because of cessation of exportation to England.

There has already been a drop of 50 per cent. in the prices of fresh vegetables throughout South France. Cherries fell from 350 to 150 francs per hundredweight in the Montpellier region Thursday. The famous new potatoes of Saint Brieuc are in danger of being left in the ground as unprofitable if the strike continues.

Exporters face heavy losses. British vessels are not even taking aboard cargoes already contracted for. The cabinet has directed the minister of agriculture to arrange with the railroads for the return of perishable foodstuffs which are rotting on sidings in channel ports awaiting transportation to England.

Labor's Sympathy.

Labor organiaxtions of France and Belgium have wholeheartedly approved an offer to support the British strikers. Officers of the National Federation and functionaries of the various labor syndicates Thursday wired the British Trade Union Council expressing solidarity and hoping for "complete success of your programme relative to vindications which interest the workers of all [illegible]."

Air service from Belgium England has been suspended since the last boat left Ostend Wednesday night. At Brussels the National Specialists' committee appealed for solidarity of the Belgian workers with their British comrades. At Antwerp the dock workers decided to prevent all exportation of coal to England.

News Featured.

French newspapers are following the British strike with unparalelled interest, featuring news of the latest events in England supplemented by vivid descriptions of London in the strike's grip, written by Paris star reporters sent across the channel.

Even the decline of the franc is overshadowed in the newspapers by the great labor disturbance, which is considered partially responsible for the franc's fall.

OBITUARY.

WILLIAM D. KINYOUN.

MILLBROOK, May 8. — The death, on Sunday, May 2, of William D. Kinyoun, in his eighty-second year, removes one of the oldest residents of Cavan Township, the major portion of whose life was passed in this neighborhood.

Deceased was an American by birth, his parents, the late Mr. and Mrs. Caleb Kinyoun, having lived near Charlotte, in New York State. He was the last of a family of seven children, four sons and three daughters.

In his eighteenth year Mr. Kinyoun came to Canada, settling first on a farm on the Tenth Concession of Hope, and five years later removing to Cavan, residing continuously in this township until the time of his death.

Sixty-two years ago, on January 16, 1864, deceased was united in marriage to Margaret S. Nesbitt, is wife being of Irish birth and coming to this country with her parents when only seven years old. Their wedding took place at Millbrook, the late Venerable Archdeacon Allen performing the ceremony. For over thirty years Mr. and Mrs. Kinyoun lived on a farm west of the village, now occupied by Mr. S. R. Carveth, the "octogon house," as it is usually called, being a familiar landmark in that part of the township.

To their union seven children all girls, were born, two of whom, Mrs. J. Dean, of Brockport, N.Y. and Mrs. H. Fletcher of Cavan, are deceased.

Mrs. Kinyoun's death occurred four years ago last November, the immediate surviving including five daughters, Mrs. C. Marshall, of Toronto, Mrs. Thos. Harkness, of Millbrook, Mrs. George Howden and Mrs. R. M. Howden of Cavan, and Mrs. H. Sutton of Sceptre, Sask.; there are also thirty-five grandchildren, and twenty great-grandchildren.

Mr. Kinyoun evidently came of a long-lived family, one brother passing away at Hilton, N.Y., last February, in his 84th year, and one sister Mrs. VanHorne who had lived all her life at Hilton, and whose death occurred in March, 1925, having celebrated the sixtieth anniversary of her wedding the previous Christmas Day.

Deceased was a veteran of the American Civil War, enlisting when only in his seventeenth year and taking sides with the North against the South; he fought at the battle of Bull's Run, and could recall many [illegible] incidents of the struggle

In [illegible], Mr. and Mrs. Kinyoun celebrated the Golden Anniversary of their wedding day, their children and grandchildren uniting to do them honor on that occasion.

The late Mr. Kinyoun was an Anglican in religion, a staunch Conservative in politics, and a loyal members of the Orange Order being connected with Carmel L.O.L. No. 421.

Since his wife's death deceased has resided with his daughters, spending all of last winter with Mrs. R. M. Howden, 9th Line, Cavan. In February he contracted pneumonia, and this was followed by other complications from which his advanced age made it impossible for him to rally.

During his last illness he was with Mrs. George Howden, the funeral, under Orange auspices, taking place from her home on Tuesday, May 4, at 2.30 p.m. Rev. D. R. Dewdney had charge of the services, for the church, and the pallbearers were six grandsons, Messrs. Fred, George and Charles Dean, Alex Harkness William Howden, and Harry Fletcher. Brother J. H. Paul was Director of Ceremonies for the Orange service, the pallbearers from the Lodge being: Brothers William Earle, J. Thorne, G. Fowler, Thos. Eakins and Stewart Fallis.

Among the beautiful floral tributes laid upon the casket was a wreath from Carmel Lodge, and a spray from Golden Sheaf Rebekah Lodge, No. 1776.

The funeral was largely attended, among those from outside points being Mrs. G. Bryatt of Peterboro, Mr. and Mrs. Harry Fletcher of Minnedosa, Man., Mr. Fred Dean of Brockport, N.Y., and Mr. George Dean of Niagara Falls, N.Y.

WEDDING BELLS

O'CONNELL-WESSELS.

A very pretty wedding took place at eight a.m., on Wednesday, April 28, 1926, at the Sacred Heart church, Mount Pleasant, Michigan, when Miss Neola Wessels, of Detroit, became the bride of Mr. Leo O'Connell, also of that city, but formerly of Peterboro, Ont.

The bride was attended by Miss Helen Siler of Alma, Michigan, and the bridegroom by Mr. Joseph Cowan of Detroit.

The bride was beautifully dressed in ivory satin crepe heavily trimmed with pearls, which also crowned her veil. She carried a lovely bridal bouquet of Ophelia rose buds.

The briesmaid wore a yellow crepe dress with a head band to match, and carried yellow snapdragons.

Following the ceremony a delicious wedding breakfast was served at the home of Professor and Mrs. C. C. Barnes.

After a brief honeymoon the young couple will reside in Detroit, Mich.

ECONOMY

Champion X contributes greatly to the economical maintenance of Ford cars because they cost less and render better service. Replaced once a year they keep the Ford engine at performance peak, and actually save in gas and oil used. Champion has been standard Ford equipment for 15 years.

SUNDAY SCHOOL LESSON

VICTORY BY FAITH AND COURAGE

Text: Genesis 14:13-24.

And when Abram heard that his brother was taken captive, he armed his trained servants, born in his own house, three hundred and eighteen, and pursued them unto Dan.

And he divided himself against them, he and his servants, by night, and smote them, and pursued them unto Hobah, which is on the left hand of Damascus.

And he brought back all the goods, and also brought again his brother Lot, and his goods, and the women also, and the people.

And the king of Sodom went out to meet him, after his return from the slaughter of Chedorlaomer, and of the kings that were with him, at the valley of Shaveh, which is the king's dale.

And Melchizedek, king of Sodom, brought forth bread and wine and he was the priest of the most high God.

And he blessed him, and said, Blessed be Abram of the most high God, possessor of heaven and earth:

And blessed be the most high God, which hath delivered thine enemies into thy hand. And he gave him tithes of all.

And the king of Sodom said unto Abram, Give me the persons, and take the goods to thyself.

And Abram said to the king of Sodom, I have lift up mine hand into the Lord, the most high God, the possessor of heaven and earth.

That I will not take from a thread even to a shoelatchet, and that I will not take any thing that is thine, lest thou shouldest say, I have made Abram rich:

Save only that which the young men have eaten, and the portion of the men which went with me, Aner, Eshcol and Mamre: let them take their portion.

The International Uniform Sunday School Lesson for May 9. Victory Through Faith and Courage.—Genesis 14:13-24.

By WM. E. GILROY, D.D.
Editor of The Congregationalist.

There is much to be said for the contention that Abraham is the greatest figure of history. It is true that we do not know the full details of his life. But in the great commanding aspects of his life and personality as they appear in the narrative in Genesis, he represents the very parting of the ways in the matter of human progress.

He has been called "the first emigrant," the man of vision, moving out under the impulse of some great urge toward new environment and adventure. There seems to be little doubt that Abraham moved forth in this way as many others have done because of a new spiritual experience and dissatisfaction with his environment. This took the form, apparently, of faith in a personal God.

We do not know just how high and deep was the religion that Abraham professed, but he had come apparently to feel that an ideal could not express the reality of that life that lay back of the universe, and he had come also, according to the record, to conceptions of morality in human relationships so lofty that multitudes of modern men are still upon a far lower plain.

Gospel of Magnanimity.

All through the ages men have been warring and fighting both as individuals and as nations wherever their self-interests conflicted, and yet we look back to Abraham as one who, when his herdsmen were contending with Lot's herdsmen, preached and practised the gospel of a large magnanimity.

If that spirit had been in other men and had been persistent, the world would have been spared the tragic and terrible record of its age-long wars.

Here in our lesson the character that comes out in Abraham is that of faithfulness to his obligation. Abraham, the man of peace, showed that he could fight if fighting were necessary.

An interesting feature of this lesson is that modern excavations have thrown considerable light upon it and have made the kings mentioned here more than mere names. It is the opinion of Assyriologists that Amraphel, king of Shinar, is to be identified with Hammurapi, king of Babylon and author of the famous Code that bears his name.

Abraham's Refusal.

The incident following the battle of the kings and Abraham's rescue of Lot and his goods has a symbolic meaning. Melchizedek, king of Salem, who was also described as a priest of God, is represented as bringing forth bread and wine and blessing Abraham.

As a part of this blessing he offered to Abraham a tenth of all, but Abraham displays his disinterestedness by refusing to take any portion of what was offered him. One may recall in this connection the fact that George Washington declined to take any pay for his services as commander-in-chief of the Continental Army.

It is the disinterestedness of Abraham that appears as his highest quality, the purity of his motives and the integrity and unselfishness of his aims and aspirations, a practical man of affairs, the business of life for him was something more than mere business.

He is represented as the founder of a race and as the channel of blessings to society: "In thy seed shall all the nations of the earth be blessed." Society involves something more than the keeping of flocks and the attending to matters of business. Society exists through, and because of, relationships.

Abraham was worthy to be a founder and an originator of blessings because he had a social conception of life. It is only as men rise to something higher than their own interests that they become in any real sense social beings.

Victory of Faith.

Our lesson emphasizes that Abraham's victory came through faith and courage. But we should lay stress on the nature of the victory that Abraham sought to achieve. All his activities were along the line of duty and obligation.

He was a man who could be depended upon not only to fulfill his word but to fulfill the deeper obligations of friendship and loyalty that ought to influence a man apart altogether from the question whether he has given his word or not.

The story of these relationships of ancient kings and their doings necessarily in its details is of little interest to us. We cannot reproduce the atmosphere or see the events with any realism, but we can, even through the very dim picture given in the records, sense the spirit and quality of a man who, with personal faith, associated the sense of social vision and social obligation, and we can catch, also, the spirit of a man whose instincts were wholly for peace.

Would also, that our own ideals were so high that we might understand and find inspiration in the example of a man who was not grasping for all that he could get, but who found life's highest satisfaction in the consciousness of a good deed well done!

BAILIEBORO CHURCH REPORTS VERY GOOD

Past Year Has Been Most Successful—Farmers Lack Feed.

BAILIEBORO, May 8. — The members of the United church held the annual congregational meeting in place of the regular young people's meeting on Tuesday evening.

There were about thirty-five present and the pastor, Rev. W. H. Foley presided over the meeting. items to discuss, and there was a itmes to discuss, and there was a most satisfactory report of the Sunday school given by the superintendent, Frank Lawson. An inspiring report of the Young People's League was given by the president, Fred Barnard. While the pastor gave a brief report of the W.M.S. proceedings in the absence of the president, Mrs. Robert Fallis, Miss Mabel Seense gave a splendid report of the Girls' Mission Band

The reports were all very satisfactory, showing a splendid membership and regular attendance, and also an excellent financial report, a good balance being on hand in each case, giving the pastor and officers the greatest encouragement possible to know that their untiring efforts were being duly rewarded. The missionary and maintenance fund showed an increase of over two hundred dollars during the past year over the previous year. The amount alloted to this circuit was fourteen hundred dollars and the amount received was more than the amount asked for.

The stewards for the church were then elected as follows: James Whittington, William Earl, Wilbur Barnard, Ira Dawson, John Porter.

A special Sunday school and church service will be held next Sunday to celebrate "Mothers' Day" and at the close of the church service the Sacrament of the Lord's Supper will be held as well as a reception at which over twenty have handed in their names to become members of the United church.

Owing to the warm weather remaining away so long this spring, a number of the farmers of this district are getting very short of feed for their stock. In some instances farmers have already had to turn their stock out on pastures where, although there is no green grass, the cattle or sheep will have to live on the old dead grass until the new grass grows.

Many of the farmers figured on an early spring this year and did not economize upon their hay earlier in the season, and now when the straw is tramped into manure in the barnyard they are feeling the need of more feed to keep their stock alive until the grass comes.

Mostly all the farmers have commenced to do a little work on the land.

Brantford ROOFS.

Rich, Soft Tones Of A Brantford Roof

Brantford Asphalt Slates harmonize with any style of architecture, and their rich, soft tones blend with their surroundings at all times of the year.

They last for years, are fire resistant and give perfect protection from all weather conditions. 13

WINS SCHOLARSHIP.

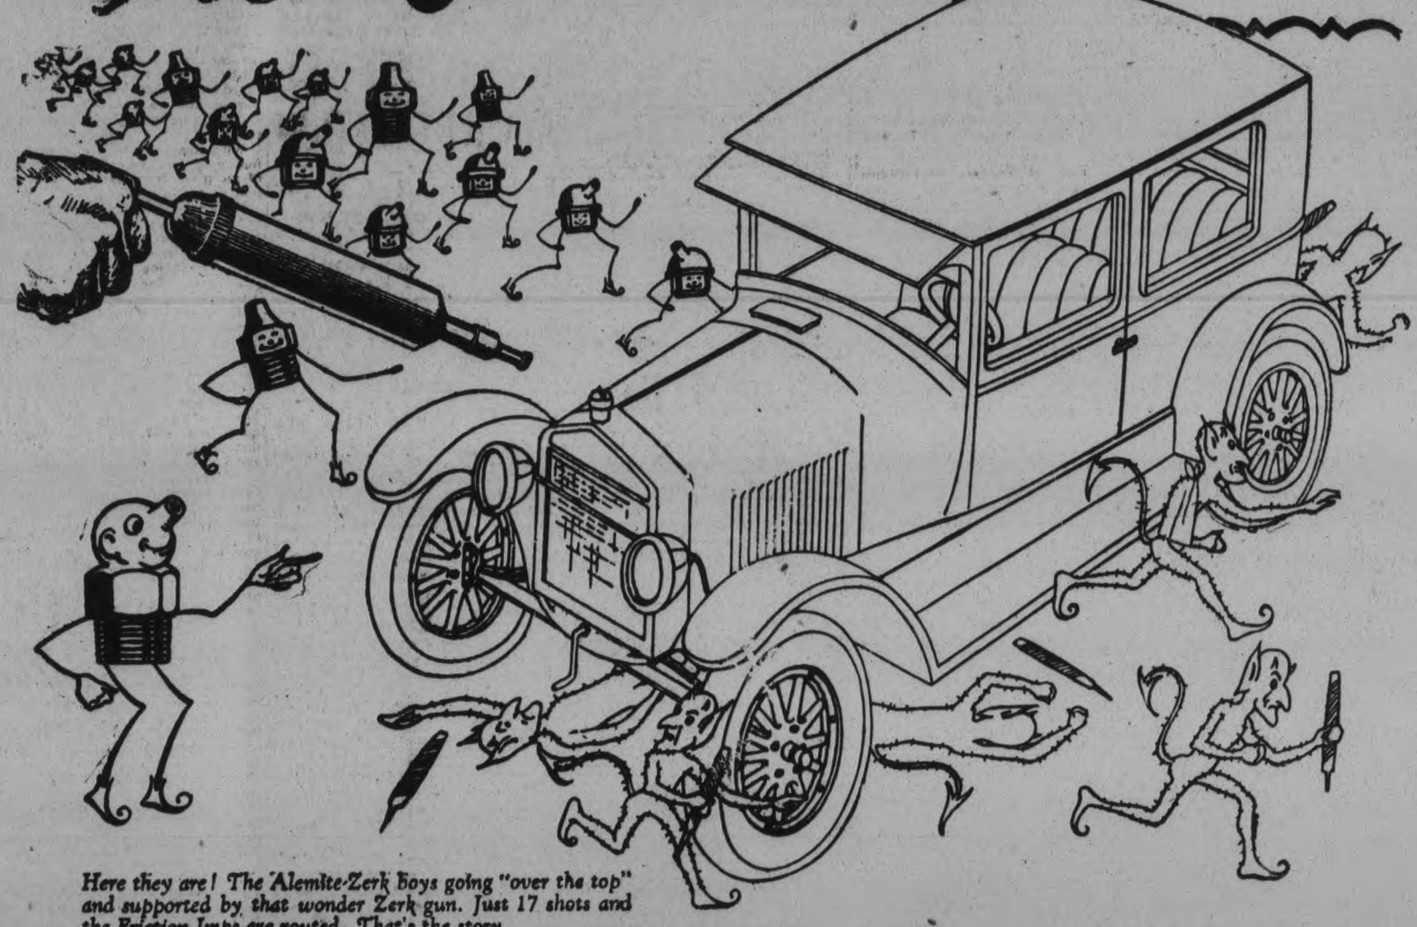
J. L. Killoran Successful in Faculty of Engineering at Toronto.

J. L. Killoran, who graduates in Electrical Engineering from the University of Toronto this year received word from the University authorities that he had been awarded the Jenkins scholarship of $100, for his work in the faculty of Engineering for the past three year.

This scholarship is donated to the University by Jenkins Brothers, Limited, 103 St. Remi street, Montreal.

At the height of 1000 feet one may see an object of 36.36 nautical miles at sea—if it's clear.

The Rescue!



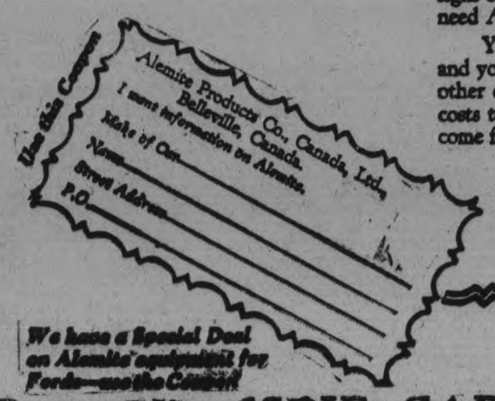
Here they are! The Alemite-Zerk boys going "over the top" and supported by that wonder Zerk gun. Just 17 shots and the Friction Imps are routed. That's the story.

The counter-attack comes when you have driven your car 500 miles. Then the Imps of Friction will begin to get in their deadly work. First one part of the car, then another, will show signs of their presence. Just remember that every 500 miles you need Alemite Lubricant on your Ford.

Your Ford is as good as the care you give it. Treat it right and your up-keep costs are "nothing"—neglect it—and, like any other car or machine, it pays you back in repair bills. What it costs to run a Ford depends on you. Eighty percent. of repairs come from a single cause—poor lubrication.

With the Alemite-Zerk 17 patented fittings you can replace every grease and oil cup. You simply press the Alemite-Zerk compressor against each fitting, and—instantly fresh lubricant shoots entirely through the bearing, forcing out the old, caked grease.

Talk to your Service Station man about it. He dislikes messing with grease cups just as much as you do—they take too much of his time. If your Service Station man does not carry the Alemite-Zerk fittings, use the coupon in the corner and we will tell you where you can get them.



And don't forget—after you have the fittings installed use only genuine Alemite Lubricant. Demand it. Insist that your Service Station man give you only the genuine.

COMFORT DEPENDS ON GOOD DIGESTION

Weak Stomachs Can Be Made Strong Through the Use of Dr. Williams' Pink Pills.

The sufferer from indigestion is greatly to be pitied. This trouble assumes various forms such as pain after eating, gas on the stomach sour stomach and often vomiting after meals. The sufferer cannot get relief by cutting down his food to a starvation basis. That only still further weakens. What is needed is better digestion, not a poorer diet. And the way to get a better digestion is to so enrich the blood that the stomach will do the work nature intended. As a tonic for building up the blood nothing else can equal Dr. Williams Pink Pills. As this new blood courses through the veins strength and tone is given the stomach and the pangs of indigestion disappear. Not only this, the whole system is strengthened and new life and vim comes to the former sufferer. The value of Dr. Williams Pink Pills in case of this kind is proved by the experience of Mr. E. G. Malcolm, Port Malcolm, N.S., who says:—"For several years I was a great sufferer from indigestion. I could not eat meat or potatoes, and often could not retain the food I did eat. Only those who have been afflicted with this trouble can realize the suffering I endured. I took a lot of doctors' medicine, but it did not give me more than temporary relief. I also took other remedies recommended, with no better results. Then I read in a newspaper the case of a woman whose symptoms were like my own, who found new health through Dr. Williams Pink Pills. I at once got a supply of these pills and had not taken them very long when I began to find relief. Thus encouraged I continued the use of the pills, and I can but sum up what they did for me by saying that they made me feel like a new man. Every trace of the trouble has disappeared and I can now eat and enjoy my meals as well as any one."

You can get these pills from any medicine dealer or by mail at 50 cents a box from The Dr. Williams Medicine Co, Brockville, Ont.

QUEBEC FOREST FIRES.

QUEBEC, Que., May 8.—(Canadian Press.)—The first forest firps to be reported in the Province of Quebec during the present season occurred Thursday. Neither of the outbreaks were serious and both of them were extinguished without much difficulty. The first occurred in the Gatineau region near the Township of Aylwin and the other in the Coulogne region on Calumet Island.

TO MOTHERS!

Dedicated to Mrs. James McManus
By Peter Ryan.

She is not dead but sleeping, though today
The grave within its walls holds her loved form
Though from this world her soul has passed away;
It went but to another world adorn.

God who knows all knows that she loved Him well,
And for His sake she loved all others too;
A kinder heart ne'er beat within its cell
And though dear Mother, we shall mourn for you

'Tis but the grief of parting for a time;
We know some day that we shall meet above
To share with you at that sweet Eden shrine
The joy of God's great never-ending love.

There once again your gentle voice we'll hear
And clasp your hand as in the days gone by,
As smiling on us there your eyes shine cheer,
And welcome us to that dear home on high.

There mother dear, your loved ones now who mourn
With you again shall reunited be.
Where angels bright the throne of God adorn
In love and joy for all Eternity.

CARGO OF 1,700

(Continued from page one.)

Tremblay's personnel he did not see then the necessity for taking to a place of detention anybody except the master of the barge.

"I know better now," added Gen. Panet.

Bisaillon said he would take care of the rest of the men taken on the Tremblay, including the two Americans, Stewart and Campbell.

"He did take care of them," said Mr. Calder with a smile.

"Yes, but I did not think he would do it in that way," said the witness.

Later Bisaillon, or Giroux, of the Customs department, ordered all the liquor to the King's warehouse.

Witness was "not altogether satisfied" and he left an inspector to watch the unloading. "The unloading was not carried out as it should have been," added witness.

Answering a question, Gen. Panet said his resignation from the Liquor Commion's service had nothing to do in any way with the Tremblay incident.

Liquor in Homes

From reports he had received, Gen. Panet was convinced that some of the liquor unloaded from the Tremblay found its way to the home of two members of the Arbour Cartage Company. Later he had seized liquor at the home of Arbour, and of Cicotte Arbour's brother-in-law, liquor which he believed came from the barge Tremblay.

There was some discussion as to whether Gen. Panet should not have held on to the liquor and challenged Bisaillon's right to take it over. The witness said he was very anxious to "hang on to it" but he had to give way to the federal authorities. That was always understood. Bisaillon wrote demanding peremptorily the liquor seized on the Tremblay and he wrote Senator Bureau, then Minister of Customs, to back him up.

"I presume they could have arrested me if I refused," said Gen. Panet.

Arbour and Cicotte explained the possession of a few cases each of the Tremblay liquor by saying that the cases were leaking and they thought they might as well take it home, said witness. They were prosecuted on this charge.

Applied to Bureau

A letter was read from M. Dansereau, of the Quebec Liquor Commission to Hon. Jacques Bureau then Minister of Customs, asking if the 300 cases then in the commission's warehouse could not be considered a small recompense for the labor and expense of seizing the liquor. The commissioner was convinced that smugglers would have landed the whole consignment without the customs knowing anything about it. He did not believe that customs officer Duval and his wife had been merely attracted to the St. Sulpice wharf that night by the crowd there. That explanation was "lame." Mr. Dansereau would "rather be inclined to suspect that Duval was called to St. Sulpice to protect the unloading of the liquor." It was a waste of money to take the liquor to King's warehouse, said the letter. In the end the Liquor Commission was the only posisble customer and it would have to cart the liquor again.

The carters and chauffeurs who were employed by Bisaillon "served themselves copiously, and when the transfer was finished they were nearly all drunk," said Mr. Dansereau's letter. They also took a tin of liquor apiece home.

Bisaillon telephoned, wrote Mr. Dansereau, demanding instantly the return of the 300 cases moved to the Liquor Comimssion's warehouse before the customs asserted their right to the Tremblay's cargo. He would have no choice but to hand it over, said the Commissioner.

Drew His Revolver

Paul Gauthier, liquor commission inspector, who actually seized the Tremblay was recalled to the stand. Questions as to attempts made to buy off the seizure, Mr. Gauthier said one man on the boat offered him $50,000. Another mentioned even higher sums if he would go away.

There was no "rough stuff" witness said. He pulled his gun only when somebody in the crowd countered his first command with a curt "go on with thé unloading." Then Gauthier pulled his revolver and said:

"If another case hits that wharf there will be trouble round here."

After that there was no further opposition and Gauthier waited for his reinforcements to take the Tremblay back to Montreal.

W. Duval, customs preventative officer from Montreal, was next on the stand.

Duval said he received a tip from customs officer Brien that a liquor barge was due. He was asked not to mention it to Bisaillon so that they could get all the informer's moiety for themselves. On the night of the seizure he went to St. Sulpice in an auto with his wife and Brien. He left the two lattter in the car some distance away and approached the wharf, to find that officers of the liquor commission had already taken the barge over. He got Bisaillon on the long-distance telephone and was told to go back and seize the barge. He went back and told liquor commission Inspector Gauthier that Bisaillon had ordered him to seize the barge, but did not press the point seeing that it was seized already.

"Is that the way you make seizures in the name of Bisaillon?" asked Hon. H. H. Stevens.

Bisaillon finally agreed that Gauthier and his men were to be allowed to take the Tremblay back to Montreal. Duval, Brien and Mrs. Duval went back to Montreal in their car.

Officver Duval said that Bisaillon told him the Americans were in charge of two officers of the Liquor Commission. He had boarded the barge and saw one of the Americans leave to take his lunch with an officer of the Liquor Commission He did not know the name of the officer.

"Did the American come back?" asked Mr. Calder.

"I did not see him again."

"At what hour did he leave?"

"I do not remember," He did not think that Bisaillon had placed an officer at the gateway to see that no one escaped from the barge.

Duval could not remember the name of the officer who took the American (Campbell) ashore.

Duval said that by the time the unloading was finished some of the carters were 'feeling pretty good."

BODY REMOVED TO BE ANALYZED

Provincial Officers Take Mrs. West's Body From Warkworth Vault.

QUESTION NEIGHBORS.

WARKWORTH, May 8.((By a taff Reporter)—That the provincial police are still interested in the West tragedy was shown by another visit of Inspector E. C. Gurnett of Belleville and Constable T. W. Cousans of Cobourg to Warkworth yesterday. The officers questioned a number of neighbors about the affair and took the remains of Mrs. West from the vault in Warkworth cemetery. The boy was taken to Cobourg, from where it will be forwarded to Toronto for examination and analysis.

A few days ago inquiries were made by Belgian officials into the matter, while Mrs. West's father has also written for information.

TO MANAGE GRAIN COMPANY

CALGARY, Alta., May 8.—(Canadian Pess).—F. W. Riddell, formerly general manager of the Saskatchewan Co-Operative Elevator Company, is slated to be general manager of the Alberta Pacific Grain Company just organized by James Stewart, following the acquirement of Spillers' interests in the A. P. G. Company, according to a report here.

BUYING GRAPE FRUIT.

When shopping for grape fruit, select those with thin skins that feel heavy. The weight indicates a full juice content.

MALAYANS BUYING CANADIAN AUTOS

Good Road Built By Foreign Governments.

MONTREAL, May 8 (Canadian Press).—Orientals of the far east in such places as Singapore, Java and Siam have developed a brisk trade in Canadian automobiles owing to the good roads built by the British, French and Dutch Governments there, according to A. B. Middiman, former Canadian Trade Commissioner to those parts. Mr. Middiman was in Montreal Friday after completing an official tour of principal Canadian business centres west of this city. Next week he will visit points east of Montreal, leaving later for Holland to take up his new duties as the Dominion's commissioner at Rotterdam.

Automobiles stood out in the list of Canadian products exported last year to Malaya, which takes in the several places covered by the Trade Commissioner to the Far East. This year's total shipments was the greatest on record, Mr. Muddiman said.

He also declared that the Dominion had sold considerable manufactured rubber goods to that area, regardless of its being the centre of crude rubber production.

BONAR LAW NEWS.

BONAR LAW, May 8 — Miss Maud Thompson of Marmora spent the week end under the parental roof.

M. Clarence McKeown of the Standard Bank staff at Campbellford is spending a two weeks' vacation at his parent's home on the 12th concession.

Miss Vera McInroy left for Peterborough on Monday for hospital treatment.

Mr. and Mrs. John Stewart spent Sunday at Mrs. Katherine McKeown's home.

Mr. and Mrs. Henry Mathews spent Sunday with friends at Springbrook.

Mrs. Henry Green of Springbrook visited at the home of his daughter, Mrs. Wannamaker, last week.

Mr. Clarence and Miss Lillian McKeown motored to Belleville on Tuesday.

Mr. S. W. Benner and Mr. George Benner took tea at David Wellman's on Tuesday evening.

Mrs. Albert Wellman is on the sick list.

Mr. and Mrs. William Barlow of Bonar Law spent Tuesday in Belleville.

Mr. and Mrs. Clifford Lowry of Marmora visited in this vicinity on Monday.

Mr. William McInroy was in Peterborough on Wednesday.

Orange Pekoe

IS a term applied not only to a very limited quantity of fine quality teas, but also to a much larger quantity of poor and medium quality teas. Some are sold in packages, some in paper bags and parcels.

RED ROSE ORANGE PEKOE is a blend of the finest quality teas grown in the East. Gardens away up on the mountain hillsides of India and Ceylon, where rich soil, just the right climate, and most careful cultivation, produce tea which is as near perfect as tea can be—very pleasing to the taste and of such strength that a half-pound package carefully used will go as far as a pound of many teas which cost less by the pound but are more expensive in actual use.

To be sure of getting this finest of teas you should ask for it by the full name, RED ROSE ORANGE PEKOE TEA, and see that it is always in the handsome sealed package.

A trial package costs only 10 cents. For sale by the best grocers in every town and hamlet.

Double payment if you meet accidental death. Ask the Crown Life Man about this fine Policy.

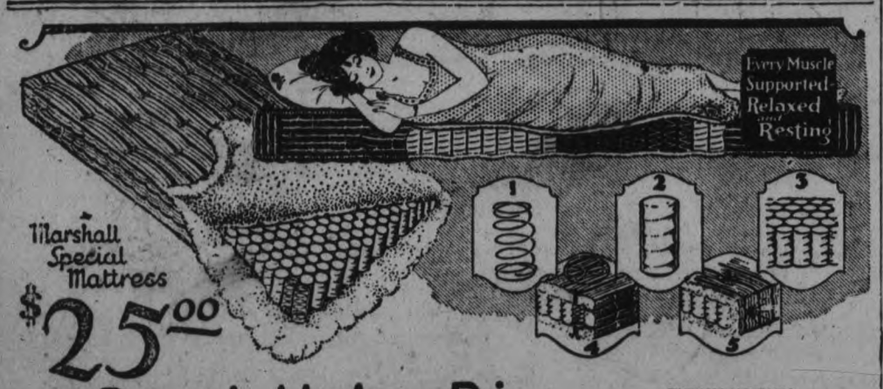
SHOE INDUSTRY IN QUEBEC CITY IDLE

No Change in Dispute—No Recent Meeting.

QUEBEC, Que., May 8.—(Canadian Press.)—There has been no change in the local boot and shoe industrial dispute and the factories remain in just as inactive condition as they were Thursday. Questioned concerning the general meetings of members of the Quebec Boot and Shoe Manufacturers' Association, Herbert Gale, president of the Association, stated that the manufacturers had no statement to make concerning the situation. Alfred Marois was equally reticent. Pierre Beaule, president of the National Catholic Unions, with which the shoe workers are affiliated, declared that so far as he knew no attempt has been made yet to bring about another meeting of representatives of both sides.

Dogs Are Making Use Of Old Watering Trough

Almost any of these mornings, citizens who happen to be walking in the neighborhood of the Police Station can view an interesting spectacle. The drinking trough, situated directly in front of the Police Station on Water Street, and which many people, no doubt, think is practically useless since the advent of so many cars and trucks in the commercial life of the city, has taken upon itself a new lease of life. Just this morning in the space of five minutes, no less than three dogs came along and drank of the cooling stream that flows into the trough. Their method of procedure was the same in each instance. Each dog approached it rather timidly, stuck its nose over the top and commenced to lap at the water — not getting sufficient due to the height of the top from the ground. The dogs place their fore legs on the rim and are thus enabled to obtain all the water they can drink in an easier manner.



Marshall Special Mattress
$25.00
A Remarkably Low Price
made possible by tremendous production

Price is no barrier to your owning a Marshall Spring Mattress. This superb, new comfort mattress has changed the sleeping habits of generations. Yet it costs less per year to own than the ordinary stuffed mattress.

The many hundreds of highly resilient springs in the Marshall Spring Mattress give even, gentle support to the entire contour of the body. Natural even body support ensures complete muscular relaxation, an essential requisite to true healthful sleep.

Feel full of renewed vigor and vitality by sleeping on a Marshall Spring Mattress. The Mattress which assures complete muscular relaxation, the one essential to perfect body-building sleep. The cost is within reach of all.

EVERY MARSHALL FEATURE

1—*Many hundreds of these highly resilient springs ensure even, yielding support for true relaxation and perfect sleep.*
2—*Each spring is encased in a cotton pocket permitting free movement without tangling or making a noise.*
3—*The springs in cotton pockets are nested together permitting use of more springs and eliminating danger of springs getting out of place.*
4—*Sanitary Bow Knots—Dustless.*
5—*Ventilators—interior always fresh, clean and sanitary.*

The Marshall "Special" Mattress is padded with high grade cotton felt, and is covered with good durable ticking with two handles on each side and end.

"More rope" for The Salvation Army

The Salvation Army's mission is to throw a rope to help those shipwrecked on the seas of want, misery and suffering.

Mothers deserted, widowed or temporarily derived of a helpmate, who may be in hospital or serving a sentence in prison; little children in need of food, clothing and shelter; men who have fallen low, lost their self-respect and courage—all are helped wherever they are found.

Thousands of men and women and children come under the protecting arm of The Salvation Army every year.

All this work is dependent entirely upon voluntary subscriptions—your dollars and the dollars of all who can spare them.

Every dollar given to The Salvation Army does a hundred cents' worth of good. The Army's work is so thoroughly organized and carefully administered that waste is eliminated and extravagance is unknown.

Help The Salvation Army to extend its rescue rope—to help more sufferers—to bring more happiness to the drab lives of little children and over-wrought mothers—to help more men into lives of usefulness and self-respect.

Help The Army by contributing to the Self-Denial Fund.

Give your contribution to tne authorized collector, or send direct to

"THESE WOMEN"

By MALCOLM DUART
COPYRIGHT 1926
The Characters and Situations in this Story are entirely fictional.

BEGIN HERE TODAY.

When today's chapter opens, Audrey Morton has just slapped John Parrish across the mouth.

She is in love with Harry Morton, her handsome, middle-aged, wealthy guardian. Parrish is Morton's secretary. Parrish disapproves of Morton's association with gay young women, and has just advised Audrey to live elsewhere than with her guardian.

Morton himself, in an effort to avert Audrey's love for him, has thrown Parrish in her way, and himself has let her see him with Nona, a Toronto stage girl who loves him, and with other girls.

For 15 years Morton has been a mystery in Peterborough, where he has spent much of his time in a handsome home. He also maintains a costly apartment in Toronto.

They all are in Toronto when today's chapter starts.

NOW GO ON WITH THE STORY.

CHAPTER XXI

Parrish was young and big and strong, but the blow staggered him.

He stepped back a pace or two, covered his mouth with both hands, and stared at Audrey aghast.

"Don't you do that again!" he said, his voice muffled by his fingers.

"You unspeakable cad!" she cried. Her slim body was taut, as if she were about to spring on him. He retreated another step. Slow anger was taking the place of astonishment in his eyes.

"If you do that again, I'll shake you!" he told her.

"Just you try it! Just you try it!" she shrilled.

A sound from the rear caused her to turn. For the first time she saw that a knot of spectators was rapidly gathering. Delighted applause was in their eyes, and words of encouragement arose.

She looked back at Parrish, swept the interested crowd with scornful eyes, and turning her back, almost ran to her own apartment building.

Parrish stood watching her, until she was out of sight. Then, with several of the more enterprising members of the volunteer group following him, he plodded away on foot towards Morton's office.

Audrey stormed into her drawing room, a small whirlwind of wrath, and tried to reach Morton by telephone. She was told by the clerk in his office that he had not yet come in.

"Too soon," she said to herself, as she hung up the receiver.

She ran up the stairs, and woman-fashion, she released her nerve tension by unpacking and repacking her wardrobe drawers, refusing the assistance of her maid. This done, she changed her dress, and carefully reapplied the rouge and mascara that had been disturbed by little trickles of angry tears.

Her eye fell upon the painting that she and Morton had bought in their stroll around town. It had been unboxed, and stood in its frame on the floor, against the wall of her dressing room. She went over and examined it. It was a portrait of a plump-cheeked girl, in the headdress and garb of two centuries ago. The background and garments were in the gloomy coloring of the older masters, but as Audrey looked more closely, she saw that the paint was not cracked with age.

"He was right—he always knows," she said, aloud.

She tilted the picture until she could see the back of it. Heavy yellowed paper was pasted on the frame, covering the rear of the canvas. She inspected the frame itself with dissatisfaction. Ripping off the paper, she bent the little nails that held the canvas in its frame, and pulled the picture from the old gilt molding. She held it up level with her eyes.

Then she gave a sharp exclamation. She was looking at a line of small lettering, in the lower right-hand corner of the painting. The letters were in red pigment.

"H. Morton, January, 1901," they read.

She looked again, to make sure. Then, with a choked ejaculation, she ran to her closet, hurriedly donned her coat and hat, and with the picture under her arm, ran down the stairs, into the hall, and without waiting for the elevator hurried by the stairway to the street, five floors below. Dancing with impatience, she waited on the curb until a taxicab appeared. Into this she climbed with her picture, and ordered the driver to go as rapidly as possible to Morton's office.

When the taxi pulled up at the building, she leaped out, threw a five-dollar bill to the driver, and without waiting for her change, ran inside. Upstairs, she brushed aside a clerk who was standing at Morton's door, and rushed into his private office.

He looked up with a smile. Then, noting what she held under her arm, he tilted back in his chair, and his eyes half closed.

Shaking with excitement, the girl stood the picture on edge upon his table.

Morton nodded. "You have been investigating already," he said, quietly. "So you liked my picture?"

"Did you paint it?" she cried.

Morton reached over, took the painting, and regarded it thoughtfully. His voice was a little heavy as he answered, "A quarter of a century ago!"

He laid the picture down, and turned to stare out the window. Audrey was on her knees beside him, her hands clasping his arm.

"Oh, daddy, I never knew you painted! Where did you paint it? Why didn't you ever tell me you were a painter? Why did you stop painting?"

He patted her head, absently. After a long pause, he said: "I never intended to tell you. But it was an odd little trick of fate, wasn't it, that you should like my painting there in the art store? I hadn't seen it for nineteen years."

She shook his arm. "But tell me, daddy—tell me all about it!"

He still looked out the window, his eyes fixed and apparently unseeing. "I was an artist once—a kind of an artist," he said. "But I had hoped to keep all that buried in the past—buried in the dark, dark past!"

Audrey put her hand on his cheek, and turned his face toward her. "But dearest!" she exclaimed, "if you saw that picture the last time nineteen years ago, that must have been about the time you adopted me! Did I see it when I was a baby?"

He arose hastily, and went to the window. His face was close to the glass, so she could not see his expression. She saw his body give a little convulsive shake. When at last he turned around, his face was composed.

"Yes, sweetheart, you saw that when you were a baby—though I doubt if you knew what it was—"

"But why didn't you tell me all about it—why didn't you tell me you were an artist?"

He shook his head, and going to her, where she still sat upon her knees, he placed his hands on her shoulders.

"Child," he said, gently, "it was for the same reason that I have not told you many other things—who your mother and father were; what your name was before I adopted you; who I was and where I came from. I have always wanted to keep shut the door of the past. Help me to do it, won't you, little one? It is full of pain for me!"

Audrey sank farther to the floor, with her head bowed.

"Aren't you ever going to tell me who I am?" she asked.

Morton considered. "Some day, maybe—though you will be happier, and so will I, if I never do tell. But not now, dear."

She looked up at him. His face was sad, and raawn. There was a weary look in his eyes, that she never had seen before. Leaping to her feet, with quick comprehension, she clasped her hands as a child does.

"I won't torment you any more, daddy—but I love your picture! Daddy, I slapped Mr. Parrish in the mouth."

The lines about his eyes relaxed, and the lids opened wide as he looked at her. "You what?"

"I slapped him, and I want you to discharge him right away," she went on.

"Sit down," he directed. "Let's hear about this." She took one of the big chairs. There was rising indignation in her voice as she told him about her adventure.

"He said you weren't fit to be my guardian, and I ought to go away from you, and I just up and slapped him."

"Hard?" Morton asked her, smiling.

"As hard as I could," she said, a little proudly. "He staggered! You are going to discharge him right away?"

"Not at all," Morton told her. Picking up the canvas that lay before him, he looked over it, idly. "You know, Parrish told me much the same thing himself, a few days ago."

"And you didn't hit him, or anything?" Audrey's voice was incredulous.

"He may have been right," said Morton, "although I'm inclined to think he's wrong. However, he's a very good man. It appears he has the courage to say what he thinks."

"Well, I'll never speak to him again as long as he lives," said Audrey. "If he comes to our apartment when I'm there, I'm going right upstairs and slam the door."

"It will cause him great suffering," Morton commented.

He tapped the canvas in his hand. "I worked six weeks copying that in Brussels," he said, irrelevantly. "We all were supposed to copy pictures in the galleries then. We only painted from models about half the time."

Audrey came around, and standing beside him, looked again at the picture. "It's wonderful!"

* * *

Audrey, from a booth in Morton's outer office, called Nona on the telephone. It took her half an hour, because Nona was not in her own rooms. After many difficulties, Audrey finally reached her at an obscure hall, where the cast of a summer show was rehearsing.

"I want to see you, Nona," Audrey said.

"When?" Nona asked.

"This afternoon."

"Nix!"

Audrey could hear her laugh at the other end of the wire. "I've got a heavy date."

"With Mr. Morton?" asked Audrey quickly.

"No—another fellow," Nona said.

Audrey was indignant. "If Mr. Morton takes you out, I don't think you ought to go around with other men!"

Nona let out a little shriek. "That's a funny line, from a girl that's in love with him herself! But listen—my date isn't until three o'clock. I can see you about two. What did you want to see me about?"

"Now don't tell a soul in the world," said Audrey, "but I want you to help me do something."

There was a pause. Then she went on "I want to get a job dancing in a cabaret!"

(To be continued.)

RECREATION CLUB DANCE SUCCESSFUL

First Social Evening of New Havelock Organization Enjoyed.

HAVELOCK, May 8—The Town Hall was thronged with a gay assemblage on Monday evening, the occasion being the dance under the auspices of the Havelock C.P.R. Recreation Club. This is the first social function of the newly organized club has held and was by common consent voted the best social event of the season. There were over three hundred in attendance, including a large number from the neighboring villages. The hall was tastefully decorated with C. P. R. pictures and streamers of red, white and blue and the floor was pronounced perfect by the dancers. A locomotive headlight was placed on the centre of the stage with green signal lamps on each side. The programme was announced by the use of slides on a light just above the headlight.

Mr. B. Puffer in conductor's uniform collected the tickets, while Lorne Jack, Neal Sarginson, Gordon Sarginson, Gordon Wilde, Maynard Bullied and Francis Voyer acted as Red Caps. Just before lunch was served a waiters' parade was staged, headed by Chef P. Pencombe carrying a rolling pin. The waiters were all dressed in the white coats and caps of the dining car service. After lunch H. W. Roche, president of the club, gave a short talk on the aims of the organization after which demonstrations in step dancing were given by Messrs. John Howe, Russell Green, George Pacey and Joseph Nasimok of Peterboro. The music provided by the "Musical Aces" of Perth was most alluring and thoroughly enjoyed by all present.

The success of the entertainment was due to the untiring efforts of the committee in charge composed of F. Hooper, chairman; J. Little, R. Green and W. Bullied. The receipts amounted to $163.00.

Journalism, liberal arts and business administration libraries at Marquette University are being centralized.

HAVELOCK HYDRO PURCHASES BONDS

Invest $2,500 in Provincial Securities—May Meeting.

HAVELOCK, May 8.—The Hydro-Electric Commission of Havelock met on Tuesday evening in the Council Chamber. Present: Commissioners Rose and Brewster and Reeve Curtis.

A communication was read from O. E. Ames and Co., showing the purchase of $2,500 of Province of Ontario bonds, 5 per cent at 1.02 1-4. Due October 1948.

Moved by Commissioners Rose and Curtis that the bonds received from A. E. Ames and Co. be accepted, numbered AF 27661, AF 11778 and 11779 for $500, $1,000 and $1,000 respectively. Interest due the 15th of October and April and that the secretary be authorized to sign a receipt for the same and return to A. E. Ames and Co. and that the secretary have the bonds registered payable to the Hydro-Electric Commission of Havelock. Carried.

Accounts — Hydro-Electric Commission, $442.69; H. Goden, salary, $55; H. Goden, expenses, $10.15; A. E. Ames and Co. $2,562.41.

Moved by Commissioners Curtis and Rose that the above listed accounts amounting to $3,070.25 be authorized paid. Carried.

Moved by Reeve Curtis, seconded by Commissioner Rose that the secretary be authorized to write bills in accordance with information printed on the back of forms regarding service charge commencing next reading May 22, 1926. Carried.

Meeting adjourned until first Tuesday in June.

CLASS ORGANIZES.

Junior Boys of Hastings Church Elect Officers—Call Class "Speeders."

HASTINGS, May 8. — The junior Boys Class of the United Church Sunday school met recently and organized the class and a soft ball team.

The name chosen by the class was "The Speeders."

President: Jack Prest; vice-president Goldworth Hinton, secretary Iden Bond; treasurer, Hayden Kelley

Motto of the class: 'Be prepared.'

Baseball team: Manager, Frank Sargeant; Hon. manager, Mr. S. Bond official umpire, Dr. J. H. Hess; baseumpire, Mr. A. B. Smith.

Look out committee for cl s, Ted Prest, Frank Sargeant; Cleveland Smith, Gerhard Scriver, Kitchener Smith, George Bond, James Mongomery, Howard Wilson.

Teacher: Mr. Iden Bond.

A soft ball team has been organized by the United Church Sunday school:

President: Dr. J. H. Hess.

Secretary: Bryant Scriver.

The ladies elected Miss Hazel Mac donald as president, Miss Carrie Doxsee, secretary, Dorothy Johnson, treasurer.

The boys elected: Mr. J. C. Wilson, president, Mr. C. B. Runnels, secretary, Mr. Iden Bond, treasurer.

It was planned to try and arrange several teams from the different classes, so that a league might be formed to provide good sport for the season.

SERVE SPECIAL.

Spinach has such a high vitamin content that it should appear often on the bill of fare. When buying it be sure the plants have plenty of leaves an that they look fresh and crisp.

OBSERVE MOTHER'S DAY.

Will Be Special Services in Marmora Church on Sunday.

MARMORA, May 8.—Mother's Day is being observed in the United church next Sunday with the special prescribed service at the morning Sunday school and an appropriate evening service.

Farmers are glad, with the return of the warmer weather, to get on with their ploughing and have accomplished much in a comparatively short time.

W. P. Hughes, Athletic Director of Queen's University, visited the Continuation School on Tuesday and gave a talk to the boys.

Mrs. M. Penrose returned to Toronto on Monday.

Mr. George Wright left f·· Hamilton on Wednesday morning.

Mr. Harry Barrons spent last week at his home in Cordova.

Mr. Frank Davidson of Havelock was a visitor to town on Sunday.

NORWOOD PERSONALS.

NORWOOD, May 8.—Mrs. Annie Moffat who has spent the past winter with her daughter in New York arrived home on Wednesday. She was accompanied by her daughter, Mrs. McRoberts, of North Bay.

Miss Berry, a representative for the Mother's Allowance Board for this district was in the village on Wednesday on official business.

Mr. Daniel Sedgwick of Peterboro spent a few days in the village at the first of this week.

Mr. and Mrs. Russell Puffer and children of Clarina spent Wednesday in the village.

FROST DOES HARM.

Fields of Winter Wheat at King's Wharf Are Nipped.

KING'S WHARF, May 8.—The weather of the last few weeks is very discouraging to the farmers, and as yet looks no better. There was hard frost one night recently and it will do harm to the wheat and clover. There are a number of beautiful fields of fall wheat and clover through here, and up till that night everything looked fine. No one has started to work here yet, as the land is too wet, and it will be a few days yet before they can get started.

The trappers were glad of the extension of time allowed them, but it has been the worst catch in a numbers of years, although the prices are better than last year. The weather was cold and some places did not open up at all.

YOUNG'S POINT NEWS.

YOUNG'S POINT, May 8.—Rev R. T. C. Dwelly conducted two services on Sunday in St. Aiden's church which were well attended.

The roads are fit for traffic again The mud holes between here and Lakefield were very dangerous and many cars had to be pulled out.

The cheese factory is again in operation and quite a lot of milk is being made into cheese every day.

Miss Gladys Lindo of Toronto is the guest of Mrs. A. Wilson.

Mr. Darcy Wilson is again able to be around after his accident but he is still lame. Where the bullet entered his leg is still very sore.

Miss Mary Buchanan spent the week end at her home in the village.

Mr. Walter Phelen of Pittsburgh is at the Lakeview House, the guest of Mrs. Kearney.

For Quick Hot Water
Fill an SMP Enameled Tea Kettle. Set it on the stove. No Kettle will boil water quicker. That means convenience, time saved, too. All SMP Enameled utensils are very fast coming to the boil and in their job of cooking. Not only quicker to cook with, but easier, more quickly cleaned after. The best any way you look at it. Think this over.

WOMEN'S PAGE

SOCIETY

Last evening the students of the Fourth Form at the Normal School entertained the staff and students of the Normal school. The evening was pleasantly spent in the enjoyment of games and competitions, followed by the service of a dainty lunch.

* * *

The name of Miss Mary Foley, daughter of Mr. and Mrs. J. Foley, of Keene, appears on the list of nurses graduating at St. Joseph's School of the Hotel Dieu Hospital. The graduating exercises will be held on June 2nd.

* * *

Miss Marion Rumming, Downie street, is attending the Christian and Missionary Alliance convention in Toronto.

* * *

Mr. Fred Allen, of Queen's University, Kingston, son of Mr. and Mrs. Jno. Allen, has received a telegram stating that he has passed all the examinations with high standing.

* * *

Miss Mabel Collins is spending the week end in Toronto.

* * *

Friends of Mrs. P. McGrath, 164 Lake street, will be sorry to learn that she is ill in St. Joseph's Hospital.

* * *

Mrs. R. M. Dennistoun, of Winnipeg, who was a visitor in the city this week, was called home unexpectedly by the illness of her husband, Judge Dennistoun.

* * *

Mr. Fred Chenhall, of the local staff of the Bank of Nova Scotia, leaves on Monday for a new post in the branch of the bank in Ottawa.

* * *

Mr. and Mrs. A. J. Johnston have returned to the city after an extended trip to North Carolina.

* * *

The engagement is announced in Toronto of Miss Jessie Stratton Matthews, daughter of Mr. and Mrs. T. Frank Matthews, to Mr. George Arthur Somerville, son of the late Mr. and Mrs. G. A. Somerville, the wedding to take place quietly early in June.

POTATO QUARANTINE.

Canada Prohibits Certain Imports.

OTTAWA, Ont., May 8. Canadian Press. — The government has prohibited importation of potatoes into Canada from Europe, the Azores Islands, the Canary Islands, Newfoundland, the Islands of St. Pierre and Miquelon, and the State of California. Shipments of potatoes from the States of Pennsylvania, West Virginia, and Maryland, must be accompanied by a certificate stating that they have been grown outside quarantined areas and have been found on examination to be free from wart disease.

Shipments from other states must be accompanied with a certificate stating the name of the state in which they were grown.

TO RESTORE COLOR.

When blue garments have become faded, put a cupful of vinegar in the last rinsing water.

WHERE IS YOUR "PEP"?

LET "FRUIT-A-TIVES" BUILD UP YOUR STRENGTH AND VIGOR

MISS EVA EMOND

"I must tell you that "Fruit-a-tives" increased my appetite, gave me more energy and better colour, and I have gained a lot." Miss Eva Emond, Magog, P. Q.

When did you begin to lose your vitality, your enjoyment of life? When did you notice that you were paler, thinner? Of course, you want to be your former cheery self, bubbling over with energy and the happiness of good health. But how?

"Fruit-a-tives" will bring back your normal weight and appetite; give you the soft, velvety skin that glows with health; restore your strength and vitality.

"Fruit-a-tives" will correct the troubles that are keeping you pale and listless and miserable, the Indigestion, Biliousness, Constipation, Headaches and Nervousness.

"Fruit-a-tives" is intensified fruit juices, combined with tonics.

Youthful Frocks Employ Jabots

To be thoroughly sure of its smartness, this frock has elected to be fashioned of printed silk, and wears two jabots of plain material rippling down either side of the panel front. The back remains entirely plain, and a narrow string belt ties effectively about the hips, creating a bloused effect. The sleeves are long and loose at the wrists. No. 1216 is for the miss and small woman, and is in sizes 16, 18 and 20 years (or 34, 36 and 38 inches bust only). Size 18 years (36 bust) requires 3⅛ yards 36-inch figured, and 1¼ yards plain contrasting material for jabots, collar and belt; or 3¾ yards if dress is made all from one material. Price 20 cents.

Every woman's desire is to achieve that smart different appearance which draws favorable comment from the observing public. The designs illustrated in our new Fashion Book are originated in the heart of the style centers and will help you to acquire that much desired air of individuality. Price of the book 10 cents the copy.

Menus for the Family

By Sister Mary.

Breakfast — Stewed dried peaches, cereal, thin cream, waffles, maple syrup, milk, coffee.

Luncheon—Hot chicken sandwiches, radishes and new onions, fruit cup, nut cookies, milk, tea.

Dinner—Cream of tomato soup, cheese souffle, creamed asparagus, brown bread, frozen fig pudding, milk, coffee.

This dinner menu is planned particularly for one of those first warm spring days. A nourishing, well balanced meal is provided without meat.

Bits of left-over canned or fresh fruits are used in the "cup" suggested for the luncheon dessert. It may be topped with whipped cream if convenient and if preserved or maraschino cherries are not at hand a bit of currant jelly makes an excellent garnish. Of course any kind of jelly "open" can be used but a bright colored one is naturally more effective.

Hot Chicken Sandwiches.

Three-fourths cup chopped cold cooked chicken, 3-4 cup chopped cold cooked ham, 1 1-2 cup milk, 3 tablespoons butter, 2 tablespoons flour, 1 tablespoon grated onion, 1 teaspoon curry powder, 1 teaspoon lemon juice, 6 slices bread.

Combine chicken and ham. Melt butter, stir in flour and when perfectly smooth slowly add milk, stirring constantly. Moisten curry powder in a little cold milk and add with onion to sauce. Bring to the boiling point and boil three minutes. Add chicken and ham and bring again to the boiling point but do not let boil. Remove from fire and stir in lemon juice salt and pepper. Melt butter in frying pan and saute bread until a golden straw color on both sides. Spread each slice with chicken mixture and serve at once.

21 HORSES BURNED

WINNIPEG, May 8 (Canadian Press). — Twenty-one horses were burned to death in a fire which destroyed a barn on a farm near Basswood, Man., a quantity of grain and feed was lost.

SAVE YOUR TEETH

Prepared by the Oral Hygiene Committee of Canada, with which the Peterborough Dental Society is Collaborating.

TOOTH DECAY.

You do not allow your child too many sweets lest they spoil his teeth, and, wisely, you did not let him know their taste too early. But where the harm?

Now, as you have read, no doubt, so-called tooth decay is a disease that is incited by bacteria. These micro-organisms have the power of setting up fermentative processes in left-over carbohydrate matter in the mouth, producing acids which attack the tooth substance to dissolve it: in this manner, these organisms gain access through the hard enamel covering.

You perhaps did not suspect the presence of bacteria in your mouth did you? Yet, a noted authority states that more than a hundred different species cou'd undoubtedly be isolated from a single mouth at one time or another.

Now, of course it is neither practicable nor possible to cut off the carbohydrate food supply, nor to rid the mouth of bacteria for any length of time.

However, Nature herself is not wholly defenseless against the situation, for the acid formed is, as a rule, taken up by the saliva and dissipated before it can do injury—excepting where it can lie undisturbed as in deep pits or fissures, or beneath food particles that adhere to the tooth when proper mouth toilet is not observed.

But you must do your part by avoiding excessive use of carbohydrate foods such as sugars starches and allied substances, for the use of a too liberal supply of these is to create a condition that can but invite disaster—especially when proper mouth toilet is not the daily rule.

The Woman's Day

Written by a Woman for Women.

Touching brightly on woman's every major interest in life from books and babies to politics and psycho analysis.

(By Allene Sumner)

MAMA'S ONLY-ONLY!

Mama's and papa's darling, the only child, has a chance to be as normal and, in general, as acceptable a member of society, as the child with brothers and sisters. This finding comes from a psychologist who has tested a miscellaneous bunch of youngsters and finds that the only child is no more selfish, no more queer, no more abnormal in any way, than any other species of offspring. Good news for parents in this day when a baby costs half a year's salary!

A BUDGET MACHINE.

A budget machine has been patented by a Mrs. Annie Peaks Kenny which automatically tells the family with a fixed income what should be spent for various items. One merely fixes the dial at the yearly income and a button does the rest. The invention of the age, we prophesy. Much has been said about budgets, but their making has heretofore been too involved for the average home-maker's mentality. One week's wage for rent or payment on home, says the machine: half that amount for heat, light, laundry, telephone, ice: one-fifth of income for food, one-tenth for clothes.

TWIN GARTERS.

In ladylike Queen Victoria's time they called table legs "table limbs." Girls did not wear fancy garters those days. Wasted effort! Today they wear two, narrow ones above the knee, wider ones to match below. Fetching!

AVAST PIGSKNUCKLES!

If you look not upon the liver when it is red or the steak when it is brown: if, in short, you are vegetarian only you will like "The Golden Rule Cook Book" by Freshel which tells how to make even the lowly spinach taste like ambrosia divine and gives complete vegetarian menus of even banquet dimensions.

TWO FAMOUS GIRLS.

Last spring an English girl wrote the season's best seller. She was Margaret Kennedy, author of "The Constant Nymph." This year "a slip of a girl," Sylvia Thompson, writes "The Hounds of Spring," promised as the season's best seller. Both girls are alumnae of the same English schools. Maybe something in this idea that every little school has a specialty all its own!

A HAPPY CHILDHOOD A MATTER OF HEALTH

Let Baby's Own Tablets Keep Your Children Well.

Little children very quickly get out of sorts. By prompt treatment they can usually just as quickly be set right again. Most of their troubles arise in the first place from the stomach or bowels ;that is why a good cleaning out is the first thing prescribed by the doctor. Fomerly castor oil was the means used to bring this about; now-a-days Baby's Own Tablets do the same work, but without trouble to the parent or discomfort to the little one. Children take Baby's Own Tablets happily because there is no nasty taste and because no griping after-pains follow their use.

As a specific for childhood indigestion, vomiting, constipation, colic, colds, teething, pains, etc., there is nothing to equal Baby's Own Tablets. They never do harm and always do good. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

HUMAN BONES DUG UP

MONTREAL, May 8 (Canadian Press).—Excavators on a building site near Dufferin Square here dug up large quantities of human bones Friday, but there was no mystery connected with the discovery, for police records showed there to have been a cemetery on the location some fifty years ago.

Spring and Summer Coats Keep An Open Mind on Closings

BUTTERICK 6836

The French dressmakers are treating the Spring coat very lightly. All of them are exploiting the unlined coat and many of them are showing the rolled-back front with the Tuxedo collar. The straight line is as smart as ever and perhaps a little more generally used just now than the flare, on account of the vogue of the Spring and Summer bordered materials that require a straight lower edge. For the silks, such as taffeta, soft satin or satin crêpe, the fronts are gathered to the saddle shoulder instead of being fitted with a dart. If one requires a silk coat with some warmth, a cashmere lining in a harmonizing color is very chic.

The Examiner does not sell these patterns.

Cook's Regulating Compound

A safe, reliable regulating medicine. Sold in three degrees of strength—No. 1, $1; No. 2, $3; No. 3, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: THE COOK MEDICINE CO., TORONTO, ONT. (Formerly Windsor)

The Home Kitchen

By Jeannette Norton

THE DEPENDABLE POTATO'S PLACE IN THE DIET.

Potatoes play a prominent part in the American food supply. It is said the average consumption is four bushels per capita per year. One authority on foods says that its popularity is due to its lack of a pronounced flavor. Three-fourths of the potato is water, and of the solids there is eight times as much starch as protein, a little fibre, a little fat and a goodly portion of ash. The early new potatoes and the old ones have less starch and more soluble sugar than the well matured potato. The longer it is in the ground, the more the starch content increases.

The sweet potato is much the same only with a slight increase in sugar content. A large tablespoonful of mashed potato is a hundred caloric portion and a medium-sized baked potato is the same. Different diet systems place the potato at various values, though it is generally considered to take the place of bread, rice or spaghetti at a meal.

Potatoes on the Half Shell.

Scrub and boi with their jackets on, six potatoes of uniform size. Whe done, but not soft, cut lengthways an scoop out the pulp, leaving a thin wal Mash the pulp, season with butter pepper and salt, and a tablespoonful cream to each potato. Fill the she light y and sprinkle with a litt powdered nut, and cover the tops wit a meringue of the beaten white of th egg with a little sugar in it. Set into th oven for a few minutes to lightly bro the meringue and heat through. Swee potatoes may be done in the same way

Potatoes With Marshmallows.

Wash and boil six good sized sweet potatoes and when done, pare and mash them. Season with pepper, salt, a half gill of heavy cream, and a generous lump of butter. Beat lightly and stir in a quarter cupful of finely chopped nuts. Arrange in a buttered baking dish and cover the top with halved fresh marshmallows. Put in the oven long enough to toast the marshmallows a delicate brown.

Russ'an Potato Cakes.

Boil and mash six potatoes, seasoning with a generous lump of butter, pepper, salt, a teaspoonful of chopped parsley and a little celery salt. Beat in a large fresh egg, and sift in enough flour to mould into cakes a half-inch thick. Drop the cakes into fast boiling salted water and when they rise to the top, cook three minutes, then lift with a skimmer to a hot plate. Butter well and turn over a little thick sour cream.

Potato Nests.

Boil and mash four large potatoes. Season with salt, pepper, butter and a very little cream. Put some in large buttered ramekins hollowing the centers like nests. Fill the centers with a tablespoonful of creamed oysters, shrimp, peas, or minced ham, or chicken. Sprinkle with a little grated cheese and brown lightly in the oven.

Today's Fashion

By Vera Winston

These Babies' Bonnets and Small Tot's Rompers are Smart for Spring.

The mother who plans the clothes for her small children will be interested in the smart things of simple design shown here. At the left above is a baby girl's bonnet in soft padded Jap silk with cluny lace and machine pleated frills. The bonnet at the right is of ivory satin, hand scalloped, with Val lace frill.

The rompers shown at the left are for a small boy. The material is natural colored tussore silk, and the piping is of pink in the same material.

At the right is an equally effective pair of rompers for the little girl, of fine cotton poplin trimmed with checked gingham.

GUILTY OF DESERTION.

Hull Couple Willing To Marry.

OTTAWA, May 8 (Canadian Press).—Wilfred Roussel and Salome Gauthier of Hull pleaded guilty in the Ottawa police court on Friday to deserting their six-weeks-old baby on March 24. The evidence was that they tucked the child in a baby sleigh that happened to be on a verandah on Lisgar Street. It was later taken to a children's home where it is doing well.

Magistrate Hopewell after ascertaining that they were unmarried and that they were of the same religious faith, remanded them for a week until their parish clergyman can be consulted. The bench pointed out that the couple should be married and will strive to bring this about. Friday both principals were willing to become legally united.

DELICATE FLAVORS.

Add the flavoring to candies and cake icings after you have removed the cooked product from the flames. Flavoring extracts should not cook if you wish to get the utmost delicacy from them.

HER OWN WAY

by

A GIRL of TODAY

A MISTAKE OF THE LAW.

"Say, young lady," said the officer, his grip tightened upon my shoulder. You don't expect me to believe all of this pipe dream do you?"

"I certainly do. I wish you would take me to the station. I'm afraid to go alone."

"All right, I just will run you in."

The policeman pulled me after him to the alarm box and sent in a call.

In a few minutes a patrol wagon came clattering up and I was hustled in. I was dragged unceremoniously into the station house, and the officer told his story, which was that I had come sneaking out of the park after it was closed. I had tried to pass him, but when he would not have it, I had the nerve to tell him that I had been choked and robbed. "I think she had been having a necking party."

The man at the desk, who had a kindly and intelligent face, looked at me suspiciously, and then bent toward me.

"What is the matter with your neck?"

"I don't know what is the matter with it."

"It is discolored."

I put up my hand to my throat. It was very sore to my touch.

"I guess that is where the man choked me. That was the kind of a necking party I had in your old park."

The desk sergeant looked at the officer who had brought me in.

"I'll take charge of this case," he said.

When the man had left, I began to cry.

"Don't do that," said the desk sergeant. "Sit down here and tell me your story. But first, haven't you some friends to notify? Won't they be looking for you?"

"Yes," I said, rather hysterically. "I have lots of friends who are probably looking for me by now. Telephone to South 7874 and ask for Mamie Riley. She will answer if she is not out looking for me. I was to be back at six o'clock to prepare to go out to dinner with some friends."

"Who were these friends?" asked the man. "You might be calling them up, too. They probably will be worried."

Remembering that the name of Hathaway that had such an electrical effect upon every one to whom I had mentioned it, I answered quickly, "Miss Riley at whose mother's house I have been rooming and myself were going out to dinner with Jerry Hathaway, Jr., and his friend, James Costello."

"I know Jerry Hathaway," said the desk sergeant smiling. "He is the son of an immensely rich Hathaway who owns a chain of restaurants all over the country. You had better notify him immediately." He thrust the receiver of the telephone into my hands.

"I think if you don't mind," I said, "I will telephone Mamie first. Perhaps Mr. Hathaway will still be there."

I called the number.

CHILD DIES OF BURNS.

Upset Boiling Water Over Herself.

MONTREAL, May 8 (Canadian Press).—Two lives were snuffed out here Friday as the result of accidental burns.

Four-year-old Cecile Auger, who in her home on Rivard Street, three days ago overturned a pot of boiling water over herself, died in the hospital of her injuries.

The other death was that of William Larrimore, aged 77, who was trapped in his bedroom when fire partially destroyed his home on Ste. Rose Street last Tuesday.

Take away rheumatic pain!

GET prompt relief from those recurring twinges of pain. Apply Absorbine, Jr. to the congested area. With awakened circulation there comes relief from stiff muscles and joints of back, legs, arms, neck or other affected part. Absorbine, Jr. is healing, cooling and soothing.

At the corner druggist's, $1.25 a bottle.

YOUR HEALTH

By ROYAL S. COPELAND, M.D.,
Former Commissioner of Health, New York City.

Is consumption curable?

More frequently than any other this question is asked. From every part of the country comes this plaintive cry.

There is just one answer to this query. We may modify and quality it in an individual case. But for the patient who wants to get well and is ready to follow orders, there is one answer:

Consumption can be cured.

The New York State Department of Health has a series of instructive charts and pictures. One of them has this heading:

"In Case of Consumption Look to These for Cure."

Then there are five pictures, each representing an important factor in the control and cure of tuberculosis. They are as follows:

The Doctor.
Sunlight.
Outdoor Air.
Good Food.
Rest.

Proper use made of each and all these factors will guarantee a cure for the average case of consumption. I hope there is comfort in this for you if you are afflicted with this ailment.

The doctor is mentioned first, because from the beginning to the end of the cure, the doctor's advice is needed. He won't give you much medicine—none at all, probably. Consumption is not cured by something from a box or a bottle. But the doctor's aid is helpful at all stages of the disease.

The germ of tuberculosis is a lazy and inactive organism. A few hours of sunlight directly applied will kill the most energetic of the tuberculosis germ race. The blood grows redder and richer if the body is exposed to the sun. There is no doubt of the value of sunlight in the cure of consumption.

Tuberculosis is a disease of the crowded tenement, or the poorly ventilated home. It is found in the dark and unwholesome cellar and loft. The outdoor life will raise the resistance and help to shake off the disease.

Skinny, emaciated, poorly nourished, persons are peculiarly liable to contract consumption. Without good food you cannot build up resistance or hope to be strong and vigorous. In the cure of tuberculosis forced feeding is of the greatest importance. Milk and eggs are found in the dietary of all who would get well.

You must be a first-class loafer for several months in order to get rid of tuberculosis. Lots of sleep, hours of rest, the avoidance of energetic exercise—these are vital to a cure.

A sensible life, with due consideration for these five factors will go far towards a complete and speedy recovery.

My Vanity Case

HEALTH is, after all, the foundation of beauty and attractiveness. The sparkling eye, the healthful glow and color of the skin, the elasticity of movement—these are the essentials of beauty.

For this reason many women recognize in Dr. Chase's Nerve Food the greatest of beautifiers.

You must feel well to look well. You cannot possibly look your best when you are tired, nervous and irritable.

Dr. Chase's Nerve Food beautifies by forming new, rich blood, by restoring color to the faded cheeks and by building up the vitality which makes one cheerful and vivacious.

The beneficial results of using Dr. Chase's Nerve Food are lasting because by its use you build up energy and vigor in the human system. You feel better and look better, you rest and sleep well, enjoy your meals and know the joys of healthful living.

Collections Abroad

WITH over 800 branches in Canada and 120 abroad, we are able to offer direct collection facilities for both domestic and foreign business.

A highly organized Exchange Department and a system of direct wires between the chief commercial centres in Canada and the United States are features which appeal particularly to exporters and importers.

Much valuable information covering data on markets, tariffs and confidential credit reports is furnished through our special departments created for this purpose. Our specialized service is at your disposal.

GOOD NIGHT STORIES

By Blanche Silver

DICKY VISITS A LOVELY AQUARIUM

When Happy Giggles the wee elfin from Make-Believe-land, found Dicky in tears he just had to sit down and laugh.

"I don't care," Dicky pouted. "If you wanted to go somewhere and you couldn't you'd cry too."

"You'll have to excuse my laughing," Happy Giggles answered. "I wasn't laughing at your crying. I was laughing at the funny face you were making. But, laying all jokes aside, Dicky boy, what's the trouble this morning? I was just coming to take you on a trip. What's the occasion of the tears?"

"Oh, I wanted to go to the Aquarium with the boys and Mama wouldn't let me go," replied Dicky, wiping his eyes. "Where were you going, Happy Giggles?"

"Isn't that funny," laughed the elfin. "I was going to the largest aquarium in all the world myself. Come along, Dicky, we won't be gone long." Before Dicky knew what was going on he found himself standing down on the bottom of the ocean beside Happy Giggles.

Around them, darting in and out, as restless as the birds in the air, were millions of fish, all colors, shapes and sizes. Some looked so large and fierce that Dicky caught hold of the elfin's hand for fear one of them would swim away with him.

"Did you ever see so many queer looking noses in all your life?" Dicky whispered.

"They need them for their own protection," replied Happy Giggles.

There Were All Kinds of Fishes.

"Look at Mr. Salmon. See how his lower lip turns up into a sharp, cutting hook. Here comes Mr. Swordfish. See his long, hard, sharp, horn-like weapon? Would you believe that with that sword he can beat in the sides of a boat?"

"Oh, look!" Dicky cried as another queer-looking fish came near them.

"Mr. Sawfish," laughed the elfin. "See that long, flat bone, set with great teeth-like points on his head? That's his saw. Looks like one, too. Here comes Mr. Torpedo Fish. He can give a shock like electricity. See the other fish get out of his way? They don't like him very well. Yonder is an eel that can do the same thing."

"Look! Look!" Dicky exclaimed as a great big fish, the largest he had ever seen, came into sight. "Who's that fellow?"

"That's a real shark, Dicky," replied the elfin. "He is the most feared fish in the whole sea. Even man is afraid of Mr. Shark. His whole mouth is set with great big hooked teeth, and once a fish is caught it never gets away again. Guess we better be going now," and away the elfin dashed to the shore, pulling Dicky after him. They hurried back home just as Dicky's Mama called him. Dicky thanked Happy Giggles and ran into the house to tell his Mama about the wonderful aquarium he had visited.

ADVENTURES of the TWINS

by OLIVE ROBERTS BARTON

Number Ten.—

THE LUMPY DOG AND THE THREE-TAILED CAT.

The next place that the Twins went to look for the poor Whiffet's lost shadow, was the house of the Sour-Old-Woman - Who - Lived - Under - the - Waterfall.

She was braiding her cat's three tails when they arrived, and she couldn't let go, but as soon as she had tied a nice green bow on the end, she turned around and said sourly, "Now what is it?"

"It's my shadow," said the whiffet, timidly. "It's lost. I lost it going over the stile. Did it come here?"

"I'll ask my lumpy dog," said the Sour Old Woman, not quite so sourly. "Here Lumpy! Come here! Did you see a Whiffet shadow come this way?"

"I won't answer until I get two sausages and a pickled pig's foot," said Lumpy.

"You'll have to go to the butcher's," said the Sour Old Woman to the visitors, a little more sweetly this time. "Have you any money?"

"I have nineteen buttons of my fortune left," said the Whiffet. "I'll spend some."

"Very well, the butcher lives beyond the dam," said the Sour Old Woman, quite sweetly now. "Perhaps he'll throw in an extra sausage for me."

So the Twins and the Whiffet trudged along until they came to the butcher's.

The Whiffet paid two buttons for three sausages and a pickled pig's foot.

Then they trudged back to the Waterfall.

The lumpy dog ate the two sausages and half the pickled pig's foot, and the Sour Old Woman laid the rest up on her shelf for her lunch.

"Now, then, dog," said she. "Did you see a Whiffet shadow come this way?"

"No," said the dog. And he went and lay down and went lumpily to sleep.

"Dear me! I'll ask my ruffled magpie," said the Sour Old Woman as sweetly as sugar. "Here Chatterbox! Come here! Did you see a Whiffet shadow come this way?'

"I won't answer until I get two whey-cakes and a peach-tart," said the magpie.

"You'll have to go to the baker's," said the Sour Old Woman to the visitors in a honey-sweet voice. "And if you are smart the baker will throw in an extra whey-cake and a peachtart for me.'

So the Twins and the Whiffet trudged along until they came to the baker's.

The Whiffet paid two more buttons for three whey-cakes and a peach-tart.

Then they trudged back to the Waterfall

The ruffled magpie ate two of the whey-cakes and half the tart and the Sour Old Woman laid the rest up on her shelf for her lunch.

"Now then, Chatterbox," said she, "did you see a Whiffet shadow come this way?"

"No," said the magpie, hopping up on the shelf and stealing the rest of the tart and the whey-cake. "I didn't.

Then the Old Woman turned around just in time to see her three-tailed cat steal the other sausage and the piece of pickled pig's foot.

"Oh, you greedy, greedy creatures!" she shrieked. "You have eaten my lunch! And after all the trouble I took to get it. Scat!"

"I think she meant 'after all the troub'e WE took to get her lunch'," laughed Nancy, as they left.

"That's some more of my fortune gone," said the Whiffet gloomily.

Eczema Was So Bad Could Hardly Sleep

Mrs. G. Jones, Kitscoty, Alta., writes:—"I had eczema on my left hand, and my first finger was so swollen, sore and itchy I could hardly sleep at night.

I got a prescription from my doctor, but it did me no good, so I finally began to take

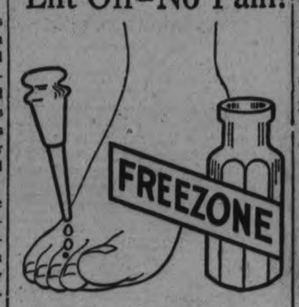
Burdock BLOOD BITTERS

After I had taken three bottles I was completely relieved of my eczema, and would advise any one suffering from any disease of the blood to use B.B.B., as it 's worth its price many times over."

This valuable preparation has been on the market for the past 47 years; put up only by The T. Milburn Co., Limited, Toronto Ont.

CORNS

Lift Off—No Pain!



Doesn't hurt one bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers.

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn soft, corn or corn between the toes, and foot calluses, without soreness or irritation.

LOVE DREAM

An arbor that harbored a lass who was fair, still lingers, so kind, in my mind. Her face was the trace of all sweetness. Her hair round innocence closely entwined.

Mid ivy that grew there, it seemed that I knew there was love calmly waiting my call. She was just the right sort. Not a portion too short, nor a portion, I might add, too tall.

The sight of her caught me. A heart thrill she brought me. I longed for the touch of her hand. If I could possess her. If I could caress her, I felt that she'd well understand.

'Twas just in the dark that my mind had this lark. Her being spread over the wall. Came the first streak of dawn and the vision was gone—a dream for the moment—that's all.

ROSENEATH NEWS

ROSENEATH, May 8.— Mr. Gorge Immel of Wicklow has purchased the Roseneath cheese factory for a reasonable sum and is getting in readiness to commence his operation about May 15. His brother, Sam, who has been at Spring Valley for the past few years is to make the cheese.

Mr. George Immel is supervisor and president. Directors: Messrs. James Webb, Gordon Parker, James Gibson, John Covoney and Warren Atkinson. This factory has been closed for the past two year, but now that about fifty members are interested it is hoped to prove a success.

Mr. Garbutt of Warkworth has started his weekly route and is gathering eggs throughout the neighborhood.

The Anglican church services will be conducted during the summer months at 9 a.m. every Sunday morning.

Mr. Jim Eddington and Allen Braithwaite were in Cobourg hospital for a few days having an operation.

Mr. F. Elliott, Peterboro, spent a few days with his sister, Mrs. Lily Turner.

The farmers are again busy on their land but owing to the cool weather the land is not in very good condition for seeding. Another week will show a difference and bring the frost out of the ground.

NEWS TRENT RIVER.

TRENT RIVER, May 8.—Sunday is to be observed as Mother's Day at the United church.

The ladies met Wednesday afternoon for general business.

The play entitled "The Path Across the Hills" is progressing favorably and will be presented at the church in the near future.

The farmers are busy ploughing and cultivating. The land is two wet for seeding at present.

Mrs. H. A. Christie of Toronto is at her cottage for the summer.

The fishermen are at the piers nightly after the pickerel, the river is high and the current is too swift for still fishing.

Mr. and Mrs. Wesley Redden attended the funeral of Mrs. Benjamin Redden at her late residence, near Stanwood on Tuesday. Interment was made at Stanwood cemetery.

Dr. Allan Michell of Toronto arrived Wednesday to spend the summer at "Cedar Isle" resort.

DUNSFORD PERSONALS.

DUNSFORD, May 7.—Mrs. P. Spratt of Lindsay and her sister, Mrs. McGillivary of Ottawa motored down and visited with friends on the Scotch Line last Saturday.

Miss Eva Robertson of Toronto is home with her mother for a few weeks.

Miss Evelyn Burgess visited at the home of Mr. and Mrs. J. J. Robertson, Scotch Line, last week.

Miss Beulah Robertson visited at Mrs. J. J. Robertson's home on Sunday.

Miss Anna Burgess was the guest of Miss Mabel Thurston on Sunday.

Mrs. H. V. Thurston has returned home after visiting with her daughter, Mrs. Leslie Kennedy, Cobourg.

Miss Florence Hunter of Toronto made a visit to her home here on Sunday.

Mr. and Mrs. Wilfred Bardeau of Bobcaygeon visited at the home of the latter's mother, Mrs. Devitt.

Miss Eva Cronk spent the week end with Miss Beatrice Robertson.

More Flavour

Don't limit your enjoyment of Mustard to occasional use with Cold Meats. It gives more flavor to hot meats too—sharpens the appetite, neutralizes the richness of fat foods and makes them easier to digest.

Keen's Mustard aids digestion

SOLUTION OF YESTERDAY'S CROSSWORD PUZZLE

DISTINGUISHED OFFICER WILL BE AT S. A. TEMPLE TO-MORROW

Col. Robert Henry Is New Secretary For Canada East.

FROM NEW ZEALAND.

Served With Anzac Forces in France as a Chaplain.

A very distinguished visitor will visit Peterborough this week end in the person of Colonel Robert Henry, the new Chief Secretary for the Salvation Army, in Eastern Canada.

Colonel and Mrs. Henry arrived in Canada a few weeks ago from New Zealand, where they held a similar position. They are officers of many years standing.

One of the facts that would make the Colonel's visit to Peterborough interesting is that he served as Chaplain to the Australian Forces in the Great War.

There are many people in this country who knew the Colonel and learned to love his name during these terrible years, and who thank God that he was sent in their midst in times of extremity.

The following was written by an officer who served with him in France:—

"Chaplain-Captain Robert Henry was as good a soldier and as noble a man as ever left Australia for the war. Imprimis, let me state, I am not connected with The Salvation Army in any way, and am writing entirely without my subject's knowledge, otherwise I am perfectly certain this article would be forbidden.

"Padre Henry joined the 4th Battalion in November, 1917, taking over from our beloved Major 'Mac.' Padre 'Mac.' (Colonel William McKenzie, Field Secretary for the Southern Australia Territory—Ed.) was a hard man to follow. He was an institution in the battalion, he was loved as few men are loved by their fellowmen and we were all distinctly sore at the thought of losing him, though we realised he was due for, and badly in need of, relief. The new Padre seemed quite a decent sort of chap, and preached a sermon which made one listen whether one wanted to or not, but at first he hadn't proved his worth in and out of the line as his prececessor had so repeatedly done. He had the same broad tolerance that characterised 'old Mac,' the same cheery way, the same outspoken condemnation of all that was unmanly and unsoldierly, and was altogether a person to be reckoned with.

"After Christmas, 1917, we had a long spell in the line at Messines, with the usual nightmare of snow and mud, and with nights sixteen hours long. Just when they were most wanted there was a famine in candles and comforts on the Western Front, but, somehow we of the 4th got a good share, and rarely went short. It meant for the Padre long walks over muddy tracks and heavy bicycle journeys on icy roads, but he did it, and the battalion took him to its heart. Then came the hurried trip to the Somme and two or three days' bivouacing round Amiens with uninterrupted bombing in which the battalion suffered considerably, followed by the hurry back to Hazebrouck and the stemming of the rush to the Channel ports. Not much time or opportunity was afforded for church parades, but the men required comforts while in the line and while in reserve, and the Padre saw that they got them.

"By now the Padre was entirely accepted as an integral part of the battalion, and, in a quiet way, a tremendous amount of valuable work was done by him. For the whole Summer we were constantly in the forward area, and organized church parades were forbidden on account of the dangers from enemy observation and bombing; but the Padre was never idle, and it will never be possible to estimate the value of his work in the battalion during those trying days. The batalion routine was sixteen days in the front lines and eight days in close reserve, and the Padre's cheery optimism was just the tonic needed by both officers and men who were growing war-weary after practically twelve months in the line without a chance of reorganization and training.

"Afterwards came the journey to the Somme in August, 1918, and the very successful two month's fighting which followed. It was during those days that I was constantly in intimate contact with the Padre, and, as a rule, we shared dug-out or tents when anywere to be had. One day, while following up the retreating foe, we were ordered to stay overnight at a place near Roisel, and to fill in time after tea we went for a walk to a neighboring village—ruined, of course.

"While walking through the ruins, talking of the day's march and the places we passed, the Padre remarked, 'You know B——, we are extraordinarily fortunate to be here in these stirring times!' I knew that we were in for a fearsome stunt against the Hindenburg line during the next few days, and it didn't quite appear to me like that, but this incident goes to show the spirit of the man. Only two days previously we had come by motor 'bus and march route across sixty miles of devastated country, and just before dark were ordered to billet in Quinquonce Wood—just at the foot of Mont St. Quentin, on the outskirts of Peronne. The place had been taken four or five days previously by our 5th Division, and the dead—both German and Australian—were still unburied. We settled down in a ruin for the night, the Padre and myself sharing a room. The wood was full of the smell of gas and other things, and it was just about as depressing a place as can be imagined. Nothing could be done for the dead that night, but next morning, before dawn—the morning after a very trying march, remember—the Padre and the devoted Battalion Pioneers went out to their work, and took identification of, and buried, nearly a hundred men. I dont think he had any breakfast, and when he returned about noon he had the peculiar drawn and haggard look of a man who had seen and done things that a man isn't meant to do or see. This was the Padre's work of course, but it was the sort of work he did with thoroughness and reverence, and those who have never seen dead men lying like mown corn can scarcely appreciate what it means. He buried nearly one hundred Australians that morning, but in the afternoon, instead of lounging about, resting for the next day's march, he stayed in the murky, gas-saturated ruin, and wrote to all the relatives of the dead and to their regiments, giving particulars of grave locations.

"These incidents are examples to show the spirit and intense humanness of the man. The whole time we knew him there was never any sacrifice of principle; always a broad-minded, well-balanced head for those who wanted balm for the soul! a peculiar sweetness and unfailing tact for those who needed sympathy—I could quote many examples of this—and a strong, robust condemnation always ready for any moral laxity. Later, when we got settled into Winter billets in Belgium, he didn't 'jaw' about men who spent their evenings in estaminets—he opened a club for them, where they could read the latest London periodicals, write their letters and get a drink of hot cocoa before going to bed at night. The 4th Battalion Men's Club at Acoz was a wonderful place for a regimental institution. Then he was a useful man at the educational work, and, besides running the debating society, he was the most popular lecturer we had. One lecture he gave us on 'The Social Work of The Salvation Army,' was, I am sure, the best sermon the hundred odd men who attended volunatrily had ever heard.

"Not many men have returned from over there spiritually benefited by the war, but Padre Henry has. You will probably find other changes in him, too—to my mind he has distinctly improved as a preacher, and hissermon on the troopship, on Thanksgiving Day—July 7th—was a model of high thought and broad, honorous diction, and no one who was present is likely to forget it.

"In my experience, The Salvation Army Chaplains I knew were the pick of the Chaplains I met in France, but maybe I'm prejudiced, as the only two Chaplains who were ever attached to the 4th Battalion belonged to The Salvation Army. At any rate, if The Salvation Army has many more men of their type, one can understand the progress it is making, and the wonderful vitality of the Organization."

SAFETY LEADER.

THE NEW "70" WILLYS-KNIGHT SIX SEDAN.

Combining the world renowned advantages of the Knight sleeve-valve motor (smoothness, long life, simplicity, economy) with revolutionary achievements in Six Cylinder engineering, has resulted in this new "70." A Car that in speed, power and pickup out-performs any other car of its size and type and class.

Such coachwork, such style, such smartness has never before been approximated. Long stream-line effect with moderate actual length. The interior has been designed with such scientific exactness that while compact to the last degree, it is positively alone in its extra roominess and comfort.

Did you hear about the two Scouts over in England who wanted to go to the movies and only had a half-penny each? They decided to place the coins on the railroad track, so that they would be enlarged to a penny. Unfortunately, the Scotch express came along and picked up the coins.

* * *

Mr. Corbett, Scoutmaster, of Troop No. 4, is to be congratulated on having completed the requirements for the Gillwell badge. This makes him a member of the 1st Canada Gillwell troop of which His Excellency, Baron Byng of Vimy, is Scoutmaster.

* * *

This week's game is "Hare and Hounds."

* * *

Each patrol selects one of their number as Hare; remainder are the Hounds. Hares are given one minute's start, and must be back in ten minutes. Hounds may capture only their own Hare. Game must be played in silence, the Hounds, if necessary, communicating with one another by their secret patrol signs. In the case of City and Town troops, the game boundaries should be limited to safe streets.

* * *

In less than two months, we will have camping weather and no doubt you are all planning some way to go. The Y.M.C.A. Rotary Camp on Clear Lake, is available for Scouts and the facilities offered, are splendid. If your troop goes in charge of your Scoutmaster, tents and blankets will be supplied for you free of charge. At a very small sum, you can get your meals cooked for you, or you can draw rations and cook them yourself. This enables you to have a separate camp and plan your own programme. There are boats and bathing facilities, which you will be able to use. This appears to me to be an excellent opportunity to go to camp, and I hope all Scouts will try to go. Further information will be supplied later.

* * *

Tenderfoot Tests.—1

The first requirement for the Tenderfoot test, is to know the Scout Law. This does not mean that you learn the Scout Law like a verse and recite it to your Scoutmaster in a sing-song voice and then proceed to forget all about it. You should make yourself familiar with the Scout Law and practice it. Being able to repeat all the laws by memory, is not half as important as obeying them. Whatever you do, or no matter where you are, just say to yourself, "Am I obeying the Scout Law if I do this?" If you obey the law in that way, then you certainly are a good scout and will always be, even when you grow up.

Just to remind you of the laws, I will repeat them again. If you do not understand any of them, ask your Scoutmaster to explain them to you.

(1) A Scout's honour is to be trusted.
(2) A Scout is loyal to the King, his country, his officers his parents, his employers and to those under him.
(3) A Scout's duty is to be useful and to help others.
(4) A Scout is a friend to all and a brother to every other Scout.
(5) A Scout is courteous.
(6) A Scout is a friend to animals.
(7) A Scout obeys orders of his parents, Patrol Leader, or Scoutmaster without question.
(8) A Scout smiles and whistles under all difficulties.
(9) A Scout is thrifty.
(10) A Scout is clean in thought, word and deed.

* * *

ARMOUR SECOND PETERBORO TROOP.

The meeting of the Armour Troop was held on Friday, May 7, at St. Luke's Parish Hall. Patrol inspection was followed by instruction in signalling and knots. Then a lengthy session of checkers was indulged in, in which "Gump" Gemmel, patrol leader of the Beavers, for the first time in his life, beat "Duke" Pammett, patrol leader of the Ravens. While some played checkers, others were instructed in knot-tying and lassooing by Mr. Hepburn, the Scoutmaster. It was found to be unusually late after this, so the usual sing-song was dispensed with, and the Scouts dispersed after God Save the King. A court of honor meeting was held after the regular one.

* * *

3RD VIMY PETERBORO TROOP

The 3rd Troop held its weekly meeting at the Y.M.C.A. on Thursday. The meeting opened with the usual flag break and inspection. This was followed by a knot-tying relay race, and it was astonishing to see how easy it was to forget the knots on the moment required, usually because the knots had not been practiced constantly by the boys. Next came fifteen minutes of patrol instruction, followed by a message relay race. The Hounds and Hawkes competed against the Chickadees and Wolves. The message, "A Scout fears dishonor more than death," was relayed along the two lines, the Chicadees and Wolves, bringing the message in its right order in first. The Hounds and Hawkes had for their results, "A Scout fears honor more than death," which was wrong. The meeting closed with a Council fire, singing and a little play on the 3rd and 6th Scout laws, put on by the Wolves, being the features of this item. The competition results were announced: Wolves 178½, Chickadees 163, Hounds 160 and Hawkes 155. Later a lengthy court of honor was held.

* * *

4TH PETERBORO TROOP.

The meeting opened with flag break, followed by the investure of Harold Chadwick, who was made a member of the Owl Patrol.

The Owls issued a challenge to the other patrols for supremacy in first aid competition. Points were awarded for accuracy, speed and neatness, the competition being won by the Owls by the narrow margin of a quarter point.

An instruction period was held, the Scoutmaster, Mr. Corbett, telling the Scouts about the varieties of leaves on coniferous trees. The council fire was then held, in charge of the Fox patrol. Results of the competition were given out, the Owls leading by 138¼ points, followed by the Foxes, 135½, and the Crows 135.

A court of honor was held after the Troop had been dismissed.

A Sure Relief for Women's Disorders—10 Days Treatment Free

Orange Lily is a certain relief for all disorders of women. It is applied locally and is absorbed into the suffering tissue. The dead waste matter in the congested region is expelled, giving immediate mental and physical relief; the blood vessels and nerves are toned and strengthened; and the circulation is rendered to normal. As this treatment is based on strictly scientific principles, and acts on the actual location of the disease, it cannot help but do good in all forms of female troubles, including delayed and painful menstruation, leucorhoea, falling of the womb, etc. Price $2.00 per box, which is sufficient for one month's treatment. A Free Trial Treatment, enough for ten days, worth 75c, will be sent Free to any suffering woman who will send me her address. Enclose 3 stamps and address, MRS. LYDIA W. LADD, Dept. 17, Windsor, Ont. Sold by leading druggists everywhere.

10c. Increase For Winnipeg Stone Cutters.

WINNIPEG, May 8 (Canadian Press).—Stone-cutters and carvers in Winnipeg returned to work Friday, following a strike that lasted a week. The men agreed to return to work at an increased wage of 10 cents an hour. The new scale for stone-cutters is $1.10 an hour, and carvers $1.22 1-2.

Kansas City has twenty-one golf clubs.

LOCAL IMPROVEMENT NOTICE

TAKE NOTICE THAT:

1—The Council of the Corporation of the City of Peterborough intends to construct as local improvements the following works on the streets and between the points hereinafter mentioned, and intends to specially assess part of the cost upon the lands abutting directly on the said works respectively.

2—The estimated cost of the said works respectively and the estimated amounts to be paid by the Corporation and the estimated special rate per foot frontage, are set out below:

Street and Section	Cost of the work	Portion payable by Corporation.	Estimated Special Rate per foot frontage
SEWERS Payable in thirty annual instalments.			
Perry Street from Park Street to Stewart Street	$660.20	$199.02	$1.07
Dublin Street from Bethune Street to Stewart Street	$756.95	$200.88	$1.08
PAVEMENTS Payable in ten annual instalments.			
Reid Street from McDonnel Street to northerly boundary Lot 23, Plan 29T	$16,962.50	$9,562.50	$2.00
Rubidge Street from Charlotte Street to Rink Street	$36,570	$21,744.00	$3.53
CONCRETE SIDEWALKS Payable in twenty annual instalments			
Woodbine Avenue, south side, from Armour Road to a point 334 feet easterly	$505.50	$240.90	0.90

3—A petition to the said Council will not avail to prevent the construction of any of the said works but a petition against any of the said works or the manner in which it has been undertaken may be made pursuant to Section 9 of the Local Improvement Act to the Ontario Railway and Municipal Board by a majority of the owners representing at least one-half of the value of the lots which are to be specially assessed therefor.

Dated, Peterborough, May 8, 1926.

S. R. ARMSTRONG, Clerk.

1d, 109, 1461

STUDENT RATION

LONDON, May 8.—Going to a university is not nearly as fashionable in Great Britain as it is in the United States. In England and Wales the ration of students to the total population is one to 1,200. In Scotland there is one student to every 400 population, while in the United States the ratio is one to 300.

Dr. Ernest Barker, principal of King's College, London, told the Conference of the Central Council of the Association of University Teachers that in his opinion Scotland's high percentage of college students is due to its educational tradition, while in the United States university have social vogue.

Germany Third.

Germany has one university student to every 600 persons, and Dr. Barker said this high average is due to the concentration in the universities on legal training and training for the service of the state.

England and Wales have 30,000 students now and Dr. Barker does not expect that number to increase more than 10,000 in the next two decades.

He expressed the belief that it is desirable for this increased number of students to be scattered among small universities as larger universities are apt to become "an agglutinative combination of separate departemnts, with teachers too numerous to know one another in addressing audiences of the dimensions of public meetings."

Opposes Big Schools.

..In his opinion, big universities are apt to run to seed in "organization and the heads of departments may become so consumed in management that they have little time for education. He said the true way for students to learn is to have personal touch with teachers, which may easily be lost in great institutions.

New universities in England are desirable, especially one in the southwest, said Dr. Barker.

FEWER FAILURES.

Assignments in March Show Decrease.

OTTAWA, May 8 (Canadian Press).—As compared with March, 1925, a decided decrease in the number of assignments under the bankruptcy and winding up acts, as reported to the Dominion Bureau of Statistics, was experienced in March, 1926, while the liabilities of the assignors also showed a decided decrease. Commercial failures numbered 136, as compared with 198 in the same month of the previous year and 144 in February, 1925. A decrease being noted in both comparisons. The liabilities of the assignors, amounting to $1,715,862 as compared with $3,946,270 in March, 1925, and $2,836,409 in February, 1926, also showed considerable declines in both comparisons.

QUICK OPERATION.

Before you measure molasses, dip your measuring cup in boiling water. In this way the molasses slips out very easily and you do not waste time while the proverbial slowness of molasses is demonstrated for you.

Chrysler "70" Royal Sedan

Unequaled Results With Unexampled Economy

The trend today is toward the Chrysler "70" because the Chrysler "70" is in line with the national trend toward genuine economy.

It satisfies the growing desire to make the dollar go farther—to make it buy more comfort and enjoyment.

The plain fact is that the Chrysler "70" affords all of the roadability, speed, and ease of riding of bulky, cumbersome cars; and to those adds its own inherent advantages.

It is far less costly to buy and to keep. It gives twice the gasoline and oil mileage of many cars which it equals and surpasses in speed.

But Chrysler superiority doesn't stop with a phenomenal performance which permits the maintenance of accurate personal schedules.

It goes deep into materials and manufacturing. No car is built of finer materials; no car is built to finer standards.

The result is that Chrysler "70" stands up without constant mechanical attention in a way that arouses the highest praise of men and women who are used to the very costliest cars.

Let us show you the Chrysler "70". Ride in it, drive it. That is the only way you can fully appreciate its remarkable qualities.

Wheat Moves Higher On Substantial Buying

(By Stobie and Furlong)

Winnipeg closing grain letter—Wheat scored further advances on substantial buying of May wheat by houses with seed connections. The continued dry weather induced further short covering together with the broadened outside support. Winnipeg and Minneapolis showed independent strength with the Chicago market inclined to drag. During the session showers were reported in Kansas and also in scattered districts throughout the Canadian west.

The trade was conservatively light throughout the session, responding readily to order in either direction.

Liverpool continues firm on short covering with no new business reported. There were some rumors that strike was about to be settled but these could not be confirmed and advices late in the session stated that the Trade Unions refused to comply with Premier Baldwin's command that the strike be called off before negotiations were opened. Complaints are coming in covering a wide territory on both sides of the boundary.

Complaints of the continued dry weather with drifting and dust storms in many districts. Situation is no doubt becoming serious in American Northwest and unless rains are received immediately, serious damage will result in this country unless these rains materialize.

Sharply higher markets can be expected.

Pure Oil Co. year, ending March 31, 1926, earned $3.70 a share on 3,038,370 shares of common, against $3.10 a share on 2,860,196 common previous year. April Production Steel Ingots U.S. approximately 4,123,941 gross tons against 4,483,362 in March and 3,583,676 April, 1925, for first four months 16,564,543 tons against 15,723,649 same period 1925. Standard Oil of New York including Magnolia Pete year December 31 last earned $3.62 a share on 286,481,600 stock $25 par against $2.42 a share on 227,535,300 stock in 1924, excluding Magnolia Pete. French Finance Minister declares he will adopt measure to check speculation in franc by forbidding transfers to foreign countries and exercising control over all exchange transactions, for which permits will be required. British Trades Congress officials deny reports that they plan to call out two million additional men representing second line of workers. Bradstreet's reports retail trade, crops, and distributive lines have been helped by better weather, but wholesale trade and industry are behind last year. Duns finds less irregularity in trade with some expension due to better weather, which has increased demand for all classes of merchandise. Building construction shows increased activity.

Demand sterling, 484 13-16; francs 3.14½; lire, 4.00.

PARENTS OF PRINCESS

The latest photograph of the Duke of York, the second son of the King and Queen, and his wife, the Duchess of York, the form Lady Elizabeth Bowes-Lyon, who recently presented the royal family with a baby girl, who is now in direct line to the British throne.

BRITAIN'S NEW BABY PRINCESS IS IN LINE FOR THE THRONE

Daughter Born to Duke and Duchess of York Has High Place.

NOTED ANCESTRY

Sons of Princess Mary Are Commoners, While She is Heir Presumptive.

After three years of a marriage that followed a determined courtship and has been inspired by a genuine affection there is now born to the Duke and Duchess of York a girl, who stands today in the direct line of succession to the British throne. Between the royal baby and her high destiny there are three lives—King George, who has turned 60, the Prince of Wales, who is still a bachelor, and the Duke of York himself.

Until the Prince of Wales marries and has children, and until the young lady herself has a brother to share her nursery, she shares with her father, the Duke of York, the title of Heir Presumptive to the Crown.

It is not on any divine right but on an act of Parliament that the title depends. If the hereditary principle is followed it is because it is convenient, not because it is sacred. In the United States it is possible to elect a President by vote. In the British Commonwealth, so scattered and so varied in race, religion and culture, no franchise is conceivable whereby a President could be thus chosen. The crown is therefore a symbol of sovereignty, not the fact itself. It is a symbol to which one-quarter of the human race admits a peaceful allegiance.

Of this vast multitude, few ever see a King's face except in photograph; but if the heir attain to her expected office, her features will be engraved indelibly on coin and postage stamp and so imprinted on the imagination of mankind. In that formal sense, therefore, this baby has no known rival in possible prominence.

In some quarters it has been suggested that the Prince of Wales would not be sorry to abdicate his right to the throne. Of this gossip there is no confirmation and the Prince has not as yet earned for himself the reputation of a quitter. At the same time, it is a fact that Parliament, having determined the succession by statute, can change it. A repudiation of his title to the throne by the Prince of Wales could be embodied at any time in a bill passing Lords and Commons and receiving the royal assent. Nor, under the Constitution, could the King refuse that assent. It has been laid down that if Parliament passes a statute ordering the decapitation of the Sovereign, the King, before losing his head, would be compelled to signify his approval in the usual way!

House of Windsor Continues.

By the hereditary principle, it is assumed that a brother, whatever his age, matters more than a sister. The Duke of York and Princess Mary are children of King George. Their children are equally the King's grandchildren. But the daughter of the Duke of York is a Princess, addressed as "her royal highness," while her first cousins, the sons of Princess Mary, are commoners. Their true title is "esquire," but by courtesy they are called "honorable"—an address shared by thousands.

The importance of the latest royalty is thus obvious. Before her arrival it was the Honorable George Lascelles who was ultimate heir to the throne. Had he succeeded to that throne it would have meant that the House of Windsor, interrupted in the male line, was surviving in the House of Lascelles or Harewood, a change of dynasty as definite as the change from Tudors to Stuarts or from Stuarts to Hanoverians. It is the House of Windsor, as defined by heraldry and tradition, that is now continued for another generation.

One may add that the statement in no way conflicts with the case of Queen Victoria. She was, like the Princess Mary, a daughter, not a son, but when she married and became a mother she was actual Sovereign—Queen Regnant—and it was her husband who, in precedence, was subordinate. Princess Mary, not being Queen, has no such status; and although she is the King's only daughter, she is not even Princess Royal—a title enjoyed during the lifetime by her aunt, the Duchess of Fife.

In the public estimation, the birth of this interesting child means that, until the Prince of Wales marries, the Duchess of York, though only acknowledged as royal in virtue of her status as wife, becomes unmistakably second to Queen Mary herself as a "Lady of the Land." In a position of great delicacy, the young Duchess has won golden opinions. Jealousy itself cannot insinuate that she ran after her future husband. It was only at his third proposal that she accepted him. And Queen Mary wrote that it was quite right for her to refuse the match as long as her sentiments were uncertain.

Unspoiled by fame, she signs herself "Lizzie." And it is at her parents' home on Bruton Street—indeed, in the room that she occupied before marriage—that her child was born. As a daughter of the Earl of Strathearn, the Duchess of York—shrewd, pretty, petite and wistful—is the very picture of what Scotland adores as "a lassie."

Child's Illustrious Ancestors.

The ancestors of the little lady are, of course, a formidable array. On her father's side, she is the twenty-ninth in direct descent from William the Conqueror. Thirty-six generations connect her with Alfred the Great. Thirty-three generations link her with Hugh Capet, King of France, and therefore with the still earlier Charlemagne. Of the Capet family it is said that it gave thirty-six Kings to France, twenty-two Kings to Portugal, eleven to Naples, five to Spain, three to Hungary, three to Navarre, three Emperors to Constantinople and innumerable sovereign dukes. The latest Princess is thus well connected. Indeed, if Queen Victoria is to be believed, she is descended from Solomon and David. The romance of Boaz and Ruth at Bethlehem is thus completed in Mayfair.

In any event, the first parents of this Princess were Adam and Eve. This doubtless is the reason why the infant, though so remarkable in every way, looks and behaves (in so far as she does behave, which is not always) exactly like every other person of her present age and experience. In fact, it is this humiliating similarity of royal youngsters to everybody else that accounts for the presence at their arrival, of Secretaries of State, Archbishops and other honest men, who guarantee that princes and princesses are genuine and not changelings or anybody whatsoever except themselves.

Queen Victoria had a habit of summoning witnesses only when it was too late for them to arrive until the happy event had been recorded. There is now a tendency to put some faith, at any rate, in the integrity of physicians. Still, a cautious nation leaves nothing to chance.

As heir to the throne, the Princess enjoys a curious privilege. She can do no wrong. For instance, let us suppose that, in years to come, she breaks some law. In that event, she can only be prosecuted by herself. And if she convicts herself, her Ministers would advise her to grant herself a free pardon. Under the Constitution, she would be compelled to obey this advice of her Ministers. And she would thus emerge innocent.

A Sovereign's Religion.

In advance of the emergency, Parliament has determined with great care what shall be the future Queen's religion. South of the Tweed—that is, in England — she must believe firmly in bishops, North of the Tweed—that is, in Scotland—her disbelief in bishops must be less unshakeable. Under the British Constitution a Presbyterian is a dissenter in England, while an Episcopalian is a dissenter in Scotland. The orthodoxy of the young Princess is thus bilateral, like her parentage.

Nor is there any reason why an act should not be passed making the future sovereign a Mohammedan in Mesapotamia, a Parsee in the Punjab, a Confucian in Hongkong and a Brahman in Benares. For such legislation there are precedents, and comparative religion tends in that direction.

Indeed, the law is that the infant may believe anything except the faith of a Roman Catholic. She may not marry a Roman Catholic unless he leaves his church. No difficulty, however, will arise if she regulates her affections strictly according to the Thirty-nine Articles and the Westminster Confession, making also a careful study of those imminent Princes whose names will be recorded in next year's Almanac de Gotha—a book essential to the royal nursery.

Her Scottish Blood.

The latest Princess is half a Scot. It may be assumed that this Scottish half will predominate over whatever else there be in her character and mentality. On several occasions the royal family has allied itself with Scotland. Princess Louise, daughter of Queen Victoria, was Duchess of Argyll. Her namesake and niece is Duchess of Fife. As a matter of fact, the higher aristocracy of Scotland is scarcely less royal than is royalty itself. Not only did the Scottish barons include blood royal, but they were also expert in shedding it.

The Duchess of York is descended directly from Robert Bruce and, through him, from those Scottish Kings whose story is lost in the dim shadows of antiquity. Before the Duke married her, she was entitled to arms that included a lion and a unicorn.

Today the very spirit of Shakespeare is speaking. In "Macbeth," Glammis Castle, the home of the Duchess, is described as having "a pleasant seat" where "the air is delicate." It was the Thane of Glammis who murdered the old King Duncan, from whom, through Robert Bruce, the Duchess of York is descended. The surname of her great uncle, the Duke of Fife, is Duff, which appears as MacDuff in the drama.

The Ghost of Malcolm.

In the castle itself, a still earlier King than Duncan—namely, Malcolm II., also an ancestor of the Duchess—was assassinated. His ghost still haunts the scene of his fate. What wonder if, throughout the world, there echoes again the prediction of the third witch: "Thou shalt be King hereafter?"

Yet that was not the only prediction of the third witch. If ever a lineage has persisted against a recurrent strain of fatality it has been the lineage of the Bowes-Lyons, whose Earldom is Strathearn. Sudden death in all its forms—suicide, duel, battle and assassination—has dogged the footsteps of the family right up to this moment. It is since her marriage that a near cousin of the Duchess, jilted in love, was driven by despair to shoot himself.

Indeed, even sorcery has afflicted the clan. In 1537 Janet Douglas, widow of the sixth Lord of Glammis, was burned alive on Castle Hill in Edinburgh as a witch accused of designs against the life of King James V. That the allegation was false, and that she was pardoned after the execution, are facts that did not mitigate her terrible ordeal or her noble courage in meeting it.

Chambers of Mystery.

Scottish annals abound with tales of dark significance. Of these by far the most mysterious is told of Glammis. That the old fortress, with its thick walls, its innumerable turrets, pinnacles and arches, should include secret chambers is no matter for surprise. In turbulent times these arrangements for concealing either a friend or a foe were common enough. But that there should have been a use in our own days for such a room raises questions, not yet answered, which have fascinated the curious. Again the words of the third witch recur to the mind: "He shall live a man forbid."

Out of this background of heroism and legend, of virtue and of violence, of religion and of rancor, there step into the limelight—radiant, confident, serene—this mother and this child; the future all uncertain, but the future all possible.

HORTICULTURISTS MEET.

Membership Campaign To Receive Impetus By a George St. Campaign.

The directors of the Horticultural Society met last evening in the Chamber of Commerce and reported progress in the membership campaign, which was quite encouraging, although far from the objective at first announced. The premium list will now be handed to the Floral Co. to be filled, and deliveries will start next week and continue until all have been supplied.

Uptown shoppers are also to be given a chance to become members, through an exhibit of the premiums in Grafton Co.'s window. Mr. Wood, official representative, will be on hand to take membership fees and the options desired, and it is hoped a large number will avail themselves of this last opportunity to join the Society, and make its efforts for the beautification of the city more effective, due to the strength of numbers.

Oscar Egg, the veteran six-day bicycle racer, has taken part in more than a score of the long grinds. Eight times he has been on the winning team and three times has finished in the money.

THIRD in the World

-and Sales still mounting

During the first three months of 1926 Dodge Brothers, Inc., and their subsidiaries built and sold more motor vehicles than any other manufacturer in the world, except Ford and Chevrolet.

71,189 retail deliveries were made by Dodge Brothers Dealers in the United States and Canada between January second and April third. This represents a gain of 37 per cent over the same period last year and 69 per cent over the first quarter of 1924!

Third largest in the world! And sales CONTINUING to mount week after week to new record breaking levels.

In fact, during the week ending April 24th retail sales reached the remarkable total of 9,566—the greatest single week in Dodge Brothers history!

These figures are all the more significant when you realize that the gain of the industry as a whole over last year is only 12 per cent.

There could be no more convincing evidence that today's product is regarded as better than ever before and that the present prices make it the most impressive value Dodge Brothers (Canada) Limited have ever offered.

OUR TORONTO ERRORS BEHIND THREE PITCHERS HELP ORIOLES

Baltimore Allow Leafs Only One Run in Second Clash.

BOOTS BY STARS.

TORONTO, May 7 (Canadian Press).—Baltimore played in championship style to defeat the Leafs in the second game of the series today, 6 to 1. Freddy Vincent pitched air-tight ball for the Orioles, restricting the locals to seven scattered hits. The Leafs used three pitchers who were given little aid by their teammates, the Leafs making four errors. Tillie Walker crashed a homer into left field in the first inning with Maisel on base. Score:

Baltimore .. .. ..202020000— 6 8 0
Toronto .. ..010000000— 1 7 4

Vincent and McKee; Maley, Hubbell, Stewart and O'Neill.

Newark 13, Syracuse 12

SYRACUSE, May 7 (Canadian Press).—A belated rally in the eighth and ninth innings could not undo the damage caused by seven errors earlier in the game, and the Stars lost to Newark today, by 13 to 12. Score:

Newark.. .. .. ..124001500—13 13 0
Syracuse .. ..400010043—12 15 8

Chesterfield, Werre, Gressett and Schulte; Dickerman, Banes, Schelberg, Miller, Boyd and Morrow.

Buffalo 9, Jersey City 8

BUFFALO, May 7 (Canadian Press).—The Bisons were fortunate enough to make all of their runs and nearly all of their hits off Parks in the fourth to beat the Skeeters a second time, today's score being 9 to 8. Score:

Jersey City .. ..020020400— 8 10 3
Buffalo .. ..00090000x— 9 7 1

Parks, Smith, Cantrell and Freitag, Daley; Lucey, Proffitt and Pond, Lake.

Reading 8, Rochester 5

ROCHESTER, N.Y., May 7 (Canadian Press)—Reading won the first game of the series from the Tribe here today by 8 to 5. Swaney was hard to hit and the base running of his team mates helped him. Score:

Reading.. .. .. ..000201041— 8 13 0
Rochester .. .. ..001020020— 5 9 4

Swaney, Marquis and Lynn, Unzmann; Horne, Smith, Mitchell and Devine.

SENATORS IN SECOND PLACE WITH SIX CONSECUTIVE WINS

Johnson's Easy Victory Tumbles White Sox To Third Notch.

RUTH'S SIXTH HOMER.

WASHINGTON, May 7 (Canadian Press). — Washington batted out an easy 8 to 2 victory over Chicago in the first encounter today. It was the sixth consecutive win for the Senators and it ousted the White Sox from second place. Score:

Chicago .. ..200000000— 2 10 2
Washington .. ..10420100x— 8 13 0

Leverett, Steengrafe, Edwards and Crouse; Johnson and Ruel.

Yanks 7, Tygers 6

NEW YORK, May 7 (Canadian Press).—The New York Yankees broke their losing streak here today, defeating the Detroit Tigers, 7 to 6, in eleven innings. Ruth hit his sixth homer of the season in the opening inning with Gehrig on base. Score:

Detroit .. ..00010310100—6 11 1
New York .. ..20021010001—7 13 1

Holloway, W. Collins, Wells, Stoner an Bassler; Hoyt, Pennock and P. Collins.

Athletics 5, Browns 1

PHILADELPHIA, May 7 (Canadian Press).—The Athletics ran their winning streak to five in a row today by taking the second game of the series with St. Louis, by a score of 5 to 1. Today's game was a duel of southpaws, Zachary and Grove, but the former weakened in the eighth and was pounded for three runs. Score:

St. Louis .. .. ..000010000— 1 6 0
Philadelphia .. ..00110003x— 5 9 0

Zachary and Dixon; Grove and Cochrane.

Cleveland 11, Boston 2

BOSTON, May 7 (Canadian Press). — The Cleveland Indians tomahawked the Red Sox today to the tune of 11 to 2. Kiefer's wild pitching was disastrous. Score:

Cleveland .. .. ..2500110 20—11 14 1
Boston .. ..100001000— 2 7 2

Shaute and L. Sewell; Kiefer, Welzer, Lundgren and Gaston.

WILTSE AS MANAGER

ROCHESTER, May 8. — Canadian Press. — George Wiltse, former scout for the New York Yankees will become manager of the Reading International League Club, on Monday, it is announced.

MEDALS GIVEN TO FOUR TEAMS

Officers Re-elected at Meeting of City Baseball League.

PROSPECTS GOOD.

Last year's championship medals were presented at a meeting of the City Baseball League held in the Holy Name rooms on Thursday night.

Dr. John J. Craig opened the meeting and Mr. Holland, the secretary, gave a short account of the activities of the league for 1925, and also the prospects for good baseball for the coming season.

Owing to the absence of the manager of the Lakeviews last year's winners of the Junior series, they did not receive their medals but these will be distributed to the players by Lew LeBarr, Senior.

Mr. Prindible presented the medals to the following players, congratulating them upon their work of last year and hoping that they would do as well in the coming season.

The Knights of Columbus were recipients of the medals for the Juvenile series. The players were Leo Materson, Mel Starr, Leo Rishea, Reg Walton, Arnold Smith, Victor Grady, Leo Calladine, Bill Austin, Hillie Archambault Mark Swanger, and Oswald Bannan.

The Royals won the Midget Series, they are Doug Hatton, Frank Carroll, Bud Goodson, Joe Reynolds, Red Hollingsworth, Jack Hope, Reg Wilson, Vern Beavis, Bob Gamble.

Al Spry and Gerald Routley will receive their medals later.

Jack Deannard's boys, the Rotarians, being the leaders of the Bantam section, received the medals as follows: Jack Creary, Ted Dormer, Howard McDonald, Cecil Perdue, Jack Cuff, Meyer Levine, Reg Howden, William Campanaro, Gordon Cuthbertson, Fred Maker, Jim Holland, Jim Roach.

The officers for the present year were elected as follows:

President: Dr. J. J. Craig.
Secretary: F. Holland.
Asst.-Secretary. W. Prindible.

Vincent O'Connell and Mr. Brioux were elected members of the executive and the president and secretary were given power to choose two other members.

The following teams expressed their intention of entering the league:

Juniors: Can. General Electric, with prospects of Alex. Kay entering a bunch of boys.

Juveniles: Orioles (a west end team), Kiwanis.

Midget: Royals (backed by All Saints' Athletic Association), Kiwanis (managed by Jack Deannard and the Rotary, with Vincent O'Connell as the guiding hand.)

Another meeting will be held on Tuesday when it is hoped that all teams intending to enter will be represented. There are plenty of players but the need is for men to back the teams and to manage them.

TUNNEY SET BACK.

Will Has Prior Claim For Title.

NEW YORK, May 8. — Gene Tunney's claim to recognition as the leading heavyweight contender received a set back on Friday when the state athletic commission refused to accept his formal challenge for a title match with Jack Dempsey on the grounds that Harry Wills has a prior claim to the match.

The action by the representatives of Tunney in attempting to file a challenge is interpreted as another move in Tex Rickard's campaign to displace Wills with Tunney as an opponent for Dempsey in a title bout here in September.

MAKES RECORD RUN.

VANCOUVER, B. C., May 8. — (Canadian Press).—Making a record-breaking run for a steam train across the Prairies and British Columbia, the Canadian Pacific special carrying the mails for Australia and New Zealand, steamed into Vancouver Thursday night 33 hours after leaving Winnipeg. The average running time for the 1,474 miles was 45.61 miles an hour, it was announced. In the last hundred miles the train travelled better than a mile per minute.

Inside Sporting Dope

By A Wise Cracker

Mister Sporting Editor:

The opening of the Central Ontario Baseball schedule is little more than 10 days away, and the teams is endeavouring to dodge the rain and the raw winds long enough to get into some kinda shape for the 1st clash. The Petes is worst off than the rest, being flooded outa their park, but Manager Shiner Johnston and his athaletes is getting in all the work they can, and the Petes' pilot hopes to have his gang in fair condition when they jam with Mister Joe Daley's talent in Kingston on the 19th. The O.B.A.A. is being asked to reconsider the case of young Mister Lefty Lennox, which is wanted on the Petes' rooster as a southpaw pitcher and which was counted on to help Mister Al. Heckman and Mister Jeff Hardill carry the pitching burden. Meanwhile Mister Max Swanston is sticking to his announcement that he has retired from the pastime. Mister Swanston is needed out there badly, and both the players and the fans is hoping that he'll yet respond to the fascination of the pastime. Otherwise the Petes run a chance of being protested every game they play on the ground that it ain't a legal fixture without Mister Swanston and his plug of tobacco. Anyway, he's years two young to think of dropping out, although they's a few pitchers around the circuit which won't repine much should he remain on the sidelines.

THE AMATEURS IS SOUND.

Some folks has been doing a lot of worrying, Mister Sporting Editor, about amateur hockey, figuring that perhaps the Simon pures was the kind that Mister Judge Landis panned during his recent visit to Toronto. But the amateurs is sound, Mac. Look at them birds in Niagara Falls, Windsor, Stratford, London and Hamilton which is so crazy over playing hockey that they want to freeze out the teams with no artificial ice. Start their schedule in November, play 30 games, and then wind up with a play-off among the first 3 teams. They love the dear old game so well that they want to play about 36 fixtures before they get their group decided, and they don't mind putting up with the handicap of having to look after a home gate every 2 or 3 days for a coupla of months or so, just so long as they can take the old hockey stick out oftener than ever. How those boys love hockey!

But, honest to goodness, Mister Sporting Editor, if the O.H.A. bosses let that Western bunch get away with murder and a arrangement such as is planned is nothing else but the title amateur should oughta to be withdrawn from circulation. The whole scheme is nothing but a raw commercial proposition with the dollar sign all over it, and if teams is going to be allowed to stage a 30-game schedule with a 3-team play-off in the group stage of the senior series, the mask might as well be thrown off and the professional flag hoisted. The whole plan is the bunk! The old complaint about the Allan Cup serious is that the O.H.A. winners has been burned out in their league competition and hasn't had nothing left for the final play downs. And now these Western gold-diggers calmly propose to load themselves up with a 30-game schedule. What are they think of, the Allan Cup or the gate receipts? A last month's radio programme will be given the 1st customer what answers this question correct, and as a tip to contestants it may be said the Government runs several institutions in the Province the inmates of which is master-minds along side of any bird which might mention "Allan Cup" in his answer.

THE SOFTBALL FAD.

A letter or 2 ago I mentioned that softball was threatening to break out in this district. She's broke. And shades of the sporting heroes of the days gone by, will you please tell me, Mac, how any bird which has the nerve or the physique or the skill to play a he-man's game is able to get any kick out of this picnic pastime? I know there's a lotta fun in the thing, and a lotta fellows which is naturally dubs at anything else get by without much trouble, but as a major sport, Mister Sporting Editor, it looks like a flop to me.

When you think that them husky birds down Campbellford way which used to take pride in the number of miles they could cover on a lacrosse field in a afternoon and the amount of punishment they could assimilate and hand out has got so tame that they can get a thrill out of slamming at a ball a little smaller than a football, tossed at them underhand, you begin to wonder if the race is beginning to soften.

Softball, for the benefit of them customers what doesn't know, is a feeble imitation of regular baseball, played with a big ball that can be handled bare-handed and with the pitching done girls' style. The bases is about as close together as they used to be when you and Skinny and the rest of the gang played your first baseball right out in the middle of the road in the days when they wasn't no motor cars and you only wore boots when you was caught and had them forced on you.

It's an ideal game for girls, fat men and the ancient order of broken arches.

Even halitosis ain't no handicap.

So far nobody in a wheeled chair has broke into the game, but nearly ever 1 else is having a shy at it. I can understand them gents which wasn't never no good at any of the regular forms of sport thinking softball a wow of a game, but where do the real athaletes get off at in such company? My tip to the boys which is good at regular baseball or any of the other sports is to leave the softball article to the corpulent and aged, and to the girls with boyish bobs and the boys with girlish locks. I may be all wet in this slant, and I know about ½ a 100 softball cranks will try to tell me so after they read this, but anyhow I've got it off of my chest and I feel better allready, even though I'll be as popular as Aggie MacPhail is in Oshawa with a lotta good citizens, which somehow ha. deluded themselves into the idea that softball is a regular game just like a lotta other worthy folks has kidded themselves Ont. is dry because the O.T.A. is on the books.

And just to make the case against the new recreation complete, I may be playing it myself in a week or 2, which is about the worst knock the pastime has got yet.

Well, Mister Sporting Editor, and what few customers has waded this far through the weekly epistle, they ain't nothing more that I wanta discuss with you today, so I'll just bring these rambling remarks to a halt by signing myself,

Sportfully yours,
A. WISE CRACKER.

HELPFUL HINTS FROM GOLFING STARS

BY SPECIAL ARRANGEMENT WITH GOLFERS MAGAZINE, CHICAGO

PROS PLAY BETTER GOLF.

Among the many phases of the game which from time to time are discussed among golfers, none can be said to be more consistently debated than that relating to the comparative superiority of professionals over amateurs in the matter of straight hitting with both wooden and iron clubs. There can be little doubt that, day in and day out, the average professional's shots are much more consistently accurate as regards direction than those of the average scratch amateur.

The professional has his bad day, of course, when his shots veer consistently to the right or left of the desired objective, but, speaking generally, his lapses are neither so frequent nor so pronounced as those of the average amateur. Usually, the professional wins in a match round.

It may be argued—and in some cases the argument is not altogether incorrect—that the professional owes his superior accuracy to the amount of practice he is able to put in. But this does not apply in every case.

To my mind the answer lies not so much in the amount of practice one gets, but in employing the proper methods.

(Copyright, 1926.)

CAMPBELLFORD NEWS.

CAMPBELLFORD, May 8. — Mrs. Alex Abar has returned from visiting friends in Toronto. Her mother, Mrs. Linn, who went to Toronto, will remain with her daughter, Mrs. Boothby, for some time.

Mrs. J. W. Taylor is seriously ill at her home on Sebastapol street.

Glenn Post eight-year-old son of Mrs. Roy Post, who has been at the home of his grandparents, Mr. and Mrs. James Dorie, was knocked down by a car on Tuesday afternoon and badly cut and bruised.

Mrs. Albert Mills entertained a number of young boys in honor of her son Geoffrey's seventh birthday on Tuesday, from six to nine. The children played games and had keen sport competing for the nickels in the birthday cake.

Mrs. Kennedy, who has been in Toronto for the winter, returned to her home on Wednesday evening.

Clarence Maybee of Toronto is visiting his mother, Mrs. Archer, for a few days this week.

CUBS DROP NEW YORK TO FOURTH

Giants Shut Out and Held To Four Hits.

REDS' RALLY WINS.

CHICAGO, May 7 (Canadian Press).—Chicago bunched hits off Jack Scott and Jimmy Ring today, driving the former off the mound in the sixth inning, and shut out the New York Giants, 6 to 0. Score:

New York.. .. ..000000000— 0 4 1
Chicago .. ..00200310x— 6 8 0

Scott, Ring, Nehf and McMullen, Snyder; Kaufmann and Hartnett.

Brooklyn 7, St. Louis 1

ST. LOUIS, May 7 (Canadian Press).—The league-leading Brooklyn Robins found Sherdel for seven hits in the early innings today and defeated the St. Louis Cardinals, 7 to 1, in the second game of the series. Score:

Brooklyn .. ..400030000— 7 8 1
St. Louis .. ..000000010— 1 5 1

Grimes and Hargraves; Sherdel, Haines, Dyer and O'Farrel, Vick.

Pirates 11, Braves 10

PITTSBURGH, May 7 (Canadian Press).—Deadlocking the game in the ninth inning, Pittsburgh won an eleven inning contest today from Boston, 11 to 10. Score:

Boston .. ..02400002002—10 17 3
Pittsburgh .. ..02000200403—11 17 6

Mogridge, Genewich, Benton and Z. Taylor; Aldridge, Oldham, Adams and Smith, Spencer.

Reds 6, Phillies 5

CINCINNATI, May 7 (Canadian Press).—Dressen's drive to centre field, scoring Lucas, climaxed Cincinnati's batting rally in the ninth today and defeated Philadelphia, 6 to 5. Score:

Philadelphia .. .. ..000050000— 5 8 1
Cincinnati .. ..011001003— 6 13 1

Knight, Mann and Wilson; Mays, May and Picinich.

CONTRACT RENEWED.

John McGraw Stays With Giants.

CHICAGO, May 8. — John McGraw, the veteran leader of the New York Giants, on Friday signed a three year contract effective when his present agreement expires next spring.

While no official information is available it is understood that McGraw's contract calls for a salary of $35,000 a year; this in addition to his salary as vice-president, and the dividends from his stock.

This is McGraw's 25th season as manager of the Giants.

SWITCHMAN TRIES TO KILL TWO MEN

C. N. R. Employee Runs Amuck With Two Revolvers.

GUELPH, May 8. — (Canadian Press.)—Charles Roberts, a switchman on the Canadian National Railways, who has been acting queerly, ran amuck with two revolvers last night and tried to kill Stanley Burns, also of the C. N. R. staff, against whom he had a fancied grievance. Entering Burns' house about 11 o'clock, Roberts yelled "Now I have you" and began to shoot. One bullet struck Burns in the lower abdomen and plowed its way into the thigh. The apparently demented man then headed for a switchhouse, where he met another employee named Craig, at whom he fired three shots, none taking effect. Roberts was arrested about one o'clock this morning. If blood poisoning does not set in Burns is expected to recover.

WARRANT ISSUED FOR CAR DRIVER

Charged With Causing Death of Seven Year Old Girl.

SPEEDING ALLEGED.

BRANTFORD, May 8. (Canadian Press.) — A warrant was issued yesterday for Wellington D. Cronk, a commercial traveller, charged with causing the death at Otterville recently of little Sarah Ridley, the 7-year-old daughter of Lee Ridley. It is alleged that his car, which struck the child, was travelling at a highrate of speed and did not stop after the accident.

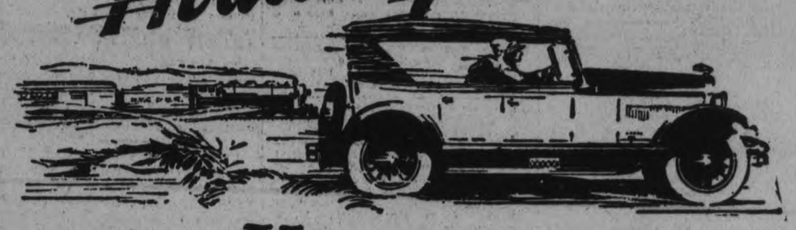
Thrilling speed



—yet Unmatched Smoothness

Sixty miles an hour and more is not uncommon among able motor cars. But sixty miles and more with perfect smoothness and steadiness is rare—so rare as to be virtually exclusive to the Oakland Six.

This unmatched freedom from vibration at all speeds is made possible by a new invention, The Harmonic Balancer, described by automotive engineers as the outstanding achievement of recent years.

If you have not seen The Harmonic Balancer—if you have not tested its remarkable effect upon motor car performance—drive this new Oakland Six and experience the new thrill of an unvarying smoothness.

Prices $75 to $500 Lower

General Motors Time Payment Rates (GMAC Plan), heretofore the lowest in the industry, have been made still lower. We can now save you as much as $20 to $35 in your time payment costs.

Diamond Disputes Decided by BILLY EVANS

Why is it when the batsman hits the ball into fair territory in front of the plate and it rebounds, striking him while still in the batter's box, that the ball is always called foul?

The batsman is always in foul territory while standing in his box.

When the fair hit ball rebounds and strikes the batsman, who has not yet left his box, same being in foul territory, the ball to do so must be a foul ball.

While it was apparent that the ball first struck fair, the rebound carried it into foul territory, since it came into contact with the person of the batsman so standing.

The fact that the ball first struck fair is given no consideration. Its status is determined by its position when it came into contact with the person of the batter in foul territory.

SOFTBALL LEAGUE.

Final Arrangements Made For Double Header on May 22.

At a meeting of the Peterborough Softball Association held in the Belmont Club rooms last night final arrangements were made for the ensuing season. The Association propose to start the schedule with a double header to be held at Riverside Park, if possible, on May 22, but, failing to get the park on that date, the games will be played in Central Park.

There are ten teams lined up, the names of which will be published as soon as the final schedule is drawn up.

BASEBALL PRACTICES.

There will be a practice of the Kiwanis Juvenile and Midget Baseball team in King Edward Park at 6 o'clock on Monday night. Any ball players wishing to try out for a place on either of the teams are asked to turn out.

Bowling

LADIES' MERCANTILE LEAGUE AT Y.M.C.A.

The Hurons in the second game of the play-offs amassed a lead of 210 pins over the Ontarios and thereby wiped out the Ontarios' lead of 148 pins from the first game and took the championship of the League by sixty-two pins. The Hurons bowled a nice game in the middle game of the second play-off, while the Ontarios were badly off color in this game, and this won the series for the Hurons.

Miss Adams had the high three for the play-offs with 489, while Miss Hanna was second with 482. Miss Adams also had the high single of the series with a good score of 243, while Miss Hill was next with 183.

First Game.

In the first game of the play-offs, the Ontarios had a lead of nearly one hundred and fifty pins to carry forward to the second game of the play-offs. Miss Adams, with a good single of 243, had the high single of the night, while she was also high for the three. Miss Hill also had a nice single of 183.

Hurons—				
Miss Forester	83	86	147	316
Miss Carson	146	104	85	335
Miss Hanna	124	129	137	390
Miss Smith	111	135	91	337
	464	454	460	1378
Ontarios—				
Miss Adams	91	155	243	489
Miss Williamson	87	73	84	244
Miss Hill	146	183	116	445
Miss E. Sloan	142	89	117	348
	466	500	560	1526

Second Game.

In the second and final game of the play-offs the Hurons, bowling in good form, took the total pinnage away from the Ontarios by over two hundred pins and won the League by sixty-two pins. Miss Hanna was high for the three games. Miss Hanna's single of 178 and Miss Sloan's single of 175 were the high singles of the game.

Hurons—				
Miss Pearson	147	158	164	469
Miss Carson	108	158	135	401
Miss Hanna	163	178	141	482
Miss Forester	88	132	102	322
	506	626	542	1674
Ontarios—				
Miss Adams	120	92	153	379
Miss Hill	136	96	162	394
Miss Williamson	107	97	101	305
Miss E. Sloan	107	175	104	386
	479	460	525	1464

AT K. OF C. ALLEYS.

At the Knights of Columbus' bowling alleys on Friday evening, the Orchids (Miss Marita Collins, captain) took two games out of three from the Bees (Miss Lottie Hogan, captain).

Miss Hogan had a score of 171, Miss Collins 168 and Miss Grace Sharpe of the Orchids' team, three nice scores of 156, 168 and 155.

In the afternoon, Mrs. E. Conroy's team conceded three games to Mrs. J. Legros' team. Mrs. Ted Crowe had scores of 175 and 165, and Mrs. H. O'Heron 177.

GALT AND PRESTON RAISE OBJECTIONS

Temporary Setback To Proposed All-Artificial Ice Group.

A meeting of the O.H.A. Executive Committee was held last night, with President Wm. Easson, Stratford, in the chair. Other members present were: W. A. Fry, Dunnville, immediate Past President; D. L. Darroch, Collingwood; Past President A. E. Copeland, Midland; Past President G. B. McKay, Kitchener; First Vice-President, R. Butler, Lindsay; Second Vice-President, Frank Hyde, Woodstock; George B. Dudley, Midland; P. J. Bond, Peterborough; Sheriff J. F. Paxton, Whitby; W. W. Davidson, Toronto, and W. A. Hewitt, Toronto.

The Galt and Preston senior clubs entered objection to the proposal that Western Ontario senior hockey group for next winter be composed of clubs with artificial ice rinks. The following resolution was passed in this connection: "Whereas, this Executive always exercised the right to group clubs as they see fit in the best interests of the association after the entries for the year have been received. Be it resolved, that the proposed grouping of senior clubs, where they have artificial ice plants, be not considerel by the Executive at the present time.

Warning Issued.

The following resolution was passed by the Executive Committee: "That whereas the rules of the association regarding residence read as follows:

"No player will be allowed to compete in the O.H.A. in the season of 1926-27 who has not been a bona fide and continuous resident of the town, city or village to which his club belongs since May 15, 1926, students and teachers excepted.

'Every player who has changed his place of residence since Jan. 1, 1926, is required to fill out an official application form, which can be obtained at O.H.A. headquarters, and return same to the O.H.A. Secretary, W. A. Hewitt, Daily Star, Toronto, within two weeks after the change of residence is made so as to secure consideration by the O.H.A. executive.

Watching the Tourists.

"Therefore be it resolved, that this executive desires to take cognizance of the reported numerous migrations of players to different cities, towns and villages represented by teams in the association, and hereby issues a warning that all applications for change of residence will be carefully scrutinized and dealt with by the Executive Committee at a special meeting called for that purpose to be held on or about June 15 next, and unless the executive is absolutely satisfied of the bona fides of each application the same will be not granted.

The applictaion of the University of Toronto for the admission of a University of Toronto hockey team in the senior series was accepted under the usual conditions.

MOVIGRAPHS

BY JACK JUNGMEYER
NEA Service Writer

HOLLYWOOD, May 8.—It is peculiarly appropriate that Victor McLaglen, six-foot-three of fighting man, should have been selected by the Fox Company for the role of "Captain Flagg" in the forthcoming screen version of "What Price Glory."

McLaglen is the warrior son of an Episcopal bishop, combining in his stalwart person the gentle graces of churchmen ancestors and the stern discipline of the soldier, tested in the World War.

He is moreover, a finished actor, having learned to express these attributes in stark simplicity or finer shadings during several years of screen experience which began in England after the war, and which include recent roles in "The Unholy Three," "Winds of Chance," the forthcoming "Men of Steel" and "Beau Geste."

Enlistment with the famous British Life Guards, experience under fire on the Mesopotamian front and as military police chief of Bagdad, together with wide rovings over the earth as miner, wrestler, boxer and showman, have given him that hard dressing which should enable him to interpret the hard-boiled "Captain Flagg" to a nicety.

The McLaglens are a roving, self-sufficient, two-fisted clan. Victor, one of six six-foot brothers, was in the van of silver and gold rushes in Canada, Australia and Africa.

Between metal stampedes he gave good fistic account in the prize ring and capitalized his physique in road shows. Once he went six rounds with Jack Johnson. Another time he wrestled the members of a football team, throwing the eleven men in turn, on a bet.

J. Stuart Blackton discovered him for the American screen, and the leading role in "What Price Glory," the most discussed stage play of the past two seasons, gives the soldier-actor-adventurer a bold, fitting place on the movie pinnacle.

LADY BOWLERS.

A meeting of all ladies who have been connected with the K. of C. Bowling League during the season is called at St. Alphonsus' Lyceum at two o'clock on Sunday afternoon.

BILLY EVANS Says

Similar Fate.

There was a rather strange co-incidence in the 1926 pitching debuts of Joe Bush and Tom Zachary.

Last winter Washington traded the veteran southpaw, Tom Zachary, to the St. Louis Browns for the experienced right-hander, Joe Bush.

The two pitchers made their first start for their new clubs on the third day of the season. Both were knocked out of the box.

Zachary opposed the Chicago White Sox. He failed to last out the first inning. He was relieved after allowing four hits, giving two bases on balls and making an error.

Chicago made eight runs before the inning was over, winning the ball game then and there.

Bush lasted three innings against the Athletics, four runs resulting on five hits and four bases on balls.

So in the debut of the two veteran pitchers the trade was all even.

* * *

Scott's Value.

Two things are certain to make Shortstop Everett Scott far more valuable to the White Sox than it seemed when he was signed to a Chicago contract.

Unquestionably the ball has been slowed up over the one used late last season. The lively ball was tough on infielders beginning to lose some of their speed afoot.

The new ball i n use this year will lack some of the speed with which the ball traveled through the infield and will permit the players to do a little more footwork.

In addition, the infield at Comiskey park is one of the slowest in the American League. The condition of the soil is responsible. The New York American infield is at least 30 per cent faster.

Working on a slow infield, with a less lively ball, is certain to make the Veteran Everett Scott a much more valuable ball player to the White Sox.

* * *

Helps Collins.

The presence of Scott in the White Sox infield should also help the second base play of Manager Eddie Collins.

The Chicago leader admitted that much to me when I discussed the possibilities of his club at the Shreveport (La.) training camp.

"For several years I have had recruit players at shortstop. That made it necessary for me to assist them in every way possible; in a sense, position them on most every man that came to bat.

"Watching the other fellow keeps you from concentrating on your own work, so that at times I felt my play suffered because of the attention I had to give the various recruit shortstops tried out by the club.

"With Scott at shortstop all I will have to do is to take care of second base. It will take a lot of worry off my shoulders."

While it is hard to see how the play of Collins could be much improved, there is no doubt as to the logic of his statement.

* * *

Belated Debut.

"This fellow Joe Pate is going to win a lot of ball games this summer for us."

The speaker was Cy Perkins, backstop of the Philadelphia Athletics; the place Ft. Myers, Fla., the club's training quarters.

"None of the experts figures Pate in doping our chances but he is sure to be a big help. He has good stuff and knows how to pitch."

It didn't take long for the judgment of the veteran catcher to be verified. Joe Pate, making his major league debut at 33 years of age, a time when most pitchers are slipping, scored the first victory of the season for the Mackmen over Washington.

After Baumgartner had been knocked out of the box, Pate relieved him, holding the American League champs to two hits and no runs in six innings, the Athletics finally winning, 9-3.

KINGSTON JUNIORS GET INVITATIONS

KINGSTON, May 8.—The Kingston Whig is authority for the statement that the London and Preston teams of the O.H.A. Senior series would like to have the services of Goalkeeper Taugher and George Patterson of the Kingston Juniors, and communications are said to have reached Patterson and Howard Reid on Thursday afternoon from the Windsor club. The invitation from Windsor is said to be a most attractive one.

The Whig indicates that the prospect of losing these fine young players is very distasteful in this city, and leads some of the hockey enthusiasts to question the activities of certain clubs.

When the matter was reported to Secretary W. A. Hewitt of the O.H.A. by wire that official replied: "Kingston Junior hockey players had better stay at home in Kingston if they want to play hockey in the O.H.A. next winter."

50 BANDITS KILLED.

DAMASCUS, Syria, May 8. Canadian Press. — Fifty bandits were killed by the French on Friday in the course of "mopping up" operations in the Midan quarter of Damascus. A number of suspects were arrested.

NETHERLANDS HELP.

AMSTERDAM, Holland, May 8.—Canadian Press. — The Netherlands Trade Union oCngress to-day voted 5,000 pounds (-24,250) to assist the British strikers.

THEATRE AT THE GRAND

"THREE BAGS FULL."

The big audience which saw "Three Bags Full" at the Grand last night went away satisfied that when better revues are produced, The Dumbells will produce them. Captain Plunkett's springtime revue make no mistake about it, is no mere jerry-built offering designed to fill in the tag end of the season; indeed it impressed one as a superior production all round than the "Lucky Seven" presentation with which the Dumbells began the season. All the deft Plunkett touches, all the usual effective settings, all the fun and snap and pep of previous Dumbell programmes are abundantly evident in "Three Bags Full," and, in addition, the boys have been unusually fortunate in their choice of material. For instance, Al Plunkett's "Huckleberry Blues" is one of the best songs he has given us since his early successes, and that sterling little comedian, Pat Rafferty, picked one of the biggest hits of his career when he chose the "Mother's Gone Dancing" number for the new revue.

There were certainly three bags full of melody and merriment in last night's production, and had the entertainers been able to answer the insistent demand for encores, several more bags would have been required. All the old favorites, and several new artists, made their appearance. Captain Plunkett's orchestra, which grows steadily better, was featured with remarkable success, and the whole programme was studded with numbers that sparkled.

The orchestra furnished the second bag full, and in their case the no-encore rule was badly shattered, inasmuch as the audience insisted on two recall numbers, and would not be denied. Here was a programme of jazz, popular and classic numbers that was a remarkable treat for those who like their music "hot." Starting with a novel arrangement of "In a Monastery Garden," the orchestra, under the direction of Howard Fogg, snapped through such popular hits as "I Love My Baby," the favorite "Who?" from "Sunny," the old success, "Kashmeri Song," the Barcarolle from "The Tales of Hoffman" and "A Little Bit of Irish," and there was delight in every number. The orchestra has made vast strides since first launched, and is a show in itself. During this portion of the programme Harold Rich, the pianist of the orchestra, scored a personal triumph by his singing of "How I Love That Girl," and Ross Hamilton and Al. Plunkett gave a fine rendition of the "Barcarolle." The settings for the whole number were most lavish.

Al. Plunkett, in addition to his "Huckleberry" number, already mentioned, sang several other hits as only he can sing them, including "Carrie was a Careful Girl" and "Italy is the Place For Love."

Ross Hamilton, wonderfully gowned as ever, and singing better than on his last appearance here, was splendidly effective in all his numbers, notably in "Romany Rose," a very striikng offering in which the boys are of much assistance.

"Red" Newman, besides scoring his usual success as a comedian in several snappy skits, was heard to advantage in a number of typical Newman songs. His "I'm a Bit of a Devil" was given with a refreshing snap, and his plea for consideration for the "Garbage Man" was one of his best numbers. "Red" was at his funniest in the sketch, "Herlock Sholmes," in which he provided many a laugh.

Pat Rafferty may be small, but as usual he had a big part in last night's success. His "Dancing" number was a scream, and his work in the sketches was as clever as always.

Stan. Bennett scored in the comedy work, and his chief song number, a ballad of the Salt Seas, was characteristically funny. There is nobody just like the Toronto boy in putting over a number of that kind.

Ben Allan contributed some of his favorite brand of black-face funmaking with his usual success. Morley Plunkett was of much assistance throughout. Jock Holland contributed a breezy number, "I Got Zee Eye" to everybody's satisfaction. Jimmy Devon once more demonstrated his cleverness as a step dancer. Glen Allan did a Charleston number that was a high light in the programme. Ernie Watson, a member of the orchestra, showed that he could dance as well as play, and the whole company united for the minstrel finale that was a fitting wind-up to a great performance.

The Dumbells are with us again to-night, and the one best selection to-day is don't miss "Three Bags Full."—F.D.C.

AT THE REGENT

MAE MURRAY WINS NEW LAURELS AS DANCER AND ACTRESS IN GRIPPING STORY OF PARIS.

Mae Murray, dancing beauty, is a study in evolution.

On the stage, a beautiful butterfly, then, on the screen, the same, gradually become known as a dramatic actress of wonderful emotional possibilities.

Now comes "The Masked Bride," her sensational story of the Paris underworld, playing at the Regent Theatre Monday. It presents a new Mae Murray—perhaps the ultimate Mae Murray, although such a thing is hard to fathom, in view of such surprises as "The Merry Widow."

The story, a gorgeous Metro-Goldwyn-Mayer production directed by Christy Cabanne, is a dramatic episode in which a great love and an Apache plot are set amid gorgeous cafes, glittering palaces, and sinister underworld haunts. Miss Murray flits through, a creature of wonderful beauty, in glittering gowns, daring, sometifes, but always beautiful. Then—in a trice— she drops this role and does some acting so remarkable that she holds her audience breathless. This is the strange versatility of Mae Murray.

A great cast appears. Francis X. Bushman makes an imposing hero, and Roy D'Arcy, the Crown Prince of "The Merry Widow," has a great role as the suave Prefect of Police. Karl Dane, Basil Rathbone as a smooth crook, and Chester Conklin who furnishes inimitable comedy relief are also in the cast.

sengers to and from the ports by means of motor lorries.

Hunger in Wales

LLANELLY, Wales, May 8 (Canadian Press). — Hunger is beginning to stalk through the strike-bound mining districts of Wales. Hundreds of strikers and their families have already applied to the Poor Guardians for relief and the Board of Guardians here and in many other sections are facing a problem as their funds are already overdrawn. Relief officers here, however have been instructed to help destitute cases. It is impossible to pay unemployment doles to men on strike, as they are not classified as unemployed and can be helped only through their unions.

German Boycott

HAMBURG, May 8 (United Press).—The decision of the German unions to boycott English vessels, refusing to man them or bunker them, is now completely enforced.

The cooling of ships plying between Hamburg and England has ceased.

Guard Against Looting

LONDON, May 8 (Canadian Press).—Scores of truck loads of police were rolling into the congested districts of London today as a precaution against possible attempts to loot the food shops tonight, when the pinch of the strike will be felt keenly by workers who receive no pay envelopes. Tonight there will be only strike pay, equivalent to a few dollars, which means no Saturday night beer and no shopping for a joint of roast beef and supply of potatoes for the Sunday menu.

SAVES YOUR TIME.

There is a new type of orange squeezer with a large cup space so that preparing the morning orange juice becomes a very simple manner.

MEN HAVE NO DESIRE FOR HOME WHEN HOUSE IS BEING CLEANED

At Work Early and Late Moving Heavy Furniture.

WIFE IS BOSS

Poor Reward for Efforts as Meals Are Appetizing.

With every spring comes a time when men are not very anxious to go home for the house cleaning fever has taken hold of the good housewife and everything is upset in the baronial hall, and going through a volcanic upheaval which at this period of the year scatters the household goods into a regular state of chaos.

Last night when we went home and were enjoying our pipe before the grate fire for although it was the first week in May the thermometer was registering five degrees of frost, the first indication of the impending calamity broke in on our quietness. It took the form of an assertion, that all our clothes had been removed from our wardrobe and we would have to do the best we could for the next few days.

We have all been through this before so we knew what was coming and were not surprised when we were told that we would have to be up at 6 o'clock tomorrow morning. We were up you may bet and all the rest of the household with us ,for now is one of the periods in our association with women when it is the wise and proper thing to do that which we are told to do and not to ask why. After a short breakfast at which we could hardly keep our eyes open we were soon at work moving the furniture from one room to another, pulling up heavy rugs, and throwing them on the clothes line outside thus we were at house cleaning in real earnest.

"You will be home as early as possible this afternoon as I have something for you to do," was the parting remark as we grabbed for our hats to rush to the office for we were late for work by this time.

We were home in good time and as an introduction to our evening's work we had to shift the piano from one room to another and then bring it back again all the time being careful that we did not scratch the floor or strike the door jams and after trying every corner in the room, the final one was decided upon.

The piano set in place we were invited to go out into the back garden and try conclusions with the living room rug which was on the clothes line. We played a tatoo on it until we were all thoroughly choked up with dust, our shoulders sagged and our breast drooped. Then we were invited back, into the house to move more furniture which when we had it moved seemed as if we had been going around in a circle all day in moving furniture.

We now went to the attic to move some boxes and after striking our heads several times on some protuding scantlings and catching our clothes on some of the many nails we finished our work up there.

Troublesome Ancestor.

Pictures were next in order and before we go through we hanged them in more senses than one. A heavily framed ancestor, in particular, developed perverse and obstinate tendencies which fully confirmed what we had heard of him when alive. His weight nearly precipitated us from the rickety stepladder, and when we finally got him nailed he most distinctly refused to stay straight, which we understand was also another of his characteristics during his period in the flesh. Finally we got all square with the old gentleman and were stepping back to admire our handiwork when we walked into, and upset, a bottle of furniture polish. We are not prepared to affirm that it was of the brand mother used to make, but the attendant remarks were undoubtedly such as she would have made under like circumstances. We knew enough not to offer any reply, but wished that we could have had the opportunity to polish off said ancestor before he ever had a chance to sit for the painting of his physiog.

Rich Reward.

Our efforts were rewarded with a couple of sandwiches and a glass of milk at tea time, and then we were put at it again, re-arranging and dusting a lot of books, and hanging curtains—at least we were entrusted with one pair. Once more we had to climb the step-ladder, this time grasping a pole in the centre, with a couple of lace affairs floating at either end. No tight rope performer ever made more valiant efforts than ourself to maintain a true balance, while seeking to place that pole on a couple of brackets. The ladder was short. the brackets just beyond our reach, and down we came, tearing the curtains in transit, and recording a thud which made the house wobble on its foundation.

For this we were reduced to the superintendence of a bonfire, the smoke from which blew four ways at once, and also sideways.

Finally we dragged our weary and aching bones to a hard-hearted sofa, situated in the upper hallway. This was rendered necessary because the beds were all down, the deep-voiced woman having left in the middle of the day after dinner, claiming that she felt unwell. Our own impression is that she was in the same class as the man who said he ate well, slept well and felt well, but the moment he got in front of a piece of work he went all of a tremble.

Were were just snoozing off quietly, thinking of the tasks so nobly performed by us, when we heard our wife mutter from the precincts of another improvised couch, "I wish to goodness I had a man of some use around this house."

Ye gods! And that referred to us ! ! !

STRIKE BULLETINS

(Continued from page one.)

ancial support will be sent to the British strikers.

President Green of the American Federation of Labor will take the matter up with the executive council, but this will relate to procedure in raising money. The sending of funds in some fashion is regarded as a foregone conclusion. It was learned yesterday that the railway organizations of the United States at an early meeting of their leaders will consider raising a fund and it is predicted the various local organizations will act on their own responsibility if the strike continues.

Pensioners Volunteer

LONDON, May 8 (Canadian Press).—Army and navy pensioners have been notified by their executive committee to hold themselves in readiness to "Serve the country in this time of national emergency." Large numbers of these pensioners already have volunteered their services to the various departments.

Grey Denounces Strike

Another great Liberal leader has joined his voice with that of Lord Oxford and Asquith in denouncing the strike. Viscount Grey of Falodon, Foreign Minister at the outbreak of the European war, has communicated a statement to The British Gazette in which he says the general strike has raised an issue in which the question of miners' wages is submerged.

"The issue now," he states, 'is not what wages shall be, but whether democratic parliamentary government is to be overthrown. It is by this democratic government that liberty has been won and by this alone can it be maintained.

"The alternatives are Fascism or Communism. Both of these are fatal to liberty, neither of them allows a free press, free speech or freedom of action, not even to strike."

No Food Stuffs Handled

LONDON, May 8 (Canadian Press)—C. T. Cramp, industrial secretary of the National Union of Railway men, has issued an order that members of the union must not handle traffic of any kind, foodstuffs or otherwise. This is a further tightening by the Labor leaders of the restrictions placed on the members of the transport unions, some of whom evidently have been under the impression that the "general strike" did not affect their handling of foodstuffs.

Trainmen Stoned

NEWCASTLE ON TYNE, May 8 (Canadian Press) — As a train running between Berwick and Newcastle approached the crossing gates at Killingworth last night the engineer noticed that the gates were out of order. When he slowed down the train a mob estimated to number 400 ranged themselves alongside the train and pelted it with stones. The engineer and fireman were slightly injured.

BIRTH.

ALLEN.—To Mr. and Mrs. Wm. Allen, on May 4th, at Nicholls Hospital, a daughter.

I.O.D.E. BRIDGE PARTY.

Many Attend in Both Afternoon and Evening at Paragon.

The 57th Regimental Chapter I.O.D.E. were hostesses at a very successful and well-attended Bridge party, held yesterday afternoon and evening in the Paragon Tea-room, the pretty interior lending itself admirably to a very pleasant affair.

The guests were received by the Regent, Mrs. C. S. Stapleton. Miss Laura Belleghem was general convenor, assisted by Mesdames R. Cottrell, J. Fanning, T. A. Gilgour, A. W. Clysdale. B. B. Gillespie. E. Clark, and the Misses B. Robinson and M. Rogers.

Nineteen tables of Bridge were played in the afternoon, with thirty-one tables of Bridge and Five Hundred in the evening.

Prize winners in the afternoon were Mrs. A. Caddy and Mrs. R. Hicks (consolation). In the evening, Bridge prizes were won by Mrs. C. D. Hewett, Mr. George Perks and Mrs. A. Bentley (consolation), and Five Hundred prizes by Miss Rose Mumford and Mrs. J. Cridland (consolation).

OBITUARY.

MRS. MARK PAUL.

LAKEFIELD, May 8.—The funeral took place on Wednesday afternoon, from St. John's Church, of Mrs. Mark Paul, with Rev. Walter Cox in charge. A resident of Lakefield for more than fifty years, Mrs. Paul will be very much missed, as she was well-known to everyone, and until she was stricken by her last illness, was always ready to do a good turn for the sick or needy. Two of her favorite hymns were sung at the funeral, "Just as I am" and "Jesus Lover of my Soul." The pall-bearers were: Messrs. Aubrey Mitchell, Alex. MacDonald, Russell Everett, Joseph Lemay, Isaac Jenkinson and Thos. Watson.

THOMAS SMILEY.

There passed away at his home, 112 Hunter street east, this morning, Thomas Smiley, in his 79th year. Mr. Smiley was one of the older residents of this city, coming here in 1868.

He leaves to mourn his loss his sorrowing widow and one niece, Mrs. Percy Fuller of this city.

The funeral will take place on Tuesday, from his late residence at 2.30 p.m., to the Little Lake cemetery, Rev. Mr. Richards officiating.

IN POLICE COURT.

Two drunks composed the entire docket at the police station this morning. Both pleaded guilty and each was assessed $10 and costs. One of the men said that he went down to a house in the south-end just after supper last night. At the house there was a small tub of home brew beer and he dipped a cup into it several times, with the result that he became intoxicated. The other man claimed that he made home brew beer at home and had drunk it there.

IN MEMORIAM.

In loving memory of Private Ted Rosebush, killed in action May 9, 1917:

When the evening shades are falling,
And I'm sitting all alone,
To my heart there comes a longing
If he only could come home.
Oft and oft my heart does wander,
To a grave so far away,
When they laid him 'Somewhere in Flanders,'
Just nine years ago to-day.
Surrounded by friends I am lonely.
Amid pleasures I feel blue,
Trying to smile, but a heartache,
Aching and longing for you.

A Friend.

The G-Boy

A NEW ONE TON TRUCK

Graham Brothers latest and most impressive achievement

Graham Brothers latest and most impressive achievement—the G-BOY!

A one ton truck embodying entirely new ideas in design and selling at an astonishing price.

Extraordinary purchasing power and vast production made the G-BOY possible.

A new system of weight distribution effects a revolutionary improvement in balance.

The compact wheelbase facilitates ease of handling and yet affords unusually generous body capacity.

Dodge Brothers engine is the standard power unit, with a new heavy transmission that has proved its quality in greater capacity types.

The entire truck, in fact, is built to out-live and outperform trucks costing hundreds of dollars more.

U. S. Naval Officer Flies Across North Pole

GOVERNMENT AND STRIKERS CALL OUT THEIR RESERVES

All Irish Dock-Workers Join In Shutting Off Food Supplies; Government Seizes Newsprint

Labor Congress Seeks To Cement Solidarity of Strikers —Huge Convoy of Flour Passes Through London, Assuring Supply For Metropolis—Fewer Disturbances.

ARMORED CARS, TROOPS AND POLICE IN EVIDENCE THROUGHOUT THE DAY

Permits For Union Members To Assist Government in Distributing Foodstuffs Are Withdrawn—Appeal Made To Parliamentary Labor Party—Emigrants Held Up By Strike.

LONDON, May 10 (Canadian Press).—Both the Government and the Trades Union Congress today contributed to rush up reserves and consolidate their positions in the great Labor battle. The Government marshalled new forces of volunteers to keep transportation moving, formed additional bodies of constabulary to protect them, and used troops and armored cars to bring food supplies from the docks.

The Trades Union Congress called in the Parliamentary Labor Party, requesting it to direct nation-wide meetings to maintain the solidarity of the strikers. It also called out all dock workers in Ireland, shutting off food supplies from that source. One of the sensations of the day was the announcement that the Government had commandeered all supplies of newsprint in the hands of publishers to assure the continued issuance of the Government's newspaper, The British Gazette.

Another Big Convoy.

LONDON, May 10 (Canadian Press).—The third and largest convoy of flour from Victoria Dock to the Hyde Park distributing centre was operated successfully this morning. The flour was transported in 220 lorries, escorted by armored cars, troops and police. The committee in charge says London's flour supplies now are fully secured, as 483 lorry loads have been removed from the dock in three days. Supplies for Hyde Park milk pool are coming in so freely by rail that lorries are being relieved for other purposes.

No Peace Movement.

LONDON, May 10 (Canadian Press).—The seventh day of the general strike in the British Isles began to-day without apparent prospects of a betterment of the situation. The week-end passed without material change or any of the peace movements which had been predicted or at least were hoped for. There was nothing to show to-day that either side to the controversy was advancing towards victory, notwithstanding their respective claims. The spokesman for the Trades Union Congress announced this morning that the Executive Council had not yet made any decision as to what its next step would be concerning the all-important question of calling out Labor's second line of defence, which includes seamen, electricians, gas and water workers, textile workers, men and girls employed in woollen mills, persons engaged in the boot and shoe industry and various employees in essential or municipal services. In the third line are general laborers in allied trades represented in the Trades Union Congress and also scavengers.

Cardinal Bourne sees a menace in the situation and has called upon Roman Catholics to side with the Government in the strike movement. "All are bound to uphold the Government which lawfully constitutes the law of the country," he said. He declared Catholics should face clearly the fact that there was no justification for the general strike.

Military Preparations.

Practically all London suburban railways are providing skeleton services. Volunteer workers are exceeding the demand at the moment. Large numbers of Oxford and Cambridge undergraduates are being sent to work on the docks of London, Southampton, and other ports.

Sunday Meetings Quiet.

For so great an upheaval there has been little disturbance or disorder; even at the mass meetings held Sunday there was little evidence that so mighty a battle was being fought. J. H. Thomas, once Minister of the Crown in the MacDonald Cabinet and recognized leader of the Labor men in the present strike, addressing strikers at Hammersmith, spoke earnestly and dispassionately, reiterating that no challenge to the contitution was involved and declaring that "whatever the end, so far as the nation is concerned, it must be worse than before the strike."

On the other hand, the Lord of Balfour, ever high in Government circles, in a statement in the British Gazette, the official Government organ, described the general strike as "attempted revolution," the success of which would "bring ruin, swift, complete and irresistable up on the country."

Strikers' Ranks Increase.

One of the questions still undecided by the union leaders is whether to call out what is known as the second line of defence, and, if necessary, the final reserve, the third line of defence. Many of the second line workers continue to walk out on their own initiative, but without instructions from the Trade Union Congress. This include seamen, electricians and gas and water workers, as well as unionists employed in various essential or municipal services.

Forty in Hospital

LONDON, May 10 (Canadian Press).—The most serious disturbances this far in the general strike, so far as casualties is concerned, occurred last night in Camden Town, a section of London, where a crowd attacked a bus manned by volunteers. The Government spokesman today said forty persons were sent to hospitals and a number of arrest were made.

Call for Special Police

LONDON, May 10 (Canadian Press).—The Government still is lacking its full requirement of special constables, and the second edition of The British Gazette today printed an appeal from Sir William Joynson-Hicks, Home Secretary, for more men. It read that on Friday he asked Londoners to bring the week-end enrollment up to 50,000. "I am delighted to say they are coming in splendidly," said Sir William, "but I am still a few thousand short."

May Strike in Ireland.

BELFAST, May 10 (Canadian Press).—A general railway strike in Ireland is now possible, according to Labor leaders. The strike would not be connected directly with the general strike now in progress but would hinge on circular issued by the Associated Irish Railways calling for a gradual reduction beginning in June. If a wage reduction is enforced, Labor leaders said, the railway workers are sure to go out.

Refuse to Coal Ships.

OSTEND, Belgium, May 10 (Canadian Press). — The International Transport Workers Union has decided to refuse coal to British ships and its members are forbidden to ship on British vessels. It is determined to do all possible to curtail British navigation.

(Turn to Page 7, Please)

Street Railwaymen In Winnipeg Vote To Strike In Resisting Wage Cuts Announced By Company

WINNIPEG, May 10 (Canadian Press).—By an overwhelming majority, announced as 99 per cent., the Street Railwaymen's unit of the One Big Union at a mass meeting yesterday, voted in favor of a strike as a means of resisting wage cuts announced by the Winnipeg Electric Railway.

The Government's steps to maintain law and order, including parking in the south London district of a number of heavy tanks with detachments of guards in steel helmets and full equipment ready to move at the shortest notice. In Bird Cage Walk, beside Wellington Barracks, where the Grenadiers are housed, there is a detachment of Royal Tank Corps and a column of armored cars. The police prevented a Communist meeting on Sunday in Edgeware Road, and made two arrests. A disturbance occurred in Battersea, where several police and officials were injured and two men were arrested on sedition charges. The beginning of the second week of the strike found transportation facilities for thousands of city workers much improved. There was good service on underground trains as well as an increased number of 'buses. In the Labor district of Poplar, all public houses were closed to-day. The majority of the licensed premises ceased business on Saturday at noon, when their supplies of liquor were exhausted.

LONDON, May 10 (Canadian Press). — The British Government utilized the greater part of Sunday in developing its preparations to combat the general strike, which now has been in progress for nearly a week, and which seems no nearer settlement than the day it began.

Troop movements went along with a vim. Soldiers, all steel-helmeted, passed through the city's main thoroughfares at intervals on their way to outlying districts and various vital points where the Government deemed their services might be needed. The early morning Sabbath calm was broken as 158 motor trucks, heavily loaded with food, and convoyed by sixteen armored cars, and flanked by cavalry, rumbled from Victoria Docks to Hyde Park.

Sunday was full of anxiety and hope—anxiety for the authorities because the rest day gave Labor's second and third lines of defence an opportunity to discuss the situation with their striking comrades; hope, springing from the pulpit and other peaceful sources that some way would be found before another Sabbath came, to end the struggle, which already has brought deprivation and suffering to millions.

Parisian Fascists and Monarchists Cause Riot And Fight Police in Honoring Jeanne d'Arc Day

PARIS, May 10 (Canadian Press)—Jeanne D'Arc day was celebrated with flowers and blood. Around the famous esquestrian statue of the Maid of Orleans which stands on the Rue de Rivoli opposite the Louvre, a two hour battle was fought yesterday morning between the police, who were ordered to let only small groups pass the statute at one time and bands of Camelots Du Roi, of the Jeunesse Patriote Association and a mixed crowd of Facists and Monarchists who insisted on passing thousands strong. They ended by passing in a wild rush through the broken lines of the police, shrieking their triumphs and heaping the statute, already covered, with flowers until the bronze horse was half covered and Jeanne was hanging with wreaths. Between seven and eight hundred were wounded during the struggle. The police themselves have 116 casualties. Many of the rioters were carried to the hospital but most of the casualties were broken heads and black eyes.

NO SERIOUS DISTURBANCES IN BRITAIN DURING THE WEEK END

Five Persons Arrested in Plymouth—Six Taken By Police in Raid on Communists in Birmingham—Groups of Workers Quit.

VOLUNTEER CORPS ARE INCREASING.

LONDON, May 10.—(Canadian Press.)—A spokesman for the Government yesterday denied that any news of the general strike was being withheld and promised that the Government would be the first to announce any serious strike situation that might develop.

The statement was made because of widespread rumors being circulated throughout Great Britain that Government officials are withholding much news and disseminating only that favorable to the Government.

It was stated that Saturday night and Sunday morning passed without serious disturbances anywhere. Armored cars, cavalry and other troops are convoying food throughout the country wherever they are needed and more convoys are available at a moment's notice.

Raid On Communists.

The spokesman announced that at Birmingham Saturday the police raided Communist headquarters, seized newspapers and arrested five men and a woman. At Plymouth disturbances necessitated the calling out of the police reserves and mounted police. Five arrests were made. At Middleborough looting of small shops occurred Saturday night. There were also similar isolated incidents in the London area. In the Battersea district two policemen were injured quelling a disturbance. A man was arrested for making a seditious speech.

At Deptford ten persons were arrested for inciting the crowds to attack the police. At Islington all the workers in the borough electric plants quit without notice; they have been discharged. All factories at Walthamstow are inactive, owing to the cutting off of the electrical power supply. The Newcastle electric power station is runing full strength, with the help of volunteers.

Butchers Walk Out.

All the slaughter house men struck at Birkenhead after killing the cattle on hand. The flour mill workers also were called out.

Only minor disturbances have been reported from South Wales. At Poole, Cambridge undergraduates have arrived in a yacht to inaugurate passenger and mail services to the continent.

In Lancashire all the union transport workers will strike to-day.

Many Volunteers.

Manchester has 10,000 volunteer workers; Liverpool, where the tram services are normal, 10,400 volunteers; Hull 2,400; Leeds 2,750; Sheffield 6,200; York 2,560.

The number of volunteers, according to the spokesman, generally exceeds the actual requirements of the moment. Those chafing at inaction are asked to be patient, as great reserves will be needed in such a crisis as the nation is going through.

THREE CHILDREN DIE WHEN FIRE DESTROYS HOME

Eldest Son Gives Life Trying To Save Sisters.

CAUSE UNKNOWN.

Parents and Three Children Escape Burning House at Cornwall.

CORNWALL, Ont, May 10 (Canadian Press).— Three children were burned to death when fire destroyed their home here yesterday morning. Their parents, Mr. and Mrs. Ernest Cline, and three other children were saved. The victims are Samuel Cline, aged 19, and Violet and Edith Cline, aged 9 and 6 respectively. The occupants of the house were aroused when Gordon, a 14-year-old boy, was awakened by the smell of smoke. He immediately gave the alarm, but so thick became the smoke and the flames spread so rapidly that a very hasty exit had to be made in night attire. Samuel, the oldest boy, had assisted in getting some of the children out and returned to the house for his father and the other children. The father in the meanwhile had escaped by a back window. Samuel succeeded in getting the two children, Violet and Edith, in his charge, and when six or eight feet from safety they were overcome and collapsed. Firemen found the charred remains of the three victims quite close to the door. Little Edith was rescued once by her mother, but she slipped out of her arms and in the darkness could not be found. Gordon Cline was badly burned about the body, hands and face, and had to be taken to a hospital. The cause of the fire has not been ascertained.

Anglican Churches In City Pray For Peace In Britain

The Anglican churches of Peterborough, together with the churches of the Anglican communion throughout the Empire, included in their services yesterday the following prayer for settlement of the strike in Great Britain:

"O God, Who in Thy providence hast appointed to every man his work: We humbly beseech Thee to put away all strife and contention between those who are engaged in the labors of industry and those who employ their labor; deliver them from all greed and covetousness; and grant that they, seeking only that which is just and equal, may live and work together in brotherly union and concord, to Thy glory, their own well-being, and the prosperity of the Empire; through Jesus Christ our Lord. Amen."

THE WEATHER.

The weather still keeps very cool and unseasonable. Lowest temperature last night 35; highest Sunday, 62; highest Saturday 72; rainfall .04 of an inch. There is a new moon to-morrow evening, and as many have a sublime and abiding faith in fair Luna it is to be hoped that for the good of the country their hopes for warmer weather may materialize. — W. P.

A phonograph having records of brass has been invented. The records may be heard 10,000 years from now.

WHEN STRIKERS START ASSAULT ON GOVERNMENT

Writer in Washington Post Says Communists Seek Disruption.

NO NEUTRALITY.

America Would Be Compelled in Self Defence To Help Britain.

WASHINGTON, May 10 (United News).—In its leading editorial, headed "We're With You, England," the Washington Post, owned by E. B. McLean, declares that if the British strike develops into a war of violence, the United States must go to the assistance of the Government.

"At all cost the general strike must be broken," The Post says. "It is an assault upon the throne, the Government, and the people of Great Britain. If it wins,, there will be a Communist dictatorship in England

"Nothing but a miracle can prevent a collision between the armed forces of the government and the forces of rebellion.

Should Aid Government.

"The Communists of the world are eagerly attempting to bring about civil war in England. No doubt messages of aid and comfort are going from the United States to the British Reds." If the British strike should develop into a war of violence, the United States would have a duty to perform. There will be no neutrality in such a war. The United States Government should range itself instantly alongside the British Government; should lend every possible assistance to it. The Communists in this country should be placed under guard or behind the bars. No communication between them and the revolutionists should be permitted. Whatever England needs should be furnished quickly. The attack on popular government in England, is an attack upon popular government in the United States.

"Americans would be dull and deluded if they did not perceive that the triumph of Communism in England would involve the United States in war."

THREE MEN DIE TRAPPED IN CAR

Automobile Bursts Into Flames When Jammed By Street Cars.

MEN ROASTED.

DETROIT, May 10 (Canadian Press).—When a small automobile with three men occupants became wedged in between an interurban and a street car last night it burst into flames. The three men, cut off from all chance of escape, were roasted to a cinder. So fierce was the fire that nothing could be found that would afford the slightest clue to the identity of the victims.

MAN WOUNDED BY COMPATRIOT

Italian Admitted To Toronto Hospital Badly Hurt.

MONEY DISPUTE.

TORONTO, May 10 (Canadian Press).—Shot close to the heart with a 32 calibre automatic while standing at a street corner early this morning, Rafaele Ross, an Italian aged 38, was admitted to the General Hospital in a very serious condition. As a result of the shooting Frank Apa, an Italian aged 41, was taken into custody, on a charge of attempted murder. The shooting is believed to have followed a dispute over money.

The first complete encyclopedia in Italian is being prepared according to an Italian writer now in this country.

NORTH POLE IS CONQUERED FROM THE AIR BY U.S. NAVY AVIATOR IN FLIGHT OF 15 1-2 HOURS SUNDAY

First of Three Arctic Expeditions That Set Out This Spring in Quest of Glory That Has Defied Men For Centuries Made Perfect Flight.

COMMANDER BYRD CABLES MOTHER.

720 Mile Adventure From Spitzbergen Made in Full Arctic Daylight, Begun In Early Hours of Sunday, Morning.

NEW YORK, May 10 (Canadian Press)—Lieut. Commander Richard E. Byrd, U. S. navy aviator, flew over the North Pole Sunday, the New York Times and the St. Louis Post-Dispatch announced. Commander Byrd, first to accomplish this feat, made the flight in 15 hours and 30 minutes, leaving his base at King's Bay, Spitzbergen, at 12.50 o'clock Sunday morning (Greenwich time) and returning safely at 4.20 o'clock yesterday afternoon.

The entire population of King's Bay turned out to welcome the airplane's return. Captain Amundsen, Lincoln Ellsworth and the crew of their airship Norge on which they plan a similar flight, greeted Commander Byrd upon his descent.

The hop-off was successfully made on the second attempt of the day. The first attempt, made four hours earlier, was unsuccessful, the aeroplane failing to rise because of its heavy load. The load was lightened and the second attempt to rise was successful.

At the last moment the commander had changed his flight plans. Instead of flying to Peary Land and establishing a base of supplies there, he flew direct toward the Pole and returned over Peary Land.

The approximate distance from Spitzbergen to the Pole is 720 miles.

Owing to the latitude the start was made in full Arctic daylight.

His Mother's Day Message

RICHMOND, Va., May 10—Lieut. Commander Richard E. Byrd yesterday advised his mother, Mrs. R. E. Byrd, Sr., that he made a successful flight over the North Pole.

Started from New York

The monoplane "Miss Josephine Ford," in which Lieut. Commander Richard E. Byrd, according to an announcement of The New York Times, and the St. Louis Post-Dispatch, flew over the North Pole Sunday, was taken to Spitbergen aboard the steamer Chantier after several false starts and near accidents in New York harbor.

The three-engined Fokker plane, named after the daughter of Edsel Ford, was endangered by a falling beam while the Chantier was being loaded at the Brooklyn navy yard. Readjustments of cargo were made and the ship left the yard April 5, but had to anchor again off Staten Island to allow the crew to make fast other pieces of cargo which threatened the aeroplane.

The motors of the "Miss Josephine Ford" and of the expedition's second aeroplane, a Curtiss Oriole, were taken from the hold and fastened on deck, and the Chantier crossed the bar on the night of April 6.

The expedition arrived at King's Bay, Spitbergen, on April 29. The following day, braving the ice hazards, the crew landed the aeroplanes and began reassembling. On May 4 tests were made of skils attached to the "Miss Josephine Ford," but one of them snapped. A successful trial flight was made the next day, and Commander Byrd announced on May 6 that he was ready for his dash to the pole.

In a statement before hopping off Commander Byrd said: "Between the Pole and Peary Land the territory is unexplored, and from the plane, if the air is clear, we can survey perhaps 60,000 square miles which no human eye has yet seen. In other words we can add that much to the map of the Northern Hemisphere.

Possibility of Land

"We do not know what we shall find in these regions—perhaps nothing but ice. On the other hand, there are strong reason to infer the existence of land from the behaviour of certain currents and from the soundings taken in the neighborhood. If such land exists, it will be the nearest known land to the Pole, and should be an extremely valuable halfway point for future Arctic exploration.

"Besides establishing the existence or non-existence of new land in that region we shall have an opportunity to study the Peary Land coast from the aviation viewpoint. Most of that coast has not been explored since the airplane was developed into a practical exploring instrument and we have very little data re the suitability of the region for landing planes."

"The Day"

"Bennett, old fellow, it looks like the day," said the Commander early this morning.

Bennett rolled from his blankets after the first sound eight hours' sleep in many days.

"Yes, Commander, it sure does," he replied to Commander Byrd.

The Commander was standing beside the bunk of the air pilot on the Chantier, which brought them to Spitzbergen. The sun played in a brilliant sky and a mild, warm southeasterly breeze rippled the waters of King's Bay, now free from ice.

Quickly the news spread throughout the ship, "they're going to start," and men weary with nine days of driving preparations braced themselves for the final effort. Most of the Chantier's crew had worked almost all night tamping down a half mile runway in front of the Fokker, poised for flight on the iced planking at the top of a slope, but the long awaited news that all was in readiness to start acted like an electrical stimulus.

NEW YORK, N.Y., May 10 (Canadian Press) — By flying over the north pole yesterday, Lieut. Commander Byrd completed his first flight six days earlier than he had planned and is now free to make a series of flights into the area of the Arctic which explorers have never penetrated. If he succeeds in establishing a base on Peary land it is probable that he will attempt to flight to Alaska across the Arctic basin. Yesterday's flight was estimated at 1,600 miles, which is about the distance from Peary Land to Point Barrow, Alaska.

THINK IT OVER.

The Port of Montreal created a new record in 1925 in a net tonnage of 4,744,798 of 1,040 trans - Atlantic vessels, compared with 988 vessels and 3,597,147 tons in 1924. Ten years ago there were only 569 arrivals with a register of 1,965,tons. Part of the 1925 freight was 328,835,806 bushels of grain. The Port of Vancouver tonnage for 1924 exceeded 1923 by over a million tons.

JUST ANOTHER.

LOST.—Royal Bank Book, in city. Finder leave at Examiner.

This ad cost 25 cents and considerable worry. But one insertion was enough to return the book to its owner. Why worry?

At a recent meeting of oriental doctors, two papers were read in Esperanto by Japanese physicians and two professors spoke in this international language.

BLAME YOURSELF

If you cannot see. There are no arguments that will hold water against using glasses if your eyesight is not normal. Chances are, if you have never worn glasses, you do not know the comfort our glasses will give you. See W. H. Lacey, Optometrist, 410 George St. For evening appointment, 'Phone 1160.

IT PAYS TO ADVERTISE

FINAL CONCERT OF MUSIC WEEK

Female Voice Choir Gives Programme To Aid Orphanages.

ATTENDANCE GOOD.

As an aftermath to Music Week, an interesting programme of varied selections was presented at the concert given by the Female Voice Choir at the Capitol Theatre last evening, in aid of the Children's Shelter and St. Vincent's Orphanage. The concert was well attended and the various soloists were accorded hearty applause for their efforts in entertaining an appreciative audience. Following is the programme presented, for which Mr. Joseph Wearing acted as chairman. Seated on the platform were W. H. Bradburn, M.P.P., who, with Mr. Wearing, spoke in complimentary terms of the good work done by the Female Choir in assisting various charitable organizations of the city, also Mr. Walter Stocker, representative of the Children's Aid Society. At the door, Mrs. J. Fanning and Mrs. J. Welsh represented the Shelter, Mrs. W. J. Young, the Orphanage. Mesdames Harrison and Jay also assisted at the door.

The opening number, which was received with much interest, was a chorus by eight small girls of graduated sizes, who sang in excellent voice, "Jesus Wants Me," with solos taken by Madeline Fletcher and her very little sister, Ina. The same chorus later gave "Jesus Bids Us Shine." The little girls in the group were Rose Rumary, Annie Pitchford, Jessie Scholey, Annie Fletcher, Phyllis Pink, Margaret Fletcher, Madeline Fletcher, and Ina Fletcher.

Vocal solos that were well received in every instance were given by Mr. Mills, who sang "Anchored," Miss B. Cain, Miss E. Harrison, singing "Mother o'Mine," Mr. A. Everitt, "Hold Thou My Hand," Mrs. L. Liddell, "A Sinner Was Wandering," with choral accompaniment by members of the Female Voice Choir, singing softly behind the scenes and Miss Millie Allen, who sang "The End of a Perfect Day," with violin obbligato by Mrs. J. Foster. A vocal trio, composed of Mr. and Mrs. J. Scott and Mr. A. Heather, sang "The Old Rugged Cross," and Mrs. N. Brearley gave "Teach Me to Pray."

Mr. Joseph Minicolo played as a cornet solo, in his usual expert fashion, "A Dream of Paradise" and Mrs. J. Foster gave two very fine violin numbers, "A Scotch Fantasie," by Haakman, being compelled to respond with an encore in the favorite "Canary" number.

Mrs. A. Nicholls gave a reading, and there was an interesting number in a tableau, with choral accompaniment and solo by Mrs. C. Scholey, "Tell Me the Old, Old Story," Mrs. J. Scott acted as the mother in this number and little Myrtle Heather as the child. "Memories of Mother" was sung by Mrs. Scholey as a solo, with Mrs. A. Murray enacting the part of the mother.

Accompanists for the various numbers on the programme were Mesdames E. Wand, R. Bugg, Fenwick, the Misses M. Flowers and M. McCabe. The programme was directed by Mrs. R. Bugg, president of the Female Voice Choir. Other officers of the organization are Mrs. J. Mills, honorary president; Miss Minnie Allen, 1st vice president; Mrs. Jackson, 2nd vice president; Mrs. C. Cheu, secretary, and Mrs. N. Brearley, treasurer.

HE'S STILL YOUNG.

Samuel Keezeck of Woman Lake, who claims to be 117 years old and who says he hopes to live to be an old man. Mr. Keezeck will shortly celebrate his hundredth wedding anniversary.

BETHANY BRANCH OF BIBLE SOCIETY

Annual Meeting is Addressed by Rev. W. E. Hassard.

BETHANY, May 10.— On Wednesday evening a meeting of the Bethany branch of the Upper Canada Bible Society was held in the Sunday school room of the United church. The attendance was small, but the business of the society was carried on. The society raised $63.50 last year for the work. The election of officers then followed. Mr. Poulter nominated Mr. A. H. Monk for president, seconded by J. Porteous. The resident ministers were nominated for vice-presidents, Mr. T. Jackson nominated Mrs. Walter Price as secretary-treasurer, seconded by Mrs. Poulter.

It was then decided to appoint one person from each church on this field to be a committee with the president to arrange for canvassers. The following were appointed: St. Paul's Anglican, Mrs. W. H. McCarthy; United church, Bethany, Walter Rowland; United church, Franklin, Sandy Veals; United church, Fleetwood, Mrs. Tom McCullough; United church, Yelverton, George Wright.

After the singing of a hymn, the president introduced the representative of the Bible society, Rev. W. E. Hassard, of Toronto, who had come to address the meeting.

Mr. Hassard in his address, put the work of the society before the people in a very clear manner, which was both instructive and interesting. He also sold quite a number of copies of the gospels.

At the close of the address Miss Verna Belle Lee sang as a solo, "Does Jesus Care," which in every way was a fitting ending to the programme of the evening.

NOT A BUM STEER

Bryan, Tex., May 10 — The school bell clangs, and little Kohler Lobello, 13, of near Bryan, runs out the front door, mounts his steer and rides four miles to attend classes. He has ridden around the streets so often that the sight of the boy on the steer now fails to create unusual interest.

LAND FOR SALE BY TENDER.

Tenders will be received for the purchase of the south-west quarter of Lot 11, Concession 6, Township of Otonabee, County of Peterborough, said to contain 50 acres, but being comprised mostly of marsh land.

Green onions, 5 cents a bunch. Lettuce, 5 cents a bunch. Green cabbage, 10 cents a pound. Bacon, 45 cents a pound. Sausage, 23 cents a pound. Veal calves, $8 to $10.

AT BETHANY

BETHANY, May 10.—Butter, 30 to 32 cents a pound. Eggs, 25 cents a dozen. Potatoes, eating, $3.35 a bag; seed, $2.50 a bag.

AT KEENE

KEENE, May 10.—Prices at the week-end for farmers' produce were as follows:

Eggs, 24 to 26 cents a dozen. Butter, 34 to 36 cents a pound. Maple syrup, $2.50 a gallon. Hogs, $13.50 a cwt. Veal calves, 7 to 11 cents a pound. Wheat, $1.20 to $1.25 a bushel. Oats, 40 cents a bushel. Barley, 80 cents a bushel.

AT MILLBROOK.

MILLBROOK, May 10. — Prices this week in the local stores show eggs still at 25c a dozen, a fairly plentiful supply offering; dairy butter at 35c a lb., and creamery butter 40c; potatoes are now $3.50 a bag, and are not plentiful; Spy apples are 40c a peck; tomatoes, which are being pushed at present as a particularly healthful article, of diet, have been plentifully shown in the store windows this week: they are 30c a lb. for the fresh or home grown variety, while the canned tomatoes are two cans for 25c, or 15 and 18c a tin, according to quality.

Bananas are 50c a dozen, and fresh pineapples are 25c each; a fair quantity of maple syrup has been offering this week, the price being $2.60 a gallon; white bread is 11c a small loaf, and brown whole wheat loaves (small size) are 7 cents; leaf lettuce and green onions are 5c a bunch; green cabbage 10c a lb; cooking onions 4 lbs. for 25c; cheese 35c a lb.; canned spinach, 25c a tin; lard is 25c a lb.

Grape fruit are of good quality and sell at 15c each; lemons 3 for 10c; oranges are 40, 50 and 60c a dozen, according to quality. Granulated sugar is $7 a bag and the yellow variety $6.75 for 100 lbs.

AT LINDSAY

LINDSAY, May 10 (Special)—The advent of fine weather has stimulated activity on the local markets.

Store prices—Butter, creamery, 48 cents a pound; dairy, 40 cents; cheese, old, 33 cents a pound; eggs, new laid, 30 cents a dozen; potatoes $4.00 a bag; peck, 80 cents; cooking onions, 6 pounds 25 cents; Spanish, 4 pounds 25c; Bermudas, 10 cents a pound; apples, 40 and 50 cents a peck; clover honey, 5 pound 80 cents; in sections 35 cents a pound; 5 pound pail, 80 cents; granulated sugar, $6.75 a bag; yellow, $6.35 a bag; lard, 27 cents a pound; maple syrup, $2.50 and $2.75 a gallon; maple sugar, 35 cents a pound; apples, 40 and 50 cents a peck.

Hay, grain, seeds — Bran, $1.75 a bushel; barley, 65 cents a bushel; flour, best pastry, $4.00; Manitoba, $4.80; oats, 47 cents; wheat, goose, $1.25; fall, $1.35; spring $1.25; shorts, $1.85; alsike, No. 1, $14.50; No. 2, $13.50; Timothy, No. 1, $5.50 bushel; No. 2, $4.75; red clover, No. 1, $$21.00; No. 2, $14.00; Alfalfa, No. 1, $13.50; No. 2, $10.00; sweet clover $3.50 and $3.75; timothy, ton, $14.00; clover hay, $17.00 ton; baled hay, $18.00 ton; straw, $6.00 and $7.00 a ton.

Live stock—Cattle, selects, heavy export, 6 1-2 cents and 7 cents; common butchers, 5 cents and 6 1-2 cents; sheep, 7 cents; choice yearlings, 9 cents; hogs, best quality, 13 cents; calves, choice, 7 cents and 9 cents.

Hides, etc.—Light hides, 2 lb. tare 6 cents; over 50 lbs., 5c; sheepskins, fresh, up to $1.00; tallow, rendered, in cakes, 5 cents.

Wool—Unwashed 2 2cents and 25 cents; washed, 34 cents and 35 cents.

AT BURNBRAE.

BURNBRAE, May 10. — Potato prices continue to be the ruling sensation on local markets. While most farmers hesitate to ask more than $4.00 a 90-lb. bag, sales are reported at $4.50 and even $5 a bag for tubers of good seed varieties. Grain prices are not varying much. Good seed barley sells from 90c to $1 a bushel. The cheese market looks strong and prominent cheese men predict a rise in view of the British strike conditions. There is no local market for dairy butter now since the cheese factories are operating. Some local cream shippers are getting 40 cents a pound butterfat for their product.

Livestock prices have their ups and downs. Hog prices eased off 25c and local shippers offer $13 a hundred pounds for select hogs, with heavy sows at $9. Veal prices are a little stronger, with the rush over and average calves bring $7 a hundred, with real good ones at $8.

Egg prices remain firm. A local circle manager is paying 25c a doz. on a flat rate previous to grading, and reports the largest shipment of eggs in his experience during the past week.

With grass prospects afar off, dairy cows are nevertheless priced high at $75 to $80 each. A local farmer recently refused $25 each for good grade yearling heifers.

AT NORWOOD.

NORWOOD, May 10. — Market prices at the end of the week showed very little change from the week before. Potatoes, however, were sold for $3 a bag, as compared with $4 the previous week-end.

AT THOMASBURG.

THOMASBURG, May 10. — The prices in Thomasburg at the end of the week were as follows:

Eggs have been 24c a doz. for the past two weeks, but have been 25c a doz. since Thursday. Sugar has taken a drop from $7 to $6.90 a hundred pounds. Flour has also dropped from $4.50 a hundred pounds to $4.40 a hundred pounds. Salt 90c a hundred pounds. Meats: Bologna 24c lb.; breakfast bacon 40c lb.; pickled roll 30c lb.; cooked ham 60c lb.; smoked roll 32c lb.; peameal bacon 45c lb.; sausage 24c lb. Apples are selling for 25c peck; potato onions 18c lb.; oranges 50c doz.; benanas 30c and 35c a doz.

GENTLEMEN GIVE A.Y.P.A. PROGRAM

Enjoyable Evening Spent By Members of Lakefield Branch.

LAKEFIELD, May 10.—Monday night was Gentleman's night at the A.Y.P.A. and was a great success both in point of attendance and by reason of the unique programme provided. The committee was made up of all the gentlemen of the society, with Mr. Walter Chappell as convenor. Each year's programme has a night set apart for the men of the society to entertain the ladies, and this is usually given up to progressive euchre, but this year's programme provided several very original dvices for the ladies to entertain the men. Mr. Ernest Robertshaw was master of ceremonies and announced the various events; the first being a singing contest when three groups of ladies competed for a box of delicious maple cream candy. The captains were Mrs. William Millage, Mrs. Trude Waldron and Mrs. Purdy, the first-named winning the prize, with "Tipperary," which caught the fancy of the judges who were all veterans of the Great War, viz., Messrs. W. Chappell, L. Charlton, and E. Robertshaw.

A biscuit eating contest was won by Miss Odell Watson, and also the pie contest, in which Miss Watson proved most dexterous.

A jar of beans was provided for still another guessing contest, in which Mrs. Millage's guest was the nearest.

Mrs. Waldron won the prize for milk drinking.

A carpenter's contest was one which was probably the most unique and in which competition was keenest. The ladies worked in pairs, one acting as helper to the real contestant. The ladies had to drive in a nail, make a hole in the board with a bit, put in a bolt and saw off the board; efficiency and time being factors. Miss M. Hampton and Miss Hazel Crawford won the prize with Miss Ida Webster winning the consolation prize.

The gentlemen served refreshments about ten o'clock and in a neat little speech, Mrs. Waldron thanked the gentlemen for their programme in which the usual order of gentleman's night was reversed, as one could only say that the ladies entertained the gentlemen. An informal dance brought the evening to a close.

Ladies' night will be May 17th.

Public School Board

The Public School Board met in the Council Chamber on Monday evening last, with J. W. Ridpath in the chair. There were present Trustees Charlton, Smith, Spence and Wagar.

The minutes were read and adopted.

The Finance Committee presented the following report and recomended the payment of the accounts:

Hall and Hall-land purchase site, $212; legal work, $21.50.

An application was received from Mr. H. Wannamaker for a position on the Public School staff.

Moved by Trustee Smith, seconded by Trustee Charlton, That the application be received and filed for consideration, whenever a vacancy may occur.

The principal's report was received and adopted.

High School Board

The High School Board met on Monday evening in the Council Chamber. There were present: J. W. Ridpath in the chair, and Trustees Cox, Northey and Wagar.

The following account was presented by the finance committee and ordered to be paid:

Chas. Chapman, examination supplies, $19.95.

The principal's report was received and adopted by motion of Trustees Northey and Rev. Cox.

A letter from the High School Inspector was read and received by motion of Trustees Rev. Cox and Northey.

The event of next week is the progressive euchre given under the auspices of the local fire brigade, who are noted for their successful card parties. On this occasion only progressive euchre will be played, as that is the most generally popular progressive game, and it is expected that everyone will get behind the brigade in this effort, as the proceeds will be used for the purchase of equipment which will add materially to the efficiency of this splendid organization.

COBOCONK MEN ARE SENTENCED

To Serve Month for Robbing Store—Third Man Sought.

ASSAULT CASE

LINDSAY, May 10. — A night session of the county police court was held on Friday when two Coboconk residents appeared before Police Magistrate Bradford charged with burglarizing Bryant's store in that village and stealing a quantity of sugar. Both will spend a month in jail, and also pay a fine of $10 and costs. A warrant has been issued for the arrest of a third man who is believed to be the leader.

A young man named Holliday was fined $20 and costs for assaulting a youth named Mackin. He will also have to pay the cost of a new tooth, Mackin having lost one of his "grinders."

WARDEN'S BODY FOUND.

Clark Russell Drowned in Deacon's Creek, South of Bancroft.

BELLEVILLE, May 10 (Canadian Press).—Searchers yesterday afternoon found the drowned body of Clark Russell, missing game warden of Bancroft, in deep water at Deacon's Creek, many miles south of Bancroft. Since Thursday searching parties have been looking for him. It is believed he fell into deep water when fording the creek. His equipment was found with the body and there is no suggestion of foul play.

BOY KILLED.

Fifteen Year Old Lad Dies in Motor Accident.

RENFREW, May 10 (Canadian Press). — Frederick Dewar McDevitt, 15 years old, son of Mr. and Mrs. Edward McDevitt, was instantly killed in a motor accident on the county Provincial highway, one mile west of Renfrew, on Saturday afternoon.

A $200 STURGEON.

Caught Near Thousand Island Park.

PRESCOTT, Ont., May 10.—(Canadian Press.) — A sturgeon, measuring six feet, eight inches and weighing 225 pounds, representing a total value of $200, was landed in Eel Bay, near Thousand Island Park, Saturday, by Wells Patterson, of Alexandria Bay, a fishing guide in the St. Lawrence river. Patterson handled the fish alone.

OBITUARY.

JOHN H. O'TOOLE.

LINDSAY, May 10.—The death occurred at Ottawa of Jas. H. O'Toole, a retired contractor, who was a former resident of Peterboro, where he had the construction of the Quaker Oats power house and dam. The deceased was in his seventy-second year, and left Peterboro for Ottawa in 1907. He was identified with the construction of the Civic Hospital at the Capital, Sacred Heart Church, Archbishop's palace, Cornwall Hospital, North Bay cathedral, and many other structures throughout the country. He is survived by his wife, one son and two daughters.

JAMES DODD.

OTTAWA, May 10 (Canadian Press).—James Dodd, aged 65, a member of the staff of the House of Commons, and a former resident of Grafton, Ont., near Cobourg, died here suddenly. M. J. Dodd of Toronto is a brother.

Total Assets in excess of $750,000,000

R.O.P. INSPECTOR VISITS MILLBROOK

Inspects and Tests Cattle in W. F. Fallis' Herd—Millbrook News.

MILLBROOK, May 10. — J. F. Little, of Campbellford, R.O.P. inspector for Holstein cattle, paid an official visit to this neighborhood last week, spending two days at "Windermere," W. Fred. Fallis' farm, inspecting his pure-bred, accredited herd. The results of the test are as follows:

Alice Vale Ranwerd 3.2 per cent., Ranwerd Alice 3.4, Lulu Alice 3.9, Korndyke Mercena Alice 4.6, Alice Vale 3.4, Alice Rue Vale 3.3.

The record of performance test has to do with the butter-fat content only, and has nothing to do with the tuberculin test applied when a fully-accredited herd is the object in view.

The Inspector stated that, generally speaking, all the herds he had recently been testing for the R.O.P. were showing a somewhat smaller percentage than during his previous official visit.

The May meeting of the Ladies' Aid Society of the United Church took place on Tuesday afternoon at the home of Mrs. H. W. Johnston, the vice-president Mrs. A. J. Brown, acting in the chair.

Considering the housecleaning season, the unfavorable state of the roads, and the amount of sickness in town, the attendance was good, and an active interest in the undertakings of the Aid was manifested.

After discussion it was decided to hold the annual garden party on Thursday, July 8, and to accept the invitation of Mrs. H. A. Fallis to hold the gathering at her home, Fallis Line.

In order to add to its finances, and enable the society to meet all obligations, it was decided to hold a series of teas during the next few weeks, the first to take place on Tuesday, May 18, in the church parlors. A brief musical programme will be prepared, and other arrangements will include a social good time for all. Other gatherings will probably take place in the homes of the members, and be in the nature of afternoon teas, the guests bringing their work and enjoying a social time together. Mrs. Howard kindly offered the parsonage for such an occasion when a private home is required for such a purpose.

Several members of the Aid, and some of the committee, are working constantly for the financial benefit of the Society, disposing by private sale of various kinds of work, friends from a distance sending orders for aprons, children's wear, etc., the local demand being also met.

In the extended absence of the president, Miss M. E. Needham, Mrs. A. J. Brown is taking charge of meetings, plans of work, etc., ably assisted by the secretary, Mrs. Ross Edmunds, and treasurer, Miss M. Duncan, and by practically the entire membership of the organization.

The local Cadet Corps, No. 403, under Cadet Instructor B. B. Dawson, attended divine worship in the United Church last night.

An item of local interest, since the bride was a former Millbrook girl, recently appeared in one of the Orangeville papers as follows: "Mr. and Mrs. George Jackson, 242 High Street, Toronto, formerly of Orangeville, wish to announce the marriage of their only son, James Clarence, to Alexandra Marguerite, youngest daughter of Mrs. F. P. Johnston, of Millbrook. The interesting event took place on Saturday, April 10, at 8.30 p.m. Rev. Dr. W. H. Graham of Toronto conducted the ceremony, at which a few friends were present. The young couple left immediately for Detroit, where Mr. Jackson [illegible] a position as manager [illegible] Home of the late J. G. [illegible]

GAINED 10 POUNDS IN 22 DAYS

"That's going some—but skinny men, women and children just can't help putting on good healthy flesh when they take McCoy's Cod Liver Extract Tablets.

Chock full of vitamines—the kind that are extracted from the livers of the cod—the kind that are a real help to frail, rundown, anaemic, skinny men and women.

Try these sugar coated tasteless tablets for 30 days—if they don't help greatly get your money back.

One woman gained ten pounds in twenty-two days. Sixty tablets, sixty cents. Ask the Harris Drug Store, McDermid & Jury, Jas. Lynch, Bond's Drug Store or any druggist for McCoy's Cod Liver Extract Tablets. Directions and formula on each box.

"Get McCoy's the original and genuine."

WHY INTERFERE?

The British people can be counted upon to weather the present storm without any advice or interference—although apparently a good many people outside of the British Isles do not think so.

Canadian organizations would do well to keep out of the argument.

At this distance from the scene of the disturbance it is difficult to accurately diagnose the whole situation, and Canadian newspapers which attempt to hold the British Government entirely responsible for the trouble and organizations which send ill-considered offers of assistance to the strikers might be better advised to let the people of the Motherland work out their own solution of the problem.

It can readily be imagined that were the shoe on the other foot, were the whole industrial and economic life of Canada menaced by a country-wide strike, the majority of people here would be resentful at interference from outside sources.

We would be inclined to tell those who showered us with messages of advice that we would greatly prefer to have them attend to their own business.

The struggle in Britain is a titanic clash fraught with serious consequences, and over here we have only a hazy conception of what is taking place and what is at stake.

Under the circumstances by far the best thing we can do, the best favour we can confer on our kinsmen across the seas, is to keep out.

THE REAL VICTIMS.

Lord Oxford and Asquith touched upon an angle of the British strike that most people lose sight of in his statement the other day that the real victim of such a tie-up is the working man.

Red agitators hail a struggle of this kind as a blow against the capitalistic class—whoever they may be.

That is sheer nonsense.

The man of means suffers less than anybody else as a result of a general strike.

He doesn't go hungry, he has his own means of transportation, and if conditions get too much disturbed he can go where he will be comfortable until the trouble is over.

The real sufferers are the workers and their families and the so-called middle classes with small incomes.

For them a tie-up such as Britain is experiencing means hardship and privation.

It means, whether they are strikers or other workers temporarily out of employment by reason of the strike, that they have to live on a pittance their food supplies are threatened, credit is shut off.

The casualty list of a big strike is made up entirely of these classes in the population.

And when Communists gloat over what they delude themselves is a successful attack on capital they are in reality smacking their lips over the suffering of those whose friends they consider themselves to be.

NOW DAD HAS HIS INNINGS.

With Mothers' Day over it is time that dad had his innings.

Father, we understand, is not merely to have a day but a week, and his period in the limelight is to be known as Clean-Up Week.

It commenced today, and dad is expected to forget that the pickerel season is on and stubbornly resist the lure of the links while he attacks the backyard problem.

It is not exactly as thrilling a performance as making a hole in one; it lacks the kick that goes with a successful afternoon on the river; it is liable to be carried out under a withering fire of comment not altogether complimentary from the director of household operations, but if it is well done it leaves results that are apparent and impressive.

The drive will sing down the fairway just a little truer, there will be an additional tang of enjoyment in the fishing next week when dad remembers that the backyard, and the lawn and the laneway, too, are clean and neat, fit to meet the most critical inspection.

This week should be one of action in all sections of the city as Peterboro prepares for the army of visitors who will soon begin to march upon this community.

We want them to recall the spotless town of the old advertising series as they take in the vista of trim lawns, well-kept gardens, clean lanes and yards, and to go away with a picture in their mind's eye of a pretty, well-dressed and altogether attractive little city, whose people are glad their lot is cast amid such pleasant surroundings.

FOR THE BOYS BACK HOME.

The end of the Budget debate in Ottawa is not yet in sight, with the fourth week of the carnival of talking commencing today.

So far as results go, the vote might just as well have been taken the day after the Budget was introduced.

Not a single member will vote differently when the division finally comes than he would have had he been called upon to vote three weeks ago.

All the arguments, all the rhetoric, all the sarcasm, all the figures, all the hair-splitting of the three weeks' debate have been thrown away in so far as the result of the division is concerned.

Then why waste so much time?

Merely to give the rank and file a chance to put a few pages in Hansard, to say something about the conditions in their own ridings that will look good to the home voters when the parliamentary reports reach them.

That seems to be the only explanation of the absurd practice of talking for a month about a Budget when every one in the House, and out of it for that matter, knows almost exactly how the ultimate vote will stand.

The members get $4,000 sessional indemnity, and they have to show something for it.

Hence the Budget debate and copies of Hansard for the faithful to show them how Blank, M.P., told the Government where "it got off at," or Smith, M.P., helped to put the Opposition in its place.

It's a costly little farce and would not be tolerated in any business concern.

But then, unfortunately, Parliament is not a business concern—at least it seldom is.

CRIME.

Some striking crime statistics are contained in a special Ottawa dispatch, published in the Border Cities Star yesterday. They show, among other things, that the number of murders per million of population committed in Canada during the last 12 years was 11.8, compared with 69.2 in the United States and 29.1 in other British countries. Under the heading, "Other foreign countries," the rate is given at 240.3 murders per million of population during the period mentioned—12 years.

Manslaughter statistics are equally interesting. In Canada—the same basis being used, per million of population and a 12-year period—manslaughter cases were 31.15; other British countries, 43.2, and other foreign countries, 261.6. The rates for attempted murders were: Canada, 9.1; other British countries, 18.8; United States, 61.8, and foreign countries, 190.

Canadians have every reason to be proud of the standing of this country with respect to major crime. Our figures are the lowest all around. On the face of the records, there is more respect for law and order in this Dominion than anywhere else. It may be argued, of course, that the excellent showing thus made is due to the comparative sparseness of our population. This is something of a factor, but it is not the only explanation by any means. Justice in Canada is sure and swift. Canada's police forces have an enviable reputation throughout the world. From the famous mounted policeman, whose reputation for "getting his man" is known everywhere, down to the humblest village constable, Canada has always been blessed with honest, fearless, determined officers.

Another thing that has given Canada high standing is the even quality of her law administration. In this country there is no such thing as one law for the rich and another for the poor. Rich and poor, prominent and unknown, Canadian law-breakers get the same treatment. No one is allowed to make a farce of the criminal laws of this country. If a man is found guilty he pays the penalty and that is all there is to it.—Border Cities Star.

TAXATION AND VOTES.

If an employee lies down on his job he may reasonably expect to be fired, but the citizen who neglects to vote can only be censured through his pocket. The pity is that too often the dimes and nickels trickle out without his knowledge. Static voters who decline to become dynamic are a phenomenon that is spread through every democratic country. In the Antipodes the penalty of a fine could not bring many to the polls. The power for which their fathers agonized, the chief end of Anglo-Saxon history this last nine hundred years, is thrown aside by these men as a thing of no value.

"You cannot blame Parliament," said Robert Forke, leader of the Progressives, when he spoke in Hamilton a short time ago. "You put the men there; you are responsible." This has a semblance of truth. Every country, it is said cynically, gets the government it deserves. But the truth is that the people get the government that the specialists in government design for it. The people listen to the voices of the specialists and choose from among conflicting appeals that which seems to be least false or most true. Until the statesman puts into articulate phrase the unvoiced thought of the public it cannot speak, it cannot act.

And the trouble is that in placing the power to vote in the hands of a large number of the people Governments have tended to dissociate this power from the sense of responsibility. There is one certain way in which the knowledge of his interest in affairs of state can be impressed upon the citizen, and that is through his pocket. Governments everywhere have tended to obscure the payments of large numbers of people to the public purse. This is true of Canada more than any other country. The sales tax mulcts every one, but the majority are scarcely conscious of it. All who do not have to make direct payments of taxes pay small attention to their contribution to the upkeep of the country. With nothing to remind him of his indissoluble link with the state, the man tends to disregard the affairs of the state. Who can blame him when so many other problems and interests call aloud for his attention?

The arousing of interest in politics can only be achieved by awakening a man to the sense of his responsibility, to the sense of his interest, in dollars and cents, in the welfare of his country. Direct taxation appears to be the only way. Not all will be aroused by this method, but the increased interest that many will take will stir the orpid brain-cells of others. A universal graduated income tax for all voters may perhaps be the most satisfactory solution. The man who during the last year has been spending $20 a week, apart from the few items that escape the sales tax, has in that period paid the Government a tax of $40. If this came out of his salary direct he would sit up and take notice. It would be better for the country if it came out of his salary than out of his payments for food, clothing and other necessities of life. This difficulty of collecting $40 from a working man can be overcome by a weekly contribution similar to the weekly contribution of the British workman to the national insurance. The work of collection would be less cumbersome than that of the sales tax. Many politicians would not favor it, but the earnest, sincere member of Parliament should give this possible solution of a situation that is becoming a danger to democracy his considered attention. Where there is no vision the people perish.-Hamilton Spectator.

EDITORIAL NOTES AND COMMENT.

One strike that would meet with general favour in Canada would be a walkout by the Hansard reporters. That might stop the flow of oratory at Ottawa.

Premier Ferguson is outclassed by the Toronto Telegram, which can announce a Provincial election one day and call it off the next.

There may be nothing in a name, but you'll notice that the first man to fly across the North Pole was Commander Byrd.

Clean-up in the right way. Many a feud has started through an old tin can that somehow got over the neighbor's fence.

Canadians are not having a great deal of difficulty in following Premier Baldwin's advice, "Keep cool."

CRUELTY CASE IS DISMISSED

Charge Against Spratt and Grant Heard at Millbrook.

TO BE APPEALED.

MILLBROOK, May 10.—(Special).—Magistrate W. H. Floyd of Cobourg dismissed the case against W. R. Spratt and Frank Grant of Manvers Township who were charged with neglecting to supply food to cattle. The charges arose out of a visit to the farm of the accused by Inspector R. C. Smith of the Peterborough Humane Society and Provincial Constable N. F. Maker, when they found four dead calves, one of which was lying in the barn, while the other three were found in a field. They also, they said, found six cattle in a starving condition, and a team of horses in a similar plight.

J. M. Wilson, manager of the Ontario Society for the Prevention of Cruelty to Animals has notified the secretary of the Peterborough Society that he would appeal the decision of the Magistrate.

R. C. Smith, Inspector for the Peterborough Humane Society was the first witness called. He said on on April 20, accompanied by Provincial Constable N. F. Maker, he visited the farm occupied by the accused. When asked how many cattle he had the accused stated seven. "I asked him to bring them to the barn yard" continued the inspector, and he fetched in six cows and three horses. "I asked him where the other cow was and he told he it must have wandered into the first witness called. He said amining the cows the witness said that he found them in a very poor condition, their ribs being visible, especially one black cow which appeared to him in a very starved condition. The three horses were in bad shape also, the witness continued. One gray horse was very thin, the other grey horse was also thin and had sores on both shoulders partly healed. The bay horse was in better shape than the other two, he said. Upon entering the stable, the witness said, he found another cow lying down and in such a weak condition that it was unable to rise. "I asked him if this was the seventh cow," the witness said, "and the accused answered yes'." The witness said that when he examined the collars on the harness, he found them covered with matted hair and scabs. The barn was in a filthy condition, he continued, and had not been cleaned out that day. One dead calf was lying at the door and in his opinion it must have been dead two or three weeks. Walking across the fields to Mrs. Spratt's place, the witness stated that he found three more dead calves lying in the sugar bush and in his opinion they must have been there some time. The witness stated that he asked Spratt if he had had another calf die and he answered "yes." "I then ordered him to get proper feed for the stock and to take better care of them", said the witness.

Doctor O. C. Weale, Toronto, representative of the Ontario Humane Society said that on April 22, accompanied by Constable N. F. Maker, he went out to inspect Spratt's cattle. Spartt was not there, but they met Grant, the witness said. The witness stated that he saw seven head of cows, three horses and five cattle outside the barn. The horses were terribly emaciated, the witness said, their ribs were quite prominent. "I asked Mr. Grant to show us the food he had on the premises," the witness continued, "and he showed us some sweet clover weighing about 50 pounds, also 150 pounds of straw and about 20 bushels of oats. The quality of the sweet clover seemed to be very poor. There was quite a lot of binder twine in it, also lots of stocks." The oats were also of a poor quality weighing, he would judge, about ten or fifteen pounds to the bushel, while good oats would weigh about 36 pounds. The witness said that he saw three harness collars. One of the two that had grey hairs on them also had hard matter and pus adhering to the collar. One gray horse, the witness said, was quite emaciated and its hair very starey, by which he meant, he said, standing out from the skin. The other grey horse, he said, had a sore on each shoulder.

Constable Maker corroborated the evidence of the previous witnesses.

H. R. Spratt, one of the defendants stated that he had been farming about six years. He purchased the feed for his cattle and only for the fact that the winter was 2 1-2 months longer than usual would have had more than sufficient for their needs. He first noticed trouble with the cattle during February when they commenced to fail. He stated that he had brought the Dominion Experimental farm inspector to examine the cattle. The witness stated that he had followed the inspector's instructions and had noticed some improvement in the condition of the cattle. He then called in Dr. Ellis of Millbrook and placed him in complete charge of the cattle, he said. The reason he had such a small quantity of feed on the premises at the time of the inspection, he said, was due to the impassable nature of the roads at that time.

Frank Grant, the other defendant simply corroborated the evidence of Mr. Spratt.

The United States Bureau of Chemistry has designed new dust-handling equipment for grain elevators which will lessen the danger of dust explosions.

CATTLE, GRAIN AND PRODUCE

Peterboro—Toronto—Montreal Winnipeg

Receipts

Union Stock Yards.—Total receipts this week, 7,755 cattle, 2,028 calves 5,538 hogs, 347 sheep and lambs.

Export steers, choice	$7.25	$8.00
Do., heifers	6.50	7.25
Do., bulls	4.50	5.50
Choice store, dehorned	6.50	7.25
Butchers, choice	7.00	7.50
Do., heifers	6.50	7.25
Do., medium	5.00	5.75
Do., common	4.50	5.00
Baby beeves	8.00	9.50
Cows, fat, choice	5.50	6.25
Do., medium	4.00	4.50
Do., canners and cutters	2.50	3.00
Bulls, butchers, choice	5.00	5.75
Do., medium	3.00	4.00
Feeding steers, choice	6.00	7.00
Stockers, good	5.50	6.00
Calves, choice	10.00	11.50

Wool lambs	14.00	15.00
Do., heavy	11.00	12.00
Buck lambs	10.00	11.00
Sheep, light	7.00	8.00
Do., heavy	4.50	5.00
Sheep, yearlings	9.00	10.00
Hogs, f.o.b.	12.50	12.75
Do., off cars	13.50	13.75

Select bacon, off cars, $2.61 premium per head.

STERLING RATES

MONTREAL, May 8 (Canadian Press). — Sterling exchange was quoted here today as follows:

Sterling demand $4.84.
Sterling cables $4.84 3-4.

CHICAGO GRAIN

CHICAGO, May 8 (Canadian Press).—Wheat prices made a rapid climb here today, Liverpool premiums for July and September deliberies of wheat being the highest in years compared with Chicago. The wheat market here closed firm, 5-8 to 3 1-8 net higher. May (new) $1.61 to $1.61 1-4 and July $1.39 to $1.39 1-4, with corn unchanged to 3-8c lower; oats 1-2 to 3-4c up, and provisions varying from unchanged figures to a rise of 15 cents.

MONTREAL GRAIN AND PRODUCE

MONTREAL, May 8 (Canadian Press).—There was some demand from United Kingdom buyers for Manitoba spring wheat and sales of several loads were made but the trade in coarse grains continues very slow. Some business was done in Canadian Western No. 2 feed oats at 1 1-2c per bushel over the Winnipeg May option. Car lot prices were unchanged, with No. 2 Canadian Western quoted at 62c per bushel, ex-stock.

A fairly good business continues to be done in all lines of millfeed, with country buyers and the undertone to the market remains firm, with sales of Manitoba bran at $31.25, shorts $33.25, and middlings at $40.25. The market for standard grades of rolled oats was quiet and prices were unchanged.

Egg receipts here today were 4,017 cases, as against 3,492 cases a week ago, and 3,684 the corresponding day last year. Arrivals for the week were 20,496 cases as compared with 19,147 cases for the previous week, and 17,487 for the same week last year. Weather conditions throughout the country have been good for the production of eggs and according to reports production has been steadily increasing with the result that receipts have been larger than any previous week for the past month.

Owing to the continued good consumptive demand for dressed poultry and the fact that stocks on spot are considerably smaller than at this period last year, a stronger feeling has prevailed in the market and prices for turkeys have advanced 1c to 2c per lb, ducks 2c per lb, geese 2c per lb, and fowl 1c per lb.

The receipts of butter were 1,377 packages, last week 1,583, last year 626. Arrivals for the week were 8,855 packages as compared with 6,278 for the previous week and 3,839 for the same week last year. Butter prices were firmer with increased demand.

The receipts of cheese today were 1,166 boxes as compared with 751 boxes for the same day last week and 12,724 boxes for the corresponding day last year. Arrivals for the week ending May 8 were 9,907 boxes as against 5,791 boxes for the previous week and 26,052 for the same week last year. The tone of the cheese market was stronger.

A THOUGHT FOR TODAY

FLINCH AND YOU FLOP.

Hesitate and you are lost. Doubt your ability to do a thing and you fail just as sure as a cold sweats starts on a scared man.

Get panicky and it's all off. Flinch and you flop. Fear that you are going to flunk, and you will stampede success.

Get these fear germs out of your head. Be a mental lion, a physical tiger, a bulldog.

Think success, dream success, work for success.

A negative thought causes a chemical action to take place that injects a poison into the blood.

The poison of Fear will kill a guinea pig in a few minutes. It will blast any man's hopes of making good.

Manfully meet things as they come. Don't duck. If your conscience is clear, you need not fear.

Not one thing in one hundred will harm you so long as you face front and challenge the thing.

The world's supply of balsam and Peru, used in perfumes and medicines, all comes from a ten-mile grove of trees in Central America, known as the Balsam Coast.

TWO REMANDED IN MURDER CASE

Charge Arises From Death of Girl Struck By Car.

BAIL REFUSED

WOODSTOCK, Ont., May 10.—(Canadian Press).—Following the death of Sarah Ridley, seven year old Otterville girl who was struck by an automobile on Thursday afternoon when returning home from school, Wellington B. Cronk of Brantford and Fred A. Miles of Norwich appeared in court charged with her murder. After a plea of not guilty had been entered, the defendants' council, J. A. D. Slemin of Brantford, asked for bail but was refused by Crown Attorney Ball and the two men were committed to Oxford County jail on remand for one week.

WISE AND OTHERWISE

Any girl can keep her complexion in the pink of condition as long as the drug stores stay open.

"Mother's money has come"

IT'S a sort of festive day when mother gets her money from the postman. Now little Dick can have his football, and next month, maybe, Mary will get her parasol.

You see, not only is the door shut against the Wolf, but even little luxuries are possible in this protected home.

If takes planning of course, for the amount isn't so very large, but then, thank goodness, it always comes every month—on the very day it is due. And mother makes it go around because she can always count on it.

The father has passed on. But the evidence of his care and love for his little flock lives after him in the shape of a regular monthly cheque from The Imperial Life Assurance Company.

"Passing on" strikes but little fear to the heart of a courageous man who knows that his dependents are safe—and no other provision is quite so certain, quite so enduring, quite so conveniently made as an Imperial Life Monthly Income.

A few dollars saved every year from money you now thoughtlessly spend would guarantee this regular income to your family.

Why not provide for it? Use the coupon to-day.

LEGAL AND MORAL RIGHT TO STRIKE SAYS LABOR IN DENIAL OF ATTACK ON SOCIETY

Official Reply To Sir John Simon's Statement That the Unions May Be Held Responsible For All Monetary Losses.

LONDON, May 10.—(Canadian Press).—Sir John Simon, former Home Secretary, has created a great sensation by his speech in Parliament declaring that unions which joined the general strike in violation of their various trade agreements have committed an illegal act and that this made every member of such unions personally responsible to his last Pound for the damage done by the general strike. In an official statement issued Saturday night the Council of the Trades Union Congress says:

"We are bound to repudiate afresh the allegation that the Trades Union Congress is engaged in an attack on the community. It appears to us that strenuous attempts are being made to turn the public mind into a channel that we are engaged in a fight against the constitution and that this is purely a political struggle camouflaged in an industrial dispute.

Not Fighting Public.

"We are not fighting the public, nor are we attempting to overthrow constitutional government. The trades unions have exercised a legal and long established right of withholding their labor. This is not only a legal, but a moral right, and has been done to protect a section, namely the miners, against degradation of their standard of life.

"It is inevitable in a general stoppage that contracts should in certain instances have been broken, but neither Sir John Simon, nor anyone else, can take the fact to signify that the movement as a whole is engaged in a sinister conspiracy to wreck the community.

"We began the struggle and it is being carried on by the council as an industrial struggle. In our judgment the argument of Sir John Simon and the cabinet ministers that we are engaged in an attempt to overthrow the constitution is a wilful and deliberate attempt to confuse the issue."

Reject Soviet Aid.

The statement then refers to "an attempt being made to confuse the prejudice of the trade union movement by the allegation that we have received money from Moscow," and reiterates that the money sent from Moscow was returned to the Russian organization.

The Council, it is announced, has decided to instruct the unions that all men in work shall be called to pay five per cent of their wages as a levy for strike funds. The Council is appealing to trades unions and sympathizers abroad for financial contributions.

There will be a meeting on May 11, of the Labor and Socialist International Federation of Trade Unions at Amsterdam to discuss the dispute from an international viewpoint.

Mrs. Pankhurst Joins Women's Volunteer Police Formerly Favored Violent Resistance By Strikers

LONDON, May 10.—(United Press).—Mrs. Emmaline Pankhurst, former militant suffragette, joined the Women's Auxiliary police service on Saturday, to do her bit in the strike crisis.

"I felt I had to do something in the face of this great emergency," she told The United Press.

"I have lost contact with my organization as a result of my seven years in Canada.

"I sought to join the most vital service in the emergency which would make the preservation of order and hence joined the auxiliary police. I have no special work—just the role of an ordinary police woman."

Mrs. Pankhurst declined to comment on the virtues of violent resistance to the police of which she was formerly an exponent in winning strikes.

Scotland Yard's Busiest Sunday In Its Existence

LONDON, May 10 (Canadian Press). — Scotland Yard experienced the busiest Sunday in its existence. It passed through numerous trying and strenuous days during the war, but yesterday its troubles were nearer home.

The special constabulary service, as well as all the extra and regular police movements, are directed from Scotland Yard by telegraph and telephone.

In addition, despatch riders and motor cars come and go day and night. The enormous iron gates, which had not shut for so many years, and whose hinges have rusted, have been closed and nobody is permitted to enter the yard without proper identification.

CONVICT TAKEN BACK TO KINGSTON

TORONTO, May 10.—(Canadian Press).—Gordon Simpson was returned to Portsmouth Penitentiary on Saturday to complete his ten-year term for escape and previous convictions, following the failure of the jury to agree on the latest charge of bank robbery preferred against him. He will return in the fall for a new trial. With Simpson four other prisoners were removed to Portsmouth. They were Fred Plews, Fred Ruston, Louie Gentle and John Rogers.

Police Club Rowdies Then Play Soccer With Strikers

PLYMOUTH, England, May 10.—(Canadian Press).— After clubbing a gang of rowdies who had created a strike disturbance policemen at Plymouth donned their football clothes and played a match against a team composed of strikers. The game was attended by a delegation of 4,000 striking workers who marched to the grounds in an orderly procession headed by a brass band.

A group of barmaids at the Great Western Station who went on strike to show their labor sympathies, applied to be taken back Saturday. The were turned down.

PLOWING MATCH ON BATTLE FIELD

Provincial Meeting This Year Will Be at Lundy's Lane.

NEAR NIAGARA.

J. J. Duffus, President of the Ontario Plowmen's Association, has returned from Niagara Falls where he attended a meeting of the County Council of Welland county and the City Council of Niagara Falls, together with the Committees formed to complete arrangements for the big International Plowing Match Tractor and Farm Machinery Demonstration, which will be held in Welland county during the week of October 15th next.

The match will take place on the exact ground on which the historic battle of Lundy's Lane was fought. It is about a mile out of the City of Niagara Falls on the Niagara Falls-Welland Highway. There are about 500 acres absolutely level and admirably adapted for match work. The hydro electric line runs by the farm which is a decided advantage in demonstrating the latest electrical appliances used in homes.

It is anticipated that fully 100,000 people will attend and that the match will be the largest in the history of the organization.

BUDGET DEBATE IN FOURTH WEEK

Little Prospect of Vote This Week—Customs Probe Resumes.

END NOT IN SIGHT.

OTTAWA, May 10 (Canadian Press).—The budget debate enters upon its fourth week in the House of Commons to-day, with little prospect of a vote before the week is out. If the list of members who still wish to participate; shortens a vote might come about breakfast time of Friday next, but a likelier date, according to present gossip, is Tuesday or Wednesday the week following.

There is still talk of some changes in the tariff proposals, particularly on auto parts imported for assembling in Canadian factories. A definite announcement on the subject has not been made, and the Minister of Finance, Hon. J. A. Robb, in answer to persistent questions in the House, has stated there will be no substantial changes in the Government's budget programme.

The Customs probe continues and public hearings may not be completed for several weeks yet. After that it will take a week or so for the committee to prepare its report, or reports, if a unanimous finding does not result. When the matter is returned to the House, a debate on it is almost certain, so that the outcome of the committee's investigation, which has lasted since February 9, will not be known much before prorogation.

FLOODS DROWN MANY.

Twenty-two People Die When Volga River Overflows.

MOSCOW, May 10.—(Canadian Press).—Twenty-two persons have been drowned in floods caused by the overflowing of the Volga River. Much damage has been done between Yaroslav and Nijni Novogrod where the water is at an unprecedented height, covering a tract of country twenty miles wide. The water is covered with the wreckage of destroyed houses and cattle carcasses. Soldiers on steamers are carrying on salvage operations.

THREE FOUND DEAD; SUICIDE COMPACT

Family Called Diploma Mill Prosecution Unjust.

OSKALOOSA, Iowa, May 10. — James W. MacLennan, 38, President of "Oskaloosa College," arrested here Thursday by Federal officers as the head of an alleged "diploma mill," was found dead with his wife and son Jack, 6 years old, in the gas-filled basement of their home Saturday.

The MacLennans died in a suicide pact, letters addressed to Mrs. MacLennan's mother revealed. The letters said that the family did not have sufficient funds to fight what they described as the "unjust charges" against Mr. MacLennan and were ready to die.

Before the finding of the letters, officers said there were indications that the boy might have been carried into the room after he had fallen asleep and that the father and mother, unnerved by the publicity given them and their activities in connection with the college, had lain down to die together with the child.

MacLennan, once a grocer's clerk, sought his 'students' chiefly among teachers and ministers, offering correspondence courses in theology, music and commercial training. Enrolments are said to have come from various parts of the country and abroad. He was indicted recently on a charge of using the mails to defraud, after a three years' investigation.

BODY OF CHILD FOUND IN CREEK

Uncle of Raymond Manchester Finds Remains of Drowned Lad.

DOWN NEAR RAPIDS.

MADOC, May 10. — The body of Raymond Manchester, who was drowned in Black Creek, in Queensboro, a few weeks ago, was found on Sunday afternoon, about 3 o'clock, by the boy's uncle, William Cassidy, and John Alexander, Jr., of Queensboro.

Mr. Cassidy and his companion were in a boat searching the river and found the child about one mile below Queensboro, at Bowen's Rapids.

Thousands are Sick

No Need for Headaches, Indigestion, Kidney, Bladder or Blood Disorder.

Tanol Calomel, the only medicine that acts upon the liver, cleans the stomach, purifies the intestines, restores the internal organs to their natural state.

Just get a few Tanol Calomel tablets from your druggist, take one before meals or better still take two before bedtime, next morning drink a glass or two of hot water and away goes all the poison wastes and toxins that have been causing your headaches, gas on stomach, kidney pains, rheumatism, etc.

Tanol Calomel is harmless to take, does not nauseate, no bad after effects, no salts or seidlitz are needed next morning like ordinary calomel. Just what you need to make you eat better, sleep better, work better, digest better and feel 100 per cent better in every way. F. C. Webber Charlotte St., Peterboro, has these

Judging from old Egyptian pictures, cats were occasionally used to retrieve water birds for Egyptian hunters.

The British Ministry of Agriculture has 40 boys' and girls' clubs in 14 English counties.

ONE MAN DEAD IN GLASGOW FIGHT

Believed a Victim of Gang Feud on South Side.

STRIKE BRIEFS.

GLASGOW, May 10 (Canadian Press).—The south side of the city was the scene of wild disorder Saturday night, and after the disturbance was quelled Gerald Anderson, a seaman, was found dying in the street with a stab wound in the neck. The affair is believed to have been the result of a gang feud.

For once the stormy East End was quiet, the police system of automobile and motorcycle patrols proving effective.

Trams In Hull.

HULL, England, May 10 (Canadian Press).—Trams and buses reappeared on the streets of Hull on Sunday with their windows protected by wire netting. These measures were taken because of the hectic happenings of Saturday, when crowds pelted vehicles of all sorts with missiles and the police were compelled to make baton charges. More than forty persons were injured, including two constables.

Police Charge Mob.

LONDON, May 10 (Canadian Press).—Rioting broke out Saturday night in the Harrow Road district in north-west London, when police charged a mob of alleged strikers who attempted to interfere with the motor transport service. Eighteen arrests were made by the police.

Sweden Affected.

SALCHOW, Sweden, May 10.—(Canadian Press). — The general strike in England has caused a slump in Sweden of the prices of foodstuffs which are normally exported. Bacon, eggs, butter and pork particularly slumped. There is no steamer connection now between Gothenburg and England, and six tramp steamers are now being held up in Gothenburg, because of the strike.

Wisconsin Sends Money.

MILWAUKEE, Wis., May 10. — (Canadian Press).—Action of Congressman Schneider of Wisconsin, in cabling money to strikers in Great Britain, will be followed by Milwaukee and Wisconsin Central Labor bodies and by Labor unions generally, James P. Sheehan, Milwaukee member of the Executive Board of the Wisconsin State Federation of Labor, said Saturday.

"Turps" Price Down.

SAVANNAH, Ga., May 10 (Canadian Press). — The first locally handled product to feel the effects of the big strike in England is naval stores. Spirit of turpentine has gone off seven cents a gallon and rosin $1.25 a barrel. The reduction is believed to have been caused entirely by the lack of demand in London and Liverpool.

Belgians Support Strikers.

BRUSSELS, May 10 (Canadian Press).—Belgium is beginning to feel the effects of the British strike. The Belgian Syndicate Committee at Ostend has decided to support the British strikers and has appealed to all the syndicates in the country to vote financial aid for the strikers.

Several British steamers are being held at Antwerp and Ghent because the crews are awaiting instructions from their unions before taking them out.

THREE DIVORCE APPEALS.

OTTAWA, Ont., May 10.—(Canadian Press.)— Notice of the following applications to the Parliament of Canada for divorces appears in last week's Canada Gazette:

Muriel Helen Louise Dunn from Laurence Charnock Burn; Harold J. Hubbard, of Toronto, from Ethel May Hubbard, of Toronto; Samuel Stanley McNeeley, of Toronto, from Edythe Victoria McNeeley, of Peterboro.

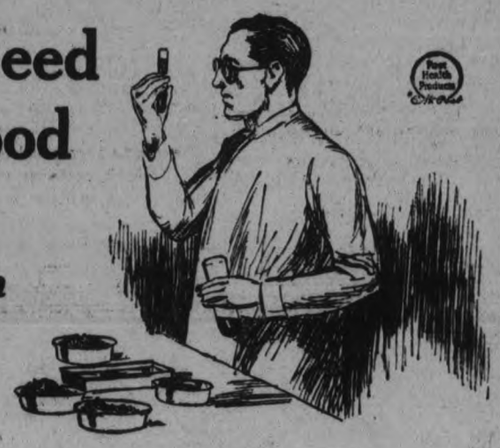
You Don't Need to be a Food Expert

to Select an Adequate Diet!



In Crisp, Tempting GRAPE-NUTS are those Essential Elements which Will Keep Your Body Right

THE selection of the foods you eat each day—suiting them to your particular needs—is worth the best thought you can bring to it.

But don't think that giving thought to the food you eat means being a "crank". Don't think that it means cutting out things you like. Don't think that it means eating things you don't like. It simply means making sure that you give your body, every day, an adequate quantity of *all* the food elements it requires.

Grape-Nuts is a tempting food especially planned by a food expert to supply *five* of the essential elements of nutrition to the body—and in proper form. It is made from whole wheat and malted barley, prepared by a special baking process which makes it very easy to digest. It supplies to the body these vitally necessary elements of nutrition: Dextrins, maltose and other carbohydrates for energy; iron to enrich the blood; phosphorus for teeth and bones; protein for muscle and body-building; and the valuable vitamin-B.

And millions enjoy the Grape-Nuts flavor! The nut-like taste of Grape-Nuts, coupled with its *crispness*, makes it one of the most delicious of all foods. There is an important reason for this crispness. It was designed to encourage thorough chewing, thereby helping the health of teeth and gums.

Try Grape-Nuts to-morrow morning with milk or cream. Four teaspoonfuls, costing less than one cent, is sufficient for each person. Sold in wax-wrapped packages ready to eat. Ask for it to-day at your grocer's, or accept the following offer.

"A Book of Better Breakfasts"— and Two Servings of Grape-Nuts—FREE!

Mail the coupon and we will send you two individual packages of Grape-Nuts free. We will send, also, "A Book of Better Breakfasts", written by a former college physical director. Follow these delightful menus and form the habit of healthful breakfasts.

CANADIAN POSTUM CEREAL COMPANY, LIMITED, 508
45 FRONT STREET EAST, TORONTO 2, ONTARIO.

Please send me, free, two trial packages of Grape-Nuts, together with "A Book of Better Breakfasts", by a former college physical director.

Grape-Nuts

Made in Canada

Slumber King

Bed Spring

$12.00

Built in Canada, by Canadians, to give all Canada sleep comfort

An outstanding manufacturing achievement of our Dominion is the *Slumber King* bed spring. You cannot find anywhere, abroad or in the States, a better steel fabric spring. In no other is greater value offered for your money.

Judge for yourself at any furniture store. See how the 26 flexible steel strips are allowed by their ties of four continuous coils to conform to your body without sagging. Notice how doubly broad side strips and cables keep the edges even.

Rub your hand over its surface. There are no sharp points to tear the bedclothes. Observe how easy it is to keep clean. Mark its strength in every detail.

Not only because it is Canada-made, but also because you can buy no finer comfort for so little, you want and need a *Slumber King*.

Complete your comfort with an

OSTERMOOR

A fitting companion to the *Slumber King*. Unequalled by any other white cotton felt mattress in Canada for more than 30 years. *One* quality, the best; *one* maker, Simmons Limited; *one* price, the lowest at which so fine a mattress can be sold... $25

Beware of imitations. Look for the *Ostermoor* label.

THE HALL STORE

HOTEL BURNED; LOSS IS HEAVY

Inmates Had to Hurry From Building Without Property.

DAMAGE $40,000

PEMBROKE, May 10.—(Canadian Press).—The Desjardins Hotel, Grand View, on Allunette Island in the Ottawa River directly opposite here was completey destroyed by a fire of unknown origin. The estimated damage is around $40,000, partly covered by insurance.

So quickly di the fire spread throughout the building that the proprietor, Mrs. Paul Desjardins, her two sons, Lennox and Paul, Edmond Milliu, the manager, and ten employees lost all their belongings, having no time to save anything. Unsuccessful efforts were made to save the contents of the hotel. Several barns, stables and other outbuildings, including a garage in which three automobiles, and a grocery store which was run in conjunction with the hotel, were destroyed.

KIWANIANS BUSY ON MANY PLANS

Members To Visit Tourist Camp—Pamphlet To Boost Peterborough.

More activities than ever before are under contemplation by Kiwanis Club, with every committee working smoothly and efficiently.

At the last Executive meeting the problem was to choose between a score of splendid ideas brought forward by energetic Committee Chairmen, and several activities of a public nature were planned.

An advertising pamphelt telling of the advantages of Peterborough district and Kawartha Lakes as a tourist resort is under preparation. This will be used at the International Convention at Montreal in June, and copies will be sent to Kiwanis Clubs in neighboring States of the Union for distribution. The cost is being met by Kiwanis Club, the Chamber of Commerce, the Trent Water Development Association, and the Peterborough Branch of the Motor League, and a grant of $125 towards the project was made by the City Council. More than ten thousand persons will attend the International Kiwanis Convention, most of them from United States, and the distribution of the pamphlets is expected to bear immediate fruit in diverting the return trip of the visitors to this district.

Another activity that is likely to gain much good will for the city is the visiting of the tourist camp every evening by two Kiwanians, who will extend all possible courtesies to visitors camped there.

Among the activities that are purely Kiwanian are the exchange of flags with the Poughkeepsie Club, and many visits planned to neighboring Kiwanis Clubs.

Two baseball teams will be sponsored by the Club, as last year, and capable supervision has been secured.

BOYS' WORK BOARD.

Plans To Conduct Church Softball League This Summer.

The regular monthly meeting was held in the Y.M.C.A. on Monday evening last. A splendid report was received from the committee in charge of the Church Hockey League. Encouraged by the results of the hockey league the Board is conducting a softball league among the churches and an organization meeting has been called for at 7.30 p.m. in the Y.M.C.A. on May 10.

The Board is to be favored by a visit from W. R. Plewman, chairman of finance, on Thursday, May 20th. Mr. Plewman is on his spring tour and has some very important matters to discuss with the local board.

A moving picture theatre for children is to be built in Constantinople, and children under 16 will be admitted to no other.

Her Liver Was Bad And She Felt Tired and Depressed

Mrs. M. Siefert, Grosswerder, Sask., writes:—"I was greatly disturbed with pains in my liver, and felt tired and depressed most of the time. One day I read about

Milburn's

LAXA-LIVER PILLS

and the next time I went to town I bought four vials of them.

I have used them regularly, and after two months' use I feel like an entirely different woman.

Now, I always recommend them to any of my friends who are troubled as I was."

There's only one "Laxa-Liver Pill", and that's the one put up, for the past 32 years, by The T. Milburn Co., Limited, Toronto, Ont.

"THESE WOMEN"

By MALCOLM DUART

COPYRIGHT 1926

The Characters and Situations in this Story are entirely fictional.

BEGIN HERE TODAY.

The story concerns the rivalry between Nona, a Toronto girl, and Audrey Morton, for the love of Harry Morton, Audrey's guardian. Morton, middle-aged, handsome, unmarried and rich, has lived in Peterborough for 15 years, maintaining an expensive apartment also in Toronto. His past, and the nature of his business, are unknown to Audrey and his associates.

To divert Audrey's mind from him, he has urged upon her the company of John Parrish, his secretary, and himself has let her see him in company of Nona, a stage girl, and other women. Audrey is frankly determined to win him, refusing to accept his assurance that he cannot marry her.

At the end of the preceding chapter, Audrey has asked Nona's advice about going on the stage.

NOW GO ON WITH THE STORY.

CHAPTER XXII

Nona called Morton on the telephone late that afternoon.

"Better go over to Pete Downey's Bending School and have a look around," she advised.

"What for?"

"Well," she said, "you'll see something there that will interest you. By-bye."

She hung up the receiver.

With an impatient shrug, Morton turned back to his work. However, Nona's words bothered him. Finally, he swept his papers together, gave them to Parrish, and took a taxicab to the dingy building that held the Downey establishment.

Morton had been there before, and he trudged up the rickety stairs as if sure of his way. A large double door at the top of the first flight was labeled: "Downey—Stretching—Expert attendance."

Morton pushed the door open, and stopped. Half a dozen young girls, some of them in bloomers, some of them in very short bathing suits, were on the polished floor. One little group of four was going through a sort of drill, at the sharp command of a man who stood before them.

"One—two—three—bend," he roared. At the fourth word, the girls bent slowly forward, and placed the flat of their palms on the floor before them.

"One — two — three — back!" They bent their slim forms backward, until their hands almost touched the floor behind them.

"Rotten," said the man. "One — two—three—bend!"

Time after time they went through the drill, stimulated by pungent observations on the part of the master before them.

In a far corner was one girl, alone. She was in a brief striped bathing suit, and a burly man, with her foot in his hand, was moving her leg straight upward, as she braced back against the wall.

It was Audrey.

She did not see Morton, at first, but balancing herself as best she could, with her palms and back against the wall, submitted to the racking effort of the attendant. Morton did not move. The girls and men near him paid no attention. One girl, in her street clothes, who was just leaving, spoke to him familiarly as "Harry," and he nodded, kindly. She hesitated, and then after a word or two about the weather went her way. Morton continued his watch over Audrey, and the man who was stretching her muscles.

Once the girl cried out sharply, as the man moved her leg outward at right angles to her body. Deliberately he repeated the movement, and she cried out again.

He took her other foot, and moved the slender limb. Audrey was writhing, and the cords of her neck stood out in pain.

It was at this point that Morton intervened.

Strolling deliberately across the room, he stopped in front of Audrey and the man.

"In stretching exercises," he said, quietly, "it is best not to go too far the first time."

Audrey, startled, dropped her foot to the floor and looked at him. The attendant jerked his head around, with a scowl.

"Who 'n 'ell are you?" he wanted to know. "Get t'ell outa here!"

Unconcernedly Morton went on talking. "The young lady will continue her lessons, later on," he said. "If she desires to. But this will be enough for today."

Something in his manner impressed the man, and he merely stared.

"I am the young lady's guardian," said Morton.

"Oh!" There was a knowing sneer on the attendant's face.

"You are quite mistaken," Morton said, unruffled. "I really am the young lady's legal guardian. This is her first time here, and I think you've done enough for today. Thank you very much."

He produced a twenty-dollar bill, and gave it to the man. The latter's hostility died at once.

"She said for us to give her th' works all at once," he said.

"She is inexperienced," Morton told him. "It will be better if she takes it easier. Won't it?"

"Sure," said the other, heartily, putting the twenty-dollar bill away.

Audrey had vanished during the colloquy, and Morton waited for her. Leaning against the wall he watched the girls still doing their exercises under the supervision of the man who counted: "One—two—three."

When Audrey reappeared, in her street clothes, flushed and warm, Morton insisted on her throwing her coat around her shoulders before they went downstairs. His taxicab still was waiting, and he helped her into it.

'Did Nona tell you about me being there?" she asked him.

He was silent.

"Nona did tell!" said Audrey. "And I asked her particularly not to."

Morton lit a cigar, and carefully dropped the match out the window.

"When confiding in ladies always be sure to confide those things you want to make public," he suggested.

Audrey dimpled. "I thought she would tell," she confessed, "but I didn't know any other way to go about it."

"Just what is it you ARE going about?" Morton's tone was casual.

"I want to be a dancer, and dance in cabarets, and on the stage," Audrey told him. "Nona said my dance steps are all right now, to start with, but I had to be stretched. She gets stretched twice every week, up there. They make your muscles and joints limber. All the stage girls go to places like that."

"I'm aware of the custom," said Morton. "But precisely why do you intend to go into cabaret life? Do you feel a want of excitement in the life we are leading now?"

Audrey made no reply, but ran her finger up and down a fold in her skirt. Morton looked at her, his eye twinkling.

"Shall I answer for you?" he asked. "Do you want me to try a little mind-reading?"

She looked at him sidewise, and nodded.

"You have just added some decorations to your face, in the last twenty-four hours—a little lipstick, and rouge, and mascara, which you didn't need, and you had your eyebrows plucked, which you shouldn't have done at all. Now you suddenly decide to begin a professional career as a dancer n supper clubs, and places like that.

"The idea is that since so many of my women friends occupy themselves in that way, that you are going to do so, too?"

Audrey moved closer to him. "I want to interest you," she said. "I thought by living with those girls, and seeing them every night, I could learn how they manage it."

"Perhaps they don't manage it!" Morton's words fell deliberately, and with a curious emphasis. "You can't judge what's in a man's heart by the things he does, Audrey girl."

Audrey cocked her head wisely. "All the same, they know something that I don't about entertaining you—and I'm going to find out what it is! You would stay with me, in the evening, instead of going out with them, if that weren't so. And I want you to be with me—all the time."

Morton sighed. "Life's full of problems, and difficulties, isn't it, child!"

* * *

Morton called Parrish into his office the following morning, and gave him some brief instructions.

"Beginning at one o'clock each afternoon, you are appointed as personal guardian for Miss Morton," he said.

Parrish's serious face showed marks of pleasure.

"You'll report at my apartment at one p. m., sharp, each day, and take Miss Morton wherever she wants to go. You are not to make any objections whatever to anything she wants to do. All I want is that she shall be kept out of difficulties."

"I'd like to do that, Mr. Morton, but she slapped me the last time I talked to her," Parrish told him.

Morton's eyes were amused as they rested on the young man. "That's your problem," he said. "I am under the impression that you like Miss Morton."

"Indeed I do," he said, "but she can't stand me at all."

"Under those circumstances, it seems to me that the next move is up to you. Your instructions remain, and I want you to carry them out. You shouldn't put yourself in a position to be slapped, and if you are slapped, it is up to you—always providing that you desire to be friends with the young lady—to see that she is on friendly terms with you."

Parrish's expression was one of doubt, but he went away, with a springier step than he had entered. When he had gone, Morton called Audrey on the telephone, and told her of Parrish's assignment.

"I'll slap him, and won't talk to him, if he comes here!" she exclaimed. "But daddy, I've had the dreadfulest letter! I don't understand what it means. Can I bring it over to you?"

"Of course," said Morton.

A quarter of an hour later, Audrey appeared, a vision in a fresh new spring dress, with a light wrap, also new. Her lately adopted rouge was missing from her cheeks, though her lips showed the effects of a lipstick, and her lashes were blackened. Evidently she had stopped in the middle of a careful toilette.

Dipping into her handbag, she produced a letter, bearing a South American stamp.

Tossing it in front of Morton, she said

"I just know that's from the man you threw out of our house in Peterborough. He's an awful brute, and I want you to tell me what to do about it."

Morton picked up the letter, and opened it.

(To be continued.)

BOY OF 12 DROWNED.

Fell Into Race of Power House.

FORT ELGIN, Ont., May 10. — (Canadian Press.)—Frank Gibbons, Chippewa Hill, was drowned Saturday afternoon in the race at the power house on the Sauegene River about four miles north of here. The lad, who was but 12 years of age, was running along the concrete wall of the race, with another boy, when he suddenly lost his balance, the deep and swift-running water of the race carrying him swiftly to his death before the other boy could get help.

C.N.R. EARNINGS.

Gross Earnings Show An Increase in April of $327,134.

The gross earnings of the Canadian National Railways for the period ended April 30, 1926 were $6,080,640, as compared with $5,735,506 for the corresponding period of 1925 an increase of $327,135 or six per cent.

GOVERNMENT SHOULD TAKE LEAD BACK TO NEGOTIATIONS BROKEN OFF BY PREMIER, LABOR ASSERTS

Reply To Baldwin's Radio Broadcast—Constitution Not Involved in Strike.

AID FOOD SUPPLY.

Lockout Notices By Mine Owners Overlooked by the Premier.

LONDON, May 10.— (Canadian Press.)—Replying to Premier Baldwin's statement broadcast Saturday night, in which the prime minister declared the general strike was a serious menace to the country, the general council of the Trades Union Congress yesterday reiterated that the struggle was an industrial one and that the question of the constitution, so far as it was concerned, was not involved.

When Premier Baldwin insisted that withdrawal of the general strike was essential to the resumption of the negotiations, the council asserts he made no mention of the withdrawal of the mine owners' lockout notices, and adds:

"If, as the premier says, no door is closed, it is essential that he make clear that these notices be withdrawn, as well as the general strike, so that the negotiations might be taken up on the basis existing before the Government broke off the negotiations.

Blames Government.

"The Trades Union Council never broke off the negotiations. This was done by the cabinet, upon an isolated and unauthorized incident at a most promising stage of the negotiations. The council is prepared at any moment to resume those negotiations where they were left off. It has been urged to do so by the united churches of the country, led by the Archbishop of Canterbury.

"The premier pleads for justice; he can get justice by going back to the Friday before the mine owners' lockout notices took effect, and recreating the atmosphere of hope which then prevailed.

"The council never closed any door to imperil the food supplies. On the contrary, its members were instructed to co-operate with the Government in maintaining them. But no notice has been taken of this offer.

No Challenge To Law.

"The premier untruly asserts that the council is challenging the constitution. The council does not challenge one rule, law or custom of the constitution; it asks only that the miners be safeguarded. If Premier Baldwin wishes to prove, as he says he does, his zeal for the community, let him, instead of talking about fights to the finish, get back to the one path whereby, in his own words, we can 'secure even justice between man and man.'

"Regarding the question of financial assistance from abroad, the inference has been drawn that certain undesirable people were at the back of it. We have had other offers as well as the Russian which the council has refused.

An acid stomach caused by indigestion often creates rheumatic symptoms. Set your stomach right with Seigel's Syrup. Any drug store.
